Craig

Struggling to get the attachments over. Email below at the moment with no attachments. There are two attachments to the email below. One is a zip file and one a pdf, so will try and send separately.

Sorry for all the emails on this!

Subject: Sims Group UK Limited Smethwick EPR/ZP3691ET Improvement Condition IC7

Hello Richard,

I hope you are well.

Please find attached the results of an assessment of the impact of the emissions of surface water from the site using the Environment Agency's 'H1 Environmental Risk Assessment' tool as required by Smethwick Permit EPR/ZP3691ET improvement Condition IC7. The consultants who undertook the assessment for us advise that you will require both the report and the H1Tool so please find attached both. I trust you will find this report satisfactory and hopefully it's not so large as to jam up your emails!

Please do not hesitate to contact me if you require any further information and I would be grateful if you would be so kind as to acknowledge receipt of the attached.

Kind Regards and have a great weekend
