Application for 7 plots / houses Ragged Hall Lane

I wish to register my objection for planning g permission requested by mr Holderness

The request is on Green Belt Land - that is supposedly for protection NOT profiteering.

Seven plots or houses, all individually styled and built (!!) could bring about a total shambles in terms of a unifying style in appearance; disruption to the neighbourhood whilst under different construction timetables; and connection to mains services

The greatest need for housing in the area is for accessible low cost, family housing , not detached 2/3/4 car households.

Access to the area is restricted by the nature of the Lane - narrow and with bends.

Appropriate and sufficient Parking for the homes is potentially a problem.

Yours

M Gray
