

**DECLARATION OF SPECIAL MEASURES: BULGARIA  
THE TRADE IN ANIMALS AND RELATED PRODUCTS REGULATIONS  
2011 (SI 2011/1197)**

The Secretary of State for Environment, Food and Rural Affairs has reasonable grounds for suspecting the existence of sheep pox and goat pox in Bulgaria, such that certain animal by-products originating from Bulgaria are liable to pose risk to animal health.

Under regulation 29(1) of the Trade in Animals and Related Products Regulations 2011<sup>1</sup>, the Secretary of State for Environment, Food and Rural Affairs declares the following special measures to be necessary in England in order to contain the risk to animal health:

**Suspension of entry into England**

1. Entry into England is suspended for untreated hides and skins of ovine or caprine animals originating from Bulgaria.
2. In paragraph 1 of this Declaration, “untreated hides and skins” have the same meaning as in Annex I to Commission Regulation (EU) No 142/2011<sup>2</sup>.

**Coming into force and duration of the special measures**

3. The special measures in this Declaration apply from the beginning of the day after the day on which this Declaration is made until this Declaration is revoked or amended by a further declaration.

Date made: **11 September 2024**
