1624	A great addition to the UK	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	UDX has been incredibly appreciative of the very warm welcome it has received and has been delighted by the enthusiasm and overwhelmingly positive responses provided throughout the engagement period. Collaboration and community engagement are at the core of any new experience UDX creates and it is thankful for all the engagement and feedback so far.
3587	A new UK theme park	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
3605	fun!!!!	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
3634	People to have fun	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
3635	A resort and exciting experience unlike anything else in the UK	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
3657	I love Universal!	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
3727	UNIVERSAL UK!!!!!!	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
102	Great for the uk, and a world class theme park brought to our shores. Something the uk sadly Lacks Alton Towers is the closest thing we have.	Would you support a potential park and resort coming to this site? Please explain why.	
1086	I want a theme park	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?	
115	I believe this project will be so beneficial to the future growth of Bedford, and the surrounding area, both for current and future generations.	Would you support a potential park and resort coming to this site? Please explain why.	
729	I am Bedford born and bred, ,my father spend his entire life in Bedford, as did his parents. He worked in engineering from the age of 14 and was one of the first to be made redundant in XX when it was unheard of. I want Bedford to be worth visiting again for many reasons, work, fun, education and I believe that this opportunity you have will do that for the area.	Would you support a potential park and resort coming to this site? Please explain why	
2038	Press go, green light the park please!	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?	
4418	I just really want a universal studios in the UK	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
4956	Somewhere fun to escape life	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
4958	Enjoyment of world class facility.	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
145	It would be fantastic to see a universal in the UK and not far from my home. The only thing we'd need to make sure is that it is equally as good or better than the U.S parks.	Would you support a potential park and resort coming to this site? Please explain why.	

3802	Rides!	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?	
543	Having a Universal theme park in the UK	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
2539	Bedford town needs uplifting	Should we proceed with this development we would also help to facilitate a number of significant local infrastructure upgrades. Which of the following do you think is most important?	
1216	Creating competition for UK theme parks. The UK theme park industry is currently stagnant.	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
1235	Providing a world-class theme park	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
1481	Competition for merlin entertainments	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
1703	Being a top destination to revisit	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
1708	An actual universal park in the uk	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
3306	To create an outstanding world class themepark/resort in uk	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
110	We wish you all the luck with this project, we would support and visit this as well, as friends and family from around the world coming to visit us and the new theme park.	Please share any other feedback you have at this stage.	
119	Full support .	Please share any other feedback you have at this stage.	
126	This is so exciting. Please don't let the politicians f*** it up. Bedford needs this!	Please share any other feedback you have at this stage.	
127	I hope it goes ahead and can use one of the lakes in the area. A great asset for Bedford and its road and rail links make it a very good location.	Please share any other feedback you have at this stage.	
3227	having a world class attraction locally in the UK	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
3212	Awesomeness	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
3105	A world class amenity that local people will find it easier to enjoy than current options	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
3128	With Universal coming to Bedford it will give the area a huge boost	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
3068	Giving people in the UK a chance to experience movies and entertainment in a whole new different way.	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
4897	I don't mind as long as we have universal in Bedford	Should we proceed with this development we would also help to facilitate a number of significant local infrastructure upgrades. Which of the following do you think is most important?	
130	I would be really excited if this came true	Please share any other feedback you have at this stage.	

2999	Improving the general state of the country which rarely received this scale of investment for entertainment.	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?
141	I really hope this happens	Please share any other feedback you have at this stage.
108	None, build it as soon as possible	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?
143	Please go ahead with the project, I think it will be a massive improvement to the UK	Please share any other feedback you have at this stage.
144	The overwhelming feedback I hear from everyone is bring it on!	Please share any other feedback you have at this stage.
146	Good luck and hope this project goes through Thank you for considering our neighbourhood for such a massive undertaking	Please share any other feedback you have at this stage.
134	I am so glad about this project	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?
2246	All of the above but just to have a world class theme park.	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?
2347	Creating an entertaining theme park	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?
2156	Bringing joy to the local communities	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?
2038	Press go on the park!	Please share any other feedback you have at this stage.
161	I am in support of this project and can see the positive impact this will have on the local community and economy.	Please share any other feedback you have at this stage.
168	Universal in the UK would be fantastic for the local economy and I would be so proud to have a site so close to where I live.	Please share any other feedback you have at this stage.
171	Very excited at the prospect of this park.	Please share any other feedback you have at this stage.
175	It is immensely exciting to see Universal are planning to operate in the UK. Their unique offering of excellent design, presentation, theming and advances in the F&B sector will be a huge boon to the UK. It'll be exciting for UK creative designers to be able to help with the product and for the park to present unique UK IPs in an incredibly detailed way. I hope this project can be completed as it'll make the UK be a worldwide destination for so many people!	Please share any other feedback you have at this stage.
176	Brilliant idea for the area I cannot wait if it goes ahead	Please share any other feedback you have at this stage.
179	Please build your park as soon as possible	Please share any other feedback you have at this stage.
196	Build it and they shall come!	Please share any other feedback you have at this stage.
198	I am extremely excited for the potential. I love visiting universal Orlando so much but with restrictions in family budgets, being able to travel abroad is becoming more difficult but with the potential for a uk park this will make things much more affordable for uk families that might not be able to do so now.	Please share any other feedback you have at this stage.
202	Go ahead with the Thame Park!!	Please share any other feedback you have at this stage.
203	It would be devastating if this doesn't happen.	Please share any other feedback you have at this stage.
208	Please please consider moving forward with this project. Also, if you are to move forward I feel that an Instagram or social media page would be great for people to follow the progression of the project and to also build hype and a customer base.	Please share any other feedback you have at this stage.
209	If built, this can only be positive.	Please share any other feedback you have at this stage.
219	Excited for any development going forward, thanks for considering the uk	Please share any other feedback you have at this stage.
221	This is very exciting news and look forward to visiting Universal Studios GB once completed can't wait! Hope this project goes ahead.	Please share any other feedback you have at this stage.

234	We are 100% behind this project and went to both Stewartby and Bedford College engagement events. Please come to Bedford!!	Please share any other feedback you have at this stage.
237	I sincerely hope this project goes ahead. I wish you well with it.	Please share any other feedback you have at this stage.
240	I wholeheartedly support this project and sincerely hope it goes ahead.	Please share any other feedback you have at this stage.
241	I think this is a great idea. It will boost the community, help get jobs, it will be exciting and new.	Please share any other feedback you have at this stage.
253	I really hope the project goes ahead	Please share any other feedback you have at this stage.
256	Excited and hopeful for this project to go ahead! Finally having an affordable universal option would be incredible for our family and many many others	Please share any other feedback you have at this stage.
257	Excited	Please share any other feedback you have at this stage.
260	Everyone I have spoken to is positive about this and hopes it goes ahead. It's exciting!	Please share any other feedback you have at this stage.
273	I am looking forward to hopefully visiting this park one day.	Please share any other feedback you have at this stage.
278	Please please please build at this site! Would be a dream come true!	Please share any other feedback you have at this stage.
282	Really hope this goes ahead.	Please share any other feedback you have at this stage.
280	Generally I think this is a great idea and I (and all those I have spoken to) are very excited to see this come to fruition.	Please share any other feedback you have at this stage.
286	I'm fully behind this - I really hope you decide to go ahead and take into account just how viable the location is and how much benefit you will get from this location but also, the benefit it will bring to local business and the area in general	Please share any other feedback you have at this stage.
293	Please build this park and please have a wizarding world!!!!	Please share any other feedback you have at this stage.
294	I think the silent majority support the plan. So hope all the complex negotiations can be made to see it progress	Please share any other feedback you have at this stage.
306	I fully support development of this site and wish you well in your endeavours to build the theme park. I hope to visit soon with my family	Please share any other feedback you have at this stage.
308	The UK should welcome Universal with open arms and I hope it does.	Please share any other feedback you have at this stage.
311	Please go ahead with it!	Please share any other feedback you have at this stage.
316	I fully support the proposal. I cannot wait to visit when open! Good luck!	Please share any other feedback you have at this stage.
317	I feel the community as a whole is very excited and hope it comes to fruition!	Please share any other feedback you have at this stage.
318	Great idea, hope it's coming soon	Please share any other feedback you have at this stage.
325	I do hope this project proceeds in a timely manner.	Please share any other feedback you have at this stage.
326	Excited about the opportunities it will bring, although I'm well past the time I will benefit (I'm 60), the fact it will create a good opportunity for my grandchildren.	Please share any other feedback you have at this stage.
337	Excited to see what happens	Please share any other feedback you have at this stage.
338	Some say we have poor weather here (well actually we kinda do) and bad food but we do love our theme parks. Universal Studios would definitely be welcome here	Please share any other feedback you have at this stage.
344	Very positive about it and I think the local community will be supportive and keen.	Please share any other feedback you have at this stage.
347	Praying this goes ahead!	Please share any other feedback you have at this stage.
351	I think you should go ahead with the resort	Please share any other feedback you have at this stage.
352	I think you should go ahead with it!	Please share any other feedback you have at this stage.
357	It's a very exciting project that I hope goes ahead.	Please share any other feedback you have at this stage.
363	It's a unanimous YES from our household of 7! And general consensus from locals is all positive! ðŸ™•	Please share any other feedback you have at this stage.
369	I fully support this and hope it happens. It'll be wonderful	Please share any other feedback you have at this stage.
397	100% support	Please share any other feedback you have at this stage.
386	cannot wait!	Please share any other feedback you have at this stage.
392	The UK welcomes you....I really hope this goes ahead.....PLEASE.....!!!!	Please share any other feedback you have at this stage.
382	No other feedback, however I wish the UDX team the greatest success possible with this potential project!	Please share any other feedback you have at this stage.
383	Extremely excited to think this could become a reality over the coming years and sincerely hope the project goes ahead. Bedfordians would welcome Universal parks with open arms.	Please share any other feedback you have at this stage.
395	Interested and excited to hear more about what might happen in the future. Look forward to seeing it progress.	Please share any other feedback you have at this stage.
419	Please say yes to this project! Looking forward to any future news	Please share any other feedback you have at this stage.
438	No feedback, just good luck and I hope you decide to build this!	Please share any other feedback you have at this stage.

443	Please please let's have a Universal UK, exciting is a understatement. WOW Get building ASAP	Please share any other feedback you have at this stage.
447	I hope you success in your plans.	Please share any other feedback you have at this stage.
450	Very excited for the possibilities this resort could bring to the local area and the rest of the UK.	Please share any other feedback you have at this stage.
467	I fully support this project and I wish you the best of luck.	Please share any other feedback you have at this stage.
472	I fully support this scheme	Please share any other feedback you have at this stage.
477	Sign me up for an annual pass! I would really like to get involved with this project on a professional level asap and hope it goes ahead.	Please share any other feedback you have at this stage.
533	please go ahead with the project δY~δY~δY~	Please share any other feedback you have at this stage.
553	Please go ahead !!!	Please share any other feedback you have at this stage.
554	Please do it, I know I would look to come to the park on a yearly basis as a minimum, and cannot wait to see it flourish into fruition.	Please share any other feedback you have at this stage.
572	100% Support this project	Please share any other feedback you have at this stage.
573	Please build:)	Please share any other feedback you have at this stage.
575	I think this is fantastic for Bedfordshire and the UK, I am fully supportive of this	Please share any other feedback you have at this stage.
576	I think this is such an exciting thing to happen to this area and I am very hopeful it goes ahead.	Please share any other feedback you have at this stage.
594	Please go ahead with this project. Win win for Universal and UK!	Please share any other feedback you have at this stage.
606	Fingers crossed. Thank you to all of you who are working on this project.	Please share any other feedback you have at this stage.
598	We really hope that this project goes ahead and Universal can show Merlin how a theme park should be built and run.	Please share any other feedback you have at this stage.
589	I really hope that this goes ahead	Please share any other feedback you have at this stage.
581	Go ahead and build this theam park	Please share any other feedback you have at this stage.
579	Highly support project- everyone seems incredibly excited about it	Please share any other feedback you have at this stage.
607	I literally have everything crossed for this to happen. To have a world class theme park less than half an hour away from me would be amazing. Hopefully Horror nights would be part of the package too	Please share any other feedback you have at this stage.
4958	Get it done!	Please share any other feedback you have at this stage.
4960	Looking forward to a positive decision for Universal to come to Bedford !	Please share any other feedback you have at this stage.
4952	Excited to see this project progress	Please share any other feedback you have at this stage.
4943	Please go ahead with this.	Please share any other feedback you have at this stage.
4944	Just do it, Please	Please share any other feedback you have at this stage.
4948	I am sure you will find the people of Bedford and North Bedfordshire not only welcoming and enthusiastic, but also keen to work with and for you to ensure decent returns on your investment, which will, as a side-effect, benefit the town and the area.	Please share any other feedback you have at this stage.
4933	I am fully behind this project and wish you all the best.	Please share any other feedback you have at this stage.
4934	I so hope this will happen!	Please share any other feedback you have at this stage.
4913	Thank you again for considering building a park here!	Please share any other feedback you have at this stage.
4914	Please build it!	Please share any other feedback you have at this stage.
4872	Excited to see how this develops :)	Please share any other feedback you have at this stage.
4873	Hope this all goes ahead :)	Please share any other feedback you have at this stage.
4906	I wish you ever success and look forward to being able to support the park and visit with my children!	Please share any other feedback you have at this stage.
4907	Fingers crossed all goes well and construction begins	Please share any other feedback you have at this stage.
4956	I'm really excited for this project. It's a place I've always wanted to visit and to have it on my doorstep would be fantastic.	Please share any other feedback you have at this stage.
4925	We are excited to watch this project unfold.	Please share any other feedback you have at this stage.
4928	Love this project and I really hope it happens. More indoor rides to keep it running year round and so the weather won't close it. Local discount opportunities.	Please share any other feedback you have at this stage.
4772	Go for it.	Please share any other feedback you have at this stage.
4775	Please do this. Everyone I've spoken to locally is so excited!	Please share any other feedback you have at this stage.
4777	Excited at the prospect of this project.	Please share any other feedback you have at this stage.
4739	Looking forward to seeing it happen. Good luck	Please share any other feedback you have at this stage.
4741	Please do this.	Please share any other feedback you have at this stage.

4753	Hoping this will come to the land. Really love universal parks!	Please share any other feedback you have at this stage.
4755	Very exciting - fully support this happening and really hope it does!	Please share any other feedback you have at this stage.
4818	Please make this happenδΥ™ЄδΥ•	Please share any other feedback you have at this stage.
4820	I think this is a great idea, and although I live around 40 minutes drive away, with the right development and ongoing support this project has the potential to be a great attraction in the south of England.	Please share any other feedback you have at this stage.
4813	Nothing more other than excitement at this stage!	Please share any other feedback you have at this stage.
4814	Please get this done. The overwhelming majority want this and we'd be so grateful to have you build another piece of happiness locally	Please share any other feedback you have at this stage.
708	Please make it so.	Please share any other feedback you have at this stage.
709	DO IT	Please share any other feedback you have at this stage.
713	Build it!	Please share any other feedback you have at this stage.
714	Just make sure you build it!!! We need it here.	Please share any other feedback you have at this stage.
715	I hope this goes ahead. I wish you best of luck with everything.	Please share any other feedback you have at this stage.
716	Please, Please, Please build this theme park.	Please share any other feedback you have at this stage.
695	Let's get this done	Please share any other feedback you have at this stage.
687	Please bring this potential project forward, it would be excellent.	Please share any other feedback you have at this stage.
699	Looking forward to a great theme park	Please share any other feedback you have at this stage.
733	Go for it!	Please share any other feedback you have at this stage.
738	Really hope this gets the go ahead, and looking forward to saying hello to Universal Studios in Bedford.	Please share any other feedback you have at this stage.
739	Just do it asap Fantastic news	Please share any other feedback you have at this stage.
746	Amazing opportunity, can't wait for it to be built	Please share any other feedback you have at this stage.
751	We really want this theme park to go ahead!	Please share any other feedback you have at this stage.
766	Super excited to see this come to fruition	Please share any other feedback you have at this stage.
768	WONDERFUL EXCITING AND PROGRESSIVE... PLEASE COME	Please share any other feedback you have at this stage.
769	Do it! δΥ•	Please share any other feedback you have at this stage.
784	Good luck	Please share any other feedback you have at this stage.
786	I welcome the idea as a local home owner	Please share any other feedback you have at this stage.
790	Get the green light.	Please share any other feedback you have at this stage.
791	Myself along with many others who live and work locally to the proposed development are very excited at the possibilities this venture would bring to the area. Fingers crossed that you decide to go ahead with it.	Please share any other feedback you have at this stage.
794	Love the idea and plans. Hopefully it all goes ahead...please	Please share any other feedback you have at this stage.
795	Please come to the UK!!!	Please share any other feedback you have at this stage.
806	Just do it	Please share any other feedback you have at this stage.
809	Please build this park :)	Please share any other feedback you have at this stage.
810	Very excited to see this project come to fruition, and would support it 100%. The UK is long overdue a world-class theme park of this scale and calibre and the Bedford location is ideal for maximum catchment and accessibility from all parts of the UK.	Please share any other feedback you have at this stage.
823	Really positive, looking forward to this so much!	Please share any other feedback you have at this stage.
835	I would thoroughly love to see this project go ahead and would be thrilled to experience everything it has to offer. We'd certainly be signing up for annual passes too!	Please share any other feedback you have at this stage.
837	please build it!!	Please share any other feedback you have at this stage.
841	I think we need this project.	Please share any other feedback you have at this stage.
844	Please let me know how I can support lol. Good luck	Please share any other feedback you have at this stage.
857	How wonderful this would be!	Please share any other feedback you have at this stage.
859	PLEASE BUILD THIS PARK! :-)	Please share any other feedback you have at this stage.
862	I really hope that this project goes ahead.	Please share any other feedback you have at this stage.
864	Please go ahead to make this happened	Please share any other feedback you have at this stage.
872	I could not be more behind this project ! lets do this !	Please share any other feedback you have at this stage.
875	This is very exciting!	Please share any other feedback you have at this stage.
890	I think i have said it all but once again this just HAS to happen. The government would be foolish not to back it.	Please share any other feedback you have at this stage.

892	I would love for you to build the theme park!	Please share any other feedback you have at this stage.
895	Wholly supportive of the park and the opportunities it could bring.	Please share any other feedback you have at this stage.
978	Build this resort!	Please share any other feedback you have at this stage.
943	Please do it!	Please share any other feedback you have at this stage.
946	Please go ahead with the project, I am 100 percent backing this. Also thank you for the coffees and cakes they were spot on ðŸ˜ƒ	Please share any other feedback you have at this stage.
949	excellent plan	Please share any other feedback you have at this stage.
951	I would be very excited to see this project go ahead! There is overwhelming support from everyone I have talked to about it.	Please share any other feedback you have at this stage.
972	i really hope this project goes ahead	Please share any other feedback you have at this stage.
4923	It sounds like a fantastic project and I really hope it goes ahead, the UK would be a great place for a Universal resort!	Please share any other feedback you have at this stage.
4921	I think it's amazing that Bedford has been chosen as the site of universal studios and believe it will have huge positive impact on our town and community as a whole.	Please share any other feedback you have at this stage.
4890	UK has and is a Major place where films, stories and history come together. Universal Studios would be the icing on the cake.	Please share any other feedback you have at this stage.
4896	Fingers crossed this goes ahead as it will create so much opportunities for people in the local area and I would love it!	Please share any other feedback you have at this stage.
4899	I am looking forward to hearing about the development	Please share any other feedback you have at this stage.
4882	Me and my family are very excited by the prospect of a universal theme park right on our doorstep and look forward to it opening!	Please share any other feedback you have at this stage.
4887	Can you hurry up we are getting old lol	Please share any other feedback you have at this stage.
4879	I fully support this proposal. I live in Kempston and would welcome such a boost to the local area	Please share any other feedback you have at this stage.
4869	I'm looking forward to hearing further news and hopefully confirmation the project is going ahead!	Please share any other feedback you have at this stage.
4859	I would very much welcome the establishment of the park in Bedford.	Please share any other feedback you have at this stage.
4860	News of possible theme park has been err universally lauded. Not heard one voice of dissent.	Please share any other feedback you have at this stage.
4853	Make it happen guys!	Please share any other feedback you have at this stage.
4849	Absolutely all for this project and wish Universal Studios every success with it now and in future.	Please share any other feedback you have at this stage.
4843	Exciting project and look forward to it going ahead	Please share any other feedback you have at this stage.
4837	Get started	Please share any other feedback you have at this stage.
4830	Very excited to see how it develops	Please share any other feedback you have at this stage.
4808	Agree, Bedford is the perfect place. I hope you decide to go ahead and move to our beautiful town!	Please share any other feedback you have at this stage.
4809	I fully support this project and am excitedly hoping to be employed on site in the future.	Please share any other feedback you have at this stage.
4810	This a great location with good transport links (airport, motorway, train) close to London.	Please share any other feedback you have at this stage.
4826	Very exciting for the area.	Please share any other feedback you have at this stage.
4795	Please build the resort as it will bring a much needed uplifting feel to the local area	Please share any other feedback you have at this stage.
4797	Please keep working hard and help make this dream a reality! Many of us have your back and have faith that you can make this a reality!	Please share any other feedback you have at this stage.
4784	Will be great for the Town and Local area	Please share any other feedback you have at this stage.
4788	I really hope this goes ahead and look forward to using the facility many times	Please share any other feedback you have at this stage.
4762	It is a fantastic project and I look forward to supporting and watching its development!	Please share any other feedback you have at this stage.
4763	This is an amazing project that will definitely give the people of Bedford something to look forward to and believe the town is fully behind the proposal.	Please share any other feedback you have at this stage.

4765	Its great to see that Universal are looking closely at investing in Bedford, I am sure that the company will get all the key backing it needs in the UK from Government, Local Council etc, and that the vast majority of those living in the local area will support it. There will no doubt be a huge interest accross the uk. Happy to be contacted if I can be of any further help in the future.	Please share any other feedback you have at this stage.
4768	This would be a great opportunity for the British public and I feel it will be very successful.	Please share any other feedback you have at this stage.
4744	I 100% support this project and think it would massively benefit the whole of the UK	Please share any other feedback you have at this stage.
4726	That is super exciting news! And i hope that plans will go ahead!	Please share any other feedback you have at this stage.
4728	I'd welcome Universal to the UK.	Please share any other feedback you have at this stage.
4693	I'm fully behind this venture	Please share any other feedback you have at this stage.
4678	I hope this project will go ahead.	Please share any other feedback you have at this stage.
4688	Really hope that you chose this area to build your resort here.	Please share any other feedback you have at this stage.
4670	I'm excited about this opportunity and look forward to visiting the theme park once open	Please share any other feedback you have at this stage.
4635	I hope it goes ahead :-)	Please share any other feedback you have at this stage.
4646	I strongly support this project.	Please share any other feedback you have at this stage.
4619	Hoping this project comes off as will be so beneficial to the local area.	Please share any other feedback you have at this stage.
4625	Hurry up	Please share any other feedback you have at this stage.
4627	I really hope that the project goes ahead and look forward to a final decision being made	Please share any other feedback you have at this stage.
4607	I think it's an incredible idea, it'll open up passions for children they never knew they had. Whether it be a passion for riding on rollercoasters, a realisation of what they want to do when they grow up (engineering, or working within such an incredible establishment). It'll bring fun to this area, it'll bring excitement to the people of the UK. Lifelong memories will be made but I truly truly think it'll open a new and amazing world for the children. I visited universal studios for the first time in Orlando when I was around 5 years old (have been back many times) and walking through those gates each time makes me feel nostalgic and inspired at the same time. I work an extremely creative job and I'm sure my creativity started by books, then films, then theme parks. I have a 2 year old son now and I just love the thought of him having access to such an incredible place to not only have fun, but to potentially be a part of if creativity is the path he chooses, who knows!	Please share any other feedback you have at this stage.
4601	I think this is a great idea and just what we need here actually. I'm all in favour and really excited about the project.	Please share any other feedback you have at this stage.
4594	Please go ahead with the project. It would be incredibly exciting.	Please share any other feedback you have at this stage.
4587	We would very much welcome the resort and will support the project	Please share any other feedback you have at this stage.
4579	I'm very excited for this project and look forward to visiting the parks.	Please share any other feedback you have at this stage.
4580	Get started please!	Please share any other feedback you have at this stage.
4576	I and everyone I know emphatically supports this park!	Please share any other feedback you have at this stage.
4563	Good luck!	Please share any other feedback you have at this stage.
4564	Universal, please come to the UK everyone wants you here!	Please share any other feedback you have at this stage.
4566	I hope you get the go ahead and look forward to visiting	Please share any other feedback you have at this stage.
4570	Please go ahead! You have my support.	Please share any other feedback you have at this stage.
4555	Please build it	Please share any other feedback you have at this stage.
4556	I see universal as an exciting prospect to Bedford	Please share any other feedback you have at this stage.
4544	Please please go ahead with this.	Please share any other feedback you have at this stage.
4534	Great project. Please make it work!	Please share any other feedback you have at this stage.
4535	Exciting!	Please share any other feedback you have at this stage.
4525	I hope you go ahead!!	Please share any other feedback you have at this stage.
4518	cannot wait to have you here to be honest ðŸ™ˆ	Please share any other feedback you have at this stage.
4511	Please build a park at Bedford, it's very exciting prospect.	Please share any other feedback you have at this stage.
4514	I am really excited about Universal opening a park and resort and hope it goes ahead!	Please share any other feedback you have at this stage.
4503	This is nothing but exciting and brilliant news. I trust Universal to build to perfection. Bring on the next few years.	Please share any other feedback you have at this stage.

4714	This is an excellent project which I've seen only positive feedback for, the UK definitely supports this project!	Please share any other feedback you have at this stage.
4694	Just get the resort built and bring so much happiness to many through jobs and smiling faces.	Please share any other feedback you have at this stage.
4672	It is a good site, and Bedfordshire residents, are in the main, forward thinking and happy to make some sacrifices in the short term, for what should be a long term gain for us.	Please share any other feedback you have at this stage.
4675	Please come to Bedford with the new theme park.	Please share any other feedback you have at this stage.
4676	Having been to Universal in Florida the thought of it coming to the UK anywhere is just too exciting a prospect. It could encourage us to think big and emphasise importance of quality.	Please share any other feedback you have at this stage.
4649	Really excited and potentially life changing for many many people	Please share any other feedback you have at this stage.
4582	I and we are totally in support of this project to improve the area, the lifestyle of us all, improved infrastructure, and the opportunity of employment.	Please share any other feedback you have at this stage.
4568	Great initiative, please go ahead with it! Well needed injection of life into a wonderful and picturesque area. I know all the Bedfordians I speak to are ecstatic about this development coming to town. Do not be detered!	Please share any other feedback you have at this stage.
4557	I'm really glad that you are looking at the possibility of building a theme park in the UK. I hope you do go ahead with it and I am already looking forward to visiting once it is open!	Please share any other feedback you have at this stage.
4490	I wish you success in your plans and would love to see you build your park here.	Please share any other feedback you have at this stage.
4484	I think it's wonderful and look forward to it	Please share any other feedback you have at this stage.
4485	I am all for this project.	Please share any other feedback you have at this stage.
4486	Thank you for considering Bedford, good luck!	Please share any other feedback you have at this stage.
4477	I am so excited about Universal potentially building this park here, I hope and pray that you confirm that you are proceeding very soon!!!	Please share any other feedback you have at this stage.
4478	Just do it!	Please share any other feedback you have at this stage.
4467	I'm very excited and hopeful that the project will go ahead!	Please share any other feedback you have at this stage.
4470	Please build this park!	Please share any other feedback you have at this stage.
4471	Really hope this will go ahead.	Please share any other feedback you have at this stage.
4472	I just really hope you decide to go ahead with the project	Please share any other feedback you have at this stage.
1563	Good for The area	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?
4453	Very excited, welcome to the UK!!	Please share any other feedback you have at this stage.
4447	Very excited to see if this develops! Think it's an amazing idea	Please share any other feedback you have at this stage.
4456	We hope you come to Bedford!	Please share any other feedback you have at this stage.
4419	Please do this as it would be incredible and make so many people happy.	Please share any other feedback you have at this stage.
4429	Amazing opportunity- fully support it	Please share any other feedback you have at this stage.
4424	It's actually a very exciting venture and I'm sure if done with care and consideration for the local residents the project will be very much supported.	Please share any other feedback you have at this stage.
4407	I fully support this project and hope that it does go ahead	Please share any other feedback you have at this stage.
4403	I fully support this project, and very much hope it comes to fruition.	Please share any other feedback you have at this stage.
4396	Would love to see this go ahead!	Please share any other feedback you have at this stage.
4388	I am very supportive of this project, and look forward to seeing it progress.	Please share any other feedback you have at this stage.
4389	I really hope this project goes ahead, given all the previous failures of similar proposed theme park and resort projects in the UK and the inevitable disappoint for so many theme park fans in the UK.	Please share any other feedback you have at this stage.
4379	Good luck I hope you do move forward and create a wonderful environment for all.	Please share any other feedback you have at this stage.
4384	I am looking forward to the potential a park will bring especially with its optimal location for travel for locals and visitors. I would like to see the park feature more indoor spaces and attractions and covered walkways to maximise the parks appeal throughout all weathers as the UK is subject to very varied weather and frequent rain which causes major outdoor rides and attractions to struggle.	Please share any other feedback you have at this stage.

4361	Please bring this park to the UK.	Please share any other feedback you have at this stage.
4352	This sounds an interesting project and I'm looking forwards to hearing more about it.	Please share any other feedback you have at this stage.
4350	I am excited at the potential of this project for the area	Please share any other feedback you have at this stage.
4347	Looking forward to this going ahead - we wish you the best of luck.	Please share any other feedback you have at this stage.
4341	I am super excited about the project and am hoping very much that it will proceed.	Please share any other feedback you have at this stage.
4334	Good luck & welcome to Bedford (hopefully).	Please share any other feedback you have at this stage.
4329	I'm really encouraged by the news that Universal are exploring this opportunity. Wish you all the best, I hope it materialises - it'd be so beneficial to the local & wider area.	Please share any other feedback you have at this stage.
4330	Please build it?	Please share any other feedback you have at this stage.
4332	Every single local person I have spoken with so far is very excited about this potential development. We hope we can see a day when the word 'potential' gets replaced with 'Confirmed' and Universal and Bedfordshire create some magic in the town together.	Please share any other feedback you have at this stage.
4303	I would love to see this come to fruition and according to groups I am in, so would others.	Please share any other feedback you have at this stage.
4304	Go for it, and can I come a work with you	Please share any other feedback you have at this stage.
4311	Fully support. Sooner the better	Please share any other feedback you have at this stage.
4312	Generally, positive for the plans and what it would mean for the local area and jobs and to have a major attraction nearby. My concern is for the impact on house prices, as personally, my home is my biggest investment	Please share any other feedback you have at this stage.
4315	Thank you for considering us....	Please share any other feedback you have at this stage.
4316	I very much hope Universal go ahead with this project.	Please share any other feedback you have at this stage.
4297	This project would be most welcome	Please share any other feedback you have at this stage.
4278	If you build it, the people will come. In fact millions will come.	Please share any other feedback you have at this stage.
4274	It's great news! Universal comes close to Europe!	Please share any other feedback you have at this stage.
4255	I wish you all the best and you have my full support for the project!	Please share any other feedback you have at this stage.
4252	Very much on board with this project, looking forward to future updates.	Please share any other feedback you have at this stage.
4260	Please go ahead with this ^{oY™} *	Please share any other feedback you have at this stage.
4230	I fully support this park and think it'll be a great addition to the area.	Please share any other feedback you have at this stage.
4232	I really hope it goes ahead!	Please share any other feedback you have at this stage.
4221	yay themepark	Please share any other feedback you have at this stage.
4186	cannot wait for this project to begin	Please share any other feedback you have at this stage.
4189	Please move forwards with this. Then bring universal horror nights to the uk	Please share any other feedback you have at this stage.
4193	Please bring this to Bedford, we need it and the majority of us cannot wait for you to get started!	Please share any other feedback you have at this stage.
4214	How quickly can you get it done! We are very excited at this prospect	Please share any other feedback you have at this stage.
4203	I hope this project goes ahead, as a resident of Wixams this is something we have we waiting on for years !	Please share any other feedback you have at this stage.
4174	Please build it!	Please share any other feedback you have at this stage.
4164	Hope it will be built. Not like London resort which never happened. If you build. It will probably be one of the most successful parks you ever built look how dense our population is. 30 plus million within an hours journey???	Please share any other feedback you have at this stage.
4166	Super excited and hope you fo come to our area	Please share any other feedback you have at this stage.
4153	Please say YES and confirm yuh are going to open here!	Please share any other feedback you have at this stage.
4156	i am excited about the opportunities and cant wait for the next announcement and hope it goes forward.	Please share any other feedback you have at this stage.
4158	I do hope that this project does take place and I look forward to being a part of it.	Please share any other feedback you have at this stage.
4130	Look forward to this progressing!	Please share any other feedback you have at this stage.
4135	Looking forward to seeing this happen :)	Please share any other feedback you have at this stage.
4140	Really hope this goes ahead	Please share any other feedback you have at this stage.
4114	Very happy for this to go ahead	Please share any other feedback you have at this stage.
4093	Please do go ahead with it!	Please share any other feedback you have at this stage.
4243	I think it would be great if this goes ahead.	Please share any other feedback you have at this stage.
4240	Please make it a reality!	Please share any other feedback you have at this stage.

4226	Really hope this progresses and willing to help support in any ways possible	Please share any other feedback you have at this stage.
4196	This is an exciting potential development & one that I support, & a lot closer that Florida to enjoy a Universal theme park.	Please share any other feedback you have at this stage.
4181	If a decision is made to go ahead with this, I am pretty certain Universal Great Britain will be a very popular tourist attraction that will only expand and grow overtime. The British public already have a clear idea of who Universal are and the quality they deliver. This alone will drive a glowing future for something like this.	Please share any other feedback you have at this stage.
4145	Really looking forward to the prospect of this! Just hope it happens in my lifetime so I can enjoy it with everyone else!	Please share any other feedback you have at this stage.
4095	Please hurry, we can't wait to visit :)	Please share any other feedback you have at this stage.
4099	It has my conditional support and is exciting	Please share any other feedback you have at this stage.
4078	Very much looking forward to hearing about your plans	Please share any other feedback you have at this stage.
4081	Please bring forward the scheme in as sympathetic and expeditious way as possible.	Please share any other feedback you have at this stage.
4082	PLEASE GO AHEAD	Please share any other feedback you have at this stage.
4084	Looking forward to have such parks in UK	Please share any other feedback you have at this stage.
4085	Looking forward to welcoming Universal	Please share any other feedback you have at this stage.
4072	Please get started quickly! δΥ „	Please share any other feedback you have at this stage.
4075	I can only hope the project is a go. Good luck	Please share any other feedback you have at this stage.
4064	Excited for the future.	Please share any other feedback you have at this stage.
4055	Please build it	Please share any other feedback you have at this stage.
4058	I would definitely support the potential park and resort coming to this site.	Please share any other feedback you have at this stage.
4043	Please do the park it will be amazing	Please share any other feedback you have at this stage.
4039	Please make it happen	Please share any other feedback you have at this stage.
4042	I am very excited for this project to proceed and think the benefits will outweigh the disruption during both construction and operation.	Please share any other feedback you have at this stage.
4037	Really excited at the thought of this going ahead.	Please share any other feedback you have at this stage.
4034	I watch this project with interest	Please share any other feedback you have at this stage.
4020	excited to see it develop	Please share any other feedback you have at this stage.
4019	Looking forward to seeing your project succeed. It will be a great gift for those of us who live here.	Please share any other feedback you have at this stage.
4014	I think the proposals look very positive and I would love this project to go ahead. I think this is a brilliant thing for the area and to create opportunities for my children's future	Please share any other feedback you have at this stage.
4015	I hope you go ahead. It will be a fantastic initiative for the area and the whole country	Please share any other feedback you have at this stage.
4016	Looking forward to hearing of the development in the future! Exciting times!	Please share any other feedback you have at this stage.
4007	A great scheme, that I hope becomes a reality.	Please share any other feedback you have at this stage.
4006	I hope Universal Studios does give the green light for this to happen and hope the area is suitable for this to happen	Please share any other feedback you have at this stage.
3978	This will be very welcome	Please share any other feedback you have at this stage.
3944	Please just build it. I know it will be fantastic. You have my full support.	Please share any other feedback you have at this stage.
3946	I think this project is a fantastic idea and an amazing opportunity to bring a purpose back to a forgotten area of land.	Please share any other feedback you have at this stage.
3947	Please go ahead, this is fantastic!	Please share any other feedback you have at this stage.
3950	I fully support this project and would love to see this come together. I'm happy for you to contact me if you have any queries about my answers or need local supporters for future moments.	Please share any other feedback you have at this stage.
3956	Very exciting project and I look forward to seeing the development progress	Please share any other feedback you have at this stage.
3958	I think it's great news and we are very excited!	Please share any other feedback you have at this stage.
3961	We look forward to visiting in the near future!	Please share any other feedback you have at this stage.
3962	I look forward to visiting Universal in the UK	Please share any other feedback you have at this stage.
3940	Please do this!	Please share any other feedback you have at this stage.
3914	Make it awesome	Please share any other feedback you have at this stage.
3915	Please make this happen!	Please share any other feedback you have at this stage.
3905	I'm very supportive	Please share any other feedback you have at this stage.

3903	The silent majority has been very positive about this development and we would love to welcome universal to our area.	Please share any other feedback you have at this stage.
3904	I fully welcome and support this project. I believe that the vast majority of Bedfordians would also support this project and want to make it a success!	Please share any other feedback you have at this stage.
3886	I think the whole thing is a fab idea.	Please share any other feedback you have at this stage.
3887	No feedback, just really hoping this goes ahead!	Please share any other feedback you have at this stage.
3883	Keeping everything crossed!!	Please share any other feedback you have at this stage.
3869	I would love this park to go ahead and would be a regular visitor!! Such an exciting opportunity!!	Please share any other feedback you have at this stage.
3853	I am fully in support of this.	Please share any other feedback you have at this stage.
3850	Please go ahead with the project!	Please share any other feedback you have at this stage.
3835	Please go ahead with the project!	Please share any other feedback you have at this stage.
3822	cannot wait	Please share any other feedback you have at this stage.
3809	I think this is a very exciting opportunity.	Please share any other feedback you have at this stage.
3810	None. Hope it goes ahead.	Please share any other feedback you have at this stage.
3800	I am very excited for this potential theme park being built. I hope it goes ahead and brings a lot of the current rides that are on offer in Orlando (Harry Potter, Jurassic Park, Men in Black, How to Train your Dragon, Nintendo) as well as some new ones, for example, Lord of the Rings and James Bond.	Please share any other feedback you have at this stage.
3804	Sounds like a fabulous idea and about to move to the area and feel this would be a welcome addition	Please share any other feedback you have at this stage.
3770	I hope the project goes ahead.	Please share any other feedback you have at this stage.
3773	Overall very excited	Please share any other feedback you have at this stage.
3777	I think this park is a great idea and cannot wait to hear about the progress I hope happens.	Please share any other feedback you have at this stage.
3778	Please go ahead with it!	Please share any other feedback you have at this stage.
3729	I'm just exciting to finally see this could be happening after years off working in the industry already and having little other places to work, this will open a new world!	Please share any other feedback you have at this stage.
3732	I would love to see this Theme Park happen and would be one of the first to use it	Please share any other feedback you have at this stage.
3702	Looking forward to it! We have a 1 year old who would get to grow up going to Universal Studios	Please share any other feedback you have at this stage.
3705	Please go ahead with this project!	Please share any other feedback you have at this stage.
3706	The plan sounds fantastic, and I hope it comes to fruition.	Please share any other feedback you have at this stage.
3707	I think this is an amazing idea. Hope it goes ahead.	Please share any other feedback you have at this stage.
3708	I hope is goes ahead I can only see posative	Please share any other feedback you have at this stage.
3695	Please come to Bedford! You will not be disappointed.	Please share any other feedback you have at this stage.
3697	I would be very keen and supportive of such a project	Please share any other feedback you have at this stage.
3700	Really excited for this project and hope it goes ahead!!	Please share any other feedback you have at this stage.
3693	It's really exciting.	Please share any other feedback you have at this stage.
3685	Wishing you the very best of luck.	Please share any other feedback you have at this stage.
3686	Really excited for this! Please make it happen ASAP	Please share any other feedback you have at this stage.
3674	We would just absolutely love to have this theme park be built here!	Please share any other feedback you have at this stage.
3759	I think its brilliant and whilst I am getting on a bit, I can see how my children and grand children will benefit enormously from having this attraction so close.	Please share any other feedback you have at this stage.
3722	You should keep everyone updated, and have big opening celebrations.	Please share any other feedback you have at this stage.
3727	Please make it happen. The UK NEEDS Universal!!!	Please share any other feedback you have at this stage.
333	Both the residential and business community are very much behind this venture. We would love to welcome Universal Studios to the area.	Please share any other feedback you have at this stage.
411	I wish you all the best in this project and hope that it goes ahead. cannot wait to hear what's next!	Please share any other feedback you have at this stage.
486	I hope this goes ahead!	Please share any other feedback you have at this stage.
120	Bedfordshire is short of good quality entertainment.	Would you support a potential park and resort coming to this site? Please explain why.
4936	I would love for a Universal theme park to be built in the Uk and I would definitely buy an annual pass to visit!	Please share any other feedback you have at this stage.
3297	Excellent proposal	Please share any other feedback you have at this stage.

3305	Only to say that I'm very positively in favour and, while I believe the vast majority of other locals already are too, I'd be happy to do my bit to persuade and influence any detractors should the project get the green light.	Please share any other feedback you have at this stage.
3306	Please go ahead and open	Please share any other feedback you have at this stage.
3277	I will be so excited if this project goes ahead.	Please share any other feedback you have at this stage.
3278	Local family have said they would buy season tickets - very excited about the proposition!	Please share any other feedback you have at this stage.
3246	Good luck.	Please share any other feedback you have at this stage.
3247	Please come soon ðŸ™€	Please share any other feedback you have at this stage.
3248	Hope it goes ahead, now that expectations and dreams have been formed.	Please share any other feedback you have at this stage.
3254	Please go ahead and build it!	Please share any other feedback you have at this stage.
3222	Fingers crossed it goes through.	Please share any other feedback you have at this stage.
3205	Please choose Bedford ! Good luck	Please share any other feedback you have at this stage.
3176	Best of luck!	Please share any other feedback you have at this stage.
3178	thanks i want universal park ples	Please share any other feedback you have at this stage.
1879	This is a very exciting potential project, which has massive opportunities for the UK generally. The location has been well thought out and the idea of improving transport to the area is really positive. It would be interesting to see whether improved transport links to the North are also being considered, as this would make it a lot easier for a lot of the UK population to get to the area. I wish you well with this & fingers crossed!	Please share any other feedback you have at this stage.
2256	Please build it	Please share any other feedback you have at this stage.
2266	Please Proceed!!!!	Please share any other feedback you have at this stage.
2271	Fully support this project.	Please share any other feedback you have at this stage.
2244	Very excited.	Please share any other feedback you have at this stage.
2247	Super excited and keeping my fingers crossed this goes ahead!	Please share any other feedback you have at this stage.
2249	Can't wait to hear if you will go ahead with these plans. I wish you all the best with your plans and my family look forward to visiting wherever you decide to build. Thank you for bringing it closer so others are able to visit without the long flight.	Please share any other feedback you have at this stage.
2250	Looking forward to hearing more soon about a definitive yes we are doing this.	Please share any other feedback you have at this stage.
2283	Fabulous! Please make it happen....	Please share any other feedback you have at this stage.
2287	Universal studios uk has, in my opinion, no downside at all. The excitement around the project is great to see. It is becoming more difficult to travel to other universal parks around the world due to the cost, so one in the uk is much needed. I hope it goes ahead.	Please share any other feedback you have at this stage.
2905	VERY EXCITED!!	Please share any other feedback you have at this stage.
2938	Wonderful idea - go for it	Please share any other feedback you have at this stage.
2939	Really excited by it!	Please share any other feedback you have at this stage.
2940	Please build this park!	Please share any other feedback you have at this stage.
2941	I just fully support this idea. My grand parents and their parents worked for the brickworks. So did my father and it's sad to see it the way it is. To bring another exciting opportunity of entertainment, employment and improvement to the local area can only ever be a good thing. Please decide to do it!!	Please share any other feedback you have at this stage.
2931	Excellent plans	Please share any other feedback you have at this stage.
2919	Please please please build this â™ª!•	Please share any other feedback you have at this stage.
2963	Would welcome the project to go ahead with open arms.	Please share any other feedback you have at this stage.
3342	Completely behind your project	Please share any other feedback you have at this stage.
3325	Go ahead!!	Please share any other feedback you have at this stage.
3406	I really hope you proceed with this project!	Please share any other feedback you have at this stage.
3503	Exciting news.	Please share any other feedback you have at this stage.
3549	PLEASE BUILD!!	Please share any other feedback you have at this stage.
3556	When you going to start building	Please share any other feedback you have at this stage.
3574	Please say yes!	Please share any other feedback you have at this stage.
3576	Get this built and make it amazing like you USA parks. Help change the UK Theme park industry that's been very poor until now.	Please share any other feedback you have at this stage.
3577	When's the opening date? ðŸ™€,	Please share any other feedback you have at this stage.

3568	Please proceed with this potentially amazing project	Please share any other feedback you have at this stage.
3581	All I can say is I know I can't speak for everyone but I'm speaking for a lot of people when I say that A LOT of people are excited for this. The UK has a ton of enthusiasts who will 100% be on the grounds opening day. I am really excited for this and very happy to provide feedback.	Please share any other feedback you have at this stage.
4529	The process so far has been carried out so well. The transport and railway links seem to be well thought through and the communication has been very clear and transparent. I do hope you go through with the plans because it would be great for young people and families!!	Please share any other feedback you have at this stage.
1184	Everything I have heard from people within the community as well as Universal, has all been incredibly positive. I feel like Universal will become a vert welcome part of the community and have a very positive impact on it. As someone who isn't within the UK, I can see myself travelling to the UK for a few weekends in the year to visit the park if it ends up going ahead and I would imagine that there would be a lot of people who would do the same.	Please share any other feedback you have at this stage.
1187	No im very excited about this project!!	Please share any other feedback you have at this stage.
1196	Excited	Please share any other feedback you have at this stage.
1198	Let's hope Universal gets the green light... Can't wait...	Please share any other feedback you have at this stage.
1199	This is the most exciting news project to potentially come to this country in many years!	Please share any other feedback you have at this stage.
1207	I fully support this potential project and would love for it to come to fruition	Please share any other feedback you have at this stage.
1208	It has my full support. Good luck and I hope it all gets approval.	Please share any other feedback you have at this stage.
1211	Good luck. I'm all for this venture.	Please share any other feedback you have at this stage.
1218	DO IT!	Please share any other feedback you have at this stage.
1224	Thank you for how clear your vision is.	Please share any other feedback you have at this stage.
1227	Go for it Universal Great Britain See you soon	Please share any other feedback you have at this stage.
1233	I would like it to be seriously considered	Please share any other feedback you have at this stage.
1238	Very exciting project. Something the Uk needs.	Please share any other feedback you have at this stage.
1239	Please build this δY€	Please share any other feedback you have at this stage.
1241	Think it's great and very exciting.	Please share any other feedback you have at this stage.
1243	I would absolutely support the project and would definitely go as I love rides =)	Please share any other feedback you have at this stage.
1246	I cannot wait to see this project grow, please go ahead this is something we need in the UK	Please share any other feedback you have at this stage.
1251	I am hopeful that this will go ahead.	Please share any other feedback you have at this stage.
1266	Please push the button and go ahead with the proposed project. This will be fantastic for everyone involved, the local residents and general infrastructure. It would have amazing operational and commercial benefits for Universal; a win / win for everyone.	Please share any other feedback you have at this stage.
1267	Looking forward to a positive outcome and the building of the park	Please share any other feedback you have at this stage.
1293	Only to wish Universal the best of good fortune in their proposed UK project.	Please share any other feedback you have at this stage.
1289	Would love to see it happen!	Please share any other feedback you have at this stage.
1306	Looking forward to the next stages of this fabulous project.	Please share any other feedback you have at this stage.
1310	Please please please make this happen!	Please share any other feedback you have at this stage.
1301	Looking forward to see what comes of this project.	Please share any other feedback you have at this stage.
3153	IM EXCITED!	Please share any other feedback you have at this stage.
740	Overall we support this project and really hope it goes ahead as soon as possible. Discounts to the park for Bedford residents would be lovely too!!	Please share any other feedback you have at this stage.
931	I really hope this all goes ahead, can we get a discount on entry if we live locally?	Please share any other feedback you have at this stage.
1015	I'm thrilled that universal has chosen our area. I am 100% behind this and hope the local residents get some discount to visit once opened	Please share any other feedback you have at this stage.
805	A great park	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?
747	Please build it, we can't afford to go to Florida	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?

3996	I have visited Universal copious amounts of times, it is a fantastic project and I am looking forward to having something in the UK - well done!	Please share any other feedback you have at this stage.
4792	Really excited about the prospect - we have visited the Orlando and Hollywood Parks before and couldn't believe the opportunity to have one so close to home. Very much in favour of the park.	Please share any other feedback you have at this stage.
4443	Really hope this goes ahead! And local residents will get perks (discounted annual passes etc)	Please share any other feedback you have at this stage.
4283	Build this thing! Will I be able to get an annual pass?	Please share any other feedback you have at this stage.
3964	Please come! The people of Bedford welcome you! Also, local people do not trust Bedford Borough Council with regard to planning matters.	Please share any other feedback you have at this stage.
3874	Please get this built as it would change the UK theme park industry as we know it for the better	Please share any other feedback you have at this stage.
5061	. Everything about the project is a positive	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?
3647	Great plan - please just do it.	Please share any other feedback you have at this stage.
3648	Let's get it done ðŸ™•	Please share any other feedback you have at this stage.
3650	Really hope this goes ahead	Please share any other feedback you have at this stage.
3653	Would be brilliant if this happened!	Please share any other feedback you have at this stage.
3656	Very excited and very much hope the project will go ahead.	Please share any other feedback you have at this stage.
3661	Just hope it goes ahead	Please share any other feedback you have at this stage.
3606	Hopefully the plans progress and this opportunity is realised	Please share any other feedback you have at this stage.
3609	Good luck. Can't wait.	Please share any other feedback you have at this stage.
3570	Thank you for considering building a park in Bedfordshire and on behalf of all my family I wish you good luck with this potential new venture.	Please share any other feedback you have at this stage.
3481	Good luck	Please share any other feedback you have at this stage.
3483	GL	Please share any other feedback you have at this stage.
3470	Please make this happen!	Please share any other feedback you have at this stage.
3472	Great Project we can't wait to learn more.	Please share any other feedback you have at this stage.
3466	As a long time universal studios fan, I would like you to proceed as fast as possible please, thank you	Please share any other feedback you have at this stage.
3455	Im 100% behind the project and hope it goes ahead.	Please share any other feedback you have at this stage.
3456	Just looking forward to the projects go ahead.	Please share any other feedback you have at this stage.
3495	Build it! I'll be visiting regularly once you're open	Please share any other feedback you have at this stage.
3437	overall i am supportive of this having been to your Orlando & Singapore parks over the years and would be intrigued what is offered. i will be keepign a close eye on the developments.	Please share any other feedback you have at this stage.
3431	Please do it!!!	Please share any other feedback you have at this stage.
3393	Please make this happen it would be life changing for so many!!	Please share any other feedback you have at this stage.
3384	Good luck in your proposals and I hope to see Universal in Bedfords future.	Please share any other feedback you have at this stage.
3385	Good idea for land that is currently unused and wasted	Please share any other feedback you have at this stage.
3330	Please proceed with this project!	Please share any other feedback you have at this stage.
3331	I think this project should be supported and approved.	Please share any other feedback you have at this stage.
3306	Please go ahead and open	Please share any other feedback you have at this stage.
3309	I cannot wait to visit!	Please share any other feedback you have at this stage.
3311	I look forward to the new adventure	Please share any other feedback you have at this stage.
3313	Just hope it goes ahead.	Please share any other feedback you have at this stage.
3317	Good luck, I fully support this venture as do my young family	Please share any other feedback you have at this stage.
3319	Hopefully will go ahead	Please share any other feedback you have at this stage.
3246	Good luck.	Please share any other feedback you have at this stage.
3247	Please come soon	Please share any other feedback you have at this stage.
3222	Fingers crossed it goes through.	Please share any other feedback you have at this stage.
3214	Most people I have spoken to love the idea but often it's the negative people who tend to be the loudest. But my sense is that this is a very popular initiative so my fingers are crossed.	Please share any other feedback you have at this stage.
3191	Keep going! Please make this happen!!!!!!	Please share any other feedback you have at this stage.

3188	Really hope this happens and that local people get discounted passes like in Florida.	Please share any other feedback you have at this stage.
3176	Best of luck!	Please share any other feedback you have at this stage.
3169	I am in favour, I just want it to be done right.	Please share any other feedback you have at this stage.
3160	Exciting project - wishing you every success. Look forward to making further comments as I follow your progress.	Please share any other feedback you have at this stage.
3135	Please go ahead. This would be amazing!	Please share any other feedback you have at this stage.
3137	Please get started!	Please share any other feedback you have at this stage.
3132	Looking forward for the plan to actually happen.	Please share any other feedback you have at this stage.
3110	I have spoken to 3 generations in my area, nothing negative against Universal	Please share any other feedback you have at this stage.
3115	I'm a big advocate for this and would happily support the project from a local(ish) residents perspective.... If there are opportunities to become involved in the project, please let me know	Please share any other feedback you have at this stage.
3117	Good luck, really hoping this does go ahead and I 100% support it	Please share any other feedback you have at this stage.
3106	I look forward to the park opening	Please share any other feedback you have at this stage.
3107	I hope you go ahead!	Please share any other feedback you have at this stage.
3096	This is a very exciting development that should bring lots of benefits.	Please share any other feedback you have at this stage.
444	I hope the project goes ahead.I would love to see a Harry Potter Zone/Lord Of The Rings Zone/Jurassic Park Zone.	Please share any other feedback you have at this stage.
578	I wish I could offer more feedback, but as someone who lives a few hours away I feel that my thoughts shouldn't take up as much of the conversation as opposed to locals - however the prospect of a UK Universal project is very exciting and would be a real boon to our tourism industry.	Please share any other feedback you have at this stage.
622	I LOVE UNIVERSAL STUDIOS!	Please share any other feedback you have at this stage.
624	I think this is a very exciting project. I am a huge fan of Universal Studio theme parks and would love one to come to the UK.	Please share any other feedback you have at this stage.
625	Please build the theme park! Would love to see it happening in Europe.	Please share any other feedback you have at this stage.
633	We are a family all very FOR the build it will Bring much needed work and tourism to the area	Please share any other feedback you have at this stage.
635	Not at this stage, but I really hope Universal and Comcast management approve this plan.	Please share any other feedback you have at this stage.
646	Please do this. I am so excited.	Please share any other feedback you have at this stage.
657	This is so promising to see! I really hope this happens.	Please share any other feedback you have at this stage.
653	Love this idea. Please make it happen! So many people are already speaking about this. I've not heard one bad thing said	Please share any other feedback you have at this stage.
639	I hope the project gets approved! Thank you for considering Bedford!	Please share any other feedback you have at this stage.
640	I can't wait for Universal to be in England!	Please share any other feedback you have at this stage.
660	I think that this is a fantastic idea.	Please share any other feedback you have at this stage.
5388	Not bothered, just build the best park you can, with enough room for expansion and second park	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?
674	Let's hope the area gets the go ahead!	Please share any other feedback you have at this stage.
678	Really hope you guys get everything you need to proceed. Thank you.	Please share any other feedback you have at this stage.
661	We are just delighted that universal is considering this whole project here in the UK! Please just go ahead and do it!!!! cannot wait to see what's next	Please share any other feedback you have at this stage.
728	Very excited to hear about this and I hope it moves forward, will be looking forward to seeing the planning application when it goes in	Please share any other feedback you have at this stage.
725	This is such an amazing and exciting project and I am sure that if you do go ahead you will have the support of the local communities.	Please share any other feedback you have at this stage.
737	I think this is a great and exciting project and I would love to see this be completed. Cant wait to VISIT!	Please share any other feedback you have at this stage.
755	Cannot wait i hope this happens as i will be there with my family every year or more if i can	Please share any other feedback you have at this stage.
756	Very excited about this project. The kids are also very excited with opportunity for their future.	Please share any other feedback you have at this stage.

757	Welcome to the UK Universal, this is a very exciting project and i look forward to following it and hopefully visiting if/when you open.	Please share any other feedback you have at this stage.
776	I sincerely hope you can find a way to make this happen, everyone I know is excited about this a d fully supports the plan!	Please share any other feedback you have at this stage.
924	Very much hoping this will come to fruition and I look forward to visiting the completed theme park	Please share any other feedback you have at this stage.
906	I am extremely excited for this theme park and will ensure myself and family visit two or three times a year.	Please share any other feedback you have at this stage.
907	PLEASE go ahead asap	Please share any other feedback you have at this stage.
901	Excited for this project. All of my family would visit often if it comes to the uk.	Please share any other feedback you have at this stage.
899	Welcome to Bedford a truly unique town	Please share any other feedback you have at this stage.
912	I strongly support the creation of the universal park.	Please share any other feedback you have at this stage.
919	Everyone in the local area that I have spoken to about this potential project is very excited. Page mentioned on Monday that, so far, over 90% of respondents to this questionnaire have been positive. This doesn't surprise me at all, and really rings true with the conversations I've had.	Please share any other feedback you have at this stage.
933	this resort needs to be built as soon as possible	Please share any other feedback you have at this stage.
941	Please make it happen in Bedford! Thank you.	Please share any other feedback you have at this stage.
1369	please Get it built	Please share any other feedback you have at this stage.
1370	A very exciting prospect. As a family that has been to Universal Orlando we will certainly be regular customers to this site. And with family and friends in the area, the opportunity for long-term employment and the economical benefits is exciting.	Please share any other feedback you have at this stage.
1371	I wish you the utmost success.	Please share any other feedback you have at this stage.
1376	Just that we can't wait for this to ahead and will read and watch any updates with great interest over the next few years.	Please share any other feedback you have at this stage.
1383	This is such an exciting opportunity, we really hope it goes ahead!	Please share any other feedback you have at this stage.
1417	Please make this happen ðŸ˜ƒ	Please share any other feedback you have at this stage.
1422	Please go ahead with this!	Please share any other feedback you have at this stage.
1423	I cant wait for this to happen and already I plan on working there!!	Please share any other feedback you have at this stage.
1424	Make it happen	Please share any other feedback you have at this stage.
399	I attended the Head Teacher briefing and was enthused by the opportunities that this project has for our families, children and young people within the local area.	Please share any other feedback you have at this stage.
539	Please ignore the cynics and ensure that this amazing opportunity happens. Perhaps create a pressure group IN FAVOUR of this to persuade and get the locals in support of it.	Please share any other feedback you have at this stage.
563	Mainly that I am ridiculously excited about the possibility of a branch of the worlds greatest theme park being built in the UK, it will be a huge benefit to the economy and once opened, plan to be there at the park as often as possible.	Please share any other feedback you have at this stage.
532	It's brilliant news that universal are looking at the uk. The rest of the world are miles ahead in theme park rides and attractions and it's about time we had a something to rival. Also it's great that a universal experience could become a possibility for those of who the U.S.A, china etc may not be possible. While the contrsuction would not impact me, I hope that this would be of least possible disturbance to those whom it could affect. The prospect of career opportunities, jobs created, local infrastructure improvements, trade for the local area and the wider uk with international visitors, what's not love. It's a big win for everyone.	Please share any other feedback you have at this stage.
568	The project looks like a fantastic opportunity for both Universal and the UK. Thank you for considering this side and I hope you are successful in delivering this well planned project!	Please share any other feedback you have at this stage.
602	Thank you for considering Bedford. Our fingers are crossed for you!	Please share any other feedback you have at this stage.
619	I really hope you go ahead with this project. It would have so many benefits for this country, and is in a great location. We are so supportive of this and really do hope it proceeds	Please share any other feedback you have at this stage.
2993	Bedfordshire needs more places to go to	Please share any other feedback you have at this stage.

656	I think the plan to have a universal park in the U.K. is brilliant. Going to be honest I'm happy to sign up for an annual pass now! I would like to see classic IPs within the park, would love to see back to the future revisited! But anything you decide to do will be EPIC!	Please share any other feedback you have at this stage.
676	Can't wait for the decision and hopefully will be a green light to start the project and continue to expand and make it bigger and better over the years. I hope to be able to visit this as soon as its open and enjoy everything there is and visit many more times again.	Please share any other feedback you have at this stage.
681	Whilst I live in London, it is easy for me to visit Bedford and I would visit frequently when the park opens. I've visited Universal Orlando on multiple occasions and have trust in Universal's teams that design and build their parks, and think the Bedford project would be a great success.	Please share any other feedback you have at this stage.
538	I am incredibly excited that Universal is investigating the possibility of a new resort in the UK. The Universal Orlando resort is one of my favourite places in the world and I honestly thought we'd never see a park of this scale and quality being potentially considered here. I hope that if the park does go ahead, it carries the same vibe as the Orlando resort with an American-ised feel, palm trees and lots of water features. I'm a huge fan of immersive dark rides and I think the UK would of course benefit from having more indoor attractions because of the weather, but I'd hope to see a good selection of large outdoor attractions too (especially roller coasters!). I would love to see the big IPs like Jurassic Park/World and Harry Potter have a decent presence here as they have work exceptionally well in other Universal Resorts. Finally, if an Annual Pass was offered for the UK resort, I would be more inclined to buy it if included entry or even just discounts for the Orlando resort (and potentially other resorts) as well. As Orlando is a very popular destination for UK tourists, it would be great if there were benefits for that one in particular.	Please share any other feedback you have at this stage
546	As a fan of the other parks this is very exciting. I Understand you want to hear from more local people but it doesn't hurt to get encouragement and support from around the country too. As a huge Harry Potter fan I'm hoping you bring all the magic you have created else where around the world to the UK park. oh and Jurassic park :)	Please share any other feedback you have at this stage
556	doesn'tlet a small amount of people stop something that is so needed. Universal will make money in UK You forecast 8million visitor a year I think you will have a lot more than that. UK love theme parks and we travel to Orlando and other place world wide to visit them because we doesn'thave any good ones here at home 'I help us please build	Please share any other feedback you have at this stage.
558	this would be amazing to have in the UK and would boost the UK growth and tourism fantastic new	Please share any other feedback you have at this stage.
564	This project if it goes through will have a significant positive impact on the local area economy and like Orlando become another go to location for European holidays.	Please share any other feedback you have at this stage.
630	It's great to see Bedford being a destination for such a prestigious project. Not only will it benefit local communities but it will also benefit the country as whole with more tourism for the whole of UK. Really hope it goes ahead and the government supports this amazing and fantastic initiative.	Please share any other feedback you have at this stage.
634	I very much hope the theme park and resort project comes to Bedford & puts us on the map....a huge boost to the area.	Please share any other feedback you have at this stage.
683	I would like to see big rides, as people from this country travel all over the world to go to different rides across the world. I feel like these rides also need to be heavily themed, which is something Universal does well anyway. My final piece of advice would be that, if you want this to appeal to the masses, heavily advertise that CityWalk is a free attraction.	Please share any other feedback you have at this stage.

692	I'm really happy that Universal is considering a potential theme park in the UK and I truly hope this does go through. Many people in the UK do go to the US to go Universal already but many more from the UK still have not gone due to the financial commitments families must do to go to the US for holidays. So an opportunity for it to be local is a much better outcome for many residents in the UK.	Please share any other feedback you have at this stage.
703	I think this is a really exciting prospect for the UK where we are desperately in need of a proper "themed" park that is enjoyable for all, not just those with small children or those who enjoy thrill rides.	Please share any other feedback you have at this stage.
721	Keep up the great information, the UniversalUK site has been an incredible source of information; don't let that stop! I'll see you at the opening :)	Please share any other feedback you have at this stage
731	I know this project will be good for our country and the vast majority of people so you have my full backing. I'm so excited.	Please share any other feedback you have at this stage.
741	Thank you for considering this location.	Please share any other feedback you have at this stage.
742	lots of people have said they would like this opportunity to happen in bedford.	Please share any other feedback you have at this stage.
720	I hope this project goes ahead, it is incredibly exciting for the UK.	Please share any other feedback you have at this stage.
744	Please, please, please go ahead with this project, it will be endlessly beneficial for the UK and Universal!	Please share any other feedback you have at this stage.
759	Overall I appreciate the positive impact this project will have on the community. I also think it will give Bedford a very unique attraction within the UK.	Please share any other feedback you have at this stage.
771	Please open a park in the UK . We need a new theme park	Please share any other feedback you have at this stage.
777	I really hope it will happen , this is such an amazing opportunity for the city, the country and Europe continent as whole ! How exciting !!!!	Please share any other feedback you have at this stage.
780	We need universal in the uk instead of Merlin parks	Please share any other feedback you have at this stage.
836	I'm really hoping for this project to go ahead and for the UK to get a Universal Studios in the future. It would easily become one of my favourite places to go, after visiting Universal Japan I've been wanting to go back so much but America is so expensive to travel too it's pretty much impossible. This would open up so many more opportunities for people to visit without having to break the bank... Until they realise how awesome the park is and want to visit more of them anyway	Please share any other feedback you have at this stage.
839	I would personally like to thank universal for indeed considering Bedford and the UK in the first place it's something this country is needed for a very very long time. Yes we have a good theme parks but something of this scale would draw attention back to the UK on a positive level, and hoping that the site would also be used for making films	Please share any other feedback you have at this stage.
881	I think this project would be a fantastic opportunity for Bedford and the wider UK. With a huge economic boost to jobs and training programs, this would be a huge milestone for the UK and its theme park industry.	Please share any other feedback you have at this stage.
885	Good luck with this exciting project we hope you choose Bedford as the location	Please share any other feedback you have at this stage.
902	Go for it. Bedford is a hidden gem and you won't regret moving here.	Please share any other feedback you have at this stage.
904	I think it's a great idea and there is so much possibility for communities near by	Please share any other feedback you have at this stage.
905	I have a young family, I would consider that if this project goes ahead we would be part of the target audience, and I fully support the plan, and look forward to hopefully visiting in the future. The UK has theme parks, but nothing of the size, scale and quality of theming of Universal parks in other parts of the World. This would be amazing if it happens.	Please share any other feedback you have at this stage.
884	Thanks for the engagement, it was great to attend and really appreciate the effort and lengths universal go through to properly integrate into the area. Personally, I don't even think it's necessary to have to explain yourselves this much. The benefits appear astronomical.	Please share any other feedback you have at this stage
897	Please make this happen, and of course Harry Potter themed area is an absolute must have :)	Please share any other feedback you have at this stage.
911	Thank you for considering coming to the uk. It would make my inner child so happy aswell as all the other families and children all over Europe!	Please share any other feedback you have at this stage.

913	I think it's fantastic that we are even being considered to be a new theme park destination for Universal. What an exciting time to be a Bedfordian. Let's hope everything gets approved and you can start to make these dreams a reality. Good Luck!	Please share any other feedback you have at this stage.
927	Seems like a really great opportunity would be very excited if this is something that happens.	Please share any other feedback you have at this stage.
928	This looks to be a great opportunity for the Bedford area	Please share any other feedback you have at this stage.
932	Looking forward to the new Theme Park. Absolutely love Orlando Universal Studios. Hope it all goes well.	Please share any other feedback you have at this stage.
942	This is a really exciting prospect for the U.K. and I do hope that the project is successful. Along with the benefits this will bring to the country, we, the people, need some joy in our life's as this Country isn't the greatest at the moment.	Please share any other feedback you have at this stage.
948	I welcome the development of this in the U.K. It is long overdue that such a high profile theme park locates in the UK	Please share any other feedback you have at this stage.
957	I think this project will help the uk economy a lot with potential jobs and other opportunities and will put the uk tourism industry on the map.	Please share any other feedback you have at this stage.
964	UK needs something like this. Has a huge theme park community which would support this project.	Please share any other feedback you have at this stage.
980	PLEASE come to Bedford, this is an amazing opportunity for our town.	Please share any other feedback you have at this stage.
992	I hope you are able to move forward with the project	Please share any other feedback you have at this stage.
989	Thank you for coming to the embankment today, good luck with the endeavour would be great to see it open	Please share any other feedback you have at this stage.
1016	Hugely supportive of the project	Please share any other feedback you have at this stage.
999	I have discussed this project widely within the local community over the last four weeks and I have not heard one word of complaint - everybody I have spoken with are very supportive.	Please share any other feedback you have at this stage.
1005	The presentation was excellent in Bedford this evening. This is very exciting and everyone we know is thrilled and support Universal. Good luck and God speed! Thank you!	Please share any other feedback you have at this stage
1009	I think Bedford needs this	Please share any other feedback you have at this stage.
1023	I am very excited about this and really hope it goes ahead.	Please share any other feedback you have at this stage.
1028	Pleassssssseeeeeee go ahead with the project, we are so so excited!	Please share any other feedback you have at this stage.
1033	I sincerely hope this will go ahead and that any obstacles can be pragmatically overcome.	Please share any other feedback you have at this stage.
1036	Marvellous news. Make it happen Universal.	Please share any other feedback you have at this stage.
1038	Pleaseeeeeeeeeee proceed :)	Please share any other feedback you have at this stage.
1044	All very good and positive on the whole happy to be contact to talk more.	Please share any other feedback you have at this stage.
1053	We are very excited for this project	Please share any other feedback you have at this stage.
1055	I look forward to seeing if the resort is built or not	Please share any other feedback you have at this stage.
1058	We look forward to seeing you develop the theme park in this area	Please share any other feedback you have at this stage.
1064	Do it. Please! I'm begging you!	Please share any other feedback you have at this stage.
1081	I hope you chose to go forward with this project	Please share any other feedback you have at this stage.
1083	Please go ahead	Please share any other feedback you have at this stage.
1092	Very exciting project, I'd be happy to get involved at any time during the period. Fingers crossed (we need this) well done to all involved so far!..	Please share any other feedback you have at this stage.
1093	Please make it happen	Please share any other feedback you have at this stage.
1094	I fully support this project, and hope it proceeds without delay.	Please share any other feedback you have at this stage.
1096	We as a family would love you to build this. Wish it was already up and running. Where can I get a membership Can not wait.	Please share any other feedback you have at this stage.
1101	PLEASEEEEEEEEE	Please share any other feedback you have at this stage.
1108	I hope you continue	Please share any other feedback you have at this stage.
1110	Looking forward to next move	Please share any other feedback you have at this stage.
1113	Just do it !!	Please share any other feedback you have at this stage.
1118	Lastly if this does go ahead which I am really hopeful of. I will be an annual pass holder for the first time and HHN UK Bring it on. It's about time the UK had something good for Halloween.	Please share any other feedback you have at this stage.

1121	Love the plans	Please share any other feedback you have at this stage.
1128	I'm excited!	Please share any other feedback you have at this stage.
1129	Everyone I have talked to is extremely excited at this idea! Please do it!!	Please share any other feedback you have at this stage.
1131	I really hope that this goes ahead as it will be fantastic for the area! We will certainly be pass holders!!	Please share any other feedback you have at this stage.
1133	Please open fast	Please share any other feedback you have at this stage.
1135	I just really hope you go ahead with this! I am a project manager for an American company here in the UK that works in construction, and i know the boost in economy for the construction industry from this will be huge! Already spoke to a manager of mine about this potential project, and if we end up getting any work from it, i've already asked to be there one involved from our business point of view! Here's to a positive and bright future for Universal UK Resort!	Please share any other feedback you have at this stage.
1139	Go for it δΥ•	Please share any other feedback you have at this stage.
1141	It would my dream for you to build this! The UK needs some good rides and themed areas!	Please share any other feedback you have at this stage.
1144	Please complete this and push forward! I'm very much in support of the project.	Please share any other feedback you have at this stage.
1145	Please make this happen. For decades now, we've been teased with a new major theme park in London, which wasn't thought through and didn't come from an organisation with such great pedigree. This is a genuinely exciting prospect which will be a huge success. Be sure to include indoor facilities so the park can be active all year round. Also a Lord of the Rings themed section would be brilliant. And please... get a major RMC into the park. The UK badly needs one.	Please share any other feedback you have at this stage.
1149	I really hope this goes ahead and it would be amazing for uk families.	Please share any other feedback you have at this stage.
1151	My children are looking forward for the opening even though they'll be older, one probably can work for Universal while the younger one can have fun.	Please share any other feedback you have at this stage.
1155	I'm excited! I have incurable cancer and I can only hope I'm still around when it's opened.	Please share any other feedback you have at this stage.
1160	The positives far outweigh the negatives. A project like this coming to the UK, and in a place like Bedfordshire that will help put it on the map, for the local economy and the country as a whole, the jobs this would create, its an amazing opportunity.	Please share any other feedback you have at this stage.
1166	Please come to Bedford	Please share any other feedback you have at this stage.
1171	I wish you all the best with this process and have everything crossed that the right decision will be made. Hoping that would be that the park goes ahead. You have mine and my familys full support.	Please share any other feedback you have at this stage.
1172	I strongly support this development.	Please share any other feedback you have at this stage.
1175	I only hope that Universal can get this development past all the scrutiny and planning, i my self wish yo all the luck	Please share any other feedback you have at this stage.
1176	Welcome to Bedford	Please share any other feedback you have at this stage.
1193	Fingers toes and eyes are crossed in hoping this development gets the green light, thank you for investing in the UK.	Please share any other feedback you have at this stage.
1221	I genuinely hope this goes ahead. It will be huge for all involved and so many positives to come from it all! Good luck!	Please share any other feedback you have at this stage.
1228	Really hope the plans go ahead, as said I believe this would be a great attraction for the UK.	Please share any other feedback you have at this stage.
1252	I cannot support this project enough! A world class theme park resort brand coming to the UK would be simply amazing. Following the presentation at the local college, I have no doubts that Universal will ensure an environmentally friendly approach, which becomes more important every day. The job and business opportunities for UK industries is also a huge benefit why this should go ahead. I eagerly await more positive news in the not too distant future. Leigh.	Please share any other feedback you have at this stage.
1255	So excited for this project, really hope it goes ahead & please have Harry Potter World as that's my favourite part of Universal!	Please share any other feedback you have at this stage.
1272	Good luck. Hope your proposal gains traction. Development could be mutually beneficial.	Please share any other feedback you have at this stage.
1275	I'm very excited for this project and I think the UK really needs and wants this to happen	Please share any other feedback you have at this stage.

1281	I think the uk needs this to put us back on the map	Please share any other feedback you have at this stage.
5055	good for the area	Would you support a potential park and resort coming to this site? Please explain why.
5294	Good for the area economically	Would you support a potential park and resort coming to this site? Please explain why.
5164	good for the area.	Would you support a potential park and resort coming to this site? Please explain why.
5321	I love theme parks and to have a major one on our doorstep would be amazing it is a shame I probably won't be alive if and when you open this one as I am 66 now	Would you support a potential park and resort coming to this site? Please explain why.
5053	I love theme parks and would love to work in one of this level in the future	Would you support a potential park and resort coming to this site? Please explain why.
1284	It's such an exciting possible project, the opportunities not only for this generation but for future generations and those that wish to visit, I can only say do what needs to be done to get this over the line.	Please share any other feedback you have at this stage.
1292	I live in the North East of England and would fit in many trips per year and would consider an annual pass. I am so, so excited at the prospect of this area :D please make this a reality!	Please share any other feedback you have at this stage.
1298	I think it's great you're thinking about coming to the UK me and my family are big theme park fans. We all have our fingers and toes crossed it will go ahead.	Please share any other feedback you have at this stage.
1331	Fingers crossed you go ahead !	Please share any other feedback you have at this stage.
1335	Please build this park	Please share any other feedback you have at this stage.
1340	Really excited to see the possibility of this. A little slice of Hollywood in Bedfordshire. I cannot wait.	Please share any other feedback you have at this stage.
1354	I live less than half an hour away from the suggested site. I would be excited to have this project here.	Please share any other feedback you have at this stage.
1346	Thanks for considering our area.	Would you support a potential park and resort coming to this site? Please explain why.
5061	My role and job depend upon it	Please share any other feedback you have at this stage.
1348	Nome, I want you here.	Please share any other feedback you have at this stage.
1318	Please actively seek the views of the wider UK public, who overwhelmingly support this venture. Especially if the views of only the local community come in from this first consultation. Many UK citizens are tired at the lack of future thinking based upon the 'not in my back yard' people being vocal.	Please share any other feedback you have at this stage
1347	Very exciting plans and credit to Universal for keeping people informed and engaged. Hoping this will come to be!	Please share any other feedback you have at this stage
1365	I really do hope this development goes ahead. I understand alot of people may raise concerns about it. Although I remain hopeful for all concerns to be easily amended regarding the development. This could have huge potential for the country as well as the county and I believe that most people really are excited for this to happen.	Please share any other feedback you have at this stage.
1386	Great idea to come to the uk it would be bloody fantastic	Please share any other feedback you have at this stage.
1390	Looks great, I feel there should be plans of what the rides and areas will be/more details. Definitely have Harry Potter, Jurassic Park/World and King Kong :) Some British themes. We like Harry Potter and Lord of the Rings for similar mythology/folklore of our culture.	Please share any other feedback you have at this stage.
1396	I think it's an excellent opportunity and will be really successful given the hype that is already surrounding it..	Please share any other feedback you have at this stage.
1397	I hope this goes ahead. The Universal Resort in Orlando is outstanding and to have a resort in the UK would be incredible. I hope this project happens.	Please share any other feedback you have at this stage.
1404	PLEASE make this happen!	Please share any other feedback you have at this stage.
1406	This is so exciting, I hope it goes ahead!!	Please share any other feedback you have at this stage.
1408	This should be supported and the government should back as it is a great opportunity for the whole country.	Please share any other feedback you have at this stage.
1414	I'm very excited about this project and cannot wait for more updates.	Please share any other feedback you have at this stage

1421	As someone who's never visited a Universal park before I am very much in favour of this project going ahead as it will make such a world class experience more easily accessible to those in the UK and much of Europe.	Please share any other feedback you have at this stage.
1435	This would be a positive and important project for the UK and everyone should support this.	Please share any other feedback you have at this stage.
1438	I think its really exciting and something the uk theme park scene really needs to disrupt the monopoly of Merlin entertainment putting out the bare minimum. Universal is one of my favourite parks when I go to Florida and to have something close by I can visit more than once a year is incredibly enticing	Please share any other feedback you have at this stage.
1439	Please take note that there are so many people that welcome this development. Often the voices of the nay sayers are heard the loudest but this is a really positive thing for Bedfordshire and really needs to go ahead.	Please share any other feedback you have at this stage.
1454	This is very exciting, please do it.	Please share any other feedback you have at this stage.
1463	Every person I have spoken to, in all corners of my life, thinks this is a good idea. Whether they have previously visited a Universal park/resort or not. The site and location are perfect. And I will be first in line for an annual pass on opening day!	Please share any other feedback you have at this stage.
1464	I like the way you are going about this project. I live in Scotland not far from Trump Golf Course and he did not go about development in the right way	Please share any other feedback you have at this stage
1465	As a huge Universal fan, (JAWS) is my favourite movie. I have been calling for a Universal theme park for years and have written to the government with sadly no reply. I have visited 3 of the park so far, Florida, California and Japan. I shall. be returning to Univeral Japan in May 2024. It is time for the huge UK movie market to have a Universal Theme Park and I wish you all the success with the process. I'll be one of the first through the gates if it should happen.	Please share any other feedback you have at this stage.
1472	I am very excited for this project and look forward to hopefully tracking the progress of this park like i have for Epic Universe!	Please share any other feedback you have at this stage.
1477	Please give it the 'GO' you wont regret it and it will be the jewel in the UK's Theme Park crown!	Please share any other feedback you have at this stage.
1478	You'd be most welcome ðŸ™—	Please share any other feedback you have at this stage.
1482	Nothing further - although a very interesting, and exciting proposition for the UK and Bedford.	Please share any other feedback you have at this stage.
1483	it is a fantastic idea!!	Please share any other feedback you have at this stage.
1484	PLEASE PLEASE PLEASE MAKE THIS HAPPEN Thank you x	Please share any other feedback you have at this stage.
1485	Please build this resort, me & my children (11 & 9) will definitely visit a lot & we would all love to work for Universal	Please share any other feedback you have at this stage.
1495	No other feedback. I am in agreement for this proposal to go ahead.	Please share any other feedback you have at this stage.
962	Very excited about the potential positive outcomes of this huge project. Thanks.	Please share any other feedback you have at this stage.
963	Fully support the plans and excited to see a Universal bring some incredible experiences to the U.K. - continue showing off how lovely you will make the destination and surrounding area!	Please share any other feedback you have at this stage.
569	We regularly visit Universal Orlando, and would love for friends and family who cannot afford to ever visit this incredible attraction to do so in the UK. Having a UK site will not stop us from visiting your other parks, as generally Universal is not the only driver for our visits to Orlando. It's a combination of Universal, Disney, Busch Gardens and Kennedy Space Center that will keep us returning. All I hear is positive feedback about this project. Good luck!!	Please share any other feedback you have at this stage.
650	Other than a real excitement of this project moving forward. Our hope is that the attraction is suitable for our climate and will be accessible throughout the entire year. With more attractions that are covered or inside building.	Please share any other feedback you have at this stage
994	I am very enthusiastic about bringing a new Universal Resort to Bedford. It's a high quality product with the potential to create rewarding long term jobs for residents as well as providing a boost to the local economy. It's a shame though that Universal executives chose to stay in London hotels during the consultation period rather than supporting the local economy by staying in local hotels & using local restaurants in Bedford	Please share any other feedback you have at this stage.

998	Am desperately hoping you decide to go ahead with this project as it would be the most exciting thing to happen to the leisure industry in this country ever. We lost out to Paris when Disney opened their Europe park and hoping it's our turn this time! Ps please include a Harry Potter area!	Please share any other feedback you have at this stage.
1003	I'm really excited about the proposed theme park and the plans that have been produced. I like the fact that you'll be focusing on environmental features too to increase the environmental areas and local wildlife. I've not heard anyone saying that they are against the project so I think there is a lot of support for the project.	Please share any other feedback you have at this stage.
1027	cannot wait for Halloween Horror Nights UK	Please share any other feedback you have at this stage.
1048	PS - Halloween Horror Nights on my doorstep makes it a win in my book!!	Please share any other feedback you have at this stage.
1062	Donal is great and a good communicator and good at managing situations	Please share any other feedback you have at this stage.
1066	Thank you for the opportunity to share a few thoughts.	Please share any other feedback you have at this stage.
1195	The scheme is a great idea and is welcomed by local residents. Bedford is a diverse community and will provide a good workforce. The location is ideal and flat to build a park on. Improvements to infrastructure would be appreciated to make easy access available.	Please share any other feedback you have at this stage.
1312	Bedford and England would benefit hugely from this project. Bedford needs more places for families to have fun and people to visit that does not only offer the typical drinking 'pub' culture of England. Universal studios could bring some of American's leisure culture with pinterest-esque seasonal decoration and events for Valentine's, St Patricks, Easter, summer, Halloween and Christmas, making it a highly-frequented destination for local residents and people from out of town.	Please share any other feedback you have at this stage.
1330	Very excited and I think it is a positive for both the local area and UK	Please share any other feedback you have at this stage.
1328	I would love for universal to create a park in the UK as the parks I have been to are outstanding and I think everyone should experience it.	Please share any other feedback you have at this stage.
1337	We are so happy that you are planning a development in the UK and can't wait to see it finished!!	Please share any other feedback you have at this stage.
1392	Please bring the park to the U.K.!! We are in need of something different and universal parks have so much excitement to them, and they would be a refreshing change and a popular holiday spot, especially in combining visits to harry potter world (which is hope would be part of the park!) and the studios in Leavesden. We are long overdue something as incredible as this!	Please share any other feedback you have at this stage.
1410	Pleeeaaaassssssssssssss consider a Middle Earth themed area - Tolkien has to be one of the UK's greatest story tellers and it would be wonderful if he could be celebrated as such :-) THANK YOU SO MUCH for considering the UK - if it goes ahead I will definitely be making it a second home!	Please share any other feedback you have at this stage.
1487	I think this would be invaluable to Bedford and the people in the surrounding villages	Please share any other feedback you have at this stage.
1445	Please go ahead with this project this country need something like this its amazing and thank you	Please share any other feedback you have at this stage.
1508	Looking forward to hearing more as this progresses	Please share any other feedback you have at this stage.
1515	I think I have covered all hopefully we will have a universal in the uk soon	Please share any other feedback you have at this stage.
1516	cant wait for this to open :)	Please share any other feedback you have at this stage.
1490	For so many reasons Universal UK is a major uplift to the country. Please build your next park here!	Please share any other feedback you have at this stage.
1500	Bringing a universal theme park to the UK will bring massive employment and tourism benefits to the UK. The proposed site is perfect for sustainable travel links. I personally would get the train to the site. Having visited universal Orlando on many occasions, I know the people of Britain would be blown away with the detail, care, world class rides and hospitality universal provide which is nothing like we have in the UK so far. Personally I would actively look to be involved with the operations at universal, mainly in providing medical care. I really cannot see any negatives to this project and wish it the best of luck for its future.	Please share any other feedback you have at this stage.
1523	What an exciting and unexpected proposal this is for the UK, and for Europe as a whole. Here's hoping this all goes ahead! All the best.	Please share any other feedback you have at this stage.
1506	We appreciate the engagement. Please try to let us know as much as you can about dates and progress as we dont want to sit until 2030 without any info	Please share any other feedback you have at this stage.

1493	Please go ahead with this project. The residents of Bedford are so excited. We desperately need some more business here and somewhere for young people to go and have fun. You will bring a lot of joy, financial and economic benefit to the area and you will also benefit from the perfect location. It's so accessible from everywhere and it will make you a lot of money.	Please share any other feedback you have at this stage.
1526	I would love to see the park opening on this site.	Please share any other feedback you have at this stage.
1527	Please please please go ahead with this it would be unbelievable!	Please share any other feedback you have at this stage.
1531	cannot wait to see this started!!!	Please share any other feedback you have at this stage.
1534	Build this amazing park!!	Please share any other feedback you have at this stage.
1542	We are all excited for this opportunity please push forward with this proposal.	Please share any other feedback you have at this stage.
1546	Hope this happens	Please share any other feedback you have at this stage.
1564	This project is going to be amazing so looking forward to visit the park and resort when it opens	Please share any other feedback you have at this stage.
1566	Please please please hit the go button as soon as possible.	Please share any other feedback you have at this stage.
1569	I share my previous answer to question 8. We have been to both the Florida & California parks many times and would love to have a Universal park on our doorstep. It is so expensive to travel 1000's of miles away everytime we want to experience the fun and excitement of Universal. To have it so close would be amazing and the fact we are hearing the company is considering every aspect of its impact to the environment, the local community and the wider area is encouraging and wonderful to hear too. I support the proposal moving forward due to potential job opportunities and the environmental considerations they have proposed. My only concern is will the UK park have the same feel as the Orlando/Hollywood parks. Can the UK replicate the feelings and emotions we have when we walk through the very same gates in America. Our theme parks only stay open until roughly 5/6pm, which in my opinion doesn't give the customer value for money or the time to get all the attractions done in the time frame allowed. Will i get the same excitement from a UK park? I do hope so. Our track record with current theme parks cannot compete with America and part of the problem is the UK customer service. I love going to the American theme parks as the customer service i receive is second to none and unparalleled to what we receive here. I hope they can bring that special feeling and level of excitement we have grown used to with Universal. I look forward to future updates on the project!	Please share any other feedback you have at this stage.
1570	I am so glad to hear Universal are considering opening a UK park, this is such a big positive and all I have heard from talking to friends and family are amazing comments of the potential of having such a future development hopefully come to the UK. Congratulations thanks and best of luck with the development, hopefully the park gets the green light and we will be visiting soon!	Please share any other feedback you have at this stage.
1576	I love theme parks and I am excited to potentially have the amazing Universal brand of theme park within an hour of where I live. This is the best thing that's ever happened in my life, thank you so much!	Please share any other feedback you have at this stage.
1578	Very happy with the potential of having Universal in the UK	Please share any other feedback you have at this stage.
1584	Please do this! Super excited	Please share any other feedback you have at this stage.
1586	My parents live nearby. They are in full support too	Please share any other feedback you have at this stage.
1580	This is a project that our local community really needs. The jobs, the infrastructure, the benefits it will bring to our area, I really hope it goes ahead.	Please share any other feedback you have at this stage.
1583	To have a world class theme park resort in the uk will be incredible for the local area the uk as a whole and a massive draw for tourists from all over europe.	Please share any other feedback you have at this stage.
1553	It would be great if the new park in Bedford will be something special, honoring the region and the environment - not a soulless clone of other parks.	Please share any other feedback you have at this stage.
1592	I really do hope you consider Bedford in the uk as a possible place for the park and resort. Anywhere in the uk will benefit. Although I'm probably around 6 hours drive from the site, I would possibly use a train to get to the park and definitely stay at a resort hotel to make it worth my while. Bringing work, skills and positiveness, this project is a must!! I do hope it will go ahead!!	Please share any other feedback you have at this stage.

