## **ANNEX 1 – THE FUNDED ACTIVITIES**

## 1 Background/purpose of the Grant

The energy shocks of recent years have shown the urgent need to upgrade homes and secure Britain's energy independence. The Government's Warm Homes Plan will support investment in insulation and low carbon heating – upgrading millions of homes over this Parliament. The Government's ambitious plans will protect billpayers, reduce fuel poverty and get the UK back on track to meet our climate goals.

Acting as a significant driver of the Warm Homes Plan, Warm Homes: Social Housing Fund provides funding to local authorities, combined authorities, registered providers of social housing, and registered charities that own social housing in England to install energy efficiency upgrades and low-carbon heating measures to homes in England.

Wave 3 will upgrade a significant amount of the social housing stock to meet an Energy Performance Certificate (EPC) band C standard, delivering warm, energy-efficient homes, reducing carbon emissions and fuel bills, tackling fuel poverty, and supporting green jobs. By improving the energy performance of homes below EPC band C, the fund will facilitate the subsequent widespread adoption of decarbonised heating systems.

WH:SHF will look to allocate funding to deliver warm, energy efficient homes, reducing carbon emissions and tackling fuel poverty.

WH:SHF Wave 3 is funded by annual funding profiles set by HM Treasury. HMT funding is only available in the year in which it is allocated and cannot be carried over financial years. The funding profile for Wave 3 is intended to be as follows:

FY 25/26	FY 26/27	FY 27/28
29%	36%	35%

The Grant Recipient should therefore be aware of the limited time in which funding is available, which is reflected in the Outputs in Annex 5 of this Grant Funding Agreement.

The key aims and objectives for WH:SHF Wave 3 are set out below:

- **Fuel Poverty**: Reduce the number of households in fuel poverty by improving the energy efficiency rating of social homes below EPC band C and reducing energy bills. On this basis, tenant energy bills must not increase as a result of the retrofit works, relative to what they would otherwise have been.
- **Carbon**: Deliver cost effective carbon savings to contribute to carbon budgets, and progress **towards** the UK's target for Net Zero by 2050 by reducing CO2 emissions from social housing.
- **Tenants**: Improve the comfort, health, and wellbeing of social housing tenants by delivering warmer and more energy-efficient homes.
- **Green Economy**: Support economic resilience and a green recovery in response to the economic impacts of Covid-19, supporting thousands of jobs.
- **Develop the Retrofit Sector**: Create the conditions for growth in the retrofit supply chain capacity and capabilities, boosting productivity and innovation in the construction sector. Additionally,

upskilling social **landlords** in retrofit to support future improvements to energy efficiency in the social housing sector.

- 1. On a set date in each month, the Lead Grant Recipient who wants to make a claim must submit a grant drawdown request covering project spend to be incurred in the following month. Detail of this request and where it must be sent will be provided after grant award.
- 2. This will then be checked by DESNZ or parties working on their behalf to confirm if it is acceptable, before arranging for the payment to be made in line with payment timescales.

Example: The Lead Grant Recipient submits a drawdown request by the set date in January for spend expected to be incurred in February. This request is checked, processed and payment is then issued in early March

- 3. If the grant drawdown request is not submitted by the set date, DESNZ cannot guarantee payment within relevant time periods.
- 4. The final payment will be made once all Grant spend incurred has been reconciled and accounted for.

Please note, ahead of the end of each financial year, the Lead Grant Recipient may be required to provide additional forecasts of spend to be incurred in that financial year to support with DESNZ's accruals process.

Non-social Homes and Homes at or Above EPC band C	Non-social homes can be included on an infill basis. A project can include up to 30% non-social homes. The maximum proportion of non-social homes within a particular block/terrace is 70%.
	Homes at or above EPC band C can be included on an infill basis, or where installing low carbon heating measures. A project can include up to 10% of EPC C+ homes.
Eligible Installers	All installers must be TrustMark Registered or equivalent, and compliant with corresponding requirements. All measures must be lodged on the TrustMark Retrofit Portaldata warehouse.
Eligible measures	Eligible measures are any energy efficiency and heating measures compatible with the Standard Assessment Procedure (SAP) that will help improve the energy performance of homes, excluding heating systems which are solely fuelled by fossil fuels.

Further details can be found in the Wave 3 Scheme Guidance.

3 Any proportion of the Grant funding spent on Administrative and Ancillary Costs exceeding 15% will not be Eligible Expenditure.

