| <b>Authorized Amendment</b>  |
| Summary / Overview of the amendment to explain/ensure that the reader understands: the rationale for the amendment; the major changes; and, importantly, the full context (including desired outcome) of the amendment.  |
| <b>The Regulated Community is reminded to check this amendment against any applicable AAMC, Waivers or Exemptions to ensure their ongoing validity.</b>  |
| The change made within para 8 has rectified an inaccuracy that was highlighted to the MAA through an RFC. The wording within para 8h of Issue 6 could have led to a Controller ceasing heading corrections ½ mile earlier than what is required according to the procedure. The re-wording has rectified the issue and ensures that there is a logical flow to what the Controllers actions are when providing an SRA. |
