Subject: Green land.

Sir/madam

I am writing to register my protest about the proposed building on land west of High street
stebbing .

I recently moved here to get away from the town I was living in.

This land has a considerable amount of wildlife, including Badgers, stags and monk Jack's.

The amount of building already around here, is already causing large lorries, and traffic through
our little village. Not to mention our dr is in Gt Dunmow and it's hard enough already to get
appointments.

Not to mention the new housing estates building up in Gt Dunmow.

Please note I and my Neighbours are against this planning.

Thank you,

Mrs N R Rosini
