
Integrated Reporting Service (IRS) Additional / enhanced functionality

WITHDRAWN

Additional / Enhanced Functionality – What does it include?

- Running reports
- Searching for notifications
- Viewing notification summaries on OPRED website

Additional / Enhanced Functionality – Running Reports

- Log into IRS
- Click on 'Reports' then 'Run Reports'
- Populate the search criteria
- Download the Reports
- Note - all your previously run reports are available to view if you require to revisit them
- Your report will only show notifications where your organisation was 'involved'

Additional / Enhanced Functionality – Searching for notifications

- Log into IRS
- Click on 'Search'
- Populate the search criteria (note that advanced filters are available)
- View the results
- Your results will only show notifications where your organisation was 'involved'

Additional / Enhanced Functionality

– Viewing notification summaries on OPRED website

- Visit the OPRED website
 - Select the notification type you are interested in viewing - PON1, PON2, PON10, OPPC NCN, OCR NCN, PPC NCN, F-Gas / ODS NCN, General NCN
 - Select the particular year you are interested in
 - Select the particular notification you are interested in – note you can click on the notification reference to see more information about the notification
 - You also have the ability to download notifications
 - You can view details of **all** notifications submitted, however full details will only become available to view once the notification has been closed by OPRED.
- Additional / enhanced functionality
