The Windrush Scheme

We will consider your application under the Windrush Scheme Policy:

www.gov.uk/guidance/windrush-scheme

There is no fee for this application.

Each applicant must complete a separate form.

Once we have received your application, we may contact you to discuss it over the phone or you may be invited to attend an appointment. However, we may be able to decide your application on the information you have already provided.

You will be sent details of how to provide your fingerprints and photograph (biometrics) at a Service and Support Centre. This will be free of charge. You will need to do this before we can decide your application.

If you have any questions or need help completing this application, you can contact us on freephone 0800 678 1925. The line is open Monday to Friday between 9am to 5pm and Saturday and Sunday between 10am to 3pm, or by email: commonwealthtaskforce@homeoffice.gov.uk.

The information you provide as part of this application will not be passed to Immigration Enforcement.

The Data Protection Act 2018 governs how we use personal data. For details of how we will use your personal information and who we may share it with, please see our Privacy Notice for the Border, Immigration and Citizenship system at www.gov.uk/government/publications/personal-information-use-in-borders-immigration-and-citizenship. This also explains your key rights under the Act, how you can access your personal information and how to complain if you have concerns.

Evidence to support your application

If you can provide documents relating to the time you have spent in the UK, that will help us to decide your application. We will consider any evidence you are able to provide. We will also look at Home Office records and we may check records of other government departments to confirm when you arrived in the UK, and that you have lived here continuously since then.

You do not have to send original documents. You can send copies. We will let you know if we need to see the original document.

If you can't find your documents, we can still help. We will consider your evidence in the round. We will not refuse your application without giving you the opportunity to provide more information, except where you are clearly not eligible for the Scheme, for example, if you have told us that you were not in the UK at the relevant time or that you are not a national of one of the countries or member of one of the groups covered by the Scheme.

If you are concerned about which documents to send with your application, contact the Help Team to discuss it.

What evidence may help us decide your application?

The types of evidence that are most helpful are those that show your arrival in the UK and your time spent in the UK such as:

- passport or other document showing your arrival in the UK
- photocopy of a current passport, a driving license, an eVisa (Please send us your share code. You can get a share code via GOV.UK at <https://www.gov.uk/view-prove-immigration-status>). or other documents that shows your identity
- marriage or civil partnership certificate
- your birth or adoption certificate
- birth certificate or adoption certificate of any children you have had in the UK
- letters or documents from government departments such as tax or benefits (if you do not have them we may be able to check the records for you)
- letters or documents from your employer or past employer
- letters or documents from your doctor or hospital
- letters or documents from your school or college
- certificates for qualifications obtained in the UK
- **If you believe you have Right of Abode, please submit a passport-sized photograph of yourself in addition to your supporting evidence.**

You do not need to contact other government departments to ask them for your tax, school, benefits or medical records. Please only send us what you already have. If we need more, we may contact the relevant government department directly, or advise you what you need to do.

If you need to travel before you have received a decision on your application please contact the Help Team
