Subject: S62A/2025/0077 Land west of High Street Stebbing

[REDACTED]
[REDACTED]

I am emailing to object against the planning application on the land west of High street Stebbing. The proposal will have a harmful impact on the motte castle by impacting important views of it within the landscape and on its visual relationship with the historic settlement along High street; the grade II* listed Stebbing park and the conservation area by encroaching on open fields that contribute to their prominence and openness.

Please acknowledge my objection

Yours

Piers Latham
