Local Resident

I object to the proposal to build 7 expensive houses at this location.
The application has already been turned down twice, and for good reason.
Poor location on the Green Belt (it is not Grey Belt land either!).The existing road network is already under massive pressure, it won't contribute much towards housing targets and the houses will be beyond the financial reach of most working people.

Leave our Green Belt alone or else it becomes a meaningless concept..

Regards,

Kate Shuttlewood
