EXPLANATORY NOTE

(This note is not part of the Order)

This Order amends the Firefighters' Pension Scheme (England) Order 2006 (S.I. 2006/3432) (“the Scheme”). The Schedule to this Order makes various amendments to the Scheme relating to retained firefighters. These include amendments to introduce new awards which are payable following the death of a retained firefighter, to extend the deadline for their purchase of service during the extended limited period and to amend the eligibility criteria for some awards and conversions.

Paragraph 1 introduces the term “retained firefighter opt-out member” and amends the definition of the “extended limited period” for these members. Paragraph 6 allows a retained firefighter opt-out member or the spouse, civil partner or child of a retained firefighter opt-out member who is deceased, to make an application for any additional sums that might be payable to them as a result of the change to the definition of the extended limited period.

Paragraph 2 amends rule 1A(8) of Part 3 to expand the categories of member to whom a lump sum is payable under that rule.

Paragraph 3 introduces the missed pension lump sum grant and the survivor’s missed pension lump sum grant. It includes details of restrictions to be applied in respect of both grants. It also changes the eligibility criteria in rule 1C (additional death grants) so that those eligible to join the Scheme under rule 6A (election to purchase service during the limited period or the extended limited period) of Part 11 (pensionable pay, pension contributions and purchase of additional service), in addition to those who elected to join it, will be eligible for the additional death grant. Finally, it extends the deadline for applications for the death grant for the extended limited period and the additional death grant by 12 months.

Paragraph 4 amends rule 6B (election to purchase service during the limited period or the extended limited period: supplemental provision) of Part 11 to extend the deadline for making an election to purchase service by 12 months.

Paragraph 5 amends rules 17 and 18 of Part 12 to extend the categories of members eligible to convert their standard membership to special membership.

A full impact assessment has not been produced for this instrument as no, or no significant, impact on the private, voluntary or public sector is foreseen.
