Published on behalf of the UK ETS Authority.

*The UK ETS Authority has published its response to the technical consultation which ran from 24 September to 15 October 2024.*

The consultation sought views on three proposals relating to:

1. The publication of UK ETS Registry transaction data.
2. The disclosure of UK ETS information by a national authority.
3. Applications to obtain Ultra-Small Emitter (USE) status for the 2026-2030 allocation period.
