

Tubot Decorative Robot (Red)	
Aspect	Details
Images	
PSD Number	2409-0068
Product Type	Decorative articles - Child appealing decorative robot
Product Identifiers	Brand: Tubo Gift Shop Ltd
Product Description	A small red painted robot constructed from wooden blocks and metal components, including nails and springs.
Country of Origin	United Kingdom
Counterfeit	No
Risk Level	Not provided
Risk Type	Choking and cuts
Risk Description	<p>The product presents risk of choking and cuts as, although intended as a decorative article, it has been deemed that the product is potentially child appealing. During tension testing, the body easily detached from the legs, exposing nails, springs and exposed points. The springs were not secured and were able to fit entirely into a small parts cylinder. If a young child were to place one of these small springs in their mouth, they may choke. The nails were secured to the wooden plinth and pose a potential puncture or cuts hazard. Some of the required information was not present.</p> <p>The product does not meet the requirements of the General Product Safety Regulations 2005.</p>
Corrective Measures	The product has been recalled from end users. Owners should stop using the product immediately and keep it out of reach of children.
