Subject: LAND OPPOSITE THE SCHOOL & ON THE DOWNS , Stebbing

S62A/2025/0077

Our village is being swamped by new housing filling every available space, with more and more cars (often being parked on the pavements) and no supporting infrastructure. The village and Uttlesford District Council rejected this application and those views are now being overridden and circumvented by this cynical move. Please have regard to local opinion and reject this renewed application.
