

Examples of when the new five-year accreditation period for the Specialist Quality Mark will apply to applications for accreditation and reaccreditation

Overview

From 1 October 2025, the Specialist Quality Mark (SQM) accreditation period will be increasing from 3 years to 5 years. The new accreditation period will apply to any SQM where a Pre-Quality Mark Audit or Post-Quality Mark Audit takes place on or after 1 October 2025. SQM accreditation awarded or renewed in these circumstances will last 5 years instead of 3 years.

This document provides worked examples of when the new 5-year accreditation period does and does not apply to help individuals understand these rules.
