## what you're studying

### 5.1 Course details

Your course details will be shown on your Learning and Funding Information letter. You can apply for an Advanced Learner Loan for eligible courses at Level 3-6, which includes A Levels, Access to HE Diplomas and Vocational Qualifications.

You can have up to a maximum of four Advanced Learner Loans. If your courses start on or after 1 August 2016, you can take all of your loans at the same time.

For A levels, you can apply for up to four loans to cover the cost of your A level programme. However, if your A levels are undertaken by studying AS learning aims followed by A Levels, you can also apply for up to four loans for the AS learning aims. This means you can get up to 8 loans to undertake your A level programme.

If you're unsure of your course details you should confirm these with your college or training organisation. If you give incomplete or incorrect information we will not be able to confirm you're studying an eligible course and won't be able to pay your college or training organisation until we have the correct details.

Please note, loans taken to cover the cost of your A Level programme, up to a maximum of eight, will be treated as one single loan from your maximum entitlement of four Advanced Learner Loans.

**5.1.1 Start date**

The start date and end date of your course will be agreed in advance with your college or training organisation. This will be set out on your Learning and Funding Information Letter. You must be aged 19 or over on the start date of your course to receive a loan. The start date and end date of your course will be used to work out the monthly loan payments we'll make to your college or training organisation. The duration of your course must be within the maximum time period allowed for your course. The end date of your course is the date we expect you to finish your course and will determine when you begin repaying your loan.

**5.1.2 End date**

The start date and end date of your course will be agreed in advance with your college or training organisation. This will be set out on your Learning and Funding Information Letter. You must be aged 19 or over on the start date of your course to receive a loan. The start date and end date of your course will be used to work out the monthly loan payments we'll make to your college or training organisation. The duration of your course must be within the maximum time period allowed for your course. The end date of your course is the date we expect you to finish your course and will determine when you begin repaying your loan.

**5.1.3 College or training organisation fee amount**

You should enter the **total** fee amount including VAT, if applicable, being charged by your college or training organisation for your course. This is shown on your Learning and Funding Information Letter.

## 6 your loan request

### 6.1 Loan amount

You can decide to take a loan to cover the full fee amount being charged, or choose to pay all or part of the fee yourself. It's important you consider your own circumstances and look into all options for paying for your course before choosing to take out this loan. You can get impartial money advice from Money Helper at [www.moneyhelper.org.uk/en](http://www.moneyhelper.org.uk/en)

The amount you can get depends on your course, the fees charged by your college or training organisation and maximum loan amounts set by the government.

The fee charged by your college or training organisation may be less than the maximum loan amount available for your course. In this case you'd only need a loan to cover the amount being charged. For example, if the government maximum loan amount for your course is £1000 but your college or training organisation is charging you £800, you can take out a loan for £800 to cover the fee being charged.

Usually, the minimum loan you can apply for is £300. If your college or training organisation is charging less than £300, you should complete your application and we'll work out your eligibility.