1588	Really hoping that this goes ahead. It's just what the UK needs and as a frequent visitor to the Orlando resort, I have total confidence that the Universal team can deliver on this project and give the UK economy a much needed boost.	Please share any other feedback you have at this stage.
1599	This needs to happen to help the U.K. in so many ways	Please share any other feedback you have at this stage.
1631	The UK needs a world-class attraction that competes with the likes of the US and Europe. For too long, our main attractions have been predominantly owned by one company: leading to a monopoly that is bad for the market and the consumer. The UK has simply never had a theme park on the same quality or scale as those in Orlando, and the demand for such a project is definitely there. This can only be a good thing for turbo boosting not just the economy of the local area but also contribute to the UK overall as a holiday destination.	Please share any other feedback you have at this stage.
1597	Thank you for giving us hope of such an exciting project in the area.	Please share any other feedback you have at this stage.
1598	This would be the best thing for our area. We have such great rail and road links to major roads and stations. We need this expansion and I adore theme parks so roller coasters on my doorstep is a dream that'll hopefully come true!	Please share any other feedback you have at this stage.
1593	So excited and will give all the positive support as much as possible.	Please share any other feedback you have at this stage.
1596	I think this is a wonderful idea. I am praying it happens.	Please share any other feedback you have at this stage.
1603	Do the project.	Please share any other feedback you have at this stage.
1611	I fully support this and am super excited at the possibility of having such an amazing company looking to expand over here!	Please share any other feedback you have at this stage.
1624	I really hope you get all the support from Bedford Council and the UK Government to allow this project to get the go ahead Good luck	Please share any other feedback you have at this stage.
1625	Nope, not got any at this stage. Cheers for this opportunity. :)	Please share any other feedback you have at this stage.
1627	Get this project done, let's build Universal Great Britain!	Please share any other feedback you have at this stage.
1630	I have everything crossed that this project goes ahead. As a proud Brit and massive theme park fan, I truly hope it happens - as long as the village is cared for and wildlife respected.	Please share any other feedback you have at this stage.
1605	I hope the site in Bedford is chosen!	Please share any other feedback you have at this stage.
1615	So hope this goes ahead, will be excellent for local community and tourism to the area. Plus having a Universal Studios in the UK will be so exciting.	Please share any other feedback you have at this stage.
1639	I am eager to support this project and wish it all the best going forward!	Please share any other feedback you have at this stage.
1643	I believe the majority of uk citizens would love to see a major theme park in the uk, we have some great parks here at the moment but nothing on this scale with the immersive theming and detail to quality. And with some great IP's to add to the experience. Please go ahead!!!!!!	Please share any other feedback you have at this stage.
1649	This would be a massive benefit to all.	Please share any other feedback you have at this stage.
1650	Please get this across the line I would love to take my children there. Your parks are amazing it's so exciting	Please share any other feedback you have at this stage.
1652	Make it epic!	Please share any other feedback you have at this stage.
F6107	A fantastic idea and an opportunity to put Bedford on the map!	Feedback form: Please share any other feedback you have at this stage.
1654	We are in full support of the proposed project.	Please share any other feedback you have at this stage.
F6128	Much needed input into the local areas. Fully support the project.	Feedback form: Please share any other feedback you have at this stage.
1655	Please do this I have experienced universal in Orlando and you cannot compare it with the existing uk parks, bring Harry Potter world to the Country where it was created	Please share any other feedback you have at this stage.
F6129	I am very excited to see where this goes and what opportunities arise	Feedback form: Please share any other feedback you have at this stage.
F6115	I am so excited about this amazing opportunity. It will be amazing to have said an amenity here in Bedford. I am excited about the job opportunities for ourselves + our childrens. Please come to Bedford.	Feedback form: Please share any other feedback you have at this stage.

F6130	I can honestly say that I am overwhelmingly positive for this development. My children are so excited at the opportunity and opportunities that could happy as a result of this transformative development. This would be the best thing to happen to this area in all all my time of being Bedford born and bred!	Feedback form: Please share any other feedback you have at this stage. Please share any other feedback you have at this stage.
F6132	I think if this prject goes ahead it will put Bedford on the map by bringing visitors, employment and development of the area in improving travel etc. Excellent for Bedford.	Feedback form: Please share any other feedback you have at this stage. Please share any other feedback you have at this stage.
1656	Can i just say what what i would love too see on that land . Harrypotter i think ppl who go to the studio's in watford and iam one and my whole family have always said were is how Harrypotter rides . I love orlando but Harrypotter is British. I would also like to see jurassic world scooby doo and the old monsters like epic and transformers there is so many .	Please share any other feedback you have at this stage.
F6134	We love universal. Only live 10 mins away. Would love to see Universal in Bedford. Go for it! Bedford needs Universal!	Feedback form: Please share any other feedback you have at this stage. Please share any other feedback you have at this stage.
F6117	Look forward to Universal coming to Bedford!	Feedback form: Please share any other feedback you have at this stage. Please share any other feedback you have at this stage.
F6135	We have been to Universal many times ans are going in December. Bedford would be lucky to have you!! Brilliant for the young people.	Feedback form: Please share any other feedback you have at this stage. Please share any other feedback you have at this stage.
F6136	I think is a great idea as someone who works in the film industry. I think it will only strengthen our economy & provide jobs & opportunities to bring new productions to the UK.	Feedback form: Please share any other feedback you have at this stage. Please share any other feedback you have at this stage.
1635	The uk has show much history, huge links to the film industry so it makes it ideal for your story telling and experiences to be built here in the UK.	Please share any other feedback you have at this stage.
1645	Please go ahead with this project it's so exciting to think this might really happen and I cannot wait to have a universal park within a few hours as oppose to getting on a plane.	Please share any other feedback you have at this stage.
1661	Having seen the presentation all I can do is wish you every good fortune in getting the project off the ground. At 78 I just hope that I will still be around to enjoy it and look forward to being one of the first to stay in the hotel!!!	Please share any other feedback you have at this stage.
1662	I really welcome this great development. Thanks for choosing us.	Please share any other feedback you have at this stage.
1665	Love your approach	Please share any other feedback you have at this stage.
1666	I've been lucky enough to visit your Orlando parks and Hollywood Park and your attractions are currently by far the best in the world, in terms of theming and quality! Visitors are really and truly put within the movie and given an out of this world experience, expanding guests senses. Your Horror Nights are amazing and each scare attraction is themed to perfection! I know its very early days and nothing has been confirmed yet, but I have some fun suggestions! The UK needs its own Wizarding World of Harry Potter to celebrate the country it was themed around and filmed in. It would be great to team up with Warner Bros Studios Tour and create a joint ticket to both attractions with a connection between the two by train. On another note, with Japan theming their trains, such as the Hello Kitty train, all trains to the new Universal Great Britain park could be themed around some of our favourite movies including Harry Potter! They could have a gift shop on board. I think this would be an amazing marketing opportunity! Guests will not only have the opportunity to visit an incredible resort, but also feel like they are already there, as soon as they get on the train. They will already feel a world away from their daily lives before they even enter the theme park. I do really hope this project goes ahead and I would definitely be interested in working at the site in the marketing department, as currently employed by Parque Reunidos working for their aquarium in Dorset ðŸ™Š Obviously its not on the scale of a Universal resort but I'd love to work for Universal in the future!	Please share any other feedback you have at this stage.
1677	My family and I are extremely excited at the prospect of a UK Universal Theme Resort which we can experience together.	Please share any other feedback you have at this stage.

1680	I have been to Universal Studios in Florida twice, and it is becoming more expensive so the thought of driving a few hours to an amazing park would save my family money. But also just the thought of the job opportunities for us in the uk is fantastic.	Please share any other feedback you have at this stage.
1682	Please greenlight this project	Please share any other feedback you have at this stage.
1684	Make it happen	Please share any other feedback you have at this stage.
1691	I really want to see this project progress, it's very exciting!	Please share any other feedback you have at this stage.
1702	I really hope this plan is successful and taken forward. How epic to have a universal park this side of the pond!	Please share any other feedback you have at this stage.
1703	Easy to say, but this needs to happen. It's the perfect match and would really add value to an already top brand.	Please share any other feedback you have at this stage.
1705	Just that this is an amazing opportunity and I hope the UK government will allow you to go forward with this. And thank you for picking Bedford and the UK!	Please share any other feedback you have at this stage.
1683	An exciting opportunity that would be highly welcomed. I would try to lean in to the things that make the UK unique; think British culture. James Bond, Paddington Bear, Lord of the Rings etc. Make it unique.	Please share any other feedback you have at this stage.
1686	Please please build this!!! It would boost the uk economy	Please share any other feedback you have at this stage.
5793	England needs something a bit extra. Universal is an amazing company and for people who cannot afford to travel to America deserve the opportunity to access such an amazing park.	Would you support a potential park and resort coming to this site? Please explain why.
5799	For the economic enefits	Would you support a potential park and resort coming to this site? Please explain why.
5801	It would be good for Bedford and local area.	Would you support a potential park and resort coming to this site? Please explain why.
1696	Everyone I have talked to and have seen online everyone is really positive about this and the things it could do to the uk economy and just the fun factor so I really hope this goes ahead	Please share any other feedback you have at this stage.
1708	This would be amazing for the uk please build it	Please share any other feedback you have at this stage.
1709	I am really excited for this development, The UK has never had such investment. I cannot wait	Please share any other feedback you have at this stage.
1715	Overall I think this only has positives for Bedford and the UK. The economy, environment, local and national communities, the tourism industry will all see monumental growth and improvements. The UK needs and deserves a major resort from a company like Universal. It would be extremely successful and would change European tourism forever. Please go ahead with this.	Please share any other feedback you have at this stage.
1687	My answer to question 8 sums up the feelings of many people in the themed entertainment industry. Universal Studios Great Britain would be a major global destination, raise the standards of our entertainment venues, and I can't wait to see how the proposal develops.	Please share any other feedback you have at this stage.
1710	My USA cousins and Mexican friends are excited by the prospect of potentially being able to go in the future! Really hope you can make the site work.	Please share any other feedback you have at this stage.
1711	This has to happen without a shadow of a doubt !! I cannot wait to start watching universal park construction video updates ! And hint hint can you bring with you an rmc to have the uks first 8Y% or I wouldn't mind taking an intamin blitz . And down the line I'd love to see a ridiculous indoor water park	Please share any other feedback you have at this stage.
1717	Let's make this happen Universal!!	Please share any other feedback you have at this stage.
1720	Please say yes	Please share any other feedback you have at this stage.
1728	Fully support this project, would be amazing for the country to have a universal park	Please share any other feedback you have at this stage.
1735	I'm extremely excited at the possibility of a Universal Park/Resort coming to Great Britain!	Please share any other feedback you have at this stage.
1736	Please please go ahead with this!!!!	Please share any other feedback you have at this stage.
1738	Just do what you do, build the most incredible place for people to visit with there friends and family and create stories and memories they talk about forever.	Please share any other feedback you have at this stage.
1739	Good luck and we are backing this all the way.	Please share any other feedback you have at this stage.
1743	Please build! Hahaha	Please share any other feedback you have at this stage.
1744	cannot wait to come 8Y~€	Please share any other feedback you have at this stage.

1777	Take my money Universal please come to the UK	Please share any other feedback you have at this stage.
1778	Please Please build it!!	Please share any other feedback you have at this stage.
1783	Please do it!!!	Please share any other feedback you have at this stage.
1786	Get it open please	Please share any other feedback you have at this stage.
1762	It looks fantastic.	Please share any other feedback you have at this stage.
1766	thank you for purchasing the land & I hope to see a successful project in the future & hope to visit one day thanks for bringing universal to the uk. good luck with it all	Please share any other feedback you have at this stage.
1788	I hope this goes ahead. There's nothing I can see that wouldn't be fantastic - I wish Disney built their park here all those years ago rather than in Paris. There's also continuous talk about a park south of London (Paramount Park I think it once was) This country needs putting in the theme park map.	Please share any other feedback you have at this stage.
1789	Please build! We look forward to being there on opening day and enjoy the city walk when we head out for dinner!	Please share any other feedback you have at this stage.
1790	Would love to see a Universal Park in the UK!	Please share any other feedback you have at this stage.
1799	Just get it built already! 8Y8Y	Please share any other feedback you have at this stage.
1801	this has to happen it would be amazing for great Britain and Europe.	Please share any other feedback you have at this stage.
1746	As I said earlier this is very exciting and we are 100 percent wanting this park to go ahead also with a nice new hotel or hotels and lots off shopping areas too would be great too but also I think the uk would love to see rides like Harry Potter and lord off the rings and Jurassic World for sure and any other themed areas that will involve British film industry movies this is a great step forward and love the fact you guys care so much for the local communities and infrastructure too thank you so much and cannot wait for this amazing park to happen. XX	Please share any other feedback you have at this stage.
1756	Please Please Please make this happen! Whilst I love all your experiences and themed lands, I would love to see Jurassic Park in the UK. :-)	Please share any other feedback you have at this stage.
1758	I hope this project can come to formation for Yaz in the UK. We have had a lack of theme parks and quality and entertainment products in this country. I wish you the very best of luck with your project and hope that we see something like this in the UK soon.	Please share any other feedback you have at this stage.
1764	Just really hoping that the plan gets the go ahead and the UK gets it's own Universal resort - enabling many to make happy memories	Please share any other feedback you have at this stage.
1768	I just think it's an amazing idea as some people in the uk are unable to enjoy the other resorts around the world so having one in the uk and Europe would 1) benefits you business 2) improve mental and physical health 3) make the uk abit more eco friendly 4) offer new opportunities for the younger generation when it comes to jobs and work experience	Please share any other feedback you have at this stage.
1810	I hope you go ahead with this we need more jobs in the uk	Please share any other feedback you have at this stage.
1807	We'd love to be able to look forward to it officially very soon.	Please share any other feedback you have at this stage.
1774	It sounds incredible and hopefully it goes ahead a indoor water park would also be amazing	Please share any other feedback you have at this stage.
1820	I hope you do a Harry Potter, James Bond theme, Jurassic park and my all time favourite films back to the future 8Y8Y½ for a 80s themed area. I really hope you do come, it would be amazing for the uk. Good luck 8Y~%	Please share any other feedback you have at this stage.
1822	Since the park would be in the UK, and even not far from Warner Brother's Harry Potter Studios, it would be so cool if Harry Potter was included in the park, since it is such an iconic British film series. I remember walking into Diagon Alley into the wizarding world of Harry Potter for the first time when I was 12 years old and being absolutely blown away to the point of tearing up in awe at the first look of the theming and facades. I genuinely felt like I had stepped inside a TV screen into the movie. it would be so extraordinary if this feeling could be created for other people in the home country of Harry Potter.	Please share any other feedback you have at this stage.
1827	I would love the see Harry Potter, Jurassic Park and Lord of the Rings represented in the new park.	Please share any other feedback you have at this stage.

1841	Expanding the resort soon after opening to have more than just a first gate and Citywalk would be appreciated. As a theme park fan, I think a large indoor water park operated by a major themed entrainment provider would be a new and interesting gimmick, and having more than just the 1 planned park would really help to make the resort into a real resort (the water park could be a lower cost and build-time investment than the second gate I'm sure is eventually planned for the expansion land you currently own, and would be theoretically priority number two after a water park or other expansion (maybe something like Orlando's Great Movie Escape escape rooms but bigger / the permanent Halloween Horror Nights location you're building (I think a full-time UK HHN destination would be popular as the UK lacks but likes year-round haunts)).	Please share any other feedback you have at this stage.
1844	Very exciting news. I've been to many theme parks all over the world and universal parks are in my top three for theming, rides and staff engagement. Please if this goes ahead bring us hogwarts and a velocicoaster like ride.	Please share any other feedback you have at this stage.
1854	Im completely onboard with your plans	Please share any other feedback you have at this stage.
1856	I hope to see this project going ahead. Thank you!	Please share any other feedback you have at this stage.
1833	build the park and resort!	Please share any other feedback you have at this stage.
1834	I'm so excited that Universal might be coming to the UK. Fingers crossed ti happens.	Please share any other feedback you have at this stage.
1863	Please come! This would be a dream come true	Please share any other feedback you have at this stage.
1868	I would say the whole of the UK is up for this. The Yanks know how to do things properley too. 100% hope this goes ahead. Big fan.	Please share any other feedback you have at this stage.
1871	I hope this goes ahead	Please share any other feedback you have at this stage.
1874	Universal Studio's Florida is my families most favorite place in the world to visit, this will never change my partner and i got engaged during HHN2023 on our last visit and we are booked to return Sept 2024, this is something we will continue to do regardless of a new park in the UK however having another Universal Park to visit right here in the uk would open up so many opportunities for other families here that cannot fly to be able to experience a truly world class theme park and resort. My partner and i have always dreamed of having a Universal Studio's wedding but have always hit a road block when it came to many family members not able to fly. If Universal were to go ahead with the UK resort, you will fulfill a dream 30 years in the making.	Please share any other feedback you have at this stage.
1875	Look forward to welcoming Universal to the UK where people will provide a friendly experience	Please share any other feedback you have at this stage.
1884	I and anyone I speak to can't wait till see this progress and hopefully be an amazing place to visit within the next decade.	Please share any other feedback you have at this stage.
1886	Please please please make it happen. we need this	Please share any other feedback you have at this stage.
1887	I would love to see such a theme park be developed in the UK	Please share any other feedback you have at this stage.
1904	Just wanted to complete this survey to add support to this project, really exciting and I hope it is green lit soon!!	Please share any other feedback you have at this stage.
1908	Please do this it would be incredible!!!	Please share any other feedback you have at this stage.
1909	I have been to Universal Florida numerous times and love it. To have one this close would be incredible, I would definitely be an annual passholder!	Please share any other feedback you have at this stage.
1891	I think this is a fantastic and exciting idea, one which would be fantastic for all parties in the long term!	Please share any other feedback you have at this stage.
1913	The possibility of Universal coming the the UK, is so exciting. Me and my family are so excited about what may come.	Please share any other feedback you have at this stage.
1916	No I look forward to hearing more	Please share any other feedback you have at this stage.
1918	This is a exciting new opportunity for the area, I hope it goes ahead.	Please share any other feedback you have at this stage.
1921	Please please please can this be given the greenlight	Please share any other feedback you have at this stage.
1925	Just to say welcome to the UK and I hope all goes well, we're so excited.	Please share any other feedback you have at this stage.
1926	Universal is very close to my partner and mine heart. He proposed in universal orlando 2 years ago and we are return again this year for our honeymoon. If you do go ahead building one in the uk we will definitely be making the 3hr car journey to visit regularly. Good luck	Please share any other feedback you have at this stage.

1927	It's fantastic that this site is being considered, I'd love to see this go ahead.	Please share any other feedback you have at this stage.
1935	I love this idea. I need this to happen and so does the theme park community. I have all the faith that the people involved in this project will delivery. Thank you so much for even considering this project.	Please share any other feedback you have at this stage.
1938	Please build this!!!!	Please share any other feedback you have at this stage.
1950	I have a young son who is just starting to get a flavour of theme parks. I look forward to making a lifetime of special memories at your new resort.	Please share any other feedback you have at this stage.
1951	Press the go button!!!!	Please share any other feedback you have at this stage.
1962	I hope it happens	Please share any other feedback you have at this stage.
1972	Excited to see if this goes ahead, best of luck and I hope the GO is approved.	Please share any other feedback you have at this stage.
1982	I hope this project goes a head	Please share any other feedback you have at this stage.
1985	Very excited by this, I really hope and pray that this is signed off	Please share any other feedback you have at this stage.
1987	I really hope this project goes ahead. I love the Universal parks in Orlando. Having a Universal resort in the UK would be a dream come true.	Please share any other feedback you have at this stage.
1995	I am fully behind a Universal GB park and am massively excited by the prospect.	Please share any other feedback you have at this stage.
2002	A uk universal resort would be fantastic!	Please share any other feedback you have at this stage.
2006	It is a great idea and wish all the best in its realisation!	Please share any other feedback you have at this stage.
2009	It's got to happen!! Good luck	Please share any other feedback you have at this stage.
2010	We are so excited for this project. I have everything crossed that it gets the go ahead	Please share any other feedback you have at this stage.
2014	Please allow this to happen!	Please share any other feedback you have at this stage.
2016	The UK is full of theme fans who are very keen to have a world class attraction and a Universal resort would be amazing! People in the UK are very familiar with Universal properties. If you build it they will come!	Please share any other feedback you have at this stage.
2017	We are so excited for this proposal.	Please share any other feedback you have at this stage.
2019	please get it done, the positives far out way the negative	Please share any other feedback you have at this stage.
2021	You have my support.	Please share any other feedback you have at this stage.
2026	Hope this happens it will be amazing	Please share any other feedback you have at this stage.
2028	N/A, I'm just excited at the idea of this becoming a reality.	Please share any other feedback you have at this stage.
2033	Totally excited at the prospect of a global icon like universal coming to the UK	Please share any other feedback you have at this stage.
2036	Hope you green light the project!!	Please share any other feedback you have at this stage.
2039	Please make this happen.	Please share any other feedback you have at this stage.
2047	I look forward to seeing how this project develops	Please share any other feedback you have at this stage.
2049	Please make this park	Please share any other feedback you have at this stage.
2051	Please build it!	Please share any other feedback you have at this stage.
2055	We would likely travel in by car from Essex regularly and stay for a couple of nights in any hotel that Universal builds. We would love to see this exciting opportunity come to the UK.	Please share any other feedback you have at this stage.
2059	This is a brilliant project I hope it goes ahead, the bigger the theme park the better	Please share any other feedback you have at this stage.
2061	Please go ahead with this project	Please share any other feedback you have at this stage.
2064	Get it built!!!!	Please share any other feedback you have at this stage.
2068	We would love to have this here in the UK	Please share any other feedback you have at this stage.
2075	The project sounds absolutely fantastic, and I am more than happy to be contacted if I can be of any assistance going forward	Please share any other feedback you have at this stage.
2076	Please proceed with this project - we are SO EXCITED!!	Please share any other feedback you have at this stage.
2077	You have to build this please Universal make this happen!	Please share any other feedback you have at this stage.
4760	I see no issues only positives of Universal creating a new theme park resort in the UK. The jobs it will create and the benefit it will have on the whole of the UK's economy will be phenomenal.	Please share any other feedback you have at this stage.
4751	It will be great for the town of Bedford and beyond. Please go ahead with it.	Please share any other feedback you have at this stage.
4730	Just thank you for potentially choosing Bedford as your new park project and that I really hope it happens.	Please share any other feedback you have at this stage.
4661	Thank you for considering the uk as a location for another resort and growing our Uk theme park industry. Within the Uk theme park community the excitement for this project is very high and I believe all are happy if it would go ahead. Me personally I cannot wait to track its progress over the next decade or so.	Please share any other feedback you have at this stage.

4614	I am sure people will complain and may have the loudest voices but I would be amazed if they are anything other than a vocal minority of NIMBYs.	Please share any other feedback you have at this stage.
4463	I really hope this goes ahead, it'll be fantastic for the local communities as well as the UK economy.	Please share any other feedback you have at this stage.
4459	Looking forward to hopefully having a major theme park in the UK such as yourselves. This has been a positive overall step which will help the UK and the local area immensely.	Please share any other feedback you have at this stage.
4445	I just really hope this gets movement and proceeds. Having a Universal Theme Park and Resort in the UK will be the biggest thing to happen in our entertainment industry, arguably ever. Thank you for the consideration.	Please share any other feedback you have at this stage.
4434	This creation and investment is much needed in the area. It will offer a substantial leisure complex option for the residents of Bedfordshire and further afield.	Please share any other feedback you have at this stage.
4439	I think this is the best thing to happen to Bedford in years ! And will give the economy a massive boost !	Please share any other feedback you have at this stage.
4411	I have no figures or research to back this up, but 99% of my friends and acquaintances that I've spoken to about your project are in favour and very much looking forward to it which has to be a first for this part of the UK.	Please share any other feedback you have at this stage.
4405	Please bring this investment and opportunity for Bedford and the UK forward. We need good news and foreign business investment, the direct and indirect jobs would be huge and enable Bedford to enter a select club of cities / towns with such a resort.	Please share any other feedback you have at this stage.
4401	Feel this is an excellent idea and one I hope is actually delivered to benefit Bedford and the UK.	Please share any other feedback you have at this stage.
4422	This park may help save the economy by increasing tourism Thank you corporate overlords	Please share any other feedback you have at this stage.
4351	Thank you for considering this site and best of luck on future developments with this project. I really hope it happens!	Please share any other feedback you have at this stage.
4354	I'm excited and optimistic at the prospect and as a local resident I hope to be involved in some way as it develops	Please share any other feedback you have at this stage.
4290	I would just say I really support the project. I think we really need it for the UK economy and I think it's going to benefit us a lot	Please share any other feedback you have at this stage.
4286	Bedford is ready to embrace this great opportunity. Perfect timing.	Please share any other feedback you have at this stage.
4282	I think it's great that our area is being considered for this project and among my friends, family and neighbours I am yet to meet anyone who objects. Most people are very excited about the prospect and I hope this is reflected in the rest of the feedback you receive. I also welcome the approach you have taken to involving the community and keeping us well informed, so thank you for that and I hope this will continue as the plan develops.	Please share any other feedback you have at this stage.
4268	I am in full support of the project and am very excited about the impact this will have on the local area, not only in my lifetime, but for generations to come	Please share any other feedback you have at this stage.
4264	Very exciting news as we can't afford to go back to Florida just yet, so this is a great theme park fix for us. Also by the time it may be finished, we may look to move closer :)	Please share any other feedback you have at this stage.
4265	I feel that the resources shared as well as precedent in previous theme parks is enough for me to get a good grasp of the project. I am curious what NBCUniversal intends to do with the land north of Manor Road.	Please share any other feedback you have at this stage.
4258	This is a great location with easy access to many parts of the UK. We welcome this with open arms.	Please share any other feedback you have at this stage.
4244	I'm very supportive of this venture and happy to have my voice heard. I hope we can continue to be updated on the developments taking place at each stage!	Please share any other feedback you have at this stage.
4245	Thank you for considering us. Best of luck with NIMBY's folk...	Please share any other feedback you have at this stage.
4239	Just that I pray to everything holy that you decide to go ahead with building the resort here, not only for me and for everyone in the U.K but personally, the possibility of having a future family we can bring to your resort that would be 20 minutes away is incredible. Many thanks.	Please share any other feedback you have at this stage.

4241	I'm nearing 70 years old and probably won't be here when this opens (hopefully it will get permission) but this is the biggest economic & employment opportunity to come to Bedford ever and will ensure Bedford has the best opportunity to grow in the future years.	Please share any other feedback you have at this stage.
4215	WoW !! What an adventure for millions of uk park visitors and from around the world. We are now in the spotlight to create something so unique and awesome and amazing. Universal you deliver on park excellence and creating memories and we in the UK love the opportunity to really show the world that hey , cmon over come and see the world's greatest theme park and resort here in the United Kingdom.	Please share any other feedback you have at this stage.
4167	We appreciate the opportunity to learn more about the proposed development. Whilst not confirmed in any way, this would be a great addition to Bedfordshire and the UK, so I do wish you the best of luck and would be happy to input further where required. Thanks	Please share any other feedback you have at this stage.
4151	I am just pleased to hear you are at this stage of the project and hope you get the support of the rest of the UK for this to go ahead!	Please share any other feedback you have at this stage.
4147	Other than my answer to Q8, personally I would look forward to a major regeneration of an area that very much needs it.	Please share any other feedback you have at this stage.
4161	I'm very excited about the prospect of the Resort coming to our region, you have made an exemplary start on your journey. You will no doubt speak to many individuals, groups and organisations over the coming months and receive a wealth of comment and feedback. If you feel you might like more detailed input on shaping the narrative, not just on the local stories but the wider significance of the project, I want to take this opportunity offer my support and perhaps unique local perspective.	Please share any other feedback you have at this stage.
4141	This is a fantastic opportunity for our local area and for the UK. I would be in favour of this development. My only 2 questions are, 1) Will there be multiple entrance points to access the park? I live in Stewartby and it would be nice to be able to access the new park on foot and not need to drive round to the main entrance. And 2) will local residents be given any compensations such as tickets or similar?	Please share any other feedback you have at this stage.
4062	We think this is a huge boost for the UK, to have a major Theme Park that we would normally have to travel abroad for. It will no doubt be a huge boost to the local and UK economy. My wife and I both really hope this becomes a reality.	Please share any other feedback you have at this stage.
4051	Very excited for the possible development and would make me travel the 2.5 hours to an area I wouldn't otherwise visit Loved Universal Studios Japan and think the theme parks are high quality	Please share any other feedback you have at this stage.
4645	I am Bedford born and bred, with both sets of grandparents moving to England from Italy to work in the brickworks. My parents are also both deaf (mum is deaf/blind) and they met in Bedford and fell in love. Bedford is in desperate need of investment, and this project could provide just what it needs.	Please share any other feedback you have at this stage.
4102	When I visited the Universal Studios in Hollywood, I had such an incredible time, and when I heard that universal were thinking of building a park here, I was stunned as I am a great lover of films. I love them and to hear the theme park that has rides from films could possibly be built I was full of excitement so Universal I wait patiently for that greenlight to be announced	Please share any other feedback you have at this stage.
4052	This is an amazing opportunity for not only the UK but also Universal. Please go ahead with this, it is backed by not only the UK but also Europe as it will be a park with such easy access across many countries.	Please share any other feedback you have at this stage.
4050	I am thrilled to hear about this project and am very thankful that local people's views are being considered in the shaping of the project	Please share any other feedback you have at this stage.
4515	I think it would be amazing for the Local economy and put Bedford on the map.	Please share any other feedback you have at this stage.
3969	I'm excited for this to become a potential for what will be the most visited park of the UK hoping you provide similar or same rides we see in other countries. Especially Jurassic Park, Harry Potter Transformers etc	Please share any other feedback you have at this stage.
3937	Really excited by this proposal, and praying that it goes ahead, as it will reinvigorate the town and surroundings	Please share any other feedback you have at this stage.

3930	I'm incredibly excited to see the future of this resort, and would love to work for Universal and would be willing to relocate closer to the resort. It's good to see that as a company you're taking an interest in the local community and the environment. These are the main issues that stopped the London Resort from going ahead	Please share any other feedback you have at this stage.
3926	I am keen that this should go ahead for economic reasons and for the fun of having a local attraction.	Please share any other feedback you have at this stage.
3906	Please come..it would be fabulous for the area.	Please share any other feedback you have at this stage.
3891	This is a most exciting opportunity for Bedfordshire and indeed for the whole of the UK. It has the potential to fundamentally change the local infrastructure - which I'm sure the majority of my local neighbours would agree is long overdue. This is a beautiful part of the country with plenty of pretty villages and towns. I don't believe a development such as this will compromise the local landscape at all - I have read your proposal in detail and in particular the landscaping / noise minimisation plans, which have the benefit of drawing on experience of your other parks around the world. I have utmost confidence in Universal being able to deliver everything being promised. The positive impact this will have on the local area for decades to come makes me very excited for my family and the local area.	Please share any other feedback you have at this stage.
3889	Just think it would be an amazing facility to have in Bedfordshire. It would be amazingly popular easy for folk throughout the country to get too being right between the A1 and M1.	Please share any other feedback you have at this stage.
3888	If this project goes ahead (which I'm praying it will), I feel that there needs to be a focus on British movie franchises and characters. Yet also classic Universal movies - such as E.T. / Back To The Future / Jaws etc. A replica / new version of the E.T. Adventure attraction in Orlando would be the icing on the cake for me! The movie holds so many fond memories and the ride is so nostalgic from when I was a young child going to florida for the first time. Please bare this in mind!	Please share any other feedback you have at this stage.
3884	I sincerely hope everything goes in the direction for Universal to create this vision in the UK. I look forward to experiencing it and good luck!	Please share any other feedback you have at this stage.
3885	See question 7 answer again. It's very exciting times, I really hope you decide to build here. Just hope it doesn't put people off from going to universal Florida, you need to be mindful of that. All I will say is, good luck with it.	Please share any other feedback you have at this stage.
3880	I am wholeheartedly in favor of this project and believe it holds immense potential to positively transform Bedford and contribute significantly to the UK economy. The prospect of creating thousands of new jobs, driving footfall to local businesses, and catalyzing infrastructure improvements is incredibly promising. I am eager to see how this endeavor unfolds and am committed to supporting its success every step of the way.	Please share any other feedback you have at this stage.
3862	It's very exciting! I hope it goes ahead. It'll put Bedford on the map because Bedford is a great town!	Please share any other feedback you have at this stage.
3855	Hugely enthusiastic about the potential for Universal coming to Bedford. It will be the biggest catalyst for change (improvement) the town has seen in generations.	Please share any other feedback you have at this stage.
3848	I think this is a fantastic opportunity and I would love to visit with my family without having the massive travel costs and environmental impacts of travelling to the US.	Please share any other feedback you have at this stage.
3851	I am very interested in this project, and would be happy to communicate/discuss with Universal at any stage.	Please share any other feedback you have at this stage.
3839	This is a welcome opportunity for the UK	Please share any other feedback you have at this stage.
3825	Thamepark in bedford is a wonderful idea and my family fully support this development.	Please share any other feedback you have at this stage.
3758	Please doesn'tbe put off by the naysayers and miserable people who say they doesn'twant a theme park here. Good luck and hope there is positive news in the future.	Please share any other feedback you have at this stage.
3667	My only feedback is that I am extremely excited about this project - ever since hearing about this I have not been able to contain my excitement if it goes ahead it will be the event of the centaury for the UK!	Please share any other feedback you have at this stage.

3663	I really think this would be a massive success for the area,the UK & Universal. Please please please make it happen.	Please share any other feedback you have at this stage.
3662	Please do not let us down. Please allow this park to be built and invest in the uk. P.s you better build hogwarts for the uk!	Please share any other feedback you have at this stage.
3646	Looking forward to Universal coming to Bedford	Please share any other feedback you have at this stage.
3639	This has the potential to be really really exciting for Bedfordshire!!!	Please share any other feedback you have at this stage.
3640	I wholeheartedly support this project, the benefits would be enormous, the disruption will be short term	Please share any other feedback you have at this stage.
3633	Please build the parkmas it would be amazing to also have a UK HHN	Please share any other feedback you have at this stage.
3624	This would be great for the UK, please build it!	Please share any other feedback you have at this stage.
3623	Please come to the UK! I will purchase my season ticket today!	Please share any other feedback you have at this stage.
3622	What an exciting project for Bedfordshire. I hope it goes ahead.	Please share any other feedback you have at this stage.
3615	Having universal come to Bedford would be fantastic	Please share any other feedback you have at this stage.
3617	I am in full support of opening the park	Please share any other feedback you have at this stage.
3618	I think the plans are great and looks like there are plans for something people would really like in the UK. I would say it is important to have a Wizarding World attraction and would be great to encompass all the attractions that universal offer over the world. Being British it is a perfect tie in to the UK.	Please share any other feedback you have at this stage.
3610	Please build this Park, this would be truly fantastic for the people of the Uk and great for your portfolio of Theme Park assets.	Please share any other feedback you have at this stage.
3604	I really hope that you go ahead and build Universal Great Britain . It would bring so many amazing opportunities and possibilities for the UK and would give a lot of people who cannot afford to go to one of your other theme parks an opportunity to visit your exceptional theme parks and resorts .	Please share any other feedback you have at this stage.
3603	Love the idea about building the park. We need the jobs locally and would love a good resort hotel to stay at	Please share any other feedback you have at this stage.
3601	Love the idea to build a park, can't wait for this to happen. The UK is in dire need of a premier attraction like this	Please share any other feedback you have at this stage.
3600	Universal have a great opportunity to improve the lives and environment of local people, and put Bedford on the Map.	Please share any other feedback you have at this stage.
3588	We think it is a fantastic idea to bring something as large as Universal to Bedford! We fully support the proposal!	Please share any other feedback you have at this stage.
3590	This is a very exciting opportunity for Bedfordshire.	Please share any other feedback you have at this stage.
3583	We'd love for this to be built in Bedford and are excited to hear about its progress. I'm aware that centreparks being near Disneyland Paris works well and there is a centreparks near the proposed location. Bedford is such a pretty town, and we'd love to see this be built nearby and to welcome more people to the area.	Please share any other feedback you have at this stage.
3557	I still can't believe Universal are considering opening a park in Bedford! It's such a great opportunity and I wish you all the best.	Please share any other feedback you have at this stage.
3527	Only that having this would be a huge boost for Bedfordshire and I cannot think of any detrimental effects this would have.	Please share any other feedback you have at this stage.
3501	Please build this park - the area needs it. Thanks!	Please share any other feedback you have at this stage.
4455	Like I said I want it built and bring the UK back on the map in the industry and healthy competition to the other parks in the UK (I know Merlin will kick up a stink) but they also need to up their game in the industry so would benefit all around namely the guests who goes to park and the local community and the knock on affects for businesses all around Kempston Hardwick and Bedford.	Please share any other feedback you have at this stage.
4446	This is such an exciting opportunity for not only Bedfordshire but the UK and also Europe. There would be nothing like it and it would attract families from far and wide. Feel really positive about the infrastructure of the rail and road networks that support the project. The location is A+.	Please share any other feedback you have at this stage.
4294	Don't underestimate how many adrenaline junkies there are in the UK, Alton towers and Thorpe Park are really the only two theme parks we have, both are quite limited especially these days they're so busy you can't get on more than 3/4 rides in a day, we are all dying for more !!	Please share any other feedback you have at this stage.

4202	Move closer to the west midlands, where I am based 0Y", no other feedback. Looking forward to this.	Please share any other feedback you have at this stage.
3797	This needs to be sold to the full country and make it something for all the nations of the UK and draw upon our heritage of myths legends and stories. Make it uniquely British. Have indoor areas for when it rains. Jurassic world Beijing looks great and flying dinosaur and the parades in Osaka are great too . Great to see DreamWorks included like she-ra and maybe a British version of monsters land	Please share any other feedback you have at this stage.
3566	We wish you every success with your investigations and very much hope that you do choose to build your theme park here in Bedford, we are very excited to be a part of it all.	Please share any other feedback you have at this stage.
3552	I'm excited to see where this project goes, as it brings a Universal park to the doorstep of many who can't afford to travel to a Universal park abroad, but it would also bring in tourists to a new area of the UK too.	Please share any other feedback you have at this stage.
3551	I find it really exciting and amazed that Universal have chosen the UK as a European location. They have considered everything with this project from creating jobs, to supporting local communities, boosting the UK economy and protecting the surrounding environment. I would love to see Universal be given the green light to start on construction on what is set out to be a game changer in the UK theme park industry.	Please share any other feedback you have at this stage.
3550	Would really love to see this project go ahead. Universal theme parks and resorts is a global name in the theme park industry, so not only would the local and surrounding areas benefit from this project but travel and tourism as a whole in the UK would increase as a park of your scale would attract visitors from all over the world. Looking forward to see what the future holds for this project!	Please share any other feedback you have at this stage.
3500	This will be a positive multi-generational addition to the area - a development I hope happens for my kids and their kids and I am confident will be well supported but the local community and businesses.	Please share any other feedback you have at this stage.
3478	I think you are already doing a wonderful job at informing us about this once in a lifetime event, keep up the good work!!	Please share any other feedback you have at this stage.
3476	cannot wait for it to open, will definitely come and also stay at a hotel (hopefully this will be part of park complex) We always stay at a Disneyland hotel both in UK and USA as well as universal studios	Please share any other feedback you have at this stage.
3477	Please bring This park and experience to the UK	Please share any other feedback you have at this stage.
3457	This is VERY exciting and something that will be a massive boast to the area.	Please share any other feedback you have at this stage.
3440	This is a very exciting project for the UK and I would very much welcome this development to happen	Please share any other feedback you have at this stage.
3414	I cannot wait to visit and hope you decide to go ahead.	Please share any other feedback you have at this stage.
3333	Exciting and really hope you will be coming to bedford!	Please share any other feedback you have at this stage.
3335	Everyone I have spoken to in Bedford seems very enthusiastic about the project.	Please share any other feedback you have at this stage.
3254	Please go ahead and build it!	Please share any other feedback you have at this stage.
3265	it's excellent universalis coming to town. good luck.	Please share any other feedback you have at this stage.
3273	Fully support this application. It's great for Bedford and the UK. The fact it's not in London is also a positive but it's close enough to London St Pancras to attract Euro Tunnel visitors and those flying in from overseas.	Please share any other feedback you have at this stage.
3260	This is a very exciting project and I'm proud that Bedford has been chosen as a location for it!	Please share any other feedback you have at this stage.
3223	I'm really excited about this development. I'm raising a family in this area and this is the sort of investment that will make a big impact on the community	Please share any other feedback you have at this stage.
3186	Really excited	Please share any other feedback you have at this stage.
3125	The public and open engagement either local communities is much appreciated.	Please share any other feedback you have at this stage.
3067	I am very supportive of this project	Please share any other feedback you have at this stage.
3052	100% support this project	Please share any other feedback you have at this stage.
3033	I genuinely hope this is successful and Universal move forward with the project.	Please share any other feedback you have at this stage.
3039	Please go ahead with this Project!	Please share any other feedback you have at this stage.
3044	I would say is best of luck with the project!! See you soon in before!!	Please share any other feedback you have at this stage.
3045	Good luck!	Please share any other feedback you have at this stage.

3049	Hope this goes ahead, look forward to being a regular visitor.	Please share any other feedback you have at this stage.
3024	I am hoping that the Bedford site is selected.	Please share any other feedback you have at this stage.
3012	Looking forward to it. Please do go ahead for Bedford.	Please share any other feedback you have at this stage.
2993	Good luck please bring Universal Studios to Bedfordshire.	Please share any other feedback you have at this stage.
2995	Please go ahead as soon as possible	Please share any other feedback you have at this stage.
3001	Love the opportunity ðŸ•	Please share any other feedback you have at this stage.
3004	I support this project and think it makes an excellent use of a previously used site, rather than building this on pristine farmland or countryside.	Please share any other feedback you have at this stage.
3005	This is a very interesting project and yes there's always going to be some people that are against it but I think that the project will be a great success and very well received by the majority of people.	Please share any other feedback you have at this stage.
2982	Welcome to Bedford	Please share any other feedback you have at this stage.
2947	Good luck	Please share any other feedback you have at this stage.
2951	I really hope this project gets progressed, I think it will be amazing	Please share any other feedback you have at this stage.
617	I would really love this project to come off the ground. I do think it's needed and as a Bedfordian, I love the fact you have considered Bedford as your location as I love Bedford. I think this could bring a lot to Bedford which I feel really needs this boost.	Please share any other feedback you have at this stage.
847	I am aware that local opportunities are limited for young people. Bedford town center is also in a dire state which is sad to see and it urgently needs revitalization and redevelopment. I would like to see the Universal Studios development help to drive these improvements and encourage other local regeneration including improved public services.	Please share any other feedback you have at this stage.
1017	The area is still semi-rural but needs economic development. The proposed project would provide a big fillip to improving central Beds	Please share any other feedback you have at this stage.
1046	We welcome change and growth to the local area we wish universal success and hope they will help Bedford breath again. Good luck	Please share any other feedback you have at this stage.
1082	Heres to you universal, best of luck, p,s Halloween horror nights please	Please share any other feedback you have at this stage.
1115	This would be amazing for the UK if it goes ahead!! A Harry Potter, Mario and DreamWorks area ðŸ™ ÆðŸ™ ÆðŸ=ž	Please share any other feedback you have at this stage.
1161	Presently there is positivity surrounding the idea of new development and opportunities. Please keep local residents informed about the decision making process so that we are aware of any potential disruption. This will facilitate future planning.	Please share any other feedback you have at this stage.
1219	Universal builds the best theme park resorts in the world so this is a fantastic opportunity for the UK and Bedford. I think it's also an amazing opportunity for Universal to continue to build its portfolio, especially helping to reinforce UK originating brands like Harry Potter. It would be truly amazing if you could get on a themed train from St Pancras (next to the real Kings Cross!) to Bedford and end up at Hogwarts. Like in Orlando but for real!	Please share any other feedback you have at this stage.
1223	Having visited your parks in Florida, California, and Australia, I can genuinely say that a resort near London of that quality and scale would be a game changer, and would seriously increase domestic tourism as well as, to a lesser extent, international tourism.	Please share any other feedback you have at this stage.
1178	A major theme.park in the UK should be paramount for entertainment and enjoyment and bringing people into the local area	Please share any other feedback you have at this stage.
1283	If Bedford don't want it, Swansea do!!	Please share any other feedback you have at this stage.
1491	I would heavily support this resort and believe it is a great location for it. The train station is only around 30 minutes from London and would be accessible to so many families across the UK and Europe. Creating loads of jobs for the local community would be fantastic for Bedford as well. My family and I are a big fan of the Universal parks around the world, and you can't describe the happiness visiting one of these parks feels like. Not everyone in the UK is fortunate enough to be able to afford to go abroad, so having this on their doorstep would change soo many peoples lives. Therefore, this would not only help the morale of the local community, but the overall morale of the country.	Please share any other feedback you have at this stage.

1533	I am looking forward to hearing about the next stages of the project. I think this is a fantastic opportunity for Great Britain and the people who live here. Very exciting times ahead.	Please share any other feedback you have at this stage.
1559	I really hope this does happen. It will be great for careers, tourism and the UK as a whole.	Please share any other feedback you have at this stage.
1604	I think it's looking very promising so far and would love to see this happen. Improvements to road and rail infrastructure would be amazing too.	Please share any other feedback you have at this stage.
1669	The UK is crying out for a company like Universal to construct a project like this on our shores. The theme park industry is massively supported by UK residents, with Alton Towers, Thorpe Park etc. The figures show over 800,000 visitors from the UK go to Universal in Orlando, if there's one on our doorstep, then i would imagine that the majority of those numbers will visit the UK resort. Lets get this on, please please bring UniversalResort to the UK, you won't regret it!!	Please share any other feedback you have at this stage.
1718	I really hope this happens. It would be fantastic for England in general, would be great for the area and the UK in general has would encourage more tourism	Please share any other feedback you have at this stage.
1763	This project has the potential to help put Great Britain back on the tourist map. After people transit to work on the train to London, the trains heading back north in the morning are empty. Fill them with the tourists and send them to the park. I would look forward to seeing how the park would develop the local natural habit. As well the parks use of water and preserving the natural bodies of water. Can't wait to see what the future holds.	Please share any other feedback you have at this stage.
1824	I feel this is an excellent opportunity to put Bedfordshire on the map, it's location in the country is ideal	Please share any other feedback you have at this stage.
1842	I want this project to go ahead so much! I think it would be a real plus to living where we do, and also feel it will be something to put the UK on the map for (from a theme park enthusiast perspective at least!)	Please share any other feedback you have at this stage.
1861	Universal Great Britain would be highly beneficial not only to the uk but other places around as well.	Please share any other feedback you have at this stage.
1866	I am excited about this project and really hope that it goes ahead. I really see it as a huge boost for the UK and its future.	Please share any other feedback you have at this stage.
1903	Please please please go ahead. The UK needs this!	Please share any other feedback you have at this stage.
1912	Please do come to the UK. Even though I'm on Anglesey I would be really happy to see the new resort once open. Please do include Harry Potter etc and possibly Hammer House of Horror / Universal's Horror Nights type attractions etc?!! That would be great! Good luck with your other resorts and the Universal UK project etc. Thanks. Best Wishes. :)	Please share any other feedback you have at this stage.
1930	I think this is without a doubt the best thing that could happen in the UK....a package of fabulous fun on our door step....thanks you	Please share any other feedback you have at this stage.
1940	Really hoping universal get the green light as this would be so fantastic for the UK.	Please share any other feedback you have at this stage.
1948	Extremely happy for this project to be brought to the UK and hoping that it will go forward bringing the UK to the world theme park stage.	Please share any other feedback you have at this stage.
1949	Excited at the prospect of this resort, thank you for the transparency in your proposal at this stage	Please share any other feedback you have at this stage.
1953	Really hope that this does go ahead. The local area really does need it. It sounds fantastic.	Please share any other feedback you have at this stage.
1963	I think there's potential to honour the British/UK identity in this park, along with IP's and attractions that are not so local and offer something new, unique and different. I personally would love to see Universal Monsters have a presence! Gothic has a history in the UK and it would be great to see this represented!	Please share any other feedback you have at this stage.
1965	Cannot wait - I really hope your go ahead. I also hope that is it if the same standard of the USA - Harry Potter experience is a must.	Please share any other feedback you have at this stage.
1968	This looks good for the area.	Please share any other feedback you have at this stage.
1999	Very excited. This will be a great successful park and amazing for the UK. Need more tourism.	Please share any other feedback you have at this stage.

2003	I feel that this project would be extremely beneficial for the United Kingdom and the local economy. I completely back this project and I'm excited to see where it goes!	Please share any other feedback you have at this stage.
2004	I think this is a fantastic opportunity for the UK and more specifically, this area. Not only will it support the local economy and jobs, but be a fantastic place to visit. I am 100% behind this.	Please share any other feedback you have at this stage.
2008	Please give this project the green light!! We need a reason to love our country again.	Please share any other feedback you have at this stage.
2024	This is very exciting for Bedford and the surrounding areas	Please share any other feedback you have at this stage.
2025	I do hope this goes ahead. The public would love it so I hope the government don't ruin any plans for it.	Please share any other feedback you have at this stage.
2029	Please make this happen. Make the UK great again.	Please share any other feedback you have at this stage.
2054	A Universal theme park in the UK would bring a lot of money to the economy and also make the other British theme parks up their game to the quality that universal are known for .	Please share any other feedback you have at this stage.
2056	I'm very excited about the possibility of this resort destination, especially as Europe does not currently have any Universal resorts. With the UK having great links to Europe and a dense population close to the Bedford site I cannot see how this project would be anything but a great success. I'm sure many UK companies would be more than happy to get involved with a project such as this.	Please share any other feedback you have at this stage.
2063	I cannot stress enough how excited I am about this potential project ! Being a UK resident and especially if the train connectivity is as proposed then I will certainly become an annual pass holder so as to visit as frequently as possible.	Please share any other feedback you have at this stage.
2079	Fingers crossed this gets the go ahead as this would be incredible for the environment and local people!! Providing a massive boost for the economy	Please share any other feedback you have at this stage.
2083	We're very excited that this might happen. As a family we never been a board all ways wanted to go to universal in America. For those who cannot go this is a dream come true.	Please share any other feedback you have at this stage.
2087	Pull the trigger get this built pronto!	Please share any other feedback you have at this stage.
2093	The idea of having this fantastic destination in the UK is absolutely fantastic.	Please share any other feedback you have at this stage.
2098	I have none, just please do try and make this happen as I and many others would adore this new opportunity!	Please share any other feedback you have at this stage.
2102	Very good plans that have been shared in your visions if the park gets to go ahead the goodwill factor is something that's need embracing	Please share any other feedback you have at this stage.
2115	Please go ahead with the project!	Please share any other feedback you have at this stage.
1052	It'll be good for the economy.	Please share any other feedback you have at this stage.
1086	Please build it. I would love to see Nintendo World in Europe. Even better in Bedford	Please share any other feedback you have at this stage.
1524	As a fan and as a member of the general public, this is an incredibly exciting project and something that would bring a lot of tourism into this countries economy and I believe that this park will bring something unique and different to the UK! I also think that bringing the seasonal events over would be amazing and something that will make a Universal UK park stand out such as the Halloween Horror Nights events. There are very few halloween inspired events in the UK and they don't have the same level of immersion or quality that Halloween Horror Nights brings and yet there is certainly demand in the UK for such events.	Please share any other feedback you have at this stage.
2088	Thank you for providing a truly exciting project for Great Britain and what a truly is am amazing & exciting time for the community.	Please share any other feedback you have at this stage.
2089	Just to reiterate, it will be fantastic for the UK to have Universal sited here. For people who have not visited a Universal park before, they will experience something like no other. Our theme parks here at the moment are poorly ran, expensive for what they are, in need of a refresh/general update, and having staff who are proud to work there. I do not visit theme parks here anymore since visiting the parks in the US as I have been disappointed with the experience here. But, bringing Universal here I would definitely go and keep going, and everyone I speak to who have visited the parks in the US feel the same.	Please share any other feedback you have at this stage.

2121	I fully support this project and look forward to a day when there is a Universal Resort in the UK	Please share any other feedback you have at this stage.
2124	Please go ahead with this project!	Please share any other feedback you have at this stage.
2129	If you are in to Star Trek, make it so number one.	Please share any other feedback you have at this stage.
2095	Really excited about this project, and the investment in the area which needs it	Please share any other feedback you have at this stage.
2106	I would be thrilled to see a leading innovator in theme parks come to the UK and bring positive change to the way the UK theme parks work	Please share any other feedback you have at this stage.
2108	I live nearly 3 hours away and would likely travel by car. I expect to purchase a season pass and make many visits to the resort a year should it go ahead. It will be great for the economy.	Please share any other feedback you have at this stage.
2119	I am so excited and am praying this project goes ahead and is fully accessible. This park will be miles ahead of anything in the UK currently!! Please please please bring universal to Bedford!!!	Please share any other feedback you have at this stage
2131	We hope that you have the support and help to go through with this project which would be amazing for the UK. We look forward to seeing the developments.	Please share any other feedback you have at this stage.
2145	PLEASE BUILD THIS PARK. ITS SUCK EXCITING NEWS AND TO FIND IUT ITS CONFIRM WOULD BE AMAZING!	Please share any other feedback you have at this stage.
2146	I prey that you go ahead with this project and give it the same dedication you have with epic universe, and I can promise you this country will be loyal, give you custom, bothe here and in the other parks around the world. I ensure you it is worth it.	Please share any other feedback you have at this stage.
2142	I'm excited to see a major theme park coming to the UK and for myself and my family it cannot be soon enough and we be relatively local especially compared to traveling to the US to visit a Universal park (which we have done to Orlando a few times and plan on visiting again once Epic Universe is open) and will be closer than Disneyland Paris. Universal seems to be a whole family experience as opposed to Disney which to me seems aimed purely young children or nostalgia for the old rides / theming where Universal have a good history with some classic IP's but also great theming with licensed worlds (ie Harry Potter).	Please share any other feedback you have at this stage.
2157	I would love this theme park to open. In particular, I would like to see the harry Potter forbidden journey ride. I have visited Orlando. I loved the harry Potter world - which would fit in with the Warner Brothers studio tour which is relatively close to Bedford. I also really liked the Dr Seuss area. My nephew really wants to see the supermario area.	Please share any other feedback you have at this stage.
2158	This seems like an excellent site with plenty of room fir expansion beyond the initial park plan. I fully support this project.	Please share any other feedback you have at this stage.
2165	Where can I buy my ticket! Universal resorts are fantastic and having major investment in the uk is so nice to see.	Please share any other feedback you have at this stage.
2170	I am so positive about this project and truly hope that this project comes to tuition.	Please share any other feedback you have at this stage.
2176	This sounds brilliant I really hope it goes ahead	Please share any other feedback you have at this stage.
2177	Living in NI but being English this is very exciting - more trips home!	Please share any other feedback you have at this stage.
2181	All the best I really hope this happens	Please share any other feedback you have at this stage.
2182	This project sounds really exciting, the UK has many great places like Alton towers for example. But something on the scale of universal is a huge benefit bringing in international tourism!	Please share any other feedback you have at this stage.
2190	I just hope that in the near future I'll be visiting a universal studios park in the UK.	Please share any other feedback you have at this stage.
2196	Please go ahead with this project!	Please share any other feedback you have at this stage.
2211	Very excited about this project,we hope as a family of three it goes ahead,good luck and fingers crossed ðŸ™	Please share any other feedback you have at this stage.
2213	Having seen a lot about this project and as a Universal fan I'm really excited about the prospect of this project becoming a reality. Please make it so.	Please share any other feedback you have at this stage.
2215	I'm very positive that this should happen, even if I doesn'tlive near Bedford, and I will probably go to Bedford if this is built!	Please share any other feedback you have at this stage.
2220	Please do it	Please share any other feedback you have at this stage.
2226	Please build this park it would make me very happy thanks!	Please share any other feedback you have at this stage.
2227	Can't wait! Fingers crossed you decide to go ahead.	Please share any other feedback you have at this stage.

2230	You are doing excellent and it's very exciting	Please share any other feedback you have at this stage.
2267	Very pleased to see such a project be planned for the UK, I hope this project goes ahead	Please share any other feedback you have at this stage.
2270	I am very excite at the idea of this project. If it does happen I will be following construction closely and I am excited to see what comes of this project.	Please share any other feedback you have at this stage.
2185	I hope this project happens, I would love to see a train station at the park entrance, ride access pass. And an affordable season ticket	Please share any other feedback you have at this stage.
2188	I hope and I pray that this project goes ahead I can not explain how exciting this is just be seeing the plans for its potential.	Please share any other feedback you have at this stage.
2192	This is an exciting opportunity for the UK, not just for theme park enthusiasts but for the economy as a whole. I sincerely hope you green light this project.	Please share any other feedback you have at this stage.
2194	So extremely excited! Now if anyone could talk about annual pass discounts! Haha. Seriously though. A major opportunity. Harry Potter in the home of Harry Potter!	Please share any other feedback you have at this stage.
2200	Please build it it is a fantastic opportunity for the present and future of the area and the UK.	Please share any other feedback you have at this stage.
2205	Thanks for considering the UK. Hope it goes ahead!	Please share any other feedback you have at this stage.
2224	This will put the UK back on the map after a disastrous exit from the EU. This will be our Orlando, and the whole country is ready.	Please share any other feedback you have at this stage.
2229	This would be a great addition to the UK. I really hope it goes ahead.	Please share any other feedback you have at this stage.
2238	To echo my above statements, Universal coming to the UK has very minimal negative impacts in my personal opinion. For local residents as well as tourism, this project will benefit people and this country so much. Especially having Harry Potter as a very popular Universal IP, having Universal in England makes so much sense. I would love to see this project go ahead. This has sparked so much conversation and excitement for people not just in the UK but wider Europe also. This would be a wonderful project and I look forward to hearing future updates.	Please share any other feedback you have at this stage.
2251	Just that it's great how open you've been about this project since the rumours first came out in December. It's great to see that your clearly interested in partnering with and in investing in the local area to create a world class resort.	Please share any other feedback you have at this stage.
2261	as a big fan of theme parks i hope that this project gets approved as it will be great for not only the industry but the uk economy as well.	Please share any other feedback you have at this stage.
2263	I'm really excited about this project and cannot wait to see if it's goes ahead, if would also be great to have so many new job opportunities in the UK.	Please share any other feedback you have at this stage.
2276	Such an opportunity for Bedford and the UK. really hope this gets given the go, so many generatons can experince the amazing world of Universal Destinations & Experiences	Please share any other feedback you have at this stage.
2289	Please make this happen! - I have been lucky to visit Universal Florida on multiple occasions - this would be the best thing to happen to the Bedfordshire area possibly forever and I will definitely be a regular visitor and hopefully get to work there as well. Thank you	Please share any other feedback you have at this stage.
2290	Please make this happen for our country! Such an amazing opportunity for Bedford to be put on the map and bring an economic boost to our little island.	Please share any other feedback you have at this stage.
2296	I thoroughly support the proposal. Having never been to a Universal resort the opportunity to be able to visit one here in the UK really excites me and my family	Please share any other feedback you have at this stage.
2299	I think this is an amazing opportunity and I truly hope this comes to fruition. This would have huge benefits to the economy, employment, Bedford, and if it goes and ahead and once the resort is open, will bring joy to so many people when they get to visit. I fully support this proposal.	Please share any other feedback you have at this stage.
2301	This project is something that the U.K. has needed for years. A world class theme park and resort.	Please share any other feedback you have at this stage.
2306	We fully support the project and look forward to visiting the park if plans proceed.	Please share any other feedback you have at this stage.
2310	Really looking forward for this project to come into life in Bedford	Please share any other feedback you have at this stage.
2316	Very excited to see this project get the green light.	Please share any other feedback you have at this stage.
2322	Dooo it! ;)	Please share any other feedback you have at this stage.
2323	Very exciting and would to see these plans come to fruition!	Please share any other feedback you have at this stage.

2327	The people are excited, and they want to start this project in bedford	Please share any other feedback you have at this stage.
2317	I and my family think this is wonderful having been to Florida theme parks for over 25 years and seen the employment opportunities and local economic growth.Cant wait.	Please share any other feedback you have at this stage.
2318	This is incredibly exciting and the consultation was incredible positive - I personally know many people very grateful to Universal and wishing for this to happen. The UK theme park market is severely lacking and needs a great competitor to join!	Please share any other feedback you have at this stage.
2332	Let's get this project off the ground and continue the great universal brand in the uk and Europe.	Please share any other feedback you have at this stage.
2333	I'm excited and really hope this happens.	Please share any other feedback you have at this stage.
2341	Bring it on!	Please share any other feedback you have at this stage.
2344	I'm very excited, I'm just gutted that I moved away from the area (May need to move back there) I do honestly believe though that the location is perfect in every way and has so much going for it . It couldn't have come at a better time either.	Please share any other feedback you have at this stage.
2348	I cannot wait! Is there a way for me to be more involved?	Please share any other feedback you have at this stage.
2349	I am very happy with this project and I really hope you will go for it.	Please share any other feedback you have at this stage.
2352	You will have a great support for your park(s) in the UK. We are desperately short of attractions of the quality that Universal have proven to build time and time again. At the moment we visit Disneyland Paris (6 hours away) for around 20 days per year using annual passes. The Universal project is within 2 hours travel for us. We would visit far more often with a park so close to our homes. You have our full support.	Please share any other feedback you have at this stage.
2355	Please build this!!	Please share any other feedback you have at this stage.
2356	Honestly please build the park here .. we all really want you to be part of the Bedford family.	Please share any other feedback you have at this stage.
2366	I genuinely hope you do build this park, i certainly would get an annual pass!	Please share any other feedback you have at this stage.
2371	Can't wait and hopeful this goes ahead	Please share any other feedback you have at this stage.
2376	None, other than I hope your assessment goes well.	Please share any other feedback you have at this stage.
2385	Everyone I have spoken to at work and socially, are excited and want to see this project go ahead.	Please share any other feedback you have at this stage.
2386	I have nothing else to share at this stage and I am excited to learn more.	Please share any other feedback you have at this stage.
2390	Get the diggers out and get building ASAP. This is so exciting !	Please share any other feedback you have at this stage.
1455	I like theme parks	Would you support a potential park and resort coming to this site? Please explain why
1148	I am a huge fan of theme parks globally, and dream of working in the industry as a designer.	Would you support a potential park and resort coming to this site? Please explain why
3647	Great use of a brown field site. Will complement the dualing of the road to Cambridge in 2027 and the East West Rail route from Oxford to Bedford shortly thereafter to transform a well connected but neglected County. National publicity (Sunday Times) shows potential excitement - Hogwarts Express from Kings Cross platform 9 and three quarters to Bedford!!!.	Would you support a potential park and resort coming to this site? Please explain why
2396	Please build it here	Please share any other feedback you have at this stage.
2410	Strongly in favour of the project.	Please share any other feedback you have at this stage.
2412	Fingers crossed that this goes ahead in Bedfordshire.	Please share any other feedback you have at this stage.
2414	Very supportive of this plan!!!	Please share any other feedback you have at this stage.
2417	My only feedback would be... WHY WASNT UNIVERSAL UK BUILT YESTERDAY LOL	Please share any other feedback you have at this stage.
2425	This fantastic project deserves to become a reality.	Please share any other feedback you have at this stage.
2427	Really excited to see universal in UK.	Please share any other feedback you have at this stage.
2428	Good luck!	Please share any other feedback you have at this stage.
2430	Very excited, and hopeful that you will go ahead with this project in Bedfordshire.	Please share any other feedback you have at this stage.
2433	I'm really excited for this. Just hope it gets the go ahead	Please share any other feedback you have at this stage.

2436	Feedback would just be.....Make it happen! The UK will be ready to welcome universal into the country, other parks in America ect are a testimony to the high standards that universal meet. And I believe the Bedford site is the ideal location. The entire country are excited for this development to happen, I know I am.	Please share any other feedback you have at this stage.
2437	I would love for this to happen	Please share any other feedback you have at this stage.
2439	As someone who has visited the parks in Orlando several times this is exciting.	Please share any other feedback you have at this stage.
2448	Thank you for even considering the UK. Watch out Merlin , there's a new kid on the block! ðŸ™€	Please share any other feedback you have at this stage.
2462	The location for this park is perfect. I'm happy to have it so close to me and you guys can do amazing things to some boring out land	Please share any other feedback you have at this stage.
2464	Please, please do this and make it happen asap, especially as this has so much support	Please share any other feedback you have at this stage.
2477	We as local residents doesn't want a theme park here	Please share any other feedback you have at this stage.
2485	I think this would be awesome	Please share any other feedback you have at this stage.
2486	Please do this ..We need Universal Studios to come to the UK, it would be amazing for our children.	Please share any other feedback you have at this stage.
2487	Great idea. Go for it	Please share any other feedback you have at this stage.
2488	Please bring Universal Studios to Great Britain!	Please share any other feedback you have at this stage.
2489	So excited	Please share any other feedback you have at this stage.
2475	I think it's great and would be the shining light of excitement that the uk needs	Please share any other feedback you have at this stage.
2476	We hope you proceed with this project it would be an incredible opportunity for people living in the UK to experience the magic of Universal!	Please share any other feedback you have at this stage.
2495	By building a theme park here, you will transform many, many lives, all for the better	Please share any other feedback you have at this stage.
2501	I'm fully supportive of the project.	Please share any other feedback you have at this stage.
2513	I'm so excited for this project!	Please share any other feedback you have at this stage.
2516	Keeping fingers crossed that this exciting project goes ahead	Please share any other feedback you have at this stage.
2524	As a family of 5 with 3 young kids we regularly make trips to places like Chessington and have been to Disneyland many many times, we are very excited about the prospect of having this project on our doorstep but also to see the positive impact it will have on our local area including potential prospects for our children in the future.	Please share any other feedback you have at this stage.
2529	Please approve	Please share any other feedback you have at this stage.
2531	I wish you the very best in moving this project forward, and I would be delighted to participate in any future consultations, surveys or focus groups if you were to conduct them	Please share any other feedback you have at this stage.
2533	This is fantastic and the majority Bedford will be supporting this. I'm sure. So exciting	Please share any other feedback you have at this stage.
2563	Do it!!!	Please share any other feedback you have at this stage.
2566	Fingers crossed it goes ahead	Please share any other feedback you have at this stage.
2565	Please build your park, we need something like this in the UK. Obviously have to have Harry Potter rides and the Monster section you are currently building would be epic here!!!	Please share any other feedback you have at this stage.
2569	I support the project but as a resident of wixams I would hope that we get free passes.	Please share any other feedback you have at this stage.
2528	Bedford needs this business opportunity to develop and regenerate the town for children. Go go go!	Please share any other feedback you have at this stage.
2517	I believe this project would be a major improvement to Bedford as the town is becoming derelict with shops moving away to more popular locations and the people are obviously going to those places to buy those products and if universal can bring back the retail as well as their world famous parks then I'm onboard 100%	Please share any other feedback you have at this stage.
2534	I think this is a great idea and had huge potential for the local area, economy and employment opportunities	Please share any other feedback you have at this stage.

2538	We have travelled thousands of miles to Universal Orlando twice and enjoyed holidays of a lifetime. We cannot wait to visit Universal Bedford and purchase annual passes!	Please share any other feedback you have at this stage.
2547	Great meeting today. We appreciate that you are consulting with us and appreciate our feedback	Please share any other feedback you have at this stage.
2577	It be good for Bedfordshire	Please share any other feedback you have at this stage.
2583	This is a brilliant proposal, we love theme parks and cannot wait for it to open!	Please share any other feedback you have at this stage.
2584	Please come to Bedford!	Please share any other feedback you have at this stage.
2585	We as a family cannot wait for this to happen	Please share any other feedback you have at this stage.
2586	I think I have voiced my opinions above	Please share any other feedback you have at this stage.
2587	Please commit and build here. We need it!!!!	Please share any other feedback you have at this stage.
2592	I would welcome Universal to the Bedford Area and look forward to seeing the development as it progresses. 2030 cannot come soon enough. My children have all been to Universal Florida and it would be fantastic to take the grandchildren to a local theme park in Bedford	Please share any other feedback you have at this stage.
2594	I have heard lots of positivity from the local community for this project	Please share any other feedback you have at this stage.
2602	Have spoken to many people feedback is positive I want and support this along with countless others As a local parish councillor I support this project 1000%	Please share any other feedback you have at this stage.
2608	I just really hope that Universal UK gets built. I've been having reoccurring dreams of a Universal Studios London existing for many years, so it would be a total dream come true for it to finally happen.	Please share any other feedback you have at this stage.
2618	How you've approached this has been outstanding and it's clear you really care about the community which is great to see. Keep it up and we cannot wait to see and visit them amazing park you'll build	Please share any other feedback you have at this stage.
2621	Encourage universal to engage with parish councils in the local area prior to the planning application which is been undertaken by a central government. Ensuring they can have early feedback and support changing the development to support their local areas. In addition engagement with local organisations including schools in the development of the park itself	Please share any other feedback you have at this stage.
2622	Regular updates on progress if the project was to go ahead would be great.	Please share any other feedback you have at this stage.
2619	You are welcome with open arms to our community!	Please share any other feedback you have at this stage.
2620	Good luck	Please share any other feedback you have at this stage.
2623	I would support this.	Please share any other feedback you have at this stage.
2643	Coming from someone who lives in Stewartby, I love the idea!	Please share any other feedback you have at this stage.
2644	Please chose Bedford	Please share any other feedback you have at this stage.
2653	It's so exciting to have such a wonderful park to come to Bedford looking forward to everything it has to offer	Please share any other feedback you have at this stage.
2661	I'm getting old can you build it quickly please 6Y~S	Please share any other feedback you have at this stage.
2672	We are incredibly excited about the opportunity to welcome Universal to Bedford and can we find out more about annual passes for local people!	Please share any other feedback you have at this stage.
2674	Thank you for considering Bedfordshire as your location	Please share any other feedback you have at this stage.
2678	We think it is great and would love for it to be developed	Please share any other feedback you have at this stage.
2683	Please select bedford	Please share any other feedback you have at this stage.
2684	Really excited to support in any way I can	Please share any other feedback you have at this stage.
2692	Please can the go ahead be given this summer as intended	Please share any other feedback you have at this stage.
2695	I'm excited by this opportunity and look forward to the progress	Please share any other feedback you have at this stage.
2701	Other than excitement no. This is an amazing opportunity	Please share any other feedback you have at this stage.
2706	This is really exciting prospect I think I'll would speak from majority of the local area and beyond	Please share any other feedback you have at this stage.
2715	Overall, more positives than negatives.	Please share any other feedback you have at this stage.
2724	Just that we support it!	Please share any other feedback you have at this stage.
2728	Excited at the prospect	Please share any other feedback you have at this stage.
2729	Just happy Universal Studio may be coming in our local area	Please share any other feedback you have at this stage.
2734	when will you start building i want to ride rollercoasters	Please share any other feedback you have at this stage.

2741	I very much hope this project gets confirmed. The coasters in the uk are very much lacking, I almost got a concussion in Thorpe park. I'd love for universal experience to come to my home. :)	Please share any other feedback you have at this stage.
2755	None at the moment. I really hope this goes ahead. Thank you	Please share any other feedback you have at this stage.
2764	We would welcome the project	Please share any other feedback you have at this stage.
2775	This is a fantastic proposal - you should 100% build it. Can't wait to bring my great nieces, currently 8, 6 and 4 months, to check it out in 2030!	Please share any other feedback you have at this stage.
2787	Please come to Bedford!	Please share any other feedback you have at this stage.
2788	Im excited and hope 100% this will go on. We love u lads x	Please share any other feedback you have at this stage.
2794	As mentioned, living in Stewartby, our village will be hugely affected (hopefully mainly positively) but would suggest a free family ticket to residents of Stewartby village.	Please share any other feedback you have at this stage.
2790	Nothing other than I have everything crossed that you can get through all the hoops and UK planning for this to become a reality. Good luck :-)	Please share any other feedback you have at this stage.
2742	A great opportunity for the people of Bedford but direct investment within Bedford town centre, and the surrounding areas, needs to be evident. Creating a little enclave south of Bedford, with all profits being exported by to the US is unlikely to make you many friends.	Please share any other feedback you have at this stage.
2762	I think this park is a fantastic idea and would be a great benefit to the UK and local area. I wish you all the best.	Please share any other feedback you have at this stage.
2778	I sincerely hope you decide to proceed for the future good of Bedford and the surrounding area which is somewhat dying in the face of competition from other nearby towns and cities.	Please share any other feedback you have at this stage.
2786	I feel it would benefit the area. Bedford is centrally placed with good communications to London and the north	Please share any other feedback you have at this stage.
2799	This area of the UK needs new industry, manufacturing, and entertainment stimulus. I welcome the possibility of this venture. As a former US resident who frequently went to the Disney and Universal studios both in California and Florida, this is a very exciting prospect.	Please share any other feedback you have at this stage.
2800	We look forward to welcoming Universal to Bedford!	Please share any other feedback you have at this stage.
2802	We want you to create Universal here in Bedford we would welcome you with open arms!!!	Please share any other feedback you have at this stage.
2803	Really would love this to go ahead.	Please share any other feedback you have at this stage.
2827	Please, please, make this happen!	Please share any other feedback you have at this stage.
2835	I think this is extremely exciting and as someone who has lived there for a long time and would potentially move back to bring up my family, investments like this in the town and area would encourage me to do so which is only very positive I feel for the community	Please share any other feedback you have at this stage.
2836	We are really delighted to see this fabulous project coming to our area. Its great for families and everyone. My children and grandchild and all their friends can't wait for Universal to come to our area	Please share any other feedback you have at this stage.
2838	Universal...make it happen. I have spoken.	Please share any other feedback you have at this stage.
2841	Welcome to Bedford	Please share any other feedback you have at this stage.
2856	I eagerly await the next stage of the project. All the best.	Please share any other feedback you have at this stage.
2868	The sooner this project could get moving the better as there is a lot of hype at the moment	Please share any other feedback you have at this stage.
2884	I am 100% in favour of this project! I am from Japan, now living in Milton Keynes, and have visited Universal Studios Japan many times and had an annual pass. I look forward to a variety of experiences such as City walk and Hotels etc.	Please share any other feedback you have at this stage.
2872	After arriving back from universal Orlando and having a fantastic time we really hope this goes ahead!!	Please share any other feedback you have at this stage.
2892	Very supportive of this project. Good for Universal, good for Britain, good for the British people, good for the local economy.	Please share any other feedback you have at this stage.

2888	As i said above, i think this would be a fantastic opportunity not only for employment and tourism for this country, but personally i would just love to have a theme park on a scale as large as Universal in the UK. it would genuinely be a dream come true, and i know that is true of countless other people in the UK and around Europe as well who cannot afford to travel to America or Hong Kong.	Please share any other feedback you have at this stage.
2885	I am from Milton Keynes, and only about a 20-minute drive from the potential theme park. I am overwhelmingly excited at the prospect of a Universal theme park being built near my home. This would be an absolute game changer for the UK entertainment landscape, as well as for Europe.	Please share any other feedback you have at this stage.
2860	My family and I really welcome the prospect of this project! We are so excited and, if it comes to fruition, will be regular visitors. The investment in the local community will be amazing to see along with the employment opportunities this project will bring.	Please share any other feedback you have at this stage.
2870	The UK needs this project. As a theme park nut, I approve of every aspect of this project. Having filled in this form and read the things you would like to do to mitigate common issues with large infrastructure projects, I feel confident that this project will be awesome.	Please share any other feedback you have at this stage.
2879	I truly believe that the UK has been waiting for an amazing opportunity to bring some fun into the community. What with the previous whispers of a Disney Park, I feel it is something that not only would bring happiness but thousands of jobs, a drive for income within the local economy, and a reason for not only Bedford but the entire of the UK to visit an area that they previously may not have given a second thought to. I am excited to keep up to date with the following information on the park and can personally say I for one would be over the moon with confirmation of the park coming to fruition.	Please share any other feedback you have at this stage.
2883	An over all great idea and long over due. Nothing of this magnitude has been proposed since Corby wonderworld back in the 80's. UDX would be a great edition to Bedford bringing their fine reputation for fun and entertainment with them.	Please share any other feedback you have at this stage.
2906	I feel this is great opportunity for Bedford with jobs and wealth creation also leading to infrastructure improvements.	Please share any other feedback you have at this stage.
2914	I look forward to you proceeding with this project.	Please share any other feedback you have at this stage.
4380	As a local resident I have had a small light of hope in our countries future ignited by the initial announcement of this project and hope that this once in a lifetime opportunity will be the catalyst to create the future for our community and generations to come. I wish the team the best of luck with this project and hope to bring my family to the resort in the not too distant future.	Please share any other feedback you have at this stage.
4920	I would hope that Universal Creative can, not only bring some of the best attractions from their international parks (like Beijing and Japan), but create entirely new experiences that no other current Universal park has currently. Very excited to hear more if the project goes ahead. Thank you for allowing me to provide feedback.	Please share any other feedback you have at this stage.
4915	Try and make sure it suits everyone and doesn't just build a theme park for the sake of it, if you do that then it should be a success.	Please share any other feedback you have at this stage.
4641	Hopefully it goes ahead as it will boost employment in the themed attraction industry	Please share any other feedback you have at this stage
4586	This is a great opportunity for the area, a chance to put Bedfordshire back on the map and help bring the area back to life. All the Villages, Bedford & Milton Keynes will benefit in some way or other, whether that's employment, roads or more local business for shops & contractors. I would just like to say thank you for the consideration	Please share any other feedback you have at this stage

4581	Having experienced the latest Universal offering in Florida for a week long stay on the Universal site, we have been very impressed with the quality and theming of the Universal offer. We have previous been focused on Disney world during our Floridian stays, however have been convinced that Universal provides greatly increased value for money for the consumer. If this UK park is enacted then we can continue to support the Universal brand on a more regular basis, both in the UK and abroad. An excellent proposal for all! Thank you.	Please share any other feedback you have at this stage.
4577	I'd consider working at the park, with an eye towards a career change from digital/I.T., else would certainly visit, probably regularly I, especially if a local day visitor discount was available. Please let me know how else I can support the project as I'm very enthused at the prospect, as are family and friends.	Please share any other feedback you have at this stage.
3941	I think it sounds exciting for Bedford, and I would look at employment here in the future	Please share any other feedback you have at this stage.
3535	I'm really excited for this project and I really hope that this becomes a reality, we've already been disappointed by the London Resort, but must say the way this has gone so far and the way it's been shown to us is a lot more promising than the London's Resort concept art we were shown.	Please share any other feedback you have at this stage.
3487	I think this is the best news I have heard in years about a project in the UK and fully support it.	Please share any other feedback you have at this stage.
3469	Thank you for considering Bedford as the site for your new park. I enjoyed visiting your Orlando park some years ago.	Please share any other feedback you have at this stage.
3499	Very positive Would broadwalk be available to everyone not just park visitors	Please share any other feedback you have at this stage.
3492	It would be amazing if it does go ahead not just for the uk but for Europe as well	Please share any other feedback you have at this stage.
3493	If it goes ahead it will must likely be a huge success for the local area, the uk and universal studios as a whole	Please share any other feedback you have at this stage.
378	Bedford has a lot of recent new housing and therefore families. The timing of this opportunity is perfect	Please share any other feedback you have at this stage.
407	I really hope that the project goes well, and the decision is made to move forward with the ideas. I would be very interested to know more about career prospects should this be the case!	Please share any other feedback you have at this stage.
480	Look forward to the park opening and would be very interested in opportunities to work with/for Universal on educational or promotional projects.	Please share any other feedback you have at this stage.
749	I am so excited about the possibility of Universal studios being built so close to where I live in Cambridge. I have been to Universal studios in Florida and California and enjoy the parks very much. I know of young adults who would be interested in working for Universal. Please make this happen!	Please share any other feedback you have at this stage
882	A lot of UK and European residents are huge Universal fans, but a lot don't get the opportunity to travel as far as the USA or Asia, so bringing it closer to home would offer the same world class experience at a lower cost, while at the same time creating much needed jobs.	Please share any other feedback you have at this stage
971	If you can't go ahead in Bedford come to Birmingham!	Please share any other feedback you have at this stage.
973	Please be as ambitious as possible. A small scale park would be more likely to fail or at very least not be a major success.	Please share any other feedback you have at this stage.
1019	I am excited for the development of this park in our wonderfully diverse and expanded country. My only concern is that our current infrastructure, local AND external, may not cope with the increase in activity. Thank you for your consideration.	Please share any other feedback that you have at this stage.
1049	Sounds good. All of the pandering to the local community is remarkably weary.	Please share any other feedback you have at this stage.
1080	We would n Be welcoming but need to keep consultation flowing please	Please share any other feedback you have at this stage.

1191	I've been to a Universal park (sadly), but the impact of it stays with me as I'm a 90s kids and remember when Nickelodeon had there studio in Florida. I've watched many videos on theme parks and their history and I've been so interested in them. So seeing this got me really excited. I think that Bedford is a great location and in terms of business, I've heard that Milton Keynes (and surrounding areas) are like the centre of the universe (no pun intended) because of the links around the UK. It would be great to have a theme park of this size and prestige open in the UK and that fact that it is like 20 minutes from me is even better. I would love to see this happen and would be happy to support in anyway that I can.	Please share any other feedback you have at this stage.
1253	I have two companies I run from this town as well as a number of voluntary positions I hold - I would very much like to see this investment coming to my home town and would also like to be a key player in the development where possible.	Please share any other feedback you have at this stage.
1315	Universal UK would be a massive opportunity for the local area and the country. As a regular visitor to Orlando we appreciate the beauty and care taken with the parks, the potential benefits they bring with employment and local business opportunities. We have seen the joy the parks bring visitors of all ages. One request if granted please do a lot less 4D rides, they are awful especially for people with a wide range of health issues. I really hope the development goes ahead as its extremely exciting, i hope Universal will respect the local residents and wildlife/natural environment, not just in the development stages but in the long term.	Please share any other feedback you have at this stage.
1543	I work in construction and hope this opens up employment opportunities for me. It would be be really exciting to see something like this come to fruition	Please share any other feedback you have at this stage.
1622	I completed a once-in-a-lifetime trip to Flordia and Universal Resort in September 2023. The fact a similar experience could arrive in the UK seems unreal. Yet the proposal seems to be very practical and considerate. I would however like to see more information on how this may impact local housing for residents, or even see plans to introduce more housing options specifically with prospective employees in mind.	Please share any further feedback you have at this stage.
1636	Do the project. Don't harm wild life.	Please share any other feedback you have at this stage
1751	It would be great if when this project gets the green light you work with coach tour operators. Like in most countries we have had a rough ride with COVID and although this may be 6-8 years away it's some light at the end of the tunnel to look forward to.	Please share any other feedback you have at this stage
1818	I love the idea of Universal Studios coming to Bedfordshire. I hope minor concerns by myself and the local population can be easily resolved. I feel the information presented in the consultation evidences Universal Studios as committed to preserving and protecting the environment and nurturing young local people.	Please share any other feedback you have at this stage
2032	In support of claims regarding employment opportunities, I would be very interested in working for Universal as a legal professional. I expect that many others in well established careers would also be eager for an opportunity to work with Universal Resorts. Also, the planning permission should permit Universal to develop world class, "giant sized" attractions - such as those found at resorts such as Cedar Point. People travel from all over the world to experience record breaking, giant roller coaster attractions, I do!!!	Please share any other feedback you have at this stage.
2096	I cannot express how much I would like this project to happen. I would be very interested in becoming a part of the team that delivers this project as I am in the early days of my career within civil engineering. I have 3 years experience designing cycle facilities to UK standards and would love to get involved whether that's in the infrastructure development or the creative side of implementing the theme park elements.	Please share any other feedback you have at this stage.
2175	I'm from Milton Keynes which is very close, I can't see it being anything other than a benefit to all the area I would 100% try to get a job there aswell Please make this happen!! ðŸ™Š	Please share any other feedback you have at this stage.

2197	I absolutely love the care and consideration Universal puts into all stages of planning, construction, the theming and rides of their park, and beyond that. I would love nothing more than a Universal park within the UK, meaning I could travel multiple times a year rather than the much longer and more expensive trip it takes to get to Orlando.	Please share any other feedback you have at this stage.	
2199	If construction does go ahead, which I strongly hope it does, then I believe a big social media presence would be needed. Including elements of construction updates on both a professional level and on a more relaxed, social level that would allow people to report on to their followers on platforms such as YouTube etc. Giving updates as different parts of the construction progress are completed. This seems to generate a very big interest with not only fans of theme parks, but even the casual viewer who might not necessarily have existing knowledge of the project. It would also build a good rapport from the get go amongst Universal and their potential customers.	Please share any other feedback you have at this stage.	
2207	Please commence construction as soon as possible and ignore the eco freaks who pop out of the woodwork at every opportunity. I have seen your care for the environment in the USA. A Universal park would be a great asset for both the local area and Britain as a whole.	Please share any other feedback you have at this stage.	
2209	This project will greatly improve job opportunity's and tourism for the UK which will be great for the economy. It's also very exciting to have a major theme park destination in the uk.	Please share any other feedback you have at this stage.	
2232	This could be really good for the UK, it will bring so much tourism not just from the UK but from other European countries. There's a train called the Euro star which goes under the English Channel and connects France to England so it'll be easily accessible for other parts of Europe. Its only a 2hr flight from Spain, Portugal and the Canary Islands. This will bring so much tourism and business for the UK and that's why its so exciting. Also, creating new jobs for British Citizens. I really hope this happens.	Please share any other feedback you have at this stage	
2233	I think this is a positive mood and to give the UK a properly themed experience. I am glad to hear you look after your employees as well as the local environment. If this goes ahead i am really looking forward to see what attractions you bring (maybe a Velocicoaster here in the UK)	Please share any other feedback you have at this stage.	
2234	I think this is one of the most exciting projects to happen in the UK for a long time and fully support the project as long as the people of Bedford are treated with respect and dignity	Please share any other feedback you have at this stage.	
2254	I live and work in the U.K and I think this project would be great for creating new jobs, give a boost to the local economy and deliver an amazing world class resort to the people of the U.K and wider Europe ðŸ™•. I have been to universal in Hollywood many times and would love to have a new universal resort in my home country I would consider myself a theme park enthusiast i have been to most theme parks in europe I would definitely be purchasing an annual pass should this project go ahead. Anyone I have spoken to about this potential project are super excited and positive at the prospect of having our very own universal theme park here in the U.K and we are hoping this project goes ahead ðŸ™•	Please share any other feedback you have at this stage.	
2340	Please make this happen, this will be incredible for everyone especially Uk and Europe. Britain have been waiting for someone like Universal to bring something like this to the Uk. This will be amazing for families in the Uk and Europe. Unfortunately not everyone can afford to go America from the Uk. This will be epic.	Please share any other feedback you have at this stage.	
2345	Thank you so much for considering this project. It really could be a once in a lifetime opportunity for local people who have suffered economically from the nearby competition of Milton Keynes. The site is also relatively close to London and Luton airport with good fast train links. I would like to wish you every success.	Please share any other feedback you have at this stage.	
2357	I think that this is a brilliant opportunity for the area and for the country as a whole. The disruption due to construction should be welcomed for the success and growth the area would experience upon the resort's completion.	Please share any other feedback you have at this stage.	

