(East of England)

Applications and Decisions

Publication Number: 5521

Publication Date: 05/02/2025

Objection Deadline Date: 26/02/2025

Correspondence should be addressed to:

Office of the Traffic Commissioner
(East of England)
Quarry House
Quarry Hill
Leeds
LS2 7UE

Telephone: 0300 123 9000

Website: www.gov.uk/traffic-commissioners

The next edition of Applications and Decisions will be published on:

12/02/2025

Copies of Applications and Decisions are available for inspection under Regulation 21 of The Goods Vehicles (Licensing of Operators) Regulations 1995 at www.gov.uk/government/organisations/traffic-commissioners

Arrangements for copies to be purchased can be made by emailing enquiries@otc.gov.uk

PLEASE NOTE:

**The new enquiry telephone number: 020 4551 8711 and will be open Monday to Thursday - 9am to 5pm, Friday 9am to 4.30pm

Most correspondence from the Office of the Traffic Commissioner will now be sent to operators digitally through the Vehicle Operator Licensing (VOL) Service or by email.

The best and most efficient way to reach us is digitally. Please upload documents through your VOL user account or send a direct message through VOL. There may be delays if you send correspondence to us by post.

If you wish to make an objection to a goods vehicle application it is recommended you send the details to Environmental@otc.gov.uk clearly stating 'Objection' in the subject line.

If you are an existing operator without a VOL user account, and you would like one, please email Notifications@vehicle-operator-licensing.service.gov.uk and a member of staff will contact you as soon as possible to arrange this. You will need to answer some security questions.

Applications and Decisions

Important Information

All correspondence relating to public inquiries should be sent to:

Office of the Traffic Commissioner
(East of England)
Eastbrook
Shaftesbury Road
Cambridge

Section 1 – Applications Received

A **statutory objector** may inspect a goods vehicle operator's licence or application under Regulation 9 of the Goods Vehicles (Licensing of Operators) Regulations 1995 by setting out their authority and requesting arrangements are made for inspecting the record by emailing – Environmental@otc.gov.uk

Objections against published applications may be made in writing by a Chief Officer of Police, a local authority, a planning authority or a prescribed trade union or association within 21 days of the date on which notice of an application is published in Applications and Decisions. Objections must be made either on the grounds that any of the requirements listed in Section 13 of the Goods Vehicles (Licensing of Operators) Act 1995 are not met and/or that a nominated operating centre will be unsuitable for use as such. A copy of the objection must be sent by the objector to the applicant at the same time that it is sent to the Traffic Commissioner. The onus of proof in terms of the grounds on which an objection is lodged lies with the objector.

Classification of Operator Licences – There are three classes of licence:

- A **Restricted (R)** licence authorises the use of a goods vehicle on public roads in Great Britain for the carriage of the licence holder's own goods in the course of his trade or business. The licence holder cannot carry goods for other people for hire or reward;
- A **Standard National (SN)** licence allows the licence holder to carry both his own goods and goods for other people for hire or reward, on public roads in Great Britain. He can also carry his own goods on journeys abroad;
- A **Standard International (SI)** licence allows the licence holder to carry both his own goods and goods for other people for hire or reward. These activities can be undertaken both in Great Britain and on international journeys.

Section 3 – Schedule 4 Applications

Schedule 4 to the Goods Vehicles (Licensing of Operators) Act 1995 allows, in certain situations, the transfer of operating centres from one existing licence to either another existing licence or as part of a new licence application. A range of qualifying criteria has to be met, with approval at the Traffic Commissioner's discretion. An important consideration in the process is any environmental history relating to the subject operating centre or any potentially adverse environmental impact resulting from the transfer. Legislation prevents any statutory objection against the Schedule 4 element of an application.

New Applications (Section 3.1): where the Traffic Commissioner has given a direction that the provisions of paragraph 2 of Schedule 4 shall apply, objections may only be lodged against the published application under Section 12(1)(a) of the 1995 Act, disregarding the suitability of the operating centre for use as such by the applicant as set out in Section 13(5)(d) of the Act.

Variation Applications (Section 3.2): where the Traffic Commissioner has given a direction that the provisions of paragraph 4 of Schedule 4 shall apply, objections may again only be lodged against the published application under Section 12(1)(a) of the 1995 Act unless that transfer can be accommodated without any overall increase in the existing overall vehicle/trailer authorisation on the receiving licence, in which case there is no statutory requirement to publish details of that application. However, **Section 3.3** does detail any such applications in order that interested parties are made aware of changes to authorised operators at listed operating centres

Section 5 – Public Inquiries

Anyone wishing to observe a physical or virtual public inquiry must request to do so from the relevant Office of the Traffic Commissioner in advance of the hearing. Due to space or technology restrictions we may not be able to accommodate all requests.

Please contact easternhc@otc.gov.uk for further information.

There is no obligation on the traffic commissioner to provide a transcript of proceedings. Any decision to release will refer to the reasons for the request and there may be restrictions placed on its use. That request should be made via the relevant Office of The Traffic Commissioner and the applicant must understand that they will be liable for the cost of producing the transcript. This will vary according to demand and size of content.

Appeals against any decision published in this section must be lodged with the Upper Tribunal – Administrative Appeal Chamber (Transport), 5th Floor, Rolls Building, 7 Rolls Buildings, Fetter Lane, London, EC4A 1NL not later than one month after the date of the letter conveying the Traffic Commissioner’s (or Deputy Traffic Commissioner’s) decision. Appellants can obtain guidance on lodging appeals, including downloading the appeal form, from the website: www.administrativeappeals.tribunals.gov.uk

HAREFIELD FARM, STATION ROAD, ELMESTHORPE, LEICESTER, LE9 7SG

S26 - Licence curtailed to four vehicles and four trailers, with immediate effect and for an indefinite period of time. The following undertakings were accepted: a) The operator will arrange for an independent entity to carry out an audit of its transport safety and compliance systems by 31 July 2025. The audit will assess the systems for complying with maintenance and drivers hours requirements, and the effectiveness with which those systems are implemented. The audit should cover at least the applicable elements detailed in the guidance on Operator Compliance Audits, available at: www.gov.uk/government/publications/operator-compliance-audits. The audit will assess the operator against the standards published under the DVSA earned recognition scheme: www.gov.uk/government/publications/dvsa-earned-recognition-vehicle-operator-standards. A copy of the report, together with the operator's detailed proposals for implementing the report's recommendations, will be submitted to the Office of the Traffic Commissioner in Cambridge within 14 days of the operator receiving it from the auditor. b) Paul Mac will gain IRTEC accreditation as a mechanic by 30 June 2025. c) The operator will ensure that all vehicles are given laden roller brake tests at or before each preventative maintenance inspection (PMI). The brake testing regime for trailers will be risk-assessed according to paragraph 5.3(a) and Annex 7 of the Guide to Maintaining Roadworthiness. At least four brake assessments per year for each trailer will be on roller brake test equipment (not necessarily laden). A brake temperature assessment will be carried out at all other trailer PMIs. d) By 15 April 2025, the operator will submit to the office of the traffic commissioner in Cambridge evidence covering the period 1 January to 31 March 2025 demonstrating that it continues to meet the financial standing requirements for four vehicles.
