Ref number S62A/2025/0077

Dear Sir/Madam,

I strongly object to the above planning application.

- This is on very limited local grassland areas used by the community
- in an area of historical heritage and listed buildings
- will be detrimental to the many wildlife species that live in these areas
- the village infrastructure cannot take additional vehicles, this stretch of road is already very dangerous, especially at school drop off/pick up times.

Yours faithfully,  
Beverley Mixture
