ANIMAL HEALTH CERTIFICATE FOR GIANT ANTEATER (*Myrmecophaga tridactyla*) INTENDED FOR EXPORT FROM GREAT BRITAIN TO FRANCE

Certificate Unique Identification Number:

(This number should be copied to the French template certificate)

Name of Importer:

Address Importer:

This page serves solely as a cover that can be issued via the Export Health Certificate Online (EHCO) system to generate a unique certificate reference number. This number must be entered on the French issued template certificate. The health certificate will be provided by the French authorities on a case-by-case basis for individual consignments. Exporters must obtain an import authorisation and the associated health certificate template from the importer or the party to whom the import permit or licence has been issued by the French authorities.

This cover page does NOT accompany the consignment. The completed French certificate must accompany the consignment.

A copy must be retained and electronically uploaded via the EHCO system.
