

PLANNING COMMENT FOR APPLICATION REF: 5/2025/0331

Brian Reid

Object to Proposal

We OBJECT to the proposal on the basis that we do not want this natural piece of green belt to be built on. It provides a beautiful & continuing view of the countryside on the very edge of Chiswell Green and is part of our frequent walks to this quietest part of our village. It is almost traffic free in what is a very busy village. It should be left as part of our countryside for all to enjoy.