2361	We are excited to learn more about your plans as they progress and appreciate that you are being open and collaborative with the local institutions.	Please share any other feedback you have at this stage
2374	I live, study, and will soon work in the Netherlands. I just love surveys and Universal.	Please share any other feedback you have at this stage.
2389	Thanks so much for considering Bedford for this development and the commitment to the environment and the community	Please share any other feedback you have at this stage.
2392	Please make this happen. There will be a few people that will be against this, doesn't listen to the hater's. This project will bring so many benefits to the UK and local area. Would be nice if local residents could get discounted tickets based on post code, similar to what Florida does. Please bring back the Back to the Future ride 8Y€	Please share any other feedback you have at this stage.
2397	I am so excited and happy that you have chosen Bedford. It will indeed boost the local community from what seems to be a near dead town. With this venture, future big establishments will follow and it will truly be one I most definitely support with.	Please share any other feedback you have at this stage.
2416	I have lived in Wootton all my life and the plans and talk of this park are very exciting. To be included in your plans is great and it would be lovely to have the local area upgraded and in particular to be able to walk to the theme park etc or cycle etc. Also it would be exciting to see what additional things you give to local people in particular to the villages that have been here for century's.	Please share any other feedback you have at this stage.
4375	Very supportive, and beyond 'infrastructure' concerns, I've yet to come across anyone not supportive of this. Further, whilst I believe this was 'leaked' a little earlier than intended, the general transparency and communications from the Universal team has been great, and hope that continues. Speed bumps will be hit, but you have the region's backing.	Please share any other feedback that you have at this stage.
4246	Working in film visual effects, this certainly caught my eye when announced and I'm very intrigued as to what the park might look like in the allocated area I know so well. Best of luck with the project ladies and gents!!	Please share any other feedback you have at this stage.
3939	I fully support the creation of this park in Bedfordshire so long as you assist in the building of affordable homes for the 8000 or so workers.	Please share any other feedback you have at this stage.
3911	With knowledge of the local area, your approach and intentions are very sensible. It is an underutilised location in the UK which would greatly support and benefit from the project.	Please share any other feedback you have at this stage.
3806	I agree it's an ideal location and would bring in footfall to the local counties around Bedford and hope that it goes ahead.	Please share any other feedback you have at this stage.
3597	Love everything about it including all the ways your going to help the environment and the local jobs it will bring 10/10	Please share any further feedback you have at this stage.
3567	Overall i think this would be a good development for the area if the infrastructure that is proposed goes ahead.	Please share any other feedback you have at this stage.
3528	Everybody I gave spoken to is immensely in favour of your proposed plans. If your feedback is not overwhelmingly positive then you are reaching the wrong people. Please do contact me if this is the case and I will try to help you find more supportive responses. The UK is a more negative culture than US or Asia- people make noise to complain, but rarely in a positive context. UK crowd get very passionate about saving things they have taken for granted, but not about instigating change- usually because they feel their voice will not be heard or were unaware in the first place.	Please share any other feedback you have at this stage
3458	It would be great to have something in the UK like this, especially being near to the Harry Potter attraction in Watford so long as it's cost effective for families. Maybe local people could get reduced entry prices to compensate for the upheaval	Please share any other feedback you have at this stage.

3453	<p>Universal has a cult following around the world, so please make sure that if you commit to this, you keep the high standards set by your other theme parks around the world. I appreciate there might be a local flavor to the project but try and keep it as close to your roots as possible. A student exchange training program would be amazing where UK Students could swap places with US students for a few months a year. You have to have UK discounts for annual passes and fireworks to rival the other lot. Seeing as you have so many UK customers already a worldwide" ticket would be a good option to look at as well. As mentioned my family and I travel to Orlando yearly so a pass that gives access to the UK and Orlando parks would be great. Please give smaller companies the chance to tender on your requirements instead of just appointing a huge conglomerate that will use their same suppliers as always."</p>	Please share any other feedback you have at this stage.	
3454	<p>Would love to see Universal Studios here and great use of the site. We have Cardington hangers nearby which are used in the film industry so there is some synergy already.</p>	Please share any other feedback you have at this stage.	
3426	<p>Further to your comments in 8 above, this would be highly beneficial in so many ways, not only for Bedford and the surrounding area - but also the UK as a whole The site is especially ideal to help realise this dream Please consider using local partners to help deliver this exciting, game changing project Could consider extending Eurostar services to Bedford / renamed Wixams station</p>	Please share any other feedback you have at this stage.	
3417	<p>I fully support this project as i think i will be a real asset to the local economy and has the potential to put a UK park on a world stage.</p>	Please share any other feedback you have at this stage.	
3402	<p>It's a massive project and I assume will take years to complete. As long as properly managed I think it will be a massive benefit to the area bringing well needed jobs and training to many people.</p>	Please share any further feedback you have at this stage.	
3396	<p>I feel this is probably the best development Bedfordshire could hope for as far as this site is concerned.</p>	Please share any other feedback you have at this stage.	
2420	<p>The high level of communication with the local community has really encouraged discussion and support for the project. I would like to see this continued.</p>	Please share any other feedback you have at this stage	
2432	<p>DO IT... the UK needs it, your head, COMCAST already own SKY TV lol... and I can not wait till you release north american sports and tv shows (which are US only) to the UK... my daughter only watches north american,.... but as I said. DO IT.. You will be not big, HUGE and I can see you expanding the park after going live, 5 years later.</p>	Please share any other feedback you have at this stage.	
2450	<p>Bedford is a lovely town to visit, with its wonderful river running through it. I think having a theme park near by will help rejuvenate the town centre centre, encouraging more independent shops to the area.</p>	Please share any other feedback you have at this stage.	
2473	<p>I really hope this project comes to fruition and my points are seriously taken into account regarding treating future staff equally. You need to set a much higher standard than that of the UK competitors</p>	Please share any other feedback you have at this stage.	
2482	<p>We are fully supportive of the site and appreciate your commitment to improving the local environment. We hope it will be built with the whole UK heritage in mind, not just Bedford's. In particular, we would love to see an extensive Harry Potter themed area bigger than any seen abroad, as this is his homeland. I am personally hoping for a version of Hagrid's motorbike adventure as in Orlando (sadly the forbidden journey castle ride makes me too motion sick so I'm not a fan of this!). Would much rather a big hogwarts castle that we could explore inside, with a great hall restaurant to eat in)! A forbidden forest area & ride would be amazing and would tie in nicely with the planting of native trees & screening for locals etc. Importantly for us, along with the train stations on site we would want to see the train times matching up with the opening and closing times of the park correctly so we didn't have to miss park opening. Otherwise we would have to come by car. Fingers crossed the project goes ahead!!!!!! Thanks for coming to the UK!</p>	Please share any other feedback you have at this stage.	

2493	Fantastic idea and location, the UK absolutely love their theme parks, but this would be long another level, great rail, motorway and 4+ major airports within an hour drive so international visitors can easily get there. We would like the biggest park you can build as they say if you build it they will come.....and to a universal park we certainly would time and time again !	Please share any other feedback you have at this stage.
2496	This would be a great opportunity for the local area, the construction traffic is a concern but I feel is worth it with the end results being such huge job opportunities for the local area.	Please share any other feedback you have at this stage.
2497	Great location that will be well connected with a few enhancements. I have family across Europe that would love to come over if the park existed. Having been to the parks in Florida, a park in Bedford would only have a positive impact on the local area.	Please share any other feedback you have at this stage.
2521	This is an exciting and very much welcome development in my eyes. I would hugely welcome universal studios making themselves right at home alongside the residents of bedford. As I have said, communication is key and the excitement will build for everyone around until the day you open. I sincerely hope this happens and look forward to seeing it for real. All the best.	Please share any other feedback you have at this stage.
2580	The positives outweigh the negatives. The park would be a great competitor with Disneyland Paris and with the heavily underfunded Merlin parks in the UK.	Please share any other feedback you have at this stage.
2629	I think this has a potential to be an incredible development in the UK and also a landmark in the first full theme park and resort in the UK. I've been to the Orlando and Los Angeles locations and having something like this local would be incredible. I truly hope this does go ahead and would be a frequent visitor from day one.	Please share any other feedback you have at this stage.
2633	This could be a fantastic project, however Stewartby has a history of being a literal and metaphorical dumping ground of Bedfordshire. The relationship between the villagers and the council has been stressed over years of being mis-sold projects that happen around the area and the council now following through with additional improvements promised during project planning stages. With this in mind, I think the local community will really get behind universal and support this project if they prove themselves to have the surrounding villages best interest at heart and give focus to the impact of where things are situated in the park and how it will impact the villagers standard of living.	Please share any other feedback you have at this stage.
2666	I see this as a positive improvement to not only our community but a positive solution for those not able to enjoy this level of entertainment abroad	Please share any other feedback you have at this stage.
2668	Very supportive of the project, but would like to see it drive improvements in Bedford town centre and other local amenities and infrastructure. Needs to be sensitively incorporated into local landscapes (not an eyesore) and not cause more traffic on local roads (eg Bedford western bypass which is already very busy).	Please share any other feedback you have at this stage.
2671	This would be such a positive move for the area, yes there would some disruption and inconvenience whilst its being built but (and I say this as a Stewartby resident) that it really is a small price to pay compared with the enormous benefits Universal would bring to the area.	Please share any further feedback you have at this stage.
2675	Excited for the proposal and apart from the initial construction I think this is all good for the area and prospects and the community. It is full of endless opportunity.	Please share any further feedback you have at this stage.
2679	Generally very supportive of the proposal subject to a few caveats around disruption to the local infrastructure. Along with a number of my neighbours we really hope this goes ahead. We are concerned about jobs for the youngsters in the area and this would go a long way to driving more growth in the area for them too.	Please share any further feedback you have at this stage.
2676	There is a lot of local support for this. Lister to the supporters, whilst be sympathetic to those with negative views. Wishing you well, and success.	Please share any other feedback you have at this stage.
2677	It is a great thing for the local area 100% behind it and also think you have gone about it in a good way. Engagement and information well shared.	Please share any other feedback you have at this stage.

2700	Let's hope it's goes ahead everyone I spoke to was very knowledgable which was a pleasure to talk to	Please share any other feedback you have at this stage.
2704	At this stage we think this is a great opportunity for both the community and for Universal. We are wholly supportive of this development based on what is proposed.	Please share any other feedback you have at this stage.
2725	Think it's a brilliant idea bringing a resort that is harder to get to as there is nothing else like it within Europe. Will entail great job opportunities for people and bring new life to our area	Please share any other feedback you have at this stage.
2791	I personally have an invested interest in this project and have been covering it on twitch and youtube channels since its announcement. My community have been building our dream universal studios park which has just finished and will be on my youtube next weekend 21st april.	Please share any other feedback you have at this stage.
2819	Absolutely you have my Full Support and once open I will be looking at Career Opportunities with Universal and Enjoying the Park with Friends and Family	Please share any other feedback you have at this stage.
2832	Your parks are a tremendous experience, driven by the people that man them. I hope that your training team are ready for the challenge of instilling enthusiasm into employees.	Please share any other feedback you have at this stage.
2845	I am hopeful the project continues as this brings much needed excitement for the Bedford community combined with opportunities for careers, salary's and skills.	Please share any other feedback you have at this stage.
3374	This project is very exciting for everyone here in the UK it is looking bright, the area looks promising and we all hope it goes ahead!	Please share any other feedback you have at this stage.
3349	I think its an incredible project and the benefits to the area could be huge, especially with secondary benefits it may bring to the surrounding area.	Please share any other feedback you have at this stage.
3389	The UK has missed out on so much over the years, Disneyland Paris? Portaventura? The London Theme Park? Universal in the UK would be unbelievable, I have been to Universal in Florida and California and if something like those parks were built here, it would put the rest of the theme parks in the UK in the shade and maybe make them up their game! Here's hoping this is not another missed opportunity for the UK and this really happens, I only see this as a positive for the UK and it opening so many more doors for other projects in the future. GOOD LUCK ðŸˆŽ	Please share any other feedback you have at this stage.
3355	The UK has some good Theme Parks but they are nowhere near the standard, nor have the global attraction a Universal Park would offer. Having been to the Universal Parks in Orlando I know how great of an opportunity this is for the UK. I really hope the people of Bedford and surrounding area welcome this project which would really put them on the map.	Please share any other feedback you have at this stage.
3332	It would be great to see a new theme park site in the UK, especially as the theme park landscape in the UK is dominated by the Merlin Entertainments Group (Alton towers, Thorpe park etc). It would be nice to see more theming as, in my opinion, the parks I mentioned lack it.	Please share any other feedback you have at this stage.
3328	Only that I hope you do decide to build here. We need this investment in our area and it's a good location as it's a short drive from London also.	Please share any other feedback you have at this stage.
3324	This presents a remarkable opportunity for Bedford, and I genuinely hope that the final decision aligns with this initiative. I offer my full support and stand behind it without reservation.	Please share any other feedback you have at this stage.
3320	This is a fantastic opportunity for the area!	Please share any other feedback you have at this stage.
3321	My family are proud Bedfordians and we are delighted that you would consider bringing this project to Bedfordshire. It has a rich history of developing new ideas and welcoming many nationalities into our communities which was first started by the Brickyards.	Please share any other feedback you have at this stage.
3322	I am thrilled about the upcoming establishment of a new Universal Studios theme park in the UK, especially since it will be conveniently close to our home.	Please share any other feedback you have at this stage.
5260	100 percent support this and i hope it happens because a universal theme park and resort would be good over here in the uk and increase our offerings of theme parks in the uk	Please share any other feedback you have at this stage.
5158	Good luck and looking forward to it happening. Bring it on!!	Please share any other feedback you have at this stage.

5001	Good luck in the go ahead	Please share any other feedback you have at this stage.	
5342	Good luck moving forward and cannot wait!	Please share any other feedback you have at this stage.	
5142	Good luck with your decision, I'm really hoping to be able to visit Universal on UK soil in the near future! I did have one point about the name, as I've seen several fan blogs referring it to Universal Great Britain" (this could be purely speculative) however this could cause issue with Northern Irish visitors as "Great Britain" doesn't include NI	Please share any other feedback you have at this stage.	
4984	Good luck. Thanks for choosing the UK, and north of London. I hope residents in the vicinity of the theme park can see the value of what you are proposing and support your investment.	Please share any other feedback you have at this stage.	
5243	I believe this would be a big positive to the local community with the potential for vast new employment opportunities and economic growth. The location site would attract many people from around the UK, and overseas, with good transportation networks developed. I hope this project proceeds and I very much look forward to visiting in the not too distant future, and regularly thereafter.	Please share any other feedback you have at this stage.	
5438	I really hope you get government support and as community we can support you too and universal UK can go ahead! We are all very excited! Good luck	Please share any other feedback you have at this stage.	
4992	I sincerely hope the project goes ahead, good luck with it all and thank you for considering Bedford as a potential site!	Please share any other feedback you have at this stage.	
5088	I would be very keen that you utilise indoor space. There's several reasons I believe this would be advantageous to your park and the planning application. By containing a large majority of your park within buildings you will; 1) Reduce noise pollution to surrounding areas. This is often the biggest barriers to planning permission for other theme parks in the UK. E.g. Legoland Windsor had to remove a roller coaster because of the noise, and Alton Towers can't build above the tree line. 2) This would aid all year operations, and prevent the winter from being an unfavorable time to visit the park. Not many attractions in the UK open during the winter (although this is slowly changing). I believe that an indoor a park in the UK would be very profitable because it will appeal to families during the historically quiet winter season. 3) I believe it will help preserve your investment. The weather often degrades the quality of theming in the UK. 4) This is a personal opinion: I'm a big fan of indoor theme parks. They feel more immersive because you can control the environment. Two good examples of this, is Warner Brothers world in Abu Dhabi and Motiongate Dubai. Thank you and good luck.	Please share any other feedback you have at this stage.	
5365	If I was told Universal could be coming to town just one year ago, I would never have believed it. I know it's very early stages, but I have such I good feeling about this. Please let's have a Horror themed area and please bring Halloween Horror Nights with you! Oh and Sci-fi and fantasy of course!	Please share any other feedback you have at this stage.	
5323	It is a wonderful opportunity for Bedford. If you could also have links with the river festival that could bring a real feel good factor to the area	Please share any other feedback you have at this stage.	
5174	It's a very exciting prospect and will mean an incredible amount to an vast number of people. The nay-sayers will come and their voices will be loud but do push through and help out our little island if you can... they honestly don't know what's good for them (see "Brexit).	Please share any other feedback you have at this stage.	
3274	I fully support and am really excited about the potential for this theme park and the benefits it can bring to the local area.	Please share any other feedback you have at this stage.	
3310	I really do hope this goes ahead. This area is full of opportunity for both universal and would provide a focal point for Bedford that it has lacked for 50 years.	Please share any other feedback you have at this stage.	
5186	Make the Park good	Please share any other feedback you have at this stage.	
5086	So far, so good. I really appreciate and welcome the idea for this new theme park. I hope that everyone will be able to see the huge potential that it holds and all of us (the locals and Universal) to be able to benefit from a great theme park in Bedford.	Please share any other feedback you have at this stage.	

5021	Thank you for considering Bedford. I hope that you are successful. I also hope you ensure the people of Bedford get to actually see it especially those who can't afford such luxuries as a theme park. And there are many Disadvantaged people here. Good people who work hard but don't have expendable income! Don't forget about them. If you provide an opportunity for them make it means tested (we also have millionaires!)	Please share any other feedback you have at this stage.	
5103	There has to be a net positive impact for the area in terms of transport and infrastructure: Putting in "just enough" isn't sufficient. Walking and cycling routes must be good - direct and well maintained. Road routes are already very stressed at peak times. Noise must be abated - Alton Towers has received numerous complaints of screaming by Alton and Farley residents. Also - please consider the impact on local residents when high ticket prices may price out those who are less fortunate. Perhaps a local discount could be considered.	Please share any other feedback you have at this stage.	
5169	There must be good transport links to Bedford if it is to benefit the town. Also, if there are many shops and restaurants on site, people won't come into town.	Please share any other feedback you have at this stage.	
5019	Would be good if Bedford locals had some benefits - like discount on entry etc.	Please share any other feedback you have at this stage.	
3258	Despite not living nearby and residing within a 90-minute distance, I believe this would greatly benefit my family. We would cherish the opportunity and thoroughly enjoy the experience.	Please share any other feedback you have at this stage.	
3284	I am very excited about the prospect of a Universal Park within the UK. I was very disappointed that Disney chose Paris over the UK and have never felt as welcomed there as in Florida. I think the British people would make it spectacular!	Please share any other feedback you have at this stage.	
3261	I truly hope you get to build this and planning does not thwart this. The economic and environmental benefits are incredible and Bedford planning would be mad to turn this down. I look forward to visiting as soon and as often as I can!	Please share any other feedback you have at this stage.	
3228	I think this could be a great addition to the area but I do think it is essential that proper planning and infrastructure be at the top of the list of how it is implemented. It is also essential that genuine consideration be given to the residents of the area/s who live and have moved there to be close to the countryside and, currently, in a quiet and peaceful situation.	Please share any other feedback that you have at this stage.	
3233	The position of Bedford in the centre of the Oxford/ Cambridge arc which anticipates one million homes in the next decade together its position mid way between London and Birmingham all make it ideal for your proposal.	Please share any other feedback that you have at this stage.	
5076	Full supporter of this. Can the land be INCREASED to include the lake in the park as well? Would make a great feature/attraction.	Please share any other feedback that you have at this stage.	
5269	I run the above mentioned Charity Girl Pack and so have a particular interest in this development using designs that take female safety into consideration. It is very important that spaces are designed in a way that promotes safety, for example, no alleyways or dead ends, lighting packages that mean there are no dark spaces and camera angles that has no black spots. Single sex toilets must also be kept BUT there should also be gender neutral toilets available for those who do not want to define themselves. I along with other charities that work to support women would be more than happy to advise Universal on this.	Please share any other feedback that you have at this stage.	
5231	I wholeheartedly support this project and sincerely hope it goes ahead.	Please share any other feedback that you have at this stage.	
4986	In my conversations about this potential investment and opportunity... I have heard no dissent. I have enjoyed the anticipation in people's general demeanor. I can honestly say, the people I have spoken to about this project are supportive and hopeful that it will come into being.	Please share any other feedback that you have at this stage.	
5214	Local industry units likely to support please consider traffic to and from these units.	Please share any other feedback that you have at this stage.	
5027	Please allow further consideration to provide constructive feedback as I support this project want it to happen	Please share any other feedback that you have at this stage.	
5064	You completely have my support. I'm a grandma so it's nothing I would use regularly but can see so many opportunities for the area	Please share any other feedback that you have at this stage.	

5122	Your scheme has been carefully considered. The site is perfectly positioned strategically in the south east to support economic growth. A theme park of this scale hasn't been considered in uk before. Your scheme will be favoured by the local and national population.	Please share any other feedback that you have at this stage.
3219	doesn't delay, will always be some valid local issues but Bedford needs the economic benefits and the whole of the UK need such a valued brand of Theme Park arriving, Alton Towers and Thorpe park do not offer the attraction types you do and this will be the number 1 attraction without a doubt	Please share any other feedback you have at this stage.
3201	I think this will be hugely beneficial for both Universal and Bedford.	Please share any other feedback you have at this stage.
3195	Really hope this works out! The area and the economy could massively benefit from it.	Please share any other feedback you have at this stage.
3200	This would be fantastic for Bedford and local area with roads and trains upgraded but the town of Bedford needs to be thought about and rejuvenated. Local restaurants, hotels, museums, shops etc must be promoted by universal, with visitors encouraged to explore the local areas and not just Universal. Maybe teaming up with local hotels & restaurants would be good. Bedford and the local villages should be made to feel part of this project and not a separate entity sitting on the edge of the park. That visitors will not only visit the park but local areas too. Bedford hospital's capacity also needs to be looked at, increased visitors would mean increased patients using local facilities. Offer jobs to locals first (skilled & unskilled jobs), labourers, construction, design, hospitality, administration etc (job opportunities to all ages not just the youth)	Please share any other feedback you have at this stage.
3196	I think the project would be excellent for the development of Bedford and surrounding area, so much so that you should consider finding a way to encourage Sea World or similar to come and join the fun. I see that as a complementary attraction that would benefit both. The Oceanographic in Valencia is a good example of a compact Sea World style attraction as an alternative. With Woburn nearby and also Whipsnade Zoo, the area could justify visitors staying several days to everyone's benefit.	Please share any other feedback you have at this stage.
3181	Very exciting and would really add to but also improve the area!	Please share any other feedback you have at this stage.
3177	I fully support development on this site which has seen little purposeful development since the demise of the brick making industry in the local area.	Please share any other feedback that you have at this stage.
5207	None, can't wait to hear more. As a very local resident I'd voice a cheeky request of a discount ticket please! I'll keep an eye on any career opportunities for marketing as well. But all the best with the project.	Please share any other feedback that you have at this stage.
3168	This would be a wonderful opportunity for Bedford to be put on the map. The universal experience is one of the best in the world and would give a lot of people the opportunity to experience it without having to travel out of the uk. It also helps with adding to tourism with people visiting from Europe. Myself and my family have been to Florida and visited universal many times so appreciate exactly what an amazing experience it is. Roll on universal cannot wait for more positive updates .	Please share any other feedback you have at this stage.
5239	Please make it happen!	Please share any other feedback that you have at this stage.
5289	PLEASE MAKE THIS HAPPEN!!!!	Please share any other feedback that you have at this stage.
5325	Please make this happen.....!!!!	Please share any other feedback that you have at this stage.
5303	Please make this park and please include loads of Jurassic Park!!	Please share any other feedback that you have at this stage.
5452	Please go ahead we need something to look forward to in this country	Please share any other feedback that you have at this stage.
5006	Please go ahead!!!!	Please share any other feedback that you have at this stage.
3159	Hoping project goes ahead, but with road improvements completed in advance.	Please share any other feedback you have at this stage.

3095	I'm hugely supportive of the proposal and feel this is an excellent opportunity for a town I have been born and raised in for 54 years. The site is the old London Brick company site where my late father worked for many years. Bring out some of the local history if you can.	Please share any other feedback you have at this stage.
3092	It's an exciting opportunity for an area which is frequently overlooked - see the article in The Times on Wednesday 10th April for it's light hearted mockery of Bedford and the area.	Please share any other feedback you have at this stage.
3077	I'm very excited for this project and my whole family (and extended family around the country!) fully supports it. I'm certain you already have in mind ideas for what themes you'd want in the park, but here are some ideas that I think would be cool: 1. The Lord of the Rings - complete with an actual Eye of Sauron tower! It's very British and a popular brand. 2. Willy Wonka - and an actual chocolate factory! Again, very British and popular. 3. Shakespeare - imagine the enchanted forest from A Midsummer Night's Dream, complete with fairies and magical creatures! 4. Dune - ok, not a British author this time, but I just saw Dune Part 2 and I'm in love with it now. Imagine a sandworm ride! Anyway, thank you for your time and I wish you all the best in bringing to life this exciting and transformative project!	Please share any other feedback you have at this stage.
5402	Please build	Please share any other feedback that you have at this stage.
5255	Please build this park! Besides the ridiculous amount of excitement this will bring, the benefits to the local area are much needed	Please share any other feedback that you have at this stage.
3057	Council should move heaven & earth to provide strong local support for a once in a generation investment opportunity from a respected organisation	Please share any other feedback you have at this stage.
5172	Thank you for considering this special town of ours and I wholeheartedly hope you decide to go ahead with the project. Happy to speak to anyone from the team to discuss in more depth	Please share any other feedback you have at this stage.
5413	Thank you for giving so many people the opportunity to comment at this early stage.	Please share any other feedback you have at this stage.
5168	Thank you I'm really looking forward to this.	Please share any other feedback you have at this stage.
3055	I think this project would be excellent for the area in many ways.	Please share any other feedback you have at this stage.
3051	This is the best opportunity for the area to get much needed improvement and development. Hoping for a positive outcome.	Please share any other feedback you have at this stage.
5382	Please proceed. This would be a dream for so many.	Please share any other feedback you have at this stage.
5111	Pls	Please share any other feedback you have at this stage.
5157	Really hope this will go ahead!	Please share any other feedback you have at this stage.
3032	Just to say that I feel this would be a very positive addition to the UK.	Please share any other feedback you have at this stage.
5328	Start!	Please share any other feedback you have at this stage.
3028	I am very supportive and have connections with the local area and the brocadekng industry!this is really positive possibility	Please share any other feedback you have at this stage.
5357	Bring it on, im a massive advocate for this type of investment	Please share any other feedback you have at this stage.
5370	Build it !	Please share any other feedback you have at this stage.
5101	Do it! You will make many people dreams come true!	Please share any other feedback you have at this stage.
5422	do it, i work in the waste department, contact us for a commercial waste contract. :)	Please share any other feedback you have at this stage.
5059	Every friend and family member that I have spoken to is fully behind the project and hope it goes ahead	Please share any other feedback you have at this stage.
5329	Get it built, please!	Please share any other feedback you have at this stage.
5050	An excellent opportunity and the only feedback I keep hearing is positive! And if you need a Fellow CIPD HR professional with 25 years experience, I'm all ears!	Please share any other feedback you have at this stage.
5359	As a theme park fan, I am looking forward to the project to be given the go ahead.	Please share any other feedback you have at this stage.
5042	Great plan fingers crossed it all goes ahead	Please share any other feedback you have at this stage.
5002	I do hope this project takes off and brings fruition to all parties. We live in one of the nearby villages and one worrying small concern is visitors parking in our village to avoid paying car parking charges. Maybe the councils may have to look a permit parking for local residents.	Please share any other feedback you have at this stage.
5327	I encourage universal's plans and am excited to see what it brings.	Please share any other feedback you have at this stage.

5194	I feel it'd be an incredibly popular destination and look forward to seeing it progress.	Please share any other feedback you have at this stage.
5395	I for one am very excited about the whole venture, not just for me but future generations..	Please share any other feedback you have at this stage.
4993	I have everything "crossed" for your success!ðŸŽ	Please share any other feedback you have at this stage.
5448	We really appreciate your interest in our area. There's a lot of positivity about this development from the people I've spoken to. Please don't let us down.	Please share any other feedback you have at this stage.
2616	This would be fantastic to the area and yes there will be disruption for a period of time but it would be so beneficial to our communities.	Please share any further feedback you have at this stage.
5228	I hope that if the development goes ahead, it will become the most energy efficient Universal park in the world. Having lived in the area for over 50 years, this would be a complete transformation from when the local brickworks contributed to pollution and acid rain.	Please share any other feedback you have at this stage.
5195	I just really hope that this all goes through and the planning and other bits you have to do go smoothly for you	Please share any other feedback you have at this stage.
5274	We would love to see it go ahead!	Please share any other feedback you have at this stage.
5053	Very exited for a potential theme park	Please share any other feedback you have at this stage.
5358	We are looking forward to have a positive outcome to this project. The local area is buzzing for it.	Please share any other feedback you have at this stage.
5223	Very detailed and considered proposal.	Please share any other feedback you have at this stage.
5362	Very excited ðŸ•	Please share any other feedback you have at this stage.
5381	Probably not as helpful, but I know many of people excited for this and we're all praying and wishing this happens. So please bring this beauty to life. Thank you.	Please share any other feedback you have at this stage.
5521	Create world class competition for existing UK themeparks which would hopefully improve the industry as a whole in the UK	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?
5517	Raising the bar in the UK's theme park and resort offerings	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?
2852	I am a resident in Kempston and fully support this project. It would be fantastic. The job opportunities alone would be significant for the area.	Please share any other feedback you have at this stage.
2862	It's a very exciting opportunity and will reuse some land which currently is not being used returning it back to economically active.	Please share any other feedback you have at this stage.
2300	Really hope to see this project go ahead. People from around the UK and beyond would love to see a Universal theme park here and the location chosen and considerations already given to how people would travel to the site all sound fantastic. There are so many benefits to having a universal park here in the UK including the significant amount of new jobs it will create. It is desperately needed and I really hope it gets all the necessary support to proceed with.	Please share any other feedback you have at this stage.
2380	I'm incredibly excited by this opportunity and feel it has the chance to become the best theme park attraction in the UK. My only worries will be more due the potential bad customer experiences that can come with that such as overcrowding in the parks, long wait times and expensive tickets) the parks in the US doesn't feel like they experience this problem but theme parks in the UK often feel that they suffer from overcrowding and long wait times because of this.	Please share any other feedback you have at this stage.
4573	Disruption is part of the process, local changes are going to happen. However, I feel this will be an excellent addition and Bedford is ideally placed with good road, rail and airport access.	Please share any further feedback you have at this stage.
4561	I think it's brilliant but investment into the town needs to be done to fill the shops as embarrassing right now. Lower rents which councils control and allow businesses to come in. Make sure you use local companies and not foreign companies etc. Local companies will be more engaged and bring money to the Area	Please share any further feedback you have at this stage.
4449	Universal.i have lived in my cottage now for 23 years and have always called this place that I've made my family's home,the best kept secret in bedfordshire.i have been waiting for years for it to be discovered by others.and im glad it was you.welcome.	Please share any other feedback you have at this stage.

263	I'm thrilled that Universal are considering a park so local to Bedford however I am unsettled with knowing that this will potentially impact me getting to Milton Keynes for work or Harpenden to see family. As long as this aspect is managed efficiently however I believe it will be a game changer for the local area.	Please share any other feedback you have at this stage.
3183	Can't state how much I approve of this and I think you'll get similar feedback, and my suggestions are only around making your development even more of a success. One environmental consideration I'd put forward, would be covering the car park with a solar canopy. Not only helping power the park, but also providing cover for those travelling there by car and in turn having sufficient ev charging points. All for much later in the plans mind. I just want to get such thinking in and you clearly share that anyway with the initiatives at other resorts. My only criticism is that why wasn't this done 20/30 years ago when a younger me would have literally exploded with excitement at this news :)	Please share any other feedback you have at this stage.
3152	I think this project could be a great partnership between yourself and the people in the Bedford area giving future guests an experience they will love.ðŸ™„	Please share any other feedback you have at this stage.
3142	I look forward to following this journey and sincerely hope you can in some way merge its rich past with an exciting future.	Please share any other feedback you have at this stage.
3141	Please bring Universal to Bedford, I think it would be amazing	Please share any other feedback you have at this stage.
3140	Really excited for this new project and see huge benefits to the community.	Please share any other feedback you have at this stage.
3134	This is potentially the most important development in the area in my lifetime and I would support it completely	Please share any other feedback you have at this stage.
3129	I look forward to have a good proceedable theme park and investment plan that can deliver both jobs/career opportunities and new theme park that can attract tourists in UK and aboard.	Please share any other feedback you have at this stage.
3127	I have visited Universal Studios Florida many times! I love it and I'm excited at the thought of one being build on the doorstep and the job opportunities it will bring	Please share any other feedback you have at this stage.
3124	It will help to bring opportunities to the local area, this will help to alleviate a lot of mental health issues and social problems	Please share any other feedback you have at this stage.
3021	Overall I think this would be an excellent development and I really, really hope it comes to fruition and I wish the Universal team all the success in this development. My family would be regular visitors.	Please share any other feedback you have at this stage.
3011	I hope this project goes ahead and I cannot wait to come to visit you, hopefully you will put a Harry Potter world within the theme park especially with Harry Potter been English. It would be the biggest mistake if not.	Please share any other feedback you have at this stage.
3010	I cannot wait to see this evolve and am excited as the town needs an innovative large employer to move forward on an inclusive society agenda	Please share any other feedback you have at this stage.
3009	I really hope the project will materialise! We at WAT are very excited for the training and apprenticeship opportunities this can create!	Please share any other feedback you have at this stage.
2999	Please bring a top class universal studios resort to the UK. I have visited your Florida and Japan park / parks and this investment would give the UK much needed improvements to it's appearance and it's infrastructure.	Please share any other feedback you have at this stage.
2990	Very excited about this prospect - best thing to happen to the UK for ages - I wish you every success with the park and I will certainly be visiting when it opens.	Please share any other feedback you have at this stage.
2989	That's a very ambitious with a potentially highly prospective project with a vast impact for the county's economy and fame, a vast amount talents and resources are due to be engaged in it once it is to be started. GODSPEED	Please share any other feedback you have at this stage.
2988	I would definitely welcome such an investment into the local area for personal and professional reasons	Please share any other feedback you have at this stage.
2987	Have visited Orlando several times over the years, a universal in the UK wouldn't stop me going over, but there should be something unique about this park	Please share any other feedback you have at this stage.
2979	Only to say that it would be an extremely exciting development and a huge boost to Bedford Borough and the surrounding towns and villages.	Please share any other feedback you have at this stage.
2956	My self and many Bedford residents are in full support of the opportunity of having the park in our Town.	Please share any other feedback you have at this stage.
6046	100 percent support this project	Please share any other feedback you have at this stage.
5756	You are soo welcome to start this amazing project in Bedford. Thank you	Please share any other feedback you have at this stage.

5864	You are very very welcome. I live in kempston and will love have universal in the area.	Please share any other feedback you have at this stage.
6020	Welcome cant wait for it to start	Please share any other feedback you have at this stage.
5992	We would absolutely love a universal park to open and if it happens my family and I will visit often!	Please share any other feedback you have at this stage.
5765	We are excited and looking forward to the development of your park and resort.	Please share any other feedback you have at this stage.
5681	We are looking forward to this project beginning as soon as possible	Please share any other feedback you have at this stage.
6062	We are very pleased that you have chosen Bedfordshire	Please share any other feedback you have at this stage.
5935	Very Excited, love the idea, cant wait to visit.	Please share any other feedback you have at this stage.
5699	This project would undoubtedly be a huge success	Please share any other feedback you have at this stage.
6002	This is very exciting and I would support it 100%	Please share any other feedback you have at this stage.
6024	This is an exciting potential project that I am keen to pay attention to.	Please share any other feedback you have at this stage.
5895	This is a wonderful opertunity which at least gives hope	Please share any other feedback you have at this stage.
5772	This is a hugely exciting project that I hope comes to fruition	Please share any other feedback you have at this stage.
6076	Thebsooner this happens the better	Please share any other feedback you have at this stage.
5513	The community as a whole is tremendously behind this project and are keen to make it happen.	Please share any other feedback you have at this stage.
5589	Thank you for considering the UK as a new destination for one of your theme parks!	Please share any other feedback you have at this stage.
6097	Super excited	Please share any other feedback you have at this stage.
5901	Super excited if the project goes ahead ! Los Angeles , orlando , Bedford !	Please share any other feedback you have at this stage.
5607	Really hope the project goes ahead	Please share any other feedback you have at this stage.
5993	Really looking forward to seeing this park hopefully come to life.	Please share any other feedback you have at this stage.
5622	Please say yes and get it built so I can ride the rides before I get too old to do it anymore, here's hoping	Please share any other feedback you have at this stage.
5537	Please just do it	Please share any other feedback you have at this stage.
5545	Please go ahead with this	Please share any other feedback you have at this stage.
5690	Please go ahead with your intentions! From a hard working family of 4 with two children this would be a dream come true. America is an unreachable dream.	Please share any other feedback you have at this stage.
5557	Please go ahead with the plan	Please share any other feedback you have at this stage.
6036	Please do it	Please share any other feedback you have at this stage.
5930	Please choose our town. 6Y™ 6Y6	Please share any other feedback you have at this stage.
5939	Please come to Bedford, we would welcome you with open arms.	Please share any other feedback you have at this stage.
5784	Please come to Bedford.	Please share any other feedback you have at this stage.
5672	Please build the park that is my feedback	Please share any other feedback you have at this stage.
5773	Please build this	Please share any other feedback you have at this stage.
5587	Please	Please share any other feedback you have at this stage.
5586	Myself and my family are looking forward to this, and everyone that I have spoken to thinks it is a fantastic idea. Good luck.	Please share any other feedback you have at this stage.
5870	My family, friends and I, are really looking forward to seeing the fulfilment of this project. If it gets the ho ahead.	Please share any other feedback you have at this stage.
5696	My family and I, and most all my friends are absolutely delighted with the prospect of having the wonderful park nearby!	Please share any other feedback you have at this stage.
5882	Looking forward to seeing the finished project	Please share any other feedback you have at this stage.
6069	Just start the project	Please share any other feedback you have at this stage.
5922	keen for the plan to go ahead	Please share any other feedback you have at this stage.
6057	Just a big supporter. Been to Universal lots of times in the US.	Please share any other feedback you have at this stage.
5519	Just complete support for this development. We would drive the 2 hours to Bedford multiple times a year.	Please share any other feedback you have at this stage.
5952	Just I hope it happens and I look forward to seeing it all happen	Please share any other feedback you have at this stage.
5950	Just if it goes ahead I think it would be a positive to have and be honoured to have a universal theme park and resort in the uk	Please share any other feedback you have at this stage.
5799	I'm fully in favour of Thais project	Please share any other feedback you have at this stage.
6014	I would love to see a universal theme park open in the uk and hopefully you decide to go ahead with the project.	Please share any other feedback you have at this stage.
6090	I welcome the interest of Universal and hope they proceed with the proposal	Please share any other feedback you have at this stage.
5921	I wish you the very best of luck with the project.	Please share any other feedback you have at this stage.

5941	I truly hope you decide to go ahead and I'm excited to watch the development and progress of the project	Please share any other feedback you have at this stage.
5851	I think this is a great project and a great location. I look forward to seeing how this stage of exploration develops.	Please share any other feedback you have at this stage.
5603	I think the project is very exciting	Please share any other feedback you have at this stage.
5524	I look forward to learning more out these exciting plans!	Please share any other feedback you have at this stage.
5599	I Look Forward To This Project And I May Visit On Opening Day!	Please share any other feedback you have at this stage.
5793	I really hope this goes ahead!	Please share any other feedback you have at this stage.
6045	I really hope this plan goes ahead and look forward to seeing it develop	Please share any other feedback you have at this stage.
5667	I hope you proceed with this	Please share any other feedback you have at this stage.
5660	I hope you go ahead with this as I will become a regular visitor	Please share any other feedback you have at this stage.
6085	I hope that this project goes ahead and look forward to welcoming Universal Resort to our wonderful Bedford area.	Please share any other feedback you have at this stage.
5789	I fully support this development	Please share any other feedback you have at this stage.
5867	I can't wait for you to get started!	Please share any other feedback you have at this stage.
5985	I am very positive about this project and I definitely want it to proceed going forward. I wish you all the luck and I hope to see the starting stages of this project being created in the future. It is very exciting news.	Please share any other feedback you have at this stage.
5688	I am so exciting looking forward for it	Please share any other feedback you have at this stage.
6073	I am in support of this proposal.	Please share any other feedback you have at this stage.
5969	I am interested to find out more as the plans develop	Please share any other feedback you have at this stage.
5506	I am enthusiast for the project and really hope you will decide to go ahead!	Please share any other feedback you have at this stage.
5963	Hope Bedford gets chosen!!	Please share any other feedback you have at this stage.
5824	Hope it happens!	Please share any other feedback you have at this stage.
5740	Hoping this gets approved and goes ahead	Please share any other feedback you have at this stage.
5848	Great opportunity, hope it goes ahead	Please share any other feedback you have at this stage.
5759	Good luck!	Please share any other feedback you have at this stage.
5975	Good luck, really hope everything runs smoothly as everyone I know locally is buzzing about this!	Please share any other feedback you have at this stage.
5597	Great idea! I fully support the plans.	Please share any other feedback you have at this stage.
5879	Generally very excited to potentially have a major theme park in Bedford area.	Please share any other feedback you have at this stage.
5687	Good Luck	Please share any other feedback you have at this stage.
5856	Good luck	Please share any other feedback you have at this stage.
6051	Good luck and fingers crossed everything aligns and you can move forward with it.	Please share any other feedback you have at this stage.
5695	Fully support this project	Please share any other feedback you have at this stage.
5777	Fantastic opportunity. Let's not lose it.	Please share any other feedback you have at this stage.
5977	Fantastic idea and something I'm wholly in support of. I look forward to visiting with the family when it's here.	Please share any other feedback you have at this stage.
5850	Everyone I have spoken to agrees that they would like this to happen so please do it!	Please share any other feedback you have at this stage.
5664	Everyone I speak to is excited and enthused about the possibility of a Universal Resort in the UK!	Please share any other feedback you have at this stage.
6094	Everyone I speak to would love Universal to come to Bedford. We would welcome the world to Bedford.	Please share any other feedback you have at this stage.
5988	Exciting plan	Please share any other feedback you have at this stage.
5568	cannot wait to visit when it's done!	Please share any other feedback you have at this stage.
5509	Can't wait to visit the completed resort if it goes ahead.	Please share any other feedback you have at this stage.
5947	Can't wait to visit!	Please share any other feedback you have at this stage.

5669	A new theme park would be great. It's too costly to go overseas and it would be nice to have this kind of investment in the UK. The only concern I have is the current toxicity of the Harry Potter brand. While I suspect having a UK based Harry Potter theme park in addition to the studio tour would be strong. I would also be worried that people may use this as an excuse for anti LGBTQ+ activity (it's not a brand I engage with currently due to this). I would suggest you think about how the park design could integrate individual cubicles, or gender neutral spaces as well as making sure if you really must include Harry Potter you keep people safe and don't back bigotry.	Please share any other feedback you have at this stage.
6022	All that I can say is that I really hope this Resort goes ahead As the UK really needs it.	Please share any other feedback you have at this stage.
5788	A wonderful opportunity for Bedford and one which ought not to be missed.	Please share any other feedback you have at this stage.
5527	An excellent and exciting development for Bedford, very interested to see how this progresses	Please share any other feedback you have at this stage.
5720	An exciting opportunity for the area as a whole on many fronts.	Please share any other feedback you have at this stage.
5774	Bedford is a small county town with a lot of charm. The benefits would be great, but I would hate to see it swamped.	Please share any other feedback you have at this stage.
5815	Bedfordshire is in great need of a huge injection to its economy and this is something Universal can without a doubt provide. This project MUST go ahead.	Please share any other feedback you have at this stage.
5480	Definitely a great benefit to the area	Please share any other feedback you have at this stage.
5820	Fantastic opportunity for the local community, I really hope other local people embrace it.	Please share any other feedback you have at this stage.
5976	GOOD LUCK ON ALL DECISIONS AND THE PLEASURE THIS COULD BRING TO MILLIONS OF VISITORS AND FUTURE LOCAL PROSPECTS FOR COUNTY.	Please share any other feedback you have at this stage.
5845	Great opportunity for Bedford to become a centre of interest again	Please share any other feedback you have at this stage.
5831	Great opportunity to showcase Bedford and the surrounding area.	Please share any other feedback you have at this stage.
5732	I am excited about what the future of Bedford would be should Universal decide to create a park of sorts here	Please share any other feedback you have at this stage.
5885	I think it would be great addition to the area and would be a fantastic opportunity for Universal to launch a UK hub	Please share any other feedback you have at this stage.
6065	I think it's a great thing for Bedfordshire	Please share any other feedback you have at this stage.
5906	I think this Development has the potential to be transformative for Bedford and the local area and communities. I thoroughly endorse this development.	Please share any other feedback you have at this stage.
5854	I would welcome this project and really hope that it goes ahead as Bedford has had a number of projects (Nirah being one) that never went ahead even though it would have been fantastic for the area and conservation	Please share any other feedback you have at this stage.
5665	As a professional engineer in the utility sector, I am familiar with many aspects of the problems you are inevitably going to run into dealing with UK Law! Nonetheless, I strongly believe this proposal is one of the most exciting investments I have heard of coming to the UK for the best part of three decades. The opportunity and benefits are enormous, and I was absolutely thrilled to hear the proposals coming together. I am not a religious type; but on this particular subject, I might just say a little prayer or two that it might happen. Thank you for your time!	Please share any other feedback you have at this stage.
5990	As a theme park enthusiast I believe the UK has needed something like this for some time. And if the project is organised with care I believe it will be very successful.	Please share any other feedback you have at this stage.
5904	Definitely positive, but I already know the infrastructure upgrades required will not happen or be totally inadequate due to poor modelling algorithms	Please share any other feedback that you have at this stage.
5972	Extremely happy with the way Universal have been very open with the general public on the project. I've heard nothing but positive things so far through the media, and I hope the updates continue. Previous attempts at building new theme parks in the UK have gone very quiet and very stale quickly. Only bit of feedback I can give is keep the online and social media presence going! Really excited to see what updates we get over the coming months. I'll be there for rope drop opening day!	Please share any other feedback you have at this stage.

5488	Fantastic news if you do set up home here in Bedford. As long as the infrastructure is put in place properly, locals are considered and the environment is looked after, this will be amazing!	Please share any other feedback that you have at this stage.
5938	Fully supporting this development. Concerned about: - Additional pressure on local services, including healthcare - Increased traffic on smaller local roads - Safety of pedestrians and cyclists trying to cross A421 to get to the park	Please share any other feedback you have at this stage.
6013	Great project and please build a natural play area for local children and a wildlife area with a wizard twist.	Please share any other feedback you have at this stage.
5802	Great project and the local people should be please such a big project has chosen Bedford. I am very supportive of this and if it goes ahead I will be applying for a job. I hope it goes ahead and wish you all the success with this project.	Please share any other feedback you have at this stage.
5863	I am in favour No negatives Bear in mind it used to be a clay pit and a smelly brickworks	Please share any other feedback you have at this stage.
5512	I am looking forward to this and fully support the project. I hope you take into consideration the local wildlife. Also encourage as much green travel as possible.	Please share any other feedback you have at this stage.
5905	I am very excited about this whole project, but there will always be people who complain about anything. Please don't let this put off what will be a fantastic venture.	Please share any other feedback you have at this stage.
5742	I believe that this scheme will be of benefit to the local area, if all infrastructure and noise impact have been considered. I am concerned that extra traffic will cause complications and also create an additional environmental impact.	Please share any other feedback you have at this stage.
5487	i feel like this project would be a massive success in the UK that only a company such as Universal could bring to the country. I have Visited the Orlando parks on a multitude of occasions and sen first hand the boost to an economy it can have. A resort like this is what the people of the UK have been calling for for years with other projects failing due to lack of research into area or other aspects. it is clear to the local residents and wider Uk population you are taking your time and doing your due diligence with this project which is why it has had such a Universal positive overview by the country. This project is just what the country needs. Thank you for even considering this project	Please share any other feedback you have at this stage.
5583	I fully support the proposal and think it is exactly what the area needs. If you can link the project with the development of the Bedford & Milton Keynes Waterway Park it would provide great footpath and cycle links to the site from both towns creating a great environmental and community asset for the area.	Please share any other feedback you have at this stage.
5986	I hope this goes ahead, would make the UK a much more exciting place to live	Please share any other feedback you have at this stage.
5747	I hope universal go ahead I think it would not only be good for the whole of the UK in the short term but also in the long term I think most would welcome the project.	Please share any other feedback you have at this stage.
5562	I hope you go ahead with your plans, a UK themed universal would be amazing, we love theme parks here in the UK. There is a reason so many of us got to Florida.	Please share any other feedback you have at this stage.
5376	Hopefully going universal Florida next year, it's out of reach for many people. This project will bring it to many people.. universal will do a great job if it goes ahead....	Please share any other feedback you have at this stage.
4973	Hoping this goes ahead as it is quite local to me and I am very up to date with developments in Florida, so I know how Universal consider local environments.	Please share any other feedback you have at this stage.
5280	I like many people are very interested and hope the plan goes ahead. Fingers are crossed and I hope I can be involved at some stage. Well done so far and thank you. XXX	Please share any other feedback you have at this stage.
5061	I look forward to meeting with your employees over the course of six years from now. This project must happen and come to fruition and I cannot easily accept a 'no go', unless another site nearby has come to light that is better.	Please share any other feedback you have at this stage.
5442	I really hope this goes ahead and I wish you the best of luck! As a family we would love to not only visit the resort but would be keen to work there too!	Please share any other feedback you have at this stage.
5321	I really hope you decide to go ahead with this project and don't listen to the nimbys	Please share any other feedback you have at this stage.
4981	I really hope you go ahead with this project and it is on the scale of Epic Universe/Orlando Resort! Please please please bring Nintendo!!	Please share any other feedback you have at this stage.

5412	I strongly hope this goes ahead, we've had a large project which was approved for the site next to this to build a huge indoor biome for sealife called the Nirah project, the investors pulled out at the last minute and the project was cancelled, we now have a film studios on the same site which hopefully won't fall to the same failure and then we already have a warner bros film studio at cardington hangars nearby so this project would fit right in, it would also potentially encourage other similar projects to come to the area.	Please share any other feedback you have at this stage.	
5155	I think it will be great for me and my family to have a theme park in my area. We hope it will get the necessary approvals soon!	Please share any other feedback you have at this stage.	
5089	I wish you all the success in the world and hope the decision is made to green light this project.	Please share any other feedback you have at this stage.	
5176	I'm really excited to watch the progress of this project - you are very welcome here.	Please share any other feedback you have at this stage.	
5387	If it goes ahead, thanks in advance for providing such an exciting opportunity for the local area.	Please share any other feedback you have at this stage.	
5354	I'm excited at the prospect of having an amazing attraction in this country.	Please share any other feedback you have at this stage.	
5284	I'm looking forward to seeing the project go ahead. It's something that universal and great Britain can benefit from.	Please share any other feedback you have at this stage.	
5257	I'm super excited for this development and am eagerly anticipating the confirmation of the project. I know that my friends are also feeling this way and it would be transformative for not just the local area but the U.K as a whole and I'm sure the government will be accepting of your proposal. Best of luck, XXX	Please share any other feedback you have at this stage.	
5926	I think the location is a fantastic one - far enough away from local residents so as to not cause a nuisance, but local enough that it is easily accessible. I am feel very positive about the plans.	Please share any other feedback you have at this stage.	
5224	Just get it opened	Please share any other feedback you have at this stage.	
5209	Just that I and my family will certainly be coming to this resort regularly if it goes ahead (we're about an hour and a half away by road; quicker when East-West Rail is up and running).	Please share any other feedback you have at this stage.	
5379	Looking forward to future updates, and really excited about all the possibilities. Thank you for considering us for one of your amazing resorts! :)	Please share any other feedback you have at this stage.	
5068	looking forward to it	Please share any other feedback you have at this stage.	
5635	Love universal, There's no theme parks that could compete with it in the UK	Please share any other feedback you have at this stage.	
5699	ðŸ™ i support this project. My dream has always been to visit your theme park in Florida (since i was a child), now my kids also share my theme park, ride and rollercoaster enthusiasm and they share my dream. Unfortunately despite having a good career we have been unable to get there. Also because my daughter has special needs a long haul flight is worrying. So i support this project as i know like me there will be so many families who will get to experience the joy of your theme parks that otherwise wouldn't have been able to. The UK do not have anything on this scale so the economical benefits to our country will be exceptional. The job opportunities for so many will be welcomed. This still feels like a dream but i hope with all my heart it isnt and this project goes ahead xxx	Please explain why	
5932	It sounds like a really exciting project to be exploring! I'm hearing really positive things about engagement etc so far, so keep it up! It'll be interesting to hear the outcomes, whether or not you decide to go ahead with the park here in Beds. Please consider offering meaningful feedback to the locals you have been engaging with should you decide this isn't the right area, I'm sure some honesty would be appreciated.	Please share any other feedback you have at this stage.	
5849	I've visited Universal Orlando many times and it's truly one of the most magical experiences. I've always wanted to work in the industry but the uk is seriously lacking any theme parks on the same level as Florida. I know it would benefit the economy and that people would travel to go there	Please explain why	

5991	Universal Studios is known to be one of the most fun and entertaining places in the world, however other theme parks are pretty far away, and their locations are in major countries such as USA, Japan, and China. I believe building one in the UK and at a central location of Bedford is not just benefitting for the local communities and economy, but also a new place to have a fun day at in general. Therefore I wholeheartedly support the creation of a potential Universal theme park in the UK.	Please explain why	
5495	It's a fantastic idea, feel proud that Bedford has been chosen, and if goes well is a win / win for everyone.	Please explain why	
5513	It is a fantastic opportunity to enliven and enrich Bedfordshire, both socially and economically. It would be grand to have something that people travelled from all over Europe to visit. And we just love visiting Universal Studios - it's very exciting to think we could do it for several Â£1000s less than the current cost!	Please explain why	
5516	Universal parks in Florida are fantastic. The opportunity to have one in England would be a brilliant experience, not to mention hugely beneficial to the local and national economy.	Please explain why	
5529	Will be fantastic opportunity for the local area. All other major business have left the area with no replacement.	Please explain why	
5619	It would be a great boost to the economy locally and fantastic to have a Universal Park back in Europe after all these years	Please explain why	
5740	Fantastic opportunity for Bedford.	Please explain why	
5779	I think it will be so good for Bedford economically. We're already showing signs in the media of being on the map". A Bedford feature in last weekends national Mail on Sunday magazine about Universal's interest was really good to see. All the infrastructure improvements and partnering with local organisations would be fantastic	Please explain why	
5810	Fantastic opportunity for the area	Please explain why	
5851	I feel that the site is appropriate for the development and there is a lot of local support for the project. I see Bedfordshire as the hidden home county with good transport links to London and an excellent london airport, Luton. I moved here in 2016 from Surrey for the transport links to St Pancras and onward travel. It is a fantastic area that is currently under invested in and this would be an amazing opportunity to put Bedfordshire on the map and attract global talent and utilise the amazing skills and talented people we have in Bedford.	Please explain why	
5905	This is the most fantastic opportunity for Bedford and everything must be done to enable it to go ahead. Our town has been waiting for something like this to regenerate it	Please explain why	
6034	I think its a fantastic idea, I agree with the information you have provided publicly	Please explain why	
6090	It would be a fantastic economic draw to Bedford and surrounding areas	Please explain why	
5830	Looking forward to the opportunities it will bring. Employment and leisure what is there not to like	Please share any other feedback you have at this stage.	
5556	ok i will make it better than orlando if you go ahead	Please share any other feedback you have at this stage.	
5722	Overall very positive my only concern is project drags on if you go ahead due red tape and unforeseen issues, if it gets the nod then get it done quick as you can ! Finally please get Wixams station built , we only waited 17 years for it !	Please share any other feedback you have at this stage	
6080	Please bring universal to the UK. Florida universal is amazing and I'd love a more local park to visit multiple times a year. With great rides and restaurants	Please share any other feedback you have at this stage.	
5556	i been to universal orlando and you do a very good job and help the enviroment	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?	
5521	I think this project is very exciting for the UK theme park industry, with the potential of new rollercoaster and themed experience that would be world class. I would like to see world class coasters like the Velocicoaster and Hagrid's Motorbike Ride. I would love to see some musicles themed areas or attraction based on the Les Miserables and Wicked movies.	Please share any other feedback you have at this stage.	

5645	I think this will be brilliant for the country, I've visited Universal in Florida several times, it's truly amazing & this will give families (who perhaps cannot afford to go abroad) the chance to experience something magical	Please share any other feedback you have at this stage.
5582	I used to live in Bedford, and I know how much this project would completely revitalise the area. There is also a rich film history that is native to the UK (i.e. James Bond, Lord of the Rings, Doctor Who amongst others - even Chris Nolan's Batman films were partly shot in Cardington nearby) so it would be great for some of that to be included in the plans for the new park. I've heard a rumour that attractions from Orlando would not be cloned for the UK park, which I think is a great idea as it creates more reasons for UK tourists to visit this new park as it will be more unique (and also they will still visit Orlando, which is an awesome resort!).	Please share any other feedback you have at this stage.
5918	Please do it!!! You get extra bonus points if we get a Wizarding World :D	Please share any other feedback you have at this stage.
5508	Please do consider opening a resort in the UK. If you do proceed please include attractions such as jurassic park	Please share any other feedback you have at this stage.
5533	Giving people a fresh, new and valued place of entertainment	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?
6064	Strengthening communities through charitable partnerships	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?
5647	Creating a world class resort	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?
5667	bringing prosperity to the community	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?
5747	Providing entertainment and experiences for families close to home hopefully more affordable for uk people	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?
5919	Creating an International standard holiday and entertainment venue toward the near-centre of the U.K.	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?
5977	Bringing something new and exciting to the area	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?
5994	Build it everyone I know would go!	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?
5658	Positive development for the local area & the UK.	Please share any other feedback you have at this stage.
5623	Provided the traffic issues raised in Q.8 are dealt with, I support the plan and would welcome the project.	Please share any other feedback you have at this stage.
6074	The UK would benefit from a significant brand of theme park and attraction that Universal could bring to the UK. Personally, our parks and attractions in this country significantly lack in class and wonder compared to Universal Parks we have visited a lot in Orlando, Florida. Maybe even an indoor water park might be something quite spectacular to include like Volcano Bay.	Please share any other feedback you have at this stage.
5605	Would love to see a universal site to come to the uk.	Please share any other feedback you have at this stage.
5497	I fully support this, as this will fully enhance the local area with major infrastructure upgrades This will be the crown jewel for Bedford / Bedfordshire and if carefully managed will be a grear success across the board.	Please explain why
5503	It's cheaper than traveling to florida.	Please explain why
5507	I would love to see a universal theme park closer too homw	Please explain why
5520	This is very much welcomed!	Please explain why
5531	It's a no brainer!	Please explain why
5556	will be good	Please explain why

5572	I love Universal in Orlando but ut is so expensive to have a holiday abroad now so having one close to home would be really special	Please explain why
5587	It's needed, please	Please explain why
5594	We need a theme park	Please explain why
5596	This may be very useful to our children and the next generation of Bedford Town.	Please explain why
5602	I am a massive fan of Universal Studios theme parks and have been waiting my whole for an opportunity to like this. The United Kingdom is in desperate need of a premium resort and I know Universal would make this a huge success.	Please explain why
5605	Me and my family love a theme park day out and would travel often a few hours to visit.	Please explain why
5632	For all the reasons above.	Please explain why
5633	Yes most definitely I'm in support of this! This will put Bedford on the MAP, and instead of putting well-known cities or areas like London, Kent or Manchester on the map, this will add a completely different spark to the project and resort. Bedford has a lot of greenery and fields, so it naturally suits the environment for a resort, adds a mystical edge to it. Being close by to the resort, this is an incredible advantage and I would feel privileged and lucky to be a customer at Universal Studios theme park based in Bedford. I really do hope it goes as planned, you doesn'tunderstand how excited I am.	Please explain why
5661	The other 2 theme parks are a while away and frankly way to busy and just mediocre the universal parks in America (i have been) having amazing coasters	Please explain why
5662	I think it would be good for the area and community.	Please explain why
5669	Travelling overseas is getting very expensive so a local attraction would be very welcome. Especially if it creates work not just for hospitality staff but for creative industries too.	Please explain why
5671	Because it would be good for the area, it is about time Bedford had something good happen to it	Please explain why
5711	We hope you receive much support and enthusiasm for your project as a result of this public consultation and we hope to hear from you soon.	Please share any other feedback you have at this stage.
5687	Bedford is a lovely place to live, we moved to the town 10 years ago and doesn'tregret it one bit this development would hopefully put Bedford firmly on the map hopefully in a good way!	Please explain why
5688	I will love support my hometown	Please explain why
5732	I have visited Universal in Orlando multiple times and it is a wonderful, happy place. To have that on my doorstep would be nothing short of incredible	Please explain why
5735	For all reasons started above	Please explain why
5749	Love universal parks	Please explain why
5773	Loved the floirda one and would love it knowing I'm 2 hours away from universal and visit constantly	Please explain why
5564	Opportunity to support the development of the adjacent Bedford & Milton Keynes Waterway Park	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?
5787	We have enjoyed visiting Universal & Disney Florida over the years and would love to have it here.	Please explain why
5558	Very very excited. I so hope you decide to come to Bedford. It would mean so much to us. It's a lovely town but has suffered from being so connected to London etc so to have something that makes us a destination would be amazing. Thank you	Please share any other feedback you have at this stage.
5575	Rejuvenating the area	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?
5694	The chance for uk families to experience one of the greatest feelings of being part of something magical but within reach e.g not having to travel abroad	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?

5657	We think it's a wonderful plan and are really excited that we may have a Universal Resort in this country. It will so good for the economy, as both UK citizens tourist will make the trip especially for the resort. Also, keep the American standards for the hotels and rooms.	Please share any other feedback you have at this stage.
6053	We love Universal in Orlando and would love one on our doorstep	Please explain why
5828	Revitalise Bedford	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?
5815	Having watched Universal Studios come out of the ground and open in Florida in 1990 and used the facilities while living in Florida and many holidays, we realise how well Universal do their work, how they relate to the local community and the work they do with local groups. Universal do it and do it well!	Please explain why
6049	As a regular visitor to your resort in Orlando , having a park near home would be a dream come true	Please explain why
6041	we dont really have any good parks near to us it would be a nice place to take my niece and nephew	Please explain why
6032	As an avid theme park visitor I would love your park to be on my doorstep with the alternate being either to visit one in the states or the far east would be way out of my price range for many many years and would love to be able to work as part of the grounds/horticulture department	Please explain why
6025	I love universal parks, I've been to florida resort many times.	Please explain why
5556	will improve all local and northern areas	Should we proceed with this development we would also help to facilitate a number of significant local infrastructure upgrades. Which of the following do you think is most important?
5564	Support the development of the adjacent Bedford & Milton Keynes Waterway Park	Should we proceed with this development we would also help to facilitate a number of significant local infrastructure upgrades. Which of the following do you think is most important?
3048	The uk needs a new main attraction for tourists and the benefits to the local economy and town of Bedford make this a very exiting project.	Please share any other feedback you have at this stage.
3711	The UK needs an excellent theme park and resort - Universal are the ones that can do it!	Please share any other feedback you have at this stage.
1140	The UK needs another theme park - it would be great to have some new competition in this area and not just Thorpe Park/Alton Towers. There is no Universal park in Europe, and not many Europeans can make the trip to the USA.	Please share any other feedback you have at this stage.
322	You're such a fantastic company and you know how to treat your staff and customers.	Would you support a potential park and resort coming to this site? Please explain why.
1193	Your reputation stands before you and the site seems ideally situated	Would you support a potential park and resort coming to this site? Please explain why.
4138	You have already mentioned it all above Bedford needs this project.	Would you support a potential park and resort coming to this site? Please explain why.
1912	The UK needs a Universal UK Studios I think. Harry Potter / other films / TV history etc. Paris has Disney. London / Bedford needs Universal as a counter-balance maybe. I respect and admire the Universal Studios brand name and really hope that a theme park can be built in the UK. Good Luck! Thanks. :)	Would you support a potential park and resort coming to this site? Please explain why.
5962	I love theme parks	Please explain why
1557	The UK needs change and adding an big competitor keeps other theme parks and resorts on their top game to give customers an amazing experience and overall improve the experience for tourists as allot of the UK theme parks do not have the same amount of passion for the 'ætheme' part of theme park then universal and other big competitors	Would you support a potential park and resort coming to this site? Please explain why.
1313	The UK needs growth, ambition and hope. Universal Studios would deliver on all three and given the local filmmaking facilities it would be authentic and add to the local and national economy.	Would you support a potential park and resort coming to this site? Please explain why.

3341	The uk needs investing in. External investment is currently the only way to get anything done in this country. It would greatly benefit this country because the governments hands are tied, trying to just stay afloat. This country needs investment like this, not just for measurable benefits, but to also give people an emotional boost.	Would you support a potential park and resort coming to this site? Please explain why.	
2439	The UK needs investment and is crying out for entertainment. We aa theme park goers have money and no where to spend it (in Britain).	Would you support a potential park and resort coming to this site? Please explain why.	
1674	The UK needs it - I'd love to be able to visit an overseas mega theme park - but this would make visiting a Universal park SO much easier	Would you support a potential park and resort coming to this site? Please explain why.	
821	The UK needs its own Gold standard recognised park for one. It would hugely help the local community with great opportunities of employment it will also help other businesses in the uk utilising our outshining engineering and structural bsuneesss.. Beford is an ideal Location given it centrality to the major majority of the UK population and the current road networks are already being developed to better standards even before this potential project.	Would you support a potential park and resort coming to this site? Please explain why.	
3865	It would be fantastic for the uk and the local area.	Would you support a potential park and resort coming to this site? Please explain why.	
1404	It would be fantastic for the UK!	Would you support a potential park and resort coming to this site? Please explain why.	
3370	Theme park enthusiast	Would you support a potential park and resort coming to this site? Please explain why.	
2215	Theme park sounds very exiting	Would you support a potential park and resort coming to this site? Please explain why.	
3494	Living in Hitchin, down the road from the proposed site, my friends, family and myself would become a annual pass holder if possible, and support the building of the project. I am a keen themepark lover, and love working in marketing and social media, so would support this project this way as much as possible.	Would you support a potential park and resort coming to this site? Please explain why.	
4774	The Bedford and Kempston areas needs both financial and environmental improvements and I feel your organisation would make an inroad.	Would you support a potential park and resort coming to this site? Please explain why.	
4679	Great opportunities for locals and regeneration of Bedford.	Would you support a potential park and resort coming to this site? Please explain why.	
3270	Great opportunity for Bedford	Would you support a potential park and resort coming to this site? Please explain why.	
3171	Great opportunity for Bedfordshire and Uk	Would you support a potential park and resort coming to this site? Please explain why.	
337	Think it can only be positive	Would you support a potential park and resort coming to this site? Please explain why.	
4628	Think it will be really exciting	Would you support a potential park and resort coming to this site? Please explain why.	
4946	Great opportunity for the area	Would you support a potential park and resort coming to this site? Please explain why.	
4286	Great opportunity for the Bedford wider economy for the benefit of all our children and future generations.	Would you support a potential park and resort coming to this site? Please explain why.	
1737	The theme park industry in the UK is run by a monopoly and is in desperate need of competition. As a theme park fan, I highly value immersive themed lands, and next to Disney, Universal is one of the best in the world. We do not have a theme park destination in this country that consistently offers an environment that is attractive by way of its immersive atmosphere alone (in addition to state-of-the-art rides and attractions). There is virtually no theme park night life outside of special holiday events here. I hope that Universal can bring this sense of theme parks as culture". Elsewhere in mainland Europe this concept is well understood	Would you support a potential park and resort coming to this site? Please explain why.	
3652	A great adventure for us and our family (as well as extended families)	Would you support a potential park and resort coming to this site? Please explain why.	

3219	As a customer who has visited Orland and recently Singapore, they are so well done and enhance an area both visually and economically. As someone living quite close by, job opportunities are exciting. I only hope that the resort can be designed to be year round. The best uk theme parks shut down in autumn/winter so making as many areas under cover to allow all year round attractions would be amazing. An indoor waterpark we are not that great at doing in the UK but these are always hugely popular and have high demand.	Would you support a potential park and resort coming to this site? Please explain why.
578	As a fan of Universal's Orlando parks (our family has visited 10+ times since the 90s), I know the standard will be high and would be a great draw not just to the local area but to the UK as a whole. People travel from around the world to visit Universal parks and the privilege of hosting one in the UK would be enormous. The UK as of today, amusement-wise, doesn't have the draw of countries like France, Japan or the USA - but a Universal park would change this. It would also allow the many people who cannot afford to travel to the USA to enjoy the magic that Universal parks bring, and where better to do this than the UK, a place which has been so faithfully well-represented in the Wizarding World areas.	Would you support a potential park and resort coming to this site? Please explain why.
2531	As a huge fan on Universal's parks in Orlando, I have every faith you would bring the same mindset and principles that make the US parks such a great experience to this UK park, with policies and values that encourage the very best from employees and the best experience for customers	Would you support a potential park and resort coming to this site? Please explain why.
2392	As a huge universal fan, having this on our footstep would be great, it will put Bedford on the map. Be great to collaborate with other Movie facilities around the area, Harry Potter studios and Cardington	Would you support a potential park and resort coming to this site? Please explain why.
2885	As a theme park enthusiast, I have been to many theme parks all around the world, and Universal Parks delivers outstanding quality, which is far beyond what the UK currently offers. I believe this project would be a genius move for Universal, but also for the UK. Currently the UK is an absolute leader on the entertainment world stage, the UK boasts the musicals of the West End in London, some of the greatest music artists / live entertainment in the world, and some of the biggest movies being made right here in Britain. What the UK needs now is a world leader in theme parks and resorts. The proposed project would be a huge asset to the UK, and bring a much-needed boost to the area, as well as joy and inspiration for so many people. I fully support this project and hope it becomes a reality!	Would you support a potential park and resort coming to this site? Please explain why.
3689	I think the whole project is a great idea!	Would you support a potential park and resort coming to this site? Please explain why.
1993	I think we need it.	Would you support a potential park and resort coming to this site? Please explain why.
3197	I want to see a universal theme park in Europe	Would you support a potential park and resort coming to this site? Please explain why.
1555	I want to support Universal and anyone who/wants to work for them.	Would you support a potential park and resort coming to this site? Please explain why.
420	I would come with family	Would you support a potential park and resort coming to this site? Please explain why.
3509	I would consider myself as a theme park addict and avid thrill seeker and would love to see a universal park in the UK	Would you support a potential park and resort coming to this site? Please explain why.
1859	I would definitely be interested and supporting this possible project as I love Theme Parks and have a YouTube Channel named Theme Park Awesome so I would want to create content related to this project.	Would you support a potential park and resort coming to this site? Please explain why.
1184	I would definitely support it as from what I have heard so far has been what people would want to hear, such as Universal's commitment to the area long term, the impact they want to have and how they want to imbed themselves into the community. I have also visited Universal's resort in Orlando as well as their park in Hollywood having travelled to them from Ireland and I feel that a park beside Ireland would be a very welcome addition.	Would you support a potential park and resort coming to this site? Please explain why.
187	I would enjoy it.	Would you support a potential park and resort coming to this site? Please explain why.

1293	I had strong and very regular & frequent contact with USF as the Rank Org representative in their partnership with Universal in the Orlando theme park. I therefore appreciate the benefits that a similar project would bring to a locality provided that is carried out with the usual Universal expertise & respect for local considerations.	Would you support a potential park and resort coming to this site? Please explain why.	
4451	I would like to visit, universal abroad is too expensive.	Would you support a potential park and resort coming to this site? Please explain why.	
2915	I would love a UK version of Universal Studios	Would you support a potential park and resort coming to this site? Please explain why.	
1626	I would love too come too a universal park.	Would you support a potential park and resort coming to this site? Please explain why.	
1883	I would support a universal theme park, as it would bring us something to do	Would you support a potential park and resort coming to this site? Please explain why.	
2898	I'd love a Universal Studios in the UK and would visit often	Would you support a potential park and resort coming to this site? Please explain why.	
1080	It could be beneficial	Would you support a potential park and resort coming to this site? Please explain why.	
2066	It is a great use of brownfield site.	Would you support a potential park and resort coming to this site? Please explain why.	
4008	It is what is needed for the community	Would you support a potential park and resort coming to this site? Please explain why.	
2768	It just what we need it the uk	Would you support a potential park and resort coming to this site? Please explain why.	
2727	It will be fantastic for bedford	Would you support a potential park and resort coming to this site? Please explain why.	
301	It will be fantastic for our local area both financially and to put us on the map globally	Would you support a potential park and resort coming to this site? Please explain why.	
4866	It will be fantastic for the local community	Would you support a potential park and resort coming to this site? Please explain why.	
2494	It will be good for Bedford and it people, especially it's younger ones who love them parks	Would you support a potential park and resort coming to this site? Please explain why.	
2526	It would be a unique experience in the UK	Would you support a potential park and resort coming to this site? Please explain why.	
1561	It would be amazing	Would you support a potential park and resort coming to this site? Please explain why.	
3949	It would be a perfect location and bring so much money and opportunities into the area. I am a major supporter of this project	Would you support a potential park and resort coming to this site? Please explain why.	
3053	It would be amazing to have something like this in the local area as I feel it is currently limited. It would support local businesses and infrastructure.	Would you support a potential park and resort coming to this site? Please explain why.	
3613	I'd support it wherever it was, please do it! Have you considered Cornwall for one too?	Would you support a potential park and resort coming to this site? Please explain why.	
1228	I would support the park as a visitor. I feel this would be a great addition to the UK and we would visit regularly for just over 2hrs car journey away.	Would you support a potential park and resort coming to this site? Please explain why.	
451	I would support the park with my corporate social responsibility; equally, diversity and inclusion, recruitment drive experience.	Would you support a potential park and resort coming to this site? Please explain why.	
3764	I think the UK could do with a park like this, it would support the local area too	Would you support a potential park and resort coming to this site? Please explain why.	
2319	I think this is an amazing idea and fully support it. We are crying out for a resort of this quality in this country and it can only have a positive impact!	Would you support a potential park and resort coming to this site? Please explain why.	
3483	I would love to support the project and I definitely will it give me another park that I will visit in the UK. When I go to visit in like 10 years.	Would you support a potential park and resort coming to this site? Please explain why.	
4897	It's amazing to have universal a global giant, in bedford, it is the perfect location as the train from London St Pancras international is only 40 minutes away, the people of Bedford would go there all the time, it would uplift the town and in the future Bedford will be better because of this investment. I would support as would many people a resort open here.	Would you support a potential park and resort coming to this site? Please explain why.	

2389	It raises aspirations for young people locally. They are the future and need to be supported and nurtured to keep Bedford and the surrounds thriving and growing into the future.	Would you support a potential park and resort coming to this site? Please explain why.	
1716	It will be an exciting addition to the UK and will support the local and national economy	Would you support a potential park and resort coming to this site? Please explain why.	
720	It will be incredible for the area and the UK as a whole. I personally would visit very frequently and support the local community.	Would you support a potential park and resort coming to this site? Please explain why.	
286	It will bring a lot to our area, the advantages outweigh any disadvantages. I fully support this and think it will be a fantastic location for yourselves (being easily accessible by most parts of the UK) and I think it will add so much to Bedfordshire generally. Also, it doesn't conflict with any other attractions (which actually, may benefit visitors that are staying a few days) - Whipsnade zoo, Woburn safari park, Harry Potter Studios, everything in London; a good opportunity to also support those smaller attractions by supplying them with additional custom without impacting your own	Would you support a potential park and resort coming to this site? Please explain why.	
352	it will massively help the local area. I've heard lots of support and very little negativity around it and I think it will be great to have Universal nearby	Would you support a potential park and resort coming to this site? Please explain why.	
1249	Having experienced Universal Orlando, and it's fantastic offerings, I believe that such an attraction would put Bedford on the map and support the UK economy.	Would you support a potential park and resort coming to this site? Please explain why.	
4032	Having missed out on the economic benefits that Disneyland has brought to France. Whilst I live further afield I would fully support a proper theme park which we don't really have in the country on an international scale and I think it would also be a prestige factor for the country. You have my full support for what its worth.	Would you support a potential park and resort coming to this site? Please explain why.	
2088	Having visited Universal & various theme parks across the world the thought of having a world leading entertainment company building one in the UK would be epic. There would be no doubt that I would become an avid supporter and pass holder to this park. I'm based just over two hours away.	Would you support a potential park and resort coming to this site? Please explain why.	
4356	Heavily support plans for improvements to roadways and creating new habits and planting more trees. The local area would get a boost from visitors who wish to use local hotels rather than onsite (if planned) we have a center Parcs in the local area so I feel a theme park would tie in and enhance people's stays. I would be pleased to see a commitment to local charities which would in turn help our locals as so many are struggling to provide the support they wish to due to under funding. I feel the location is a strong one for transport links other than road which I feel other parks lack so this site would be more accessible to more people. I strongly support this project.	Would you support a potential park and resort coming to this site? Please explain why.	

1135	<p>Universal Studios Resort in Florida, and have visited 7 times since first going in 2016. After the Pandemic, we missed it so much we even got an annual pass for the year of 2022 and flew out 3 times (using up all of our work holidays) to spend as much time as we could at your wonderful immersive parks/resort. I have to admit, i am a bit of a theme park enthusiast, and i know there is a huge amount of us living here in the UK. Theme park attendances and interest has boomed post pandemic, and show know signs of slowing down. Bedford certainly seems like the perfect place to build this new park, as you've already highlighted, it's within 2 hours from half of the population. Universal is also a global brand that has gone strength to strength in the last 10 years, literally catching up with the Disney Parks franchise with constant additions, up keep and plans to refresh areas in your Florida resort specifically. Something that didn't look possible. With the new addition of Epic Universe next year & Hopefully a Universal UK resort addition in the near future, my belief is you will overtake Disney. Not only will you have a huge following of people here in the UK visiting this new resort, the tourists you will bring in from Europe will be huge as well. There are many world class theme parks across Europe, but other than the Disneyland Paris resort, nothing compares to Universal. This moves me onto my next point. The UK is severely missing a world class resort like Universal, and i think this is criminal when you consider the fascination and enthusiasm we have for theme parks and rides over here. There are quite a lot of great theme parks in Europe, but the UK lacks one, and Universal will blow the rest out of the water, putting Bedford truly on the map in Europe as the place to go to visit a world class theme Park. I am basing this on my own first hand experience and proof of visiting Universal Florida over and over again. This can only be good for the economy. Merlin pretty much has the monopoly here in the UK owning Alton Towers, Thorpe Park & Chessington World of Adventures. They have done well, and with not much competition they really don't have to try all that much to be top of the food chain, often doing the minimal they need to, in order to stay at the top. Which is a big shame. Don't get me wrong, i enjoy the Merlin Parks, and visit them most years, but they really do need a competitor, especially Universal to ensure they up their game. I will reiterate a point as well. If you go ahead with this project, and i really think you should! I will certainly get an annual pass for this place, and this isn't even my closest park, in fact it would be my 3rd closest park behind Alton Towers & Drayton Manor. But because i know the sheer effort and work you put into your parks and</p>	Would you support a potential park and resort coming to this site? Please explain why.	
3912	I am a huge fan of the Universal Experience and would support a diverse and creative project coming to the UK	Would you support a potential park and resort coming to this site? Please explain why.	
606	I am a huge fan of your park(s) in Orlando and I have seen the development over the years I have been visiting. I believe this is huge for the UK and Bedford. Crucial, in fact. I am a huge supporter (and fan) of Universal and I fully endorse this project for implementation to Bedford.	Would you support a potential park and resort coming to this site? Please explain why.	
3655	I am an enthusiast of theme parks and am fully supportive of when new development is proposed especially in the uk. However I also acknowledge the importance of the many job opportunities that this would provide and the improvements this would create for the economy, as well as local transport infrastructure which is an ever growing demand in the uk	Would you support a potential park and resort coming to this site? Please explain why.	
1811	I am in full support of this project going ahead and so excited for it and want this to happen I'm not only excited for me, but memories I will make with my future kids and family. It can be difficult to visit other resorts you own abroad so having one here will be amazing and I would certainly visit as often as I can. Good luck and hopefully you make this happen I am watching eagerly for the updates.	Would you support a potential park and resort coming to this site? Please explain why.	
2200	I believe it would not only be good for the local area but the UK as a whole people would spend more time in the UK and visit more places, also I could potentially get a job there and that would be really fun and exciting, it is also a much better option of yet more warehouses being built. I would 100 percent support it.	Would you support a potential park and resort coming to this site? Please explain why.	

3904	I believe it's the ideal location, accessible by road, rail and air. It's a project that would revitalise a town with enormous potential. I see this project as a win-win for both the town, and for Universal. The town has a large student population, and with East-West rail upgrades, we can expect a demographic that supports both visits to, and workers at, any new park.	Would you support a potential park and resort coming to this site? Please explain why.	
4172	I believe that Bedford can be a great place to be, however that comes from serious funding to support the refurbishment and successful thriving of the area. With a Universal park, the benefits alone will help contribute towards our local council and being able to enable our area to thrive in times of uncertainty.	Would you support a potential park and resort coming to this site? Please explain why.	
2535	I can only see it being a positive thing as long as the infrastructure is there to support it	Would you support a potential park and resort coming to this site? Please explain why.	
646	I cannot begin to explain just how excited the prospect of this project is to me, and to everyone I have spoken to - even my parents (who live in Cambridge) and are the last people you would expect to support a theme park and resort. I live about an hour away, maybe slightly less, and the thought of popping over after work to enjoy a Summer's (or Winter's) evening at the park is just something so wildly inconcievable to be able to achieve at the moment. All the existing parks close at like 5pm, and they have a mediocre selection of OK rides. I have visited Universal Stuidos Japan and Orlando, and I am visiting Hollywood in June. I am so so excited for what may be to come.	Would you support a potential park and resort coming to this site? Please explain why.	
2884	I feel there is a lack of high quality theme parks, and amusement parks in the UK, and they are mostly inaccessible and closed during the winter months. I believe that Universal Studios Bedfordshire near London and Luton Airport, will bring innovation to the UK entertainment industry, and would be more accessible to a wider audience. I feel quality theme parks enrich and have a great impact on people's lives, in fact, I have received a lot of energy, fun and inspiration from Universal Studios Japan. I think a theme park like Universal Studios will be a place for everyone to enjoy, because it is a great park for all age groups and at the same time, which is something that is missing in the UK entertainment industry at the moment. I support this project 100%, and hope that it will come to fruition, and create a wonderful place for the people of today and the next generation!	Would you support a potential park and resort coming to this site? Please explain why.	
1717	I fully support the building of a uk universal. This will bring many benefits to the local area and the UK, the economy will benefit heavily, enhanced transport links to the area will also be a massive benefit. The way universal operate in the USA with local schools, universities and community will also be another massive benefit. So I fully support this project.	Would you support a potential park and resort coming to this site? Please explain why.	
4845	I fully support the park's location, and believe that Universal can deliver a good quality resort based on my experience visiting Universal Studios Japan last year. I also support the emphasis on improving local infrastructure, particularly rail and active travel.	Would you support a potential park and resort coming to this site? Please explain why.	
680	I fully support this park being built. I think you've found the perfect location for allowing people from far and wide to visit via public transport, particularly via the 2 train stations you are proposing. For the East West rail line, I think the currently proposed but as yet, not built connection to the East Coast mainline at Tempsford is crucial as allowing for a single change there opens up so much of the UK.	Would you support a potential park and resort coming to this site? Please explain why.	
2692	I fully support this project as it's win win for everyone, and very exciting and improves the transport links	Would you support a potential park and resort coming to this site? Please explain why.	
4670	I have 2 young children and looking at opportunities for them in the future like apprenticeships for outright university education so I'm excited to see the next generation being supported in their early careers through apprenticeships and internships if they choose that route	Would you support a potential park and resort coming to this site? Please explain why.	
4839	I have always been willing to support our local economy, and believe this venture could truly change Bedford's fortunes. I do also enjoy a theme park!	Would you support a potential park and resort coming to this site? Please explain why.	
731	I have been taking my family to Universal Studios Florida for 35 years, last stayed at Universal Surfside Hotel Florida 18 months ago and fully support your venture in the UK and understand why Bedford is such a great location.	Would you support a potential park and resort coming to this site? Please explain why.	

4552	<p>I have grown up in Milton Keynes, went to school in Bedford and pass by the proposed site regularly whilst commuting to Cambridge. Bedford has always been in major need of investment to attract more people to the town. I think it is ideally placed, given both Bedford and Milton Keynes are in close proximity and have good transportation links to London, as well as being a reasonable commuting distance to other major cities such as Birmingham, Oxford and Cambridge. In particular, the proposed train links between Oxford, Milton Keynes, Bedford and Cambridge will further improve transport and hopefully alleviate traffic, which can be an issue in the area. Having visited the Universal Parks in Orlando and Hollywood multiple times, as well as in Singapore and Osaka, I would more than support a park in Bedford. I believe Universal offers rides and a park experience that is miles beyond what is offered currently in the UK, including Alton Towers, Lego Land, Thorpe Park, and even Disneyland Paris. In fact because of this, I have been to Universal parks abroad many more times than any park in the UK (I have not visited a UK park since 2013, whilst I have visited different Universal parks/resorts 7 times in this period). I believe by developing a park in the UK, there will be even more of a reason for tourists to visit the UK and there will definitely be plenty of local visitors like myself. Given the number of UK tourists that regularly travel to Disneyland Paris or Orlando, I think there is evidence that the park will also attract residents from across the country. I also believe that by including at least some rides, areas and themes that are unique to the UK, particularly capitalising on popular UK books/films/franchises such as Harry Potter/LOTR/HTTYD, there will still be plenty of reasons to visit other Universal Parks in addition to the UK one. Given the lack of good and diverse restaurants in the area (including Bedford and Milton Keynes), I think there will also be many locals who would regularly visit restaurants in the resort/City Walk if this was on offer.</p>	Would you support a potential park and resort coming to this site? Please explain why.	
4646	<p>I have lived in this area for two decades, there hasn't been much investment or opportunities for young people here. This is the best thing that could ever happen to Bedfordshire. All local people I have spoken to about this so far strongly support this project.</p>	Would you support a potential park and resort coming to this site? Please explain why.	
2199	<p>I have managed to visit the Florida Universal Park myself. I would love to go back, but the cost of travel, and the inconvenience of it can be quite off-putting. To have a Universal Park in the UK where I can simply get on a train and spend a large amount of time at the park without having to worry about traveling back home is something that greatly appeals to me. Also, as someone who heavily believes in supporting local communities and the UK economy as a whole, the idea of such a big name coming to the UK excites me. I can only see positive outcomes for something like this happening here.</p>	Would you support a potential park and resort coming to this site? Please explain why.	
3657	<p>I have personally visited other Universal sites and surrounding areas and seen first hand how residents are all supporting their partners. I look forward to be on the receiving end of this same experience locally.</p>	Would you support a potential park and resort coming to this site? Please explain why.	
4848	<p>I have serious concerns about whether the local road network can support the additional traffic which is already congested at times, particularly A421 and Junction 13 M1. Also the impact on local villages like Marston, Lidlinton and Millbrook where traffic often diverted to by Sat nav etc as quicker routes. I think the estimate of 10% of cars driving to the site is a huge under estimate. Why have 4200 car park spaces if you do not anticipate that many cars.</p>	Would you support a potential park and resort coming to this site? Please explain why.	
2432	<p>I have visited Universal Studios in Florida... to compare the parks I have been to in the UK and for a bit in Canada, my home country, it was out of the world. Universal was fantastic and the feeling of being there and walking around the themes words can not describe.. my daughter said it was magical...I spoke with Team Members at the park, and they said they where local and how Universal are very supportive of the community which is fantastic... My family for one even living in Sheffield will visit as often each year, as well as try to save up for the every other year trip to Florida</p>	Would you support a potential park and resort coming to this site? Please explain why.	