## **ANNEX 8 - EXIT**

1 The following definitions shall apply in addition to the definitions contained in clause 2.1 of these Conditions (Definitions):

"Exit Plan" means the plan prepared and submitted by the Grant Recipient to the Authority to enable the smooth closure of transfer of the Funded Activities to the Authority or successor of the Grant Recipient.

## General

- 2 The Grant Recipient will prepare an Exit Plan following signature of this Grant Funding Agreement to allow the smooth closure of the Funded Activities.
- 3 Where the Authority intends to continue the operation of the Funded Activities in broadly the same way after expiry or termination of the Grant Funding Agreement, either by performing them itself or by means of a successor, the Grant Recipient shall endeavour to ensure the smooth and orderly transition of the Funded Activities and shall co-operate with the Authority or the successor, as the case may be, in order to achieve such transition.
- 4 When such endeavours and co-operation are outside the scope of the Grant, the Grant Recipient shall provide quotations for reasonable charges associated with providing such assistance and the Authority shall pay such reasonable charges.
- 5 The Grant Recipient will comply with any reasonable request of the Authority for information relating to the performance of the Funded Activities.

## **Exit Planning**

- 6 The Grant Recipient will, in conjunction with the Authority, maintain, and as necessary update, the Exit Plan throughout the Funding Period so that it can be implemented immediately, if required. From time-to-time either the Authority or the Grant Recipient may instigate a review of the Exit Plan.
- 7 The Grant Recipient will co-operate with all reasonable requests made by either the Authority or a successor body relating to exit transition arrangements for the Funded Activities.

#### Assistance

8 The Grant Recipient will use all reasonable endeavours to ensure that a transition of responsibility for the delivery of the Funded Activities to the successor body or the Authority, as the case may be, minimises any detrimental effect on the delivery of the Funded Activities and the Authority will use all reasonable endeavours to co-operate in such transfer.

## **Assets Register**

- 9 The Grant Recipient shall maintain throughout the exit period of this Grant an asset register, in accordance with the Terms and Conditions of the Grant Funding Agreement.
- 10 The Grant Recipient shall not change the status of any asset without the prior written consent of the Department where such a change would either be viewed as a major change or would require repayment in accordance with the Terms and Conditions of the Grant Funding Agreement.

## **Documentation and Access**

- 11 The Grant Recipient shall provide the Authority on request with information and documentation reasonably necessary to assist with the transfer of the Funded Activities to the Authority or to a successor body, including any documentation required to support any bidding process for the provision of the Funded Activities. This includes full details of:
  - (a) the work programme, objectives/targets, and other services delivered by the Grant Recipient under this Grant Funding Agreement;
  - (b) any software, including Third Party software and any hardware used in connection with the delivery of the Funded Activities;
  - (c) software and supply agreements used to deliver any services associated with delivery of the Funded Activities, including the agreements relating to any Third-Party software identified by name of supplier, term of Grant, and charges payable under the Grant; and
  - (d) any employees used by the Grant Recipient to help deliver the Funded Activities who are essential to this delivery; this information shall be provided under conditions of confidentiality reasonably acceptable to the Grant Recipient.
- 12 The Authority may make the documentation available to suppliers who wish to bid for the provision of the activities. The Grant Recipient shall respond expediently and in full to any reasonable questions by the Authority or the suppliers and shall co-operate with any reasonable due diligence activities carried out by suppliers.

## **Transfer Support Activities**

13 The Grant Recipient shall co-operate with all reasonable requests made by either the Authority or a successor relating to the Funded Activities transition arrangements. The Authority and the Grant Recipient shall discuss the implementation plan for the transition of the activities to either the Authority or a Successor body.

- 6 The Grant Recipient must retain the Grant Funding Agreement and the completed Minimal Financial Assistance declaration form and produce it on request by the Authority.
- 7 The Grant Recipient acknowledges that the Authority and Grant Recipient are jointly and severally responsible for maintaining detailed records with the information and supporting documentation necessary to establish that all the conditions set out in this Grant Funding Agreement are fulfilled.
- 8 The Grant Recipient agrees to keep a written record sent by the Authority detailing that it has received a subsidy by way of Minimal Financial Assistance, the date on which it was given and the gross value amount of the assistance and must keep the record for at least three years from the given date.

# ANNEX 12– SCHEDULE 2 REPORTING ACCOUNTANTS: LETTER OF ENGAGEMENT

## Letter of engagement

The following are the pre-agreed terms of engagement on which the grant recipient engages accountants to perform a reasonable assurance report in connection with Warm Homes: Social Housing Fund Wave 3.

