Object to Proposal

Object to Proposal

I wish to object to the proposed plans for the land between 84 and 102 Ragged Hall

Lane, on the following grounds.

Previous applications made in 2022 and 2024 were rejected at Appeal for multiple reasons and all of the reasons for rejection remain valid today.

The land is Greenbelt and therefore should be protected and not built on

Substantial harm to wildlife has already been caused by repeated clearing of the land before previous applications and if building were to take place this would cause further catastrophic harm to ecosystems and wildlife

The narrow lane is highly unsuitable for any increase in traffic flow, is already dangerous and is not adequate or fit for purpose for the additional traffic this development would entail.