2374	I have wanted to go to universal for years now, but it's to expensive to travel to the US or Asia. So I would support any Universal park in Europe, no matter what. I love that you are also helping local businesses and improving the local infrastructure.	Would you support a potential park and resort coming to this site? Please explain why.	
1644	I know Universal since my first trip to Orlando 15 years ago. Found it excellent at the time and went last year for the second time. For personal preferences, I would love to have a resort closer to home. Plus, the Universal experience could provide such a breath of fresh air in the local theme parks industry. Even in Europe. I'm 100% supporting this project.	Would you support a potential park and resort coming to this site? Please explain why.	
4442	I live in Wootton the traffic on the proposed slip road would be absolutely ridiculous. The traffic would be awful and It would take me hours to get to and from my employer in Peterborough. Your proposed number of up to 30% of people travelling by car is completely unrealistic. You have 4 times as many parking spaces as Alton towers allocated this would be 4 times as bad as Alton towers. The majority of British people like to drive as it is more convenient if they do not live in London. Therefore, the traffic would be much worse than you are anticipating. I moved to a village location because it was peaceful and a nice place for my family to grow, not to live with terrible constant traffic jams on the A421. I would not be able to get to work in the mornings. You need to build a new road straight from the M1 that avoids the A421 altogether and enters round the back of the site. This is the only way I would support this project.	Would you support a potential park and resort coming to this site? Please explain why.	
2336	I live very close to the proposed site. I didn't move to a village to bring up my children in to then have a theme park built on the door step. It's going to create issues for the roads, transport etc but more importantly the views etc in the local villages and the noise impact. It's not the environment I wanted nearby for my children. I do not support this theme park in anyway.	Would you support a potential park and resort coming to this site? Please explain why.	
2794	I live with my family in Stewartby and believe that having a global organisation provide a world leading theme park would be hugely beneficial to our local economy. I would suggest that if fireworks are used, these be done prior to 8pm in the summer and 6pm in the winter, as these can be very damaging to local wildlife. It would also be great to offer local residents a free annual family pass to the park (Chessington World of Adventures offer this to residents) and this would boost local support.	Would you support a potential park and resort coming to this site? Please explain why.	
4745	I lived in Stevenage (about 1 hour away) previously, I have seen local business come and go. I now live in Stockport in greater Manchester (3 hours away). The airport group MAG (owners of Manchester, East Midlands and Stansted) do so much to support the local community. Comcast in Philadelphia (I used to work regularly there) have always been known to be a good neighbour and support locals which is also something Universal do. Although the immediate benefit will be local to Bedfordshire this has the potential for improving connectivity by rail, air to the likes of Luton, Stansted and slightly further afield at Birmingham and East Midlands airports. This also has an impact to people visiting not just from other countries but people coming to visit from the UK who will stay local and not just visit the Universal resort but opens opportunities to people visit places such as Woburn Safari Park and WarnerBros studio tour (Harry Potter which also has a connection for Universal). This project will have a big impact to not just the local economy but the wider UK economy and can also benefit through visitors coming for a trip to Universal but extending out stays to visit other parts of the UK	Would you support a potential park and resort coming to this site? Please explain why.	
2156	I love Disney And Universal and for one to be in my country I live in is amazing As well as you supporting local communities and Charities	Would you support a potential park and resort coming to this site? Please explain why.	
2135	I love theme parks, and having visited multiple Universals from around the world, I've very much support one here	Would you support a potential park and resort coming to this site? Please explain why.	
811	I love universal and have had the pleasure of visiting the Florida park but a lot of the children I support can no longer fly or manage to travel for these amazing experiences. I truly feel that this could be amazing for those kids especially if this is their 'æwish'•	Would you support a potential park and resort coming to this site? Please explain why.	

2239	I LOVE universal, islands of adventure is my favourite theme park by a mile and I would fully support the construction of one in the UK. Imagine halloween horror nights but in this country!! So exciting	Would you support a potential park and resort coming to this site? Please explain why.
2636	I support the local opportunities aspect. However as a retired person who moved to a Bedfordshire village for a quiet life, personally I am concerned about the impact on my daily life , particularly local roads/ traffic, noise etc.	Would you support a potential park and resort coming to this site? Please explain why.
2634	I support the principle of the resort and its benefits, but categorically not if it is at the expense of the local community. People live here, have built a life and deserve their life to be, at a minimum, unaffected or ideally improved as a result of this. They are not collateral damage. If house prices fall as a result of noise or visual disturbance this is unacceptable. If the park can be built and operated whilst local residents continue with their life I fully support the park/resort.	Would you support a potential park and resort coming to this site? Please explain why.
4133	I think it would be a great opportunity for Bedford all round. It would be something to draw people to Bedford and support our economy as well as appealing to locals. There would be more job opportunities and this could motivate students to work hard in schools.	Would you support a potential park and resort coming to this site? Please explain why.
997	I think it would be amazing for Bedford. An amazing opportunity and I fully support the socio and economic benefits it will bring in the short and long term.	Would you support a potential park and resort coming to this site? Please explain why.
2638	I think it would be great for the area with job opportunities and supporting local businesses in the area such as hotels and restaurants.	Would you support a potential park and resort coming to this site? Please explain why.
3862	I think it would be great for the local economy (as long as there is an improved infrastructure to support it).	Would you support a potential park and resort coming to this site? Please explain why.
306	I think it would be great for what locals need - somewhere fun to go. It would massively improve wellbeing and social life. Not even just the local area but the UK. I think you should offer UK resident rates for annual passes and ensure you follow equality and disability legislation for carers passes. I think this will massively improve the economy both local and national and I feel that it has very few negatives. I really support this project and hope it gets approval. The park would be well used year round by UK residents alone, never mind tourists!	Would you support a potential park and resort coming to this site? Please explain why.
3781	I think it's an amazing opportunity for the county. We'd be foolish not to wholeheartedly support it	Would you support a potential park and resort coming to this site? Please explain why.
687	I think it's a fantastic idea, the location is excellent, there would be lots of benefits economically and I am fully supportive.	Would you support a potential park and resort coming to this site? Please explain why.
3417	I would fully support the plans. The local area needs something like this. there is very little to do in the surrounding area in terms of real entertainment and experiences. There is little for young people and those 25-35 to do that is not retail. It would benefit the local economy and quality of life for those around the park and across Bedfordshire, especially the creative sectors which we have some of the best in the world, this project would only add to and promote them. It will also be a much-needed fresh injection into the UK theme park which has lacked investment and healthy competition in recent years. This project will be a huge catalyst for this as well as the local area.	Would you support a potential park and resort coming to this site? Please explain why.
1378	I would fully support this development for the regional and national economic benefit and as passionate member of the themed entertainment industry.	Would you support a potential park and resort coming to this site? Please explain why.
3759	It is a 'no-brainer'. Bedford geographically makes sense for this, situated between the main A1 and M1 road routes north/south through the country. Adjacent to Luton Airport and further traffic links at Milton Keynes. Then with projected east-west rail link, EWR. Bedford the infrastructure to support this development and it can only bring huge economic benefit to the area.	Would you support a potential park and resort coming to this site? Please explain why.
3500	It is a once in a lifetime opportunity and will benefit us for generations to come, we have visited Universal Orlando several times and I know it is not all about the park itself, there is an Amazon ripple effect to many other people and businesses that support the park, the other brands a park attract such as Hard Rock etc. The local workforce is skilled, willing to train and Centre Parcs came to the same conclusion when building their latest bilge just down the road	Would you support a potential park and resort coming to this site? Please explain why.

4089	I've been to universal studios and loved it and think the uk is the best place in europe for a park I've been to eurodisney and it just isn't anygood	Would you support a potential park and resort coming to this site? Please explain why.
2190	I've visited Universal resorts in California and Florida several times over the last 25 years. The quality of those parks surpasses what is currently on offer in the UK, and probably most of Europe as a whole, so I think many people across the UK and Europe will visit a UK resort. I visit at least 2 to 3 UK theme parks every year, and I know many family members and friends do the same, so there is definitely a great appetite for this sort of entertainment.	Would you support a potential park and resort coming to this site? Please explain why.
672	I think this is the most significant investment in a single area outside of London in a very long time. I think it will help the area out, especially if you plan on supporting/inventing into the local communities. It is in a perfect location that will only be better for the infrastructure upgrades that will come as part of this project that I feel it will attract even more investment and growth in the area.	Would you support a potential park and resort coming to this site? Please explain why.
4778	I think this theme park could be significant for Bedford and the surrounding area and I fully support and hope this comes together	Would you support a potential park and resort coming to this site? Please explain why.
3913	I unequivocally support this project, for the social and economic reasons already highlighted. My only concern is whether current roads and public transport infrastructure can adequately deliver guests and staff to and from the park each day, although the current plans for new stations and slip road look promising.	Would you support a potential park and resort coming to this site? Please explain why.
3306	My mum took me to universal Orlando a couple of times as a kid I absolutely loved it my favourite place in world better than Disney I even got over my roller coaster fear by getting dragged on hulk lol but I've always wanted to take my son but as a single dad I could never really afford to go florida and it breaks my heart not to be able to take my son but if it was to open in UK we would go at least 3 times a year I really hope you open	Would you support a potential park and resort coming to this site? Please explain why.
3884	My partner and I are huge Universal fans and have visited the US specifically for the Orlando and LA universal parks multiple times. The way Universal do theme parks is comparable to none - the theming, attractions and care that is put into the whole experience have given us some of our happiest memories in our lives. To have a universal theme park in the UK would be incredible. The theme parks here are average and we need you here Universal! Giving you full support of going ahead with this fantastic project!	Would you support a potential park and resort coming to this site? Please explain why.
975	Since visiting the Universal Studios and Islands of Adventures Theme Parks in Orlando on holiday as a child created many memories for me that I still think back on and with the commitment you have on making each area of your parks have the emersion of been pulled into the theming would be new experience for many that have never been able to visit any of your other parks across the world as there isn't currently a theme park in the UK with the same amount of theming that goes into your parks.	Would you support a potential park and resort coming to this site? Please explain why.
1355	I think it would create many benefits for the local area as well as the country. Also it would be wonderful to experience the park that would usually be inaccessible to us in America.	Would you support a potential park and resort coming to this site? Please explain why.
3180	I think it would help the local people in many ways	Would you support a potential park and resort coming to this site? Please explain why.
303	I think it would improve the area and be of benefit to local residents. But the road network around Bedford is already insufficient, additional cars for the resort would almost certainly make it near impossible to drive anywhere in Bedford. Specifically all of the A6 roads around Bedford are slow moving car parks at peak times as it is. This would need some serious thought before adding to the issue.	Would you support a potential park and resort coming to this site? Please explain why.
4579	I think it would improve the area economically. I'm a huge fan that you're considering improving the roads and railways for commuters. I'm also a huge fan of Universal and went for our honeymoon, and i think it'll bring joy and light to many people.	Would you support a potential park and resort coming to this site? Please explain why.
4623	I think it would offer a fantastic economic boost to the area as well as creating job and training opportunities	Would you support a potential park and resort coming to this site? Please explain why.

1061	I think it would provide a great opportunity to put Bedford on the map. Bedford needs new investment and opportunities for young people could be a real attraction.	Would you support a potential park and resort coming to this site? Please explain why.
3254	I think it would revitalise and bring massive benefits to a slightly run-down town	Would you support a potential park and resort coming to this site? Please explain why.
4847	I think it'll be fantastic for the area	Would you support a potential park and resort coming to this site? Please explain why.
3214	I think it's a brilliant initiative - we enjoy similar parks like Harry Potter works / Orlando and the chance to have an opportunity to have a fun attraction in the uk is a positive one for us - when can we go! The fact it will bring investment and job opportunities to my local area is beyond amazing. So much better than a field full of ugly new houses.	Would you support a potential park and resort coming to this site? Please explain why.
778	I think it's a clever location, it turns nowhere ville into a destination and it would compliment the other uk parks, you want to get people here to visit multiple places and the parks or multi parks. Lots of people in uk haven't been to usa as the travel there an the cost of accommodation is prohibitive, this opens up an eager uk market fully, also attracts europe in and potentially usa pass holders over to uk for fresh experiences.	Would you support a potential park and resort coming to this site? Please explain why.
2147	I think it's a fantastic opportunity for the local area.	Would you support a potential park and resort coming to this site? Please explain why.
590	have been to the park and resorts in Orlando and they have been some of my favourite holidays and favourite memories. I would love have have an amazing experience closer to home.	Would you support a potential park and resort coming to this site? Please explain why.
4944	Have been US so many times and love it always. So excited to be able to go more regularly. Worry rail connections would be expensive from Derby. Worth investigating how much this would be and if it can be more accessible	Would you support a potential park and resort coming to this site? Please explain why.
2053	have loved going to the parks in orlando and would love to have a similar version on my doorstep. will still go to orlando as orlando is just amazing but i would be able to go here a lot more frequently.	Would you support a potential park and resort coming to this site? Please explain why.
2137	Having a resort and theme park from Universal would be amazing. I've never been able to visit your other parks but would absolutely love to as I really enjoy theme parks! Having this come to Bedford would enable me to experience a Universal park without the major travelling costs.	Would you support a potential park and resort coming to this site? Please explain why.
1879	Having been to universal parks previously, I know how much care and attention to detail is taken. Not only would I love to visit a park in the UK, but the opportunities it would create for the local area, and the UK generally are substantial, and exciting	Would you support a potential park and resort coming to this site? Please explain why.
1088	Having lived and worked in Bedford for many years it is a town I love. I believe a new Universal Park will benefit the town and the greater area. It will make more possibilities for our children and grandchildren to stay in the area.	Would you support a potential park and resort coming to this site? Please explain why.
2962	Having visited Universal Studios in LA and Orlando I would love to have one on our doorstep. Also Bedford town centre isn't performing well but with this on the doorstep I think it would help to regenerate the town.	Would you support a potential park and resort coming to this site? Please explain why.
962	Huge investment and boosted interest in the local area and nationally. I love Universal parks and have always hoped one would come to Europe, better yet the UK.	Would you support a potential park and resort coming to this site? Please explain why.
1198	Huge theme park fan and I love Universal...	Would you support a potential park and resort coming to this site? Please explain why.
4757	I absolutely love going to theme parks I visited the park in Hollywood and totally enjoyed myself I totally would visit this park	Would you support a potential park and resort coming to this site? Please explain why.
2063	I absolutely love Universal , specifically in Orlando and am thrilled at the prospect of being able to visit multiple times a year to a Universal park here in the UK.	Would you support a potential park and resort coming to this site? Please explain why.
1904	I absolutely love universal in Florida and I went there as a child. I'm now 28 and the chance of having a potential park in the UK is probably the most exciting news for tourist attractions in the UK. I would probably say compared to other countries, the UK lacks in these. I'm from Surrey and would definitely travel to visit.	Would you support a potential park and resort coming to this site? Please explain why.

2949	I absolutely love Universal Studios, to have a theme park less than an hour away from me would be fantastic. I would visit often with my family and friends. Fantastic job opportunities is this were to go ahead.	Would you support a potential park and resort coming to this site? Please explain why.
1938	I absolutely love universal! I have been to the Orlando park twice and would absolutely love for one to be in the uk, the work you do is absolutely magical and I would love to have a little bit of that magic on my doorstep!	Would you support a potential park and resort coming to this site? Please explain why.
3979	I am a lifelong fan of the parks in the USA and would love for a park to be opened in the uk. Maybe even a few of the classic properties from universal studios in Orlando. That would be epic	Would you support a potential park and resort coming to this site? Please explain why.
3423	I am a massive Theme park enthusiast and would love to see the level/standard of the UK Theme Park Industry Improve.	Would you support a potential park and resort coming to this site? Please explain why.
1751	I am a theme park enthusiast and love Universal resorts but beyond that I own a coach tour company. This resort would really have a massive impact on our business in a positive way and we are located 3 hours away. The UK needs a World Class theme park and Universal would certainly provide that. Please make this happen!	Would you support a potential park and resort coming to this site? Please explain why.
1974	I am an avid lover of theme parks and having visited Universal in Orlando I am aware of the world class rides and theming that would come with a project like this. I am really excited for the prospect of a Universal park coming to the UK in an area that I am familiar with and travel to regularly!	Would you support a potential park and resort coming to this site? Please explain why.
3336	I am an avid theme park fan and would love a UK world leading park; fan of Universal and have visited Orlando few times previously	Would you support a potential park and resort coming to this site? Please explain why.
2098	I am an avid Universal and theme park fan and my brother is disabled so the UK theme parks aren't great for him. However, Universal really allows him to experience the joys that parks can provide. I also adore many themes and IP's that Universal holds and would love to see these adapted into a UK theme park. My family and I try to go to Orlando whenever we can but due to the recent economic crisis, it's been too costly. This park would provide an opportunity for more regular visits and allow us to escape from monotonous lives more frequently. I would absolutely LOVE to see this park come to fruition.	Would you support a potential park and resort coming to this site? Please explain why.
2725	I currently work at Center Parcs and we already thrive within a similar business and would love to see an extension to that for our local area. This would hopefully open new doors for myself as my progression within my new role as a food and beverage manager as it'll bind my love for the F & B world plus my passion of being a theme park enthusiast !	Would you support a potential park and resort coming to this site? Please explain why.
1796	I have a love for theme parks, and The one nearest me is pretty rubbish, this Universal project would be the nearest to me.	Would you support a potential park and resort coming to this site? Please explain why.
2856	I have always been a lover of theme parks. I grew up going to Florida and visiting the Universal Orlando resort. To have a universal park/resort in the UK, let alone a 10 minute drive away is a dream come true.	Would you support a potential park and resort coming to this site? Please explain why.
1071	I have always dreamed of riding the rollercoasters at the park. I am also a local female electrician who would love to work on such a big project.	Would you support a potential park and resort coming to this site? Please explain why.
408	I have always loved visiting the universal orlando parks with my family yet it's expensive to travel over there so having a park close would be amazing.	Would you support a potential park and resort coming to this site? Please explain why.
1063	I have been on holiday to Universal Orlando and visited Universal Hollywood. Our family absolutely loved visiting. The attention to detail is beyond and UK themed resort. It would be an absolute delight to welcome Universal and their attention/immersion.	Would you support a potential park and resort coming to this site? Please explain why.
3822	I have been to Florida which was amazing, this would be around a 20 min drive for us and we would love to visit regularly maybe even stay on site if possible	Would you support a potential park and resort coming to this site? Please explain why.
2044	I have been to Orlando five times and love the Universal parks. Europe, and the UK in particular really needs a park of this quality.	Would you support a potential park and resort coming to this site? Please explain why.
3011	I have been to universal studios in Florida and it's an amazing fun experience that would be amazing to share with friends and family that are unable to travel to Florida. To have such an amazing experience on our door step would be so exciting we would love to visit over and over again.	Would you support a potential park and resort coming to this site? Please explain why.

3066	I have lived in the local village of Wootton my whole life and I would love to see such an exciting opportunity come to my 'backyard'	Would you support a potential park and resort coming to this site? Please explain why.
418	I have loved and been to Disney resorts in 3 countries and with the economic benefits each place has seen at existing places it can only be a good thing for local communities	Would you support a potential park and resort coming to this site? Please explain why.
2049	I have loved Universal since I was born	Would you support a potential park and resort coming to this site? Please explain why.
1433	I have never had the opportunity to go to universal Orlando Florida and it has been by dream forever. I am 27 and recently qualified as a nurse so haven't been able to afford any holidays. I've actually only ever been abroad once. This would be amazing as I know for me personally my fiancé and other young people like me we could go and experience universal and have that experience we've been dreaming about for years, and be able to afford to travel there. It would be a dream come true it means that we could visit even as frequently as a few times a year. We absolutely love theme parks and it would be an amazing addition to the UK since we have nothing close to universal..	Would you support a potential park and resort coming to this site? Please explain why.
629	I have to travel to the USA to visit the parks and would love to have something on my doorstep!	Would you support a potential park and resort coming to this site? Please explain why.
3800	I have visited the Orlando park many times, and I love the theming and rides it offers. I currently live in Scotland and would not hesitate to visit this park and stay at the hotel.	Would you support a potential park and resort coming to this site? Please explain why.
2233	I have visited the Universal Orlando Resort and loved Islands of Adventure, I have been trying to go back for years but haven't been able to. To have this in the UK would be amazing! Also to experience HHN would be great if this is also coming to the UK!	Would you support a potential park and resort coming to this site? Please explain why.
386	I live in Scotland and save over a period of years to be able to visit the Orlando parks every so often. It would be amazing to have a UK park to tide us over between US visits. We love the immersive parks that universal create, the skills used for the tiny details and the well trained staff that really do make the difference.	Would you support a potential park and resort coming to this site? Please explain why.
3674	I live in Stewartby and would love to have a Universal theme park on my doorstep, I'd probably visit weekly and encourage friends to visit too!	Would you support a potential park and resort coming to this site? Please explain why.
2186	I live in Wales but find it hard to be able to take the family somewhere like Orlando due to the cost, but work mates and friends have visited and said how amazing your park there is. I would love to be able to take my young family to your park here in the UK and show them the excitement my friends have for your parks.	Would you support a potential park and resort coming to this site? Please explain why.
3198	I live in Wootton and would love to be part of the new park from the beginning, seeing if my children want to work there when they are older.	Would you support a potential park and resort coming to this site? Please explain why.
1944	I live locally and I would love to see the whole area developed and invested in for the future generations.	Would you support a potential park and resort coming to this site? Please explain why.
3589	I live nearby and would love to have a Universal park just down the road	Would you support a potential park and resort coming to this site? Please explain why.
651	I love any kind of park and exploring	Would you support a potential park and resort coming to this site? Please explain why.
2144	I love both Universal parks in the US, and would love that experience here at home.	Would you support a potential park and resort coming to this site? Please explain why.
794	I love everything about Universal, after visiting US six times we definitely need this for the local and national people. It would be a massive win for both Universal and the UK.	Would you support a potential park and resort coming to this site? Please explain why.
2251	I love immersive theme parks and really enjoyed visiting your resort in Orlando a few years ago. So having a world class theme park on my doorstep would be a dream come true for me. Also it'd be really good to have a year round park/ resort in this country	Would you support a potential park and resort coming to this site? Please explain why.
1774	I love In Birmingham and visit Universal in Hollywood and Orlando regularly so to have one near me would be incredible and I would have a season pass straight away! It's a dream but hopefully it goes ahead	Would you support a potential park and resort coming to this site? Please explain why.

2527	I love rollercoasters and have been unable to go to universals in America due to the cost and would enjoy having one on our doorstep.	Would you support a potential park and resort coming to this site? Please explain why.
2433	I love the fact you want to open a park in the uk. I would be a regular visitor here. Your other parks look amazing but are out of reach for me	Would you support a potential park and resort coming to this site? Please explain why.
2456	I love the idea of having Universal 3 mins away from my house! It would also be amazing if Universal gave the locals the opportunity to enter the park X amount of times per year for free and the rest with a discount. Plus if Universal embedded with the historical towns, train routes and itineraries to help tourists discover the local traditions and historical heritage. I would be your number 1 fan if you will bring Universal here I cannot wait for the day it gets approved! Please I also hope you will create a Stewartby station it so much needed here a high-speed station to connect us into London fast.	Would you support a potential park and resort coming to this site? Please explain why.
2265	I love the resorts, and the events they host, also I could get there on the train quickly.	Would you support a potential park and resort coming to this site? Please explain why.
1665	I love the Universal brand and cannot wait to get back to Florida! And to think there may be a Universal a stones throw away is like a dream come true!	Would you support a potential park and resort coming to this site? Please explain why.
3277	I love the universal parks and visit your one in orlando regularly. As only living 30 minutes away I will be there regularly. Please go ahead with this project.	Would you support a potential park and resort coming to this site? Please explain why.
2055	I love the Universal theme parks in Orlando. It would be great to have a local park to visit regularly.	Would you support a potential park and resort coming to this site? Please explain why.
1731	I love the Universal theme.parks and have been lucky enough to visit Orlando and Hollywood parks. It would be fantastic to have this in the UK and so close to where I live	Would you support a potential park and resort coming to this site? Please explain why.
351	I love theme parks	Would you support a potential park and resort coming to this site? Please explain why.
3643	I love theme parks	Would you support a potential park and resort coming to this site? Please explain why.
4661	I love Theme parks and a universal in the uk would be Brilliant.	Would you support a potential park and resort coming to this site? Please explain why.
4403	I love theme parks and believe Universal would shake up the existing monopoly in the UK. Furthermore, I live locally, and the economic benefits to the area would be great. I have also experienced Universal Orlando on a number of occasions, and would be excited to see attractions of that standard so nearby :)	Would you support a potential park and resort coming to this site? Please explain why.
2929	I love theme parks and has wanted to go to Florida for ages but it's too far and this one is only 9 minutes away from my house so it would be a great place to go!	Would you support a potential park and resort coming to this site? Please explain why.
1684	I love theme parks and having something like this in the UK would be so exiting.	Would you support a potential park and resort coming to this site? Please explain why.
3635	I love theme parks and I am sure many would agree this would benefit the UK	Would you support a potential park and resort coming to this site? Please explain why.
1442	I love theme parks and it would create more to see and do in that area.	Would you support a potential park and resort coming to this site? Please explain why.
2257	I love theme parks and love universal studios	Would you support a potential park and resort coming to this site? Please explain why.
3683	I love theme parks and Universal Studios Orlando. The potential is ground breaking and hopefully pushes the UK to invest into better theme park development	Would you support a potential park and resort coming to this site? Please explain why.
2030	I love theme parks and want to experience a Universal theme park, but can't due to travel costs. I want to see UK theme parks grow.	Would you support a potential park and resort coming to this site? Please explain why.
1289	I love theme parks and would love to see an amazing good quality themed immersive park which we are yet to have in the UK.	Would you support a potential park and resort coming to this site? Please explain why.
1908	I love theme parks but I think for the UK and living only just over an hour away this would be incredible for Bedford and would give the area a real boost	Would you support a potential park and resort coming to this site? Please explain why.
218	I love theme parks, and having one so close will be great for Bedford	Would you support a potential park and resort coming to this site? Please explain why.
4393	I love theme parks, I also want to work at one in the future and this is a great way considering it is very local, and I am sure everyone would agree this is a great opportunity.	Would you support a potential park and resort coming to this site? Please explain why.

2107	I love universal	Would you support a potential park and resort coming to this site? Please explain why.
4787	I love universal and it would give so much back to the community if we had it in Bedford	Would you support a potential park and resort coming to this site? Please explain why.
4452	I love Universal and its theme parks. I'd love one even more 15 minutes from my door	Would you support a potential park and resort coming to this site? Please explain why.
739	I love universal Big Orlando Florida visitor and know how brilliant universal parks are. Only thing improve food at restaurants as wasn't great at city walk Orlando. Restaurants need to be as good as Disney springs and Disney hotels.	Would you support a potential park and resort coming to this site? Please explain why.
1984	I love universal in Florida and think it creates many opportunities for local people.	Would you support a potential park and resort coming to this site? Please explain why.
4768	I love universal in Hollywood and Orlando and I believe it would be a great addition to the UK and bring a different type of theme park for all families to enjoy.	Would you support a potential park and resort coming to this site? Please explain why.
4884	I love Universal in Orlando. As a family, we would visit every other year. Many great memories were made here. Sadly, we have not been able to visit since 2017 due to financial reasons. It is no longer affordable for families to fly to Orlando for their summer holidays. Before you could do everything (Universal and Disney) within 2 weeks, now with new parks and attractions opening you would need to spend 3 weeks out there to do it all, or miss out. It's just not financially an option now. Instead, we have Merlin Platinum annual passes, and get our theme park fix in the UK. UK theme parks simply do not compare to Universal in Orlando, for themeing and immersion. I would happily buy an annual pass for a Universal theme park in the UK and visit as often as possible.	Would you support a potential park and resort coming to this site? Please explain why.
1509	I love universal parks and experiences and the chance to have one in the UK is amazing!	Would you support a potential park and resort coming to this site? Please explain why.
4733	I love Universal Parks and think this would be an incredible opportunity for the region.	Would you support a potential park and resort coming to this site? Please explain why.
1168	I love universal studios and can't get to others across the world	Would you support a potential park and resort coming to this site? Please explain why.
455	I love Universal studios Florida and to have one right here in the UK is fabulous! A great park and opportunities for local trades and students.	Would you support a potential park and resort coming to this site? Please explain why.
543	I love Universal Studios more than anything in the world. Its hard to visit in the States and having you in the UK would be a dream come true.	Would you support a potential park and resort coming to this site? Please explain why.
3633	I love Universal studios on Hollywood and Orlando and having one in the UK would be amazing and I would buy an annual pass along with all of my family	Would you support a potential park and resort coming to this site? Please explain why.
1757	I love universal studios Orlando and California, the UK needs your fantastic brand, we need to be on the map.	Would you support a potential park and resort coming to this site? Please explain why.
3951	I love Universal theme parks and think it would be amazing to have one so close!	Would you support a potential park and resort coming to this site? Please explain why.
3553	I LOVE UNIVERSAL! PLEASE BRING IT TO THE UK!	Would you support a potential park and resort coming to this site? Please explain why.
1310	I LOVE UNIVERSAL! They are an amazing company and I know they will be true to their word and will make Bedford a brilliant town to visit! I love all universal parks around the world and it would be a dream come true to me and my family if we have Universal in the UK.	Would you support a potential park and resort coming to this site? Please explain why.
769	I love Universal, I have done since a kid, I'd love to be the first person to own an annual pass, and a first to visit with family on opening days / preview. Whenever we visit Orlando, I've always said I love Disney, but Universal is Home.	Would you support a potential park and resort coming to this site? Please explain why.
168	I love Universal, it would be a dream come true to have a site so close to where I live.	Would you support a potential park and resort coming to this site? Please explain why.
3663	I love Universal, I have been to Florida several times. The UK needs this type of attraction. Please make it happen.	Would you support a potential park and resort coming to this site? Please explain why.
1682	I love visiting the parks in the states so to have one locally would be fantastic.	Would you support a potential park and resort coming to this site? Please explain why.
221	I love visiting Universal Studios Orlando and would absolutely love for you to bring this to the UK. We do not have anything like this in the UK.	Would you support a potential park and resort coming to this site? Please explain why.

231	I love visiting your Orlando theme parks. I'd love to have a theme park of yours that I could visit more easily and do so multiple times per year	Would you support a potential park and resort coming to this site? Please explain why.
595	I loved theme parks.	Would you support a potential park and resort coming to this site? Please explain why.
4520	I moved to Stewartby 5 yrs ago from a busy town to get village life. I love it here as there are plenty of amenities within driving distance but this village is quiet, traffic free and surrounded by countryside. It is what I wanted when I bought the house here. I do not want to live next door to a theme park!!	Would you support a potential park and resort coming to this site? Please explain why.
1723	I really love the idea because I love theme parks but I live near the M1 and A roads to Bedford, its already difficult in the mornings to get onto the motorway with the traffic so I think some serious road planning would need to be done to bypass local villages and improve transportation for us.	Would you support a potential park and resort coming to this site? Please explain why.
2263	I really want to visit a Universal Park but cannot afford to get to the USA, I would absolutely love to have one in the UK	Would you support a potential park and resort coming to this site? Please explain why.
1298	I think I will be great for the local area. As a local business owner, I would love to be involved with the project. Our local AV company would love to other our services.	Would you support a potential park and resort coming to this site? Please explain why.
4815	I think it will be great for the area! Bedford has a lot to offer and I would love to see the high street filled with people	Would you support a potential park and resort coming to this site? Please explain why.
929	I think it would be amazing for the area and the country as a whole. We as a family go often to Florida and absolutely love Universal and all the theme parks in the Orlando area so we are really excited about the prospect of one being on our doorstep.	Would you support a potential park and resort coming to this site? Please explain why.
1783	I think it would be amazing to have such an exciting fantastic world class theme park in the UK. I have been to the Orlando parks and also the Hollywood parks and love them!	Would you support a potential park and resort coming to this site? Please explain why.
4515	I think it would be good for the area and have children which would love to visit.	Would you support a potential park and resort coming to this site? Please explain why.
4467	I think it would be great for the local area and I would love to visit!	Would you support a potential park and resort coming to this site? Please explain why.
2317	If done properly could be successful I think the UK needs a really good theme park. There are so many plusses for this project to go ahead. I really am very supportive of this.	Would you support a potential park and resort coming to this site? Please explain why.
4436	I would support the investment and development, however this needs to be done considering the villages around the development and the road network. This development, if it routes traffic via the A421 - from the A1 and M1 would essentially mean travelling to work from these villages to be difficult.	Would you support a potential park and resort coming to this site? Please explain why.
3836	If the development proposals can improve the integration of local transportation infrastructure to support the both the project and local communities - i.e. by not disadvantaging and inconveniencing local residents - this could prove transformative for Bedford and the surrounding areas. It could act as a catalyst for local businesses and the town in general, providing the additional footfall to the project and town-center doesn't overwhelm the existing infrastructure.	Would you support a potential park and resort coming to this site? Please explain why.
2486	In the UK we have no nearby theme parks for our children to go to. We need Universal to come to the UK. I am a huge fan of Disney and i have taken my daughter to Disneyland Paris, and in 2025 we are going to Disney world and Universal Studios in hope to see the New Universal Epic Adventure parc in Orlando. it would be amazing for Families in the UK and as a resident that lives very close to Bedford We would be regular visitors to Universal studios, it would be amazing for our children and local communities and Schools . it is very much supported by us .	Would you support a potential park and resort coming to this site? Please explain why.
2969	I would prefer the park to be located in The North of England to help spread-out economic opportunities. But if this is not possible then I would support Universal coming to the UK at the Bedford site as it will improve competition in the UK theme-park sector (e.g Merlin parks) and provide an overall benefit to the UK economy, albeit in the already wealthy South-East of England.	Would you support a potential park and resort coming to this site? Please explain why.

3538	I would support a new theme park because the UK / England needs one. Merlin Entertainment have a monopoly on theme parks in England what with Legoland (Children), Chessington World of Adventures (Children & Families), Thorpe Park (Thrill Seekers) and Alton Towers (Families / Adults) among Madame Tussauds, SeaLife and the Dungeons. Secondly, I feel they are complacent with their investment and how they perceive the UK and European Theme Park market. Building a new theme park would give Merlin Entertainment the kick up the backside they don't realise they need. Lastly, it would provide some healthy competition and give this industry a much needed boost.	Would you support a potential park and resort coming to this site? Please explain why.
3885	If you build it they will come I truly believe that, and I love universal. Been to Florida universal many times now.	Would you support a potential park and resort coming to this site? Please explain why.
198	If you build it, they will come	Would you support a potential park and resort coming to this site? Please explain why.
1834	Im a huge theme park fan, and have never been able to afford to go abroad to universal. I do however have Merlin passes for UK theme parks and visit these regularly, and would love to be able to have an annual pass for Universal UK so i could do the same.	Would you support a potential park and resort coming to this site? Please explain why.
4095	I'm a huge theme park fan, huge lifelong universal Orlando resort fan, and very excited to go & to bring my daughter !	Would you support a potential park and resort coming to this site? Please explain why.
3902	It will be good for the area	Would you support a potential park and resort coming to this site? Please explain why.
3007	It will be good for the local community and deliver economic growth	Would you support a potential park and resort coming to this site? Please explain why.
4724	It will be good investment	Would you support a potential park and resort coming to this site? Please explain why.
4211	It will be great for Bedford	Would you support a potential park and resort coming to this site? Please explain why.
2677	It will be great for the local area	Would you support a potential park and resort coming to this site? Please explain why.
3732	It will be great for the local area and the UK as a whole	Would you support a potential park and resort coming to this site? Please explain why.
179	It will be great for the local area and the whole of the uk!	Would you support a potential park and resort coming to this site? Please explain why.
3793	It will be great for the local economy	Would you support a potential park and resort coming to this site? Please explain why.
4164	It will be huge boost for the economy and give us a world class resort complex also It will give Merlin some much needed competition.	Would you support a potential park and resort coming to this site? Please explain why.
277	It will be beneficial to the community in many ways and will make our town more attractive and pleasant place.	Would you support a potential park and resort coming to this site? Please explain why.
2982	It will be brilliant for everyone old and young in the area.	Would you support a potential park and resort coming to this site? Please explain why.
2515	It will be economically positive for Bedfordshire	Would you support a potential park and resort coming to this site? Please explain why.
1043	It will bring a significant boost to the local area.	Would you support a potential park and resort coming to this site? Please explain why.
3061	It would be great for the area.	Would you support a potential park and resort coming to this site? Please explain why.
1100	It's exciting and great for locals	Would you support a potential park and resort coming to this site? Please explain why.
845	It's good for Bedford and Bedfordshire	Would you support a potential park and resort coming to this site? Please explain why.
381	It's great opportunity for the area and Britain is a perfect location- Disney regret choosing Paris and British people will welcome you and your guests	Would you support a potential park and resort coming to this site? Please explain why.
4836	It's an exciting opportunity for the area and a chance to improve the lives of local people.	Would you support a potential park and resort coming to this site? Please explain why.

703	It's an exciting opportunity for the country not just Bedfordshire- I live over two hours away but should the park be built I would look at getting annual passes and would visit at least monthly	Would you support a potential park and resort coming to this site? Please explain why.
2643	It's amazing!	Would you support a potential park and resort coming to this site? Please explain why.
2482	The site is approximately 2 hours drive from where we live, we love universal parks and think it is fantastic that you are potentially coming to the UK. We are therefore fully supportive of all plans.	Would you support a potential park and resort coming to this site? Please explain why.
3995	It's a close location to where I live, and seems like an amazing opportunity. I especially love that locals are being thought of and opportunities being made.	Would you support a potential park and resort coming to this site? Please explain why.
1586	It's a crucial and central location for potential employees to commute! This opens up so many opportunities to people looking for work. There is also a huge opportunity to bring a unique destination to central south England. This will provide investment and infrastructure improvements for a wide area.	Would you support a potential park and resort coming to this site? Please explain why.
3736	It's a great brand and would bring people from all around the world to visit. Great opportunity to develop unused land and boost local economy	Would you support a potential park and resort coming to this site? Please explain why.
4235	It's a great location and the local and wider communities would benefit from the socioeconomic impact	Would you support a potential park and resort coming to this site? Please explain why.
3166	It's a great opportunity for Bedford and could help give the town the boost it needs. The high street needs serious investment and bringing something like this to Bedford could really help.	Would you support a potential park and resort coming to this site? Please explain why.
1438	It's a great opportunity for the area	Would you support a potential park and resort coming to this site? Please explain why.
2067	It's a great spot for a nice theme park and would bring a lot of happiness to a lot of people, while also strengthening the connections to Bedford.	Would you support a potential park and resort coming to this site? Please explain why.
641	It's a very exciting opportunity for the UK and something we need	Would you support a potential park and resort coming to this site? Please explain why.
1856	It's a very positive thing to have a one-of-a-kind theme park and resort in Europe from Universal	Would you support a potential park and resort coming to this site? Please explain why.
4641	It's a well needed investment into the UK to have healthy competition in the themed attraction industry.	Would you support a potential park and resort coming to this site? Please explain why.
594	It's about time Britain hosted a world-class resort offering such as Universal/Disney/Six Flags/SeaWorld etc. And what a perfect IP locale- so many amazing British franchises such as Harry Potter, Dr Who, James Bond etc to draw upon!	Would you support a potential park and resort coming to this site? Please explain why.
4772	It would make the Bedford area an amazing place to visit.	Would you support a potential park and resort coming to this site? Please explain why.
3343	Great idea. Buy my fear it will never happen	Would you support a potential park and resort coming to this site? Please explain why.
3106	It would put Bedford back on the map	Would you support a potential park and resort coming to this site? Please explain why.
2539	It would put Bedford on the map and uplift the area.	Would you support a potential park and resort coming to this site? Please explain why.
4343	It would put Bedford on the map. The closest place for entertainment is Milton Keynes	Would you support a potential park and resort coming to this site? Please explain why.
3150	It would provide a very significant boost to the area - for all of the reasons stated above. I would also visit the area on a very regular basis with my family to partake in the varied activities	Would you support a potential park and resort coming to this site? Please explain why.
1686	It would easily be the biggest attraction in the uk and I would travel from the north east of that country regularly to visit	Would you support a potential park and resort coming to this site? Please explain why.
4708	It would enhance Bedford in every way possible. Looking forward to this project going ahead	Would you support a potential park and resort coming to this site? Please explain why.
465	It would generate so much more interest in Bedford	Would you support a potential park and resort coming to this site? Please explain why.
2425	It would cheer people up.	Would you support a potential park and resort coming to this site? Please explain why.

817	It would be the making of Bedford	Would you support a potential park and resort coming to this site? Please explain why.	
589	Been an annual pass holder for Florida parks and would be great to have a place near home	Would you support a potential park and resort coming to this site? Please explain why.	
3552	For a lot of people living in the UK, it's quite difficult to afford a trip to other Universal sites. I've been to the Florida resorts before but I've not been back in over 5 years because of flight, hotel and ticket prices combined. Also, another theme park business has a monopoly in this country at the moment, and having worked for them, their operations are far from ideal and they didn't offer many great opportunities for staff and a lot of the attractions feel outdated, aren't properly maintained and really need a new coat of paint. A Universal park here would be a breath of fresh air and might improve the hospitality industry in the UK as a whole.	Would you support a potential park and resort coming to this site? Please explain why.	
2285	Because it will be a great park to go to and experience, since my self I haven't traveled outside the uk yet, so having a universal park will be great to experience in my home nation. Also I think having a word class park will boost all are other uk parks, like Merlin's, since they need to up their game.	Would you support a potential park and resort coming to this site? Please explain why.	
4036	It would be great to have a resort of this size close to where I live.	Would you support a potential park and resort coming to this site? Please explain why.	
3178	It would be great to have a resort that can compete with the likes of Disney, with the level of immersion etc that it provides/ would provide. Using IP like Harry Potter/ Fantastic beasts would encourage people to attend because of the cultural impact and, bringing events like HHN to the UK would bring lots of revenue to the resort as many who live in the UK cannot access HHN due to monetary and geographic restrictions.	Would you support a potential park and resort coming to this site? Please explain why.	
4550	It would be great to have a theme park nearby.	Would you support a potential park and resort coming to this site? Please explain why.	
171	It would be great to have one of the worlds best heme parks on our doorstep, I think there would be so much interest and would create a healthy competition at other parks.	Would you support a potential park and resort coming to this site? Please explain why.	
2038	Being a customer of your Florida based parks for many years I believe that it would be incredible to have one accessible closer to home. With your emphasis on including the local people and history of Bedford and surrounding areas it's clear that universal are dedicated to not just creating revenue and improvement's for themselves but for the people of Bedford also. I truly believe this park would be great for the UK as a whole. People from all around Europe would flock to this site. The only criticism I have is that you haven't built one here already! I really love the fact you are considering this as a location for your latest installation of world class parks. Me, my girlfriend and friends are all guaranteed to visit this potential park many times a year as we are all avid theme park fans. Thank you for considering going through with this and if you remember anything from this feedback let it be that you already have one guaranteed customer right here! Thanks for all the memories I've already had at your parks and hopefully many more to come! Sincerely XXX	Would you support a potential park and resort coming to this site? Please explain why.	
4061	As a family we spend a lot of time and money going to theme parks we are beyond excited about the prospects of a universal theme park coming to the uk, we would most definitely be looking to purchase annual passes, and have already expressed that having a local theme park of universal standards would bring a lot of joy into our lives.	Would you support a potential park and resort coming to this site? Please explain why.	
1601	It would be exciting for the UK.	Would you support a potential park and resort coming to this site? Please explain why.	
2660	It would be amazing for the UK theme park industry as we are very much behind the rest of europe and the world when it comes to theme parks. There is not much competition for universal and the park will do amazingly. For the industry and economy	Would you support a potential park and resort coming to this site? Please explain why.	
4538	it would be amazing for the uk themepark community to have a universal themepark in the uk	Would you support a potential park and resort coming to this site? Please explain why.	

1778	It would be amazing to have a universal Great Britain here in our country I would visit all the time!	Would you support a potential park and resort coming to this site? Please explain why.
3035	It would be amazing to have a Universal Park in the UK. I never understood why all of Europe has been left out so far. The Park would fill a massive gap.	Would you support a potential park and resort coming to this site? Please explain why.
3853	It would upgrade so many aspects of bedford and improve the economy.	Would you support a potential park and resort coming to this site? Please explain why.
2943	It's 100% what Bedfordshire needs, they have centre parcs which is a step in a right direction but this would put a dent on the map on a more global scale. The area needs it.	Would you support a potential park and resort coming to this site? Please explain why.
2457	It would place Bedford on the map even more so than it is now. Bedford has a lot of unique history about it, and Universal can tie the history with modernity. The amount of benefits of having a park this size would far outweigh the cons! It would be wonderful if Universal could add lots of nods and honours to Bedford in the process of their project if it goes ahead.	Would you support a potential park and resort coming to this site? Please explain why.
4245	It would promote the local economy and inject money into the local infrastructure, which we can't otherwise afford to do.	Would you support a potential park and resort coming to this site? Please explain why.
3560	It would lift the area in terms of government and private funding in all departments leading to less families living on the breadline and ease the abundance of youth issues.	Would you support a potential park and resort coming to this site? Please explain why.
3819	It would improve the local economy, thereby making Bedfordshire a more desirable place to live and to visit. As a local resident, I am also hopefully that it would increase property value. It would also be great to visit the park at least a couple of times a year.	Would you support a potential park and resort coming to this site? Please explain why.
300	It would improve the uk theme park experience and ride offerings	Would you support a potential park and resort coming to this site? Please explain why.
2065	It would just be so exciting for Bedford and the uk in general! Mainly because over half of the population including myself, cannot afford to travel to America and other countries internationally. Just to be able to afford and experience such a themed resort experience on this scale would be magnificent, almost a bucket list for many and in Europe who always wanted to go further than the POV and blogs we see online. It would honestly be a dream come true, please make this happen so we can share some incredible memories!	Would you support a potential park and resort coming to this site? Please explain why.
677	it would help many local businesses and would also make people want to travel more to other places	Would you support a potential park and resort coming to this site? Please explain why.
2624	It would have a tremendous, transformative impact on the area economically and socially and one I think most residents would welcome and be proud to have on their doorstep.	Would you support a potential park and resort coming to this site? Please explain why.
4755	It would create so many opportunities for people and improve our local infrastructure	Would you support a potential park and resort coming to this site? Please explain why.
4695	It would create a big reason for people to come to Bedford and bring lots of business to the local area. Having visited your resort in Florida over 10 years ago, i'd love to be able to visit one of your parks regularly as a local.	Would you support a potential park and resort coming to this site? Please explain why.
1033	It would create a long term benefit to the local economy, improve some transport links and make great use of the site.	Would you support a potential park and resort coming to this site? Please explain why.
3405	It would bring such a good theme park and resort to a country that doesn't have such a resort with big brands and tv shows associated with it	Would you support a potential park and resort coming to this site? Please explain why.
1372	it would bring in money and make bedford a better place to live	Would you support a potential park and resort coming to this site? Please explain why.
4310	It would bring infrastructure improvements forward and bring prosperity to the area	Would you support a potential park and resort coming to this site? Please explain why.
2537	It would bring major economic benefit to the local area and the wider UK, the UK themed attractions market is more geared towards thrill over theme, given universals reputation for themed attractions, the proposed attraction would be a unique experience within the UK market	Would you support a potential park and resort coming to this site? Please explain why.
2632	It would bring many benefits - it has a big appeal and it would help to develop the local area	Would you support a potential park and resort coming to this site? Please explain why.

4688	It would bring many benefits to the local area.	Would you support a potential park and resort coming to this site? Please explain why.
1040	It would bring more business interest to Bedford and the surrounding areas which will have an increased impacted for local businesses.	Would you support a potential park and resort coming to this site? Please explain why.
2574	It would bring more variety to the theme park offerings in the UK as most major parks in the country are under Merlin Entertainment	Would you support a potential park and resort coming to this site? Please explain why.
3062	It would bring positive opportunities to the area.	Would you support a potential park and resort coming to this site? Please explain why.
3360	It would bring so many amazing opportunities to the area! Nice to have the extra funding for local highways and wildlife conservation	Would you support a potential park and resort coming to this site? Please explain why.
1074	It would bring something new and exciting to the uk.	Would you support a potential park and resort coming to this site? Please explain why.
1211	It would benefit Bedford and put Bedford 'on the map'.	Would you support a potential park and resort coming to this site? Please explain why.
3708	It would benefit not only the local area and community but be a jewel in the crown of the uk leisure industry	Would you support a potential park and resort coming to this site? Please explain why.
1873	It would benefit our country and be something everyone could enjoy	Would you support a potential park and resort coming to this site? Please explain why.
3744	It would benefit the economy both locally and nationally massively. I would also love to work as SHEQ Manager on the build project and at the park when it opens. It would be a legacy development that you can tell the grandkids about.	Would you support a potential park and resort coming to this site? Please explain why.
889	It would benefit the local area and is centrally situated in the county.	Would you support a potential park and resort coming to this site? Please explain why.
3666	It would benefit the local community immensely which is what is needed. This would spread to the wider area and put bedford on the map.	Would you support a potential park and resort coming to this site? Please explain why.
4796	It would benefit the UK economy and and the local area.	Would you support a potential park and resort coming to this site? Please explain why.
1183	It would boost Bedford	Would you support a potential park and resort coming to this site? Please explain why.
1518	It would boost the economy.	Would you support a potential park and resort coming to this site? Please explain why.
3192	It would boost the local economy. Mabe bring Bedford back to life by bringing new businesses to the area.	Would you support a potential park and resort coming to this site? Please explain why.
3895	It would be transformative to the local area. Everyone I've spoken to about it is excited at the prospect and the opportunities it can bring to the area, not least a hugely fun place to have on your doorstep.	Would you support a potential park and resort coming to this site? Please explain why.
3739	It would be very close to me in Reading and to my boyfriend in Hertfordshire, the chosen location is really convenient. This park could definitely rival the biggest resorts in the UK and it is the one I would choose to visit most over other resorts. It could appeal to families and teens alike which is a real USP.	Would you support a potential park and resort coming to this site? Please explain why.
4654	it would be very good for the town	Would you support a potential park and resort coming to this site? Please explain why.
1802	It would be very popular and better than what we already have in the UK. Hoping for a Harry Potter area.	Would you support a potential park and resort coming to this site? Please explain why.
2230	It would be the uk's greatest park and I've visit very often	Would you support a potential park and resort coming to this site? Please explain why.
4460	It would be transformative and generate significant economic benefits for the local area.	Would you support a potential park and resort coming to this site? Please explain why.
2552	It would be great for the local area, business etc and bring extra income	Would you support a potential park and resort coming to this site? Please explain why.
2388	It would be great for the local economy	Would you support a potential park and resort coming to this site? Please explain why.
4243	It would be great for the local economy and area.	Would you support a potential park and resort coming to this site? Please explain why.

1559	It would be great for the UK as a whole, something that a country of our size deserves and would be a major talking point and visitor attraction. I am also looking forward to visiting from Yorkshire and using my YouTube channel to promote this project to a wider area in the UK.	Would you support a potential park and resort coming to this site? Please explain why.
2994	It would be great fun, the UK is in need of some better theme parks, hopefully with some good thrill rides	Would you support a potential park and resort coming to this site? Please explain why.
781	It would be great not just for Bedford but for the wider UK to be able to have a Universal resort within touching distance. As someone who has been dying to visit Florida for years but has been unable to for a variety of reason, it would be incredible to have a resort like this in the UK.	Would you support a potential park and resort coming to this site? Please explain why.
1837	It would be great to have a company who will actually invest in new rides and attractions and would lead the way with new rides and technologies and give other theme parks something to think about.	Would you support a potential park and resort coming to this site? Please explain why.
1730	It would be great to have a premium Theme Park in the UK to compete with our existing resorts.	Would you support a potential park and resort coming to this site? Please explain why.
4532	It would be great for the area , it would Bring lots of opportunities, it would improve the local economy, it be great for family to visit weekly , it would put a poor town on the map	Would you support a potential park and resort coming to this site? Please explain why.
1134	It would be good for the whole community.	Would you support a potential park and resort coming to this site? Please explain why.
4354	It would be good not only for the area but also for the UK we need such an attraction	Would you support a potential park and resort coming to this site? Please explain why.
989	It would be great for Bedford to have this opportunity, would be great to have a specific Harry Potter area as it is famously British	Would you support a potential park and resort coming to this site? Please explain why.
3410	As an employee of NBCUniversal I've had the pleasure of visiting Universal Orlando both for work and pleasure. In addition, I've seen how successful these businesses are for our overall P and L and met many of the talent from park who are exceptional. The combination of NBCs IP, years of experience in this field and commitment to the local community is a potent combination. Living locally to the proposed site I am fully supportive of the project and excited to see what our NBCUNIVERSAL and the Universal resort can bring to the people of the UK and Europe. Look forward to hearing more.	Would you support a potential park and resort coming to this site? Please explain why.
1810	As I said not a lot of people over here can travel to see orther parks in the us.and I know over here a lot of teen would love to see universal over here.and me and my daughter r one of them.i love theme parks but coz of my Disabilities I can not travel far from the uk.	Would you support a potential park and resort coming to this site? Please explain why.
3042	As someone who had never been to USA it would be fantastic for it to come to uk	Would you support a potential park and resort coming to this site? Please explain why.
3345	It would be hugely beneficial to the community and economy	Would you support a potential park and resort coming to this site? Please explain why.
3295	It would be local theme park, something we don't have.	Would you support a potential park and resort coming to this site? Please explain why.
1678	It would be nice for a universal park in the uk and it is focused a lot on green which is good	Would you support a potential park and resort coming to this site? Please explain why.
4497	It would be so exciting to have Universal on our doorstep. The new Wixams station would be so convenient and provide a great link to London.	Would you support a potential park and resort coming to this site? Please explain why.
2342	It would be great to see such a large well know theme park brand come to the uk. Especially to bring something new and unique to the local area that we don't have.	Would you support a potential park and resort coming to this site? Please explain why.
3142	It would be great to see this development - once it was the biggest brick yard in Europe. They used to dig and find fossils (I still have some). It would be good to see it being used again.	Would you support a potential park and resort coming to this site? Please explain why.
2570	It would be financial boost to the local economy and the wider area	Would you support a potential park and resort coming to this site? Please explain why.
447	It would be good both for Bedford and England	Would you support a potential park and resort coming to this site? Please explain why.

4069	It would be fantastic for the local area	Would you support a potential park and resort coming to this site? Please explain why.
4595	It would be fantastic for the town. It's a lovely multicultural town, but has potential to be even better. Improving travel infrastructure and giving the town and surrounding area a face lift would be brilliant. I really hope that this projects goes ahead, I feel the majority of locals are strongly in favour. I have a 3 year old daughter and would love to see the park develop as she grows and takes her along one day	Would you support a potential park and resort coming to this site? Please explain why.
1039	It would be amazing for Bedford and areas nearby. We agree with all your points above.	Would you support a potential park and resort coming to this site? Please explain why.
4565	It would be amazing for Bedford and put it back on the map	Would you support a potential park and resort coming to this site? Please explain why.
4607	It would be AMAZING for the entire area, for us locals and for theme park enthusiasts. It would honestly life this part of our country into the spotlight, and it's exactly what we need, to build better futures for our children, to make the UK a more fun place to live (let's be real, after Tory govt. we are pretty down on our knees).	Would you support a potential park and resort coming to this site? Please explain why.
2371	It would be amazing for the local community ,bringing money and investment to the area , hopefully increasing house prices , road and travel will hopefully improve	Would you support a potential park and resort coming to this site? Please explain why.
1728	It would be beneficial to the local area and the whole of the UK for the universal brand to open a park here. We don't have anything currently in the UK like a universal park therefore would be a welcome addition and would bring people to Bedford and the UK	Would you support a potential park and resort coming to this site? Please explain why.
2449	It would be brilliant for the area and for the future of our young family	Would you support a potential park and resort coming to this site? Please explain why.
3831	It would be an amazing opportunity to visit something known worldwide that I like many others cannot visit due to cost/travel abroad. So to have 1 nearby but also in England would be fantastic.	Would you support a potential park and resort coming to this site? Please explain why.
4049	It would be excellent to have a universal park in the UK and hopefully provide Merlin with some healthier competition and therefore increase the overall quality if theme parks in the UK.	Would you support a potential park and resort coming to this site? Please explain why.
1251	It would be amazing to have such an excellent theme park in the UK. It would bring so much joy to families.	Would you support a potential park and resort coming to this site? Please explain why.
836	It would be amazing to have Universal in the UK, I would visit as often as possible and honestly? I'd probably see about trying to work there too as I've always wanted to work at Disney but they're too far for me to feel comfortable, Universal coming to the UK would allow me to feel close to my loved ones but still achievable my goals of brightening people's lives and making people have special experiences at the park	Would you support a potential park and resort coming to this site? Please explain why.
4576	It would be amazing, a dream come true for our area. I have been to Universal Florida and it was brilliant. I would love this for our shared future.	Would you support a potential park and resort coming to this site? Please explain why.
4333	It would be a significant enhancement to the local economy	Would you support a potential park and resort coming to this site? Please explain why.
1163	It will turn our local area into a world destination - a Universal Studios Park will put Bedford on the lips of millions of people. A park with transform Bedfordshire.	Would you support a potential park and resort coming to this site? Please explain why.
596	It would be a fantastic growth opportunity for the UK as a whole	Would you support a potential park and resort coming to this site? Please explain why.
1932	It would be a fantastic opportunity for Bedford altering our local economy immeasurably.	Would you support a potential park and resort coming to this site? Please explain why.
2739	It would be a fantastic opportunity for the area and be easily accessed with improved travel networks.	Would you support a potential park and resort coming to this site? Please explain why.
4034	It would be a fantastic opportunity for the local area	Would you support a potential park and resort coming to this site? Please explain why.
1279	It would be a game changer for the UK and local area. Universal have improved everywhere they have built, why not here!	Would you support a potential park and resort coming to this site? Please explain why.

591	It would be a great addition to the area and the UK	Would you support a potential park and resort coming to this site? Please explain why.	
1296	It would be a great attraction to visit whilst also boosting the economy and helping locals etc	Would you support a potential park and resort coming to this site? Please explain why.	
1141	It would be a great new experience within the UK!	Would you support a potential park and resort coming to this site? Please explain why.	
986	It would be a great opportunity for local business and for anyone unable to visit overseas to go to universal	Would you support a potential park and resort coming to this site? Please explain why.	
2134	It would be a great opportunity for many lower income Brits would could not afford the expenses of travel to the other Universal resorts to have a more accessible experience.	Would you support a potential park and resort coming to this site? Please explain why.	
4177	It would be a huge benefit to the local economy and also of interest to all members of my family who would enjoy using it.	Would you support a potential park and resort coming to this site? Please explain why.	
333	It would be a huge boost to the local area. Benefitting not just Bedford, but also Milton Keynes and Northampton. Areas where there are not necessarily great opportunities for young people. The proximity to London allows skills to and expertise brought in easily at every stage. The proximity to London and Birmingham offers two major hubs for visitors to travel in from. With the connection of the Oxford and Cambridge rail line, it puts it in a uniquely accessible location, which would assist building overseas visitor numbers for longer stays. Proximity to Harry Potter Studio Experience would make it attractive for multiple night stays, driving further revenue into the local economy. It is a fantastic use of brownfield site, giving the option to create nature reserves and habitats that would be lost if it became an industrial estate. There will also be two film studios potentially at either side of the park. This will create a corridor of Entertainment and Creative excellence to inspire and develop the next generation of film makers and creative artists.	Would you support a potential park and resort coming to this site? Please explain why.	
1580	It would be a much needed boost for the area. Bedford has great transport links, but really needs an attraction like to put it on the map. Having a world class theme park here would be amazing.	Would you support a potential park and resort coming to this site? Please explain why.	
3102	It will provide a great theme park bringing fun to an area north of London and north of other parks such as Chesington, Thorpe Park and Legoland, enabling easier access to the central and northern parts of the country. Bedford Town Centre has suffered in recent years with large retail companies going bust and leaving their large stores empty, plus the lockdown during the pandemic has caused many small businesses to fail. Bedford town centre used to be a bustling area but sadly is sometimes like a ghost town. The theme park has the potential to increase the local footfall including an increase in need for hotels and this should attract retail businesses in resurrect the main town centre.	Would you support a potential park and resort coming to this site? Please explain why.	
972	it will provide a massive boost to the uk economy	Would you support a potential park and resort coming to this site? Please explain why.	
1677	It will provide an opportunity for many UK people and Europeans to go to a Universal Studios Theme Park.	Would you support a potential park and resort coming to this site? Please explain why.	
4391	It will put Bedford on the world map	Would you support a potential park and resort coming to this site? Please explain why.	
3304	It will put the town of Bedford and local area on the map	Would you support a potential park and resort coming to this site? Please explain why.	
3441	It will put the wonderful town of Bedford on the national and international map. Visitors to the park will also be able to explore the beautiful river, country parks and independent shops the town houses. It will provide thousands of opportunities for work for local people and generate a sense of pride for the whole county.	Would you support a potential park and resort coming to this site? Please explain why.	
4678	It will really be a major boost to the local economy.	Would you support a potential park and resort coming to this site? Please explain why.	
2587	It will regenerate bedford	Would you support a potential park and resort coming to this site? Please explain why.	

4070	It will completely transform bedford	Would you support a potential park and resort coming to this site? Please explain why.	
1327	It will create a huge economic benefit for an area which seems to have deteriorated over the past few years e.g. many high street shops have disappeared, it will bring a much needed boost to the area	Would you support a potential park and resort coming to this site? Please explain why.	
4336	It will do amazing for Bedford It is really the perfect location with being so close to London which you can get a train for as quickly as 40 minutes, Luton airport, motorway Please go ahead	Would you support a potential park and resort coming to this site? Please explain why.	
2344	It will help the local economy aswell as the national economy in the long run	Would you support a potential park and resort coming to this site? Please explain why.	
2310	It will improve the town and economy	Would you support a potential park and resort coming to this site? Please explain why.	
736	It will bring money to the area and it will be great for family days out without having to spend hundreds of pounds in flights to attend a theme park as exciting as Disneyland.	Would you support a potential park and resort coming to this site? Please explain why.	
464	it will be transformative for Bedford. the town has been dying like so many others but this could really give it a bright future.	Would you support a potential park and resort coming to this site? Please explain why.	
1792	It will boost the economy and put England on the map, as this new project will be a hotspot for europeans.	Would you support a potential park and resort coming to this site? Please explain why.	
3908	It will boost the local economy enormously	Would you support a potential park and resort coming to this site? Please explain why.	
4893	It will bring a big boost to bedford as bedford doesn't really get any thing good it always ends going to Milton Keynes	Would you support a potential park and resort coming to this site? Please explain why.	
4618	It will bring a boost to the economy and put the land to use and provide area improvements for the environment and infrastructure.	Would you support a potential park and resort coming to this site? Please explain why.	
1817	It will be incredible, in all areas there are no negatives to this project.	Would you support a potential park and resort coming to this site? Please explain why.	
2294	It will be nice to have something for Bedford. Bedford has lost a lot recent my such a big high street shops and developments. The park will bring a new life into the town	Would you support a potential park and resort coming to this site? Please explain why.	
542	It will be so amazing for the uk to have something like this! Especially for parents who can't afford to take their children to America, having a universal studios in the uk will make a lot of families happy! Especially me and I'm 25!! I can't wait to see this being built!	Would you support a potential park and resort coming to this site? Please explain why.	
2153	It will be a great investment not just locally but widely.	Would you support a potential park and resort coming to this site? Please explain why.	
3121	It will be a great opportunity for Bedford	Would you support a potential park and resort coming to this site? Please explain why.	
1258	It will be a huge benefit for the community and surroundings.	Would you support a potential park and resort coming to this site? Please explain why.	
4062	It will be amazing to have a company and theme park by Universal in the UK, easier to travel to visit one of the most immersive theme parks that we know you can create.	Would you support a potential park and resort coming to this site? Please explain why.	
4043	It will be amazing to the uk our theme parks are rubbish and universal is one of the best in the world where you can be part of the movies they have an amazing mix of rides and we love our visits to Orlando particularly for Harry Potter and velocicoaster and the mummy being favourites we would love to become annual pass holders and would love a version of Halloween horror nights here our haunted houses are rubbish in the uk	Would you support a potential park and resort coming to this site? Please explain why.	
3281	Improve local economy	Would you support a potential park and resort coming to this site? Please explain why.	
2649	Improve the area	Would you support a potential park and resort coming to this site? Please explain why.	
4253	Improved local economy.	Would you support a potential park and resort coming to this site? Please explain why.	

2013	Increased opportunities in the local area	Would you support a potential park and resort coming to this site? Please explain why.	
3606	Incredible opportunity	Would you support a potential park and resort coming to this site? Please explain why.	
4960	Incredible opportunity for a visionary company to recognise the potential which Bedford has to offer and for Bedford to realise the promise of a prosperous future	Would you support a potential park and resort coming to this site? Please explain why.	
978	Incredible opportunity for economic development in the local area and UK would benefit from a world-class resort such as this.	Would you support a potential park and resort coming to this site? Please explain why.	
1567	Incredible opportunity for the UK and Bedford area. This must be approved and built.	Would you support a potential park and resort coming to this site? Please explain why.	
3371	Incredible opportunity for the UK economy with a long lasting increase in domestic and foreign visitors. Also a chance to disrupt the current theme park market.	Would you support a potential park and resort coming to this site? Please explain why.	
2397	It is a great investment not only for Bedford and UK, but also for Europe. I have been to Univ Studios parks and the amount of visitors per day would generate more returns to help locals and the public.	Would you support a potential park and resort coming to this site? Please explain why.	
405	It is a great opportunity for growth and development for our community and residents across Bedfordshire	Would you support a potential park and resort coming to this site? Please explain why.	
4914	It is a great opportunity for the town. I grew up with the town being known for being quite boring. Something like this would put it on the map and would hopefully improve the rail connections too, so much empty capacity comes from London during rush hour, really great idea to make use of it	Would you support a potential park and resort coming to this site? Please explain why.	
2422	It will an amazing opportunity for the UK and the rest of the world to experience world class entertainment and attractions.	Would you support a potential park and resort coming to this site? Please explain why.	
673	Absolutely love Universal Resorts and having visited Florida foe them many times I can't overstate how exciting it is to think we may have one so close!	Would you support a potential park and resort coming to this site? Please explain why.	
2653	Be exciting and fun	Would you support a potential park and resort coming to this site? Please explain why.	
1615	Be so exciting to have a Universal Studios less than an hours drive away.	Would you support a potential park and resort coming to this site? Please explain why.	
1743	It is very exciting for the area and residents of the UK. The buzz surrounding this project is huge! It would be amazing to have a world class resort in the UK.	Would you support a potential park and resort coming to this site? Please explain why.	
3550	It is very exciting that something of this scale could be built in the UK! I am all for the idea, the plans look amazing and the whole project is bound to have a positive impact on the future of the UK economy and existing communities.	Would you support a potential park and resort coming to this site? Please explain why.	
2266	Exciting and quality theme park with amazing theming and thrilling rides	Would you support a potential park and resort coming to this site? Please explain why.	
3788	Exciting!	Would you support a potential park and resort coming to this site? Please explain why.	
3860	It provides numerous benefits to the UK and local area. It is extremely exciting to see a project occuring outside of London that still benefits the whole UK. Its something that the UK economy needs right now and as a Country, we need all the positive morale we can get.	Would you support a potential park and resort coming to this site? Please explain why.	
2627	It offers such benefits to Bedford and the local area that, with the right infrastructure in place, would outweigh the potential negatives.	Would you support a potential park and resort coming to this site? Please explain why.	
1276	It means I could afford to visit a universal theme park multiple times a year which would improve mine and a lot of other people's lives drastically!!	Would you support a potential park and resort coming to this site? Please explain why.	
2231	Absolutely amazing project	Would you support a potential park and resort coming to this site? Please explain why.	
2198	After visiting Universal Orlando 3 times we have seen the massive positives the whole area gets from having a Universal Park cannot be denied. The parks always feel complimentary to the location and also employ lots of people with disabilities/different abilities which I would hope they would bring over here.	Would you support a potential park and resort coming to this site? Please explain why.	
3181	Agreed with all of the above, which is why I would support.	Would you support a potential park and resort coming to this site? Please explain why.	
3559	fun	Would you support a potential park and resort coming to this site? Please explain why.	

1270	Give people that cannot afford to go abroad chance to visit a universal theme park and create memories	Would you support a potential park and resort coming to this site? Please explain why.
1436	From a personal point of view, it would give me and my family a chance to visit a universal park as we only live half an hour away. We all love theme parks but are not financially able to travel abroad to visit any. So having one so close would be a dream.	Would you support a potential park and resort coming to this site? Please explain why.
2246	For all of what you are setting out to do.	Would you support a potential park and resort coming to this site? Please explain why.
4582	For all the above mentioned. Personally for myself and family to work locally and have leisure locally. (We travel to Orlando for our yearly holidays)	Would you support a potential park and resort coming to this site? Please explain why.
3077	Firstly, I support a potential park and resort coming here because it would bring a lot of joy and happiness to many people. We need more positivity in Britain (and the world!) and I believe that such a park and resort would make a lot of people happy here. Secondly, as a local who would be less than 15 minutes away by bicycle, I have young children and I love the idea of taking them to this theme park regularly, whether for the full experience or just for a coffee or lunch! I also like the idea of them some day working at the park and resort - a short cycle ride away!	Would you support a potential park and resort coming to this site? Please explain why.
4533	It is a fantastic proposal. It is a superb site (though I don't live locally). It will be immensely successful. Please build it.	Would you support a potential park and resort coming to this site? Please explain why.
3213	Have been to Florida and your parks are the best , something we would defo visit each year	Would you support a potential park and resort coming to this site? Please explain why.
3507	I think that the benefits heaviou outweigh the negatives at this time and look forward to this project.	Would you support a potential park and resort coming to this site? Please explain why.
1133	Family dayout and entertainment	Would you support a potential park and resort coming to this site? Please explain why.
4573	Family fun should be everyone's release from daily life. Spending time with my family is always most important to me. I look forward to spending many days with my kids there and potential grandchildren in the future. To be fair even without the kids coming I will still visit!!	Would you support a potential park and resort coming to this site? Please explain why.
1842	It is something I would regularly visit. I believe Bedford is an area that could use real improvement, and along with the benefits you advise you will create in the area, I think the increase in people visiting the area will provide businesses with the custom they need to thrive and improve the likelihood of other businesses wanting to be in the town.	Would you support a potential park and resort coming to this site? Please explain why.
1175	It is something that is now needed more than ever as already placed theme parks are getting more and more OUTDATED something new in this area is going to be fantastic not just for Bedford but the whole of the UK	Would you support a potential park and resort coming to this site? Please explain why.
3741	it is something the UK needs, a brand new major attraction as the ones we have are not on par with universal Orlando and similar parks	Would you support a potential park and resort coming to this site? Please explain why.
3084	It is a once in a lifetime opportunity for bedford and one we should embrace	Would you support a potential park and resort coming to this site? Please explain why.
3129	It is a vital project to transform Bedford and UK's local economy from industrial economy to service economy. It also create new recreational facility that serves Southeast England and beyond. I love the universal studio in Orlando and Japan and I can't wait to see it coming to the UK.	Would you support a potential park and resort coming to this site? Please explain why.
552	It is a well positioned site with potential to transform the UK theme park industry which is currently dominated by one main company, the site is easily accessible but also suitable for expansion which is always good.	Would you support a potential park and resort coming to this site? Please explain why.
4064	It is exactly what the area needs, and the population of the UK will visit in their masses, as well as other countries in Europe. It is a no-brainer!	Would you support a potential park and resort coming to this site? Please explain why.
4569	It is exciting having a park like this so local and I believe it is just what the area needs.	Would you support a potential park and resort coming to this site? Please explain why.

675	It is a huge boost for the area, and given the large amount of improvements that have been made to roads, infrastructure, and creating affordable housing, this will help to develop Bedford in to a great commuter hub to other major cities around the country, boosting more than just the local economy and UK economy at a higher level.	Would you support a potential park and resort coming to this site? Please explain why.	
1377	It is great for the UK to have a new theme park and for it to be such a big name would be incredible. Not everyone from the UK has chance to travel and visit one of your other theme parks so it gives that opportunity to so many more people	Would you support a potential park and resort coming to this site? Please explain why.	
1365	It is honestly potentially the best and most significant development to have ever possibly have happened in Bedfordshire. I think the majority of people in bedfordshire would agree that we should all encourage such an amazing development decision.	Would you support a potential park and resort coming to this site? Please explain why.	
4779	It is needed in the UK and a new park would improve the local economy and provide a world class attraction.	Would you support a potential park and resort coming to this site? Please explain why.	
4549	I think the positive benefits this will bring will be a fantastic opportunity for Bedford	Would you support a potential park and resort coming to this site? Please explain why.	
516	Is good for te area and people. The town have potential to grow and is good conection to Oksford, Cambridge and London.	Would you support a potential park and resort coming to this site? Please explain why.	
2945	It appears to be a great location on a former brickworks, it will help put Bedford on the map	Would you support a potential park and resort coming to this site? Please explain why.	
1480	It can only be a good thing for the area and the entire UK economy as a whole.	Would you support a potential park and resort coming to this site? Please explain why.	
3081	Everything that has been outlined	Would you support a potential park and resort coming to this site? Please explain why.	
1750	Because i am really passionate for theme parks	Would you support a potential park and resort coming to this site? Please explain why.	
1798	Because I love theme parks	Would you support a potential park and resort coming to this site? Please explain why.	
4798	Because I love universal theme park and have visited the parks in Florida many of times and to now possibly have it only a 5-10 minute drive from my house would be amazing!	Would you support a potential park and resort coming to this site? Please explain why.	
1736	Because it is an ideal location and absolutely would benefit the local area and businesses	Would you support a potential park and resort coming to this site? Please explain why.	
2260	Because it will be amazing, will be a place to escape to.. making memories	Would you support a potential park and resort coming to this site? Please explain why.	
4760	Because it will be the best theme park resort in the entire country and more than likely Europe too.	Would you support a potential park and resort coming to this site? Please explain why.	
4696	Because it will benefit everyone	Would you support a potential park and resort coming to this site? Please explain why.	
4082	Because it would provide an incredibly positive boost for the area and the local people.	Would you support a potential park and resort coming to this site? Please explain why.	
1149	I'm a single mother with 4 children and the chances of me ever taking my children to a universal is pretty slim. But if there was one in the uk then I would definitely be able to let my children visit.	Would you support a potential park and resort coming to this site? Please explain why.	
747	I'm a theme park enthusiast but with a family of 5 have never been able to afford to go to Florida. This would be amazing, please make it happen.	Would you support a potential park and resort coming to this site? Please explain why.	
4297	As stated above	Would you support a potential park and resort coming to this site? Please explain why.	
2126	Ideally sited	Would you support a potential park and resort coming to this site? Please explain why.	
2417	BECAUSE IT'D SIMPLY BE CRAZY NOT TO. EVERYBODY WINS.	Would you support a potential park and resort coming to this site? Please explain why.	
483	I would be good for the economy and improvement of the Bedford area	Would you support a potential park and resort coming to this site? Please explain why.	
780	I would be great for Bedford's and eastern england	Would you support a potential park and resort coming to this site? Please explain why.	

4316	I would be proud to visit such an exciting and fun park and resort which had come to our local area with all the opportunities and benefits it brings.	Would you support a potential park and resort coming to this site? Please explain why.
1121	I would be really excited to have the park nearby for so many reasons. Local economy for 1 and using the facilities as a family.	Would you support a potential park and resort coming to this site? Please explain why.
4232	I would be so incredibly excited to have universal. I love the US parks because of the quality of theming and rides but also the economy boost it would bring would be fantastic!	Would you support a potential park and resort coming to this site? Please explain why.
2146	I would be visiting very often, infact me and my husband have already talked about relocating from West Yorkshire to work at the resort. We are both bus drivers and my husband was a fabricator so there could be career opportunities for us both.	Would you support a potential park and resort coming to this site? Please explain why.
2116	I would bring a much needed boost to the local economy and help with the continued regeneration of the old brickworks sites	Would you support a potential park and resort coming to this site? Please explain why.
1914	Big fan of Theme Parks, nothing like it in the local area.	Would you support a potential park and resort coming to this site? Please explain why.
592	Come on Universal!!!!!!	Would you support a potential park and resort coming to this site? Please explain why.
1399	I visit a lot of themeparks in the UK and having a big player like universal would create some big competition that should not only drive more visitors from across the world to visit universal but also encourage them to visit our other attractions around the UK (hopefully). Also having more competition will push our current parks to invest more into their own parks.	Would you support a potential park and resort coming to this site? Please explain why.
714	I visit universal studios in Orlando a lot and if it's going to be anything like them. I can't wait!!!!	Would you support a potential park and resort coming to this site? Please explain why.
1101	I visit USF every year to see family and attend HHN, having a Universal park 90 minutes away from me would be a dream come true and especially if we had HHN. Universal provides the best immersive experiences and it would be great to experience these more frequently than I'm currently able to, it would be a great addition for the current UK park line up and if it runs to the same standard (upkeep, theming etc.) as your other worldwide parks it would provide decades of entertainment and memories for many, many people.	Would you support a potential park and resort coming to this site? Please explain why.
1762	I visited universal studios Orlando and found it incredibly powerful. I would love to see something on that scale in the UK.	Would you support a potential park and resort coming to this site? Please explain why.
4093	I want to go there - having it so close I'd get a season pass!	Would you support a potential park and resort coming to this site? Please explain why.
2913	I welcome investment in Bedford and the halo effect this will have on that wider area.	Would you support a potential park and resort coming to this site? Please explain why.
4869	I went to universal Orlando 25 years ago as a kid and it was the most amazing experience of a theme park (better than the Disney theme parks!) that has stayed with me all my life - the thought of one coming to the UK and to the local area is amazing and would bring that experience to many families. It would also be transformative for the area and improve its profile. I also can't wait to see what rides and attractions you would bring to a UK park!	Would you support a potential park and resort coming to this site? Please explain why.
522	As someone who travels to your orlando resort most years having a more local resort would mean I can goto a universal resort mote often.	Would you support a potential park and resort coming to this site? Please explain why.
421	As a Universal Orlando Annual Pass holder, I would love the chance to relive the magic closer to home!	Would you support a potential park and resort coming to this site? Please explain why.
3556	I think this is what the UK needs and to bring Bedford back to life	Would you support a potential park and resort coming to this site? Please explain why.
572	Just because. Yes please.	Would you support a potential park and resort coming to this site? Please explain why.
698	The site is such an eyesore currently when driving past and was been left to fall derelict. new business and ideas would outweigh the negative impacts	Would you support a potential park and resort coming to this site? Please explain why.
4429	I'm a big theme park fan and this would be amazing not just for me and my family but for Bedford and Kempston and the other local areas.	Would you support a potential park and resort coming to this site? Please explain why.

684	I'm a big theme park fan and visit the Merlin parks (Alton towers and Thorpe park) a few times per year, I think the uk could massively benefit from another park and if universal are able this would be brilliant, as long as there are easy transport options ideally from London if you're looking to attract visitors from Europe and further afield.	Would you support a potential park and resort coming to this site? Please explain why.
477	I'm a huge Univeral park fan, having been to various parks around the world. Having a park on my doorstep and potentially being able to apply for a role is a really exciting prospect. The benefits that this will bring to the area are huge, particularly for such a large unused site.	Would you support a potential park and resort coming to this site? Please explain why.
4041	I'm a massive film fan and am hoping the resort will be Harry Potter themed. I would love to work at the park in future.	Would you support a potential park and resort coming to this site? Please explain why.
3587	I'm a really big theme park and rollercoaster fan so a new theme park and especially one from universal would be amazing.	Would you support a potential park and resort coming to this site? Please explain why.
1086	I would love to have entertainment in Bedford. The theme park is the best way to do it as it would also improve the town and the infrastructure around it	Would you support a potential park and resort coming to this site? Please explain why.
308	I would love to see a Universal resort in the UK because it would be a huge benefit to not only Bedford but the UK as a whole.	Would you support a potential park and resort coming to this site? Please explain why.
3619	I would love to see the change, the people enjoying themselves, the creation come to fruition after we all laughed and thought it was a joke when it was first reported that Universal Studios were going to Stewarby	Would you support a potential park and resort coming to this site? Please explain why.
911	I would love to see this plan come to fruition, I've never been able to afford to travel to a universal destination before. As a child I was taken to Disneyland Paris but that is the closest I've come to a major theme park as beyond Europe was out of reach! Now I have two young children of my own it would be incredible to surprise them with visits to universal UK! I know that mainland Europe would visit too just as they have done for Disneyland. We have so many great inspirational IPs like Lord of the Rings, James Bond and Paddington which you could use to inspire incredible lands! Also so much history to inform design, prehistoric fossils from when we used to be attached to America, Celtic traditions and stone henge with druids, Roman roads and Roman baths, Viking raids, medieval kings, castles and Arthur, Merlin and witches, pirate raids and smugglers caves as were an island, industrial age milling factories and canal systems!	Would you support a potential park and resort coming to this site? Please explain why.
4840	Like you say it will create some wonderful opportunities for local people, enhance the area because quite honestly it's going downhill rapidly. This could be the positive impact on the local area needed to eradicate some of the crime/poverty issues. Give people good incentives to want to work and put back into society.	Would you support a potential park and resort coming to this site? Please explain why.
1782	Long term fan and enthusiast of theme parks in general, in particular the Universal resorts. As a person who will happily travel far, even overseas to visit the best theme parks, I am a firm believer that a a successful theme park will bring nothing but positive impacts to a local area, and country.	Would you support a potential park and resort coming to this site? Please explain why.
2921	Offers a lot of positives	Would you support a potential park and resort coming to this site? Please explain why.
299	Overall seems positive impact in lots of areas	Would you support a potential park and resort coming to this site? Please explain why.
2650	Positive impact for Bedford and surrounding area. Putting us on the map for a positive reason. Plus we love theme parks!!!	Would you support a potential park and resort coming to this site? Please explain why.
4913	Thank you for considering this area. My family and friends who all live here are so excited. Everyone I speak to about it is delighted for our local community. I would welcome any opportunity to speak at local events on the positive impacts this will make for local residents. In addition, I've been to Universal Studios in Florida and Singapore and know what an amazing park you would create.	Would you support a potential park and resort coming to this site? Please explain why.
2081	The positive impact it can bring to the area, plus have been to Universal parks in Orlando and Hollywood, and enjoyed them hugely	Would you support a potential park and resort coming to this site? Please explain why.
2497	The positive impact it would have on the area.	Would you support a potential park and resort coming to this site? Please explain why.

1094	The positives for this project far outweigh any negatives. This will genuinely be transformative for the local area, and will create opportunities for individuals and businesses. I cannot support this project enough.	Would you support a potential park and resort coming to this site? Please explain why.	
250	As a local business owner plus a lifelong fan of your parks I can only see positives all around for going ahead with this project.	Would you support a potential park and resort coming to this site? Please explain why.	
1725	As we live local we would be visiting on a regular basis and using the restaurants on site.	Would you support a potential park and resort coming to this site? Please explain why.	
4545	Because as a local resident I do not know how this will effect my life and my family and the peace and tranquility of our area	Would you support a potential park and resort coming to this site? Please explain why.	
2927	Because of all the above points and I also have huge passion for theme parks. I REALLY want this project to go ahead.	Would you support a potential park and resort coming to this site? Please explain why.	
4662	Because of the joy it'd bring ti a depressing country.	Would you support a potential park and resort coming to this site? Please explain why.	
809	Because this will make me happy :)	Would you support a potential park and resort coming to this site? Please explain why.	
1738	Been to universal Orlando and it's one of the most incredible places I've ever visited. And I trust universal to make the most incredible place that can bring family and friends together. I go on and on to friends/family and tell them they need to visit Orlando but they cannot afford too. So this is that chance for them to be able too. I'd be an annual pass holder for this resort and one of my closer friends who's never even been to a universal but has listened to me go on and on and on about universal Orlando has already said he would join me.	Would you support a potential park and resort coming to this site? Please explain why.	
2269	Being able to visit a universal park without having to travel across the world	Would you support a potential park and resort coming to this site? Please explain why.	
436	Benefit to local area and easy access for local residents	Would you support a potential park and resort coming to this site? Please explain why.	
3431	Easier to get to Than Disneyland	Would you support a potential park and resort coming to this site? Please explain why.	
1779	Ever since I was a Dutch kid I dreamed about going to a Universal Studios park. Now I have visited both Universal Studios Hollywood and Singapore and I have a couple left to go. I was heartbroken when I had to leave and go back home. The experience was truly unlike anything I have ever experienced. A Universal Studios resort so close to The Netherlands, and all the other European countries would be an epic win for Europe.	Would you support a potential park and resort coming to this site? Please explain why.	
2975	It's fun as there isn't a lot in Bedfordshire so would make the county a lot more interesting.	Would you support a potential park and resort coming to this site? Please explain why.	
2451	New life to everything that is here Inspirational and life long memories People are tired of watching the rest of the world having fun, we have amazing people here there courage To leave different countries and settle in was hard the brick works Gave them meaning, to build we are all the children from those original Immigrants all proud to be bedfordians, we want to continue where they left off building our area with pride as they did for us, today you are guests, tomorrow you will be one of us! We want to show you our community and share our history and become part of yours too. We are the children of the world in one place a one Society that maintains Its cultural backgrounds and works as one family, we all share the same devotion and passion towards each others beliefs we are not different here. We all have one pride that is we are Bedford No one really leaves Bedford because of its surrounding beauty and the people. This project will deliver hope to our communities A new vibrant community will come out of this. Generations will remember Bedford community to have said welcome to you. We all would be proud to be part of a better change.	Would you support a potential park and resort coming to this site? Please explain why.	
3914	So more people are employed and it is funn	Would you support a potential park and resort coming to this site? Please explain why.	

