[REDACTED]

Sir

I object to this proposed development on grounds that it has already been rejected by the council It is inappropriate as it's on green belt land It would cause congestion noise and pollution as the access road is narrow and surrounding houses would be adversely affected The local infrastructure doctors dentist and emergency services are already under extreme pressure and can't cope with any increase in population without vast increase of money and resources Chiswell green is under threat of being renamed Chiswell concrete with several other proposed developments on green belt land When will it stop will we eventually loose all are green space to building D Wyllie
