

RA 1430 - Aircraft Post Crash ►and Incident◄ Management and Significant Occurrence Management

Rationale

There is a requirement for Aviation Duty Holders (ADH), Heads of Establishment (HoE) and Accountable Managers (Military Flying) (AM(MF)) to ensure that Aircraft¹ Post Crash ►and Incident◄ Management (►APCIM◄) and Significant Occurrence Management is carried out following an Accident, Incident or Significant Occurrence². The management measures and procedures that are required to be in place include correct reporting, preservation of evidence, Health and Safety precaution, ►Environmental Incident Management,◄ appropriate corporate communications, and where required, activities to restore the Accident / Incident site to a satisfactory condition. If ►APCIM◄ is inadequately prepared for, the handling of Accidents, Incidents and / or Significant Occurrences could be compromised, which could impact the ability of organizations to conduct Aircraft Post Crash investigations. This RA ensures ADHs, HoEs and AM(MF)s are suitably prepared for ►APCIM◄. For the avoidance of doubt, ►APCIM◄ does not encompass activation of emergency services or Accident / Incident investigation.

1. ADHs and HoEs **should** produce and maintain standalone orders and procedures to be used for ►APCIM◄ and Significant Occurrences which **should**:
 - a. Detail, as a minimum, the following:
 - (1) Reporting procedures.
 - (2) Health and Safety precautions.
 - (3) ►Environmental Protection precautions⁴.◄
 - (4) Actions to ensure the preservation of evidence.
 - (5) Corporate communications procedures.
 - (6) Unit ►APCIM◄ individual roles and responsibilities, along with resources available.
 - b. Provide specific instructions regarding the handling and procedures for the preservation and isolation of electronic and digital data post Accident, Incident or Significant Occurrence, in order that the data is not lost or compromised.
 - c. Be reviewed on the following occasions:
 - (1) At least annually.
 - (2) In the event of an Air System Accident, Incident or Significant Occurrence.
 - (3) A major change to the scope of Air System operations.
 - d. Be readily available and auditable.

¹ The term 'Aircraft' within the context of the acronym ►'APCIM'◄ also refers to an Air System.

² An occurrence involving circumstances indicating that there was a high probability of an Accident and associated with the operation of an Air System. The difference between an Accident and a Significant Occurrence lies only in the result.

³ Commanding Officers of aviation capable His Majesty (HM) and Royal Fleet Auxiliary (RFA) ships are to be regarded as HoEs for the purposes of this Regulation.

2. ▶APCIM◀ plans **should** ensure:
 - a. The provision and availability of Suitably Qualified and Experienced Persons (SQEP) ▶APCIM Officers (APCIMO)¹⁰◀ ranked OF3 and above. Exceptionally, ADHs and HoEs can authorize SQEP ▶OF1 / 2, WO and RN OR7 / 8 (deployed onboard or overseas)◀ to act as ▶APCIMO and that the use of named SQEP OF1 / 2, WOs and RN OR7 / 8 be recorded in an appropriate Safety Risk Register⁵.◀
 - b. That appropriate capabilities to cover Air System operations exist at permanent UK operating locations, on HM and RFA ships, and overseas deployed operating locations.
 - c. MOD units and Defence Contractor Flying Organizations (DCFOs) with an ▶APCIM◀ responsibility⁶ complete a live exercise with civil emergency service representation every 2 years, with multi-agency table-top exercises in the intervening years⁷.
 - d. That live and table-top exercises include consideration of the full response required, and for live exercises the inspection and deployment of the unit's ▶APCIM◀ Support Equipment.
 - e. The Defence Accident Investigation Branch (DAIB)⁸ is advised of exercise dates.
 - f. Exercise reports are submitted to the DAIB detailing lessons identified and / or learnt and confirming the suitability and serviceability of ▶APCIM◀ Support Equipment.
 - g. That in the event of unusual aerial activity (eg unit air display) or if circumstances dictate, additional ▶APCIM◀ training or exercises are carried out.
 - h. That appropriate Eng Tech ▶Weapons, Air Weapons, Ordnance, Munitions and Explosives (Air WOME) Incident Support Team (AWIST),◀ ATO or Qualified Maintainer (RN) personnel are rostered and that they are available to provide specialist guidance to Explosive Ordnance Disposal (EOD) operators.
