### SECTION C – EXAMINATION REQUIREMENTS Potential for the Approval Authority to consider a Remote Assessment (cont) This process requires the following to be met : Suitable connectivity in the inspection area : that you test your video/audio equipment prior to the test date, that your camera/phone has a fully charged battery. Level area free from obstructions. Vehicle/trailer clearance: Front/rear – 3 metres – Side - 2 metres. Underside inspection facility: Inspection pit, vehicle hoists or ramps: Hoist – attached equipment used to raise vehicle i.e. column lift. • Ramp - platform that supports vehicle being raised i.e. four post lift. Adequate lighting for both topside and underside inspections. Your nominated employee will require an assistant. Equipment required : 15 metre tape measure Plumb bob . Chalk Hand Torch **Note** - The Examiner will suspend/terminate the inspection, if due to technical issues a thorough test cannot be carried out. You (the presenter) are responsible for ensuring compliance with all Health & Safety requirements during the assessment. Please confirm : a. You can meet all the above RAP requirements and would accept YES a RAP if the option is offered to you? b. From what date the vehicle will be available for examination If 'YES' please provide the contact details for the person nominated to conduct the examination **V** Name : Phone Number : Email :

Continued overleaf ►

# SECTION D – DATA PROTECTION, DECLARATION AND SIGNATURE

**DATA PROTECTION** – We collect, use and store your personal data so that we can process your IVA 1H application form.

We may share your personal data if we have a lawful reason. For example as part of a criminal investigation or to prevent fraud. Find out more at www.gov.uk/dvsa/privacy.

#### **DECLARATION** –

I, the undersigned, declare that :

- If the vehicle is examined by the Remote Assessment Procedure (RAP), the requirements in Section C will be met.
- If the vehicle is examined by the Remote Assessment Procedure I accept that;
  - it may be subject to future inspection,
  - the issue of an Approval Certificate must not be taken as absolute evidence that the vehicle can legally be used on the road, as there may be other applicable requirements contained in other regulations.
- If using a Model Report, I agree to the conditions that apply to the compliance check arrangements described in the Guidance Notes that accompany this form.
- I have read and understand the IVA Cancellation and Amendment Policy.

I confirm that, to the best of my knowledge, all statements in this application are true.

Signature :	Date :	
Print Full Name :		

**Please Note : All 'Declaration' sections above must be completed.** A **typed 'Signature'** is acceptable if sending your form electronically.

#### If you have not provided a statement of compliance from the vehicle manufacturer of 'Stage 1', please now complete ANNEX A

# ANNEX A

This application is required to be supported by evidence of Directive compliance. Please indicate what evidence is being provided in respect of the items listed. The mandatory evidence of compliance listed in the Annex (Section 1) is applicable to a vehicle having a date of manufacture of 29<sup>th</sup> April 2009 onwards.

Vehicles having a date of manufacture before this date are required to meet the 'Age Related IVA' criteria as given in the Individual Vehicle Approval (IVA) inspection manual for vehicle categories N2 and N3. Where this application is made for a vehicle having an 'incomplete' EC Certificate of Conformity, it will be necessary to demonstrate by original evidence from the manufacturer (e.g. a statement of Directive Compliance) which Directives are included within the approval to which the certificate relates.

As an alternative to compliance with the listed Directives, evidence of compliance with the comparable ECE Regulations will be acceptable.

Note: For assessment purposes, an authorised copy of the evidence of compliance will be acceptable in most cases.

#### PLEASE NOTE : YOU MUST PRODUCE THE ORIGINALS AT THE TIME OF TEST OR EVIDENCE THAT THE INFORMATION ORIGINATED FROM THE MANUFACTURER
