

## Permitting decisions- Surrender

---

We have decided to accept the surrender of the permit for Billingham Reach EfW operated by TVWM.

The permit number is EPR/HP3145QD.

The decision was issued on 25/10/2024.

We are satisfied that the necessary measures have been taken to avoid any pollution risk and to return the site to a satisfactory state. We consider in reaching this decision that we have taken into account all relevant considerations and legal requirements.

### **Purpose of this document**

This decision document provides a record of the decision-making process. It summarises the decision-making process to show how the main relevant factors have been taken into account.

### **Key issues of the decision**

The initial permit document was issued but the installation was never constructed on this site.

The area officer has confirmed that this site was never built and as such there is no requirement for a site condition report as no activity has been run by this company on this site.

The area Installation's officer has also agreed that this is a low-risk surrender.

The company's account is paid up to date.

### **Decision considerations**

#### **Identifying confidential information**

We have identified no information provided as part of the application that we consider to be confidential.

The decision was taken in accordance with our guidance on confidentiality.

## **Pollution risk**

We are satisfied that no prescribed activity has taken place on this site conducted by this operator, and so there are no possible source of pollution caused by this operator.

## **Growth duty**

We have considered our duty to have regard to the desirability of promoting economic growth set out in section 108(1) of the Deregulation Act 2015 and the guidance issued under section 110 of that Act in deciding whether to accept this permit surrender.