1765	I think this park would be transformative for the UK theme park industry. The idea of a new theme park is exciting, and would 100% be worthwhile not only for the local community but for the whole of the UK and the world. Please please make this park!	Would you support a potential park and resort coming to this site? Please explain why.
3667	I think this project is extremely exciting and something that is much needed for the European theme park industry!	Would you support a potential park and resort coming to this site? Please explain why.
2178	I think this project should go ahead as there are a lot of benefits to it and as I live under an hour away this would be something that I would love as a theme park enthusiast. As a lot of other theme parks in the UK are more than an hour away this potential park would easily be my most visited. I also think it would be helpful to the other parks as Universal is such a big company who make such quality parks I think this would prompt other UK parks to try and keep up and invest more. Overall, I think this should 100% come to the UK.	Would you support a potential park and resort coming to this site? Please explain why.
2225	I think this project would be great for the UK as well as all of the benefits it has to offer to the local Bedford area. As well as this, it would be good to have a Universal Resort more local to me in the UK, as I've travelled to Universal Orlando previously and enjoyed it there.	Would you support a potential park and resort coming to this site? Please explain why.
1213	I think this will be great for the UK , there isn't anything like this and this would be amazing.	Would you support a potential park and resort coming to this site? Please explain why.
1600	I think this will overhaul the entire attractions industry if such a large brand comes here.	Would you support a potential park and resort coming to this site? Please explain why.
1422	I think this would be a great addition to Bedford and the surrounding area. I have visited the Orlando park several times and had a great time during each visit. The thought of having a Universal park within 40 minute drive of my house is a dream come true. At time of writing this, I have a 9 month old daughter so this will be a great place to take her on a regular basis when the park opens.	Would you support a potential park and resort coming to this site? Please explain why.
4519	I think this would be an excellent opportunity and firmly put Bedford on the map.	Would you support a potential park and resort coming to this site? Please explain why.
3892	I think this would be great for the area, bringing in more money and development. I'm fortunate to have visited both US Universal theme parks so know them to be excellent theme parks - far from the current UK offerings. They are not dirty or tired, and effort is put into the surrounding areas to keep them nice for locals and visitors. I wouldn't want just any theme park opening so close to home, but I'm excited about the prospect of Universal Studios, as long as the effort to look after the local area is maintained.	Would you support a potential park and resort coming to this site? Please explain why.
4260	I have felt nothing but excitement since first hearing about this, I have visited universal in Florida a number of times and I just know what you will create will be truly wonderful in every way.	Would you support a potential park and resort coming to this site? Please explain why.
1056	I have lived and breathed the theme park industry for my whole working life, and my personal interest far pre-dates this. For me personally, it would be a dream come true if Universal Studios literally landed on my doorstep - I never dreamed such a thing might happen to this corner of the UK - I would most certainly have an annual pass and be there very frequently!	Would you support a potential park and resort coming to this site? Please explain why.
1253	I have lived in Bedfordshire my whole life (45+ years) and believe this town to be one of the best in the country. It is well located, has a lot of positive attributes, and the people of the town are some of the most generous in the country. There is a strong business network here and many charitable organisations. All of which would benefit for being a part of this amazing project.	Would you support a potential park and resort coming to this site? Please explain why.
4142	I have lived in Florida. I have seen the positive impact that organisations like you, Disney and Cypress gardens for example have had on the whole of the state of Florida. Plus you are considerate to the local environment whilst also turning a profit.	Would you support a potential park and resort coming to this site? Please explain why.
3937	I have spent thousands of pounds going to LA to visit Universal, and to Paris for Disney. I genuinely would buy a season pass for myself and my partner and we would go all year round.	Would you support a potential park and resort coming to this site? Please explain why.

808	I have stayed at the Orlando Parks on many occasions and they are absolutely incredible and we would be extremely lucky to have something like that here in the UK. Universal are the best at what they do and it would bring so much excitement.	Would you support a potential park and resort coming to this site? Please explain why.
2745	I have visited many of your parks worldwide and think the UK is a fantastic location for an attraction like this.	Would you support a potential park and resort coming to this site? Please explain why.
2303	I have visited the parks in the US and am a big fan. I believe the parks would be a welcome addition to the UK and would provide a gap in the market we so desperately need in Europe. I would really like this proposal to go ahead!	Would you support a potential park and resort coming to this site? Please explain why.
2357	I have visited the resort in Orlando & stayed on site multiple times. Although there are theme parks in this country already, I can say that they do not compare to the Universal parks in Orlando so would be received well in this country based on the amount of British residents who visit Orlando every year. Additionally, Harry Potter as a British book & film series should have a place in the Bedford Park to recognise and celebrate its importance in the UK. I think that it's important to incorporate iconic Universal Studios films such as Jurassic Park/World, Back to the Future, The Mummy, Despicable Me, Jaws, E.T., Men in Black, Harry Potter, Shrek and The Mummy as although these range in age I think that they still have a big influence on society and pop culture. An example is the Back to the Future musical on the West End demonstrating the relevance of the film series in modern society. I understand why rides change over time but the parks are not just enjoyed by children but adults too. I say this as someone who is a theme park enthusiast and a frequent visitor to Universal Orlando from a young age.	Would you support a potential park and resort coming to this site? Please explain why.
3944	I have visited Universal Parks in Orlando, and can imagine the level of care, detail, technology and inspiration that Universal could bring to Bedford. Anyone who has ever visited any Universal Park will say YES!	Would you support a potential park and resort coming to this site? Please explain why.
1209	I have visited Universal resorts in Orlando and have seen first hand how Universal cares about the community and environment.	Would you support a potential park and resort coming to this site? Please explain why.
3987	I have visited your Orlando and Hollywood resorts many times and have witnessed first hand what you will be bringing to the table. I'd be excited for a resort within a short drive from my home, when I first saw Jurassic Park in the cinema I never thought a real one could be built down the road from me but here we are! On top of the world class theme park I'd be excited for a city walk, somewhere to hangout and take friends and family for unique dining and other experiences. (I'm hoping you bring escape rooms and a Toothsome!) Your presence will hopefully make others like Merlin raise their game, and we've not even talked about how HHN, this tiny island doesn't know what it's been missing.	Would you support a potential park and resort coming to this site? Please explain why.
419	I have visited your park in Orlando and believe it would bring something to the UK which we do not really have on the scale and quality of Universal. It would bring much excitement and joy to thousands of people who may not have been able to afford to travel abroad to experience your parks yet or people such as myself who cannot afford to travel abroad on big trips very often. I welcome this a great deal and really hope you decide to create a new park here! I live an hour and 30 minutes away so this would be a dream come true!	Would you support a potential park and resort coming to this site? Please explain why.
2577	It's be lovely to take grandchildren	Would you support a potential park and resort coming to this site? Please explain why.
1656	Its not only bedford that would benefit from the park but the wider community. And people who love what universal do best give ppl something to be proud of as a country will really need something likes this now .	Would you support a potential park and resort coming to this site? Please explain why.
1930	It's very exciting if this was to go ahead in my country myself and children love theme parks and to have Universal only a few hours away would be amazing to day the least	Would you support a potential park and resort coming to this site? Please explain why.
191	Ive always loved theme parks and the fact something like this could be local to me is honestly amazing, I couldn't be happier about the proposal	Would you support a potential park and resort coming to this site? Please explain why.

3930	I've stayed at Universal Orlando Resort multiple times, and stayed at the Hard Rock Hotel on Sentosa Island as well as visting Universal Studios Singapore in the process. Universal Resorts are incredible places, and I'd love to have a local Universal Park. Despite living 2 hours away, I would definitely buy an annual pass and visit regularly. I'm also a trained Mechanical Engineer and I'd absolutely love to work for/with Universal in some capacity with this project.	Would you support a potential park and resort coming to this site? Please explain why.
4300	Like explained the opportunities that it will provide to the local area are going be huge. I live not far away from the site at all and have young children who would absolutely love the park we have nothing in this area and usually have to travel 2hrs+ to visit a theme park of any kind.	Would you support a potential park and resort coming to this site? Please explain why.
1643	Love the universal resorts in the us and how it can revive and make a area flourish.. all done with a bit of class that doesn'tjust look like a fun fair	Would you support a potential park and resort coming to this site? Please explain why.
2459	Love theme parks and would be cool to have on my doorstep	Would you support a potential park and resort coming to this site? Please explain why.
3300	Love to with with cinema entertainment industry	Would you support a potential park and resort coming to this site? Please explain why.
1641	Love universal and what they do. How they have transformed areas in other parts of the world, the community and culture created. Long time visitor, fan and share holder of comcast	Would you support a potential park and resort coming to this site? Please explain why.
4822	Love universal studios in Hollywood and would welcome such a great park so close to home	Would you support a potential park and resort coming to this site? Please explain why.
4371	My answer is somewhat biased, but I love theme parks in general. Going to a Universal park is on my list"	Would you support a potential park and resort coming to this site? Please explain why.
1519	My family absolutely love the Universal Theme Parks especially Orlando. We have celebrated many happy times there including our Honeymoon. We now have a young daughter and would love her to experience Universal in our home country before travelling far away and being able to give her that experience locally would mean the world to us.	Would you support a potential park and resort coming to this site? Please explain why.
1376	My family love Disney and movies. And went to universal in Orlando many years ago for our honeymoon and would be absolutely amazing if we had our own version we could go to more often.	Would you support a potential park and resort coming to this site? Please explain why.
2249	My family love visiting theme parks, we have a Merlin pass and we have been fortunate to go on a once in a lifetime trip to Universal Studios in America	Would you support a potential park and resort coming to this site? Please explain why.
1383	Our family would love to have a universal resort on our doorstep. Our daughter is 9 months old and so the timing of the resort opening would be ideal for days out, mini breaks, etc. It would be amazing to be able to visit a universal resort without having to go all the way to Florida, which financially isn't possible for us at the moment, or at least not very often. We would be very interested in getting annual passes for a universal in Bedford.	Would you support a potential park and resort coming to this site? Please explain why.
4728	The area can use a pull from tourists it is missing while surrounding cities have that. Also I love to visit Univerals Studios Orlando and have a local park would be an amazing addition.	Would you support a potential park and resort coming to this site? Please explain why.
4330	The job opportunities it would bring would be immense. But also, I love Universal Studios parks - I won't have to fly so far!	Would you support a potential park and resort coming to this site? Please explain why.
652	Ive been visiting your parks for over 20 years. There's a reason my family and I keep coming back. Having one 10 minutes away from where i live would be a dream come true. But be assured this will not stop me from going back to Orlando.	Would you support a potential park and resort coming to this site? Please explain why.
650	My family and I have visited the Florida Resort several times. Which has created many of our families favourite memories, Having this opportunity to experience that in my own country would be amazing.	Would you support a potential park and resort coming to this site? Please explain why.
3755	My family and I moved to Bedford 5 years ago. It could be transformative for the community. Everyone we speak to wants change in Bedford and this would be a great way to start it.	Would you support a potential park and resort coming to this site? Please explain why.

3845	Myself and my entire family are very excited to see such a BEAST sized Project coming up in our town(Wootton/Stewartby). It is going to revamp the pride of the town. Opens up unlimited and perennial opportunities for the locals and also the entire country directly or indirectly. Creates new livelihood opportunities for many talented individuals. Just the feel of it being a GLOBAL DESTINATION is thrilling and we are proud to be living very nearby to the project. We also feel that it is going to do lot of good to the upcoming generations. However, like I mentioned in the very initial questions of this survey.....please do not spare any corner to enhance safety and security of every local resident and international traveller. With the latest technology it is very much possible to come up with state of the art safety and security measures.	Would you support a potential park and resort coming to this site? Please explain why.
3620	Our family enjoys Theme Parks and Universal Parks offer a wonderful experience. It would be nice to have something like that much closer than Florida.	Would you support a potential park and resort coming to this site? Please explain why.
4730	The potential of having such an amazing attraction so close to where I live is unbelievably exciting, as someone who has visited both the universal Orlando parks on multiple occasions where me and my family had amazing time and memories the prospect of making more a little closer to home would be a fantastic. I really hope this gets approved and cannot wait to visit.	Would you support a potential park and resort coming to this site? Please explain why.
4087	I think the benefits are unmeasurable for the local area. I love universal and would feel a little piece of my childhood was here with me	Would you support a potential park and resort coming to this site? Please explain why.
3284	I think the benefits to the economy, both local and national, would be massive. Although I don't live nearby I do frequently work nearby and can see the area would benefit massively from the investment this would bring. I'd also certainly consider frequent visits to the park with my family.	Would you support a potential park and resort coming to this site? Please explain why.
4470	I think the building of the park would be an amazing addition to the current derelict grounds. For a start it is more or less in the centre of all of the train lines. It is a 30 minute drive from Luton airport and an hour from Birmingham. There is a huge gap in the area between Alton towers and legoland/thorpe park so I think for theme park lovers it will be a welcome addition. I actually live 5 minutes from the site and I would love to see the park being built so nearby!	Would you support a potential park and resort coming to this site? Please explain why.
3946	I think the chosen location is ideal given its central location. It's close by to major road and rail networks including nearby Airports such as Luton. I think that this park would improve the profile of Bedford and bring a resurgence to the area and local businesses providing that it makes sure the surrounding area can deal with the increase in traffic and road usage.	Would you support a potential park and resort coming to this site? Please explain why.
439	I think the development of a new theme park on the scale and quality that Universal will provide will only benefit the theme park culture (and existing theme parks) throughout the entire UK. It has been stagnant for a while and in particular the level of theming that Universal provides should inspire other parks in the UK to invest in this area. The suggested location is very accessible to the majority of mainland UK and the development of the railways and public transport outside of London is also beneficial - not just to those visiting the parks. Currently the majority of UK theme park lovers have to travel outside of the UK (e.g. to Paris) and it is exciting to think we could have something here too. Putting a park in the location suggested will no doubt encourage visitors from overseas, who whilst here will visit other areas of the country.	Would you support a potential park and resort coming to this site? Please explain why.
1177	I think the quality of entertainment Universal offer will have impact on the themed entertainment industry of all Europe and especially the UK. Other theme park will also need to step up their game offering way more quality that they are offering now.	Would you support a potential park and resort coming to this site? Please explain why.
1761	I think this is a fabulous opportunity for Bedford and the surrounding areas, Bedford has gone down hill in recent years and would live to see it thriving again	Would you support a potential park and resort coming to this site? Please explain why.
875	I think this is a really exciting opportunity for the UK and would be a great addition to our existing theme parks and resorts.	Would you support a potential park and resort coming to this site? Please explain why.

1009	I think this is a unique and amazing opportunity for everyone in the Bedford area. The company universal are a well known and powerful brand that is trusted for the benefits they bring to the towns they establish themselves in.	Would you support a potential park and resort coming to this site? Please explain why.
1821	I think this is a very unique opportunity for the the UK and the people of Bedford to bring a more premium theme park experience to the table. Nothing like this exists in the UK, and with a growing population who are already engaged with universal products its feels like a great fit. The majority of the land as it stands is previous farm land devoid of wildlife. I'd like to see Universal partner with local rewilding organisations, to really focus on rewilding the local area. Creating habitats, such as wetlands, using as many native trees as possible, and pollinating plants for pollinators across the resort. This resort would bring a lot of wildlife back from the brink, combined with a really exciting product.	Would you support a potential park and resort coming to this site? Please explain why.
3809	I think this is a wonderful area with great transport links. There isn't much within Bedford itself that makes it unique however to draw people here.	Would you support a potential park and resort coming to this site? Please explain why.
3292	I think this is an amazing idea and people would love to have a closer universal park , it also makes people from different places in Europe to come to a nearer universal park	Would you support a potential park and resort coming to this site? Please explain why.
862	I think this is an exciting opportunity for development in an area that is lacking in economic activity and will provide a much needed boost to the local economy with a positive impact that will last for generations.	Would you support a potential park and resort coming to this site? Please explain why.
643	I think this is incredible for the economy, the area as a whole and the UK. People would finally get the park we deserve and would love something like that over here, alongside all the other benefits it would bring.	Would you support a potential park and resort coming to this site? Please explain why.
874	I think this is just what the UK needs right now, a significant project from a world renowned brand and industry leader putting serious investment into our area that has been lacking over many decades, this is great for local and national growth and offers many opportunities for thousands of local people	Would you support a potential park and resort coming to this site? Please explain why.
1316	I think universal coming to the uk would not only benefit the local Bedford area it would be massive benefit to the uk. Having been to both Hollywood and Orlando universal parks I am confident that this would be a world class resort and that is very exciting for the uk	Would you support a potential park and resort coming to this site? Please explain why.
4116	I think Universal Studios would improve the local economy and be a fantastic addition to the entertainment industry in the UK	Would you support a potential park and resort coming to this site? Please explain why.
3008	It's just wasteland and it will be an exciting addition to the town - the town centre needs an overhaul and hopefully your influence will get rid of a council and BID that lack ambition and are out of touch with the new generation	Would you support a potential park and resort coming to this site? Please explain why.
3872	Since the brickworks closed there has been very little large businesses to employ a range of people aside from centre parcs. This would be a fantastic opportunity to give the area a new lease of life.	Would you support a potential park and resort coming to this site? Please explain why.
384	The potential business and opportunity it will bring, should outweigh any impacts caused by the park, if designed well.	Would you support a potential park and resort coming to this site? Please explain why.
E6235	I wholly support your plans and hope they go ahead. I think your plans will be transformative for the area and a significant benefit to the U.K. as a whole.	Comment via email
863	Just can't afford to miss this rare opportunity.	Would you support a potential park and resort coming to this site? Please explain why.
1909	Living in Milton Keynes (only 15-20 mins away) ..not Bedford, I think this would be a great opportunity for our community as well.	Would you support a potential park and resort coming to this site? Please explain why.
2939	Many young people move away from the area, a project like this offers opportunities to stay. It is central to many other cities, prime location, and will offer opportunities on a much wider basis than the project itself.	Would you support a potential park and resort coming to this site? Please explain why.
2820	More job opportunity	Would you support a potential park and resort coming to this site? Please explain why.
4793	New job opportunities Good for the development of Bedford town	Would you support a potential park and resort coming to this site? Please explain why.

3790	New job opportunities, enhanced infrastructure, enhanced investment for the area and the benefit to mental health by having a new 'escape' from reality on our doorstep.	Would you support a potential park and resort coming to this site? Please explain why.	
2359	New opportunities	Would you support a potential park and resort coming to this site? Please explain why.	
363	Opportunities are vast for this county and provided the correct infrastructure is put in place will be amazing	Would you support a potential park and resort coming to this site? Please explain why.	
609	Opportunities for the workforce should reflect a variety of skills and vocations to best support the community	Would you support a potential park and resort coming to this site? Please explain why.	
2620	Opportunity of work for young people	Would you support a potential park and resort coming to this site? Please explain why.	
2406	Regeneration of an abandoned site and employee t opportunities especially for the young	Would you support a potential park and resort coming to this site? Please explain why.	
356	Should statements made about how the area would be developed, it is an exciting opportunity on our doorstep. I trust the brand and therefore hope that they would follow up on the dream that they are selling with regards to sustainability, infrastructure and impact on local community.	Would you support a potential park and resort coming to this site? Please explain why.	
699	Somewhere to make memories with my grandchild and good career opportunities	Would you support a potential park and resort coming to this site? Please explain why.	
3144	Support the Deaf & Hard of Hearing to access job opportunities.	Would you support a potential park and resort coming to this site? Please explain why.	
4722	The Bedford area badly needs more job opportunities+more chances for youngsters to buy homes.	Would you support a potential park and resort coming to this site? Please explain why.	
2592	The Bedford area needs investment, there are certain areas that need redevelopment. In doing this Bedford would prosper. Also opportunities for young people would happen	Would you support a potential park and resort coming to this site? Please explain why.	
4450	The job opportunities are massive and will elevate Bedford and the surrounding area as a 'Go To' destination, instead of somewhere people just pass through on the M1!	Would you support a potential park and resort coming to this site? Please explain why.	
4130	The opportunities available to the community, particularly work and training opportunities for youth and working age. Also increasing the reputation of Bedford.	Would you support a potential park and resort coming to this site? Please explain why.	
4546	The opportunities it brings to Bedfordshire are so valuable	Would you support a potential park and resort coming to this site? Please explain why.	
1663	The opportunity that this will bring for everything is amazing	Would you support a potential park and resort coming to this site? Please explain why.	
321	The park will create more job opportunities, improve the local area and bring a well known brand to the ku that is sorely needed.	Would you support a potential park and resort coming to this site? Please explain why.	
E6237	<p>Hi, just wanted to send some positive feedback regarding the potential Universal theme park jn Bedford.</p> <p>As a family we really really hope this comes to fruition, it will be a fantastic thing for the local area. We have been lucky enough to visit (and stay in on-site hotels) Universal Orlando so know how brilliant your parks are and what a high standard they are compared to what we currently have in the UK. We hope to be able to visit Epic once it opens too.</p> <p>To have such a park on our doorstep would be a dream come true!</p> <p>Kind regards</p>	<p>Comment via email</p>	

	<p>Dear London Communications,</p> <p>I'm a local resident to the proposed Universal theme park. Personally, I couldn't be happier for the project and the opportunities that it will bring the local area.</p> <p>I am also a XX for the XX in Wootton which will be the XX primary school to the proposed site. It would be a fantastic opportunity for the pupils to get involved with Universal both in terms of a multitude of learning experiences and in terms of building relationships with the local community. I would greatly appreciate the opportunity to discuss this further and see how Universal could support this.</p> <p>Kind regards,</p>		
E6238	XXX	Comment via email	
1343	It's a brilliant proposal	Would you support a potential park and resort coming to this site? Please explain why.	
3672	its a great new park	Would you support a potential park and resort coming to this site? Please explain why.	
3128	It's local!!! What a brilliant experience to have so close to us.	Would you support a potential park and resort coming to this site? Please explain why.	
4022	It's transformed Orlando and it would do the same for Bedford. I visit Orlando every 3/4 years and I'd be visiting here 2/3 times a year! I trust you'll deliver a world class theme park and that's something we don't have	Would you support a potential park and resort coming to this site? Please explain why.	
4230	Mainly for the reasons above. This would be a huge benefit to Bedfordshire as a whole.	Would you support a potential park and resort coming to this site? Please explain why.	
3072	Material relief for a town that has been in decline for a decade	Would you support a potential park and resort coming to this site? Please explain why.	
4837	More work better area to live	Would you support a potential park and resort coming to this site? Please explain why.	
2980	Much needed investment in the community and beneficial to the area more than housing estates.	Would you support a potential park and resort coming to this site? Please explain why.	
3182	Need for AAA rated big ticket parks to push merlin to do better	Would you support a potential park and resort coming to this site? Please explain why.	
1382	Need more themed parks on the level you do	Would you support a potential park and resort coming to this site? Please explain why.	
2719	My parents saw how Legoland helped to improve Windsor, to be a part of something such as this and wake up the sleepy town of Bedford would be incredible. The town needs a lot of support, and this may be it	Would you support a potential park and resort coming to this site? Please explain why.	
437	Put Bedford on the map	Would you support a potential park and resort coming to this site? Please explain why.	
3212	Please put theme park here we have been waiting so long for a good theme park and they keep changing their minds	Would you support a potential park and resort coming to this site? Please explain why.	
1062	Something needs to happen here	Would you support a potential park and resort coming to this site? Please explain why.	
1610	Somewhere I'd like to visit and also be part of.	Would you support a potential park and resort coming to this site? Please explain why.	
4221	that would be sick	Would you support a potential park and resort coming to this site? Please explain why.	
3477	It gives opportunity for people who cannot afford to travel abroad to have the universal experience. By bringing the park to the UK, this allows this.	Would you support a potential park and resort coming to this site? Please explain why.	
4917	It gives people more choice of leisure activities and theme parks are a great way for every age group to enjoy themselves and have good memories of their experience there.	Would you support a potential park and resort coming to this site? Please explain why.	

2756	It has always been expensive to travel to America for universal, however it has always been a dream of mine. Creating this park would be a lot more accessible to the local life in Europe and other closer areas and would be an amazing investment.	Would you support a potential park and resort coming to this site? Please explain why.
1197	It has the potential to be truly transformative. These opportunities don't come around very often, and I am confident that Universal would deliver a quality product that would benefit the entire UK.	Would you support a potential park and resort coming to this site? Please explain why.
3114	It has the potential to deliver significant economic benefits at the site and in the wider region through increased visitor numbers and associated spending.	Would you support a potential park and resort coming to this site? Please explain why.
2606	Inward investment, also I want to go to a universal resort, and I don't want to fly to Florida to do so	Would you support a potential park and resort coming to this site? Please explain why.
1906	I'm pleased that for once the UK has become the focus and potential for such a project and not overlooked in favour of another European country!	Would you support a potential park and resort coming to this site? Please explain why.
3421	I'm use to visit Universal in Orlando and I think that can be really challenging for the European market to have Universal coming near by. It will help to raise the quality standard in the industry and can't wait to collaborate on this project.	Would you support a potential park and resort coming to this site? Please explain why.
1855	i'm a big fan of entertainment complexes like theme parks, and what universal can do. for a lot of people across the UK it isnt possible to travel as far as USA or even Paris. a major attraction like this within the UK would mean broke folks like me who watch hours of rollercoaster videos online can finally be in with a chance at experiencing it themselves, on their own doorstep without thousands in flights and visa stuff.	Would you support a potential park and resort coming to this site? Please explain why.
849	Im a big fan of theme parks who would not otherwise afford to travel abroad to places like orlando. I also see the benefits towards the ecconomy	Would you support a potential park and resort coming to this site? Please explain why.
2600	I'm a big theme park fan and this would be the closest one to me and I would visit alot due to location.	Would you support a potential park and resort coming to this site? Please explain why.
752	I'm a person who flies to Orlando regularly to Visit Universal Orlando Resort. This year my husband and myself will be buying annual passes and attending Halloween Horror Nights. Nexy year were hoping (If its open) to vosit Epic universe. If you come to the UK we would be looking to be Annual Pass members from Day 1 (While maintaining out travel to Orlando!) I love he idea of only having to jump on a train to visit a world class theme park!	Would you support a potential park and resort coming to this site? Please explain why.
919	I think the resort would be transformational for the area and recognize the many potential benefits of the project to our community. From a personal perspective, I and many people I know have visited (and loved) Universal Studios Hollywood and Orlando, so the prospect of having such a great park on our doorstep is also very exciting.	Would you support a potential park and resort coming to this site? Please explain why.
4290	I think there hasn't ever been anything like this in the UK before and I've always said how is Europe one of the biggest destination countries yet we do not have a proper big theme park! I'm hoping with the opening of this project this also a Harry Potter wizarding world because I've always questioned how Harry Potter started in the UK, but yet we don't have a park to honour it!	Would you support a potential park and resort coming to this site? Please explain why.
2522	I think there is nothing of this calibre in the theme park industry in the UK (or even Europe) at present. I do love Universal (especially Orlando) but regardless of that, I think this project is awesome and would bring tremendous benefits to the local area, to the wider area, and to the UK. I think we should consider ourselves honoured to have been chosen as a potential location. I think that this is the best way to maximise the development of this area, whilst causing the least negative impact, and bringing the most improvement. Thank you, Universal.	Would you support a potential park and resort coming to this site? Please explain why.
3411	I think we should have a new Theme park in the UK, it would bring lot of fun to people since some cannot travel abroad to other Universal parks. Its would be a great investment for everyone.	Would you support a potential park and resort coming to this site? Please explain why.
1517	In general it would bring significant economic benefits to the area.	Would you support a potential park and resort coming to this site? Please explain why.

F6143	I think as a big theme park fan, Universal UK will be huge hit across the world. Bedford is a great location, Home of Harry Potter so please bring a Hogwarts Castle you can explore, I will be applying for job!	Feedback form: Please share any other feedback you have at this stage. Please share any other feedback you have at this stage.	
802	In addition to the reasons above, the UK lacks the experience and entertainment the resort offers. It would allow many families the opportunity to create forever memories, whom may not be able to achieve them otherwise.	Would you support a potential park and resort coming to this site? Please explain why.	
F6180	Great idea of use of dead land. Much better than more houses.	Feedback form: Please share any other feedback you have at this stage. Please share any other feedback you have at this stage.	
204	In England we have lack of theme parks and more importantly greatly themed theme parks, I think that a theme park resort of this size and capacity would extremely help the UK economy and more importantly look at the success of Merlin Entertainment, Universal Studios UK would be a greatly popular theme park if you are to continue with the project, just look at the hype around the proposed park on social media. The UK theme park community would extremely enjoy this project.	Would you support a potential park and resort coming to this site? Please explain why.	
F6146	It's very exciting. Please proceed!	Feedback form: Please share any other feedback you have at this stage. Please share any other feedback you have at this stage.	
F6171	Excellent project	Feedback form: Please share any other feedback you have at this stage. Please share any other feedback you have at this stage.	
F6172	The UK really need this park;resort it will be the best thing to ever happen and I for one can't wait.	Feedback form: Please share any other feedback you have at this stage. Please share any other feedback you have at this stage.	
F6173	We think this would be incredible for Bedford and the UK, we hope it goes ahead!	Feedback form: Please share any other feedback you have at this stage. Please share any other feedback you have at this stage.	
1639	In my eyes, this project can only benefit the local community and the country as a whole. Bedford already has great links to London and further developing the railway would open this to so many more people who otherwise would not have the opportunity to visit such a prestigious and exciting theme park.	Would you support a potential park and resort coming to this site? Please explain why.	
559	In my previous work experience I was a manager for Merlin entertainments at alton towers, I have seen how damaging to the industry and the park it can be when you have management in place only interested in money, and even though I spent months trying to alter the dynamic and put guest satisfaction above profits, it all fell on deaf ears. I have visited universal in Orlando and was totally blown away how beautiful the parks and surrounding areas were. Myself and my wife were always made to feel welcome by the staff, most of the rides and attractions were built with customer immersion and satisfaction as a priority, the queues for the rides were extremely impressive giving the customers something extraordinary to look at and immerse themselves in whilst they waited. if you were to look in a book on how to, and how not to operate a theme park, on how not too there would be Merlin entertainments, and how to there would be universal. Your parks are real escapism, and I can not recommend your product enough. Please make yourselves at home in the uk, you will be most, most welcome.	Would you support a potential park and resort coming to this site? Please explain why.	
F6191	I am definitely in favour of this project and I know Universal will do everything they can to ensure it is done to the very best of their ability.	Feedback form: Please share any other feedback you have at this stage. Please share any other feedback you have at this stage.	
F6192	Good plan for Bedford.	Feedback form: Please share any other feedback you have at this stage. Please share any other feedback you have at this stage.	
F6194	I'm fully supportive of this venture and sincerely hope it goes ahead.	Feedback form: Please share any other feedback you have at this stage. Please share any other feedback you have at this stage.	

F6204	Don't wait too long before you build the park. I'm 63 and would love to visit ASAP	Feedback form: Please share any other feedback you have at this stage. Please share any other feedback you have at this stage.	
F6218	We would welcome this very much	Feedback form: Please share any other feedback you have at this stage. Please share any other feedback you have at this stage.	
F6201	I think it will be a good thing but roads may struggle whilst development is taking place.	Feedback form: Please share any other feedback you have at this stage. Please share any other feedback you have at this stage.	
F6225	Looks exciting and lots of opportunities in later years for our young grandchildren but we bought our home for a quieter life. Will that be possible?	Feedback form: Please share any other feedback you have at this stage. Please share any other feedback you have at this stage.	
1484	If you have identified Bedford as a potential site..... you guys know what you're doing. The benefit for Bedford will be immense as long as the park doesn't kill the town. The UK needs and deserves a proper world class theme park and resort. We obviously have a few theme parks (eg Alton Towers, Thorpe park) however, these pale in comparison to a Universal resort. This country needs big themed rides and themed experiences and I can't wait to become an annual pass holder.	Would you support a potential park and resort coming to this site? Please explain why.	
325	I'm just excited at one of the big American parks is considering branching out somewhere relatively close to home. The economic benefits are also rather nice.	Would you support a potential park and resort coming to this site? Please explain why.	
1268	I'm originally a Floridian and have visited Universal Orlando frequently growing up. I have much faith in Universal and the positive impacts that this project could bring to the local area.	Would you support a potential park and resort coming to this site? Please explain why.	
4007	I'm impressed by the infrastructure upgrades, especially the dedicated junction which would allow traffic to bypass nearby villages. If sound screening could be also include along the roads, this would also be great. However the potential economic impact to Bedford and beyond is huge and could create a lasting economic legacy that many could benefit from. Also, Brexit has had a huge impact on ability to travel with ease internationally. From a personal perspective the loss of the direct trains from London to Disneyland Paris is huge and having Universal right on our doorstep is a massive benefit.	Would you support a potential park and resort coming to this site? Please explain why.	
2252	If done right it will be a fantastic addition for the uk, and if your other parks are anything to go by it will be	Would you support a potential park and resort coming to this site? Please explain why.	
1913	If Universal was to go ahead a build in Bedford, the theme park would be the best in the UK, and would bring the amazing product (theme park) to people who can't afford or can't do the travel to your other sites. Like Orlando this can cost some family a lot of money, but the have the park at there doorstep would be amazing.	Would you support a potential park and resort coming to this site? Please explain why.	
4123	If we want to improve the town before it becomes a state beyond repair, it is essential this project goes ahead. The opportunities it will create or just too great to pass up on as this is once in a lifetime. Nothing like this will ever come again for us, nor the local area and even the UK.	Would you support a potential park and resort coming to this site? Please explain why.	
2492	If will bring major improvement and investment to the area. Bedfordshire is like a forgotten county and this will put us on the map!	Would you support a potential park and resort coming to this site? Please explain why.	
4834	I think the town centre is dying but the people are amazing and it would be great to add some life to the town	Would you support a potential park and resort coming to this site? Please explain why.	
1034	I'm a theme park enthusiast and currently don't have many parks in amazingly easy access to me, I have been to universal in Florida and absolutely loved the parks, city walk and hotels. A universal park would bring something magical and unique to the uk and Europe as a whole. As someone who is passionate about the theme park industry it would also be very beneficial to my career path as working at a universal park in my home country would be a lot less stressful then moving continents completely.	Would you support a potential park and resort coming to this site? Please explain why.	
1902	I'm a theme park enthusiast and I believe this would be a great addition to the UK not just for the accompany but for all the people that like visiting theme park attractions	Would you support a potential park and resort coming to this site? Please explain why.	

2281	I'm somebody who dreams of going into the industry career wise and hope the investment in the UK theme park industry would help bring more opportunity for me to make my way into my dream career. I would hope it will shine a light on UK talent where it currently only shines in the US. I also hope the development encourages other theme parks in the UK to step up and be more inventive in improving their own parks.	Would you support a potential park and resort coming to this site? Please explain why.
1431	I'm theme park mad!!! I think something like this being brought to the UK is exciting and opens up so much potential it's just what we need and also for thous that are not as lucky as most to get over to America and other locations to have this experience right on there door step!!	Would you support a potential park and resort coming to this site? Please explain why.
3592	I've visited Universal in Orlando and the parks are like nothing the UK has seen before, mindblowing. The UK would be lucky to have a Universal site.	Would you support a potential park and resort coming to this site? Please explain why.
1977	I've visited universal Orlando many times and the chance to have a universal theme park only a 1 hour drive away is just amazing.	Would you support a potential park and resort coming to this site? Please explain why.
3571	If it wasn't a theme park, then it would probably be an industrial estate or more housing. At least a theme park would be fun.	Would you support a potential park and resort coming to this site? Please explain why.
4433	I thrive for my new life coming into the community and new opportunities for the upcoming generation and those who want a career change. I'm all for change for Bedford as I've seen it be a downfall for many years and the thought of this coming means change and hopefully life brought back to a drained historical town	Would you support a potential park and resort coming to this site? Please explain why.
E6255	I was very interested to hear the news of Universal's possible plans for a UK development. Particularly so because. I spent several happy years representing Rank in their Orlando investment with you. I will quickly add that I am well retired & not looking for work but at the same time, I was obviously interested in your UK plans. May I wish you well in your proposal.If I can help in any way, don't hesitate to ask. Regards to any of my Orlando colleagues who may still be working there. All the best, XXX	Comment via email
E6256	I spent several happy years as the Rank representative in their partnership with Universal in the Orlando project and was therefore very interested to hear about your UK plans. I hasten to add that I am well retired & not looking for work but at the same time wanted you to know that I would be very happy to help with any advice you may wish to have with regard to your UK project. Please give my very best regards to any of my old friends & colleagues who may still be working in Orlando. All the best, XXX	Comment via email
1614	I travel to Disney Paris by car from Nottinghamshire once a year and to Alton Towers 4-6 times a year. A Universal Park would be a major benefit to my family. A Universal park in England, can only have a positive impact on the local and national economy. If the transport infrastructure is significantly improved to allow easy access to the park, this park would be somewhere my family and I would visit on numerous occasions a year.	Would you support a potential park and resort coming to this site? Please explain why.
1845	I travel to Florida annually to visit both Universal and Disney Parks and also travel to Disneyland Paris most years, as I believe that Universal and Disney Theme Parks are a cut above all other theme parks, especially those in the UK. It would be amazing to be able to visit a Universal theme park here in the UK, where I know there is huge interest, with so much British IP to work with.	Would you support a potential park and resort coming to this site? Please explain why.
3261	I travel to Universal Orlando/Hollywood at least once a year. When I'm not there I often think, I could go with a Universal Day! To have the opportunity to travel to a Universal theme park with restaurants and hotels in under 2 hours makes this a viable day out I would probably do 3-4 times a month. I would also fill my car with friends. This would be an incredible boost for the whole of the UK	Would you support a potential park and resort coming to this site? Please explain why.
4667	The postive impact on the area, the chace for young people to thrive	Would you support a potential park and resort coming to this site? Please explain why.
1306	The potential investment in the communities, not only Bedford, but all surrounding areas.	Would you support a potential park and resort coming to this site? Please explain why.
3602	The potential is huge for the local area	Would you support a potential park and resort coming to this site? Please explain why.

4540	The project would be of help to the area.	Would you support a potential park and resort coming to this site? Please explain why.	
251	The reasons you have stated	Would you support a potential park and resort coming to this site? Please explain why.	
4376	I would love to have a park like this on our doorstep. I have a son who is interested in pursuing a career in media so this is exciting for him. I think Bedford is one of the best places in the country for transport links but is not currently a 'destination' town! our town is getting pretty run down and our local businesses would hugely benefit from more visitors.	Would you support a potential park and resort coming to this site? Please explain why.	
1898	I would love to visit a universal park, but have not been able to save enough money to travel. It's reassuring that there has been such consideration taken as to how this would affect the local community and environment.	Would you support a potential park and resort coming to this site? Please explain why.	
1437	I would travel for holiday just for this Universal resort. I live in Germany. And it would be an more than interesting alternative to Disneyland Paris.	Would you support a potential park and resort coming to this site? Please explain why.	
1726	If this site was already going to be developed on I think universal will protect the surroundings whilst building a world class resort	Would you support a potential park and resort coming to this site? Please explain why.	
E6266	<p>Dear Universal Destinations & Experiences</p> <p>I am from Milton Keynes, and only about a 20-minute drive from the potential theme park. I am overwhelmingly excited at the prospect of a Universal theme park being built near my home. I'm sure you are fully aware what a game changer that would be for the UK entertainment landscape, as well as for Europe.</p> <p>As a theme park enthusiast, I have been to many theme parks all around the world, and Universal Parks delivers outstanding quality, which is far beyond what the UK currently offers.</p> <p>I believe this project would be a genius move for Universal, but also for the UK. Currently the UK is an absolute leader on the entertainment world stage, the UK boasts the musicals of the West End in London, some of the greatest music artists / live entertainment in the world, and some of the biggest movies being made right here in Britain. What the UK needs now is a world leader in theme parks and resorts.</p> <p>The proposed project would be a huge asset to the UK, and bring a much-needed boost to the area, as well as joy and inspiration for so many people.</p> <p>I fully support this project and hope it becomes a reality!</p> <p>Kind regards, XXX</p>	Comment via email	

E6267	<p>Dear Universal uk project team</p> <p>I am delighted and excited to be able to join this public event! I also am 100% in favor of this project! It is amazing the speed at which this event has taken place since I saw the news about Universal Studios last December. I am from Japan, now living in Milton Keynes, and have visited Universal Studios Japan many times and had an annual pass. I feel there is a lack of high quality theme parks, and amusement parks in the UK, and they are mostly inaccessible and closed during the winter months. I believe that Universal Studios Bedfordshire near London and Luton Airport, will bring innovation to the UK entertainment industry, and would be more accessible to a wider audience. I feel quality theme parks enrich and have a great impact on people's lives, in fact, I have received a lot of energy, fun and inspiration from Universal Studios Japan. I think a theme park like Universal Studios will be a place for everyone to enjoy, because it is a great park for all age groups and at the same time, which is something that is missing in the UK entertainment industry at the moment. I support this project 100%, and hope that it will come to fruition, and create a wonderful place for the people of today and the next generation!</p> <p>Kind regards XXX</p>	Comment via email	
2170	<p>I would only dream of having a universal park and resort within the uk. As a person who has been to the ones in Orlando I am a huge fan of this business and would actively go to this park if it were to go ahead. Having a park like this in the uk would completely transform the uk theme park industry with higher standards of theming and overall more guest satisfaction</p>	Would you support a potential park and resort coming to this site? Please explain why.	
1711	<p>I've never been to universal in America I will at some point but travelling to America isn't cheap and isn't readily accessible, however if we had a universal in the uk in only a 3 hr train ride from the park and this would be incredible . But not just this I'm a theme park fan and this would add to the already incredible line up of parks we have in the uk but I think universal could bring something completely different to what we have currently in the uk the potential with the space and what you have around Bedford is huge !! A lot could be done here !! I love what universal what they bring and what they stand for world class attractions and entertainment! I think universal could potentially make this one of their stand out parks if not the best ! We're not like America we have transport infrastructure and it's fairly easy to get from one side of the country to the other . I feel this could take the the theme park industry in the uk to the next level this will only improve the likes of Alton towers , Thorpe park but the advantage universal has is these 2 parks in particular aren't transport friendly for those who don't drive , I will be able to hop on the train in kent go to London transfer over and get a direct train to Bedford !! With Thorpe and Alton it's so Difficult not driving so your have more people being able to visit universal on day trips out which would be great . And it would be stupid on universal not to capitalise on everything going for the Bedford site ! Everyone that wants to visit a major park for example say Disney paris firstly has to get the train which is so expansive then pay for accommodation and tickets .</p>	Would you support a potential park and resort coming to this site? Please explain why.	
4948	<p>I was nervous when they proposed building a Centre Parcs resort here, but the reality has been overwhelmingly positive. I know that you, too, will be fiercely protective of your brand's reputation, and therefore doubt that you will bring anything but good to the area.</p>	Would you support a potential park and resort coming to this site? Please explain why.	

2110	<p>I was a theme park enthusiast as a child and visited Islands of Adventure in its opening year and I still hold that up as among my favourite childhood memories so I am really excited that this kind of quality of experience may be coming to the UK. I have taken this up as a hobby again in the last couple of years taking up a Merlin annual pass and travelling around the country visiting a park every month and staying overnight sometimes so I live in the Warrington area between Liverpool and Manchester and will likely to the resort for a few days at least once a year (affordability of annual passes permitting). I feel the UK audience has been clamouring for a world class offering such as this for years, without having to travel to Europe, and the emphasis on improving transport links and caring about the local and UK economy, training people for careers and protecting the environment are unsurprisingly popular in connection with it. It's the perfect message to send to have the project approved I feel.</p>	<p>Would you support a potential park and resort coming to this site? Please explain why.</p>	
2924	<p>if the park was to change the scene in the uk theme park industry and local theme parks lost visitors the uk might become like France where they only the two major parks i would hate to see this but if it bought a competitiveness between the large park increasing the number and quality of rides bought to them the might be cool!</p>	<p>Would you support a potential park and resort coming to this site? Please explain why.</p>	
3887	<p>The Orlando resort is, in my opinion, the most magical and special place for anybody that visits. If it wasn't for the current 10 hour flight needed to visit, it would be somewhere I would visit as much as physically possible. The U.K. needs a sprinkle of Universal to brighten up an often dreary place, and I truly believe the impact that this project would have on the people of the U.K., and Europe as a whole, would be immeasurable!</p>	<p>Would you support a potential park and resort coming to this site? Please explain why.</p>	
E6286	<p>Hi,</p> <p>I am very impressed by the time and effort that you have already invested in the potential theme park at Stewartby.</p> <p>I am particularly interested in how the transport infrastructure would cope, so was delighted to see your commitment if the plans go ahead to help facilitate new stations at Wixams and on East West Rail. In the timescale of the project, both EWR and the upgrade to the A421/A428 between Black Cat and Cambridge should have been delivered.</p> <p>Please register my strong support for your project. I live about 10 miles away.</p> <p>Best regards,</p> <p>XXX</p>	<p>Comment via email</p>	

	<p>Dear Universal Project UK Team,</p> <p>I hope this message finds you well. My name is XXX, and I am a resident of Wixams, a charming village in Bedfordshire. I am writing to express my wholehearted support for the proposed theme park and resort project that you are planning to develop in our area.</p> <p>Having spent over 25 years living in Stewartby before moving around Bedfordshire, I have witnessed the varying fortunes of our region. Over the years, Bedford has transformed significantly, and I believe this new development could be the vital boost needed to rejuvenate the area, enhancing its appeal and vibrancy.</p> <p>Together with my daughter and two fellow Wixams residents, I have established a Facebook group to rally community support and share the excitement surrounding this initiative. Our group is a beacon of positivity, and we would be delighted to have you join us to foster a sense of community and enthusiasm for what promises to be a transformative project. You can find our group here:</p> <p>(XXX)</p> <p>Furthermore, I think incorporating local flavors such as the Chocolate Toothpaste dessert and the Bedfordshire Clanger into the theme park's offerings would not only celebrate our culinary heritage but also introduce visitors to the unique tastes of Bedfordshire.</p> <p>We are eager to see the project come to fruition and to experience firsthand the joy and community spirit it is sure to bring to Bedford. Thank you for considering our input, and I look forward to the possibility of collaborating with you to make this vision a reality.</p> <p>Kind regards,</p>		
E6287	XXX	Comment via email	
	<p>Good morning</p> <p>I attended the public exhibition yesterday.</p> <p>The Bedford project is very exciting and for a long time I have been thinking that this would be a great place for a theme park or similar.</p> <p>I have an idea which I have presented to a board of trustees a few years ago and it would be very complimentary to your project and could create a synergy to increase overall footfall and be a legacy to the community at large and would hopefully lead to significant brand enhancement of the Universal Studios brand.</p> <p>As you can imagine with my background and the title, it is food and farming related !</p> <p>It would be great to explore this at some point.</p> <p>Kind regards</p>		
E6298	XXX	Comment via email	

E6301	<p>Good morning, I just want to say i sincerely hope this project goes ahead. As an avid Universal Orlando fan, and hopefully Epic Universe, i know how completely amazing your customer service is, how your staff can make a visitors experience unforgettable. Our current theme parks do not provide either the training or incentives for employees to feel valued. This certainly reflects on guests experience. Please bring some Universal magic to the UK!! Sincerely, XXX</p>	Comment via email	
E6309	<p>Hello, my name's XXX. Live in Heartfordshire a county near to Bedfordshire. I'm really keen on the universal project for Bedfordshire. I've been going to Universal Orlando for years think it's fancastic. Can't fault the parks but could fault a year ago I don't think the restaurants' quality of food im city walk isn't asa good as the food you get in disney springs or restaurants. Would be keen for that to improve if you brought the universal park to the UK but it's fantastic news and I'm definitely for it and my number is XXX</p>	Comment via email	
F6102	<p>We feel the benefit from the park will far outway any negatives from what we have seen and head, not only for Kempston, but mostly local wildlife.</p>	Feedback form: Please share any other feedback you have at this stage.	
F6104	<p>This can only be good for Bedford and the surrounding area, particularly local businesses if their services are used.</p>	Feedback form: Please share any other feedback you have at this stage.	
F6106	<p>This is fantastic proposal that would be very beneficial to the local community and a great opportunity for local business like XXX to be part of.</p>	Feedback form: Please share any other feedback you have at this stage.	
F6162	<p>The project is very ambitious and would not only improve the area but be a fantastic benefit to the economy as well. The question is whether both councils would act positively and match your foresight with interesting + attractive developments.</p>	Feedback form: Please share any other feedback you have at this stage.	
F6159	<p>There are lots of positives / potential benefits to the local area, and the 'Universal' apporoach as presented sounds reassuringly through, considerate / sympathetic and professional - but there is no definite start date or timesale. Not possible to judge the impact on my daily life!</p>	Feedback form: Please share any other feedback you have at this stage.	
F6168	<p>This is a brilliant scheme and Bedfordshire is a much under valued small country with a great history - Jogn Burnyen / John Heward (Prison Reformer). Cardington Air Sheds. Bedford is the 2nd oldest charter borough in England (after Oxford Twinwods, Clapham had 17,000 US airman in WW2 - the largest US base in England.</p>	Feedback form: Please share any other feedback you have at this stage.	
F6174	<p>The proposal is strongly welcomed with clauses on some local infrastruture issues. B530 problem could be erased by lane form A6 to B530 not through Wixamsn. Inline with florist residential discount similar plan would be welcomed.</p>	Feedback form: Please share any other feedback you have at this stage.	
F6190	<p>Bedford really needs the injection of life oportunites that this will bring. Objections from detractors should be ignored - don't be persuaded by packets from short term interests; these stopped the Eden Project!!</p>	Feedback form: Please share any other feedback you have at this stage.	
1273	<p>There isn't a Universal park in Europe, and it would be great to have Universal in the UK. The Bedford site is very well located.</p>	Would you support a potential park and resort coming to this site? Please explain why.	
288	<p>There isn't a lot to do in Bedford that is fun or entertaining enough for us as a family our 4 year old would be around 9 when this opens so he would love your site you would be an asset to Bedford and for me as a maintenance engineer could find a new and exciting role within the site too</p>	Would you support a potential park and resort coming to this site? Please explain why.	
2051	<p>There's absolutely nothing nearby entrainment wise. We have to travel over 2 hours either north or south to get to another theme park. Adding this, along with all the infrastructure upgrades that comes with it will be such a long term positive thing.</p>	Would you support a potential park and resort coming to this site? Please explain why.	
3397	<p>This is a one in a lifetime opportunity for the local community, this site is centrally located in the country. M1 is down the road, Luton airport is also close. This site will be in the middle of Oxford and Cambridge corridor. This will benefit local economy and the local community will love to get involved.</p>	Would you support a potential park and resort coming to this site? Please explain why.	

2329	This is an amazing opportunity for the local area for business partnerships, job opportunities, skill training etc. As well as putting the rich heritage of the area in the lime light	Would you support a potential park and resort coming to this site? Please explain why.	
3310	This is an opportunity to put Bedford on the map. The theme park will be an even larger employer than the brickworks once were, and a lot nicer to boot.	Would you support a potential park and resort coming to this site? Please explain why.	
721	This is exactly what the UK needs and Bedford makes perfect sense. The site you have picked seems very ideal with rail location and road access. Millions of people travel to the US parks each year, and unlike other companies that opened parks in France, Universal knows the UK market much better.	Would you support a potential park and resort coming to this site? Please explain why.	
340	This is much needed for the UK. We have a young daughter and we would definitely visit this as it is close by to us. It will create so many job opportunities and being tourists and visitors from all over the UK and the world to the area.	Would you support a potential park and resort coming to this site? Please explain why.	
2209	This park needs to happen. The uk desperately needs something like this. It also give many more people the opportunity to experience universal that could not afford to travel to the US parks.	Would you support a potential park and resort coming to this site? Please explain why.	
2476	This will be an incredible boost to the Theme Park and resorts sector in the UK, creating an incredible amount of job opportunities and a huge economic boost. Our UK theme parks are very lacking in theming, new rides/areas and upkeep is poor. Having visited your parks around the world we personally know the standard is incredibly high and having a Universal park in Bedford would breathe life into the UK.	Would you support a potential park and resort coming to this site? Please explain why.	
4097	This will be great for the UK economy and provide a draw for tourists	Would you support a potential park and resort coming to this site? Please explain why.	
2316	This would be a great place for people to visit and stay instead of having to travel overseas to enjoy universal experiences	Would you support a potential park and resort coming to this site? Please explain why.	
241	This would be a very exciting opportunity for everyone in Bedfordshire, to have a new exciting career.	Would you support a potential park and resort coming to this site? Please explain why.	
1793	Travelling to America is a long way and difficult considering my disabilities so something in the uk to the calibre of your parks would be great. We just don't have parks with the level of quality and excitement here in the uk that you do in America. We need a taste please.	Would you support a potential park and resort coming to this site? Please explain why.	
338	Two reasons: 1) I've been to Universal Studios in both Hollywood and Orlando (many times) and love your parks. It would be great for those who can't afford flights and hotels to America to be able experience how great you do parks. UK parks are ok but they lack investment, some looking really old, and the theming is generally something that's not really done. 2) I've already told my boss of the company I've worked at for 15 years that I will definitely be looking to see if you have back office IT work and would happily leave in a heartbeat if you do!	Would you support a potential park and resort coming to this site? Please explain why.	
4413	UK theme parks are not theme parks, they're amusement parks at best and this will be a welcome addition to those families who cannot get to Orlando or elsewhere.	Would you support a potential park and resort coming to this site? Please explain why.	
550	Universal Parks are god-level tier parks, and we dont have any in the UK. The closest god-level tier park to us is Port Aventura or possibly Warner in Spain although that is based purely on big coasters alone, with Disney and Parc Asterix potentially AAA like, Alton Towers and Thorpe Park. I really hope you build Velocicoaster here, or a similar coaster type. Atrocicoaster themed to camp creatacious chaos theory!	Would you support a potential park and resort coming to this site? Please explain why.	
2460	We regularly travel to Florida so we would love to have a park closer to home. Especially if a lot of similar attractions are included - clearly Harry Potter would do very well here. Halloween horror nights too! The site is in a great central location.	Would you support a potential park and resort coming to this site? Please explain why.	
3690	Would visit often	Would you support a potential park and resort coming to this site? Please explain why.	
2012	Yes	Would you support a potential park and resort coming to this site? Please explain why.	
2812	Yes I would	Would you support a potential park and resort coming to this site? Please explain why.	

553	Would just be brilliant !!	Would you support a potential park and resort coming to this site? Please explain why.	
1954	Would be nice living 2 hours away from a Universal park.	Would you support a potential park and resort coming to this site? Please explain why.	
2130	Would be amazing since we have to suffer with merlin entertainment. Alot of people haven't been abroad like myself.	Would you support a potential park and resort coming to this site? Please explain why.	
2050	Why not?	Would you support a potential park and resort coming to this site? Please explain why.	
1781	Would be fantastic to have a world class theme park and resort in the UK and on my doorstep	Would you support a potential park and resort coming to this site? Please explain why.	
3496	There's nothing else like it	Would you support a potential park and resort coming to this site? Please explain why.	
3289	This would be so cool to have universal in the uk and lots and lots of people would go	Would you support a potential park and resort coming to this site? Please explain why.	
1727	This would be an amazing experience	Would you support a potential park and resort coming to this site? Please explain why.	
2613	We need it	Would you support a potential park and resort coming to this site? Please explain why.	
864	We love Universal Studio	Would you support a potential park and resort coming to this site? Please explain why.	
753	This is a vast space that can be put to great use.	Would you support a potential park and resort coming to this site? Please explain why.	
4482	Vistiting park on a regulare basis	Would you support a potential park and resort coming to this site? Please explain why.	
1657	This would be absolutely awesome to have this here and I really hope it goes ahead !!	Would you support a potential park and resort coming to this site? Please explain why.	
3599	We need a BIG UK theme park!	Would you support a potential park and resort coming to this site? Please explain why.	
3780	This is what we need in this area.	Would you support a potential park and resort coming to this site? Please explain why.	
460	Would love this to come to the Bedford area.	Would you support a potential park and resort coming to this site? Please explain why.	
2325	Would love to see Bedfordshire put on the map	Would you support a potential park and resort coming to this site? Please explain why.	
1713	Would love to see the land being used for a great investment	Would you support a potential park and resort coming to this site? Please explain why.	
638	Would absolutely love a Universal park nearer to home. I hope if it goes ahead, that it is to the high standard of the Orlando parks. Whilst I am not a local (1.45min away) I take the journey to a 2-night stay at Alton Towers every year, so I would travel to a Universal park.	Would you support a potential park and resort coming to this site? Please explain why.	
2726	Transformative in a positive way	Would you support a potential park and resort coming to this site? Please explain why.	
1739	We travel all the way to Orlando to experience universal, to have somthing of that scale, excellence, detail and experience in the UK would be phenomenal. I'd consider a season pass to come and enjoy the park regularly.	Would you support a potential park and resort coming to this site? Please explain why.	
2272	We travel every other year to America to visit Universal. We would love to have an annual pass to visit this to fill the void while we wait for the next visit. Also it would be easier to get merch.	Would you support a potential park and resort coming to this site? Please explain why.	
795	We travel to Orlando to go to Universal. Having one in the UK would be amazing, they bring so much more than what UK theme parks offer they also care about the guests and staff.	Would you support a potential park and resort coming to this site? Please explain why.	
2078	We trust Universal to create the best experience in the UK. Merlin has a monopoly here and do not invest in their parks.	Would you support a potential park and resort coming to this site? Please explain why.	
3924	We need new theme parks and need to invest in local areas.	Would you support a potential park and resort coming to this site? Please explain why.	

3628	We need something good to look forward to	Would you support a potential park and resort coming to this site? Please explain why.
199	We'd be there opening day! Please!!!	Would you support a potential park and resort coming to this site? Please explain why.
971	We would love a UK resort and would visit numerous times a year - in fact can you do an annual pass that covers the UK and Florida please ðŸ™‚	Would you support a potential park and resort coming to this site? Please explain why.
2043	We need a park and resort of this scale in the UK and give competition to Disneyland Paris.	Would you support a potential park and resort coming to this site? Please explain why.
2645	We need better theme parks in the UK! Merlin is rubbish!	Would you support a potential park and resort coming to this site? Please explain why.
2738	We need more diversification of the theme park industry in the UK	Would you support a potential park and resort coming to this site? Please explain why.
683	Theme parks are where you will have the most fun on this Earth. You can be transported to places humans could never imagine. The thought that you could be hoisted over 100m on a rollercoaster here is incredible.	Would you support a potential park and resort coming to this site? Please explain why.
3662	There are very few places you can go in the world that make you feel what a universal or Disney theme park can. I have been to the universal Orlando parks many time and going back in September this year. I visit local park Alton towers each year as well. Since I was young my dad used to tell me about his experience at universal Orlando when he was young on rides like Hanna-Barbera ride and honey I shrunk the audience. The UK is desperate for something like this. Please don't let us down and cancel or stop these plans.	Would you support a potential park and resort coming to this site? Please explain why.
2232	There's only a small amount of people in the UK that have visited a Universal Park. I was quoted a few thousand to travel to Orlando for 2 weeks with my daughter and that's money I don't have. This project is so exciting because even though we live in the North West of England, me and my daughter could be in Bedford in a couple of hours which makes this park a dream come true. Its quite surprising that the UK doesn't have a Universal park or Disney park yet. I'm praying for this Universal park and then a Disney one.	Would you support a potential park and resort coming to this site? Please explain why.
274	Would love to visit an universal theme park anyway - however, the simple thought that it'd be in Bedford would make it compulsory. Having the theme park in Bedford would be a game change for everyone who lives nearby and I feel that supporting this project in any way, shape or form is a must. Everyone I speak to about it thinks likewise!	Would you support a potential park and resort coming to this site? Please explain why.
2033	There's so many people of the UK who can't (for one reason or another) who can't afford to visit universal in the likes of Orlando, LA or other countries so a park of this stature would give people the opportunity to experience the magic of universal myself included as I have been wanting to take my family to Orlando for many years	Would you support a potential park and resort coming to this site? Please explain why.
2987	Universal brand would do very well here, guests from all over Europe would visit	Would you support a potential park and resort coming to this site? Please explain why.
3333	Universal brings both excitement and opportunity- I have visited many times before in Florida and LA and would love you to come to bedford UK	Would you support a potential park and resort coming to this site? Please explain why.
1278	Universal are the world best in the game - the question is why not?!	Would you support a potential park and resort coming to this site? Please explain why.
1337	We'd love to have a Universal resort within easy reach without having to travel abroad.	Would you support a potential park and resort coming to this site? Please explain why.
1537	Uk residents love universal orlando. It would be great to have our own park. Also I believe its great for Europe to be able to visit closer to there own country. Uk residents love Theme Parks.	Would you support a potential park and resort coming to this site? Please explain why.
2712	Universal fan and to have it on the doorstep would be awesome	Would you support a potential park and resort coming to this site? Please explain why.
1871	Universal resorts are the best standard of detail in the world.	Would you support a potential park and resort coming to this site? Please explain why.
2118	Universal should be in every country. It's the best all around theme park.	Would you support a potential park and resort coming to this site? Please explain why.

1215	UK needs more diversity in entertainment sector. The proposed area is already populist with Centre Parcs woburn Zoo etc. The addition would fit in perfectly.	Would you support a potential park and resort coming to this site? Please explain why.
890	Wow where do i begin. I have been to universal orlando many times and they are the best in the business at doing this kind of thing. A visit to a universal park brings so much happiness to people of all ages and to have one in the UK would be unreal. If i could add my name to a waiting list for annual passes i would do so now lol. You cannot beat the atmosphere at a Universal Park. The land purchased and indeed, Bedford itself is the perfect location. It would make many people's dreams come true. Please, please make this happen!!	Would you support a potential park and resort coming to this site? Please explain why.
2141	Universal are amazing when it comes to infrastructure	Would you support a potential park and resort coming to this site? Please explain why.
192	Universal are one of the top theme parks destinations in the world and would love to experience your attractions more than every 5-7 years in Orlando I could visit every few months if the right attractions where selected. I currently visit Disneyland Paris several times a year and look forward to doing likewise in the UK I used to be a Merlin annual passholder also.	Would you support a potential park and resort coming to this site? Please explain why.
4643	Think it would be amazing for the area	Would you support a potential park and resort coming to this site? Please explain why.
167	Think it would be great addition to both local area and uk as a whole	Would you support a potential park and resort coming to this site? Please explain why.
4214	Think it would be great for the area and offer lots of benefits.	Would you support a potential park and resort coming to this site? Please explain why.
4397	Think it would be wonderful to have such a theme park close by. Loved the one in Florida	Would you support a potential park and resort coming to this site? Please explain why.
360	Think it's absolutely amazing for Bedford	Would you support a potential park and resort coming to this site? Please explain why.
3917	Yes yes yes! Such a good thing for Bedford! Don't hesitate', do it!	Would you support a potential park and resort coming to this site? Please explain why.
953	would be good for the area and boost the economy	Would you support a potential park and resort coming to this site? Please explain why.
2714	Would be great for Bedford, would put us on the map. Would help to regenerate Bedford town centre and improve the local economy, with hotels, transport etc.	Would you support a potential park and resort coming to this site? Please explain why.
3751	Would be great for the local area	Would you support a potential park and resort coming to this site? Please explain why.
507	Would be great for the local area in many ways	Would you support a potential park and resort coming to this site? Please explain why.
1956	Would be simply amazing for the local area, truly amazing. Everyone I have spoken to has nothing but positive words to say about it. It could be truly special for the area but also the UK. I have visited universal many times with my family in Orlando and having a resort 15 minutes away is a dream come true and would instantly purchase and residents annual pass for my family. The country needs this	Would you support a potential park and resort coming to this site? Please explain why.
4785	Would greatly benefit local economy and bring great opportunities and would massively be supported by local bedfordians	Would you support a potential park and resort coming to this site? Please explain why.
4495	Would be an excellent opportunity for Bedford and allow the town to grow massively.	Would you support a potential park and resort coming to this site? Please explain why.
4673	Your resorts are fantastic and this would really put our local region on the map and significantly boost the local economy	Would you support a potential park and resort coming to this site? Please explain why.
2416	Your statement hits all the points very well. Bedford is a very central place and footfall would be off the scale. Something like your company doing this really puts Bedford on the map and will really help bring Bedford back to life as it was once many years ago. It would hopefully help bring other businesses back to Bedford and improve the town etc.	Would you support a potential park and resort coming to this site? Please explain why.
3671	Will be a boost to the local community	Would you support a potential park and resort coming to this site? Please explain why.
820	Will be beneficial for the local economy, provide opportunities to local residents. Be an improvement on Merlin's current offerings	Would you support a potential park and resort coming to this site? Please explain why.

774	Why not , it's a win win and as stated the land is perfect and the benefits for the community enormous.	Would you support a potential park and resort coming to this site? Please explain why.
295	Will regenerate the local area Bedford is in desperate need of help	Would you support a potential park and resort coming to this site? Please explain why.
999	This will be a significant development to the community life of Bedford, Bedfordshire and the wider community. Very strongly support this project	Would you support a potential park and resort coming to this site? Please explain why.
2017	This will be AMAZING for this area	Would you support a potential park and resort coming to this site? Please explain why.
3009	This will be an excellent opportunity for the whole region economically, socially and providing education and training opportunities.	Would you support a potential park and resort coming to this site? Please explain why.
1474	This will be such a great thing to happen to our local community!	Would you support a potential park and resort coming to this site? Please explain why.
481	This will change our part of the country for the better for the long term. It must happen.	Would you support a potential park and resort coming to this site? Please explain why.
4763	This will put Bedford on the world map. Bedford has been on the decline over the last decade and this project would definitely benefit and secure the towns future.	Would you support a potential park and resort coming to this site? Please explain why.
2538	This would attract huge investment in Bedford and surrounding areas bringing much needed improvements in local transport infrastructure and major employers to our area. This is a once in a lifetime opportunity to transform our communities and life chances bringing huge benefits to our area. We support this exciting project 100%.	Would you support a potential park and resort coming to this site? Please explain why.
505	This would be amazing for Bedford and the surrounding area.	Would you support a potential park and resort coming to this site? Please explain why.
4486	This would be an exciting and significant boost for the area. The countryside and villages around here are beautiful, and it would be wonderful to share them with the wider world.	Would you support a potential park and resort coming to this site? Please explain why.
3026	This would be excellent for the local economy and transform a brownfield site that otherwise would just have houses warehouse built on it at some point in the future. I feel its important to broaden the local economy so Bedford can become more than just a distribution hub for logistics firms.	Would you support a potential park and resort coming to this site? Please explain why.
3337	This would be fantastic for the area and very exciting.	Would you support a potential park and resort coming to this site? Please explain why.
3812	This is a fantastic opportunity for the local area	Would you support a potential park and resort coming to this site? Please explain why.
3761	There are so many positive things for Bedford Borough	Would you support a potential park and resort coming to this site? Please explain why.
4880	particular, the people of the Wixams development were promised amenities and transportation links by developers but are consistently let down by delays and by the promised amenities being cancelled and replaced with more houses. Universal provides a very exciting opportunity to have world-class restaurants, shops, and entertainment on our doorstep and this is extremely positive. It will also add to the diversity in the area, bringing in people from all around the world. Finally, we have two young children and the job opportunities are great.	Would you support a potential park and resort coming to this site? Please explain why.
4374	This is a great opportunity for the long term social and economic benefits for the community	Would you support a potential park and resort coming to this site? Please explain why.
4358	This is a great proposal for the area! For me personally having children who will be in teenage years by the completion time of this project, this will allow them fantastic future opportunities. Bedfordshire will gain many benefits from having this theme park and I welcome the job opportunity for local residents.	Would you support a potential park and resort coming to this site? Please explain why.
2706	This is a site that is in desperate need for development, without this project we risk having an eyesore for many more years. Also it will really put Bedford on the map! With great rail and road networks car traffic will be less than other parks	Would you support a potential park and resort coming to this site? Please explain why.
1690	This would be such a monumental boost for Bedford. It would be incredible to have a Universal Park here in the UK.	Would you support a potential park and resort coming to this site? Please explain why.
4496	Transformative for Borough and Country; huge benefits for local community - and a massive Universal Studios fan, I'd be there regularly!	Would you support a potential park and resort coming to this site? Please explain why.

4078	Very beneficial for the local area	Would you support a potential park and resort coming to this site? Please explain why.	
2616	This is exactly what is needed for Bedford, over the past 30 years lots of industry has closed and there are not very many interesting careers for people in our area. This project would bring money to the Town and would encourage further investment and bring it back to life, as Bedford has lots of potential, it would also bring fun to the area. People to travel from Paris for example it would only take 2-3 hours via Eurostar and the direct train from London or trains from Scotland to Milton Keynes and it will only be a few minutes to the resort.	Would you support a potential park and resort coming to this site? Please explain why.	
931	This is fantastic for Bedford and Kempston, people have looked down on Bedford for a while, it's not as historical as Cambridge or Oxford or as new and shiny as Milton Keynes. Bedford has a history of bricks and armaments a Universal Park is something to be really excited about.	Would you support a potential park and resort coming to this site? Please explain why.	
746	This is great for area, also we hold the river festival every two years which is one of the largest in Europe so shows Bedford is capable of handling large influx of footfall	Would you support a potential park and resort coming to this site? Please explain why.	
2696	The universal brand is a world leader in theme park experiences having this here would be a great opportunity for us here in Bedfordshire	Would you support a potential park and resort coming to this site? Please explain why.	
2700	We have nothing in this area like the prospects for the whole venture is fantastic	Would you support a potential park and resort coming to this site? Please explain why.	
501	Very positive for the region	Would you support a potential park and resort coming to this site? Please explain why.	
980	Your project looks amazing for the regeneration of Bedford and the surrounding area.	Would you support a potential park and resort coming to this site? Please explain why.	
1190	yes would cause some initial disruption but long term would boost the local community	Would you support a potential park and resort coming to this site? Please explain why.	
454	Yes, I believe it would be good for the area and bring much needed benefits to the local area	Would you support a potential park and resort coming to this site? Please explain why.	
4898	Would be a great benefit to Bedford and a great use of the wasteland and knowing universal it's would be planted to be in keeping with the local area.	Would you support a potential park and resort coming to this site? Please explain why.	
4865	Would be amazing for the area and create economic growth	Would you support a potential park and resort coming to this site? Please explain why.	
3876	This would not only be a fantastic opportunity for our community and local economy it would also be wonderful for local families and individuals to enjoy! I think it would be a wonderful addition to our local area!	Would you support a potential park and resort coming to this site? Please explain why.	
4435	We need something like this in the southeast and would love to have something like this nearby	Would you support a potential park and resort coming to this site? Please explain why.	
1233	This area is a perfect place for access from most parts of Britain. It would certainly put Bedford and surrounding villages on the map.	Would you support a potential park and resort coming to this site? Please explain why.	
369	Would really put Bedford on the map and would be brilliant for locals	Would you support a potential park and resort coming to this site? Please explain why.	
3596	Would love a town out of London benefiting from receiving growth and wealth into the community	Would you support a potential park and resort coming to this site? Please explain why.	
2021	This area is beautiful, but is suffering from poor infrastructure and poor education facilities for children with SEND. The town centre is tired and lacking life and local businesses. The new park would offer a much needed boost and national attention.	Would you support a potential park and resort coming to this site? Please explain why.	
3622	This area is in great need of improvement and development. The area also needs an economic uplift which this park could provide. Hopefully through S106 the local areas and communities could benefit.	Would you support a potential park and resort coming to this site? Please explain why.	

4567	<p>This area of the country is very well connected but has very little in terms of major tourist attractions which bring additional benefits to the area. As a local and also an enthusiast, I travel all over the world to see other parks and have seen the positive impact these types of development have on the surrounding area, as well as bringing in people who may not necessarily have visited the area. Both Bedfordshire and Cambridgeshire have so many other things to offer visitors and something like this would be great at bringing a new demographic to the area. I also see this as a huge catalyst to infrastructure upgrades which have been often talked about but never happened. Having worked in a job five years ago where we were consulted about East West rail to now, it's nice to see an organisation who is committed to seeing these come to fruition</p>	<p>Would you support a potential park and resort coming to this site? Please explain why.</p>	
4925	<p>This is a fantastic opportunity for local residents (I live extremely close to the site on Summerhill Place). After facing cutbacks over and over, finally this is an opportunity to improve local public transport infrastructure, and hopefully improve local amenities for residents. I support this because you have said you'll be improving transport including Wixams station. It is absolutely essential that Wixams station is expanded from the current plan for a 2-line part time station to a 4-line full time station, and even better would be to have it added to the East Midlands fast line into St Pancras. Improved station facilities including food, coffee and retail shops would support local residents who were promised these facilities locally, and in return we would support the increase in visitors to our area. I also support this because you've said you'll improve local walkways, and you'll be conscious of the local environment. Finally, I support this project with the expectation and hope that you will provide local residents with a number of free day passes each year.</p>	<p>Would you support a potential park and resort coming to this site? Please explain why.</p>	
3309	<p>This is an amazing project and opportunity for Bedford as it will provide sustainable development and improved infrastructure connecting it with the wider region.</p>	<p>Would you support a potential park and resort coming to this site? Please explain why.</p>	
2550	<p>Would transform the area, finally making Bedford a destination in itself rather than just a commuter town for London. The whole area would significantly benefit from modernised public transport infrastructure.</p>	<p>Would you support a potential park and resort coming to this site? Please explain why.</p>	
1046	<p>This is such a breath of air to lift the town and its communities. 'Breath Bedford Breath' we have suffocated since the 90s we need a new lift in the area.</p>	<p>Would you support a potential park and resort coming to this site? Please explain why.</p>	
4593	<p>This project will bring an amazing opportunity for Bedford and our children will be enjoying and embrace this amazing theme park.</p>	<p>Would you support a potential park and resort coming to this site? Please explain why.</p>	
669	<p>To bring more investment and prosperity to the local area.</p>	<p>Would you support a potential park and resort coming to this site? Please explain why.</p>	
4775	<p>Wonderfully exciting for our local area. Thank you! We want you here!</p>	<p>Would you support a potential park and resort coming to this site? Please explain why.</p>	
947	<p>UK will be the perfect location to serve Europe with a proper theme park.</p>	<p>Would you support a potential park and resort coming to this site? Please explain why.</p>	
3713	<p>To improve the socio-economic conditions of Bedford. Bedford has a highly diverse yet socio-economically deprived population. The community would benefit from a private industry injection of capital, improvement to infrastructure and travel, new enthusiasm and the creation of a positive working culture.</p>	<p>Would you support a potential park and resort coming to this site? Please explain why.</p>	
4653	<p>We've visited the universal park in Orlando and love the opportunities that it could bring to the area.</p>	<p>Would you support a potential park and resort coming to this site? Please explain why.</p>	
4252	<p>Universal parks are well known for delivering excellent quality theme parks and resorts, whilst protecting and developing the local area. Bedford would massively benefit from this project economically, socially, and environmentally. The UK is in need of a headline destination experience outside of London to pull more tourists through the country. As an Engineer, I am extremely interested and excited for this project and look forward to the opportunity to visit and potentially work here. I would happily move to the area if the right job came up.</p>	<p>Would you support a potential park and resort coming to this site? Please explain why.</p>	
2064	<p>Would be amazing for the UK and Europe as a whole to have such a world class attraction so close to Millions of people that may never get the chance to travel to America or many of the other parks.</p>	<p>Would you support a potential park and resort coming to this site? Please explain why.</p>	

3358	This is massively needed in not only the uk but Europe as we only have Disneyland Paris to compare. All other parks are in America or Asia. This is such exciting news for a theme park enthusiasts	Would you support a potential park and resort coming to this site? Please explain why.
1317	There is no Universal park or resort in Europe, there's a huge opportunity there! We need a serious rival to Disneyland Paris	Would you support a potential park and resort coming to this site? Please explain why.
3440	Think it will be great for job and opportunities and great for the uk economy	Would you support a potential park and resort coming to this site? Please explain why.
1999	This is a great thing to bring to the UK. The bizz even 2 hours from the site is amazing! Everybody is so excited.	Would you support a potential park and resort coming to this site? Please explain why.
573	This is going to be great for the United Kingdom I welcome this with full backing. Please build this great project!!!!!!	Would you support a potential park and resort coming to this site? Please explain why.
3555	Think it would not only be great for the UK but great for Europe. I have been to your Orlando park and miss the amazing time due to the expense of travel to the us. I love what you do and think it will be amazing if you go ahead. I will be signing up to a season pass.	Would you support a potential park and resort coming to this site? Please explain why.
3580	Would help with UK/European economy immensely.	Would you support a potential park and resort coming to this site? Please explain why.
1603	Would be the best theme park in the uk BY FAR. Definitely should go ahead, would be good for the uk	Would you support a potential park and resort coming to this site? Please explain why.
1413	Would be the best thing to happen in the uk for a long time and would be the best theme park in the uk. Universal are known for the care of guests and there parks and entertainment around them	Would you support a potential park and resort coming to this site? Please explain why.
869	Would be very good for the UK economy and local area as well as giving our town for of a name on a global scale.	Would you support a potential park and resort coming to this site? Please explain why.
533	would be amazing to finally have a universal park in the UK	Would you support a potential park and resort coming to this site? Please explain why.
3601	Would be amazing to have a park of this quality in the UK. The area is near my family's house and it has been unused for years and would be lovely next to the lake. Can't wait	Would you support a potential park and resort coming to this site? Please explain why.
956	Would be change for the better without getting rid of anything. This country needs something like this	Would you support a potential park and resort coming to this site? Please explain why.
1212	Will be great for the country	Would you support a potential park and resort coming to this site? Please explain why.
655	Will cause good competition within the theme park industry within the UK which is currently very "stale"	Would you support a potential park and resort coming to this site? Please explain why.
3235	Why not ? I feel there would be considerable economics benefits , and brownfield sites would be returned to economic use.	Would you support a potential park and resort coming to this site? Please explain why.
1645	This would be the best thing to happen to the United Kingdom, it would bring so much money into the country and give people an opportunity to visit a universal park and generate visitors from all over in particular Europe. This is the most exciting thing to even think a universal park would come to the UK and i just hope our government push this through as it will be the making of our country and definitely something we need as it's in a bit of a mess at the moment.	Would you support a potential park and resort coming to this site? Please explain why.
1400	This would be transformative for the UK.	Would you support a potential park and resort coming to this site? Please explain why.
1159	This would be so great for the local economy and for the U.K. as a whole. In comparison to Europe the U.K. is way behind with regards to theme parks and a universal park would be so very welcome	Would you support a potential park and resort coming to this site? Please explain why.
2891	This would be fantastic for the UK economy and drive further innovation and competition in an otherwise monopolised UK theme park sector. A Universal resort in the UK would offer a themed experience unlike anything else in the country, giving the resort unique appeal.	Would you support a potential park and resort coming to this site? Please explain why.

1454	This would be fantastic for the UK. I live in Newcastle and travelling to theme parks means a long trek to either the continent or the US. This would be great as it would be a 4 hour trip for us. I really like the idea of it being north of London so its accessible from more of the country (the UK isnt just London). I'd love to be able to visit bigger better theme parks more easily and more often. Please please do it.	Would you support a potential park and resort coming to this site? Please explain why.
2830	This would be massive for the UK	Would you support a potential park and resort coming to this site? Please explain why.
1905	This would be a fantastic opportunity for the UK. As I've working in the theme park industry for 13 years, something like this would give the industry a boost and put us on the map as a place to visit. Plus it would give families who cannot afford to travel to flordia or beyond a chance to experience a world class resort.	Would you support a potential park and resort coming to this site? Please explain why.
745	This would be a great investment for the UK. I live in Scotland and this would open travel routes to allow us scots to visit the park. I have spent many hours in your parks in the USA and have always had a wonderful experience. To have one of your parks in the UK would be fantastic	Would you support a potential park and resort coming to this site? Please explain why.
558	This would be amazing for the UK in every way	Would you support a potential park and resort coming to this site? Please explain why.
1144	This would be an excellent opportunity for the UK. It has the potential to bring tourists from Europe as well as providing opportunities for those living in the UK. There's also a wellbeing aspect. With high streets closing up and down the country, this would provide a large attraction that people can go and enjoy (and perhaps stay overnight). The UK needs this.	Would you support a potential park and resort coming to this site? Please explain why.
3369	This will improve the UK economy at large with benefits vastly outside just the local area. The UK theme park scene is also very stationary due to lack of competition for thrill rides and this will benefit everyone by encouraging existing competitors	Would you support a potential park and resort coming to this site? Please explain why.
1606	Uk needs this	Would you support a potential park and resort coming to this site? Please explain why.
2228	Uk needs this!	Would you support a potential park and resort coming to this site? Please explain why.
3433	This is an exciting opportunity for the UK, we definitely need something new in theme park section here, and this seems the best fit. I have read over the information provided and potential ideas and think it would be a mistake to not go ahead with this.	Would you support a potential park and resort coming to this site? Please explain why.
225	This will be an amazing opportunity for the UK. Unviersal resorts offer an amazing experience, myself and my family are very much major fans so to have one so close to us will be phenomonal. The current theme parks that reside in the UK are fun to visit but are no way near the level of what Universal has to offer. If this project goes ahead we will definatley be Annual pass holders, although this will not deter us from still visitng the Orlando resort it will just mean we are able to get the exeperience of Universal in between trips to Florida. I myself would be extremley interested in a career working for Universal so am very much in support of the proposed project.	Would you support a potential park and resort coming to this site? Please explain why.
2795	This is exactly what the uk needs!!!	Would you support a potential park and resort coming to this site? Please explain why.
3389	This would be a massive win for the UK. Not only would it attract people from wider Europe but the amount of people living in the UK that would visit would probably be greater as the proposed location is central for the majority of people.	Would you support a potential park and resort coming to this site? Please explain why.
2776	We need investment in the country and having Universal arrive in the UK is a big plus for the economy.	Would you support a potential park and resort coming to this site? Please explain why.
3932	Would be a fantastic addition to the UK, bring lots of great investment.	Would you support a potential park and resort coming to this site? Please explain why.
1989	We need this in our country nothing like this ever before and can't wait	Would you support a potential park and resort coming to this site? Please explain why.

2196	We need a world class park in the UK it will boost the economy across the country. I live over 3 hours drive away and would visit several times a year, this would help the local economy thrive.	Would you support a potential park and resort coming to this site? Please explain why.
2019	we need another theme park so there is more competition to build bigger and better rides, also will be good for the UK economy	Would you support a potential park and resort coming to this site? Please explain why.
1369	We need a major theme park in the uk we don't have anything as big as universal. I also think this would be a great opportunity for the local area and the uk!	Would you support a potential park and resort coming to this site? Please explain why.
2305	There are a huge amount of benefits to having a resort of this scale in the UK. Especially with a company with a huge track record of success. The economic benefits speak for themselves. Not just for Bedford but the UK.	Would you support a potential park and resort coming to this site? Please explain why.
2968	There has been a lot of new house building around the town of Amptill where we live. During that time there has been an increase in the traffic in Amptill causing frequent traffic jams. I would need more information to be sure that the new park would not increase this problem.	Would you support a potential park and resort coming to this site? Please explain why.
1220	There is a massive gap in the market in the uk of world class theme parks and attractions I would love to go to a universal park it would bring massive economic and tourist benefits	Would you support a potential park and resort coming to this site? Please explain why.
1493	There is very little for teenagers and young people to do in Bedford. They have to travel to nearby towns for entertainment which is not always convenient or affordable. To have a large theme park on our doorstep would be fantastic. It would provide a boost to the economy that Bedford desperately needs. There is very little industry here. This would attract tourists from all over the world and give business to local hotels, restaurants and might encourage more shops to open (the town centre is full of empty buildings where shops have closed due to low footfall with people buying online or going to other towns). Please go ahead.	Would you support a potential park and resort coming to this site? Please explain why.
2409	This could be a huge positive impact on not just the local area's economy but the whole of the UK's. My family are fans of Universal having visited Orlando last year and are massively excited about a potential park on our doorstep and the opportunities it would bring.	Would you support a potential park and resort coming to this site? Please explain why.
1628	This country needs this. We love visiting Orlando so we would definitely be visiting regularly. I personally find UK theme parks not interesting so this may push them to upgrade too....Good competition	Would you support a potential park and resort coming to this site? Please explain why.
1119	This has the opportunity to be massive for the whole of the UK, it would benefit the whole country. Universal is a massive player in the entertainment industry, one which I personally love and visit in Orlando. This I feel would only make people want to visit Orlando even more.	Would you support a potential park and resort coming to this site? Please explain why.
4361	This is something the area and the UK badly needs. Gone are the days when other parks such as Merlin would bring exciting and new products. I have been to universal parks many many times and I know too well how great these parks and resorts are. I would also buy a season pass so I could use here and Florida.	Would you support a potential park and resort coming to this site? Please explain why.
1666	This is something the UK needs. The theme park industry has expanded massively over the last few years and has created a lot of competition. Its about time the UK is put on the map. Despite the fact we have companies like Merlin based in the UK, they are not in any way, in the same league. I also feel its about time those who can't visit Universal parks in other parts of the World were given the opportunity to experience your product. On another note our infrastructure is currently appalling and with your help we could turn this around.	Would you support a potential park and resort coming to this site? Please explain why.
3660	This is unique to the UK. Universal offers a product thats unbeatable and offers endless opportunities for its existing customer base in the UK and introducing new customers to the universal products and experiences.	Would you support a potential park and resort coming to this site? Please explain why.
3795	This part of the country would really benefit from Universal theme park and would bring much needed economic benefits.	Would you support a potential park and resort coming to this site? Please explain why.
3897	This part of the UK is lacking in a world class leisure facility, A park like this would also encourage additional investment by other firms to support leisure and entertainment in the area, overall a benefit to everyone.	Would you support a potential park and resort coming to this site? Please explain why.

1385	This project would be completely transformative for the UK theme park industry and would give theme park enthusiasts, such as myself, something to really celebrate in this country. It would also encourage other parks around the country to step up their game and invest more in their attractions to compete with a great project on this scale.	Would you support a potential park and resort coming to this site? Please explain why.	
1529	To welcome a World renowned brand such as Universal Destinations & Experiences is a fantastic opportunity for the UK both for the economical benefits and for the excitement! The parcel of land near Bedford is a fantastic & accessible location that isn't too far from many major cities, international travel links & other established attractions (Woburn, Centre Parks, Bletchley Park etc) - perhaps the history & significance of the nearby areas could be incorporated into the design or storylines of the potential park. I would spend more time in Bedford if this project came to fruition!	Would you support a potential park and resort coming to this site? Please explain why.	
1671	Universal are a World Class organisation. We love to visit the Orlando Resort and to have something similar in our country would be fantastic.	Would you support a potential park and resort coming to this site? Please explain why.	
1854	Universal GB will help the British economy by enable more global tourists to explore our Universal like us brits do with the Orlando resort	Would you support a potential park and resort coming to this site? Please explain why.	
819	universal is much loved by many uk residents. we have travelled to orlando over 10 times to visit the park there. and we have also been to california. there is nothing like this here, our theme parks don't compare	Would you support a potential park and resort coming to this site? Please explain why.	
4025	Universal is such an amazing company with incredible attractions, and having a theme park in the UK will be transformative for the economy.	Would you support a potential park and resort coming to this site? Please explain why.	
872	Universal is the best theme park developer in the world - to have them in the UK will be incredible	Would you support a potential park and resort coming to this site? Please explain why.	
1114	Universal means a lot to me. It is my happy place. I am a passholder at the Orlando parks and visit multiple times a year. We need Universal in the UK	Would you support a potential park and resort coming to this site? Please explain why.	
3227	Universal parks are exceptional, I want one in the UK to visit and also because of the the economic/social benefits this would bring to the local area	Would you support a potential park and resort coming to this site? Please explain why.	
4957	Universal is a fantastic brand one which would benefit the full uk	Would you support a potential park and resort coming to this site? Please explain why.	
3375	Universal resorts is a world class entertainment destination and introducing a park in the UK would provide excellent social and economic growth	Would you support a potential park and resort coming to this site? Please explain why.	
1857	We've needed something like this in the UK for decades. You can see in Orlando just how many businesses in the local area have benefited. When I go I don't stay at Universal, I stay at a hotel off-site, and eat off-site at local, sometimes family run places. The people of Bedford are incredibly lucky and I'm very jealous but will certainly be getting a UAP!	Would you support a potential park and resort coming to this site? Please explain why.	
1250	Universal Theme parks would be fantastic for the UK	Would you support a potential park and resort coming to this site? Please explain why.	
1116	Would be good for local economy as well as the UK economy and visitors	Would you support a potential park and resort coming to this site? Please explain why.	
4694	Would be fantastic for the Uk and Bedford especially. Great location I can see why it's been picked. As a company you have been very transformative in other locations where you have built and this has been of a great benefit to everybody locally as you trait do know what you are doing with these projects.	Would you support a potential park and resort coming to this site? Please explain why.	
4530	this is a big boost to the local area as well as to the UK economy	Would you support a potential park and resort coming to this site? Please explain why.	
1763	This is a great opportunity for not only the local area, but also the country as a whole. We all love them parks here. As they are fun and support the economy. But my biggest reason for supporting your project is the wildlife impact. As we've seen from your global parks, your use of water, trees, plants and wildlife initiatives will create a perfect environment for nature. If you weren't able build here, it would become another site made up of distribution warehouses, which is terrible for the environment, as it makes the local area sterile. This isn't something we wish to see. But building a theme park has great potential for supporting the wildlife and allowing it to flourish, then in turn becoming more diverse.	Would you support a potential park and resort coming to this site? Please explain why.	

