Environmental Management Systems OSPAR Recommendation 2003/5 - Request for Annual Public Statement

As a requirement of the Environmental Management Systems (EMS) OSPAR Recommendation 2003/5, all Operators of offshore installations are required to produce an Annual Public Statement detailing activities carried out during the previous calendar year. The Offshore Directive defines both well and installation as Operators, therefore they are required to provide EMS verification.

Further information regarding the requirements can be found at

Please submit an electronic copy of your organisation's Annual Public Statement to opred@energysecurity.gov.uk by **1 June 2024**

OPRED will publish the Annual Statement provided on our website. Please clearly state within the response if your organisation does not wish for OPRED to publish the statement.

Operators who did not carry out any offshore operations in the UKCS during the 2023 calendar year must make a response to this effect by email before 1 June 2024.
