

EXPORT OF CAPTIVE BIRDS, INCLUDING PIGEONS AND DOVES, TO THE PHILIPPINES

NOTES FOR THE GUIDANCE OF THE OFFICIAL VETERINARIAN

1. Scope of the certificate

Export health certificate 3674EHC may be used for the export of captive birds, including pigeons and doves, from the United Kingdom to the Philippines.

2. Certification by an Official Veterinarian (OV)

This certificate may be signed by an OV appointed by the Department for Environment, Food and Rural Affairs, the Scottish Government, Welsh Government or the Department of Agriculture, Environment and Rural Affairs (DAERA) Northern Ireland, who is on the appropriate panel for export purposes or who holds the appropriate Official Controls Qualification (Veterinary) (OCQ(V)) authorisation.

The health certificate must be signed and stamped with OV stamp in any colour **OTHER THAN BLACK**.

Certified Copy Requirements – England, Wales and Scotland

Guidance concerning return of certified copies of EHCs has changed and only specific certified copies are required to be returned to the APHA. Certifying OVs must return a certified copy of EHCs only for the following EHC types:

- if the exported commodity is cattle, pigs, sheep, goats or camelids;
- if the certificate was applied for manually and the application documents have been emailed to APHA and not applied for via the Exports Health Certificates Online (EHCO) system.

Certified copies should be emailed on the day of signature to the Centre for International Trade Carlisle (CITC) at the following address:
certifiedcopies@apha.gov.uk

For certificates that have been issued to the Certifying OV via the EHCO system, the Certifying OV must complete the certifier portal with the status of the certificate and the date of signature.

A copy of all EHCs and supporting documentation certified must be retained for two years.

Certifying OVs are not required to return certified copies of other EHCs issued, however CITC may request certified copies of EHCs and supporting documentation in order to complete Quality Assurance checks or if an issue arises with the consignment after certification.

DAERA Export Health Certificates: provision of certified copies

Authorised Private Veterinary Practitioners (aPVPs) certifying DAERA Export Certification On-Line (DECOL) produced EHCs must return a legible, scanned copy of the final EHC to the relevant DAERA Processing Office within 1 working day of signing.

Good quality photographic copies will be accepted by the Department where obtaining a scanned copy is not feasible – for example, where 'on site' certification is undertaken and scanning facilities are not available.

For record purposes, a copy of the final Export Health Certificate and associated Support documents should be retained by the aPVP for a period of 2 years from the date of certification.

The Department will carry out periodic audits of all aspects of export certification to ensure that a high standard of certification is being maintained.

3. **Clinical inspection**

The inspection referred to at IV a) must be carried out within 10 days of the date of export.

4. **Notifiable Disease Clearance**

Paragraphs IV d) refers. This paragraph may be certified provided the Official Veterinarian has received written authority (Form 618NDC) which will be sent to them by the APHA Centre for International Trade in Carlisle, or for Northern Ireland, from the issuing office in Northern Ireland.

This can be certified on condition that no outbreak of Newcastle Disease (ND) or Highly Pathogenic Avian Influenza (HPAI) has been confirmed at the premises of origin within the past 6 months, nor is the premises in an area subject to restrictions for ND or HPAI.

The "area" refers to the 'third administrative territory' as shown on the WOAH-WAHIS information portal premises, corresponding to the district or equivalent throughout the UK; all farms and hatcheries must be outside of an area that has an infected premises, until the final end date as entered onto WAHIS for any outbreaks in that area. Note that this does not require resolution of the entire WAHIS event, which may include outbreaks in another area.

5. **Disclaimer**

This certificate is provided on the basis of information available at the time, and may not necessarily comply fully with the requirements of the importing country. It is the exporter's responsibility to check the certificate against any relevant import permit or any advice provided by the competent authority in the importing country. If these do not match, the exporter should contact the APHA Centre for International Trade, Carlisle or DAERA, via the link or e-mail address below:

<https://www.gov.uk/guidance/contact-apha>
DAERA - Email: vs.implementation@daera-ni.gov.uk

6. **Welfare**

Exporters and transporters must comply with all the legislation for the welfare of live animals during transport. The welfare conditions required during transport, are set out in Council Regulation EC No 1/2005 (as retained), implemented in England by The Welfare of Animals (Transport) (England) Order 2006, with parallel legislation in Scotland and Wales.

If transported by air, animals should also be transported in accordance with International Air Transport Association (IATA) standards.

Information about welfare during transport in Great Britain and the necessary requirements can be obtained from the Animal and Plant Health Agency:

Welfare in Transport Team
Centre for International Trade
Eden Bridge House, Lowther Street
Carlisle, CA3 8DX
