Aspect	Details
<p>Images</p>	 <p>Green dot sticker applied to seats sold after 10th May following inspection</p>
<p>PSD Number</p>	<p>2408-0096</p>
<p>Product Type</p>	<p>Childcare articles and children's equipment - Infant carrier car seat</p>
<p>Product Identifiers</p>	<p>Brand: Cuggl Barcode: 2306200358 SKU: 3288908 Affected batch codes (batch code located on the seat base): 23WLD04-226, 23WLD04-227, 23WLD04-228, 23WLD07-352, 23WLD07-357, 23WLD07-362, 23WLD07-365 (these batches are only included in the recall if purchased within the specified sales period) Sales period: 11th September 2023 to 26th March 2024 (Please note that the safety issue has now been rectified. The product was taken off sale, inspected by a professional third-party company and all stock is now compliant. The inspected seats were placed back on the market on 10th May 2024 and have a green dot sticker applied to the outer box and the batch code label.)</p>
<p>Product Description</p>	<p>A black, grey and green infant carrier car seat supplied with an Isofix base.</p>
<p>Country of Origin</p>	<p>Unknown</p>
<p>Counterfeit</p>	<p>No</p>
<p>Risk Level</p>	<p>Not provided</p>
<p>Risk Type</p>	<p>Injuries</p>
<p>Risk Description</p>	<p>The product presents a risk of injuries as it has been identified that a gap may appear between the handle and the seat shell, usually on one side. In certain circumstances, the handle may become loose or detach on one side, causing the car seat to move unexpectedly. The affected products do not meet the requirements of the General Product Safety Regulations 2005.</p>
<p>Corrective Measures</p>	<p>The product has been recalled from end users. If you purchased your product between 11th September 2023 and 26th March 2024, please check your infant carrier for the serial and batch number located on the seats base. If you find your product is part of this recall, please do not use the handle to carry</p>