3627	This will not only benefit Bedford but the UK and its theme park industry, bringing much needed investment and competition to the area.	Would you support a potential park and resort coming to this site? Please explain why.
4749	This would be fantastic for Bedford and the country as a whole. As a theme park fan who loves Universal parks, this would be a dream come true	Would you support a potential park and resort coming to this site? Please explain why.
656	This would be fantastic for not only Bedford but the U.K.	Would you support a potential park and resort coming to this site? Please explain why.
3839	This supports not only Bedford but also the UK. The other theme park resorts in the UK are varied, but certainly not world leading	Would you support a potential park and resort coming to this site? Please explain why.
2054	The Universal brand is well loved in the US and across the world it would be a fantastic opportunity for the Bedford area and the UK as a whole to have a brilliant theme park for us to enjoy and also be a major employer .	Would you support a potential park and resort coming to this site? Please explain why.
3789	This project would have significant benefits to both the local community and economy.	Would you support a potential park and resort coming to this site? Please explain why.
3478	This could, without doubt, be the best thing for Bedford, Bedfordshire and the whole of the UK. It must go ahead	Would you support a potential park and resort coming to this site? Please explain why.
2102	This country deserves to have a development that can be embraced by all. Fully support the people of Bedford being supported through infrastructure so the park will become the heartbeat of entertainment	Would you support a potential park and resort coming to this site? Please explain why.
3637	This country is so miserable, we never get anything exciting. I have been to universal Orlando and if they could create a fraction of it over here then it would be a jewel in the crown. It would completely transform the area, Bedford is turning into a ghost town, this would do wonders for the local economy	Would you support a potential park and resort coming to this site? Please explain why.
154	This country lacks many things, one of them being a great resort destination. As you're very well aware us Brits travel to Orlando a lot to visit your parks. I've spent my whole life growing up at your parks. They hold a special place in my heart with pure nostalgia. Disney never did it for me. You're a large corporation like Disney but you have a lot more soul. Love. And care. And it shows. I also believe that the introduction of more simple safe fun will make people genuinely happier.	Would you support a potential park and resort coming to this site? Please explain why.
2009	This is absolutely needed in the UK. The benefits or issues for the locals would be well outweighed by the fun, holidays, memories that the rest of the UK will be able to enjoy with this worldwide brand coming to the UK. The site is perfect and it needs to happen!!	Would you support a potential park and resort coming to this site? Please explain why.
674	We need more investment in this area due to so many traditional companies and business no longer existing. Covid and the Pandemic has done so much financial and emotional damage to so many - we need some positivity and something to look forward to	Would you support a potential park and resort coming to this site? Please explain why.
1604	This is such an exciting and huge project for the UK. The amount of people it would attract from across the UK and the huge draw of population from Europe's largest City (London) would be phenomenal. It would engage and excite the local community and bring much needed money to Bedford, an example of a town which often gets left behind compared to the big cities like London. The draw of visitors from Continental Europe as well as UK and Ireland would be significant and would also create an economic boost for the major cities as visitors travel to the UK and combine their trip with a visit to Universal. It could also utilise the amazing creative talent that exists in the UK.	Would you support a potential park and resort coming to this site? Please explain why.
602	This park would be a fantastic attraction like nothing the UK has seen before, and creating a net positive effect on the financial and social environment in Bedford.	Would you support a potential park and resort coming to this site? Please explain why.
2176	This project has the potential to positively transform the local area and transform the UK theme park industry	Would you support a potential park and resort coming to this site? Please explain why.
2819	This Project is nothing but POSITIVE for Bedford and the entire UK and Europe. We are all very excited for this and are just Praying that this goes through. Many people still are saying they won't believe it till they see it actually being built but I have lived in Bedford 35 years plus and NEVER seen a Buzz and Excitement for anything like this until now. You Build it and we will come in our thousands !!!! Let's get this party started !!!!	Would you support a potential park and resort coming to this site? Please explain why.

1566	This project isn't just going to benefit Bedford. It's going to benefit the United Kingdom and Europe greatly. It will put the UK on the map for having a theme park that does everything so right.	Would you support a potential park and resort coming to this site? Please explain why.	
1207	This project would be amazing for the UK and also hugely positive for the area of Bedford. I would visit and re-visit this park many times	Would you support a potential park and resort coming to this site? Please explain why.	
3841	Universal are a worldwide brand that will bring amazing opportunities for Bedfordshire, the local area and nationally. The benefits are countless.	Would you support a potential park and resort coming to this site? Please explain why.	
554	Universal parks are the best I have been to and to have one in the UK would be a huge boost to the county and local area. To get to any really good, themed park people on the UK have to travel to Paris, which in itself is expensive. Alternatively we can spend thousands to travel over vast distances to the USA, China, Japan and on top of that we need hotels, food etc which for many can add up to Â£5,000 or more for a week away which is too much for millions of people to consider. Having a world class park like the one suggested for Bedford, would be huge for the people here. Also Europeans, who would need to spend similarly large amounts of money to simply get to the USA or Japan or wherever, would benefit from having easy access to what will be an amazing theme park here in the UK.	Would you support a potential park and resort coming to this site? Please explain why.	
1308	Yeah I'd fully support this resort coming to Bedford. It's a really good location. I think it would be great for local and national economical benefit. I can imagine, although probably a small number, but it would even appeal to international visitors who want to enjoy a universal park without having to travel across the Atlantic or to Asia.	Would you support a potential park and resort coming to this site? Please explain why.	
1840	Universal Bedford would be great for England, UK and Europe. It would put Bedford on the map and offer a great experience for those to visit.	Would you support a potential park and resort coming to this site? Please explain why.	
4725	Universal build world class resorts. if one is built in this area, it would boost the economy and offer not just locals, but people in the UK with job opportunities. It would also encourage more businesses to come here.	Would you support a potential park and resort coming to this site? Please explain why.	
5345	My only feedback comes in the hopes that the environment of the surrounding areas plays a factor in the decision making surrounding the projects construction, but that those factors do not prevent the projects finalization as I would love to see this go through and open.	Please share any other feedback you have at this stage.	
3183	I 100% endorse this project. Bedford has long enjoyed an exceptional logistic location for the sheer amount of people that could potentially visit it. Although because of that it's falling into only really providing logistical jobs within warehouses, the modern work house outside of a call centre, which in turn don't provide many routes for advancement. Your proposal of jobs and training and if used to catalyse further and existing developments of creative industries in the area will be incredibly impactful for the immediate areas served by those excellent transport links.	Would you support a potential park and resort coming to this site? Please explain why.	

2365	<p>I fully support welcoming Universal to Kempston Hardwick area. Since I was 3 years old every few years I have travelled to Florida to go to universal. Universal is a place for everyone and lots of fun and you make magical memories that last a lifetime, every time you go more memories get made and every time is different, you never get bored! To have universal on our doorstep would be a wonderful opportunity. The location is a sensible place, with good transport links and waste facilities nearby. Bedford is my hometown (I still live local) but I'm sad to return to its centre as once a vibrant town centre now hardly anyone goes there to shop, lots of shops lay closed and empty. Having universal on its doorstep would be a game changer economically for the local area. I know when I go to universal in Florida most of my time is also spent exploring Orlando and shopping, eating so having universal in Bedford would massively help our local areas economically. The jobs it would bring to the local area would help every generation. It's such an exciting opportunity for our local people. If you are worried about traffic doesn'tbe, I've always driven in a car to Florida universal and have never sat in a queue or been affected be one, the universal staff are fully experienced at getting everyone where they need to be without affecting roads! I'm sure universal will have their own trains so no one is affected train route wise. Reading about how Universal will help our local area too is really refreshing that a big company has chosen our area to invest. Working with local ecology and wildlife is great although I doesn'tthink much exists there at the moment as it's a bit scrub land and probably has some contamination issues, so improving around the site making the area nicer with landscaping would benefit wildlife and ecology and you would probably find more wildlife than is there now! If maybe you could find another area of land in the UK to buy the same size as the site at Kempston to 100% dedicate to tree planting and wildlife and ecology and training people in this would be a nice idea so you are effectively replacing what you plan to taken away, would be a nice idea. I feel welcoming Universal here with open arms for our future could really transform our area for the better. Good luck in your application.</p>	<p>Would you support a potential park and resort coming to this site? Please explain why.</p>	
5061	Do your utmost to make your project proposal become a reality	Should we proceed with this development we would also help to facilitate a number of significant local infrastructure upgrades. Which of the following do you think is most important?	
1412	Bedford is the perfect spot for this project. Close to Luton and stansted airport and to London. It will be a success!	Please share any other feedback you have at this stage.	
1745	<p>210 per cent behind this project!!!! There is a huge market in the UK (and beyond in Europe) and appetite for the Universal brand, we are familiar with the parks in the US and beyond and know what amazing experiences and themed attractions Universal brings. As a massive theme park enthusiast it would be an absolute dream to have a Universal park in the UK, plus like Disneyland Paris did in the 90s for Paris and France this would have a hugely positive tourism/economic/employment and infrastructure benefits. I am living in Scotland and it would be a privilege to take a flight down to see!</p>	<p>Would you support a potential park and resort coming to this site? Please explain why.</p>	
3243	We would be /delighted to have such a great activity on our doorstep. The transport links are great (which is why Milton Keynes is located near here) - ie, M1, Oxford-Cambridge rail line will go by here by the time the site is opened, Luton Airport easily accessible, London-Birmingham rail link local, etc, etc	Please share any other feedback you have at this stage.	
2031	It would quickly become a worldwide destination and attraction.	Would you support a potential park and resort coming to this site? Please explain why.	
5781	All the reasons highlighted in 8	Would you support a potential park and resort coming to this site? Please explain why.	
216	I believe that there are significant positive benefits for the local area and more widely - this is a project of national significance. Sustainable transport and development should be prioritized to make this an exemplar leisure development.	Would you support a potential park and resort coming to this site? Please explain why	
4512	I believe that this project would be much better than just building new homes on the site.	Would you support a potential park and resort coming to this site? Please explain why	

4811	I really like Universal Studios and am excited that it is coming to my area.	Would you support a potential park and resort coming to this site? Please explain why	
5645	For all the reasons you've stated above	Would you support a potential park and resort coming to this site? Please explain why.	
F6134	We love universal. Only live 10 mins away. Would love to see Universal in Bedford. Go for it! Bedford needs Universal!	Feedback form: Please share any other feedback you have at this stage. Please share any other feedback you have at this stage.	
5312	Can't wait to walk through the main gates for the first time!	Please share any other feedback you have at this stage.	
108	The Mayor and Councillors are by and large wealthy or retired. They have no vision for Bedford and no appetite to change anything. This could secure the future and create many local jobs, please press ahead and ignore the multi millionaire "farmer" mayor and his retired deputy mayor who both have little ideas for the town.	Please share any other feedback you have at this stage.	
5613	It would be really good for the local area and help local businesses	Would you support a potential park and resort coming to this site? Please explain why.	
5624	Exciting development for the area. Makes good use of brown belt land. Transport improvements good for local residents	Would you support a potential park and resort coming to this site? Please explain why.	
5802	Fully support this as really would be good for the local area, communities and the environment. I fully support this project	Would you support a potential park and resort coming to this site? Please explain why.	
5638	Bring opportunity to the area	Would you support a potential park and resort coming to this site? Please explain why.	
5783	It would be better for the area than thousands of houses (resident of Stewartby)	Would you support a potential park and resort coming to this site? Please explain why.	
5646	Bringing changing to bedford	Would you support a potential park and resort coming to this site? Please explain why.	
5774	To make the best use of the old clay pits.	Would you support a potential park and resort coming to this site? Please explain why.	
E6245	Thank you for your email and updates, I shall be attending the open day meeting at Bedford college on the 16th April, there is a good feeling amongst residents and the parish council regarding your proposed project. Regards XXX	Comment via email

5781	All the reasons highlighted in 8	Would you support a potential park and resort coming to this site? Please explain why.	UDX would like to thank all those who took the time to provide feedback throughout the engagement process. Each and every one of the thousands of comments provided has been carefully analysed as UDX continues to develop its plans, and its response to the emerging feedback themes has been provided here within this document.
551	Firstly I have to say that I do sometimes cringe when I read and see about house building on green field sites, and I see a fair bit of this as I drive around Bedford. However, I do also realise that there is a balance to be struck with this. I understand that much of this development will be on the site of the former Brickworks in Stewartby. I think that this will be very much more of a regeneration, as opposed to developing a green field site. I can vaguely recall the Brickworks being in operation and the fumes coming out of there, so would see this as being comparatively beneficial	Would you support a potential park and resort coming to this site? Please explain why.	
5579	Please come to Spain	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?	
121	Depends on what you are planning	Would you support a potential park and resort coming to this site? Please explain why.	
129	It would appear to be a better use of the brownfield site than the original housing plan	Would you support a potential park and resort coming to this site? Please explain why.	
1978	Not fussed	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?	

412	Housing instead of theme park	Should we proceed with this development we would also help to facilitate a number of significant local infrastructure upgrades. Which of the following do you think is most important?	
4411	Getting it right for the benefit of all, first time.	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
5167	Comcast Employee	Please share any other feedback you have at this stage.	
730	No	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?

379	Are you as corrupt as XXX	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?	
679	Whatever you do it will be a token gesture without a long term future.	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?	

379	Are you as corrupt as Bedford borough council	Please share any other feedback you have at this stage
4501	No benefits	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?
3935	Any improvement needed in order to bring in tens / hundreds of thousands of people would NOT be welcomed as 'improvements'	Should we proceed with this development we would also help to facilitate a number of significant local infrastructure upgrades. Which of the following do you think is most important?
1816	No comments.	Please share any other feedback you have at this stage
2926	I have no further questions	Please share any other feedback you have at this stage
2961	Just make it a great park - lots to do et	Please share any other feedback you have at this stage
3447	None	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?
1076	Bedford was once famous for Bedford Trucks & Vans. It is no longer famous!	Would you support a potential park and resort coming to this site? Please explain why.
4038	Love the universal resorts in the us and how it can revive and make a area flourish.. all done with a bit of class that doesn't just look like a fun fair	Would you support a potential park and resort coming to this site? Please explain why.
5262	Restoring what is an industrial 'brown-field' site	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?
816	None at present	Please share any other feedback you have at this stage
5045	I live in South east England and we have handful of theme parks like Chessington and Thorpe park nothing on the grand scale of this product. I've never been to a universal park and probably won't in a different country as I don't earn enough for that type of holiday but if this product goes ahead I would get the opportunity to finally go to one as I've always wanted to go to a universal theme park	Would you support a potential park and resort coming to this site? Please explain why.
1122	No more feedback to be given	Please share any other feedback you have at this stage
5170	For the reasons mentioned above	Would you support a potential park and resort coming to this site? Please explain why.
5040	It's boring here. Just don't make it cost an arm and a leg. Put a tourist fee or something.	Would you support a potential park and resort coming to this site? Please explain why.
5265	less than 100 metres from my home	Would you support a potential park and resort coming to this site? Please explain why.
2925	Nationally Bedford appears to be a little known town	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?
2823	Now visit the set	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?
722	Nothing at the moment but I'd like to hear more as it unfolds	Please share any other feedback you have at this stage
1846	Theme parks in the UK are a poor comparison for entertainment to US theme parks, particularly Universal including its annual events such as HHN, Mardi Gras, and Christmas.	Please share any other feedback you have at this stage
2805	doesn't lead people of Bedford on if you are not seriously considering project.	Please share any other feedback you have at this stage
2806	None at the moment.	Please share any other feedback you have at this stage
2823	the same can happen here. You've tasted Universal	Please share any other feedback you have at this stage
3520	Okay	Please share any other feedback you have at this stage
3475	Because of the "Universal" brand	Please share any other feedback you have at this stage

1146	I am unsure about the project, weighing up the energy brought by employment opportunities against the loss of green spaces, wildlife disruption, inevitable litter and pollution created by the centre	Please share any other feedback you have at this stage
1214	that question wouldn't come up"	Please share any other feedback you have at this stage
1618	If at the end you decide not to build a resort in Bedford. Could you please consider building the project down in Cornwall? Down here we are like 4 hours away from any major theme park and something like this would boost our little county.	Please share any other feedback you have at this stage
1694	As above. This is a major concern in the village.	Please share any other feedback you have at this stage
1695	Rides	Please share any other feedback you have at this stage
1745	Only that the UK is behind	Please share any other feedback you have at this stage
2123	I am not what you would consider a local". However	Please share any other feedback you have at this stage
2378	None at this stage	Please share any other feedback you have at this stage
5866	Do we need it?	Would you support a potential park and resort coming to this site? Please explain why.
3973	I'm currently on the fence as to whether this is good for the local area. We need concrete and practical resolutions for our infrastructure if this it to work which in itself will cost alot of money and that even before the building has begun.	Please share any other feedback you have at this stage.
2628	I would like to write more but the battery on this tablet at the the engagement event is about to end.	Please share any other feedback you have at this stage
5233	N/A	Please share any other feedback you have at this stage
5249	n/a	Please share any other feedback you have at this stage
5445	N/A	Please share any other feedback you have at this stage
5191	I have none	Please share any other feedback you have at this stage
4983	None	Please share any other feedback you have at this stage
5005	None	Please share any other feedback you have at this stage
5149	None	Please share any other feedback you have at this stage
5067	No	Please share any other feedback you have at this stage
3102	See point 9 above. Thanks	Please share any other feedback you have at this stage
3064	None	Please share any other feedback you have at this stage
327	Wish it was Peterborough!	Please share any other feedback you have at this stage
551	Perhaps just to explain my role within the XX. I am employed as a XX, something I first started doing whilst working for British Rail in the 1980's. As a XX for XX, I am responsible for Inspecting structures, predominantly Bridges & Culverts. I have been doing this for just over two years. I compile Reports regarding the structures, and from these Reports, maintenance is arranged as necessary.	Please share any other feedback you have at this stage
873	As long name thing after forgot industrial around Bedford	Please share any other feedback you have at this stage
5033	Publish plans as and when available	Please share any other feedback you have at this stage
5401	Not sure how you would tackle our weather	Please share any other feedback you have at this stage
5318	Merry Christmas	Please share any other feedback you have at this stage
5569	None	Please share any other feedback you have at this stage
5752	None	Please share any other feedback you have at this stage
5827	none	Please share any other feedback you have at this stage
5915	None	Please share any other feedback you have at this stage
5931	None	Please share any other feedback you have at this stage
6019	None at this stage.	Please share any other feedback you have at this stage
5778	None at this time.	Please share any other feedback you have at this stage
5843	None!	Please share any other feedback you have at this stage
5816	None.	Please share any other feedback you have at this stage
5794	Don't know atm	Please share any other feedback you have at this stage
5617	N/A	Please share any other feedback you have at this stage
5754	N/a	Please share any other feedback you have at this stage
5968	Na	Please share any other feedback you have at this stage
5567	No	Please share any other feedback you have at this stage
5718	No	Please share any other feedback you have at this stage
5682	No thanks	Please share any other feedback you have at this stage
6034	Not sure	Please share any other feedback you have at this stage

5477	Not yet	Please share any other feedback you have at this stage
6016	Bedford is fine, but somewhere like Peterborough would be better location for transport for the whole country.	Please share any other feedback you have at this stage
5967	I doesn'tknow	Please share any other feedback you have at this stage
5410	I am not opposed to development in general. The (relatively) recent Centerparcs development was achieved effectively and with minimal disruption and has had little or no impact on the surrounding local communities. Worth exploring how this was achieved and reflecting some of their findings back in your proposals.	Please share any other feedback you have at this stage
6024	No strong preference	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?
5942	Ok	Please share any other feedback you have at this stage
5899	Okay	Please share any other feedback you have at this stage
2210	I am a cyclist and pedestrian but don't want to come to your park. Thanks though	If we progress this project we would be looking to make significant improvements to local walkways and cycle paths. Is this something you would use?
3044	I don't live locally	If we progress this project we would be looking to make significant improvements to local walkways and cycle paths. Is this something you would use?
1737	This is felt in their cultural impact beyond the local fanatics. I firmly believe that Universal would change that	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?
2311	I don't live close enough to provide a solid answer	If we progress this project we would be looking to make significant improvements to local walkways and cycle paths. Is this something you would use?
1692	not bothered.	If we progress this project we would be looking to make significant improvements to local walkways and cycle paths. Is this something you would use?
3285	not in the area	If we progress this project we would be looking to make significant improvements to local walkways and cycle paths. Is this something you would use?
4729	not local eugh to comment	If we progress this project we would be looking to make significant improvements to local walkways and cycle paths. Is this something you would use?
252	not local resident	If we progress this project we would be looking to make significant improvements to local walkways and cycle paths. Is this something you would use?
1779	Unsure. I live around 200 miles away!	If we progress this project we would be looking to make significant improvements to local walkways and cycle paths. Is this something you would use?
3651	Probably not as not that local to proposed site	If we progress this project we would be looking to make significant improvements to local walkways and cycle paths. Is this something you would use?
2724	Not relevant as I live in London	If we progress this project we would be looking to make significant improvements to local walkways and cycle paths. Is this something you would use?
1854	Not outside of the project, so probably	If we progress this project we would be looking to make significant improvements to local walkways and cycle paths. Is this something you would use?
4434	theme park	If we progress this project we would be looking to make significant improvements to local walkways and cycle paths. Is this something you would use?

1158	Don't live close by	If we progress this project we would be looking to make significant improvements to local walkways and cycle paths. Is this something you would use?	
4009	Don't live in the area.	If we progress this project we would be looking to make significant improvements to local walkways and cycle paths. Is this something you would use?	
4011	Don't live nearby	If we progress this project we would be looking to make significant improvements to local walkways and cycle paths. Is this something you would use?	
181	everything	If we progress this project we would be looking to make significant improvements to local walkways and cycle paths. Is this something you would use?	
3156	Don't live locally	If we progress this project we would be looking to make significant improvements to local walkways and cycle paths. Is this something you would use?	
3608	I live in York	If we progress this project we would be looking to make significant improvements to local walkways and cycle paths. Is this something you would use?	
3981	Personally not local, unaffected	If we progress this project we would be looking to make significant improvements to local walkways and cycle paths. Is this something you would use?	
5698	Need to read more about it	Would you support a potential park and resort coming to this site? Please explain why.	
4537	Can not comment as my main mode of transport is car or rail.	If we progress this project we would be looking to make significant improvements to local walkways and cycle paths. Is this something you would use?	
5812	Well, it just so happens that I am moving away from the area (by about 45 minutes) so from that perspective, I don't mind. I also would like to discuss business with you!	Would you support a potential park and resort coming to this site? Please explain why.	
4537	Can t comment as my main mode of transport is car or rail.	If we progress this project we would be looking to make significant improvements to local walkways and cycle paths. Is this something you would use?	
1671	I work for Bedford Council. I don't think I would be visiting eugh to really answer this question	If we progress this project we would be looking to make significant improvements to local walkways and cycle paths. Is this something you would use?	
6039	I am not sure as i dont live nearby	Should we proceed with this development we would also help to facilitate a number of significant local infrastructure upgrades. Which of the following do you think is most important?	
5147	I am disabled	If we progress this project we would be looking to make significant improvements to local walkways and cycle paths. Is this something you would use?	
1499	Are you as corrupt as Bedford police	If we progress this project we would be looking to make significant improvements to local walkways and cycle paths. Is this something you would use?	
3283	I am very worried about the smaller outlying villages being swallowed up by such a development. I choose to live in a village location and wouldn't want it to change. I worry about the infrastructure not coping - the roads/traffic are not great as it is. That said, I welcome employment opportunities and the investment in the wider area	Would you support a potential park and resort coming to this site? Please explain why.	
1225	the canal	If we progress this project we would be looking to make significant improvements to local walkways and cycle paths. Is this something you would use?	
3969	On walkways and paths explains how child trafficking is being prevented	If we progress this project we would be looking to make significant improvements to local walkways and cycle paths. Is this something you would use?	

5928	CPRE Bedfordshire are not opposed to the project but are adoptoong a neutral stance	Would you support a potential park and resort coming to this site? Please explain why.	
5970	here. Brogborough landfill site was one off Europe biggest and as a child remember the smell was always in the air. It is now Marston vale London Brick produced poisonous emissions 23/7 Kempston hardwick / elstow storage depot was a ww2 ammunition manufacturer and the site was full off asbestos At school I remember children in my year who had parents who were either ill or had died of cancer Down the street I lived my friend died off cancer at the age of 27 never smoked or drank I want to investigate a cancer scandal with in the surrounding areas off this project This site should be moved to LUTON where there already is a train station And away from contaminated land	Would you support a potential park and resort coming to this site? Please explain why.	
2731	Would be great for you	Would you support a potential park and resort coming to this site? Please explain why.	
4771	This would give UK theme park operator Merlin Entertainments valid competition and encourage them to up their game.	Would you support a potential park and resort coming to this site? Please explain why.	
2018	This would increase interest in universal parks as well as theme parks across the uk	Would you support a potential park and resort coming to this site? Please explain why.	
4352	I'd need to understand more about the impact before supporting it.	Would you support a potential park and resort coming to this site? Please explain why.	
2369	If it provides a masjid then all the local Muslims population will support your application. A significant proportion is muslim and the %of kids is much more with Muslim families in the area.	Would you support a potential park and resort coming to this site? Please explain why.	
2834	since Brexit all European will need a passport and a visa to go to the UK so unless you base you audience on the sole British crowd	Would you support a potential park and resort coming to this site? Please explain why.	
1968	It would be closer than Alton Towers.	Would you support a potential park and resort coming to this site? Please explain why.	
1067	A lot of pros and cons	Would you support a potential park and resort coming to this site? Please explain why.	
1244	In the UK, there is a monopoly on theme parks with many of the popular parks being owned by Merlin Entertainments. The lack of competition means that innovation is less of a priority.	Would you support a potential park and resort coming to this site? Please explain why.	
2430	I used to work as a performer at USJ, and I have only positive things to say about the company. I would come back to work for Universal in a heartbeat.	Would you support a potential park and resort coming to this site? Please explain why.	
526	Decision needs to be made quickly so that planning for housing demand, services and infrastructure can start as soon as possible	Would you support a potential park and resort coming to this site? Please explain why.	
1157	Could I have health issues flare up unexpectedly	Would you support a potential park and resort coming to this site? Please explain why.	
1816	Because it's too far away for me to get there.	Would you support a potential park and resort coming to this site? Please explain why.	
1322	Don't know	Would you support a potential park and resort coming to this site? Please explain why.	
1272	Depends on detail of proposal	Would you support a potential park and resort coming to this site? Please explain why.	
834	I welcome the economic benefit but do not want to spoil the quiet area where you are basing the park.	Would you support a potential park and resort coming to this site? Please explain why.	
3401	There is not much around the Bedford area in terms of theme parks	Would you support a potential park and resort coming to this site? Please explain why.	
E6249	Sir/Madam, The Mayor of Bedford has been given explicit instructions that: not one penny of our community charge money is to be considered until he has a legally binding commitment from your organisation that the project will go fully ahead. We will not tolerate another fiasco like the aborted 'Eden Project' marine development.

F6160	As it's in our back garden	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?	
F6166	Developing with the council and brickwork	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?	
3269	I just want to die in peace.	Would you support a potential park and resort coming to this site? Please explain why.	
1070	I need to understand how this proposal fits in with surrounding communities	Would you support a potential park and resort coming to this site? Please explain why.	
1900	All of the above	Should we proceed with this development we would also help to facilitate a number of significant local infrastructure upgrades. Which of the following do you think is most important?	
1939	I'll buy an annual pass!	Should we proceed with this development we would also help to facilitate a number of significant local infrastructure upgrades. Which of the following do you think is most important?	

861	No	Should we proceed with this development we would also help to facilitate a number of significant local infrastructure upgrades. Which of the following do you think is most important?	
1265	Thurrs	Should we proceed with this development we would also help to facilitate a number of significant local infrastructure upgrades. Which of the following do you think is most important?	
5137	whilst also providing something that people previously would have had to travel far for."	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
1062	Wants to be on digger	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
3362	Incorporate this ideology into the park as a whole	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?	
3484	All of these	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?	
4161	See Q2 regarding Green-Blue Infrastructure. Focus on what it does rather than what it is.	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?	
2943	All 3 are kinda linked to each other.	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?	
1451	"New" is all very well	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?	
2156	Keep everything a secret as we don't want it to be revealed when working for example cover everything so it's a surprise	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
5718	Only time will tell .	Would you support a potential park and resort coming to this site? Please explain why.	
1156	hoping the local govenment doesn't get silly and greedy (mayor and his pals)	Please share any other feedback you have at this stage.	
1049	As long as it doesn't interfere with my daily life and it isn't illegal I'm not sure I'd care.	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
UNSUPPORTIVE (228)			
ID	Comment	Survey question	Response
346	Don't build a massive theme park in a village	Please share any other feedback you have at this stage	UDX would like to thank all those who took the time to provide feedback throughout the engagement process.
370	Don't build the park	Please share any other feedback you have at this stage	

446	Not coming to bedford	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?	<p>Each and every one of the thousands of comments provided has been carefully analysed as UDX continues to develop it plans, and its response to the emerging feedback themes has been provided here within this document.</p> <p>The planning proposal sets out the need for the Proposed Development and the planning balance in the Planning Statement, which includes setting out the benefits of the Proposed Development, and its adverse impacts, and then forms a view on whether those adverse impacts outweigh the benefits. In this case, it is considered that the benefits, including the significant economic contribution that the Proposed Development would make, more than outweigh the adverse impacts.</p>
1090	Don't build the park	Please share any other feedback you have at this stage	
4326	I think it's a dreadful idea	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
2582	Or just leave the area alone altogether	Please share any other feedback you have at this stage	
4591	No not a good idea for this area. Donot want largwr roafs more housi g etc. Etc.	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
2737	We dont want a theme park in Bedfordshire	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?	
2810	The proposed site is rewilding naturally. The development will destroy this. Brownfield sites are excellent for wildlife.	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?	
679	How best to stop it going ahead	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
3206	Do not build it here	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?	
3269	Seriously you think you can compensate for the loss of habitat with sticks and plastic tree guards?	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?	
3314	No theme park	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?	
1223	I'm just so dreadfully devastated by their greed. Bedford does need something - but what I now have to endure is no life for me. You are creating great assistant to this area but also the most dreadful greed among landlords. Many thanks for "listening" Kindest regards"	Should we proceed with this development we would also help to facilitate a number of significant local infrastructure upgrades. Which of the following do you think is most important?	
3935	The natural environment this project would destroy couldn't be offset by any cosmetic investment you propose	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?	
4009	Not to be built in a quiet village	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?	
4326	None, keep the area as it is now	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?	
4559	I don't want it at all	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?	

4591	No leave the land with its trees and wilife as it is	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?	
2582	It will ruin the local villages and also make traffic 100x worse then it already is	Should we proceed with this development we would also help to facilitate a number of significant local infrastructure upgrades. Which of the following do you think is most important?	
3607	This development concerns me very much in terms of environmental impact	Should we proceed with this development we would also help to facilitate a number of significant local infrastructure upgrades. Which of the following do you think is most important?	
4009	Putting it elsewhere	Should we proceed with this development we would also help to facilitate a number of significant local infrastructure upgrades. Which of the following do you think is most important?	
2582	I think its a terrible idea and shouldn't go ahead.	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
4591	No too many houses cars people as is	Should we proceed with this development we would also help to facilitate a number of significant local infrastructure upgrades. Which of the following do you think is most important?	
186	I hope I'm dead before this project gets off the ground	Please share any other feedback you have at this stage.	
5032	Avoid disruption by not building this in the first place!	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
379	Your not wanted end of	Please share any other feedback you have at this stage.	
426	This proposal is a mistake & I do not endorse it one bit.	Please share any other feedback you have at this stage.	
412	It's an unnecessary and flawed concept for the area	Please share any other feedback you have at this stage.	
519	doesn'twant it here	Please share any other feedback you have at this stage.	
4501	I strongly disagree with this project, I have lived in Bedford all my life and find this very upsetting - I suspect you won't care about this though	Please share any other feedback you have at this stage.	
4326	Bad idea please do not do this it's awful	Please share any other feedback you have at this stage.	
2810	Why would you want to disrupt and unsettle local communities? Profit before citizens I presume.	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
5360	Consultation felt like a publicity stunt. Made by the US for UK. No UK team members. They will use the SDO to get what they want with little further insight into the UK or Bedford. They will only employ UK people for the theme park rides and restaurants!	Would you support a potential park and resort coming to this site? Please explain why.	
879	I do not support opening this theme park and I do not believe that it is the right thing in this location for the long term.	Please share any other feedback you have at this stage.	
5115	I don't believe the majority of jobs would be quality jobs. Bedford won't be able to cope with large visitor numbers or an increase in people moving to the area. The thought of Air bnbs depleting further an already very limited amount of affordable accomodation is terrifying. I think most of the economic benefits will be concentrated within the park and wont reach our local communities but we will all pay the costs.	Would you support a potential park and resort coming to this site? Please explain why.	
5219	It is too big a development for Bedford which is already seeing significant growth.	Would you support a potential park and resort coming to this site? Please explain why.	

F6154	Bedford has a high percentage of homelessnes, will this increase the total?? Or bring in more beggers like Disnay Land Paris??	Feedback form: Please share any other feedback you have at this stage. Please share any othere feedback you have at this stage.	
5140	Not needed, It will be embarrassing as bedford is neglected I hate the thought of the place now so long left its full of fidh, hedgehogs, bats, bird	Would you support a potential park and resort coming to this site? Please explain why.	
5020	Because I live right in the middle of the land selected. I bought the house to be in the middle of nature. I don't want to see or hear a theme park from my house. I don't want thousands of tourists making the area more busy each day	Would you support a potential park and resort coming to this site? Please explain why.	
5184	Because I will be able to see it from my house and it will drastically damage my way of life. Houses will be sold for holiday rentals down our road which means we have to put up with noise or move ourselves. We will struggle to get into work as the roads will be even more congested than they already are.	Would you support a potential park and resort coming to this site? Please explain why.	
5012	The UK does not need more theme parks.	Would you support a potential park and resort coming to this site? Please explain why.	
5121	I live within direct eye line of the proposed site. Over the past decade there has been a considerable increase in the amount of noise and light pollution as well as that from traffic. This has already had a detrimental impact on the quality of life in the area and the local environment. The thought of even more is too much. The many local families with pets has a problem for several weeks in the autumn with fireworks going off every night. We doesn'tneed any more.	Would you support a potential park and resort coming to this site? Please explain why.	
5319	I'll be able to hear the site from my house.	Would you support a potential park and resort coming to this site? Please explain why.	
5138	Leaning towards No I doesn'tfeel the infrastructure could be improved enough to support the increased traffic. The roads are small and already have high volumes of traffic. I cannot see this will be improved dramatically enough for the increase. It would also cause significant travel disruption to the villages as most only have two access points and if one end is shut it means an extra 30mins travel time With the plans the area suggested the park will back up to house and cause an unsightly view change to residents. The natural habitats and species need to be preserved the area boosts of significant wildlife which should be encouraged. Those living in the area would need compensation for any and all disruption, inconvenience, as well as once build from all the varying forms of pollution brought with it (light, sound, noise, sight, air, water, etc.) All heritage and conservation area to be maintained. Houses have adequate access and parking to their properties, to reduce on street parking and mean roads are clear so no issues arrive. If visitors are found to not use theme park parking they are tickets and fined. Increase speed cameras and security in surrounding areas Improved rail service as current service would not support changes Does not ruin village aesthetic Does not take away from much needed farming land Increase services and support to local residents Improved signal Direct gas line needed It will cause an increase in house sales, people leaving the area and houses being empty for air bnb. Therefore not improving the terrible state of homelessness and locals not being able to get onto the property market. Meaning an increase in cheap houses will need to be built	Would you support a potential park and resort coming to this site? Please explain why.	
5054	Bedford is too small to support this enormous theme park.	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
3935	Changing the character of the area completely is the most important consideration for me. It would destroy the rural and quiet nature of Bedfordshire	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
5020	Don't build it	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	

1446	Leave Bedfordshire alone	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
926	I am sorry but I have nothing positive to say about this proposed project which would be a blot on our peaceful rural landscap & ruin it for existing & future generations.	Please share any other feedback you have at this stage.	
960	This is not welcome in the rural county of Bedfordshire, it is a peaceful area and we do not want it to become nose to tail traffic like Alton Towers. Such a bad a idea.	Please share any other feedback you have at this stage.	
1323	We doesn'twant it. We are also VERY disappointed at the way this was announced. Residents had no clue this was in the pipeline until this was announced on social media as a pretty much done deal. It shows an instant lack of care for the town so what is said here about caring about not disrupting isn't trusted.	Please share any other feedback you have at this stage.	
4801	Please find a new site away from houses	Please share any other feedback you have at this stage.	
4663	I would plead with the decision makers of this project, to seriously look at the local infrastructure, and see that this area is NOT suitable for this development, the local residents do NOT want this park built here, there has to be more suitable areas around the country, where the park would fit in the local area	Please share any other feedback you have at this stage.	
4633	This is not an appropriate site for a theme park	Please share any other feedback you have at this stage.	
4615	I do not see this as an attractive proposition for people who have to live here!	Please share any other feedback you have at this stage.	
4589	Please do not build on this site	Please share any other feedback you have at this stage.	
3943	I chose to live in Marston more time for the quiet area and ease of commutes. The greenery is amazing and it's great living in a quiet village. The theme park will change this and make it overpopulated both around the areas and on the roads. This is a poor place for a theme park as there are way too many small villages being affected. The A421 can be busy as it currently stands so commuting can still be somewhat of an issue but adding a theme park will make this much worse!	Would you support a potential park and resort coming to this site? Please explain why	
4591	Absutely furious this is even being con sidered will turn whole area into concrete jungle with massive infrastructure. We want our fields and wildlife more than profit!	Please share any other feedback you have at this stage.	
4584	Feedback is fairly obvious. doesn'tbuild it here. Go somewhere else away from our peaceful quiet villages. Pick a site where it's not going to impact so badly on the people, roads and environment.	Please share any other feedback you have at this stage.	
4558	Please do not build this here, the area cannot support the impact it would have.	Please share any other feedback you have at this stage.	
4520	This park is literally next to my estate. I doesn'twant it and will have to look at moving. This has caused me so much stress and anxiety since it was announced. I understand people want the money for Bedford etc but they doesn'thave to live next door to it!!	Please share any other feedback you have at this stage.	
3963	I don't expect you to listen to the residents here. It's not exatly nimby behaviour given what your building offers the bare minimum value to locals (see gullivers world mk). If you're going to push ahead there should be consideration of the residents. For example. No fireworks. Ever. There are so many families with pets around here and if you're going to take away their countryside and replace it with a concrete enclosed hellscape the least you could do is not antagonise their pets multiple times a year. Right now, that whole area is underwater so I really hope that some consideration will be made about where exactly that water is going to go when you pave over the entire place.	Please share any other feedback you have at this stage.	
4018	Will not be supporting this. Have not recieved a letter from universal and feel I should due to how close it is from where I live	Please share any other feedback you have at this stage.	
3269	Just fuck off please and leave us alone.	Please share any other feedback you have at this stage.	
3206	Go somewhere else	Please share any other feedback you have at this stage.	

3207	This is a bad idea in such a small place. It is obviously driven by financial gain. The residents of Bedford may want it but a large number of people who live outside Bedford do not. Please consider the rural areas. This is not America and we doesn't have to compete with the US. It is not who we are.	Please share any other feedback you have at this stage.
2020	I live in Wixams and I'd welcome the economical boost to the area, im concerned about potential noise and ground vibrations with during construction and when it's operational. I'm also concerned about the potential height of rides and whether this will have an impact on residents both in terms of light blockage and privacy. I would be excited if it would make it more likely that wixams would get the long promised railway station especially if the opening hours are extended past the currently planned 10pm closure. It will be interesting to know the salary banding of the 8000 proposed jobs as, I would guess the majority will be in the lower banding which will put further pressure on local housing, especially for young people as property prices and resnts are likely to increase. We'll also need a strategy to prevent local rentals being turned into air bnbs to seve the theme park market	Would you support a potential park and resort coming to this site? Please explain why.
3791	I support jobs and investment in the area but significantly concerned about the impact on local infrastructure. If the park and its related traffic overwhelm the local infrastructure I could not support this. Any impact on the local environment and residents needs to be absolutely minimised.	Would you support a potential park and resort coming to this site? Please explain why.
2346	I think it would be very productive for the area creating many jobs. However, I am reticent about the current road network and the impact on that. Local residents do not want to see increased traffic on local roads	Would you support a potential park and resort coming to this site? Please explain why.
2477	Noise, tourists, low paid jobs	Would you support a potential park and resort coming to this site? Please explain why.
3935	I would sell up and move away from the new Bedfordshire you want to help create, as soon as confirmation of your project looks likely to come through.	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?
2797	I do not want this park in Bedford. I doesn't believe Bedford will reap benefits from this park, this will cause nothing but disruption to locals.	Please share any other feedback you have at this stage.
2865	We live extremely close to the site. We moved to Wootton 18 months ago and cannot afford to move again. So we prey daily, that this WILL NOT proceed.	Please share any other feedback you have at this stage.
4690	Good idea for Bedford, but needs to be built away from residential areas. Sorry, I have no positive points, I moved to a village for a quiet life!ðŸ“« away from the rat-runs!	Please share any other feedback you have at this stage.
1170	It would push people out of homes they bought for the peace and quiet	Please share any other feedback you have at this stage.
1188	I am concerned during development and once complete and opened, this project will cause nothing but disruption and upset for my local village and the surrounding villages and will be a far cry from the rural area we live in today.	Please share any other feedback you have at this stage.
2441	The roads are already over subscribed Wildlife habitats will be destroying and more worryingly will impact surrounding ecosystems through the lights, noise, fireworks. The noise and pollution Lack of infrastructure to support such an influx in a local area Will not be sympathetic to heritage architecture in look and feel - won't fit our environment or countryside Yes jobs but low paying minimum wage roles attracting young high attrition talent	Would you support a potential park and resort coming to this site? Please explain why.
2281	I would like to see Universal also considering the impact they could have on other UK theme parks. We love our existing parks as they are embedded into our culture and history, so would hate to see them be negatively affected by bringing in something as big and 'œdistracting' as Universal. Would be nice to see Universal work with the other parks rather than against them.	Please share any other feedback you have at this stage.
2343	Just really sad that this project might go ahead so close to where I live. I like living here and I doesn't want to live near another big theme park. I've already had that experience and it wasn't a positive one, so this isn't just fear of the unknown.	Please share any other feedback you have at this stage.

4596	Promises of your commitment to local residents regarding greening of the area and commitment to local causes are fine words. Do they actually mean anything in reality. ?? We doubt it very much and are against this project	Please share any other feedback you have at this stage.
3935	There's nothing positive your project would bring to local residents. Low quality service jobs wouldn't compensate for the harm your park would do to us. I live in Ampthill, by the way, and was a teacher and lecturer in Bedfordshire throughout my career. Now retired, I would definitely move out of Bedfordshire without delay.	Would you support a potential park and resort coming to this site? Please explain why.
2834	Why Universal have to choose the UK for it's European theme park not only it will make it expensive (cost of travel and of passport) and hardwork (on average you need 4 to 18 weeks to get a 50 euro passport) for any European to travel to it but it will be open only 6 to 8 month of the year	Would you support a potential park and resort coming to this site? Please explain why.
3442	This will damage the natural area, wildlife will be disrupted and the countryside damaged. The road network will not be able to support the thousands of visitors, even with your proposed road changes. It may well bring jobs to the area but I cannot see how it will help Bedford as a whole. Your visitors will not leave the park to spend money in the town, just in your park. I cannot see any benefits to anyone except Universal Studios.	Would you support a potential park and resort coming to this site? Please explain why.
5134	I am not fully in support of the park due to the sheer volume of disruption to my local village this may cause. I do not think having additional jobs and revenue for local business should take priority over ensure the local residents. Local residents who already reside either side of the site should take priority in the community.	Please share any other feedback you have at this stage.
5037	Totally against this project, making it a concrete fucking town and it's not bloody wanted!!	Please share any other feedback you have at this stage.
5022	The impact you will suffer on those living in the immediate vicinity is significant. Please give the parks location revised thought before you cause misery to the lives of many	Please share any other feedback you have at this stage.
5115	Go away!	Please share any other feedback you have at this stage.
5296	Go somewhere else!!	Please share any other feedback you have at this stage.
2849	The risk to children is too great.	Please share any other feedback you have at this stage.
2880	Bedford is a beautiful and natural landscape. The theme pack goes against what this community is. You will drive away people that have lived here for generations. You will cause so much pollution and disruption to the society and the environment here. The road are just not built for your plan. Please do not build here.	Please share any other feedback you have at this stage.
488	Bedford is not the right location to deal with the increase in generated traffic, visitors and tourism and is not suitably connected by road and air. Bedford has not much to offer to attract tourism. Also, EWR Bedford to Cambridge is currently still an assumption and not confirmed.	Would you support a potential park and resort coming to this site? Please explain why.
5601	doesn't do it.	Please share any other feedback you have at this stage.
5686	As you can probably guess I am against such a project and the fact that the people who live in the surrounding area were not made aware of the purchase by Universal until this late stage shows what our local council really think of the people who pay their wages!	Please share any other feedback you have at this stage.
5496	I do not support this proposal. The theme park is too close to residential properties.	Please share any other feedback you have at this stage.
6095	I don't want the theme park to go ahead and feedback is that majority of people on Wootton don't want it to go ahead either.	Please share any other feedback you have at this stage.
5704	I say NO to this application	Please share any other feedback you have at this stage.
5138	I am not convinced this enterprise probably will not benefit the area and cause locals many issues and problems. It will cause an increase in house sales, people leaving the area and houses being empty for air bnb. This is not beneficial to the area.	Please share any other feedback you have at this stage.
5032	I am yet to see any positives and am not easily hoodwinked...	Please share any other feedback you have at this stage.
6043	Not welcome. Go elsewhere. All will do is ruin our communities.	Please share any other feedback you have at this stage.
4326	It would bring a ridiculous amount of traffic and tourism to a place where people move and live to be away from that. We doesn't want to live in London or have tourists and the public flock every day to see the area it's such a ridiculous idea that I do not support at all.	Would you support a potential park and resort coming to this site? Please explain why.

5852	1. Not required. 2. Of no benefit to people like me who do not own a car and especially when owning and driving a car is becoming prohibitive - cost-wise plus politically, as drivers are constantly being bashed; I could not get to the resort to use it or work there. 3. No need to use up yet more of our beautiful, precious land and countryside for this unnecessary rubbish. No-one is sitting at home thinking: gosh, you know what? I really wish someone would build a giant, plastic theme park in Bedfordshire - it's just what we need. 4. We are not America. We are becoming more American at an alarming rate - rubbish like this is another unnecessary step there. We need investment in the town centre and we need something like a climbing/bouldering gym and adult educational facilities/course-providers, not theme parks. 5. There is plenty of this kind of nonsense in this area already. 6. Don't want or need to share the limited public transport with more prams and hordes of screaming kids - it's bad enough using the route that stops at Luton Airport - having to step over/be bashed into by wheelie bags, prams, screaming children etc. Plus the adults behave poorly, making a racket and putting their feet on the seats, eating stinky food etc.. Because this isn't their home/regular route, they don't care how they behave/treat it. 7. Additional traffic is not needed or wanted and cannot be supported.	Would you support a potential park and resort coming to this site? Please explain why	
5785	We do not need this. We are in a climate crisis where we need to be reducing our consumption. We already have theme parks in the UK, we don't need any more.	Would you support a potential park and resort coming to this site? Please explain why	
6043	Choose another site. Not wanted in Bedfordshire	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?	
5704	Non of this is a good idea	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?	
5887	Please doesn't build it	Please share any other feedback you have at this stage.	
5927	Please doesn't build so close to villages there are so many areas in this country where you can build this theme park where there are no houses nearby, Buckinghamshire/milton Keynes for example. The traffic would be horrendous Stewartby is a nice quiet village and that's why we moved here. This theme park would destroy this peace, just build somewhere else please.	Please share any other feedback you have at this stage.	
5679	I don't want it at all	If we progress this project we would be looking to make significant improvements to local walkways and cycle paths. Is this something you would use?	
4000	I don't want the theme park	If we progress this project we would be looking to make significant improvements to local walkways and cycle paths. Is this something you would use?	
3463	I would move away	If we progress this project we would be looking to make significant improvements to local walkways and cycle paths. Is this something you would use?	
5535	Please reconsider, and move your development plans to a location which is much further away from local communities. Thank you.	Please share any other feedback you have at this stage.	
5496	The site is too close to Stewartby and would have significant impacts in terms of noise and disturbance, light pollution, impact on wildlife and highway congestion with pressure for parking on residential roads. The scale, form and indicative heights are completely out of keeping with the character of the area, appearing as an eyesore.	Would you support a potential park and resort coming to this site? Please explain why	
5500	This will seriously disrupt the life in a quiet village	Would you support a potential park and resort coming to this site? Please explain why	
5554	We moved here to be in a small village community and if there were to be a theme park close by the roads would become too busy. And the congestion whilst building the park would be horrendous.	Would you support a potential park and resort coming to this site? Please explain why	

5595	I dont believe the area is big enough for such a worldwide business such as Disney. I feel the area that has been selected it potentially too close to homes that are in very quiet little villages and that is how it has always been in these village. I feel it would disturb the peace we currently hold.	Would you support a potential park and resort coming to this site? Please explain why
1490	Don't build the park	If we progress this project we would be looking to make significant improvements to local walkways and cycle paths. Is this something you would use?
5686	The area can not currently cope with the existing rapid expansion, previously thriving schools are now struggling with increased numbers, you can not get doctor/dentist or hospital appointments within a reasonably timeframe now let alone adding a increase in people. The current road system does not cope therefore by again increasing numbers this will only get worse, there is nothing to prevent noise from a themepark travelling across to existing villages and there is no way of stopping this. England has vast areas of untouched land further north where something of this size would be perfect. Bedford is not the area	Would you support a potential park and resort coming to this site? Please explain why
5721	There are other places in this country where the support links for trains and roads would not need to be put in place, disturbing the wildlife	Would you support a potential park and resort coming to this site? Please explain why
5785	Do we reallu need so.ethi g like this in the uk???	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?
5554	We are dead opposed to this potential plan for a theme park XXX	Please share any other feedback you have at this stage.
5792	The area is already too crowded and infrastructure cannot work properly. I'd rather see some of the county left without developments. Theme parks are not what we need.	Would you support a potential park and resort coming to this site? Please explain why
5846	keep AirBNB away .I am concerned that holidaymakers will be residing in Bedford as well as elsewhere and our young people will no longer be able to find rented or owned accomodation	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?
5711	Don't want project	If we progress this project we would be looking to make significant improvements to local walkways and cycle paths. Is this something you would use?
5821	It's not needed here or anywhere else in England.	Would you support a potential park and resort coming to this site? Please explain why
6043	Profit for Universal but concrete nightmare for villages and town in firing line. More infrastructure housing roads will change face of our Market town and small villages. People matter not profit. Take elsewhere!	Would you support a potential park and resort coming to this site? Please explain why
6040	Bedfordshire is a largely rural county with lovely towns and villages surrounded by farmland and beautiful British countryside. The creation of this park would involve the destruction of farmland and wildlife habitat. The park itself would also generate a lot of noise to the detriment of the surrounding areas. A park of this nature would be better suited in an urban/suburban setting.	Would you support a potential park and resort coming to this site? Please explain why
5704	None of this is a good idea	Should we proceed with this development we would also help to facilitate a number of significant local infrastructure upgrades. Which of the following do you think is most important?
6043	You will ruin a small town and durroundi g villages for theme park profit	Should we proceed with this development we would also help to facilitate a number of significant local infrastructure upgrades. Which of the following do you think is most important?
1799	Whatever you do, it will be limited, short term and without long term benefit	If we progress this project we would be looking to make significant improvements to local walkways and cycle paths. Is this something you would use?
5869	Too big a scale for the area. Don't like effect of Americanisation	Would you support a potential park and resort coming to this site? Please explain why
5897	Other detrimental effects to the area, noise, pollution, litter, over development, environmental, road network	Would you support a potential park and resort coming to this site? Please explain why

5970	My late Father was a XX for xx plc for over 30 years. I was born in Wootton and grew up here. Brogborough landfill site was one off Europe biggest and as a child remember the smell was always in the air. It is now Marston vale London Brick produced poisonous emissions 23/7 Kempston hardwick / elstow storage depot was a ww2 ammunition manufacturer and the site was full off asbestos At school I remember children in my year who had parents who were either ill or had died of cancer Down the street I lived my friend died off cancer at the age of 27 never smoked or drank I want to investigate a cancer scandal with in the surrounding areas off this project This site should be moved to LUTON where there already is a train station And away from contaminated land	Would you support a potential park and resort coming to this site? Please explain why
916	The villages surrounding the site are quiet and tranquil and is a big reason why people chose to live here. This park will destroy this and cause chaos with traffic and noise and is not needed here	Would you support a potential park and resort coming to this site? Please explain why
4197	I am keen from the job aspect and the idea of potentially working for universal if paramedics were employed. I am apprehensive though as a local resident to how my life has its noise, traffic etc will be affected. We currently hear traffic noise from the A421 and I'd expect this to greatly increase. Fireworks as well- with pets this would be a worry.	Would you support a potential park and resort coming to this site? Please explain why
4501	I do not want hundreds of tourists descending on our town and surrounding villages. The roads in this area can barely cope with traffic now, I appreciate you are saying you'll improve infrastructure however smaller villages much further on will also be impacted with tourists getting off the motorway at different points and cutting through villages. The noise will travel for miles. Vast amounts of countryside and wildlife habitats will be lost in the development of the park and any new roads. I have lived in this area all my life (40 years) and am strongly considering moving and distrusting my life if this development is approved.	Would you support a potential park and resort coming to this site? Please explain why
1323	I do not want to live next to this park. We have a special needs son and purposefully chose a remote, calm, small village. This will make noise near our property a nightmare. The village will have heavy traffic. We will move if this is done. We basically feel forced out of our home if it comes and our son is anxious about it after hearing about it at school.	Would you support a potential park and resort coming to this site? Please explain why
2699	I don't currently think enough consideration has been given to local residents. Infrastructure, noise pollution and tall rollercoasters within 2 minutes is of a quiet village is not why people chose to live here. I'd be more excited if this wasn't own my doorstep so you need to hear the few it will effect on a daily basis and not the many who have no care for the details.	Would you support a potential park and resort coming to this site? Please explain why
2128	I don't believe it is the most appropriate site. It is on relatively flat land and do not believe noise, light pollution or other environmental impacts would not have an adverse effect on the local area and population. No matter how much you say the park would be an inward facing immersive experience there will be noise and light pollution impacting those that live closest. With up to 5 years construction period with access to the site from minor roads there will be significant and prolonged disruption during this period. The proposed infrastructure upgrades are all focused on providing access to and from the park. The local roads serving nearby villages have been neglected for too long by the local authorities when other developments have taken place that should have contributed to improvements. E.g. Covanta should have upgraded Green Lane Stewartby as there are now many HGV movements using a small, narrow road. East West Rail upgrade wants to reduce the number of level crossings on the Marston Vale section of the route which would restrict routes in and out of villages that residents rely on to access shops, schools etc where these are not present in every village. Universal Studios should not be allowed to install access to the park without upgrading local routes e.g. Broadmead Road, Stewartby, to allow local residents to more easily travel between local communities and facilities that they use without being able to avoid traffic accessing the park.	Would you support a potential park and resort coming to this site? Please explain why

3091	I don't like theme parks and am worried about noise.	Would you support a potential park and resort coming to this site? Please explain why
4346	I don't personally care about investment into the UK and we have a lot of job opportunities in the local area already. I care about the living environment and impact to the day to day life. We have already suffered from the incinerator (constant litter, ruined walking routes and created a 'hum' from the new chimney on windy days). It is not acceptable if residents suffer from crowd noise, building noise and car pollution from this development. It is likely to ruin the village of Stewartby. I have also not seen a timing plan for how long we would need to suffer through the build of the park nor the improvements to roads (which are fine as they are in current circumstances)	Would you support a potential park and resort coming to this site? Please explain why
707	Terrible location in the uk im stunned as to why this was even chosen? Wootton is a not nice place to put it nicely. The town and bedford area is deprived you will be hard pressed to employ people. Also, the area infrastructure just isnt there at all. Choose somewhere better this isnt it. Traveling to wootton is crap, its not served well transport wise im stunned this area has even been chosen i expect all visitors will be travelling in cars from 1-2hrs away	Would you support a potential park and resort coming to this site? Please explain why
960	This area does not need any more traffic, it is hard enough to travel into town for work every morning and do the school run, this is a terrible idea. There are houses on the doorstep with young children and pets who will not want loud noises and pyrotechnics going off every evening. We moved to a quiet village so it could be just that- go and build in a busy town where there is already infrastructure and customers for it.	Would you support a potential park and resort coming to this site? Please explain why.
3206	Do not build it or come to Bedford	Would you support a potential park and resort coming to this site? Please explain why.
430	I am worried I will become trapped in my village. We will be stuck in a bumper to bumper stream of car trying to leave or get in	Would you support a potential park and resort coming to this site? Please explain why.
3207	It is totally unnecessary. It is purely a massive money making project which would ruin even more of our countryside and cause havoc in small local rural areas around your proposed site.	Would you support a potential park and resort coming to this site? Please explain why.
379	Don't need you simple as that we have enough corrupt wankers in Bedford we don't need anymore	Would you support a potential park and resort coming to this site? Please explain why.
412	It is not needed or right in this location. It is overdevelopment for no useful purpose and takes away a brownfield site needed for housing	Would you support a potential park and resort coming to this site? Please explain why.
4338	I live extremely close to the park. I moved from London looking for calmness and a quiet place to live. The last thing I want is to have tons of people walking around daily and crazy traffic at my door.	Would you support a potential park and resort coming to this site? Please explain why.
1090	Damage to the environment. Noise pollution. Drawing more cars here. Eyesore.	Would you support a potential park and resort coming to this site? Please explain why.
3723	cannot see how the logistics will work to get volume of people to the site with minimal local disruption	Would you support a potential park and resort coming to this site? Please explain why.
3963	Cost of living and housing crisis and you think people want to go on a quid ditch ride. You clowns.	Would you support a potential park and resort coming to this site? Please explain why.
896	Even with the proposed improvements, vehicle and rail access is just not suitable for such a large increase in volume. I struggle to see how you will stop the impact to local communities that are so close to the proposed development.	Would you support a potential park and resort coming to this site? Please explain why.
4713	This will cause havoc to local village life. The influx of traffic and inevitable off site parking along with the increase in noise and litter. There are no good sides to this, it will simply turn the tranquil surroundings into a seasonal slum.	Would you support a potential park and resort coming to this site? Please explain why.
4591	You said it. Transformation on a massive scale. Sod the people living here. All about profit. No no no....	Would you support a potential park and resort coming to this site? Please explain why.
2474	You'll offer zero contract hours, create mayhem on our roads and give false promises.	Would you support a potential park and resort coming to this site? Please explain why.
1077	Na	Would you support a potential park and resort coming to this site? Please explain why.

3569	Na	Would you support a potential park and resort coming to this site? Please explain why.	
1451	No	Would you support a potential park and resort coming to this site? Please explain why.	
2998	no	Would you support a potential park and resort coming to this site? Please explain why.	
5718	Only time will tell .	Would you support a potential park and resort coming to this site? Please explain why.	
5648	Why when all has been agreed and is going ahead 5%tax government agreed rite	Would you support a potential park and resort coming to this site? Please explain why.	
4077	There's a lot wrong with the area, the potential impact this park has could improve or destabilise what little stability the local towns have.	Would you support a potential park and resort coming to this site? Please explain why.	
E6303	Hi, my name's XXX, in luton and Bedfordshire and I'm 100% against the theme park idea proposal for Stewartby. I'm 100% against it. My phone number is XXX. Thank you goodbye	Comment via email	
E6304	This is the worst use of land possible. Tens of thousands of car journeys, peaceful nights of stars and rest for people and wildlife destroyed with light pollution and noise. With respect some American "things" are welcome BUT not this. Also UBER I would like to see banned from Britain. In USA you have had to rip up all the concrete and roads you laid in the Everglades PLUS many river dams ruining the environment. I shall fight this until I am dead.	Comment via email	
F6153	It has no benefits for me or my children! Only negative!	Would you support a potential park and resort coming to this site? Please explain why.	
2597	Too close to my house	Would you support a potential park and resort coming to this site? Please explain why.	
1347	Don't do it. Turn the land into a nature reserve instead.	Should we proceed with this development we would also help to facilitate a number of significant local infrastructure upgrades. Which of the following do you think is most important?	
426	Bedford is not the right place for this to be situated. The disruption to the infrastructure, wildlife habitats, & communities will be massive, given Bedford Borough Council's awful reputation it could be catastrophic.	Would you support a potential park and resort coming to this site? Please explain why.	
1726	Please don't destroy wildlife habitats	Please share any other feedback you have at this stage.	
2382	Simply the LOCATION is ridiculous, it's in the middle of 4 villages and FAR too close to people's homes in 5 villages, no one bought a house here to then wake up to a bloody Theme Park next door, it's going to destroy the villages for thousands of people who live here but that's ok because Bedford Council will get a pay off & you will pay for works that they have failed on in the past. The damage to wildlife at Marston forest centre, noise and traffic to residents is unacceptable to think you can destroy the area for profit. Yes to Bedford but No this location. There are far far more suitable locations for the project & you clearly have NOT done the research you claim to have done. I do not believe that you will fill all 8000 jobs from the local area, possibly the entry level unqualified quick turnover positions but I'm certain that you will employ more senior positions based on experience, knowledge & fit and not post code area & to make that a selling point is insulting.	Please share any other feedback you have at this stage.	
370	doesn't build the park	Should we proceed with this development we would also help to facilitate a number of significant local infrastructure upgrades. Which of the following do you think is most important?	
1419	It will destroy the other parks in the UK in terms of guests	Would you support a potential park and resort coming to this site? Please explain why.	

5037	Not doing the building in the first place!!	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?	
109	It is so much disruption and not fair on people who have moved to these areas specifically for rural life. You are impeding on that and taking away from the beauty of the area.	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
137	I have seen in the past, the views of individuals are nearly always ignored and an already chosen method is adopted. Look at East West Rail. The most expensive route shoehorned in and absolutely no consideration for the environment or existing housing.	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
4427	Your proposal and EWR will cause logjam and damage the Bedford economy.	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
3206	Do not come to Bedford and there will be no disruption	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
519	Don't build it !!	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
1260	Don't build it and it won't cause disruption	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
3943	Don't build, look elsewhere	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
2408	Don't build it in the first place !!	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
679	Don't build the park.	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
426	Don't build this. The community would benefit better from something that is 'needed' as opposed to something that would be 'nice' in some people's opinions (not mine)	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	

3314	Just don't build the park	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
4559	Just don't build it here	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
707	This shouldnt be done at all	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
4606	Not build it and put it somewhere else!	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
4978	Yes, do not build it	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
5296	The situation is unthinkable.	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
5020	Don't build it	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
370	BUILD IT FURTHER AWAY!	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
2343	Built in somewhere else that isn't on so many people's doorsteps?	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
4009	By building it elsewhere	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
3799	Don't use our village as a rat run DONT BUILD IT	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	

916	Don't go ahead with it	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
2582	Don't do it.	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
2474	Don't start, no disruption!	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
379	Go home	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
346	Don't build it; build traffic infrastructure from the very start. Traffic flowing is the lifeline of the village by restricting the traffic you strangle the village.	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
4584	Do not create access to the theme park from the old a421. This would be disastrous. You would need to build a new bridge and roundabout off the new a421. Or better still, doesn't build the theme park there at all then the local community won't be unsettled!	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
1446	Easy, don't do it and rewind the land.	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
960	You would absolutely not be able to guarantee minimising disruption, it will be an absolute nightmare trying to get to work on the a421 and getting the kids from MVM school and Wootton Upper school, the roads are dangerous enough, we do not need this!	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
2737	Yes take your park elsewhere	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
412	I'm sure it will be unbearable given the size of this proposal both during construction and subsequently when open to thousands of polluting vehicles causing congestion and noisy rides.	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
3999	It borders several villages. Not towns, villages. The traffic noise, pollution, damage to the wildlife, day to day impact of construction would destroy these villages and cause misery to residents.	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	

702	It shouldnt be done. If going to anyway it should be done yellow outline red is farr to close	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
3269	Like you said you will make everyone's lives here a complete misery - before it's even open	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
2382	Simply the LOCATION is ridiculous, it's in the middle of 4 villages and FAR too close to people's homes in 5 villages The damage to wildlife at Marston forest centre, noise and traffic to residents is unacceptable to think you can destroy the area for profit. Yes to Bedford but No this location. There are far far more suitable locations for the project & you clearly have NOT done the research you claim to have done	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
2880	Please do not build here. You will damage the countryside that we have here.	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
3063	We don't want your project here.	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
2810	Why would you want to disrupt and unsettle local communities? Profit before citizens I presume.	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
4665	Visit and stay in the area first and appreciate the negative impact this development will have.	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
2865	We live extremely close to the site. We moved to Wootton 18 months ago and can't afford to move again. So we prey daily, that this WILL NOT proceed.	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
4591	Take elsewhwere where will not be Disruptive!	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
1451	The consumerism it embodies, supports and encourages is bad for the planet and for people. We don't need more jobs, we do need the houses the site is slated for, reduced inequality, shorter working hours, and better quality of life. The theme park's promise of jobs and beer and circuses" may be popular but that doesn't mean it is right."	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
3207	There is little you can do to minimise a project of this nature! It completely disregards the area and is not at all in keeping with the local area. It would be best to find a city and build where you have good connections. You will potentially destroy huge areas of countryside building new roads etc the best idea is not to build at all.	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	

3976	The whole of it would be a complete nightmare. The infrastructure doesn't currently allow for this at all.	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
5908	Do not want it at all	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
5887	Don't build it	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
5574	Don't go ahead. Find another site.	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
6043	Yes go elsewhere do not ruin our community!	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
5535	I think that the only option which would reduce the disruption sufficiently would be for you to choose a location which was considerably further away from local communities like ours.	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
5890	Please select a different location.	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
5591	We don't want to hear it! We live in a nice quiet village as that's the life we choose to live and this will just destroy that. You are going to force people to think about selling their family homes because of this.	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
379	Are you as corrupt as XXX	Should we proceed with this development we would also help to facilitate a number of significant local infrastructure upgrades. Which of the following do you think is most important?	
4596	overdevelopment of this local area	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
5080	Any 'development' in this area should be given over to farming, to provide home grown food for an increasing UK population. Given the dire state of the UK (morally and economically), it is in no position to support investment in superficial pleasure and entertainment.	Would you support a potential park and resort coming to this site? Please explain why.	
3943	Do not build the theme park, it's not for economy it's only being build as a money making opportunity for universal. The economy benefits are only being stated to defend and persuade people that it's a good idea	Please share any other feedback you have at this stage.

IMPACT ON LOCALITY			
LOCAL INITIATIVES AND CHARITY SUGGESTIONS (2,647)			
ID	Comment	Survey question	Response
2988	Supporting local charities especially children's charities	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	UDX is grateful for all the thoughtful comments and suggestions on the different initiatives and charities that people would like to see it support.
2356	Support for local charities	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
1060	Charitable focus	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
3475	or something that isnt going to age. I honestly think that "Universal Studios" perhaps UK	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	UDX has a long-standing track record of partnering closely with and investing in the local communities where it operates. UDX will consider all the suggestions received and continue to explore with Bedford BC and local groups how it can best support this community.
4130	- The Forest of Marston Vale - A charity planting trees in Bedfordshire (see Forest Centre & Millennium Country Park and others) - Bedford Council's Trees for Streets	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
557	2 charities I would recommend supporting, although not in the immediate area is Arthur Rank Hospice & Wood Green Animal Shelter.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	It has already done this at other resorts, such as in Orlando, producing real and tangible benefits for the local community. This has included: The Universal Orlando Foundation Since its formation in 1998, the Foundation has awarded more than \$32 million in grants to organisations in Central Florida that provide aid to local individuals, children and families.
2939	4YP UK - youth, mentoring, careers specialists working in schools and in the community. Upskilling and supporting the younger generation!	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
329	4ypuk	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	The Universal Orlando Resort Team Member Volunteer Program Last year marked the 25th year of UDX's volunteer programme, which aims to support local charities and community organisations. Over this period, Team Member volunteers have committed more than 600,000 hours of service, with 64,000 hours volunteered alone last year.
399	50 Things to do before you are 5 in Bedford ECP Children's Centres School Readers Food etc FACES Bedford Parent Carer Forum	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
2035	7th 94th Bedford sea scouts (or any of the local youth groups)	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	Bites. Camera. Action. partnership with Second Harvest Food Bank of Central Florida UDX Orlando, the UDX Orlando Foundation, Orange County Public Schools and Second Harvest Food Bank partnered to create Bites. Camera. Action more than a decade ago. This innovative programme features a mobile food pantry designed to provide food to families and youth throughout Central Florida. Over the past 12 years, this mobile food pantry has provided more than 1.6 million meals to school children, veterans, and other residents of Central Florida. The UDX Orlando Foundation has supported the Bites. Camera. Action. programme with more than \$2.1 million in grants, and UDX Orlando Team Members have donated more than 50,000 volunteer hours to support the programme.
3734	A broad range of environmental charities and local hospitals would be great.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?

3416	Being a rural area the local bus service is not very good. A local charity, Flittabus, provide a bus service for the elderly and disabled residents to get to and from places. They are all volunteer drivers and rely o fundraising. They could use your support.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
551	Being as I don't know the area that well, I cannot comment that accurately, but I would think that any Charity concerned with Children would be appropriate. What about the Blind Charity (RNIB), I think. Also Deaf Charities and those that help with Autism. I did work on a Deaf Ward in a psychiatric hospital for a while, and that made quite an impact on me. Whilst working in that hospital I also gained some understanding of Autism, and can recognise how difficult it must be rearing someone with this disability. I also worked with youngsters who had Anorexia Nervosa. I had completed some study of this in a course that I completed, but that course did not make me aware of how devious those afflicted with this condition can become, so as to achieve their aims.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
2033	Being equal opportunities to less abled people	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?

1598	Hula animal rescue,	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
2118	Hungry children	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
784	I am new to UK so not much aware	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
1779	I am not a Bedford local so I can not answer this question.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
4217	I am not a Bedford local.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
4274	I am not local	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
2482	I am not local enough to know- but when you are planting up trees and everything at your park, it would be amazing to see you also donating some plants/trees to other local areas, maybe local schools or hospital gardens or something	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
2213	I am not local however anything that inspires and encourages young people would be more than welcome	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	

3779	I am sure all local charities will be worthy recipients. On a personal level, I've always admired the work of local Sports Clubs and how they engage the local community on a number of levels, especially those particular programmes that help develop our youngsters and get/keep them active. Two examples are: Bedford Blues Foundation - https://www.bluesfoundation.org.uk/ourwork - Bedford Blues is Bedford's premier Rugby Club who play in the second tier of English Rugby and are widely regarded as being in the top 15 rugby clubs in England. Their Charitable foundation is relatively new but is achieving great recognition for their work with the community's young people. Luton Town FC Community Trust - https://www.lutontowncommunity.co.uk/ - Luton are in the Premier Football League and their achievement to get to this level is inspiring the whole county. Their work across the community is wide-ranging and addressing many local issues. Given Bedford Blues and Luton Town's reach into families across the region and nationally (and internationally in Luton's case), I am sure they would both be keen to explore other types of partnerships with Universal to help Universal raise awareness of their new UK Park.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
1181	I am the manager of Bedford Association of Tour Guides and we conduct guided walks around Bedford during the Summer months. I would welcome the support of Universal in helping to establish and fund a professional Tourist Information Centre in Bedford which I believe will be essential to the town if this project goes ahead.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
1622	I am unable to answer this for local charities.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
154	I believe the Bedford women's centre should gain some support and also the YMCA. Also conservation charities would be nice.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
3581	I cannot think of any local charities but supporting the local economy will be great.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
113	I can't think of any in particular but there is a real need for jobs for people with mild learning disabilities/autism. I'm currently supporting a man who has both (undiagnosed, supporting him with that too) and it's so hard for him to find paid employment. With the right training and a supportive employer he could get off benefits and flourish.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
1524	I can't think of specific initiatives however, I do feel that supporting the local food banks is something that should be done.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
3733	I do not live in Bedford.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
3655	I do not live in the local area so am unsure about local organisations	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
1709	I do not live locally	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
635	I do not live locally so I am not able to answer this question	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
1708	I do t know any	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	

1697	I doesn'tknow	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
1962	I doesn'tknow	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
366	I doesn'tknow any of the local charities but this is something that would be nice to see. It would be nice to support local grass routes sport and maybe support the local men and women's football teams. This would help with keeping a healthier happier local community which is very important. Local wildlife charities are also very important and maybe see if the natural areas of the site can be part of potential wildlife studies to create suitable habitats like wetlands etc.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
3950	I doesn'tknow any specifics as we are still relatively new to the area. However I have seen already that there needs to be support for young people, supporting them to learn and climb up the career ladder so community groups which engage these groups are important.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
1305	I doesn'tknow any there sorry	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
380	I doesn'tknow of any in the area	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
1816	I doesn'tknow.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
3813	I doesn'tlive in the area but I strongly think that local communities should benefit from any investment.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
1431	I doesn'tlive in the area however I am a volunteer for my local CIC it is a not for profit organisation that funded through sponsorships and donations anything that is gained is put into the community though well-being, regular groups signposting etc'.. we struggle to get the funding and us like many CIC's out there that do amazing work in their communities need extra support it may be worth looking for these in the area as well as charities to see how you can help them.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
2056	I doesn'tlive local to Bedford so I'm unsure of the local charities but any that support people who suffer from cancer would receive my recommendation.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
3582	I doesn'tlive locally but would suggest local wildlife/children/hospice charities	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
1656	I dont know any local charities in the area as i live a hour and 40 mins away . But children in need no	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
1986	I don't know any local organisations in that area.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
2190	I don't know of any.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	

1687	I don't know of particular charities, but I believe an area that needs support are charities that help kids to keep busy and stay away from crime. Supporting local schools and youth groups with facilities to get kids free access to training in theatre, engineering, and audio visual technology are all disciplines that would benefit the next generation of themed entertainment workers and producers - something that I would have loved to have had when I was at school.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
1415	I don't know the area well enough	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
2057	I don't know whether financial support would be the best way, but support of the Wicksteed Trust and Wicksteed Park project would be wonderful. It is a local park and amusement park that was built in 1921. The history of Charles Wicksteed is particularly fascinating in the realm of theme parks, amusement parks, and children's playthings. Charles Wicksteed was a visionary entrepreneur and inventor who played a pivotal role in the development of amusement parks and recreational equipment. Born in 1847, he was a man ahead of his time, with a keen understanding of the importance of play and leisure in people's lives. His passion for engineering and design led him to create innovative play equipment that was not only fun but also safe and educational. In 1921, Wicksteed Park was established as a testament to his vision and commitment to providing accessible and enjoyable recreational spaces for people of all ages. The park quickly became a beloved community asset, offering a wide range of attractions and activities, from traditional fairground rides to beautiful gardens and lakeside walks. Over the years, Wicksteed Park has continued to evolve and innovate, staying true to Charles Wicksteed's original ethos while embracing new technologies and trends in the amusement park industry. It remains a popular destination for families, with its unique blend of history, nature, and entertainment. By supporting the Wicksteed Trust and Wicksteed Park project, Universal Studios would not only be contributing to the preservation of a local landmark but also investing in a legacy that celebrates the spirit of imagination, creativity, and fun that Charles Wicksteed championed. It would be a wonderful opportunity to collaborate with an organization that shares similar values and aspirations, enriching the community and enhancing the visitor experience for years to come.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
3961	I don't live in the area, so don't know of any. However local people should be given the opportunity to apply for positions first.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
2894	I don't live in the local area	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	

1625	I don't unfortunately live in the area, but from the rest of the UK point of view, would love to see more places for Disabled adults & people to attend bars, social gatherings and nightclubbing alongside other people & adults who don't have disabilities, so that all the disabled & autistic adults & people who feel less confident going out places, can make new friends, become more confident in themselves and become more able to comfortably socialize around other people not like themselves. Another thing could support is by placing charity shops inside Citywalk with maybe a few having exhibitions, information boards and messages from people who have been helped by the charity that are trying to raise money for their causes? Maybe could have an experience around an RAF Red Arrows flight offering all who like to experience what's it is like to be a pilot for RAF Red Arrows? Via either a flying theatre or a ride system that better suits exactly what being a pilot looks & sort of feels like? With a charity shop at end of experience with any donations donated or money made from products, going towards the RAF Red Arrows themselves? Same could be offered with RNLI? Aswell some other charity organisations depending what they are, having also rides, maybe short film experiences or exhibitions with shops at end for both guests & locals who visit the resort, either who have ridden or come into shop via Citywalk? To browse & to buy something to help the causes that are related?	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
4559	I don't want it at all	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
3885	I have a few unique Ride Ideas, if anyone is willing to listen to me, but not cheap ideas, never ever been done before idea. I tried writing to universal before but got told we doesn't need your help, I got same response from Disney also. I'm not after any money, all I wanted was for some people involved in ride designs to listen to me.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
2503	I have already filled this form in but attend today at the event and wanted to add more ideas. Music education is underfunded and it would be great if you could support this. I'm currently help to promote just brass Bedford which is a scheme offering free music tuition in Bedford town centre.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
362	I have no particular places in mind, but to involve the projects of the future, the youth and people with the ambition to promote arts, music, environment and play. For a more positive and prosperous world.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
2249	I have worked a lot with Bedford and District Cerebral Palsy Society who do so much for the disabled community and their families in the area, enabling the young people to live life without limits and ensuring their families, and siblings are supported to remove barriers that they may face. Ensuring the park is accessible to our thrill seeking disabled community would be fantastic.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
2823	I hope you will also work with national charities, whilst this project will benefit Bedford, it is also possible to engage the entire UK in this project. Children Services and Disability charities would be those I'd suggest	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
3662	I like Marie curie due to the support they provided to my dad during his death	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
280	I live circa 25 miles away so not particularly but the idea is great.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
1666	I think all local initiatives and charities are important, not just local to Bedford but Nationwide.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	

353	I think bringing people and investment to Bedfordshire will be great, wherever directed. Bedford town needs some life and vibrancy again; so much has shut in recent years	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
1810	I think it is a very good idea for the uk to get a park like this to make new Jo's for the community and the uk.the teens and people need something like this to make new jobs and to make the uk a better place to visit.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
1063	I think like working with local initiatives, charities and schools to help with design and work with the parks would increase commintiy feels. Working with UK charities like autism UK and environmental agencies/charities would help with the impact of the park on the neurodiversity inclusion when visiting the park and wildlife.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
2352	I think local policing and healthcare in particular, to support the increase to their remit. Or offset with use of universals own security teams.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
306	I think some funding should go to mental health charities as it's a particular struggle locally	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
3205	I think supporting and sponsoring local wildlife and community groups would be excellent. The wider area is in a natural flood plane so any help and support towards the environmental impact of local flooding would also be extremely helpful. Example https://www.wildlifebcn.org/huntingdonshire-local-group	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
1473	i think supporting local collages and also supporting local sports is really important	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
2711	I think that collaborating with local environmental charities would be great such as the Forest of Marston Vale as well as the Woodland Trust and the RSPB (who have their national centre in Sandy, Beds)	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
1484	I think that obviously Bedford should be prioritised with this initiative, however please keep in mind other organisations and not for profit groups through out the UK	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
4376	I think the park could really benefit the local schools by working with them to provide learning opportunities outside the classroom for the children - many of the local rural schools are struggling with funding. Bedford Kindness is a group that does a lot for the local community. The Counselling Foundation has done a lot of great work for Bedfordshire and would greatly benefit from further support. Bedford Refugee and Asylum Seeker Support is a charity that has worked very effectively within the community.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
4351	I think you should create a funding pot to support a number of organisations and initiatives that are community driven. Supporting issues for Bedford such as homelessness, improving arts and culture and opportunities for young people. I favour this over supporting one particular charity or initiative	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
2684	I work for InnovateUK Business Connect and lead on transport work/partnerships, I also live 10 minutes away (wixams) , I would be happy to help you leverage this government resource to support innovative solutions to enabling sustainable transport solutions	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
3308	I work within the SEND sector in Bedford, currently as a teacher. I would very much encourage the Universalukproject to support our SEND community in schools such as St John's and Grange Academy but also Bedford charities such as Living it up. These are invaluable to our SEND community and the overall diversity of our society. I would encourage employment routes for our SEND community. Thank you.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	

2616	I would like to encourage young people to fulfil their potential also Guide Dogs for the blind	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
2058	I would like to see children's charities have the opportunity to use the park for free one day a season	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
1161	I would like to see engagement with youth groups such as local scout groups / brownies / badgers and engage with people who are looking for employment, especially those with disabilities.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
161	I would like to see support for local wildlife charities and environmental charities that protect habitats of animals. I also think support for local food banks would be appropriate .	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
4005	I would like to see support for The Place theatre, Bedford. A community space run by volunteers and providing performance space for professional and amateur groups, space for arts education for young people and support for minority groups.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
1963	I would like to see support of the LGBTQIA+ community from Universal in this UK project.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
4301	I would like to see the development of a Tourist Information Centre (TIC) in Bedford Town Centre to promote the culture and wonderful history of our town. (2024 is 800 years since King Henry III marched on Bedford Castle with 2,700 soldiers). Our TIC was closed some years ago. A new centre would also be beneficial to promoting the new theme park.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
3417	I would like to see this project have a real positive impact across the region supporting as much locally as possible	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
1763	I would like to see wildlife charities supported. Similar to question three, planting trees and supporting wildlife habitats are key.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
387	I would like to see you support LGBT Bedfordshire or another local LGBTQ+ charity, in order to offset the royalties to JK Rowling that your parks are paying her. This would ease the minds of many LGBTQ+ theme park enthusiasts who would otherwise be more hesitant to visit and support you, and soothe potential PR problems. Through the royalties paid to Rowling, Universal Destinations and Experiences is currently indirectly supporting anti transgender hate speech and campaigns in the UK through the utilisation of the Harry Potter IP in your parks worldwide. For example in February she donated £70,000 to a crowdfunder for a court case by For Women Scotland"	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
2491	I would like to see you support the RSCPA, the RSPB, Great Ormond Street Hospital, Cancer Research UK, the British Heart Foundation, etc.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
4171	I would like you to support local schools	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
448	I would love to see the "Mind" Charity in more light as it's a great organisation that helps with mental health across the UK.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
3535	I would love to see you support the local town and its council investing in not only the park but the town and its local area too	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
1715	I would love to see you work with local and national wildlife charities. RSPCA, RSPB, NAWT and Woodland Trust	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	

451	I would say, support all the people who live 15 miles away from the site with free lifetime entry tickets.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
4172	I would suggest looking at supporting The Harpur Trust as it has many connections with local groups as well as schools, so by supporting them your park would promote the development of educational support as well as smaller local groups.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
1464	I'm afraid I doesn't live in the area	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
3403	I'm aware you are already working with The Forest of Marston Vale	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
731	I'm happy for those who know more about local organisations to make recommendations to you. I trust the Universal Studios Brand.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
424	I'm not a local of the area	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
1024	I'm not familiar with charities specifically located in Bedford, but I'd love to see collaboration with local wildlife trust and charities to ensure adequate habitat for displaced wildlife	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
1281	I'm not from the area, but any help and support to local initiatives and charities would be greatly appreciated I'm sure	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
2522	I'm not local to the area but I'm passionate about reducing homelessness, especially children / young people. I'd love it if Universal could create a community of tiny homes and support these vulnerable people with their mental, physical & emotional health, build their education & employment portfolios, maintain independence & dignity, and achieve what they want out of life.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
1696	I'm not sure	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
2868	I'm not sure of local charities what would be amazing as a stage 4 cancer survivor a programme like give kids the world/make a wish but for adults in the U.K. offering them and their families a chance to visit the U.K. or US park. I personally would love to work on something like this and know the impact it could have. Even getting other theme parks like DLP and WDW further down the line. Being at the forefront of something like this does genuine good and also is good for your brand if you look at make a wish as a brand it is beloved due to it's amazing work	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
3678	I'm passionate in fundraising for different charities so would be happy in most charities being supported.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
3095	I'm supportive of any organisation that compliments the park and doesn't prove to be a hindrance	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
4690	If the house prices drop due to you building it, you could support us and top up the difference??	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
1874	I'm currently not local to the area so i'm not sure on any in particular however i'm sure any support for local initiatives and charities would be gratefully welcomed.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	

810	I'm not a local so wouldn't know	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
2232	I'm not familiar with the area but here in the UK we like to support children charities.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
1669	I'm not from the area, however any support for the environment would be welcomed from my perspective	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
3194	I'm not from the local area.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
392	I'm not local to Bedford.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
950	I'm not sure of any specific charities in the Bedford area. I think charities involving the support of children & young people should be supported.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
3962	I'm unfamiliar with local charities	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
2558	IMPAKT	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
226	Impakt - a local homelessness/domestic abuse housing Bedford-based charity FACES - a local family focused Bedford-based charity Bedfordshire Open Door - a local counselling service for youth mental health	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
312	Impakt Housing - supporting homelessness which is massive in Bedford and surrounding areas	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
2430	Impakt Housing & Support They have a specialist domestic abuse team, and with Universal Studios being a family attraction, it would align with your business to support a charity working with vulnerable families. Embrace Is a specialist charity offering support to young people who have experienced crime. There may be a number of children/young people who could greatly benefit from the experience of attending the park, meeting cast members/characters etc.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
686	Impakt Housing and food bank, Open Door counselling for young people under 25	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
4420	Improvement of the local villages transport and connection to the site/ surrounding areas, especially for older people and those of limited mobility- so public transport, pathways and accessibility improvement, as I am aware that those in rural Bedfordshire feel more and more cut off.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
4845	In my opinion, I would like to see Universal partner with and support local and regional public transport companies to ensure reliable service to and from the park, and to reduce car travel.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
263	Independent businesses within the local area and Bedford	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	

4394	Infinity Dogs CIC is a non-profit organization dedicated to empowering neurodivergent individuals and those with multiple and complex disabilities to train their own assistance dogs. As XXX, an autistic assistance dog handler and trainer, I invite you to explore our work at infinitydogs.org.uk. We would be thrilled to utilize your parks for training days for our exceptional, life-changing assistance dogs. Additionally, we are eager to provide guidance and training to your staff on accessibility issues related to assistance dogs from the outset, and even contribute to the planning process.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
264	Initiative with local companies with discount to the parks. Utac	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
2842	Initiatives such as the various local homeless charities that assist in the Bedford area.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
3596	Initiatives that encourage creativity, from film making, designers, inventors of the future.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
4377	Inspire FM Luton	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
661	Integrating special educational needs work placements into all of the jobs	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
3685	Integration with local Children in Need initiatives.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
1349	Investments in local schools. I work in a school with many underprivileged children , it would be nice to offer schools free trips and workshops.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
2521	Involving children's groups in your themed events, such as local children's scouts, girl guides etc. Also, various dance groups nearby where the members would love to help celebrate the theme park and show the skills of local young residents.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
4543	ISG Ichthyosis Support Group	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
2043	Islamic relief	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
2514	It is very important that local people are able to use the facilities, walk in the area, without needing a day ticket etc.. else what do the local people gain from the theme park, except those who are in need of a job?	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
1156	it will be grate for all	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
2812	It would be good to see more local businesses	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	

2386	It would be great to see the resort engaging in supporting local initiatives and charities. I think food waste is a massive one and helping to recycle food and donate that spare food onwards at the end of each trading day would massively help support people within the area who are less able to afford the essentials. It would be great to see some collaboration with other local business, any products that they offer which could come to the resort would be great to see. I doesn't feel the need to sprinkle the actual resort with local heritage but knowing that some of the products and manufacturers used for certain aspects were from the local area would be nice.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
3505	It would be great to see training opportunities for young adults to understand the theme park industry more.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
4459	It would be great to support some of the charities which support less fortunate children who are not be able to travel to other theme parks based outside of the UK because of either social, economic or health reasons. This would give them the chance to experience the amazing thrills and themed attractions which Universal are renowned for globally.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
1789	It's a while away but Haddenham Fish Scheme is a great local run initiative. If universal were able to help fund this, and expand on the scheme accross Beds, Bucks, and Herts, it'd be incredible. It serves thee elderly community who are less likely to benefit from the resort, and certainly gives back to the community!	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
1272	John Bunyan Meeting and Museum (Mill St. Bedford)	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
506	John Bunyan Museum & Library.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?

