

Attachment 4: Obstructive Parking

The following pages contain photos of cars which were parked obstructively, within a range of 150m of the site, on observed days in May 2025. These include:

- Parking across a dropped kerb
- Parking unsafely on a corner or double yellow lines
- Parking in a disabled space without a Blue Badge
- Blocking a residential driveway

Note that the locations of the majority of the dropped kerbs are shown in the applicant’s street maps (contained in his Technical Note on Street Parking Stress Surveys Appendix 2).

However, his maps do not show:

- Disabled parking space with dropped kerb outside 3 Belvedere Road
- Disabled parking space outside 5 Belvedere Road

so I have included pictures of these (unobstructed) below if needed for checking location.

The following table provides an index of all photographs, dates and times. JPEGs are available on request.

Please note that I do not live on Belvedere Road; photos were only taken on occasions when I walked down the road during this period, which I do not do every day.

However,, each time I walked down these roads during this period there was at least one incidence of obstructive parking, so the absence of photos on any date shows that I did not walk down the road on that date, not that all parking was valid.

Objection to S62A/2025/0101 7 Belvedere Road, Westbury Park, Bristol, BS6 7JG
Attachment 4: Obstructive Parking

All dates are in 2025

Photo No.	Date	Time	Issue
