241347/D	30/04/2026	21	27/02/2025

## Background

Uni Health Distribution Ltd has informed the MHRA of a typographical error on the approved carton overlabel for Utrogestan Vaginal 200 mg Capsules. The carton label references 'micrograms' where it should actually state 'milligrams'.

### Advice for Healthcare Professionals:

Stop supplying the affected batches immediately. Quarantine all remaining stock and return it to your supplier using your supplier's approved process.

### Advice for Patients:

No further action is required by patients as this is a pharmacy and wholesaler level recall.

Patients should note that the correct typography 'mg' is referenced elsewhere on the carton label, as well as on the blister label and inside the PIL.

Patients who experience adverse reactions or have any questions about the medication should seek medical attention. Any suspected adverse reactions should also be reported via the [MHRA Yellow Card scheme](#).

### Additional information:

For further information and all enquiries please contact [info@uhdltd.co.uk](mailto:info@uhdltd.co.uk).

Recipients of this Medicines Recall should bring it to the attention of relevant contacts by copy of this notice. NHS regional teams are asked to forward this to community pharmacists and dispensing general practitioners for information.

Yours faithfully