2849	Yes, anti child trafficking ones.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
2620	Yes, minds.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
4505	Yes, the Ampthill, Flitwick and Wixams First responder Group by donating to the EEAST ambulance charity with our area code. We could do with a responder car which could be sponsored by Universal and new equipment to have more first responders .	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
534	Yes. For one the afore mentioned Riverside Park that is proposed to pass very close to this proposed theme park. The creation of a narrow-boat marina adjacent to a boardwalk shop/restaurant part of the park and linked to the UK canal and River systems, would be a unique visitors attraction for many visitors, particularly those visiting from abroad. The UK narrowboat is unique to this country, and to have a visiting boat ability would also bring a further form of travel to the park. One could even go on to consider using canal taxis to bring visitors to the park from the likes of Bedford or further parking facility towards Brogborough. One could further explore making the leg of any canal project into a wide river like connection from outskirts of Stewartby through to the projects River Ouse connection. This would then attract more traditional wide-beam sea capable craft to any such marina associated with the park.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
2943	YMCA, for people less fortunate. Easily trainable people with the right platform. When I lived there they had a few YMCA places so hopefully still do.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?

5413	Bedford Creative Arts is an arts charity working across Bedfordshire for 39 years delivering art projects that address social needs. We are a National Portfolio Organisation of Arts Council England. We work across all artforms and commission artists to deliver bespoke projects that help with place-shaping, community wellbeing, skills development and more. We would love to look at using art and creativity to explore and celebrate the heritage of the area, engaging local communities and supporting the positive messages of the development. Recently we have been exploring AR, VR and immersive experiences. We have connections to communities, schools, charities and dignitaries across Bedfordshire and could connect a multitude of partners to a collaborative project www.bedfordcreativearts.org.uk	Across our parks we look to support local initiatives and charities. 5257	I have previously worked at Keech Hospice Care that is based in Luton. They primarily offer care for children with life limiting illnesses in the Bedfordshire region. As a previous employee of this great charity it would great to see you support this one in particular.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
5419	I think you could support the local villages with their community events such as summer fares, Christmas events etc with an injection of funding to make them stand out above other villages and towns	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
5365	I work at RAF Mildenhall, a USAF base here in the UK. We host the Joan Mann Special Sports Day here. Whilst being 59 miles, or an hour and 9 minutes drive from your possible location, it would be wonderful to see your company involved in some way with this once a year event. RAF Lakenheath, another USAF base is located 5 miles from RAF Mildenhall. There are potentially 5000 plus personnel on both bases, both active duty USAF military and US and non-US civilians. Bringing awareness and advertising to these bases could generate a lot of business for your potential new Theme Park in Bedford.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?

5448	Kings Arms Project (https://kingsarmsproject.org/) supporting homeless people in Bedford. Sustrans, who run the National Cycle Network (https://www.sustrans.org.uk/national-cycle-network/) which gives your guests access to local sights and facilities, and your staff access to local housing. Consider setting up an endowment to enable local faith organisations to cover the (minimal) operating costs of an on-call multi-faith service so that in the event of incidents on your site or affecting your guests/staff, their pastoral/spiritual needs can be met efficiently by the local community, with a pre-agreed engagement protocol, site familiarisation etc. and with positive working relationships already in place between your operating staff and local faith leaders. This is a very cost-effective way of boosting the project's resilience and making sure that even when your site has had a bad day (that's English understatement) your guests and staff still get the best possible experience.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
5292	Kings Arms project for the homeless Harpur Trust Have a pot of money that local charities can apply too	Across our parks we look to support local initiatives and charities. 345	My email address is XX and mobile XX. Infinity Dogs CIC would love to help advise from an accessibility point of view even in the planning stages!	Please share any further feedback you have at this stage.	
1182	Hitchcock Museum!	Please share any further feedback you have at this stage.	
4235	I am chair of the Bedfordshire Police Independent Advisory Group and have great insight into the community groups and policing issues affecting the Bedford area.	Please share any further feedback you have at this stage.	
4101	I have been a member of Wixams Events Team for several years and would be delighted if the team could work with Universal on improving local events.	Please share any further feedback you have at this stage.	
3584	I would say please to work with local schools and local artists and creatives to help bring your spaces to life as that not only adds uniqueness to your project but also would showcase a great collaboration between yourself and the local community. It would be much supported by all. Other than that, I look forward to seeing where the project goes and I will be excited to see it if it does open in the future.	Please share any further feedback you have at this stage.	
3541	Please work with the regulated local media actually based in Bedford and run by Bedford people (Bedford Independent, Bedford Radio, Harpur Radio, Bedford Clanger). They understand Bedford and its people more than most and will not only get messages out but can facilitate two-way communication too. Please also respect the heritage of the site you may be building upon. Finding a way to infuse the brickworks and other Bedfordian heritage into the park will help instil a sense of pride in your park and get many Bedfordians right behind it.	Please share any further feedback you have at this stage.	
2641	The more imbedded into the community, local business, charities and services the better your response and also I think (albeit may be small) would positively impact the popularity of the potential site.	Please share any further feedback you have at this stage.	

4505	It would be good to have the local Ambulance first responder team involved in some discussions via the EEAST as we would most likely be responding to incidents (and be first on scene) on site during the building phase and when/if it is in use as a theme park / resort. Would need to consider how access to the site can be made and boosting team resources.	Please share any further feedback you have at this stage.	
5498	Corporation with MK, Luton and Northampton. The university's and the community groups can bring great benefits to this project. Project must ensure the upskilling of the local young people.	Please share any further feedback you have at this stage.

Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
5639	For many years, as far as the river is concerned, Bedford has suffered from being the end of the line, and hence it has not been achieving significant benefit from its best asset -- ie the River Great Ouse. A canal to link Bedford with the old Grand Junction Canal was one of those not built 200 years ago. Hence the Bedford and Milton Keynes Waterway Trust is a charity that was set up 20 odd years ago to achieve just that. It is one of those projects that everyone thinks is an excellent idea but supplying the funds is another matter.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?

5498	Harpur Trust LOWD Miracle Church	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
5711	Harpur Trust: https://www.harpurtrust.org.uk/ and East Anglian Air Ambulance: https://www.eaaa.org.uk/	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
5725	Headway	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
5540	Headway is a national organisation but I have benefited from the local branch after a car crash. The proximity to the M1 and other transport makes Bedford a good commuter town	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
5611	Headway supports people with head injuries and enables them to take part in their daily life	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
5984	Heart of Marston charity Road Victims trust	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
5496	Heart of Marston Chums	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
5851	Helping get ex-offenders back into work.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
5870	Helping local homeless shelters and food banks. I think would be most welcome.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
5811	Helping the homeless & any Bedford Music festivals.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
5512	Henry Allen trust Willen hospice Food banks	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
5659	Home Start Animal charities Youth support and development projects Anti exploitation charities Domestic violence charities including women's refuge.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
5486	Homeless	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
5709	Homeless shelters	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	

5797	https://chums.uk.com/	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
5732	Hula Animal rescue is a great place for rescued animals	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
5556	i am not local i would support anything even universal	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
5642	I am supportive of all local charities that can make a difference to our community such as helping children to learn new skills and getting involved with local events and helping the elderly in their day to day should they need it and to give them some company.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
6039	I do not live locally. But would love to see funding into youth services for the young vulnerable people of Bedford.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
5947	I don't know any local organisations as i don't live locally	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
6068	I don't live in the area but I would say the smaller of charities and local business that can be chosen via employees. Charities like Make A Wish are a no brainer but smaller ones and more of them that can benefit would be great.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
5535	I don't think that will make up for the disruption to the local community	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
5606	I help run Stewartby Youth FC, small grassroots football team founded in 2023. We currently have one team, we would love to expand this to more age groups, with the help of funding.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
5680	I would like to see charities such as alzheimers association including dementia as this is a charity that is personal to me	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
6018	I would really appreciate if you would donate to any mental health services near the area.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
5553	Im not local so I am not sure as to what charities are in the area. Possibly support the disabled and long term unemployed due to disabilities. Sponsorship of local sports teams no matter what level they are at would also be seen as a big boost. As it would put universal in a good light locally and nationwide.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
5649	I'm not that familiar with the local area but would like to see Universal support local sports clubs and schools to get people more active. Ie. Artificial hockey/ cricket pitches etc	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?

5536	The Wildlife Trust BCN	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
5911	The Wildlife Trust BCN does so much incredible work with communities as well as their reserves management work, campaigning, inspiring and educating people about nature, and has just purchased a rewilding site near Bedford that could have the potential to bring endless value to local communities educating them about nature, as well as providing a space for monitoring and research teams and traineeships	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
5560	There has been in recent years and will be in future very substantial residential development to the south of Bedford but community and spiritual facilities of every kind have not been provided to keep pace with the growth of the population. So village halls and churches such as Parkside Hall or the Baptist Church in Amptill (for example- there will be equivalents in other villages across the area) need all kinds of support to maintain and grow their service to the growing community.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
6006	This will be brilliant not just for myself but for people who don't want to travel abroad and stay in the UK haveing a unerveral in the UK will be brilliant it be my frist time aswell I'm a lover of merlin entertainments but this will make the UK a much better place to live I'm so glad to hear about this and we're be coming down doing videos on YouTube getting others opinions on what they would like to see to make this one of the best UK parks	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	

5850	Those which help children with learning difficulties and those which offer support to older people.	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
6005	thrussel trust foodbanks	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
5515	Tibbs Dementia	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?	
6014	Unfortunately I am not very local to Bedford however, I would like to see support for mental health charities / events	Across our parks we look to support local initiatives and charities. Are there any particular organisations you would like to see us support in the area should we go ahead with this project?

GENERAL POSITIVE IMPACT (1,588)			
ID	Comment	Survey question	Response
284	Making Bedford a landmark	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	UDX has been incredibly appreciative of the very warm welcome it has received and has been delighted by the enthusiasm and overwhelmingly positive responses provided throughout the engagement period. Collaboration and community engagement are at the core of any new experience UDX creates and it is thankful for all the engagement and feedback so far.
397	Making Bedford even better then it already is!	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
4169	In this current climate, economy is a big factor for locals	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
3566	Bringing a joyful experience/attraction to the town.	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
3674	Bringing exciting opportunities and experiences to local people	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
3695	Giving a boost to Bedford	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
3790	Local theme park as an entertainment hub would be excellent, especially considering the previous failures of the 'London Resort'.	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
801	Revitalising the town center	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
1046	What a great opportunity for Bedford and all its residents	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	

634	Being proud of Bedford, it's been run down for many years, this project will bring a much needed boost to the area.	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
101	This would be an absolutely amazing opportunity for the local community and also reaching out to surrounding areas. Bringing fantastic training, education and jobs to the area. Putting Bedford on the UK map as a place to be and go to. Along with its perfect location for the whole of UK to access. This is so so exciting and what a wonderful resort this will be for US & UDX :)	Would you support a potential park and resort coming to this site? Please explain why.	
105	It would be a welcome addition to the Bedford & Milton Keynes Waterway Park which is under development	Would you support a potential park and resort coming to this site? Please explain why.	
107	1. It would be fun! 2. This used to be a stretch of land that was full of industry so it would be good to see it used again. 3. It will bring in good local jobs. 4. You are promising to support local Communities so as long as that it's not just Bedford, and also includes Ampthill, then I approve.	Would you support a potential park and resort coming to this site? Please explain why.	
108	This is the best thing that could ever happen for Bedford. The council have no idea about development and attracting business, please please please ignore them and make this happen, we need it!	Would you support a potential park and resort coming to this site? Please explain why.	
118	It would create a lot of opportunities for the locals(employment, development in infrastructure, livelihood, facilities etc.) it would also serve as a hub for universal studio fans for everyone across Europe.	Would you support a potential park and resort coming to this site? Please explain why.	
123	Good for the local area , brings work and footfall	Would you support a potential park and resort coming to this site? Please explain why.	
126	The proposed site around Stewartby has been dormant since London Brick closed the brickworks & the former Mid-Beds MP ruined the last initiative several years ago. Bedford & surrounding area needs putting back on the map and it needs its major rail links to the north restoring. This project ticks so many boxes to regenerate the area.	Would you support a potential park and resort coming to this site? Please explain why.	
307	Putting Bedford on the map	Should we proceed with this development we would also help to facilitate a number of significant local infrastructure upgrades. Which of the following do you think is most important?	
128	This will fit in with the local growth and complete the Milton Keynes vision.	Would you support a potential park and resort coming to this site? Please explain why.	
131	I think this would be really good for the UK but also bedford. I live in Stewartby so right near the sight	Would you support a potential park and resort coming to this site? Please explain why.	
132	It would be good to have something new and exciting in the area	Would you support a potential park and resort coming to this site? Please explain why.	
438	Having as many viable options as possible can only be a good thing	Should we proceed with this development we would also help to facilitate a number of significant local infrastructure upgrades. Which of the following do you think is most important?	
4897	Making Bedford fun!	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
1086	More fun things to do	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
2756	Delivering fun attractions to more a more accessible and local crowd.	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
2942	Fun for me	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
3066	Lots of local fun!	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
4119	Fun	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
4286	Increasing everyone's fun and happiness	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	

719	I love universal and would love to have one on my doorstep.	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
140	The job opportunities it would create for the region as well as footfall for local business. I would only support this if it would complement local business, driving people to local eateries etc.	Would you support a potential park and resort coming to this site? Please explain why.	
146	Exciting prospects for Bedford town	Would you support a potential park and resort coming to this site? Please explain why.	
147	Good opportunity for jobs and to improve local infrastructure	Would you support a potential park and resort coming to this site? Please explain why.	
127	I believe it would bring many social, economic and environmental benefits to Bedford and hopefully facilitate the desired waterway park and links between the Ouse and Grand Union Canal. The close proximity to the rail lines could be valuable to the project and the railway.	Would you support a potential park and resort coming to this site? Please explain why.	
947	Giving Bedford a breath of fresh air	Should we proceed with this development we would also help to facilitate a number of significant local infrastructure upgrades. Which of the following do you think is most important?	
634	Being proud of Bedford, it's been run down for many years, this project will bring a much needed boost to the area.	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
711	Improving the quality of life around this area	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
4487	Better leisure facilities and the increased opportunities for the local area	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
4221	having a cool themepark/ having the butterbeer ice cream from harry potter world orlando	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
1450	Delivering a high quality entertainment venue & making it a step up in quality compared to the competition (mostly Merlin venues).	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
1415	Providing new and exciting entertainment in the area	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
3384	Enhancing where I live and the area based around the Universal site	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
126	This is so exciting. Please don't let the politicians **** it up. Bedford needs this!	Please share any other feedback you have at this stage.	
448	All of the above as well as bringing life back to Bedford.	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
534	The greater regeneration of Marston Vale as a whole	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
535	Long-term, sustainable investment plan guaranteed	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
3196	Brings more economic activity, restaurants, hotels, entertainment, boosts local area generally	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
3186	Improvement of town centre	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
3077	Bringing joy and happiness to people.	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
134	This project is amazing. It is a really good opportunity for Bedford and all of us. I can not wait for this. I am so happy about this project. I hope it come real.	Please share any other feedback you have at this stage.	
142	I think this is a great opportunity for my local area and for the uk in general to have and work with a great organisation	Please share any other feedback you have at this stage.	
146	Good luck and hope this project goes through Thank you for considering our neighbourhood for such a massive undertaking	Please share any other feedback you have at this stage.	
153	Many people will be in favour of this due to the benefits it will bring. Obviously people living nearby would like to be part of this and being able to visit, discounted tickets to locals and free tickets to disadvantaged people would also great.	Please share any other feedback you have at this stage.	

2249	Entertainment for people and hopefully bringing businesses back to Bedford	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
2051	Improving entertainment. There's nothing in this area to do.	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
2151	Improvement of Bedford town centre and surrounding villages.	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
161	I am in support of this project and can see the positive impact this will have on the local community and economy.	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
2156	Bringing joy to the local communities	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
165	If any local or national politicians are reading this, I urge you to do everything within your power to make this project happen. This is a Sliding Doors moment for Bedford - if the correct choice is made, we will have an international class theme park that will bring visitors from all over the world to the region, and will provide endless hours of enjoyment and entertainment for local residents. And any environmental concerns will be addressed by a company that has tremendous expertise in this area - almost certainly to the extent that there will be net gain in the quality and quantity of green space. If this opportunity is missed, it will be a tragedy of monumental proportions.	Please share any other feedback you have at this stage.	
174	This proposal represents a fantastic opportunity for Bedford & the surrounding area.	Please share any other feedback you have at this stage.	
1168	Entertainment	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
2887	Improving the local area	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
2485	having a very good theme park in the area, also HHN	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
2587	Regenerate bedford	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
2676	Opportunity to enhance Bedford with up market restaurants, shopping, hotels, etc. That could easily be accomplished making new rail station complex at Bedford St. Johns	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
183	I consider this a really good opportunity for Bedfordshire	Please share any other feedback you have at this stage.	
226	I think the project would be a great economic and social addition to a great town.	Please share any other feedback you have at this stage.	
230	I really think your investment in Bedford would be mutually enriching in so many ways. Thank you.	Please share any other feedback you have at this stage.	
238	I think that this will be significantly beneficial to the bedford area	Please share any other feedback you have at this stage.	
241	I think this is a great idea. It will boost the community, help get jobs, it will be exciting and new.	Please share any other feedback you have at this stage.	
248	I think this is an amazing opportunity for Bedford	Please share any other feedback you have at this stage.	
267	I hope this project gets the green light. Bedfordshire needs some serious investment and it would be a real shame for this opportunity to be missed.	Please share any other feedback you have at this stage.	
281	Bedford has long been overlooked for major projects and investment, this project if handled and communicated correctly would receive overwhelming support by the residents in the area. There is already an excitement in the area.	Please share any other feedback you have at this stage.	
286	I'm fully behind this - I really hope you decide to go ahead and take into account just how viable the location is and how much benefit you will get from this location but also, the benefit it will bring to local business and the area in general	Please share any other feedback you have at this stage.	
310	We would love this proposal to go ahead as a family, we think it would be a really positive addition to Bedford with lots of benefits to individuals and to Bedford as a community!!	Please share any other feedback you have at this stage.	

4924	This would be so wonderful for our area, from the minute you say yes, jobs, opportunity and pride would come.	Please share any other feedback you have at this stage.	
138	I think it would be a great opportunity for Bedford and think the majority of the town are positive about this prospect.	Would you support a potential park and resort coming to this site? Please explain why.	
3273	Regeneration of Bedford town centre	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
4613	I absolutely love this idea and think it will be great for Bedford	Please share any other feedback you have at this stage.	
2592	Re-using redundant land left behind following the closure of the brickworks	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
4697	I think this is a really exciting proposal and very unique for the local area. I'm excited to have something like this on our doorstep and hope it is successful in being a real boost for the local area. I hope the locals will be considered throughout ie jobs posted locally and perhaps an reduced annual pass for local people and look forward to the type of jobs a project like this would offer.	Please share any other feedback you have at this stage.	
4700	I can only see the positives this would bring to the locals in the way of employment and infrastructure benefits.	Please share any other feedback you have at this stage.	
4703	I think it is fantastic for the area and would visit numerous times a year myself with my family.	Please share any other feedback you have at this stage.	
4723	I feel this is a great idea which will put the area on the map and create lots of exciting opportunities for generations to come.	Please share any other feedback you have at this stage.	
4261	I welcome this project, it will be of enormous benefit to the local area and bring much needed inward investment both during and after construction.	Please share any other feedback you have at this stage.	
4263	Please come to bedford!!!	Please share any other feedback you have at this stage.	
4233	This would be a great benefit to our community, and will also bring in attendees from around the UK and further afield, so I'm definitely in favour of this park project going ahead. I'm keeping my fingers crossed this project gets approved, and looks forward to attending on a regular basis.	Please share any other feedback you have at this stage.	
4234	I feel this is a massive positive for the area and as a local, this is a very exciting prospect	Please share any other feedback you have at this stage.	
4185	I'm incredibly excited about Universal coming to Bedford, both as a theme park lover and as a potential employee. I'm confident having seen Universal's other locations in the US that the park would be an unrivalled benefit for the local area and the UK more broadly.	Please share any other feedback you have at this stage.	
4160	I'm eagerly looking forward to the possibility of Universal Studios being constructed in Bedford. The anticipation is truly exciting!	Please share any other feedback you have at this stage.	
4142	Bedford is looking forward to this venture. The economic growth could be amazing. But please don't use our young people as cannon fodder for staff members. Treat our local employees with respect, fair wages and fair treatment. I am sure you will have good staff retention then.	Please share any other feedback you have at this stage.	
4123	This could potentially make Bedford the entertainment hub of the UK. Especially with the new film and tv studio opening next door to the Universal site.	Please share any other feedback you have at this stage.	
4124	I hope you invest in the Bedford area	Please share any other feedback you have at this stage.	
4125	I really hope it goes ahead. It is exciting and will help Bedford town and the surrounding areas.	Please share any other feedback you have at this stage.	
3760	This would be a great investment for our Borough.	Please share any other feedback you have at this stage.	
3761	Thank you for considering this site!	Please share any other feedback you have at this stage.	
3764	I would love to see a park in the UK - maybe as the birthplace of Harry Potter there should be something to honour that	Please share any other feedback you have at this stage.	

3744	O think this would be great for the local economy and the UK as a whole. Extra consideration would need to be given to improve transport links between London and the site as a lot of tourists would want to visit the theme park while over sightseeing. I really think using Cardington Hangars to air lift people from Stansted, Luton, Cambridge and Lo Don would be magical and would get massive support from the locals as there is a lot of airship and flight history in Bedfordshire and it would be great to incorporate and preserve the hangars and studios into this project.	Please share any other feedback you have at this stage.	
3748	Very good for the local area to have a major tourist site creating lots of new jobs	Please share any other feedback you have at this stage.	
3769	Simply go ahead: Bedfordshire needs this!	Please share any other feedback you have at this stage.	
3790	Really excited to see a Universal Theme Park come to the UK and to be in our local area is a major bonus for both the area itself and the communities it serves. We love Florida, but to have this on our doorstep would be an incredible way of getting a theme park 'fix'.	Please share any other feedback you have at this stage.	
3781	Like I said previously, I think it's an amazing opportunity for the county. I've visited Universal in Florida a number of times and it's amazing. We need something like that in the UK	Please share any other feedback you have at this stage.	
3813	Having something as fantastic as Universal Studios in the UK would create an affordable option for those who are unable to get to Florida to experience the truly magnificent spectacle of a universal theme park. I would hope that attractions would include and celebrate that is available in other theme parks across the globe whilst offering a truly unique experience. Lord of the rings comes to mind! Also we have a lot of rain in the UK and most of our theme parks are seasonal but I would hope that this investment would be a year round attraction with night life and hotels. Thank you for considering the UK in your global Expansion and I really hope that you are able to build therapeutic relationships with the local communities to ensure this project become a reality. Good luck!!! ðŸ˜Ž	Please share any other feedback you have at this stage.	
3689	I think it will be a great project bringing the meaning of Bedford back. With Bedford and Milton Keynes and Cambridge nearby it's a great location!	Please share any other feedback you have at this stage.	
3679	1000% support this project for the Bedford area and the UK as a whole. This could help bring some life back into the UK.	Please share any other feedback you have at this stage.	
3681	I think it is so exciting for Bedford . I look forward to going forward and seeing a positive outcome	Please share any other feedback you have at this stage.	
3959	I really hope this could boost bedford and bedford is a worthy place for this. You could even use our very local dishes such as chocolate toothpaste or bedford clanger in vendors around the park and get a real taste of bedford. We have a good mix of people. Should also use bedfords strong affiliation of Italy too!	Please share any other feedback you have at this stage.	
3960	Fantastic opportunity for Bedford and UK in general to have such a prestigious international business located in area.	Please share any other feedback you have at this stage.	
400	It is very exciting that you are looking at Bedford as a site for this project and everyone I know really hopes it goes ahead. Please come to Bedford!	Please share any other feedback you have at this stage.	
402	I am very excited and see many opportunities and benefits for both businesses and the local people of all ages.	Please share any other feedback you have at this stage.	
420	I hope it goes ahead and look forward to the potential benefits for our town.	Please share any other feedback you have at this stage.	
452	I think it would be a great addition to our local area	Please share any other feedback you have at this stage.	
457	Personally think it's a great idea for the town and local community's. The nearest theme park (not including Gulliver's land) is at least 1 and half hours away. Would also be a great opportunity for Universal as the Cardington sheds film studios are only a stones throw away.	Please share any other feedback you have at this stage.	

460	There are no big theme parks in our area, yet Bedford is a great location to have one, pretty central to most places.	Please share any other feedback you have at this stage.	
482	I hope this project goes ahead, it would be huge for Bedford and can only see this improving the area and popularity of a great town.	Please share any other feedback you have at this stage.	
484	I just think this will be fantastic opportunity for Bedford and I'm all for it being started as soon as possible!	Please share any other feedback you have at this stage.	
505	I really hope you choose Bedford.	Please share any other feedback you have at this stage.	
511	Incredible opportunity for the Bedford and Central Bedfordshire areas.	Please share any other feedback you have at this stage.	
514	I believe that adding a Universal park to Britain, especially Bedford, would be a great idea and would benefit the community in many ways.	Please share any other feedback you have at this stage.	
516	I believe this park can be great opportunity for our town.	Please share any other feedback you have at this stage.	
4880	I wholeheartedly support this project and the opportunity it presents to Bedford, and in particular Wixams. I would love to see restaurants/shops/entertainment that does not require a ticket at the entrance to the park, as whilst the rides etc inside the park are a large draw, one of the most exciting things is the notion of a community centre on our doorstep which will provide much-needed amenities for our family. I can foresee us spending a lot of time there as a family. It's also important to improve local transportation, for example the roads and rail links. Wixams station will need to be a much bigger venture - it will need to be 4 lines not 2, and offer late night services rather than the currently scheduled 10pm close. This is valuable to the local community but also for the park itself, as if the local station shuts at 10pm it may not be the most helpful. It would also be a bonus if local residents had perks such as a certain amount of free tickets a year and discounts in the local restaurants (a local resident pass/card type scheme)	Please share any other feedback you have at this stage.	
4875	This is an exciting development for Bedford and the UK. It would be great to include local schools in some way as those children are the future of Bedford and they will be the ones who will benefit most from it.	Please share any other feedback you have at this stage.	
4851	I think this is a great opportunity for Universal studios, the local economy and tourism for the whole of the UK. Airports, other than London Luton will also be contributing. Gatwick is easily accessed via the Bedford-Kings Cross train line and brings more international flights. Also, Birmingham is only an hour away to the North so links between there and the site should be considered.	Please share any other feedback you have at this stage.	
4828	I think this is such a great opportunity. and even a place I would love to work. I set up my own small business in the Bedford town centre that is all about movies and providing a great retail / gaming experience. I will look forward with the new updates in the future	Please share any other feedback you have at this stage.	
4824	The finished project has the potential to transform the locality and the country as whole, it would also force other attraction providers to up there game somewhat and invest in improvements elsewhere	Please share any other feedback you have at this stage.	
4816	I'm incredibly interested in a Universal resort coming to Bedford as I truly believe it will be transformative for the local population for generations to come!	Please share any other feedback you have at this stage.	
119	Bedford needs a rejuvenation	Would you support a potential park and resort coming to this site? Please explain why.	
4816	I'm incredibly interested in a Universal resort coming to Bedford as I truly believe it will be transformative for the local population for generations to come!	Please share any other feedback you have at this stage.	
4751	It will be great for the town of Bedford and beyond. Please go ahead with it.	Please share any other feedback you have at this stage.	
4730	Just thank you for potentially choosing Bedford as your new park project and that I really hope it happens.	Please share any other feedback you have at this stage.	

4729	I hope this does go ahead. It will a huge positive impact on Bedford. Bringing so many opportunities Bedford really needs for so many people and younger generations.	Please share any other feedback you have at this stage.	
4720	Financially, it would benefit surround an area such as Bedford and many more attracting communities wouldn't typically come to Bedford	Please share any other feedback you have at this stage.	
4729	I hope this does go ahead. It will a huge positive impact on Bedford. Bringing so many opportunities Bedford really needs for so many people and younger generations.	Please share any other feedback you have at this stage.	
1489	We fully support the creation of a Universal Resort in Bedford and believe it would be hugely beneficial for the surrounding areas, creating new jobs, tourism and improving transport links.	Please share any other feedback you have at this stage.	
1747	Dear Universal UK Team, I am writing to express my enthusiastic support for your proposal to establish a new park in Bedford. As a resident of the area, I believe that the creation of this park would bring immense benefits to the community and enhance the quality of life for all Bedford residents. Parks play a vital role in providing green spaces for relaxation, recreation, and community engagement. They contribute to the physical and mental well-being of individuals, promote social interaction, and create a sense of unity among residents. By developing a new park in Bedford, Universal UK has the opportunity to make a lasting and positive impact on the local community. Furthermore, the establishment of the new park has the potential to contribute significantly to the development of our transport infrastructure, job market, and education system. By creating a green space accessible by public transportation, Universal UK can help improve connectivity within the city and encourage sustainable modes of transportation. This initiative could lead to the development of new cycling paths, pedestrian walkways, and public transportation routes, enhancing mobility options for residents and reducing traffic congestion. In addition, the construction and maintenance of the new park will generate employment opportunities for local residents, providing a boost to the local economy and fostering community prosperity. Moreover, the park could serve as an outdoor classroom for schools and educational institutions, offering hands-on learning experiences in environmental conservation, biology, and ecology. I applaud Universal UK's commitment to investing in projects that not only beautify the area but also contribute to the overall development and well-being of the community. The establishment of a new park in Bedford has the potential to create a ripple effect of positive impacts on our city's infrastructure, economy, and educational opportunities. I wholeheartedly support Universal UK's proposal and urge you to move forward with the project with the full backing of the community. Thank you for your vision, dedication, and efforts to enhance our local area. I look forward to seeing the positive impact that the new park will have on Bedford and its residents.	Please share any other feedback you have at this stage.	
2902	We are broadly supportive of this proposal and think it could be a transformative change for Bedford (especially in terms of secondary investment/regeneration of the town centre and improvement to transport links).	Please share any other feedback you have at this stage.	
2923	I feel this would be a major benefit to local area and wider community, I would have long lasting impact for current and future generations. It would create so many job opportunities, transport enhancements and most importantly a wonderful place to have fun!!	Please share any other feedback you have at this stage.	
4356	I am very excited about this possible opportunity I can see the benefits a park would bring creating jobs for the are and with our good transport links eg bus, safe cycle links and rail it would give those who do not drive and younger people more opportunity for employment.	Please share any other feedback you have at this stage.	

4560	It would be great for the area and welcomed, if you get it right. It would also be good to understand how the potential park could impact the very local residents (ie me being within 0.5mile) in terms of noise & light pollution once the park is open & functional.	Please share any other feedback you have at this stage.	
1179	I watched your presentation on a YouTube video that was uploaded and I was really impressed by your desire to make the theme park part of the local community - extending benefits to local people with jobs, better transport and walkways .	Please share any other feedback you have at this stage.	
4365	I think Universal coming to Bedford will be a huge windfall and bring Bedford alive again	Please share any other feedback you have at this stage.	
4368	The knock on effect of local investment that will happen should this park go ahead will be incredible. I hope people support it and I look forward to hopefully creating memories in this park in the years to come	Please share any other feedback you have at this stage.	
1861	Economy booster	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
1683	Job opportunities, regeneration of the area, bring investment into the UK	Would you support a potential park and resort coming to this site? Please explain why.	
4816	I'm incredibly interested in a Universal resort coming to Bedford as I truly believe it will be transformative for the local population for generations to come!	Please share any other feedback you have at this stage.	
3290	Overall, this would be a positive for Bedford, but it needs to be remembered that the impact would be mostly felt by residents of Central Bedfordshire in an area where rail infrastructure is already inadequate	Please share any other feedback you have at this stage.	
3291	I'm very supportive of this project. I think it represents an existing and great opportunity for Bedford and the local areas.	Please share any other feedback you have at this stage.	
3293	Generally, great opportunity for an area which needs revival.	Please share any other feedback you have at this stage.	
3295	Get it done! This project will put Bedford on the map	Please share any other feedback you have at this stage.	
801	Excited as think it will be good for our economy.	Please share any other feedback you have at this stage.	
802	This is a fantastic opportunity to bring experiences to the UK that are not currently here or available to many families that cannot afford the travel to other countries. It will be a huge boost to the local community as well as bringing economic development and growth.	Please share any other feedback you have at this stage.	
803	Do it! The UK has needed something like this for so long. Many people cannot afford to travel to the USA or further afield to experience Universal Parks. It would be fantastic for the UK.	Please share any other feedback you have at this stage.	
808	This would be huge for the UK and would be one do the best things to ever be Built in this country.	Please share any other feedback you have at this stage.	
824	We have visited Universal Studios in Orlando so we know the incredible standards achieved in that park. To have a resort of that standard in the UK, more easily accessible to UK residents would be amazing.	Please share any other feedback you have at this stage.	
831	The UK needs this project, the UK economy needs this investment and the UK public need the kind of experience that only Universal can provide. My only feedback would be to try and get it completed before 2030 as then it would fit nicely in with my planned visit to Epic Universe. And if you do build a hotel on site, one like Cabana Bay would be very much appreciated as that is my favourite hotel anywhere in the world.	Please share any other feedback you have at this stage.	
850	Thumbs up come to Bedford and the UK we need it.	Please share any other feedback you have at this stage.	
3110	Bedford & the surrounding areas need jobs, the economy is dire. This would, like you said, be helping local businesses, infrastructure improvements it's a win win.	Would you support a potential park and resort coming to this site? Please explain why.	
3959	Bedford although a great town can be a bleak place with not much to do. With this investment it means more businesses will look to also come to Bedford, not only increasing footfall but increasing the towns revenue, which benefits everyone. I don't believe this will happen but would love it to. Bedford could also integrate the bi yearly river festival into the park and resort.	Would you support a potential park and resort coming to this site? Please explain why.	

1710	Bedford always misses out due to its proximity to Milton Keynes, Cambridge, Luton and London. It has a lot to offer and will really help put it on the map and attract new investment from other businesses that may return to the town which have left in recent years.	Would you support a potential park and resort coming to this site? Please explain why.	
3278	Bedford amongst other towns (Northampton in particular) has suffered from the expansion of Milton Keynes as a draw for shopping, entertainment and new housing. The local area would benefit from employment opportunities and improvements to local infrastructure.	Would you support a potential park and resort coming to this site? Please explain why.	
2711	Bedford and Bedfordshire has so much potential. Geographically, it is situated in a fantastic place - London is only 40 mins away by train for example. A project like this could really fulfil the potential of this area. Also your outlook is very refreshing, when emphasising the importance and value of the environment and nature, alongside supporting the local communities in terms of training, jobs and social benefits.	Would you support a potential park and resort coming to this site? Please explain why.	
1044	Bedford and central Bedfordshire has abundance of warehousing and housing many comments out of these areas with skilled jobs to MK Cambridge London and Stevenage . These skills need to be kept in the area and reduce travel. The area needs a new focus and a focus for young people to be proud of, Bedford town is lacking ooor and women feel unsafe at night. Universal would give a place to feel safe meet friends have fun without travelling miles away. Universal will put Bedford and Bedfordshire on the map a county many only know as they travel through or connection to the sadness of Luton. This is an opportunity to bring greatness and opportunity to an area that heeded it. International visitors can also visit some of the other great things the rea has to offer environmental Beauty, history's and heritage. Those that stay at universal have London on the doorstep for days when they want something else. Housing and communities will improve. One worry I have is the affect on the utilities and how will we cope with the increased waste of foul and materials will this be used to create energy on the site Also electricity the area capacity is at stretch and already planning application for large development struggle to explain how the energy capacity will be support more housing with such a large development as universal how will this be achieved, will you generate own power I'm curious this is the only problem that concerns me	Would you support a potential park and resort coming to this site? Please explain why.	
3498	Bedford and Central Bedfordshire lack the pull! There is nothing very specific to bring people to the area! We need the pull and after years of traveling it would be amazingvto have something on the door step.	Would you support a potential park and resort coming to this site? Please explain why.	
2554	Bedford and Kempston Hardwick has been developing for some time. It needs an attraction because there are some negative connotations to the County and it has excellent transport links.	Would you support a potential park and resort coming to this site? Please explain why.	
983	Bedford and Luton are towns with some significant social issues and poverty. They're both a bit down on their luck, but also very multi cultural and welcoming. I think the economic opportunity here is tremendous as well as the chance to lead on a massive construction project that could be done with sustainable, environmentally-conscious materials, construction methods and operational processes. It could be a flagship project in that sense. With the infrastructure projects already happening in the area (notably EW rail) a public policy is already partly in place. And, if it can enhance the existing surrounding rural amenities (Marston Mortaine, Stewartby Lakes, Forest of Marston Vale), Woodland Trust planting at Queen's Wood, then the whole area can be enhanced.	Would you support a potential park and resort coming to this site? Please explain why.	

3293	Bedford and surrounding area are a great place to live but, like many other market towns, have lost their traditional industries. Increasing numbers of people commute, further impacting on local businesses. The Oxford-Cambridge Arc has stimulated house building but not local employment. An opportunity for local employment would bring huge benefit to the whole area.	Would you support a potential park and resort coming to this site? Please explain why.	
4141	Bedford and the local area lacks a location to go for entertainment, food and drink. You have to go to Milton Keynes if you want to go for decent food. Then it would be great to have somewhere on my doorstep for fun and somewhere to take family.	Would you support a potential park and resort coming to this site? Please explain why.	
3313	Bedford and the UK need something new and exciting. Bringing more is a great thing. Brings tourists too! love universal. Be nice not to have to fly to orlando every year	Would you support a potential park and resort coming to this site? Please explain why.	
4449	Bedford and the uk would stand with universal and I think create an experience for tourist.travellers and locals the likes that would have never been seen globally.the draw and feel given to people visiting this resort would rival and even exceed most theme park experiences that the world can offer.and I believe the excellent relationship between the uk and our US friends could secure a world class resort that could expand and grow over the next 30 years to unimaginable proportions.	Would you support a potential park and resort coming to this site? Please explain why.	
2082	Bedford and the wider UK need this type of investment to ensure we grow for future generations. From a purely theme park perspective the presence of Universal would be a game changer to those theme parks existing in UK and the customer would only benefit. This would also make the UK a huge destination area for theme park enthusiasts across the world.	Would you support a potential park and resort coming to this site? Please explain why.	
3158	Bedford area has huge potential and a dearth of training and employment opportunities for local young people. It is a hospitable place with a long history of embracing and welcoming visitors : a peaceful but vibrant location with many additional local outstanding attractions. It deserves it's own	Would you support a potential park and resort coming to this site? Please explain why.	
3688	Bedford as a town has nothing to recommend it and is currently in a state of decay. This would give people a reason to come here and improve the economy.	Would you support a potential park and resort coming to this site? Please explain why.	
4858	Bedford could do with the economic boost - and also the surrounding area	Would you support a potential park and resort coming to this site? Please explain why.	
1516	Bedford could really do with a big project like this. i live in MK and would love it here but Bedford would really benefit	Would you support a potential park and resort coming to this site? Please explain why.	
3265	bedford council is a property company with a charity attached to it. the bulk of its funds come from property tax where as 50% should come from corporation tax thereby promoting more business, starts ups, local high level education, high value jobs and promoting growth of gdp per capita business andnet wages. In the meantime Universal will do.	Would you support a potential park and resort coming to this site? Please explain why.	
480	Bedford crying out for something to set it on the world map - no better partner than Universal Studios.	Would you support a potential park and resort coming to this site? Please explain why.	
941	Bedford desperately needs a financial boost!	Would you support a potential park and resort coming to this site? Please explain why.	
237	Bedford desperately needs investment - this could be transformative for the area. I also have kids who would love to attend the park!	Would you support a potential park and resort coming to this site? Please explain why.	
232	Bedford greatly needs and deserves investment and I'd be happy for people around the world to see how great Bedford is.	Would you support a potential park and resort coming to this site? Please explain why.	
3174	Bedford had so much to offer and the high street has great architecture and deserves to be developed with better shops.	Would you support a potential park and resort coming to this site? Please explain why.	

937	Bedford has a declining presence in its town centre for businesses and the opportunities (economic, local, socio-economic) are limitless if Universal executes this project correctly. There seems to be great appetite for it and, as a born and bred ex-Londoner, Bedford will benefit from increased footfall.	Would you support a potential park and resort coming to this site? Please explain why.	
768	Bedford has a history of informing and educating people as the BBC was based here in WW2 and we have a Glenn Miller museum at Twinwoods and regular 1940s festivals there. We are in a good position for transport links and have a history linked to the R101 Airship memorial and also built the Titanic engines. Galtieri visited here and we were the home of Ronnie Barker a great Comic. The Panacea had links to the USA and still has people of faith visit there. Enough said?!	Would you support a potential park and resort coming to this site? Please explain why.	
4347	Bedford has a lively community but many people are commuting into London for work. Your development would give opportunities for people to work more locally. This would significantly improve work/life balances.	Would you support a potential park and resort coming to this site? Please explain why.	
2742	Bedford has an excellent education system with a very high density of private schools, and some excellent state schools, but due to the lack of employment opportunities many people leave Bedford after they've been to university. A prestigious employer in the local area would help to retain talent and revive the local economy.	Would you support a potential park and resort coming to this site? Please explain why.	
696	Bedford has been going backwards in terms of planning and development, in the last 20 years. High house prices, fast commute into London and its strong heritage seem not be justified in its potential to thrive as a culturally vibrant place. The council have 0 vision in recreating spaces that have been in decline for years e.g. Aspects leisure park, train station and its associate movement networks. With the Real Bedford FC investment and the Universal park, this could be a new era for the town to be able retain its community and not lose them to London or other places around the country.	Would you support a potential park and resort coming to this site? Please explain why.	
3539	Bedford has been on the decline for many years - just look at the town centre with a number of large units empty. However it has a strong heart, with good hardworking people. Not only would the park give many opportunities to the town, the town will support the park with a resilient and reliable workforce.	Would you support a potential park and resort coming to this site? Please explain why.	
1889	Bedford has come so close to attracting Major investment in the past. But now this is an opportunity we cannot afford to miss out on.	Would you support a potential park and resort coming to this site? Please explain why.	
4283	Bedford has lost ground to Oxford, Cambridge, MK - it's a weak link in the arc. It needs a boost and this would be just right. Bedford is so well connected that it would be perfect for a big park.	Would you support a potential park and resort coming to this site? Please explain why.	
2313	Bedford has lost its way as a regional market town and centre for employment and commerce, the old industries having died out and the new technologies now being centred in Cambridge and Milton Keynes. This project would bring a new focus for the town and put it back on the map.	Would you support a potential park and resort coming to this site? Please explain why.	
2534	Bedford has needed some major investment to grow the town and economy and make it a go tonlocation again. This will help bring people to the area and encourage further businesses to invest in the area	Would you support a potential park and resort coming to this site? Please explain why.	
3958	Bedford has nothing, this is massive. We need jobs here and a new road network, no more flying to America! Who!	Would you support a potential park and resort coming to this site? Please explain why.	
2842	Bedford has over the last 15-20 years become as such a suburb" of London. As a business owner in the area	Would you support a potential park and resort coming to this site? Please explain why.	

2395	Bedford has so many shops closing and the extra footfall would encourage more retailers to the area and boost the look and feel, as well as the local economy. As long as the noise/view and disruption caused to Wootton (I can see the intended area from my house) is minimised then it will be an amazing thing to have on our doorstep. I'm going to universal Florida for the 4th time in May 24 so love the theme parks.	Would you support a potential park and resort coming to this site? Please explain why.
3257	Bedford has struggled ever since Milton Keynes was developed it simply cannot compete. To bring the town back to life would be so good to see. The embankment is beautiful but much of the actual town is either charity shops or shut shops!	Would you support a potential park and resort coming to this site? Please explain why.
2799	Bedford has the ability to grow and develop hand-in-hand with this venture. We are closely associated with Milton Keynes which has considerable commercial capacity, and we have additional land available for warehousing and industry.	Would you support a potential park and resort coming to this site? Please explain why.
4023	Bedford in need of investment and a facelift so universal are very much welcomed by me	Would you support a potential park and resort coming to this site? Please explain why.
1053	Bedford is a beautiful place with historic significance. This project will enhance it and contribute to its growth , putting it on the world map.	Would you support a potential park and resort coming to this site? Please explain why.
4476	Bedford is a fantastic location with great links to different parts of the UK and London and Europe via Eurostar. The project will bring economic and social benefits to the area. There are a lot of wealthy people living in Bedford and nearby cities like Milton Keynes who will definitely use the park. There are a lot of families with kids living in the nearby towns and cities and there no parks like this anywhere near do the park will have a lot of customers no doubt.	Would you support a potential park and resort coming to this site? Please explain why.
4478	Bedford is a great area, we already see big events happening in local parks ect River festivals, it is a lively, buzzing, innovative town.	Would you support a potential park and resort coming to this site? Please explain why.
3201	Bedford is a great location because it is in the middle of the UK, on the same train line as Luton and Gatwick and one connection away from Heathrow. It is close to the M1 motorway. The local Muslim residents would benefit from an outside Western influence. The site is relatively flat so development should be fairly easy. My only concern is the impact on local wildlife like badgers, foxes, hedgehogs, etc. please provide sanctuaries for them away from people with dogs.	Would you support a potential park and resort coming to this site? Please explain why.
3266	The river area would be the main draw for tourists in terms of the town itself. On a pleasant day it feels like a Parisian suburb. I think investing in this area to make sure that the tourists could a) enjoy themselves without b) causing environmental problems would be a good decision. Improving rail linkages to London by investing in Bedford railway station would also seem sensible.	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?
468	Bedford is a great place that needs a little love and not another housing project	Would you support a potential park and resort coming to this site? Please explain why.
3954	Bedford is a growing town with a diverse population. It is also easily accessible by road and rail. It would bring great economic boost to Bedford as well as huge employment opportunities	Would you support a potential park and resort coming to this site? Please explain why.
841	Bedford is a historic and beautiful town desperately in need of some town centre regeneration. It's been hit by the development of Milton Keynes and a plethora of out of centre shops. It deserves a chance.	Would you support a potential park and resort coming to this site? Please explain why.
4692	Bedford is a lovely place to live, but the economic benefits would be huge. The potential to support the local community and young people in the area will be huge. Knowing that you take care over infrastructure ans the environment too means that this can be nothing but good for the local area.	Would you support a potential park and resort coming to this site? Please explain why.
2591	Bedford is a melting pot of culture and heritage and a hidden gem which would benefit from the park and benefit future generations of Bedfordians.	Would you support a potential park and resort coming to this site? Please explain why.

2368	Bedford is a place if huge potential We moved from London to Bedford 7 years ago and this would take it up a level.	Would you support a potential park and resort coming to this site? Please explain why.
2902	Bedford is a town with a wonderful heritage and enormous potential. It has suffered from under investment for decades. My family and I believe that a local investment of this scale and nature could create a catalytic effect on other investment and tax generating activities. We would like to see Bedford realise its potential as a wonderful place to live and work.	Would you support a potential park and resort coming to this site? Please explain why.
372	Bedford is a town with little to offer although it has a beautiful river area and could be so much more - I believe your park will encourage businesses back.	Would you support a potential park and resort coming to this site? Please explain why.
2618	Bedford is a very underlooked community and it's time we have something like this we can truly be proud of. The increase in jobs will do wonders and it's about time the UK has a theme park on the level that only universal can deliver	Would you support a potential park and resort coming to this site? Please explain why.
4250	Bedford is accessible from the main london airports and mainland europe from the trains. Bedford has been neglected nationally and would huhely benefit from a huge project.	Would you support a potential park and resort coming to this site? Please explain why.
492	Bedford is an area that would really benefit from investment	Would you support a potential park and resort coming to this site? Please explain why.
3266	Bedford is an ideal location for the park. I recently bought a house here due to the proximity to London, but also to Cambridge, Oxford, Birmingham, Manchester. Luton airport also. The park would be able to tell a great economic and social development story. Bedford high street is urgently in need of more footfall to bring back shops. Tourists would do this. The town also has a homelessness problem and CSR support to charities helping these individuals would be a very positive contribution from the resort.	Would you support a potential park and resort coming to this site? Please explain why.
791	Bedford is an underdeveloped area. The input of a significant investor might galvanise the local authority to actually improve the area and not just let it drift into ruin like so many other towns and cities in the UK.	Would you support a potential park and resort coming to this site? Please explain why.
1176	Bedford is at the crossroads of Europe and deserves better businesses	Would you support a potential park and resort coming to this site? Please explain why.
4826	Bedford is attractive but it needs an economic boost. All our friends are in favour of an important development and the Stewartby area is ideal.	Would you support a potential park and resort coming to this site? Please explain why.
471	Bedford is beautiful and needs more recognition A boost to employment	Would you support a potential park and resort coming to this site? Please explain why.
3196	Bedford is close to Milton Keynes and Cambridge, both important, dynamic UK cities. As a result, Bedford currently is a bit of a poor relation. This development would inject considerable energy into the Bedford and local economies lifting the whole area. It would also make the area more important in terms of infrastructure priorities, eg road capacity, train schedules, airport transport links.	Would you support a potential park and resort coming to this site? Please explain why.
3030	Bedford is crying out for a central point to attract more investment, more national and international visitors and crucially help the local economy and job market which is suffering due to mismanagement, wastage and under investment in some cases.	Would you support a potential park and resort coming to this site? Please explain why.
617	Bedford is desperately needing a regeneration project especially for our young people. We have a high level of young people not in education or training and through this project there is a real opportunity to engage young people, offer them not only job but training opportunities and bring the town back to life. Would love to see investment in youth projects to get those not in work up skilled and into the world of work. More intervention work	Would you support a potential park and resort coming to this site? Please explain why.
3272	Bedford is dying, it's always been boring and needs new life	Would you support a potential park and resort coming to this site? Please explain why.

887	Bedford is ideally situated, in the centre of the country which means there are many people within a 2 hour journey. It also has good road and rail access (you only have to look at the number of logistics warehouses in the area) which means it is easy to get to. Bedford has the potential to be a beautiful, thriving little town but it needs something "big" and exciting to provide opportunities for the people who live here and to enable the town to look to a more secure future which would provide the drive for new development projects. This would be brilliant for Bedford and really put it on the map.	Would you support a potential park and resort coming to this site? Please explain why.	
4261	Bedford is in desperate need of investment to revitalise a post industrial area	Would you support a potential park and resort coming to this site? Please explain why.	
2356	Bedford is in real need of a major employer coming to the area . We lose 1/3rd of 17-25 year olds due to a lack of career opportunities and development. We are a diverse and passionate community who are welcoming and supportive. We are generous with time and money (named most generous town by just giving a few years ago) and seek to be a place where everyone can reach their full potential. Having you build here will enable us to thrive as communities and will break the ceiling for our youth to soar.	Would you support a potential park and resort coming to this site? Please explain why.	
3012	Bedford is long due for this update. Despite being a historic town it is often ignored. Definitely support this for Bedford.	Would you support a potential park and resort coming to this site? Please explain why.	
163	Bedford is not a thriving area of the country and is often overlooked as it is nestled close to but far enough away from Cambridge, London, and Milton Keynes. This could be a huge boost to the local economy and thus entice businesses back into the local area.	Would you support a potential park and resort coming to this site? Please explain why.	
2377	Bedford is one of many areas in the UK that needs investment and this is such a positive way to do it!	Would you support a potential park and resort coming to this site? Please explain why.	
4349	Bedford is perfectly suited to maximize the benefits from this enterprise.	Would you support a potential park and resort coming to this site? Please explain why.	
4109	Bedford is run down and would benefit from rejuvenation	Would you support a potential park and resort coming to this site? Please explain why.	
2802	Bedford is so closure to numerous airports and near enough the capital. Also we have center parks nearby but Universal is another level. Create new job and fantastic for our area. Improve transport and put us truly on the map. If we have some great shopping in town like florida - fabulous!!	Would you support a potential park and resort coming to this site? Please explain why.	
4535	Bedford is the prime location for a park of this nature - with amazing links to rail, air and motorways! It would really put Bedford on the map and bring prosperity to the area! We've visited your parks in the USA and are excited that your attractions may be a little closer for our next visit/s.	Would you support a potential park and resort coming to this site? Please explain why.	
840	Bedford is thriving, has great links locally & nationally (less than an hour from London) new HS2 railway going in. Bedford is going to be the hub to London for years. The dialling code is 01234, aesthetically pleasing	Would you support a potential park and resort coming to this site? Please explain why.	
2973	Bedford is very well located. Great weather climate from a uk perspective, with climate change that will improve. Also very easy accessed from London and Luton airport and the north of uk. With the European market you could a tax free shopping district with a 2/3 day mini trips. Could be a great project.	Would you support a potential park and resort coming to this site? Please explain why.	
2979	Bedford is well placed geographically, with good Road and Rail links. It is only a few miles from Milton Keynes with excellent rail and bus links to many parts of the country. The location is well positioned to ensure excellent availability of staff.	Would you support a potential park and resort coming to this site? Please explain why.	
3641	Bedford lost alot jobs in engineer	Would you support a potential park and resort coming to this site? Please explain why.	
1333	Bedford need investment and this park with transform the town	Would you support a potential park and resort coming to this site? Please explain why.	

2988	Bedford needs a new focus with the town centre losing footfall. With a regeneration of the brickworks area, this could revitalise the local labour market which would in turn revitalise the town centre and surrounding areas. More pride in what the local area can offer, feeds through to better wellbeing and satisfaction and enjoyment. This also coincides with the East West rail project and new station at Wixams. Lots of growth opportunities at last.	Would you support a potential park and resort coming to this site? Please explain why.	
119	Bedford needs a rejuvenation	Would you support a potential park and resort coming to this site? Please explain why.	
1110	Bedford needs a shot up the backside and US are the people to do that	Would you support a potential park and resort coming to this site? Please explain why.	
349	Bedford needs a stimulus	Would you support a potential park and resort coming to this site? Please explain why.	
403	Bedford needs investment and leisure facilities which it is currently lacking	Would you support a potential park and resort coming to this site? Please explain why.	
2035	Bedford needs investment and we need additional employment opportunities	Would you support a potential park and resort coming to this site? Please explain why.	
3926	Bedford needs investment in the local area to provide more jobs and boost the local economy.	Would you support a potential park and resort coming to this site? Please explain why.	
1754	Bedford needs investment into the area. Green areas are becoming less as development takes over. The proposed area hasn't any of these in place	Would you support a potential park and resort coming to this site? Please explain why.	
1048	Bedford needs investment, it feels left behind and in need of investment to kick start a wider rejuvenation of the town.	Would you support a potential park and resort coming to this site? Please explain why.	
518	Bedford needs it	Would you support a potential park and resort coming to this site? Please explain why.	
2818	Bedford needs it!	Would you support a potential park and resort coming to this site? Please explain why.	
3964	Bedford needs jobs and an identity for the future.	Would you support a potential park and resort coming to this site? Please explain why.	
1195	Bedford needs regeneration and is central in England to attract visitors. Luton airport will bring in European tourists and links to Heathrow will bring in Americans. We are close to Oxford and Cambridge so the location is ideal for development	Would you support a potential park and resort coming to this site? Please explain why.	
3236	Bedford needs some form of uplift for it to achieve its potential	Would you support a potential park and resort coming to this site? Please explain why.	
630	Bedford needs something like the theme park to attract other inward investment and regenerate the town. The town is currently dead and there's little in the social scene. The park will improve the reputation of the town and will also benefit other local areas such as MK, Luton and Northampton in terms of local tourism. I'm 110% support for this project.	Would you support a potential park and resort coming to this site? Please explain why.	
4216	Bedford needs something like your park. In coming here it will also encourage more businesses to open in Bedford town and make it the town it once was. There is also a proposed waterway with barges from Bedford to Milton Keynes that was started and has been ongoing for years (https://www.bmkwaterway.org/), so perhaps this would also be completed with an increased footfall to the area and with boat trips/walks along the canal etc it would complement your park for a holiday/long weekend.	Would you support a potential park and resort coming to this site? Please explain why.	
2151	Bedford needs something to regenerate the area. Milton Keynes, Oxford and Cambridge are likely to continue to thrive without investment but Bedford needs (and lacks) an anchor employer.	Would you support a potential park and resort coming to this site? Please explain why.	
3028	Bedford needs the impetus that this project will bring. The leisure industry and theme parks in the UK will be boosted by this as well	Would you support a potential park and resort coming to this site? Please explain why.	
1166	Bedford needs this As the town centre needs investment and more shops and this would be great	Would you support a potential park and resort coming to this site? Please explain why.	

2501	Bedford needs this boost, it needs the re-investment. The jobs it creates and the business that it will bring are crucial to Bedford.	Would you support a potential park and resort coming to this site? Please explain why.	
489	Bedford needs this for the young people in the area this would be a huge plus I think for work in an area that has been deprived	Would you support a potential park and resort coming to this site? Please explain why.	
2556	Bedford needs this! Were finally getting the improvements we've wanted for years in bedford, due to universal! So many new houses, so many new people and families, yet no decent places to work or visit to this scale. Its needed!	Would you support a potential park and resort coming to this site? Please explain why.	
4438	Bedford really needs a regeneration project such as this - to avoid becoming another commuter town, devoid of government funding and while also costing out affordable housing. By offering employment opportunities, this project could enrich the local workforce and bring local pride back to Bedford.	Would you support a potential park and resort coming to this site? Please explain why.	
4849	Bedford really needs help, it needs new ideas and business opportunities to help local people.	Would you support a potential park and resort coming to this site? Please explain why.	
1387	Bedford really needs something to boost the local economy	Would you support a potential park and resort coming to this site? Please explain why.	
4743	Bedford town centre has become run down over the last few years as large retail establishments have left the centre hopefully Universal investment will encourage these retail establishments back.	Would you support a potential park and resort coming to this site? Please explain why.	
571	Bedford Town is historically a very attractive market town with enormous potential to develop the river embankment but it is becoming a ghost town with few shops and reducing footfall. The potential boost that this project could bring to the town and surrounding area with improved infrastructure can only be beneficial.	Would you support a potential park and resort coming to this site? Please explain why.	
3894	Bedford Universal would be a major attraction for the UK	Would you support a potential park and resort coming to this site? Please explain why.	
452	Bedford used to be a hub of local businesses unfortunately lots of these have moved out of the town or closed down, people have to travel to jobs it would be great to have new job opportunities especially to the the next generation	Would you support a potential park and resort coming to this site? Please explain why.	
1082	Bedford used to be a nice place to live, it now feels left behind. It is not making the most of its history & position nor does it have any dynamic ideas or hope for the future. I worry for the future of the children here. The place is sad & needs some love & hope.	Would you support a potential park and resort coming to this site? Please explain why.	
4020	Bedford used to have several national / multi national employers so this is a great employment opportunity; great development opportunity; and a great local social relaxation opportunity	Would you support a potential park and resort coming to this site? Please explain why.	
4577	Bedford was a lovely market town but like many towns is suffering from a lack of footfall and business. The area provides good transport links by motorway, rail and by air (Luton and Cranfield) and various local traditions/quirks inc. airship / airlander HQ+ film studios in Cardington, lots of nearby forests and wildlife reserves,	Would you support a potential park and resort coming to this site? Please explain why.	
1076	Bedford was once famous for Bedford Trucks & Vans. It is no longer famous!	Would you support a potential park and resort coming to this site? Please explain why.	
4916	Bedford will die without	Would you support a potential park and resort coming to this site? Please explain why.	
2589	Bedford would benefit from some regeneration that housing alone cannot deliver	Would you support a potential park and resort coming to this site? Please explain why.	
486	Bedford would benefit from this, it is a beautiful town but under invested in. It would put us on the map WORLDWIDE and secure a thriving future in employment, housing (the resort staff will have to have somewhere to live) Hotels, and culture for Bedford. I love my town.	Would you support a potential park and resort coming to this site? Please explain why.	

3136	Bedford would certainly benefit from major infrastructure development - particularly the improvement of the East-West rail connections to Oxford and Cambridge and improved service to Luton Airport. There have been proposals to establish a canal link to join the River Ouse to the Grand Union Canal in Milton Keynes thus establishing a navigable route to the North Sea. This would be a wonderful 'Green Legacy' linked to the Universal development.	Would you support a potential park and resort coming to this site? Please explain why.	
1553	Bedford, the UK and Europe in general need a new theme park in the scale of the Universal parks with new job opportunities, the ability to honor the rich history of the region and to provide entertainment for children and adults alike.	Would you support a potential park and resort coming to this site? Please explain why.	
4379	Bedford/Bedfordshire has fabulous people, scenery, network of roads to be able to handle this great development. So central to airports.	Would you support a potential park and resort coming to this site? Please explain why.	
1541	Bedfordshire needs to be put on the map. Many other counties are known for their history, their scenery, their food, but Bedfordshire sits in the middle of everything making it near everywhere and yet it is not famous for anything'.yet!! The park would bring employment not only for park employees but for local suppliers and services with the reach of the park being felt county wide. It would bring in brilliant new people with new skills that would improve communities as a whole. More money would go into the coffers which would lead to improvements in the roads, schools & hospital making Bedfordshire a more desirable place to live. I am a local farmland & business owner in Haynes West End, (with a degree in film!), and if there is anything I can do to assist the site's development please let me know as I believe it is a huge opportunity for the region.	Would you support a potential park and resort coming to this site? Please explain why.	
1092	Bedfordshire (Bedford) needs this type of national ambition it will bring prosperity to a declining town and surrounding villages. And put Bedford back on the map. Exciting opportunities for all of us.	Would you support a potential park and resort coming to this site? Please explain why.	
723	Bedfordshire becoming a tourist destination	Would you support a potential park and resort coming to this site? Please explain why.	
3810	Bedfordshire is a beautiful but largely rural area and is underfunded in comparison to neighbouring counties such as Hertfordshire. It would be wonderful to see it given this opportunity to grow and develop and stop being the poor relation.	Would you support a potential park and resort coming to this site? Please explain why.	
4117	Bedfordshire is a diverse county with multicultural businesses and communities all of which will benefit from the development.	Would you support a potential park and resort coming to this site? Please explain why.	
830	Bedfordshire is a nice place and would benefit from a New social complex	Would you support a potential park and resort coming to this site? Please explain why.	
120	Bedfordshire is short of good quality entertainment.	Would you support a potential park and resort coming to this site? Please explain why.	
4879	Bedfordshire lacks a pull, its main benefits are that it is commutable from multiple cities and has great transport links. But this isn't enough to bring investment, visitors etc to the area. Something as exciting and lucrative as a park and resort not only promotes a direct economic boost to the local community, it also has multiple indirect benefits to surround towns, villages, cities, global visitors etc. The proposal will really put Bedford on the map in such a strong way.	Would you support a potential park and resort coming to this site? Please explain why.	
3794	Bedfordshire needs developments like this and has good transport links	Would you support a potential park and resort coming to this site? Please explain why.	
3694	Bedfordshire needs economic and social regeneration. It has lost significant industry in recent decades with the closure of the motor industry and all brickworks to name just two. Any large scale regeneration should be welcomed.	Would you support a potential park and resort coming to this site? Please explain why.	
3993	Bedfordshire needs growth and investment. There is a lot of new housing in the area but not necessarily any new job opportunities. An investment of this nature would benefit the county massively.	Would you support a potential park and resort coming to this site? Please explain why.	

3772	Bedfordshire needs something like this for youngsters. They need job opportunities	Would you support a potential park and resort coming to this site? Please explain why.	
5434	The potential benefits for the local area and the UK as a whole are outstanding and far outweigh any potential negative impacts (if there are any). Many families cannot afford to travel abroad to visit universal sites elsewhere, so having a Universal Park in the UK will provide an opportunity and experience that so many people and families would not otherwise have access to	Would you support a potential park and resort coming to this site? Please explain why.	
5316	1000% percent. Universal parks are just amazing and would bring in a lot of tourism from the uk and surrounding EU countries and more.	Would you support a potential park and resort coming to this site? Please explain why.	
5155	A new theme park promises a multideck of social and economic benefits. Indicative, it will boost the local economy, it will serve as a hub for leisure and entertainment, it will provide space where people of all ages will gather and interact and it may become a landmark to attract tourists. Only positives out of such a move.	Would you support a potential park and resort coming to this site? Please explain why.	
5213	A new theme park would create a huge economic opportunity for the area as well as creating great employment opportunities. As an avid theme park fan and having visited universal orlando a number of times, having a Universal theme park so close would be wonderful. Hopefully reasonable rate season tickets would be available!!	Would you support a potential park and resort coming to this site? Please explain why.	
5233	A Universal resort should have been made here decades ago! Myself and many others will have always wanted to visit a Universal resort but never have had the means to be able to travel to them. The franchise is very familiar and popular in the UK for all ages with timeless classics that I'm sure many are looking forward to being fully immersed in.	Would you support a potential park and resort coming to this site? Please explain why.	
5450	After visiting Universal Studios in Florida and also Hollywood I feel that a Universal resort in the UK would be a huge hit as a majority of visitors especially at Orlando are from England, so why not build a resort in England.	Would you support a potential park and resort coming to this site? Please explain why.	
5026	All of the reasons you have outlined above	Would you support a potential park and resort coming to this site? Please explain why.	
5211	All the reasons you mentioned above. It would also be fantastic to have a Universal theme park on this side of the world! I identify as disabled and find travelling to your current parks difficult as they are so far from the UK. I have been to your Orlando parks once but found it very difficult because of the flight length, would love to have the opportunity to visit a theme park of this quality again.	Would you support a potential park and resort coming to this site? Please explain why.	
5113	All your reasons above, and we love the florida parks!	Would you support a potential park and resort coming to this site? Please explain why.	
5392	Amazing opportunity for lots of jobs which is needed. With most of the UK within 2 hours of the site it's going to keep people coming back instead of traveling further afield. Great for local infrastructure and community.	Would you support a potential park and resort coming to this site? Please explain why.	
5146	Amazing opportunity for our area and creation of jobs	Would you support a potential park and resort coming to this site? Please explain why.	
5267	Amazing opportunity for the UK to have a world class theme park. Bring money into the country and local economy. Create jobs and opportunities. And boost tourism outside of London.	Would you support a potential park and resort coming to this site? Please explain why.	
5415	Amazon opportunity for Bedford and surrounding areas. Increase in foot fall to rejuvenate the areas.	Would you support a potential park and resort coming to this site? Please explain why.	
5293	An investment of this scale by an organisation which delivers high quality entertainment developments at a global level is hugely exciting for the UK. The location, historical use of the land, proximity to good infrastructure all indicate to a well thought out process. Bedfordshire and the Uk could not look for a better partner to deliver a world leading park and investment of this nature.	Would you support a potential park and resort coming to this site? Please explain why.	

5100	As a theme park fan and also planning to study visitor attractions and resort management at university this would be a great opportunity to facilitate full time jobs in this industry.	Would you support a potential park and resort coming to this site? Please explain why.	
5274	As a theme park fan there is a lack of major theme parks in the UK, if this project goes ahead it would tap into a market of people who don't want to travel overseas to get a proper theme park experience.	Would you support a potential park and resort coming to this site? Please explain why.	
5089	As an avid theme park goer, I believe the UK is an untapped market for a world class theme park (s), as already mentioned in your document we have a large population, we have great transports links, we have large international tourism numbers on a yearly basis: so the park will be a success in my view based on both national and international visitors. I would be someone who'd also visit numerous times a year and would look to purchase an annual pass if available; so I would imagine a significant number of people would be in the same position. We already have a theme park industry (albeit it's not as extensive and currently dominated by one player, which is Merlin), which I believe is not at the same level as any of the parks in Universals portfolio (having visited all Universal Parks across the world myself).	Would you support a potential park and resort coming to this site? Please explain why.	
5327	As universal has stated already. A great opportunity for economic growth of the town. I hope this would help grow the towns leisure infrastructure and help fund much needed improvements. As a Kempston local, I am very excited to see what you bring.	Would you support a potential park and resort coming to this site? Please explain why.	
5117	As Universal is exactly the boost the UK needs. Plus we have been waiting years for this moment	Would you support a potential park and resort coming to this site? Please explain why.	
602	Thank you for considering Bedford. Our fingers are crossed for you!	Please share any other feedback you have at this stage.	
564	This project if it goes through will have a significant positive impact on the local area economy and like Orlando become another go to location for European holidays.	Please share any other feedback you have at this stage.	
630	It's great to see Bedford being a destination for such a prestigious project. Not only will it benefit local communities but it will also benefit the country as whole with more tourism for the whole of UK. Really hope it goes ahead and the government supports this amazing and fantastic initiative.	Please share any other feedback you have at this stage.	
634	I very much hope the theme park and resort project comes to Bedford & puts us on the map....a huge boost to the area.	Please share any other feedback you have at this stage.	
759	Overall I appreciate the positive impact this project will have on the community. I also think it will give Bedford a very unique attraction within the UK.	Please share any other feedback you have at this stage.	
5308	Be amazing tonput bedford the market town on the map	Would you support a potential park and resort coming to this site? Please explain why.	
5068	because Bedford has a high unemployment and young people not having much hopes for the future and oportunities	Would you support a potential park and resort coming to this site? Please explain why.	
5275	Because Bedford has always been a working town but over the last thirty years has seen factories and businesses closing down due to relocation or closing in general. It would be great for Bedford as a whole because it has multi nationals that live here and the proximity of the park is perfect for the Bedfordian workforce and the many local trades to travel to. It would be a massive uplift for the Bedford without it being obtrusive.	Would you support a potential park and resort coming to this site? Please explain why.	
5112	Because it can only be a good opportunity for Bedford in so many ways. It will also help regenerate our town centre and people will want to invest in the town. Great for our children and our children's children.	Would you support a potential park and resort coming to this site? Please explain why.	
5181	Bedford could become a prestigious place where many people from all over the world to come, especially from Europe. Hopefully will be additional money to fight drugs addicted and help the homeless.	Would you support a potential park and resort coming to this site? Please explain why.	

5065	<p>Bedford has a rich cultural and religious history due to the brickworks bringing so many people of many nationalities to Bedford. It is an example of tolerance and mutual cooperation. This site fits superbly into the vision of the neighbouring Forest of Marston Vale Bedford also has an enormous musical history, both with the historical connections from Bedford Musical Society (and now Bedford Choral Society) and with the BBC music having been based here in Bedford during world war 2 Many very famous people are buried/ remembered in the original Bedford Cemetery at Foster Hill Road. Bedford also has an enormous educational legacy through the Harpur Trust, (which has London endowments) and which is now also a community funded for Bedford Borough Bedford could really do with a proper infrastructure review and this project could enable that. Currently whenever something significant happens (traffic accident/ royalty visiting/ roadworks) the whole road network snarls up! the infrastructure review needed for efficient transportation, medical services and utilities to enable this project would be hugely beneficial to the whole town. Cycling and rail links could be holistically improved. We are superbly connected to so many lines of communication in the UK but there is not sufficient overview of this to enable Bedford to shine as it should.</p>	<p>Would you support a potential park and resort coming to this site? Please explain why.</p>	
5188	<p>Bedford is a beautiful town but is lacking footfall and this is having a negative impact on independent local businesses. A project like this, may bring the right footfall to help the city centre thrive. I'm not saying McDonald's/Starbucks/Puzza Huts, I'm talking about great independent businesses run by local people who live on Bedford.</p>	<p>Would you support a potential park and resort coming to this site? Please explain why.</p>	
5172	<p>Bedford is a small town with a huge heart. Anyone from this special area would tell you this. This is life changing for so many around the area and would change the landscape here (for the positive) in so many ways.</p>	<p>Would you support a potential park and resort coming to this site? Please explain why.</p>	
5357	<p>Bedford is in need of an economic boost and I believe not only will the park provide jobs through pre-construction and construction phases, but a sustained employment for years to come. In addition, the necessary infrastructure upgrades (roads, communications, drainage, rail, bus etc.) will also provide jobs</p>	<p>Would you support a potential park and resort coming to this site? Please explain why.</p>	
5051	<p>Bedford is in need of much investment and attraction due to multiple councils failing to deliver for the Town Hall. A big company coming in would help bring the town hope, rejuvenate and inspire the town to move forward and grow. Equally, it's the shift the local politicians need too!</p>	<p>Would you support a potential park and resort coming to this site? Please explain why.</p>	
5228	<p>Bedford is the county town of Bedfordshire yet it is often overshadowed by Luton and the ever expanding modern city of Milton Keynes. This project would finally put Bedford on the map and bring financial growth to the area and not just rely upon the ever growing number of warehouse distribution centres.</p>	<p>Would you support a potential park and resort coming to this site? Please explain why.</p>	

5448	Bedford is uniquely positioned to benefit from multiple rail, road, waterway and cycle links; as well as bringing your guests to our town, these can be used to expand their holidays to places like Oxford and Cambridge - these are essential visits for many tourists but expensive/crowded to stay in! Your theme park could enable your guests to extend their stay to easily visit both of these without changing hotels. Bedford has a fantastic history as an old market town, the birthplace of John Bunyan and the place that made the bricks that made London. There are plenty of great museums, including some appealing to international audiences (Higgins museum (https://www.thehigginsbedford.org.uk/Exhibitions/Past_Exhibitions/Bunyan_to_Brickworks.aspx) for Italian, Polish and West Indian migrant labour, Glenn Miller Museum for US visitors). Bedfordshire has an unusually stable climate (a benefit from being so far inland) which will minimise weather-related disruption to your guests.	Would you support a potential park and resort coming to this site? Please explain why.	
5291	Bedford needs investment and the addition of an outstanding theme park will put it on the map. Being close to Luton airport there is also the potential to attract visitors from mainland Europe (where Universal don't have a theme park), and thereby increasing further tourism. PS the Murcia region in Spain would be ideal for a theme park!	Would you support a potential park and resort coming to this site? Please explain why.	
4990	Bedford needs recognition and tourist attractions away from Milton Keynes. Will beneficial to the local area	Would you support a potential park and resort coming to this site? Please explain why.	
5420	Bedford needs some major improvements, it needs a chance to thrive again. Otherwise I fear it may just be ran into the ground.	Would you support a potential park and resort coming to this site? Please explain why.	
5124	Bedford needs the economic boost	Would you support a potential park and resort coming to this site? Please explain why.	
5312	bedford will embrace this project,like we do with the bedford river festival. It will be an amazing edition to our town and county, giving the local counties a place to go without having to travel half way across the country	Would you support a potential park and resort coming to this site? Please explain why.	
5085	Bedford would benefit from the money brought in the area and improved roads, train lines etc.	Would you support a potential park and resort coming to this site? Please explain why.	
5150	Bedfordshire needs this to improve the area, opportunities for people struggling to find employment and making a productive use of the rather than just more housing or warehouses!	Would you support a potential park and resort coming to this site? Please explain why.	
5059	Best thing to happen to Bedford in many many years!	Would you support a potential park and resort coming to this site? Please explain why.	
5060	Brilliant not just for Bedford but for the UK	Would you support a potential park and resort coming to this site? Please explain why.	
5212	Employment and improved infrastructure. Bedford Railway parking would need to be improved, or alternatives with shuttle buses also perhaps.	Would you support a potential park and resort coming to this site? Please explain why.	
5248	Fantastic investment for Bedford and the UK	Would you support a potential park and resort coming to this site? Please explain why.	
4994	Fantastic job opportunities, great location close to London but easy access to rest of UK... really exciting opportunity with great benefits for all parties. Bedfordshire is the perfect location.	Would you support a potential park and resort coming to this site? Please explain why.	
5351	For all of the reasons you've given, but also from a personal perspective I moved to Bedford from London in 2012 to move in with my now wife. In addition to that relationship, I found Bedford to be a lovely town with lots of history, ideally placed for commuting into London and closer to the rest of my family up in Yorkshire. The town has obvious geographical advantages and I think that for those reasons a Universal park here would be a success. As with many towns, local business has been impacted by Covid. While there are now signs that business is coming back into the town centre, I think that a Universal park here would make a huge positive impact, to the benefit of everyone living in the area.	Would you support a potential park and resort coming to this site? Please explain why.	

5205	For all the reasons above. Jobs for local people futunh build and beyond. Giving the area of Bedford a huge financial boost	Would you support a potential park and resort coming to this site? Please explain why.
5361	For the creation of jobs and increased tourism in the area, thus more footfall in local shops and restaurants which , in Amphthill, sometimes struggle. Bedford town centre is in desperate need of new shops and a facelift.	Would you support a potential park and resort coming to this site? Please explain why.
5279	For the reasons listed in question 8. This could really help Bedford economically and with its infrastructure	Would you support a potential park and resort coming to this site? Please explain why.
5280	Good for the whole community in Bedfordshire and the United Kingdom.	Would you support a potential park and resort coming to this site? Please explain why.
5424	Great opportunity for Bedford & all residents in the area. Also will be great to have such a well known theme park close to home.	Would you support a potential park and resort coming to this site? Please explain why.
5441	Great opportunity to support Bedford and surrounding communities. However, I still need to see more details	Would you support a potential park and resort coming to this site? Please explain why.
5145	Hello, With the park just outside the county town hopefully It would bring a lot of investment into Bedford, especially the town centre, Bedford is a lovely place with great areas and parks but gets a bad reputation due to certain parts of the town centre, I think this sort of investment in the area would mean more people visiting/staying in Bedford town centre. The more people visiting hopefully would mean it would be more likely businesses would invest in things like restaurant's / hotels / shops / bowling alleys etc right in the town centre, making it more attractive to people visiting and living here and more things for people to enjoy. Hopefully things like shuttle busses would run directly from the town centre also making it the central hub for travel to and from universal theme park and it not be given to close areas like Milton Keynes. Which has mass investment there already, maybe universal shops in the town centre selling your merchandise? I think this is the investment Bedford needs and everyone I speak to fully supports the idea of the park. Thank you for considering our town for your project. Good luck.	Would you support a potential park and resort coming to this site? Please explain why.
5176	I am a theme park enthusiast and local resident. I think bringing the professionalism of the Universal brand to the UK will be wonderful for the area and the country and will hopefully make Merlin step up its game to improve operations and overall guest experience at their parks. I'm delighted that Bedford may be the town that benefits the most from this proposed park - it could be such a great place and this will bring opportunities.	Would you support a potential park and resort coming to this site? Please explain why.
940	I think having this coming to Bedford would be very beneficial, more jobs more revenue and will put us on the map as somewhere people would like to visit, it will wake Bedford up considerably	Please share any other feedback you have at this stage.
980	PLEASE come to Bedford, this is an amazing opportunity for our town.	Please share any other feedback you have at this stage.
1009	I think Bedford needs this	Please share any other feedback you have at this stage.
5021	I feel that universal in Bedford would provide an area that has a split demographic a way for those more Disadvantaged to succeed and for bussiness to thrive. Bedford isn't really on the map but is actually a town with a deep routed history and great connections to major cities. London and soon to be Cambridge and Oxford with the new East West railway. As well as the M1 and A1 and Luton Airport. I believe we are overlooked because of the negative associations Bedford has for being "near Luton" and also the town having lots of bussiness that have closed and a high street that is empty. Although we have some great events throughout the year for example the river festival. we need something more permanent to attract people to Bedford throughout the year and provide Bedford with the opportunity for economical growth and rejuvenation. I completely support this venture and hope for the sake of Bedford and its residents it materialises.	Would you support a potential park and resort coming to this site? Please explain why.

5242	I hope it will help in the creation of a waterway park and working canal from Bedford to Milton Keynes, which would in turn enhance the canal system throughout the UK .	Would you support a potential park and resort coming to this site? Please explain why.	
5007	I love Bedford, I was born here, had kids here, I feel like this could be the single biggest thing to happen to Bedford in my lifetime. It's just so exciting.	Would you support a potential park and resort coming to this site? Please explain why.	
5330	I love theme parks, and I love Bedford. I would not support this unless consideration would be taken to local people and the infrastructure. As it seems you are taking this into consideration, I would support a park being built here.	Would you support a potential park and resort coming to this site? Please explain why.	
5347	I think it will enhance the area and put Bedford on the map!	Would you support a potential park and resort coming to this site? Please explain why.	
5006	I think it would be an amazing thing for Bedford, I've been saying for years that Bedford is a hidden gem and needs something to lift it.	Would you support a potential park and resort coming to this site? Please explain why.	
5431	I think it would be good for Bedford and the UK. The site is suitably located near multiple transport links, making it accessible to UK residents as well as tourists.	Would you support a potential park and resort coming to this site? Please explain why.	
5295	I think this is a great opportunity for Bedford and it's people	Would you support a potential park and resort coming to this site? Please explain why.	
5198	I would definitely go to this resort if it opens. I am a big fan of universal and having one so close to home would mean I could visit the resort and Bedfordshire more frequently.	Would you support a potential park and resort coming to this site? Please explain why.	
5349	If done well protecting and enhancing the environment , protecting wildlife and ensuring good infrastructure and enhancing the local town of Ampthill as this will be closer than Bedford but also to include bedford town centre improvement . The theme park must not destroy the view from Ampthill park	Would you support a potential park and resort coming to this site? Please explain why.	
5027	I'm from an immigrant background and Bedford needs prosperity	Would you support a potential park and resort coming to this site? Please explain why.	
5403	In addition to the points mentioned above, many Britons feel they are unable to justify the substantial cost in travelling to other countries to visit world class entertainment resorts. Building in Bedford would allow such people to enjoy this without the associated cost of international travel.	Would you support a potential park and resort coming to this site? Please explain why.	
5266	Incredible investment in Bedford and the UK as a whole, providing increased tourism that would bring a positive economic impact to almost every area of the UK with tourists likely to visit other areas of the UK including existing Theme Parks and City Centres throughout.	Would you support a potential park and resort coming to this site? Please explain why.	
5201	It will be wonderful for the town and the people of Bedford. Bedford has long had the potential to be "on the map" and this will do it	Would you support a potential park and resort coming to this site? Please explain why.	
5445	It will bring employment to the area, also will put Bedford on the map". even though i live in nottinghamshire i will definitely be driving down to bedford to see the park as i regularly fly over to orlando to go to your park over there. also will bring tourist from around the world to see your park. also being in bedford it is centrally located with easy transport links"	Would you support a potential park and resort coming to this site? Please explain why.	
5127	It would be brilliant for Bedford and great for our children to have job opportunities in the future and of course fun in the park!	Would you support a potential park and resort coming to this site? Please explain why.	
4974	It would be good for the whole local area and for Bedford Town itself. It would be a boost to trade and employment	Would you support a potential park and resort coming to this site? Please explain why.	
5070	It would create a positive impact for both the local area and the country. Locally the area around MK Luton and Bedford is not seen in a positive light, it would drive more visitors to the area and hopefully investments will follow. In addition it's close to London by train but still accessible to people outside of London. This will give the UK a theme park that can compete internationally.	Would you support a potential park and resort coming to this site? Please explain why.	

5260	It would increase the uk's offerings of theme parks and I 100 percent fully support a universal theme park and resort going to Bedford as i think it would be good for the uk and it would increase the job availability in the uk and it would make so many new and interesting jobs and I also think the location of the site is perfect because there are train lines and there are major airports near the site and a lot of people can get to the site really easily	Would you support a potential park and resort coming to this site? Please explain why.	
4993	It would put Bedford on the map and improve all transport links and increase employment significantly.	Would you support a potential park and resort coming to this site? Please explain why.	
5226	It's a no brainer The UK needs this, and Bedford area is perfect.	Would you support a potential park and resort coming to this site? Please explain why.	
5125	It's all incredible opportunity for the town. Both as an entertainment experience and as an economical boost. It will almost certainly make other companies take notice and bring their sites to Bedford in future. The potential job creation is huge.	Would you support a potential park and resort coming to this site? Please explain why.	
5387	Its an unprecedented opportunity for Bedfordshire. It would give a new lease of life into the land and the local area. I really hope it happens.	Would you support a potential park and resort coming to this site? Please explain why.	
5381	It's been my dream to visit universal theme parks but unfortunately been unable to travel abroad to visit, having one in the UK would mean so much for the UK families who can't travel, it would bring soo much happiness and more potential for the UK and specially Bedfordshire.	Would you support a potential park and resort coming to this site? Please explain why.	
5298	Life long fan on universal Orlando, having visited 11 times on vacation since childhood. Our favourite place to visit on holiday as a family is Orlando, because of the theme parks. There is currently nothing in Europe that comes close to comparing to Universal Orlando. Disneyland Paris is okay but caters more for families with younger kids. Bedford location is excellent for transport links. UK currently only really has Alton Towers and Thorpe Park as major theme parks. Having a Universal park in Bedford would be roughly 1.5 hours away from our home, and we'd all be regular visitors as annual pass members.	Would you support a potential park and resort coming to this site? Please explain why.	
5047	Making Bedford a better place	Would you support a potential park and resort coming to this site? Please explain why.	
5050	Much needed investment for Bedford, especially residential areas near to the train station. Local employment opportunities for myself and others.	Would you support a potential park and resort coming to this site? Please explain why.	
5033	Positive for Bedfordshire	Would you support a potential park and resort coming to this site? Please explain why.	
5356	Promotion of the site should include visits into Bedford & explanation of its history. Universal site guides should be aware of the Town's History.	Would you support a potential park and resort coming to this site? Please explain why.	
5238	Something new and exciting, Bedford has potential to be a nice place, right now the town centre etc isn't very nice. With more tourists coming to the area hopefully bedford would get an upgrade. More job opportunities too, as someone who really struggled to find a job in bedford, there's a lot of people competing for jobs around here and not enough places hiring.	Would you support a potential park and resort coming to this site? Please explain why.	
5019	Speaking as a local resident - Bedford has so much potential and is already weathering the national trend - where other small towns are dieing, Bedford is hanging on. The extra footfall to the areas would help make Bedford great. Speaking as a UK resident - The UK could really do with another big, funtheme park like Universal. And the area you're looking at near Bedford seems perfect - close to London, easy to get to from most of the UK, in between the M1 and the A1, and on a main north to south railway, and an east to west railway. Location seems perfect.	Would you support a potential park and resort coming to this site? Please explain why.	

