

SIP Fireball ID78 23kW Diesel Infra-red Heater	
Aspect	Details
Images	
PSD Number	2503-0026
Product Type	Electrical appliances and equipment – Infra-red diesel heater
Product Identifiers	Brand: SIP Industrial Products Model: Fireball ID78 Barcode: 5012713005918 Batch numbers: P0062511 and P0062954
Product Description	Diesel Heater for use in medium sized garages and workshops.
Country of Origin	China
Counterfeit	No
Risk Level	High
Risk Type	Fire
Risk Description	<p>It is possible that over fuelling of the combustion chamber may occur, leading to a chamber temperature beyond intended design parameters. This over fuelling leads to flames extending through the front radiation plate, and during prolonged use, the front radiation plate may be subject to thermal fatigue leading to embrittlement and failure of the radiation plate. The failure of this plate exposes the interior of the combustion chamber and ultimately leads to an open flame and hot material potentially discarded on the ground in front of the unit.</p> <p>The product does not meet the requirements of the Electrical Equipment (Safety) Regulations 2016</p>
Corrective Measures	<p>Recall of the product by the manufacturer.</p> <p>SIP Industrial has published recall information on its website at: <a href="#">SIP Product Recall for ITEM 09307 - SIP Industrial Products Official Website</a></p> <p>Contact them immediately to arrange a return of the unit(s).
