

Brompton T Line Bicycle	
Aspect	Details
Images	
PSD Number	2407-0119
Product Type	Hobby / sports equipment – Folding Bicycle
Product Identifiers	Brand: Brompton Model: T Line Affected serial numbers: up to 2406070001 Production period of affected bicycles: Produced before 21 st June 2024
Product Description	A two wheeled folding bicycle with extending seat and handlebars.
Country of Origin	United Kingdom
Counterfeit	No
Risk Level	Medium
Risk Type	Injuries
Risk Description	Affected bicycles present a risk of injuries as the handlebar support and fork can become misaligned under specific circumstance. This could result in the rider losing control of the bicycle and falling or crashing. The affected products do not meet the requirements of the General Product Safety Regulations 2005.
Corrective Measures	Owners of the T-Line model with a serial number up to 2406070001 should cease use immediately and visit the Brompton recall page for details on how to locate the serial number and use the serial number checker: https://www.brompton.com/legal/t-line-recall If your bike is verified as affected, it will require a repair to increase the torque to 7Nm on the four steerer clamp hinge bolts. This can be performed for free through your local Brompton dealer, or at home, using a calibrated torque wrench (with step-by-step instructions available on the Brompton website). Brompton are offering a £10 voucher to any customer who performs this job at home and registers this job as being completed through the form on the Brompton recall site linked above. Alternatively, any customer can visit their local authorised Brompton retailer to have this work performed at no cost.
