Application for External Waters Licence: Faroe Islands

UK vessels intending to operate outside British Fishery Limits must have an external waters licence in addition to their base domestic licence. Use this form to apply to fish in Faroe Islands exclusive economic zone (EEZ) waters between 12 and 200 nautical miles (or to agreed maritime boundaries). The UK Single Issuing Authority (UKSIA) will verify applications with your fisheries administration and will forward valid applications to the Faroe Islands Fisheries Inspection (VØRN) (acting on behalf of the Faroe Islands Ministry of Fisheries) for authorisation. An external waters licence will only be issued by the UKSIA on receipt of authorisation from Vørn. Your licence will be communicated by email and the applicable conditions are published on the [UKSIA website](#). In addition to receiving your licence, you must check your vessel has a valid entry in the list of UK vessels licensed for external waters published on the UKSIA website before commencing fishing activities outside of UK waters.

For any queries in relation to completing this form please contact the [UKSIA](#) uksia@marinemanagement.org.uk
