

P11D Working Sheet 6 Mileage allowance payments 2024 to 2025

Note to employer

Do not use this form if the benefits are provided under an optional remuneration arrangement. Read appendix 12 in the tax guide '480' for guidance on how to work out the relevant amount to be treated as earnings.

You do not have to use this form but you may find it a useful way to calculate the taxable amount to be reported on your online P11D submission where you paid mileage allowances to a director, or an employee, using their own vehicle for business travel during the year 2024 to 2025 (that is 6 April 2024 to 5 April 2025).

Read the 'P11D Guide' and the on taxation of mileage expense payments, paragraph 5.4.2 in the guidance 'CWG2: further guide to PAYE and National Insurance Contributions'.

If you use this form to calculate a taxable amount for mileage payments you must also complete and submit online a P11D for each employee, unless you've taxed these expenses or benefits through your payroll.

We advise you to keep a copy of each completed working sheet as it could help you to deal with enquiries. You do not have to give a copy of the completed working sheet to the director or employee. Do not send a copy to HM Revenue and Customs.

The term employee is used to cover both directors and employees throughout the rest of this form.

Payroll your mileage allowance payments and passenger payments in future tax years to avoid completing P11Ds. For more information, go to www.gov.uk/guidance/paying-your-employees-expenses-and-benefits-through-your-payroll