The Secretary of State for Energy Security and Net Zero ("DESNZ") accepts that an agreement between the grant recipient, its reporting accountants and DESNZ on these terms is formed when the accountants sign and submit to DESNZ a report as set out in clause 3 below.

NB: DESNZ will not need to sign anything. By publishing this document DESNZ confirms that these pre-agreed terms form its agreement with the grant recipient and the reporting accountants. Once the accountants' report is submitted to DESNZ in accordance with these terms DESNZ will accept that an agreement is formed. If the terms of the standardised engagement letter are to be revised, DESNZ will need to confirm its acceptance of the new terms before an agreement is formed.

In these terms of engagement:

## 1. Introduction

The grant recipient is required to submit to DESNZ reports as set out in clause 3 below that are also signed by an accountant to provide independent assurance. These terms of engagement set out the basis on which the accountant will sign the report.

## 2. The grant recipient's responsibilities

- 2.1 The grant recipient is responsible for producing information, maintaining proper records complying with the terms of any legislation or regulatory requirements and DESNZ's terms and conditions of grant ('the grant conditions') and providing relevant information to DESNZ in accordance with the requirements of the grant conditions. The grant recipient is responsible for ensuring that the non-financial records can be reconciled to the financial records.
- 2.2 The management of the grant recipient will make available to the accountant all records, correspondence, information, and explanations that the accountant considers necessary to enable the accountant to perform the accountant's work.
- 2.3 The grant recipient and DESNZ accept that the ability of the accountant to perform its work effectively depends upon the grant recipient providing full and free access to the financial and other records and the grant recipient shall procure that any such records held by a third party are made available to the accountant.
- 2.4 The accountant accepts that, whether or not the grant recipient meets its obligations, the accountant remains under an obligation to DESNZ to perform its work with reasonable care. The failure by the grant recipient to meet its obligations may cause the accountant to qualify its report or be unable to provide a report.

## 3. Scope of the accountant's work

3.1 The grant recipient will provide the accountant with such information, explanations, and documentation that the accountant considers necessary to carry out its responsibilities. The accountant will seek written representations from management in relation to matters for which independent corroboration is not available. The accountant will also seek confirmation that any significant matters of which the accountant should be aware have been brought to the accountant's attention.

- 3.2 The accountant will perform carry out a [limited][reasonable] level of assurance assignment and subject to any adverse findings will produce a report in the form set out in Schedule 1.
- 3.3 The accountant will not subject the information provided by the grant recipient to checking or verification except to the extent expressly stated. While the accountant will perform the accountant's work with reasonable skill and care, the accountant's work should not be relied upon to disclose all misstatements, fraud or errors that might exist.

# 4. Form of the accountant's report

- 4.1 The accountant's reports are prepared on the following bases:
  - 4.1.1 the accountant's reports are prepared solely for the confidential use of the grant recipient and DESNZ (and any parties appointed to act on its behalf) and solely for the purpose of submission to DESNZ in connection with DESNZ's requirements in connection with the Social Housing Decarbonisation Fund Wave 2.2. They may not be relied upon by the grant recipient or DESNZ for any other purpose;
  - 4.1.2 without imposing on the accountant and without the accountant assuming (or being perceived as assuming) any duty or responsibility and without imposing or accepting any liability to anyone except the grant recipient and DESNZ, DESNZ may disclose the reports to the UK Competition and Markets Authority for subsidy control purposes, to interested parties pursuant to section 76 of the Subsidy Control Act 2022, Parliament, the Comptroller and Auditor General (NAO) and others who demonstrate statutory rights of access to the report;
  - 4.1.3 neither the grant recipient, DESNZ or any parties appointed to act on its behalf may rely on any oral or draft reports the accountant provides. The accountant accepts responsibility to the grant recipient and DESNZ for the accountant's final signed reports only;
  - 4.1.4 the report will be prepared solely for the confidential use of the grant recipient and DESNZ (and any parties appointed to act on its behalf). The report will be released to the grant recipient and DESNZ (and any parties appointed to act on its behalf) on the basis that it shall not be copied, referred to or disclosed, in whole or in part (save as otherwise permitted by agreed written terms), without the accountant's prior written consent, except where there is a legal or statutory right of access. Without assuming or accepting any responsibility or liability in respect of the report to any party other than the grant recipient and DESNZ, we acknowledge that the grant recipient and DESNZ (or one of them) may be required to disclose this report to parties demonstrating a statutory right to see it, to enable such parties to exercise their statutory rights of access to this report;
  - 4.1.5 to the fullest extent permitted by law, except for the grant recipient and DESNZ (and any parties appointed to act on its behalf), the firm of accountants, its partners and staff neither owe nor accept any duty to any person (including, without limitation, any person who may use or refer to any of DESNZ's publications) and shall not be liable for any loss, damage or expense of whatsoever nature which is caused by any person's reliance on representations in the accountant's reports.

