

PLANNING COMMENT FOR APPLICATION REF: 5/2025/0331

Robin Crocombe

Object to Proposal

This land is a buffer of green space between St Albans and Chiswell Green. The infrastructure cannot cope with the existing housing and traffic. The other existing planning applications in the area which are under appeal will equally ruin this area for ever. The applicant seems determined to destroy the ambience of Chiswell Green in pursuit of profit following the monstrosity of a house he had built which should never have got planning permission either.
