To whom it may concern

Dear Sir/Madam,

Port of London Authority proposed Harbour Revision Order

As you are aware an application was made by the Port of London Authority (PLA) for a harbour revision order (the proposed order) on 7 April 2020.

A public consultation for the proposed order was held between 18 August 2021 and 12 October 2021 during which time you submitted a consultation response, which you subsequently withdrew.

A number of consultation responses which were submitted in respect of the proposed order remain outstanding as they have not been withdrawn. Having had regard to these objections, the MMO made the decision to call an inquiry. The PLA and those objectors who have not withdrawn their objections were notified of this decision on 19 August 2021. They have also been notified that Christopher Jacobs was appointed as the Inquiry Chair and Helen Wilson as Programme Officer. [Port of London Authority Harbour Revision Order - GOV.UK \(www.gov.uk\)](http://www.gov.uk)

It has been confirmed that the inquiry will start on **Tuesday 25 February 2025**.

As you had previously submitted a consultation response to the proposed order, we wanted to notify you of our decision to call an inquiry.

All correspondence and enquiries relating to the inquiry should be directed to Helen Wilson as Programme Officer. Contact details and up to date information about the inquiry, including details of the venue, when it is announced, can be found at www.hwa.uk.com/proojects/proposed-port-of-london-authority-harbour-revision-order-inquiry.

Yours Faithfully,

Andy Kerrigan