## 5. Liability provisions

- 5.1 The accountant will perform the engagement with reasonable skill and care and accepts responsibility to the grant recipient and to DESNZ for losses, damages, costs or expenses ('losses') caused by its breach of contract, negligence or wilful default, subject to the following provisions:
  - 5.1.1 The accountant will not be responsible or liable if such losses are due to the provision of false, misleading or incomplete information or documentation or due to the acts or omissions of any person other than the accountant, except where, on the basis of the

enquiries normally undertaken by accountants within the scope set out in these terms of engagement, it would have been reasonable for the accountant to discover such defects.

- 5.1.2 The accountant accepts liability without limit for the consequences of its own fraud and for any other liability which it is not permitted by law to limit or exclude.
- 5.1.3 Subject to the previous paragraph (5.1.2), the total aggregate liability of the accountant whether in contract, tort (including negligence) or otherwise, to each of the grant recipient and DESNZ, arising from or in connection with the work which is the subject of these terms (including any addition or variation to the work), shall not exceed the maximum value of the Grant (as set out in the Grant Funding Agreement).
- 5.2 The grant recipient and DESNZ agree that they will not bring any claims or proceedings against any individual partners, members, directors or employees of the accountant. This clause is intended to benefit such partners, members, directors and employees who may enforce this clause pursuant to the Contracts (Rights of Third Parties) Act 1999 ('the Act'). Notwithstanding any benefits or rights conferred by this agreement on any third party by virtue of the Act, the parties to this agreement may agree to vary or rescind this agreement without any third party's consent. Other than as expressly provided in these terms, the Act is excluded.
- 5.3 Any claims, whether in contract, negligence or otherwise, must be formally commenced within 4 years after the party bringing the claim becomes aware (or ought reasonably to have become aware) of the facts which give rise to the action and in any event no later than 6 years after relevant report was issued (or, if no report was issued, when the accountant accepted the engagement in writing). This expressly overrides any statutory provision which would otherwise apply.
- 5.4 This engagement is separate from and unrelated to any audit work of the accountant on the financial statements of the grant recipient for the purposes of any applicable statutory or regulatory or other auditing framework and nothing herein creates obligations or liabilities regarding the accountant's audit work, which would not otherwise exist.

#### 6. Fees

The accountant's fees, together with VAT and out-of-pocket expenses, will be agreed with and billed to the grant recipient. DESNZ is not liable to pay the accountant's fees.

## 7. Quality of service

The accountant will investigate all complaints. DESNZ or the grant recipient have the right to take any complaint to the ICAEW. DESNZ or the grant recipient may obtain an explanation of the mechanisms that operate in respect of a complaint to the ICAEW at www.icaew.co.uk/complaints or by writing to the ICAEW at the ICAEW Professional Standards Office, Metropolitan House, 321 Avebury Boulevard, Milton Keynes MK9 2FZ UK.

## 8. **Providing services to other parties**

The accountant will not be prevented or restricted by virtue of the accountant's relationship with the grant recipient and DESNZ, including anything in these terms of engagement, from providing services to other clients. The accountant's standard internal procedures are designed to ensure that confidential information communicated to the accountant during the course of an assignment will be maintained confidentially.

#### 9. Applicable law and jurisdiction

9.1 This agreement shall be governed by and interpreted and construed in accordance with the law of England.

9.2 The grant recipient, DESNZ and the accountant irrevocably agree that the courts of England shall have exclusive jurisdiction to settle any dispute (including claims for set-off and counterclaims) which may arise on any basis in connection with the validity, effect, interpretation or performance of, or the legal relationship established by this agreement or otherwise arising in connection with this agreement.

## 10. Alteration to terms

All additions, amendments, and variations to these terms of engagement shall be binding only if in writing and signed by the duly authorised representatives of the parties. These terms supersede any previous agreements and representations (unless based on fraud) between the parties in respect of the scope of the accountant's work and the accountant's report or the obligations of any of the parties relating thereto (whether oral or written) and represents the entire agreement and understanding between the parties. These terms do not affect any separate agreement in writing between the grant recipient and the accountant.
