Product Description	An aluminium frame, extending telescopic ladder.
Country of Origin	China
Counterfeit	Unknown
Risk Level	Serious
Risk Type	Injuries
Risk Description	<p>This product presents a serious risk of injuries because the ladder did not have a bar type stabiliser as required by the standard, in order to ensure the ladder has sufficient stability.</p> <p>If the user were to set up the ladder and begin using it, most likely carrying heavy and/or bulky objects, the ladder would begin moving due to the insufficiently wide base. This would then cause the user to lose their balance and fall from a height, causing them injuries.</p> <p>This product does not meet the requirements of the General Product Safety Regulations 2005.</p>
Corrective Measures	The import has been rejected at the border and destroyed.
