Welcome to Case Center		

- 1. Once logged in the platform will open on the My Case Center home page.
- 2. This screen provides the launch pad area for navigating Case Center and will allow you to access live and training cases on the platform.
- The screen provides users with information relating to the most recent cases they have worked on and a headline view of when the next hearings are for the cases. This will show a maximum of the next six scheduled hearings.
- 4. The screen also provides users with the option to access their account information depicted by your initials in the top right-hand corner. Here you can manage invite lists, your account details, support, and you can log out of your account.
- 5. Next to the account information icon is the notification icon. This will take you to the notifications screen where you can view notifications related to your cases.
- 6. The Home button will navigate you back to the home screen.
- 7. In the Support Center, users can create a support ticket, access training material and review release note information.

On the left-hand side of the screen there are five options for navigation. The **Home** button is on this page.

- 1. The arrow at the top left of the screen will allow you to expand and collapse the side bar menu.
- 2. The **Cases** button will direct users to their active case list. The **My Recent Cases** button navigates to the same location.
- 3. The Hearings button will navigate to listed hearings against cases.
- 4. Saved cases are those which a user stars as a highlighted case (covered later in this document).

- 1. On the right-hand side of the home screen, you will see **Hearings** that have been listed within the application. It will be the role of Case Officers to add the PTPH date and the date for the Summary Appeal preliminary Hearing. After this it will be the role of the Court teams to add any further hearings for the case. Adding a hearing will be covered later in the document.
- 2. You can see up to six hearings from your case list and they are listed in date order.

Review Page

This is where users will manage the case in the court room and where all papers relating to the case can be viewed and presented to the court.

The review page is the heart of the system for the court. It is where we will all be able to refer to evidence and all elements of the case that are presented to the court.

How to Manage Exhibits

- Within Case Center, the recording of court exhibits is the responsibility of the Court team using Case Center.
- When an exhibit is produced in the court room by either the Prosecution or Defence the MCS will provide the court exhibit reference number and endorse the exhibit reference on the relevant document within the Master Bundle.
- Court staff will select the relevant document in the Master Bundle.

- 1. Navigate to the Stamp tab and select Court Exhibit.
