| Product Description | Black electrically heated jacket for women, powered by portable battery.   |
| Country of Origin   | China  |
| Counterfeit         | No   |
| Risk Level          | Serious  |
| Risk Type           | Fire   |
| Risk Description    | <p>The product presents a serious risk of fire as the lithium-ion battery pack is poorly constructed and does not provide sufficient protections to prevent against thermal runaway. Additionally, the power supply is fitted with a noncompliant plug, with the plug pins too close to the edge of the plug face, exposing the user to live parts.</p> <p>The product does not meet the requirements of the Electrical Equipment (Safety) Regulations 2016 or the Plugs &amp; Sockets etc. (Safety) Regulations 1994.</p> |
| Corrective Measures | <p>We recommend owners stop using the product immediately and contact the distributor you purchased from to request redress.</p> <p>Owners should not dispose of lithium-ion batteries in normal household waste. For further information on household waste, including on local sites accepting lithium-ion batteries for safe disposal, access the following Gov.uk webpage: <a href="https://www.gov.uk/dispose-household-waste">https://www.gov.uk/dispose-household-waste</a></p>                                     |
