These notes provide guidance to Official Veterinarians (OV) and exporters. The Notes for Guidance (NFG) should have been issued to you together with export certificate 3896EHC. The NFG should not be read as a standalone document but in conjunction with certificate 3896EHC. We strongly suggest that exporters obtain full details of the importing country's requirements from the veterinary authorities in the country concerned, or their representatives in the UK, in advance of each consignment.

- Export health certificate issued by DEFRA;
- Animals must be examined by the OFFICIAL VETERINARIAN, not more than 96 hours prior to export;
- Animals must have been resident in the UK for at least six months prior to export, or since birth;

2. CERTIFICATION BY AN OFFICIAL VETERINARIAN (OV)

Certified copies should be emailed on the day of signature to the Centre for International Trade Carlisle (CITC) at the following address: certifiedcopies@apha.gov.uk.

For certificates that have been issued to the Certifying OV via the EHCO system, the Certifying OV must complete the certifier portal with the status of the certificate and the date of signature.

A copy of all EHCs and supporting documentation certified must be retained for two years.

Certifying OVs are not required to return certified copies of other EHCs issued, however CITC may request certified copies of EHCs and supporting documentation in order to complete Quality Assurance checks or if an issue arises with the consignment after certification.
