JUDGMENT

1. The application to amend by adding a claim of age discrimination is allowed.
2. The claim for unauthorised deduction from wages is dismissed because the tribunal does not have jurisdiction to hear it: it was presented out of time and it would have been reasonably practicable to have presented it in time.
3. The age discrimination claim is dismissed because the tribunal does not have jurisdiction to hear it: it is out of time and it is not just and equitable to extend time; alternatively it is dismissed under rule 37 (1)(c) as having no reasonable prospect of success.
