**Subject:** Application ref no S62A/2024/0070 nSite address David Lloyd Greystoke Avenue Bristol BS10 6AZ

**Importance:** High

Re your letter of 19 November 2024 addressed to [REDACTED], [REDACTED] I am emailing on behalf of myself and my husband, Graham Mullan, the owner occupiers of this property to STRONGLY OBJECT to this application.

We fully endorse the objection submitted by Friends of Badock's Wood. This contains a wealth of appropriate information that we hope the Planning Inspectorate will consider in its entirety and we do not propose to restate everything contained in that objection.

We call on the Planning Inspectorate to refuse this retrospective application so that this can be considered by the planning committee of the city council. In our opinion the submission of the application to the Planning Inspectorate comes over as a cynical attempt to circumvent the proper processes, as was the way they prevented this application being considered alongside an earlier one, thus avoid discussion of cumulative effects on wildlife and the surrounding area.

David Lloyd have already cause irreparable damage to a valuable wildlife corridor and bat feeding grounds by the removal of vegetation alongside their padel courts and the current application pays no heed to wildlife and ecological needs of the site.

Their plant room already causes an unacceptable noise nuisance to the surrounding area and the extension of this will make matters worse.

Noise from the spa garden is also wholly unacceptable.

For these reasons and the many others articulated by Friends of Badock's Wood in their objection, please REFUSE this application.

Yours sincerely

Linda Wilson and Graham Mullan