5190	The area (Bedford) as it currently stands is boring and outdated. I love the buzz of theme parks and other activities being close by whether this is at home or away on vacation. Having this project will bring people and opportunities to the area. I can't promise I would stay here - am already going out of my mind for the lack of leisure and fun - I'm planning on going back to the States, however, it may make me think about staying longer.	Would you support a potential park and resort coming to this site? Please explain why.	
5350	The benefit to Bedford and Bedfordshire would be immense.	Would you support a potential park and resort coming to this site? Please explain why.	
5116	The investment and economic growth for Bedford would be a huge benefit.	Would you support a potential park and resort coming to this site? Please explain why.	
5410	The plan does not locate the resort within Bedford. In fact, it appears to fall in a relatively open area between villages so it is hard to see how these assertions are realistic. The infrastructure is satisfactory for the current environment having previously been funder by previous developments and there are few or no 'local' businesses anywhere near the proposed site. These statements are very easy to make but, in reality, hard to see how they would actually have an impact.	Would you support a potential park and resort coming to this site? Please explain why.	
5210	This is a fantastic opportunity for Bedford and the local area and an exciting time to live in Bedfordshire, Wootton is very very close the actual site under 1 mile away.	Would you support a potential park and resort coming to this site? Please explain why.	
5325	This project has the potential to completely transform Bedford and the wider area and must happen. There is a significant amount of hidden poverty in the area which will benefit from this proposed park. The employment, economic and social benefits are huge.	Would you support a potential park and resort coming to this site? Please explain why.	
5269	This will be amazing. There will be so many opportunity for our young people to work and potentially learn a trade (I'm thinking apprenticeships). It will give the local economies of Bedford and Milton Keynes and Luton a huge lift with visitors using local hotel and local leisure facilities. With the exception of impact on the environment which can be mitigated I can not see one problem with this project.	Would you support a potential park and resort coming to this site? Please explain why.	
5332	This will be fantastic for the local community and will put Bedford on the map as a prime destination throughout the UK and Europe. Everyone I have spoken to are extremely supportive of this potential project and we are all crossing our fingers that it will progress. The economical and social benefits that will come with a project of this scale will be enormous now and for years to come. The next generation will benefit hugely and I am excited for my children and the children throughout the nearby villages.	Would you support a potential park and resort coming to this site? Please explain why.	
5329	This will be of enormous benefit to Bedford Borough, due to all the job opportunities this will create for local people. This will also bring a great deal of tourism to the area, which will be of great benefit to the town.	Would you support a potential park and resort coming to this site? Please explain why.	
5386	This will transform Bedford and really bring a lot of employment to the area. It will also bring a huge amount of family entertainment to an area which is growing and needs it.	Would you support a potential park and resort coming to this site? Please explain why.	
4988	This would be transformative for Bedford, once in a generation are opportunities like this presented. Bedford is a wonderfully historic town, neglected since the closing of the brick factory and iron works. This would bring new life and commerce to the community.	Would you support a potential park and resort coming to this site? Please explain why.	
5002	This would improve and enhance opportunities for many local people, at the same time putting Bedford on the Map as well as enhancing Universal Studios profile.	Would you support a potential park and resort coming to this site? Please explain why.	
5314	To bring something amazing to Bedford and help the town to grow in a lot of ways, Bedford to me has so much history and central to everything with road, rail links already there, this will improve social, finances	Would you support a potential park and resort coming to this site? Please explain why.	

5249	universal parks are some of if not the best parks in the world and have a completely different feel and focus to any currently existing domestic alternative. also with the bedford site it would be much more affordable to travel to then your other parks for low income families.	Would you support a potential park and resort coming to this site? Please explain why.	
5204	Very excited about the development opportunities. Welcome to Bedford!	Would you support a potential park and resort coming to this site? Please explain why.	
5102	Very good job opportunities for the local people, as many of the big organisations have shut down or moved out of Bedford.	Would you support a potential park and resort coming to this site? Please explain why.	
5382	We need more tourism and attractions to Bedford. A large theme park like Universal would do wonders for our town and community.	Would you support a potential park and resort coming to this site? Please explain why.	
5348	We would 100% support this park. Universal creates fantastic resorts and the UK has been crying out for a park on home turf to years. Bedford seems well placed and we would definitely make the short journey so get a more frequent taste of Universal.	Would you support a potential park and resort coming to this site? Please explain why.	
4964	Will bring something to the area creating a place and jobs for younger people to visit and work. Bedford hopefully to have more restaurants and more tourists spending in local business	Would you support a potential park and resort coming to this site? Please explain why.	
5091	Would like to see a better Bedford in general. Economically, socially and environmentally.	Would you support a potential park and resort coming to this site? Please explain why.	
4962	Because it will be the best theme park in Britain	Would you support a potential park and resort coming to this site? Please explain why.	
5370	Because it would be great !	Would you support a potential park and resort coming to this site? Please explain why.	
5422	Because the only real park in europe is disney land and its not great, but a universal studio in England would put it on the map. I know what this park would do t-o the area as i have been multiple times to universal studios in Florida and always enjoyed walking through the park and its multiple movie lands (my favourite area being the god father themed area.)	Would you support a potential park and resort coming to this site? Please explain why.	
4968	Because you have set out how to do with the community in mind.	Would you support a potential park and resort coming to this site? Please explain why.	
5452	Been to Universal Florida a couple of times in my life and I adore it but cannot afford to go a lot. Having something only an hour away would mean I could go a few times a year.	Would you support a potential park and resort coming to this site? Please explain why.	
5165	Being a resident here, hopefully it raises house prices and demand for living nearby.	Would you support a potential park and resort coming to this site? Please explain why.	
5405	Benefit for the area in a great advanage to have in the area	Would you support a potential park and resort coming to this site? Please explain why.	
5094	Benefits to the area	Would you support a potential park and resort coming to this site? Please explain why.	
5118	Bring employment opportunities to the local youth community.	Would you support a potential park and resort coming to this site? Please explain why.	
5022	Bringing a park to the uk for all of the reasons you have set out is a great idea, and I hope you do it, but why on earth have you decided to build this in a location which is surrounded by residential development, the owners and occupiers of such properties who will suffer the consequences. The villages of Wootton/stewartby/kempston Hardwick are all have a huge community feeling, and this will be ruined by your decision to place a park here. Your decision to build this park will create ridiculous traffic, increased pollution a population-high area and it will also drive a second-home market in these villages. Houses will be sold to landlords looking to profit from "air bnb" type let's, and that will destroy the community we have. Absolutely build the park, but do so in a location which does not border on residential homes	Would you support a potential park and resort coming to this site? Please explain why.	

5062	Broadly support the project provided the infrastructure linking it is upgraded, including reducing car dependency by building a rail link, and where car transport is necessary ensuring that the local and regional road network receives upgrades	Would you support a potential park and resort coming to this site? Please explain why.	
5016	cool place to visit	Would you support a potential park and resort coming to this site? Please explain why.	
5367	Create a name for the town, boosting tourism	Would you support a potential park and resort coming to this site? Please explain why.	
5245	Creating jobs for the community and bringing joy to millions of UK residents all whilst improving the local area both agriculturally and infrastructural whats not to like!	Would you support a potential park and resort coming to this site? Please explain why.	
5364	Develop local area	Would you support a potential park and resort coming to this site? Please explain why.	
5041	Economic and social benefits for local communities And personally I'd love to visit a Universal Studios park in this country!	Would you support a potential park and resort coming to this site? Please explain why.	
5149	Economic growth	Would you support a potential park and resort coming to this site? Please explain why.	
5227	England and Europe on a whole are lacking a major theme park on the scale of the American counterparts , some families and people can't afford aren't accessible to enjoy the parks in America so bringing it to England will be a huge benefit to these people and bring a big income to the UK cash flow	Would you support a potential park and resort coming to this site? Please explain why.	
5255	Excellent local employment opportunities both and the park and from the increased tourism generally. Also the improvements in infrastructure would be amazing. Also, for the UK in general a big park like this would have so many benefits, as well as just being soooo exciting!!	Would you support a potential park and resort coming to this site? Please explain why.	
5285	Great for the UK and finally some decent competition to raise the bar for the already existing parks and resorts. Plus means I would be able to afford to come here rather than not have to pay for flights abroad	Would you support a potential park and resort coming to this site? Please explain why.	
5244	Having been to Universal in Orlando, to see a park in the UK, would be amazing opportunity, the benefits to the UK as a whole would be amazing to see, from the job opportunities, infrastructure improvements, and the fact it's in prime location would make this project a fantastic proposition.	Would you support a potential park and resort coming to this site? Please explain why.	
5131	Having something like this in the UK would be a major foot forward for our theme park industry	Would you support a potential park and resort coming to this site? Please explain why.	
5200	I absolutely love visiting Universal Parks so having a resort in the UK would be incredible! And the potential for jobs becoming available within the resort, especially creative roles, is a really exciting prospect.	Would you support a potential park and resort coming to this site? Please explain why.	
5135	I am a big themepark fan and almost all of our family holidays include theme parks (usually in Florida), but also across Europe and the West Coast. To have a Universal Park / Resort in the UK would be amazing and I would look forward to years of visits with my husband, son and future grandchildren	Would you support a potential park and resort coming to this site? Please explain why.	
5439	I believe a lot of UK families have the dream of going to Florida and having a family holiday with all the theme parks, I feel like bringing this to the UK while we are in a cost of living crisis would bring a lot of joy to families whos Florida dream is too far out of reach.	Would you support a potential park and resort coming to this site? Please explain why.	
5010	I have been to Universal Studios in Orlando but it takes a long time to save up for it. It would be amazing to have somewhere that is more accessible/affordable for UK residents to go to. Also feel like UK theme parks are nowhere near the same standard as the likes of Universal/Islands of Adventure.	Would you support a potential park and resort coming to this site? Please explain why.	
5385	I like the idea of the local multiplier effect coming to the area and giving the town a boost. It would also provide much needed competition to the UK theme park sector as well as providing visitors new experiences.	Would you support a potential park and resort coming to this site? Please explain why.	

5289	I love universal been 12 times to Orlando so to have one on my doorstep would be amazing. I would get an annual pass for me and my family aswell as still visiting Orlando, I would love to work at the parks to and even if possible transfer from the uk park to the park in Orlando where I would love to live	Would you support a potential park and resort coming to this site? Please explain why.	
5171	I love universal studios the rides the atmosphere whether it's the parks or city walk the uk is desperate for a well run theme park with fantastic themeing and ip ive been to the parks in Orlando and hollywood and will be going in 2026 when epic universe has bedded in. There's nothing like the immersion and themeing of a universal park take my money now lol	Would you support a potential park and resort coming to this site? Please explain why.	
5142	I love visiting Universal theme parks and have been to Hollywood, Orlando and Japan. To have one in the UK would be amazing not just for the locals who would benefit from jobs and careers for life, but for the rest of the UK. Also it would make other UK theme parks up their game in terms of the quality of product they have.	Would you support a potential park and resort coming to this site? Please explain why.	
5218	I think having a universal in the uk would bring so many benefits to all, and it would save me lots of money - instead of travelling to Orlando every 18 months to go!	Would you support a potential park and resort coming to this site? Please explain why.	
5256	I think it would be amazing for the UK!!	Would you support a potential park and resort coming to this site? Please explain why.	
5114	I think it's time for a proper theme park/entertainment complex that can change the UK's economic benefits and the industries surrounding it.	Would you support a potential park and resort coming to this site? Please explain why.	
5174	I think the UK is crying out for a major upscale resort such as this. The Brits will show up in all weathers and stay loyal so long as they are looked after and feel like they are receiving a quality product for their money. Additionally, following Brexit, we're all feeling a bit unloved by our neighbours and offering travel destinations like this should start to return a sense of community, particularly with such fantastic travel links.	Would you support a potential park and resort coming to this site? Please explain why.	
5355	I think the UK is missing a big theme park player like universal and believe it would increase the competitiveness of the UK theme park industry. As the cost of living rises many people are being priced out of visiting America so would be great to have a world class theme park so nearby	Would you support a potential park and resort coming to this site? Please explain why.	
4998	I think this project would be great for the area, but also the whole of the UK	Would you support a potential park and resort coming to this site? Please explain why.	
5101	I would love to see a huge theme park like this in the UK. I think it's something the UK currently lacks and would love to see this happen. I think this has the potential to create a lot of job opportunities and will bolster UK tourism immensely. I think with filming Harry Potter and other amazing cinema favourites nearby and within the UK it seems like the right place to have a theme park centred on cinema.	Would you support a potential park and resort coming to this site? Please explain why.	
5108	I'm a UOAP and long-time visitor to Universal parks worldwide and am excited at the prospect of a UK park.	Would you support a potential park and resort coming to this site? Please explain why.	
5207	I'm already a huge fan of Universal Studios in Florida, so to have one come to the UK is already amazing. One on my doorstep even better. I know the level of attention you will pay to road infrastructure is a given so I don't believe you'll mess it up either. Honestly, I'm just really excited for it.	Would you support a potential park and resort coming to this site? Please explain why.	
5390	It would be brilliant to have an immersive universal park in the UK, which would be much more visitor friendly than existing theme parks in the UK that doesn't have the rides or theming in comparison to universal.	Would you support a potential park and resort coming to this site? Please explain why.	
5237	It would be great to have such a well known brand and such a high quality product in UK, meaning travel elsewhere to Disneyland Paris or similar would no longer be required. Multiple trips per year would be anticipated	Would you support a potential park and resort coming to this site? Please explain why.	

5368	It would be so exciting for the uk and Europe in general. It would bring so many opportunities for growth. People who doesn't have the means to travel abroad would have an amazing resort to visit and not feel like they're missing out on the chance to visit.	Would you support a potential park and resort coming to this site? Please explain why.	
5400	It would bring more footfall not just to the local area but further away in England too as it is well connected by existing infrastructure. It would also put the UK's theme park industry on the map and encourage competition with the Merlin parks.	Would you support a potential park and resort coming to this site? Please explain why.	
5078	I've visited Universal Orlando on a number of occasions and I'm actually heading there again in May. My family and I love it and plan to return again, however it is a costly holiday for Brits and Europeans alike because there simply isn't anything like this outside of the US or Asia. Having a Universal resort right here in the UK would be an incredible opportunity for Universal as a company but the opportunities that this project would bring would be just astronomical. The job creation alone in construction phase and in a fully functioning resort would be incredible. I live and work in Northern Ireland and I know even the excitement in this part of the UK is gaining momentum.	Would you support a potential park and resort coming to this site? Please explain why.	
5222	Just what the UK needs, this is a fantastic country and a world class company like Universal needs to be in the UK	Would you support a potential park and resort coming to this site? Please explain why.	
4984	Live in the north of England. This proposed theme park, although close to London, would be conveniently accessible to visit as it's north of London itself. It would make it very easy for many people like me who live in the north to visit. A sensible choice of location in the UK I would say.	Would you support a potential park and resort coming to this site? Please explain why.	
5129	Love a theme park been a merlin pass holder for many years and even travel to the smaller theme parks in the UK. Universal studios would be a fantastic addition to the UK!	Would you support a potential park and resort coming to this site? Please explain why.	
5334	Much needed investment to the uk and a well respected company with ethics is considering this	Would you support a potential park and resort coming to this site? Please explain why.	
5267	Not only would your project bring benefit the local community and UK tourism, it would also promote other organisations to invest into the area.	Would you support a potential park and resort coming to this site? Please explain why.	
5376	Parks in UK are abit grim, universal is regarded as one of the best and the UK will get behind this and make it a success	Would you support a potential park and resort coming to this site? Please explain why.	
5331	The area is in need of significant investment to establish itself on the map. Its proximity to London, Oxford and Cambridge is also key in enabling great connectivity from a UK and International perspective.	Would you support a potential park and resort coming to this site? Please explain why.	
5042	The positive are huge for the area and for the UK as a whole. More jobs, more tourism.	Would you support a potential park and resort coming to this site? Please explain why.	
5179	The standard of Universal would bring a theme park the UK doesn't have. With the cost of living it is increasingly difficult to visit other Universal properties around the globe, so with improvements to road and rail networks a park in the UK would be much more suitable for most.	Would you support a potential park and resort coming to this site? Please explain why.	
5120	The theme park industry in the UK is dominated by Merlin and is generally of relatively poor quality when compared with highly themed parks in mainland Europe such as Disneyland Paris, Port Aventura World and Europa Park. Universal would bring a high quality theme park to a country that desperately needs it.	Would you support a potential park and resort coming to this site? Please explain why.	
4980	The uk does not have a large theme park resort that works with universities and colleges to create training and career opportunities	Would you support a potential park and resort coming to this site? Please explain why.	
4976	The UK has always been keen and enthusiastic theme park attendees throughout other worldwide destinations and resorts. So with an already vast consumer base and travellers to the UK that would also want to experience a UK version of a Universal park. The demand for a full scale resort theme park has existed for a number of years. It has just never been brought to fruition. Until now hopefully!	Would you support a potential park and resort coming to this site? Please explain why.	

5302	The UK is calling out for something like this, it will rival Euro Disney. This will be a major success.	Would you support a potential park and resort coming to this site? Please explain why.	
5057	The UK is in desperate need of a world class theme park	Would you support a potential park and resort coming to this site? Please explain why.	
5333	The UK needs a GREAT new theme park. The Universal in Florida is brilliant and having that in the UK will be fantastic!!!	Would you support a potential park and resort coming to this site? Please explain why.	
5136	The UK needs a theme park resort on this level, there is nothing like it, it's an amazing opportunity to get something like us in the country and will create so many job opportunities	Would you support a potential park and resort coming to this site? Please explain why.	
4981	The UK needs such a brilliant company and resort as this country is miles behind others when it comes to theme parks and Universal has some amazing IPs and will bring so much to the UK in terms of economic value etc	Would you support a potential park and resort coming to this site? Please explain why.	
5111	The UK neeeeeeds something like this. It's so exciting, and in a cost of living crisis, creating more jobs and improving footfall to the local area would be a great thing.	Would you support a potential park and resort coming to this site? Please explain why.	
5137	The UK really doesn't have anything like it that's truly world class". It would bring so much tourism and do great things for the area	Would you support a potential park and resort coming to this site? Please explain why.	
4966	There is nothing in the UK to this scale	Would you support a potential park and resort coming to this site? Please explain why.	
5366	To me any business that looks to make jobs is a boost to the town and the uk as a whole.	Would you support a potential park and resort coming to this site? Please explain why.	
5328	Tourism, Transport Upgrades, Make the UK more open and outward looking. We've been too insular for too long - this might actually move us closer to how the UK felt back in 2012 when we hosted the Olympics.	Would you support a potential park and resort coming to this site? Please explain why.	
4997	UK has nothing like this. Our existing theme parks are basically rides with little to no theming. Working at universal in a highly themed resort would be something completely new to not just the area but the entire uk.	Would you support a potential park and resort coming to this site? Please explain why.	
5216	uk is a great place universal is a good match	Would you support a potential park and resort coming to this site? Please explain why.	
5258	UK needs a world class theme park and would visit often	Would you support a potential park and resort coming to this site? Please explain why.	
5167	UK needs more Theme Parks, and my nearest is over 2.5hours away.	Would you support a potential park and resort coming to this site? Please explain why.	
5397	UK needs something of quality that surpasses that of Merlin and other current operators	Would you support a potential park and resort coming to this site? Please explain why.	
5388	Universal is my happy place, its the best and the uk needs this! For once let's not mess this up.	Would you support a potential park and resort coming to this site? Please explain why.	
5309	Universal studios florida is my favourite theme park and the idea of having our own version is very exciting. It would also be a huge tourism boost for not only the local area but the country as a whole, bringing in people from all around the world that ordinarily wouldn't come to the UK	Would you support a potential park and resort coming to this site? Please explain why.	
5148	Very exciting to see UK theme park industry develop	Would you support a potential park and resort coming to this site? Please explain why.	
5196	We absolutely love Universal Orlando Resort honestly allows us to escape reality, we would love to visit more however due to the cost we simply cannot afford to. So by having a park in the UK it would allow us to get our Universal fix.	Would you support a potential park and resort coming to this site? Please explain why.	
5067	We are big fans of Universal Studios in the US and enjoy the immersive experience that UK parks doesn't always offer	Would you support a potential park and resort coming to this site? Please explain why.	
5058	We deserve a world class theme park! Were the UK and we lack in this area, it's a shock it's taken this long for either of the giants being yourselves and Disney to come here Not to mention you can finally rival your competitors at Disneyland Paris by being located here before Disney gets their say on a Disney UK	Would you support a potential park and resort coming to this site? Please explain why.	

5402	We need some exciting destinations in the UK - There is one major park with relatively little competition - alton towers. The additional competition may also drive better and more unique experiences to the UK and boost international tourism	Would you support a potential park and resort coming to this site? Please explain why.	
5194	Whilst we have a plethora of different parks within the UK, none of them are to this scale. It'll be nice to have a franchised park instead of an original theme.	Would you support a potential park and resort coming to this site? Please explain why.	
4987	Will be great for the UK as a whole and add another major reason to visit the UK	Would you support a potential park and resort coming to this site? Please explain why.	
5014	Would be a major addition to the UK's entertainment industry as well as creating other economic opportunities due to the increase in tourism from the park's existence.	Would you support a potential park and resort coming to this site? Please explain why.	
5044	Would be an excellent addition for both the local area and the UK as a whole.	Would you support a potential park and resort coming to this site? Please explain why.	
4970	Would be such a big boost to not only the local area but the uk in general. Tourist would come from Europe and a far and not only would they spend money in the park but the local area and maybe ever further within the uk	Would you support a potential park and resort coming to this site? Please explain why.	
5284	I personally love theme parks. I have always wanted to go to a universal theme park but have never been able to have the funds to travel to another country. So I think it will be welcomed and a very very good idea for great Britain and the people whom live there	Would you support a potential park and resort coming to this site? Please explain why.	
5338	It seems to be reasonably good use of non-green belt land close to major public transport links.	Would you support a potential park and resort coming to this site? Please explain why.	
5206	Excellent opportunity for the local area. Please try to make this happen. This will improve the town centre and bring more money to the town, pubs, bars, hotels etc	Would you support a potential park and resort coming to this site? Please explain why.	
4983	Financial, infrastructure and job opportunities	Would you support a potential park and resort coming to this site? Please explain why.	
5254	For people as myself visiting the universal parks around the globe is too expensive having one 2 hours from our home would be amazing	Would you support a potential park and resort coming to this site? Please explain why.	
5259	Fun entertainment, something for families, bringing economic and educational development	Would you support a potential park and resort coming to this site? Please explain why.	
5383	Generally in favour as it sounds like an exciting project with great opportunities. However, I am aware I don't know how it will affect those in the immediate vicinity or what the drawbacks are.	Would you support a potential park and resort coming to this site? Please explain why.	
5354	Going to Florida is out of reach for me. But I would be very happy with paying if the park was in my country and would visit many times a year. I don't mind buying a train ticket or driving down and staying in a hotel because it would be a fantastic experience.	Would you support a potential park and resort coming to this site? Please explain why.	
5163	Great for the area. Great for the future	Would you support a potential park and resort coming to this site? Please explain why.	
5239	Great idea! Really needed around such a vibrant town like Milton Keynes.	Would you support a potential park and resort coming to this site? Please explain why.	
4969	Great opportunity for the area	Would you support a potential park and resort coming to this site? Please explain why.	
5342	Have visited both Florida and Los Angeles, even bought annual pass in Florida (value for money). Brilliant days out. The mix of rides, film themes etc., will be a huge hit. And if you employ people across age ranges as in the US (I'm 62 and would love it), I think that would be a plus too.	Would you support a potential park and resort coming to this site? Please explain why.	
5025	I absolutely love theme parks and I think having a universal park here in the U.K. would be such an amazing opportunity	Would you support a potential park and resort coming to this site? Please explain why.	
5412	I believe this will be amazing for the local area and the people and existing businesses, the amount of people it will bring to the area will help local businesses thrive and the job opportunities is just what the area needs	Would you support a potential park and resort coming to this site? Please explain why.	

5449	I can only see a positive outcome for both local and national interests, providing all the goals you have set out are reached or exceeded	Would you support a potential park and resort coming to this site? Please explain why.	
5395	I can see only positives with this potential development, now and in the unforeseen future	Would you support a potential park and resort coming to this site? Please explain why.	
5223	I cannot see any negatives to the proposal. I love theme parks and having one within such short reach would be amazing. The economic benefits for the region would be huge.	Would you support a potential park and resort coming to this site? Please explain why.	
4999	I feel that the area would benefit greatly from the transformative work and the country would benefit from having a Universal park.	Would you support a potential park and resort coming to this site? Please explain why.	
5071	It would be a Fantastic investment for the country.	Would you support a potential park and resort coming to this site? Please explain why.	
5340	It will bring new opportunities to the area.	Would you support a potential park and resort coming to this site? Please explain why.	
5123	It will create so many opportunities for locals and having been to universal in Florida, such fun (with rain!)	Would you support a potential park and resort coming to this site? Please explain why.	
5394	It would be great for the local area	Would you support a potential park and resort coming to this site? Please explain why.	
5427	It would be great for tourism	Would you support a potential park and resort coming to this site? Please explain why.	
4973	It would be so beneficial locally with regards to local employment and the area could really do with better road and rail connections.	Would you support a potential park and resort coming to this site? Please explain why.	
5409	It would bring huge economic and social benefits to our area.	Would you support a potential park and resort coming to this site? Please explain why.	
5389	It would bring job opportunities and new people to the area as well as being something nice that local people can enjoy	Would you support a potential park and resort coming to this site? Please explain why.	
5029	it would employ people from the local area and something that people would love to go to	Would you support a potential park and resort coming to this site? Please explain why.	
5273	It's a great boost to the local area	Would you support a potential park and resort coming to this site? Please explain why.	
5225	Living in Europe it is expensive for me to travel and pay for park,hotel, etc.	Would you support a potential park and resort coming to this site? Please explain why.	
5425	Local economies	Would you support a potential park and resort coming to this site? Please explain why.	
5324	Local employment and in courage development of rail connections for example east west rail interchange with hs2 .	Would you support a potential park and resort coming to this site? Please explain why.	
5214	Local growth	Would you support a potential park and resort coming to this site? Please explain why.	
5133	London Manchester Edinburgh Liverpool and Birmingham have all been the major area's government has been concentrating on for years, it's about time central England is brought into line also, this is what all governments levelling up secretaries have been promising. Central England has become a warehouse for on line shopping storage warehouse's.	Would you support a potential park and resort coming to this site? Please explain why.	
5005	Love Universal brand. Love the opportunities for employment in the area. Excited to see the area be improved to welcome tourists.	Would you support a potential park and resort coming to this site? Please explain why.	
5064	So many benefits for our community. Great links to the area and close to London. Job opportunities which is always a bonus.	Would you support a potential park and resort coming to this site? Please explain why.	
5440	The employment benefits to the local community as well as increased trade to local business and hospitality, it would also be amazing to have a theme park in our local area for family days out	Would you support a potential park and resort coming to this site? Please explain why.	
5153	New growth and opportunities in the area	Would you support a potential park and resort coming to this site? Please explain why.	
5217	The site is an excellent area for redevelopment and to create varied job opportunities for people of all ages.	Would you support a potential park and resort coming to this site? Please explain why.	
5396	The training and career opportunities it would bring to the young adults in the area.	Would you support a potential park and resort coming to this site? Please explain why.	

5433	There are huge opportunities for training and employment. It would be great to see the project working with existing partnership networks and infrastructure partners (such as UoB) to explore how pathways into the cultural sector and creative industries can be developed and supported, and in particular how the project might support capacity building in these sectors locally.	Would you support a potential park and resort coming to this site? Please explain why.	
5187	This part of the country is in need of a focal point for our fabulous county. Something that pushes development of infrastructure and job opportunities	Would you support a potential park and resort coming to this site? Please explain why.	
5437	Universal as a brand brings a whole wealth of opportunities to both the local area but also the country promoting tourism and giving locals new chances of employment	Would you support a potential park and resort coming to this site? Please explain why.	
5250	Would be a great attraction for quite a distance, between Oxford, Cambridge, London and Midlands. Bring employment and opportunities for other businesses to thrive. You should have workshops or fairs for businesses, people to explain what type of business thrives near your theme parks.	Would you support a potential park and resort coming to this site? Please explain why.	
5008	The commercial growth and investment possibilities.	Would you support a potential park and resort coming to this site? Please explain why.	
5251	The location relative to the rest of the country is excellent. Just needs improved rail access and additional access to other resources such as hospitals.	Would you support a potential park and resort coming to this site? Please explain why.	
5270	The economic benefit is obvious but also this area has little entertainment to offer and your idea would transform that!	Would you support a potential park and resort coming to this site? Please explain why.	
5209	The site is already nominated for development and a Universal Resort development would likely be one of the most thoughtful and careful collaborations with the local and regional area and painstaking in improving the environment and local infrastructure - you have a lengthy and enviable record in this area. The provision of a top-class theme park and entertainment destination would be excellent not only for the local area but for the entire country	Would you support a potential park and resort coming to this site? Please explain why.	
5346	The site would be easy for me to travel to.	Would you support a potential park and resort coming to this site? Please explain why.	
5090	The socioeconomic benefit to the area will be fantastic!	Would you support a potential park and resort coming to this site? Please explain why.	
5303	The U.K. needs something like this and Universal is a great destination I would love to regularly visit	Would you support a potential park and resort coming to this site? Please explain why.	
5168	Think it would be brilliant for the community and our children. I would like to ask for our children as residents to have access to the park regularly. It would be awful if we could see the park from our home but unable to visit due to it being unaffordable to us. A water park would also be amazing as we don't have anything close by, if our teenagers and children could come and hang out would be great and inspiring for them for the future.	Would you support a potential park and resort coming to this site? Please explain why.	
5182	Think the area is ideal for a theme park and just the boost the area needs	Would you support a potential park and resort coming to this site? Please explain why.	
5435	This area has lost its two major industries over the last 25 years. The closure of the government experimental wind tunnels and airfield at Thurleigh and the closure of the brickworks. Universal Studios proposal has the capability to provide a much needed source of employment.	Would you support a potential park and resort coming to this site? Please explain why.	
5039	This would bring more footfall into the area and help other attractions including the nearby Bletchley Park.	Would you support a potential park and resort coming to this site? Please explain why.	
5301	To help regenerate the area	Would you support a potential park and resort coming to this site? Please explain why.	

5240	Universal (Florida) is hands down the best/and most beautiful theme park I have ever visited. However, it's not feasible for us to go more than every few years due to distance and children. If there was one locally we would visit on a regular basis.	Would you support a potential park and resort coming to this site? Please explain why.	
5186	Universal create world class experiences and a resort in Britain would be amazing	Would you support a potential park and resort coming to this site? Please explain why.	
5224	Want to see a big name like universal studios coming here. But people up north feel left out been better to get in Lancashire as Scotland have the furthest to travel	Would you support a potential park and resort coming to this site? Please explain why.	
5081	Will be a big boost to the local community and help to regenerate land that has been abandoned. Development and environmental improvement using BAT should b3 focused on.	Would you support a potential park and resort coming to this site? Please explain why.	
5401	Would help with tourism, competing with Disneyland Paris	Would you support a potential park and resort coming to this site? Please explain why.	
5352	Myself and my family are regular visitors to your sites in Orlando and would love to have access to a local park as well as still attending us	Would you support a potential park and resort coming to this site? Please explain why.	
5077	Overall positive impact on our area	Would you support a potential park and resort coming to this site? Please explain why.	
5048	Overseas parks are too expensive to go to, to travel too.	Would you support a potential park and resort coming to this site? Please explain why.	
5229	really fun to do	Would you support a potential park and resort coming to this site? Please explain why.	
5373	Small area for such a big resort, roads would become congested and noise pollution.	Would you support a potential park and resort coming to this site? Please explain why.	
994	I am very enthusiastic about bringing a new Universal Resort to Bedford. It's a high quality product with the potential to create rewarding long term jobs for residents as well as providing a boost to the local economy. It's a shame though that Universal executives chose to stay in London hotels during the consultation period rather than supporting the local economy by staying in local hotels & using local restaurants in Bedford	Please share any other feedback you have at this stage.	
1290	Having a Universal park in this area would be amazing and would bring much needed local jobs and opportunities. Some of the park may need to be under cover.	Please share any other feedback you have at this stage.	
1487	I think this would be invaluable to Bedford and the people in the surrounding villages	Please share any other feedback you have at this stage.	
1493	Please go ahead with this project. The residents of Bedford are so excited. We desperately need some more business here and somewhere for young people to go and have fun. You will bring a lot of joy, financial and economic benefit to the area and you will also benefit from the perfect location. It's so accessible from everywhere and it will make you a lot of money.	Please share any other feedback you have at this stage.	
1580	This is a project that our local community really needs. The jobs, the infrastructure, the benefits it will bring to our area, I really hope it goes ahead.	Please share any other feedback you have at this stage.	
1583	To have a world class theme park resort in the uk will be incredible for the local area the uk as a whole and a massive draw for tourists from all over europe.	Please share any other feedback you have at this stage.	
1553	It would be great if the new park in Bedford will be something special, honoring the region and the environment - not a soulless clone of other parks.	Please share any other feedback you have at this stage.	
1592	I really do hope you consider Bedford in the uk as a possible place for the park and resort. Anywhere in the uk will benefit. Although I'm probably around 6 hours drive from the site, I would possibly use a train to get to the park and definitely stay at a resort hotel to make it worth my while. Bringing work, skills and positiveness, this project is a must! I do hope it will go ahead!!	Please share any other feedback you have at this stage.	

1597	Thank you for giving us hope of such an exciting project in the area.	Please share any other feedback you have at this stage.	
1598	This would be the best thing for our area. We have such great rail and road links to major roads and stations. We need this expansion and I adore theme parks so roller coasters on my doorstep is a dream that'll hopefully come true!	Please share any other feedback you have at this stage.	
1605	I hope the site in Bedford is chosen!	Please share any other feedback you have at this stage.	
1615	So hope this goes ahead, will be excellent for local community and tourism to the area. Plus having a Universal Studios in the UK will be so exciting.	Please share any other feedback you have at this stage.	
4751	It will be great for the town of Bedford and beyond. Please go ahead with it.	Please share any other feedback you have at this stage.	
4730	Just thank you for potentially choosing Bedford as your new park project and that I really hope it happens.	Please share any other feedback you have at this stage.	
4515	I think it would be amazing for the Local economy and put Bedford on the map.	Please share any other feedback you have at this stage.	
4463	I really hope this goes ahead, it'll be fantastic for the local communities as well as the UK economy.	Please share any other feedback you have at this stage.	
4459	Looking forward to hopefully having a major theme park in the UK such as yourselves. This has been a positive overall step which will help the UK and the local area immensely.	Please share any other feedback you have at this stage.	
4434	This creation and investment is much needed in the area. It will offer a substantial leisure complex option for the residents of Bedfordshire and further afield.	Please share any other feedback you have at this stage.	
4439	I think this is the best thing to happen to Bedford in years! And will give the economy a massive boost!	Please share any other feedback you have at this stage.	
4405	Please bring this investment and opportunity for Bedford and the UK forward. We need good news and foreign business investment, the direct and indirect jobs would be huge and enable Bedford to enter a select club of cities / towns with such a resort.	Please share any other feedback you have at this stage.	
4401	Feel this is an excellent idea and one I hope is actually delivered to benefit Bedford and the UK.	Please share any other feedback you have at this stage.	
4268	I am in full support of the project and am very excited about the impact this will have on the local area, not only in my lifetime, but for generations to come	Please share any other feedback you have at this stage.	
4258	This is a great location with easy access to many parts of the UK. We welcome this with open arms.	Please share any other feedback you have at this stage.	
4241	I'm nearing 70 years old and probably won't be here when this opens (hopefully it will get permission) but this is the biggest economic & employment opportunity to come to Bedford ever and will ensure Bedford has the best opportunity to grow in the future years.	Please share any other feedback you have at this stage.	
4147	Other than my answer to Q8, personally I would look forward to a major regeneration of an area that very much needs it.	Please share any other feedback you have at this stage.	
4141	This is a fantastic opportunity for our local area and for the UK. I would be in favour of this development. My only 2 questions are, 1) Will there be multiple entrance points to access the park? I live in Stewartby and it would be nice to be able to access the new park on foot and not need to drive round to the main entrance. And 2) will local residents be given any compensations such as tickets or similar?	Please share any other feedback you have at this stage.	
4645	I am Bedford born and bred, with both sets of grandparents moving to England from Italy to work in the brickworks. My parents are also both deaf (mum is deaf/blind) and they met in Bedford and fell in love. Bedford is in desperate need of investment, and this project could provide just what it needs. I am XXX, so would be happy to be involved in any capacity to help.	Please share any other feedback you have at this stage.	
3937	Really excited by this proposal, and praying that it goes ahead, as it will reinvigorate the town and surroundings	Please share any other feedback you have at this stage.	

3926	I am keen that this should go ahead for economic reasons and for the fun of having a local attraction.	Please share any other feedback you have at this stage.
3906	Please come..it would be fabulous for the area.	Please share any other feedback you have at this stage.
3891	This is a most exciting opportunity for Bedfordshire and indeed for the whole of the UK. It has the potential to fundamentally change the local infrastructure - which I'm sure the majority of my local neighbours would agree is long overdue. This is a beautiful part of the country with plenty of pretty villages and towns. I don't believe a development such as this will compromise the local landscape at all - I have read your proposal in detail and in particular the landscaping / noise minimisation plans, which have the benefit of drawing on experience of your other parks around the world. I have utmost confidence in Universal being able to deliver everything being promised. The positive impact this will have on the local area for decades to come makes me very excited for my family and the local area.	Please share any other feedback you have at this stage.
3889	Just think it would be an amazing facility to have in Bedfordshire. It would be amazingly popular easy for folk throughout the country to get too being right between the A1 and M1.	Please share any other feedback you have at this stage.
3880	I am wholeheartedly in favor of this project and believe it holds immense potential to positively transform Bedford and contribute significantly to the UK economy. The prospect of creating thousands of new jobs, driving footfall to local businesses, and catalyzing infrastructure improvements is incredibly promising. I am eager to see how this endeavor unfolds and am committed to supporting its success every step of the way.	Please share any other feedback you have at this stage.
3862	It's very exciting! I hope it goes ahead. It'll put Bedford on the map because Bedford is a great town!	Please share any other feedback you have at this stage.
3855	Hugely enthusiastic about the potential for Universal coming to Bedford. It will be the biggest catalyst for change (improvement) the town has seen in generations.	Please share any other feedback you have at this stage.
3663	I really think this would be a massive success for the area,the UK & Universal. Please please please make it happen.	Please share any other feedback you have at this stage.
3639	This has the potential to be really really exciting for Bedfordshire!!!	Please share any other feedback you have at this stage.
3622	What an exciting project for Bedfordshire. I hope it goes ahead.	Please share any other feedback you have at this stage.
3603	Love the idea about building the park. We need the jobs locally and would love a good resort hotel to stay at	Please share any other feedback you have at this stage.
3600	Universal have a great opportunity to improve the lives and environment of local people, and put Bedford on the Map.	Please share any other feedback you have at this stage.
3588	We think it is a fantastic idea to bring something as large as Universal to Bedford! We fully support the proposal!	Please share any other feedback you have at this stage.
3590	This is a very exciting opportunity for Bedfordshire.	Please share any other feedback you have at this stage.
3583	We'd love for this to be built in Bedford and are excited to hear about its progress. I'm aware that centreparks being near Disneyland Paris works well and there is a centreparks near the proposed location. Bedford is such a pretty town, and we'd love to see this be built nearby and to welcome more people to the area.	Please share any other feedback you have at this stage.
3557	I still can't believe Universal are considering opening a park in Bedford! It's such a great opportunity and I wish you all the best.	Please share any other feedback you have at this stage.
3527	Only that having this would be a huge boost for Bedfordshire and I cannot think of any detrimental effects this would have.	Please share any other feedback you have at this stage.
3501	Please build this park - the area needs it. Thanks!	Please share any other feedback you have at this stage.
4446	This is such an exciting opportunity for not only Bedfordshire but the UK and also Europe. There would be nothing like it and it would attract families from far and wide. Feel really positive about the infrastructure of the rail and road networks that support the project. The location is A+.	Please share any other feedback you have at this stage.

3551	I find it really exciting and amazed that Universal have chosen the UK as a European location. They have considered everything with this project from creating jobs, to supporting local communities, boosting the UK economy and protecting the surrounding environment. I would love to see Universal be given the green light to start on construction on what is set out to be a game changer in the UK theme park industry.	Please share any other feedback you have at this stage.	
3550	Would really love to see this project go ahead. Universal theme parks and resorts is a global name in the theme park industry, so not only would the local and surrounding areas benefit from this project but travel and tourism as a whole in the UK would increase as a park of your scale would attract visitors from all over the world. Looking forward to see what the future holds for this project!	Please share any other feedback you have at this stage.	
3500	This will be a positive multi-generational addition to the area - a development I hope happens for my kids and their kids and I am confident will be well supported but the local community and businesses.	Please share any other feedback you have at this stage.	
3457	This is VERY exciting and something that will be a massive boast to the area.	Please share any other feedback you have at this stage.	
3273	Fully support this application. It's great for Bedford and the UK. The fact it's not in London is also a positive but it's close enough to London St Pancras to attract Euro Tunnel visitors and those flying in from overseas.	Please share any other feedback you have at this stage.	
3260	This is a very exciting project and I'm proud that Bedford has been chosen as a location for it!	Please share any other feedback you have at this stage.	
3223	I'm really excited about this development. I'm raising a family in this area and this is the sort of investment that will make a big impact on the community	Please share any other feedback you have at this stage.	
617	I would really love this project to come off the ground. I do think it's needed and as a Bedfordian, I love the fact you have considered Bedford as your location as I love Bedford. I think this could bring a lot to Bedford which I feel really needs this boost.	Please share any other feedback you have at this stage.	
847	I am aware that local opportunities are limited for young people. Bedford town center is also in a dire state which is sad to see and it urgently needs revitalization and redevelopment. I would like to see the Universal Studios development help to drive these improvements and encourage other local regeneration including improved public services.	Please share any other feedback you have at this stage.	
1017	The area is still semi-rural but needs economic development. The proposed project would provide a big fillip to improving central Beds	Please share any other feedback you have at this stage.	
1046	We welcome change and growth to the local area we wish universal success and hope they will help Bedford breath again. Good luck	Please share any other feedback you have at this stage.	
1219	Universal builds the best theme park resorts in the world so this is a fantastic opportunity for the UK and Bedford. I think it's also an amazing opportunity for Universal to continue to build its portfolio, especially helping to reinforce UK originating brands like Harry Potter. It would be truly amazing if you could get on a themed train from St Pancras (next to the real Kings Cross!) to Bedford and end up at Hogwarts. Like in Orlando but for real!	Please share any other feedback you have at this stage.	
1178	A major theme park in the UK should be paramount for entertainment and enjoyment and bringing people into the local area	Please share any other feedback you have at this stage.	

1491	I would heavily support this resort and believe it is a great location for it. The train station is only around 30 minutes from London and would be accessible to so many families across the UK and Europe. Creating loads of jobs for the local community would be fantastic for Bedford as well. My family and I are a big fan of the Universal parks around the world, and you can't describe the happiness visiting one of these parks feels like. Not everyone in the UK is fortunate enough to be able to afford to go abroad, so having this on their doorstep would change soo many peoples lives. Therefore, this would not only help the morale of the local community, but the overall morale of the country.	Please share any other feedback you have at this stage.	
1824	I feel this is an excellent opportunity to put Bedfordshire on the map, it's location in the country is ideal	Please share any other feedback you have at this stage.	
1842	I want this project to go ahead so much! I think it would be a real plus to living where we do, and also feel it will be something to put the UK on the map for (from a theme park enthusiast perspective at least!)	Please share any other feedback you have at this stage.	
1953	Really hope that this does go ahead. The local area really does need it. It sounds fantastic.	Please share any other feedback you have at this stage.	
1968	This looks good for the area.	Please share any other feedback you have at this stage.	
2003	I feel that this project would be extremely beneficial for the United Kingdom and the local economy. I completely back this project and I'm excited to see where it goes!	Please share any other feedback you have at this stage.	
2003	I feel that this project would be extremely beneficial for the United Kingdom and the local economy. I completely back this project and I'm excited to see where it goes!	Please share any other feedback you have at this stage.	
2004	I think this is a fantastic opportunity for the UK and more specifically, this area. Not only will it support the local economy and jobs, but be a fantastic place to visit. I am 100% behind this.	Please share any other feedback you have at this stage.	
2022	I'm sure that if it was to go ahead, it will be profitable for both Universal and the local community.	Please share any other feedback you have at this stage.	
2024	This is very exciting for Bedford and the surrounding areas	Please share any other feedback you have at this stage.	
2079	Fingers crossed this gets the go ahead as this would be incredible for the environment and local people!! Providing a massive boost for the economy	Please share any other feedback you have at this stage.	
2095	Really excited about this project, and the investment in the area which needs it	Please share any other feedback you have at this stage.	
2200	Please build it it is a fantastic opportunity for the present and future of the area and the UK.	Please share any other feedback you have at this stage.	
2251	Just that it's great how open you've been about this project since the rumours first came out in December. It's great to see that your clearly interested in partnering with and in investing in the local area to create a world class resort.	Please share any other feedback you have at this stage.	
2276	Such an opportunity for Bedford and the UK. really hope this gets given the go, so many generatons can experince the amazing world of Universal Destinations & Experiences	Please share any other feedback you have at this stage.	
2289	Please make this happen! - I have been lucky to visit Universal Florida on multiple occasions - this would be the best thing to happen to the Bedfordshire area possibly forever and I will definitely be a regular visitor and hopefully get to work there as well. Thank you	Please share any other feedback you have at this stage.	
2290	Please make this happen for our country! Such an amazing opportunity for Bedford to be put on the map and bring an economic boost to our little island.	Please share any other feedback you have at this stage.	
2299	I think this is an amazing opportunity and I truly hope this comes to fruition. This would have huge benefits to the economy, employment, Bedford, and if it goes and ahead and once the resort is open, will bring joy to so many people when they get to visit. I fully support this proposal.	Please share any other feedback you have at this stage.	

2528	Bedford needs this business opportunity to develop and regenerate the town for children. Go go go!	Please share any other feedback you have at this stage.	
2517	I believe this project would be a major improvement to Bedford as the town is becoming derelict with shops moving away to more popular locations and the people are obviously going to those places to buy those products and if universal can bring back the retail as well as their world famous parks then I'm onboard 100%	Please share any other feedback you have at this stage.	
2534	I think this is a great idea and had huge potential for the local area, economy and employment opportunities	Please share any other feedback you have at this stage.	
2577	It be good for Bedfordshire	Please share any other feedback you have at this stage.	
2742	A great opportunity for the people of Bedford but direct investment within Bedford town centre, and the surrounding areas, needs to be evident. Creating a little enclave south of Bedford, with all profits being exported by to the US is unlikely to make you many friends.	Please share any other feedback you have at this stage.	
2762	I think this park is a fantastic idea and would be a great benefit to the UK and local area. I wish you all the best.	Please share any other feedback you have at this stage.	
2778	I sincerely hope you decide to proceed for the future good of Bedford and the surrounding area which is somewhat dying in the face of competition from other nearby towns and cities.	Please share any other feedback you have at this stage.	
2786	I feel it would benefit the area. Bedford is centrally placed with good communications to London and the north	Please share any other feedback you have at this stage.	
2799	This area of the UK needs new industry, manufacturing, and entertainment stimulus. I welcome the possibility of this venture. As a former US resident who frequently went to the Disney and Universal studios both in California and Florida, this is a very exciting prospect.	Please share any other feedback you have at this stage.	
2892	Very supportive of this project. Good for Universal, good for Britain, good for the British people, good for the local economy.	Please share any other feedback you have at this stage.	
2860	My family and I really welcome the prospect of this project! We are so excited and, if it comes to fruition, will be regular visitors. The investment in the local community will be amazing to see along with the employment opportunities this project will bring.	Please share any other feedback you have at this stage.	
2883	An over all great idea and long over due. Nothing of this magnitude has been proposed since Corby wonderworld back in the 80's. UDX would be a great edition to Bedford bringing their fine reputation for fun and entertainment with them.	Please share any other feedback you have at this stage.	
2906	I feel this is great opportunity for Bedford with jobs and wealth creation also leading to infrastructure improvements.	Please share any other feedback you have at this stage.	
4745	This is not just going to have a major investment for Bedford, but further afield as companies such as Merlin Group look to increase further investment in parks such as Alton Towers, Thorpe park etc which also ensure Universal continue to invest and grow so it is a win win situation because this investment also benefits the UK economy,	Please share any other feedback you have at this stage.	
4586	This is a great opportunity for the area, a chance to put Bedfordshire back on the map and help bring the area back to life. All the Villages, Bedford & Milton Keynes will benefit in some way or other, whether that's employment, roads or more local business for shops & contractors. I would just like to say thank you for the consideration	Please share any other feedback you have at this stage	
3493	If it goes ahead it will must likely be a huge success for the local area, the uk and universal studios as a whole	Please share any other feedback you have at this stage.	

1191	I've been to a Universal park (sadly), but the impact of it stays with me as I'm a 90s kids and remember when Nickelodeon had there studio in Florida. I've watched many videos on theme parks and their history and I've been so interested in them. So seeing this got me really excited. I think that Bedford is a great location and in terms of business, I've heard that Milton Keynes (and surrounding areas) are like the centre of the universe (no pun intended) because of the links around the UK. It would be great to have a theme park of this size and prestige open in the UK and that fact that it is like 20 minutes from me is even better. I would love to see this happen and would be happy to support in anyway that I can.	Please share any other feedback you have at this stage.	
1315	Universal UK would be a massive opportunity for the local area and the country. As a regular visitor to Orlando we appreciate the beauty and care taken with the parks, the potential benefits they bring with employment and local business opportunities. We have seen the joy the parks bring visitors of all ages. One request if granted please do a lot less 4D rides, they are awful especially for people with a wide range of health issues. I really hope the development goes ahead as its extremely exciting, i hope Universal will respect the local residents and wildlife/natural environment, not just in the development stages but in the long term.	Please share any other feedback you have at this stage.	
2207	Please commence construction as soon as possible and ignore the eco freaks who pop out of the woodwork at every opportunity. I have seen your care for the environment in the USA. A Universal park would be a great asset for both the local area and Britain as a whole.	Please share any other feedback you have at this stage.	
2254	I live and work in the U.K and I think this project would be great for creating new jobs, give a boost to the local economy and deliver an amazing world class resort to the people of the U.K and wider Europe ðŸ™ˆ. I have been to universal in Hollywood many times and would love to have a new universal resort in my home country I would consider myself a theme park enthusiast i have been to most theme parks in europe I would definitely be purchasing an annual pass should this project go ahead. Anyone I have spoken to about this potential project are super excited and positive at the prospect of having our very own universal theme park here in the U.K and we are hoping this project goes ahead ðŸ™ˆ	Please share any other feedback you have at this stage.	
2345	Thank you so much for considering this project. It really could be a once in a lifetime opportunity for local people who have suffered economically from the nearby competition of Milton Keynes. The site is also relatively close to London and Luton airport with good fast train links. I would like to wish you every success.	Please share any other feedback you have at this stage.	
2357	I think that this is a brilliant opportunity for the area and for the country as a whole. The disruption due to construction should be welcomed for the success and growth the area would experience upon the resort's completion.	Please share any other feedback you have at this stage.	
2389	Thanks so much for considering Bedford for this development and the commitment to the environment and the community	Please share any other feedback you have at this stage.	
2392	Please make this happen. There will be a few people that will be against this, doesn't listen to the hater's. This project will bring so many benefits to the UK and local area. Would be nice if local residents could get discounted tickets based on post code, similar to what Florida does. Please bring back the Back to the Future ride	Please share any other feedback you have at this stage.	
2397	I am so excited and happy that you have chosen Bedford. It will indeed boost the local community from what seems to be a near dead town. With this venture, future big establishments will follow and it will truly be one I most definitely support with.	Please share any other feedback you have at this stage.	

2416	I have lived in Wootton all my life and the plans and talk of this park are very exciting. To be included in your plans is great and it would be lovely to have the local area upgraded and in particular to be able to walk to the theme park etc or cycle etc. Also it would be exciting to see what additional things you give to local people in particular to the villages that have been here for century's.	Please share any other feedback you have at this stage.	
3911	With knowledge of the local area, your approach and intentions are very sensible. It is an underutilised location in the UK which would greatly support and benefit from the project.	Please share any other feedback you have at this stage.	
3806	I agree it's an ideal location and would bring in footfall to the local counties around Bedford and hope that it goes ahead.	Please share any other feedback you have at this stage.	
3567	Overall i think this would be a good development for the area if the infrastructure that is proposed goes ahead.	Please share any other feedback you have at this stage.	
3426	Further to your comments in 8 above, this would be highly beneficial in so many ways, not only for Bedford and the surrounding area - but also the UK as a whole. The site is especially ideal to help realise this dream. Please consider using local partners to help deliver this exciting, game changing project. Could consider extending Eurostar services to Bedford / renamed Wixams station.	Please share any other feedback you have at this stage.	
3417	I fully support this project as i think it will be a real asset to the local economy and has the potential to put a UK park on a world stage.	Please share any other feedback you have at this stage.	
3402	It's a massive project and I assume will take years to complete. As long as properly managed I think it will be a massive benefit to the area bringing well needed jobs and training to many people.	Please share any further feedback you have at this stage.	
3396	I feel this is probably the best development Bedfordshire could hope for as far as this site is concerned.	Please share any other feedback you have at this stage.	
2450	Bedford is a lovely town to visit, with its wonderful river running through it. I think having a theme park near by will help rejuvenate the town centre, encouraging more independent shops to the area.	Please share any other feedback you have at this stage.	
2496	This would be a great opportunity for the local area, the construction traffic is a concern but I feel it is worth it with the end results being such huge job opportunities for the local area.	Please share any other feedback you have at this stage.	
2497	Great location that will be well connected with a few enhancements. I have family across Europe that would love to come over if the park existed. Having been to the parks in Florida, a park in Bedford would only have a positive impact on the local area.	Please share any other feedback you have at this stage.	
2633	This could be a fantastic project, however Stewartby has a history of being a literal and metaphorical dumping ground of Bedfordshire. The relationship between the villagers and the council has been stressed over years of being mis-sold projects that happen around the area and the council now following through with additional improvements promised during project planning stages. With this in mind, I think the local community will really get behind universal and support this project if they prove themselves to have the surrounding villages best interest at heart and give focus to the impact of where things are situated in the park and how it will impact the villagers standard of living.	Please share any other feedback you have at this stage.	
2666	I see this as a positive improvement to not only our community but a positive solution for those not able to enjoy this level of entertainment abroad.	Please share any other feedback you have at this stage.	
2668	Very supportive of the project, but would like to see it drive improvements in Bedford town centre and other local amenities and infrastructure. Needs to be sensitively incorporated into local landscapes (not an eyesore) and not cause more traffic on local roads (eg Bedford western bypass which is already very busy).	Please share any other feedback you have at this stage.	

2704	At this stage we think this is a great opportunity for both the community and for Universal. We are wholly supportive of this development based on what is proposed.	Please share any other feedback you have at this stage.	
2725	Think it's a brilliant idea bringing a resort that is harder to get to as there is nothing else like it within Europe. Will entail great job opportunities for people and bring new life to our area	Please share any other feedback you have at this stage.	
2845	I am hopeful the project continues as this brings much needed excitement for the Bedford community combined with opportunities for careers, salary's and skills.	Please share any other feedback you have at this stage.	
3349	I think its an incredible project and the benefits to the area could be huge, especially with secondary benefits it may bring to the surrounding area.	Please share any other feedback you have at this stage.	
3328	Only that I hope you do decide to build here. We need this investment in our area and it's a good location as it's a short drive from London also.	Please share any other feedback you have at this stage.	
3324	This presents a remarkable opportunity for Bedford, and I genuinely hope that the final decision aligns with this initiative. I offer my full support and stand behind it without reservation.	Please share any other feedback you have at this stage.	
3320	This is a fantastic opportunity for the area!	Please share any other feedback you have at this stage.	
3321	My family are proud Bedfordians and we are delighted that you would consider bringing this project to Bedfordshire. It has a rich history of developing new ideas and welcoming many nationalities into our communities which was first started by the Brickyards.	Please share any other feedback you have at this stage.	
3274	I fully support and am really excited about the potential for this theme park and the benefits it can bring to the local area.	Please share any other feedback you have at this stage.	
3310	I really do hope this goes ahead. This area is full of opportunity for both universal and would provide a focal point for Bedford that it has lacked for 50 years.	Please share any other feedback you have at this stage.	
3261	I truly hope you get to build this and planning does not thwart this. The economic and environmental benefits are incredible and Bedford planning would be mad to turn this down. I look forward to visiting as soon and as often as I can!	Please share any other feedback you have at this stage.	
5096	As the proposed site is right near Central Bedfordshire please ensure that our area benefits from this as well as Bedford Borough.	Please share any other feedback you have at this stage.	
5351	Having visited Universal in Orlando many years ago, in I think this is an extremely exciting opportunity for both Universal and Bedford. I hope very much that it will come to fruition.	Please share any other feedback you have at this stage.	
5236	I can only see major benefits for this in both, the local area, the UK economy, returns on investment for Universal, significant profile for Bedford and great for the theme park field of business. Having a European Universal Studios in the UK is a no-brainer as a competitor with Euro Disney and having it in Bedford is common sense due to the proximity to London (major global city), next to the main road artery of the M1 and close to Luton airport which is due to expand its own capacity. Great for the county.	Please share any other feedback you have at this stage.	
5166	I have heard little negative comments for this project, I feel we would embrace Universal studios coming to little old Bedford bring it on.	Please share any other feedback you have at this stage.	
5420	I just think this would be such a fantastic opportunity for Bedford it's really needed	Please share any other feedback you have at this stage.	
5171	I really hope this goes ahead it will be great for Bedford and great for the uk I have no doubts universal will do a spectacular job and also look after community and environment aswell	Please share any other feedback you have at this stage.	
5000	I think it's really important that people can walk and cycle to the site from local towns such as Bedford without having to risk their life sharing space with fast moving cars.	Please share any other feedback you have at this stage.	
5227	I think universal UK will be a huge hit for both universal and the people of England and Bedford	Please share any other feedback you have at this stage.	

5421	I think your on a winner by bringing this exciting venture to Bedfordshire :-)	Please share any other feedback you have at this stage.	
5188	In our household we feel this could be a great opportunity for Bedford town. We only feel it's going to take ages for it to be something we'll live to experience, we're in our 40s :)	Please share any other feedback you have at this stage.	
5275	Its a brilliant step for Bedford because of its location with motorways ,Luton airport & access to the park. Bedford as a whole is a recognised as being a great traditional town with its prominent embankment and many popular attractions locally including beautiful countryside.	Please share any other feedback you have at this stage.	
5173	Looking at what Universal Studios is proposing, I feel this is a far better proposal than the ones we have gone through in the past, all the way back to the failed Disney park in Norfolk and the proposed (though looking increasingly like failed) London Resort. The idea that everything has to be built in the Southeast of England makes no sense (except for landowners looking to make a quick buck) as that area is already far to overpopulated, and though there is an expectation that being in the Southeast increases the possibilities of tourist coming over from Europe via the EuroTunnel, looking at the proposed rail infrastructure UDX are proposing, Europe doesn't feel that far away, perhaps UDX need to look into some arrangement with Eurostar to get guests from Paris up to Bedford via St Pancras	Please share any other feedback you have at this stage.	
5150	Thank you for considering Bedfordshire!	Please share any other feedback you have at this stage.	
5432	Thank you so much for considering Bedford Borough for a location :)	Please share any other feedback you have at this stage.	
5217	Universal Studios is a massive company whose presence in Bedfordshire would be extremely beneficial to both Bedford and Luton	Please share any other feedback you have at this stage.	
5127	We would love a theme park in Bedford, you have our full backing!	Please share any other feedback you have at this stage.	
4972	Would be great for Bedford and surrounding areas	Please share any other feedback you have at this stage.	
5051	Yes yes yes to Universal Bedford!	Please share any other feedback you have at this stage.	
3219	doesn'tdelay, will always be some valid local issues but Bedford needs the economic benefits and the whole of the UK need such a valued brand of Theme Park arriving, Alton Towers and Thorpe park do not offer the attraction types you do and this will be the number 1 attraction without a doubt	Please share any other feedback you have at this stage.	
3201	I think this will be hugely beneficial for both Universal and Bedford.	Please share any other feedback you have at this stage.	
3195	Really hope this works out! The area and the economy could massively benefit from it.	Please share any other feedback you have at this stage.	
3200	This would be fantastic for Bedford and local area with roads and trains upgraded but the town of Bedford needs to be thought about and rejuvenated. Local restaurants, hotels, museums, shops etc must be promoted by universal, with visitors encouraged to explore the local areas and not just Universal. Maybe teaming up with local hotels & restaurants would be good. Bedford and the local villages should be made to feel part of this project and not a separate entity sitting on the edge of the park. That visitors will not only visit the park but local areas too. Bedford hospital's capacity also needs to be looked at, increased visitors would mean increased patients using local facilities. Offer jobs to locals first (skilled & unskilled jobs), labourers, construction, design, hospitality, administration etc (job opportunities to all ages not just the youth)	Please share any other feedback you have at this stage.	
3196	I think the project would be excellent for the development of Bedford and surrounding area, so much so that you should consider finding a way to encourage Sea World or similar to come and join the fun. I see that as a complementary attraction that would benefit both. The Oceanografic in Valencia is a good example of a compact Sea World style attraction as an alternative. With Woburn nearby and also Whipsnade Zoo, the area could justify visitors staying several days to everyone's benefit.	Please share any other feedback you have at this stage.	
3181	Very exciting and would really add to but also improve the area!	Please share any other feedback you have at this stage.	

3172	If carefully managed this will be a great addition to the local area. Road upgrades are extremely important and ensuring that Stewartby Village is shielded from the noise and traffic.	Please share any other feedback you have at this stage.	
5366	I would very much like this to go ahead and open in the uk as it will not only help the town and uk but start to put the uk on the map that we can have a great park and do it well.	Please share any other feedback you have at this stage.	
5449	If this project were to go ahead, I feel this would be a great opportunity to boost the UKs economy and offer many UK residents the chance to have the Universal experience" where travelling over seas is not an option for them"	Please share any other feedback you have at this stage.	
5332	It would be great if those in close proximity of the park could obtain free or heavily discounted tickets, much like they do for other large theme parks in the UK.	Please share any other feedback you have at this stage.	
5306	It would bring a lot to the uk in tourism and create new opportunities for people	Please share any other feedback you have at this stage.	
4982	Many UK citizens would be opposed to what's seen as an "Americanisation" of the local area (as with the criticisms faced by Disneyland Paris when its plans were announced in the 90s). Cautious development to make the park truly unique from other Universal Studios parks, and more representative of British and European Culture, as a modern and elegant resort such as when Portaventura was developed by Universal as "Universal Mediterranea" in 2002 (opposed to hard, dull studio buildings or New York-style facades), would massively help citizens favour the new park and compete effectively with other European parks. A combination of IP and non-IP based attractions, as well as effective local infrastructure improvements and environmentally protected regions could also soften this impact.	Please share any other feedback you have at this stage.	
4997	Please bring Margaritaville to the UK!!!!	Please share any other feedback you have at this stage.	
5151	PLEASE COME TO THE UK!	Please share any other feedback you have at this stage.	
5380	Please come to the uk. I love your park in Florida, but I cannot afford to go there. I love the amount of though and immersness you put into your parks especially Harry Potter and Epic Universe.	Please share any other feedback you have at this stage.	
5078	Please just do it, the UK needs something like Universal and the world needs to visit the UK and Universal can provide that ...also...Harry Potter surly has to be a part of it?	Please share any other feedback you have at this stage.	
5178	Please proceed with this project, it'll be fantastic, not just for our town and community but also for the UK. The location is perfect with all the transport links already in place just needing developing, the land is there and available. It just makes perfect sense as a site and location and I'm excited to see the benefits it will bring for so many.	Please share any other feedback you have at this stage.	
5070	Really exited for the prospect of a world class theme park in the UK, especially with the themeing and IP's that universal are known for around the world such as Harry Potter, Nintendo etc. We would welcome a UK competitor to Disneyland Paris, as only Alton towers can come anywhere close and even that doesn't fulfill the same market that Universal and Disney do.	Please share any other feedback you have at this stage.	
5434	So excited for this park to become a reality in the UK - such an amazing and exciting opportunity	Please share any other feedback you have at this stage.	
5129	That fact you have decided to even consider the UK for a park.it is greatly appreciated and I hope so much the UK government back it.	Please share any other feedback you have at this stage.	

4976	The UK (and many neighbouring EU countries) have the consumer market already in place awaiting. This region of the world would be a resounding hit to build a park of this magnitude, no doubt about it. Keeping all fingers crossed that this project gets a unanimous green light to go ahead. And in turn the construction phase gets fast-tracked to get underway. And with bit of luck the projected opening date in the plans can be cut down to open significantly earlier.	Please share any other feedback you have at this stage.	
5285	This is a must for the UK, there is no significant argument against this park that couldnt be overcome	Please share any other feedback you have at this stage.	
4998	This park would be amazing in the UK, of course we will want the entire Harry Potter World! And lots of butter beer	Please share any other feedback you have at this stage.	
5263	This will be such a great thing for the UK. Please make it happen!	Please share any other feedback you have at this stage.	
4970	This would be an amazing project to arrive to the uk and would boost our economy in terms of tourism revenue and improvement of the area. I know we would be visiting most weekend as it's a big favourite or ours.	Please share any other feedback you have at this stage.	
5388	Universal would be amazing here in the UK, please make sure this happens	Please share any other feedback you have at this stage.	
5189	USGB would be a huge win for both parties from my point of view, and would additionally create a more competitive environment across the UK tourism and leisure industry that's desperately needed	Please share any other feedback you have at this stage.	
5348	Very excited to see the park come to fruition! Thank you for choosing the UK!	Please share any other feedback you have at this stage.	
5446	We are very excited that the uk May have a Universal theme park.	Please share any other feedback you have at this stage.	
5390	We would welcome Universal Studios into the UK	Please share any other feedback you have at this stage.	
5090	When designing the parks and surrounding areas please include lush open green spaces with pathways for people to explore. Create attractions that have strong links with the UK creative industry. Not just the same copy and paste attractions from Orlando.	Please share any other feedback you have at this stage.	
5292	Would love to know more about how given UK weather the park would remain open all year round and if will be a water park like in America which is outdoors	Please share any other feedback you have at this stage.	
5087	I think this is an exciting opportunity for the UK as a whole and it's economy.	Please share any other feedback you have at this stage.	
5291	I believe there are many opportunities for everyone if this theme park were to be built. Perhaps you need to consider covered walkways as the UK weather is notoriously wet...or at least have a large supply of recyclable plastic ponchos for sale :)	Please share any other feedback you have at this stage.	
5403	A number of all-weather attractions such as dark rides and/or enclosed rides and covered walkways would be appreciated due to temperate UK climate.	Please share any other feedback you have at this stage.	
3168	This would be a wonderful opportunity for Bedford to be put on the map. The universal experience is one of the best in the world and would give a lot of people the opportunity to experience it without having to travel out of the uk. It also help with adding to tourism with people visiting from Europe. Myself and my family have been to Florida and visited universal many time so appreciate exactly what an amazing experience it is. Roll on universal cannot wait for more positive updates .	Please share any other feedback you have at this stage.	
3164	It could be a large benefit to the local area, providing the development is progressed in the right (sympathetic) way.	Please share any other feedback you have at this stage.	
3095	I'm hugely supportive of the proposal and feel this is an excellent opportunity for a town I have been born and raised in for 54 years. The site is the old London Brick company site where my late father worked for many years. Bring out some of the local history if you can.	Please share any other feedback you have at this stage.	
3092	It's an exciting opportunity for an area which is frequently overlooked - see the article in The Times on Wednesday 10th April for it's light hearted mockery of Bedford and the area.	Please share any other feedback you have at this stage.	

5212	Would welcome this coming to the area and so would my children!!	Please share any other feedback you have at this stage.	
5161	We are very exited to welcome Universal Studios into our town. Hopefully this will get the go ahead!	Please share any other feedback you have at this stage.	
4985	Very excited and grateful for the country to have the opportunity to host this amazing world class theme park.	Please share any other feedback you have at this stage.	
3057	Council should move heaven & earth to provide strong local support for a once in a generation investment opportunity from a respected organisation	Please share any other feedback you have at this stage.	
3055	I think this project would be excellent for the area in many ways.	Please share any other feedback you have at this stage.	
3051	This is the best opportunity for the area to get much needed improvement and development. Hoping for a positive outcome.	Please share any other feedback you have at this stage.	
2862	It's a very exciting opportunity and will reuse some land which currently is not being used returning it back to economically active.	Please share any other feedback you have at this stage.	
2300	Really hope to see this project go ahead. People from around the UK and beyond would love to see a Universal theme park here and the location chosen and considerations already given to how people would travel to the site all sound fantastic. There are so many benefits to having a universal park here in the UK including the significant amount of new jobs it will create. It is desperately needed and I really hope it gets all the necessary support to proceed with.	Please share any other feedback you have at this stage.	
4561	I think it's brilliant but investment into the town needs to be done to fill the shops as embarrassing right now. Lower rents which councils control and allow businesses to come in. Make sure you use local companies and not foreign companies etc. Local companies will be more engaged and bring money to the Area	Please share any further feedback you have at this stage.	
5400	This project is very exciting. I live about 2 hours away and certainly would consider purchasing an annual pass.	Please share any further feedback you have at this stage.	
5320	this should be one of those rare opportunities to develop an exciting multi-functional experience that will benefit the local community while drawing in many national and international visitors. Done well, this will transform the area and generate income and profit across many sectors. Much work to be done in planning before that, but the opportunity is definitely there.	Please share any further feedback you have at this stage.	
5392	Think it's a fantastic idea for both the local area and the country and cannot wait to see if it goes ahead.	Please share any further feedback you have at this stage.	
2943	Again I doesn't live in beds anymore, but I am really hopeful that they will get something more to life. I had to get out of the area simply because they lacked these types of opportunities. I'm a bright guy who works in IT for a top international law firm and feel like the area misses on so much potential from people as it once did with me. The saddest thing is not everyone is lucky and makes it out (as there was no other options.) This would be a life changer for a lot of people and would certainly see me return to the area to visit.	Please share any other feedback you have at this stage.	
2950	This will be fantastic for the people of Bedford!	Please share any other feedback you have at this stage.	
3152	I think this project could be a great partnership between yourself and the people in the Bedford area giving future guests an experience they will love.ðŸ™‚	Please share any other feedback you have at this stage.	
3140	Really excited for this new project and see huge benefits to the community.	Please share any other feedback you have at this stage.	
3124	It will help to bring opportunities to the local area, this will help to alleviate a lot of mental health issues and social problems	Please share any other feedback you have at this stage.	
3109	Benefits and access to the park and its facilities for all local residents in the immediate local area.	Please share any other feedback you have at this stage.	
3010	I cannot wait to see this evolve and am excited as the town needs an innovative large employer to move forward on an inclusive society agenda	Please share any other feedback you have at this stage.	

2992	as long as there are clear benefits for the local populations, not just businesses and the LA getting extra money through revenue and tax, i would support this development	Please share any other feedback you have at this stage.
2988	I would definitely welcome such an investment into the local area for personal and professional reasons as XXX for CHUMS Charity.	Please share any other feedback you have at this stage.
2979	Only to say that it would be an extremely exciting development and a huge boost to Bedford Borough and the surrounding towns and villages.	Please share any other feedback you have at this stage.
5788	A wonderful opportunity for Bedford and one which ought not to be missed.	Please share any other feedback you have at this stage.
5527	An excellent and exciting development for Bedford, very interested to see how this progresses	Please share any other feedback you have at this stage.
5720	An exciting opportunity for the area as a whole on many fronts.	Please share any other feedback you have at this stage.
5774	Bedford is a small county town with a lot of charm. The benefits would be great, but I would hate to see it swamped.	Please share any other feedback you have at this stage.
5815	Bedfordshire is in great need of a huge injection to its economy and this is something Universal can without a doubt provide. This project MUST go ahead.	Please share any other feedback you have at this stage.
5480	Definitely a great benefit to the area	Please share any other feedback you have at this stage.
5820	Fantastic opportunity for the local community, I really hope other local people embrace it.	Please share any other feedback you have at this stage.
5976	GOOD LUCK ON ALL DECISIONS AND THE PLEASURE THIS COULD BRING TO MILLIONS OF VISITORS AND FUTURE LOCAL PROSPECTS FOR COUNTY.	Please share any other feedback you have at this stage.
5845	Great opportunity for Bedford to become a centre of interest again	Please share any other feedback you have at this stage.
5831	Great opportunity to showcase Bedford and the surrounding area.	Please share any other feedback you have at this stage.
5732	I am excited about what the future of Bedford would be should Universal decide to create a park of sorts here	Please share any other feedback you have at this stage.
5885	I think it would be great addition to the area and would be a fantastic opportunity for Universal to launch a UK hub	Please share any other feedback you have at this stage.
6065	I think it's a great thing for Bedfordshire	Please share any other feedback you have at this stage.
5906	I think this Development has the potential to be transformative for Bedford and the local area and communities. I thoroughly endorse this development.	Please share any other feedback you have at this stage.
5854	I would welcome this project and really hope that it goes ahead as Bedford has had a number of projects (Nirah being one) that never went ahead even though it would have been fantastic for the area and conservation	Please share any other feedback you have at this stage.
5802	Great project and the local people should be please such a big project has chosen Bedford. I am very supportive of this and if it goes ahead I will be applying for a job. I hope it goes ahead and wish you all the success with this project.	Please share any other feedback you have at this stage.
5583	I fully support the proposal and think it is exactly what the area needs. If you can link the project with the development of the Bedford & Milton Keynes Waterway Park it would provide great footpath and cycle links to the site from both towns creating a great environmental and community asset for the area.	Please share any other feedback you have at this stage.
5198	I am extremely pleased to see it develop this far so soon. I see the location as one of the best places for something like this as per everything mentioned. I hope you do go ahead with this project.	Please share any other feedback you have at this stage.
5561	I think its a great idea to have the park here with all the benefits it will bring in terms of employment and investment into Bedford.	Please share any other feedback you have at this stage.
5200	It all sounds very exciting indeed! And the consideration towards the local area, people and environment - and how to benefit these - is really nice to see.	Please share any other feedback you have at this stage.
5026	It could be a fantastic addition to the country, let alone the local area	Please share any other feedback you have at this stage.

5628	I think this project could be great for Bedford but the residents of the surrounding areas have large concerns around the major roadworks, traffic from visitors, parking in nearby villages for free parking and noise pollution late into the night. If you can resolve these issues then I think people would be happier about the project.	Please share any other feedback you have at this stage.	
5758	Much needed Good for mental health and general wellness	Please share any other feedback you have at this stage.	
6046	100 percent agree with this idea along with a load of other people in the uk as it would be transformative for Bedford. Another reason why I support this project is because your other parks have so much guests as they are popular theme parks and you think about the wildlife and the rivers in your theme park's and the theming in all your parks are amazing and i think it would be a great addition to the uk as it increase the theme park offering And would potentially bring interesting rides over to the uk that is potentially not in any other theme park in the country/uk so I really do think this would be a good decision	Please share any other feedback you have at this stage.	
5480	It would benefit the area and give employment and improve travel	Please explain why	
5487	The Economical benefit would not only be felt in the local area this would also impact the wider country. in my opinion it would be a destination in itself that would draw more people from around the world to the UK. It is an incredible opportunity for the UK who have a track record for the love of theme and amusement parks to have the potential to have the best in the market open a property. this would have a massive positive impact on the UK population and everyone i have spoken to who was not a were of the project has been massively in support of this going ahead	Please explain why	
5492	I'm a big fan of universal parks and I feel that this project will bring some major economic benefits both to the area and the UK as a whole.	Please explain why	
5498	Great for Bedford - economic development and social inclusion. The East of England will benefit	Please explain why	
5506	I agree the economy and the area would benefit greatly from this project. Also, my son will love to go!	Please explain why	
5544	It will bring economic benefits to the surrounding area as well as the UK in general. I have been following the development of Epic Universe and am not only excited to have something similar nearby but also been impressed with the care and consideration that has gone into its design and construction.	Please explain why	
5552	I agree with all of the benefits that this park will bring the local area, and nationally this park would be a massive draw to fans of Universal parks and resorts.	Please explain why	
5575	The Bedford area would benefit from the rejuvenation, investment and all the associated changes such a huge project would bring, along with the other businesses that would follow in its wake, bringing opportunities for prosperity to many local people in a domino effect - hopefully	Please explain why	
5578	I would support a park coming to this site by visiting various times a year, there is nothing like universal resorts and to have one so close it would be a huge benefit to the economy here and bring people to visit a place they would otherwise never had heard of.	Please explain why	
5654	It will be a great asset for the area and the country	Please share any other feedback you have at this stage.	
5610	The UK is a huge market for theme parks with some poor offerings currently as compared to the rest of Europe. The country would benefit hugely from a major theme park resort and the numbers of guests attending could very easily be up or beyond disneyland Paris numbers in a short space of time	Please explain why	
5611	If its built on waste ground parks and resorts would benefit not just the local communities but also the town and lical areas as a whole	Please explain why	
5616	I think the economic advantages would be great for the area, and improving the transport links for it would also benefit the area.	Please explain why	

5627	It would be a world-class resort that would potentially draw tourists from across Europe, and increase investment by other parks, improving the experience for families across the country and boosting the economy. It's also the first major theme park in the UK with credible public transport options, which is a massive benefit.	Please explain why	
5637	This would be a huge benefit to the UK, and the biggest leisure project in Europe since Euro Disney. This would drive employment, tourism and growth for the region and country	Please explain why	
5665	The UK lacks competition in the theme park sector. There are a few notable amusement parks and smaller operations; but the market is dominated by Merlin. As a result, the standards at Merlin properties in the UK are remarkably low compared to those elsewhere. We've been short-changed here for too long. Universal's presence really raises the bar for everyone, and it will result in a circular feedback loop of parks trying to compete with each other to bring in more people - by improving the parks. More locally; no-one can dispute the benefit of re-using brownfield sites and this is massively more exciting than yet-another housing estate or warehouse.	Please explain why	
5684	Due to all mentioned reasons you have above; I think that Bedford and Bedfordshire in general could really benefit from this investment, it has been many years of stagnation causing under development and local issues (social issues, housing, small businesses going under). The theme park would improve all, get the money flowing again, bring people to Bedford that otherwise may have never come.	Please explain why	
5691	I think it would be a great opportunity to put Bedford on the world stage. Which would have massive economic benefits	Please explain why	
5696	The benefits far outweigh the negative impacts, as long as local infrastructure is significantly improved as well.	Please explain why	
5706	A project as such will transform Bedford and local area. Should be a benefit to all involved.	Please explain why	
5720	Long term economic benefit to the surrounding area, community and businesses.	Please explain why	
5722	As you say economic benefits as mentioned, plus land would be used for something so why not the theme park plus put area on the map	Please explain why	
5730	This project will be a major boost for the area and will also benefit the wider communities. England as a whole will benefit from having a major park as it will bring more tourists into England which means more employment in other areas of the country which will boost the nations economy.	Please explain why	
5733	Bedford is a dump & it's not getting better. There is a lack of opportunity for our youth & the town. This would put Bedford on the map, and boost the local economy. We would also benefit from an amazing centre on our doorstep	Please explain why	
5762	As a native of Bedford, I believe this project would greatly benefit our town. Bedford has a thriving small business community, and this project could significantly boost our local economy. I would support this and hope becomes a reality.	Please explain why	
5788	Regenerative development of a previously flourishing area, celebrating Bedford's heritage and the multicultural nature of the workforce at the brickworks. Necessitating developments of much needed infrastructure (e.g Wixam station), social and economic benefits particularly employment and training opportunities. Environment enhanced, accessible by walkways and cycle tracks and safeguarded.	Please explain why	

5791	I have visited Universal Orlando and loved every second I spent at the park, as well as all of my friends and family who share the same sentiment. I believe Universal in the UK would be extremely beneficial, not only to our own theme park roster and a destination I will visit multiple times a year, but can give those people in this country who aren't as fortunate to fly to visit a Universal Park that opportunity. The benefits that this park will have to this country as a whole, not just to Bedford is huge. I truly hope this get's the go ahead.	Please explain why	
5794	It will put us on the map and benefit the town financial.	Please explain why	
5809	Because of all the benefits outlined above	Please explain why	
5819	The economic and social benefits brought by such a substantial investment could be huge and last for generations. Employment is one of the most important drivers of the health and wellbeing, and an inclusive local training and employment strategy could help to tackle deep health inequalities.	Please explain why	
5825	It's a fantastic opportunity for individuals and the local community to benefit, and will be very prestigious for the Town.	Please explain why	
5836	It would be a huge boost to the local economy and regenerate the site. It would be important to try and ensure it helps leverage wider benefits	Please explain why	
5839	This would bring economic benefits to the area	Please explain why	
5845	The project would breathe new life into the area and be an exciting prospect for the future. The infrastructure would need to be improved to support the volume of visitors but the benefits for employment and for local businesses would be welcomed greatly	Please explain why	
5867	I can see the benefits that this project has for Bedford. I think shops and business will come back to Bedford High Street and benefit not only the local residents but the tourists as well.	Please explain why	
5917	Whilst I am concerned about how this might affect the culture of Bedford, I think our town needs investment. As long as local people benefit this will be a positive.	Please explain why	
5932	I think the benefits to the area, as outlined above, are significant. But everything would need doing - roads, rail, housing (schools, doctors, amenities) etc, some of which would need the Borough Council and other organisations on board. A hard line for me is environmental impact. doesn't plan on polluting/damaging/displacing habitats/waterways!	Please explain why	
5941	I absolutely support this project, the economic, employment and environmental benefits will greatly improve the local area and surroundings	Please explain why	
5945	I think the benefits for the area outweigh the possible negatives for the area. I want to leave Bedford area but this might make me consider staying closer than planned. I often go to Florida for my break it would be more financial viable having a UK resort to so I can have better relaxing break for my wellbeing.	Please explain why	
5946	I think the benefits will outweigh the costs.	Please explain why	
5954	Economic benefits for whole of the UK. Proposed infrastructure improvements. Create better competition for the theme park industry in the UK.	Please explain why	
5961	To help provide benefits to economy and provide a destination for myself and family to visit	Please explain why	
5885	Bedford is an easy accessible site from all over the uk with its transport links. It would hugely benefit from the employment opportunities both at the site and the wider infrastructure	Please explain why	

6009	The change this would make to the area and the county would offer massive benefits and believe Universal stands for the correct eithics of not only delivering a world class theme park but also a company that cares about how it looks after the community, wildlife and effects on positivity in everything it doesn't to deliver something beneficial for everyone not just thrill seekers but also the community by looking after the area from roads to wildlife.	Please explain why	
6045	I think it would be great for the tourist industry in the UK and be somewhere great to visit. I have visited other universal parks and feel one in the UK would be of great benefit to the country.	Please explain why	
6047	I think this would bring a massive economic benefit to the U.K. although we have similar attractions we do not have anything of this size and of a franchise. I think this would be amazing for the economy of the country with more people venturing into our country.	Please explain why	
6051	Whilst I'm not the target audience for a theme park I still think it's an amazing opportunity for the town and surrounding area and brings about all sorts of possible benefits for North and Central Bedfordshire. I really do hope it can go ahead and doesn't get bogged down in years of planning issues and public inquiries which sometimes seem to be a national pastime. Fingers crossed the inevitable nimby objections from small but organised parts of the population don't bog things down.	Please explain why	
6009	The change this would make to the area and the county would offer massive benefits and believe Universal stands for the correct eithics of not only delivering a world class theme park but also a company that cares about how it looks after the community, wildlife and effects on positivity in everything it doesn't to deliver something beneficial for everyone not just thrill seekers but also the community by looking after the area from roads to wildlife.	Please explain why

Fingers crossed the inevitable nimby objections from small but organised parts of the population don't bog things down.	Please explain why	
6066	Regardless if you a fan of Universal Parks & Resorts or not. The potential employment opportunity and tourism opportunity out weight all other reservations. in addition Universal Parks & Resort will want to include efficient transportation routes for profit margin. All to the benefit to the UK Economy.	Please explain why	
6074	It would be amazing to have a brand such as Universal with a significant presence in the UK and would certainly have environmental benefits as less people would need to travel by to airports and fly to the USA to visit similar attractions.	Please explain why	
6076	It will be a massive benefit to the region	Please explain why	
5710	Improves local infrastructure Job opportunities and boost to local economy Puts Bedford on the map	Please explain why	

5960	very good for the area and the support for job opportunities is great. It will be great to have a local theme park so close by The infrastructure plans sound good. Glad you are thinking about the environmental needs	Please explain why	
5526	For the reasons you highlight above. I think it would lead to many incredible opportunities for Bedford.	Please explain why	
5567	Provide good opportunities for a lot of people	Please explain why	
5581	Employment opportunities for young people. Hopefully the park would also support apprenticeship opportunities in an array of skills for young people.	Please explain why	
5589	Universal Studios is one of the best Theme Parks I have ever visited, it's a great opportunity for the UK to get such a high level and quality theme park creating not only thousands of opportunities for employment but also supporting the economy. If you decide to go ahead the UK people would flock in huge numbers to this park and with the country being smaller than places such as the US and Asia more people would be able to drive and spend short weekends or holidays here.	Please explain why	
5617	It would attract more businesses and employment opportunities for the area.	Please explain why	
5666	I love the universal parks and I am actually going to the Orlando parks next month! Bedford needs something like this (I actually think the UK needs something like this) it feels like there's not much to do here currently but it has so much potential. I think building the park will boost the economy, allowing for more opportunities for growth, better maintenance of our town and a more lively community.	Please explain why	
5668	Apart from the economic opportunities this would bring to the country it is a chance for millions of hard-working people. Who can't afford a trip to Orlando to experience world-class entertainment and experiences and share memories with their families that would last a lifetime.	Please explain why	
5697	Would be good use of land. Good opportunities for employment and changes to infrastructure in the area. Ensure that environmental concerns are dealt with appropriately	Please explain why	
5764	Opportunities for local people and improving travel networks	Please explain why	
5784	I think its a good opportunity for Bedford in terms of employment opportunities and economic development. Universal is a good brand and the type of business is exciting for Bedford.	Please explain why	
5789	To bring new opportunities to the area as a whole particularly for young people and increase use of Bedford Town centre	Please explain why	
5797	I think this is a once in a lifetime opportunity to put Bedford on the map and create amazing opportunities for local people.	Please explain why	
5807	Many opportunities for local employment and extra tourism.	Please explain why	
5828	Bedford needs a boost, the potential park would create many opportunities for the people of Bedford both economic and social.	Please explain why	
5832	Will bring work & training opportunities and more diverse businesses to the area	Please explain why	

5840	I have concerns regarding the increased traffic/pollution. Excessive noise and also spoiled views. I also have concerns that my community of Wixams will become less of a community. I can foresee residents vacating to capitalise on rental opportunities for tourist/visitors. I feel like citizens often lose the right to enjoy their homes because of commercial opportunities. we already have a large scale industrial park that brings significant traffic, for me communities are safe, peaceful places where people become neighbours who become friends. These large scale parks that are so close to the boarder make it feel less of a home somehow. Bring disruption for years during construction. People work hard for their homes. They should have the right to live in the community they bought into. theme parks and industrial estates are not essential features of a new community.	Please explain why	
5843	The Uk and especially Bedford with its major road network and improving rail network needs and will wholeheartedly support this. It's centrally placed and readily accessible. Also the employment opportunities. The growing film and television industry here makes it a superb fit with 5 major and smaller studios within 50 miles.	Please explain why	
5856	It is potentially a good use of the land and will create a wide range of employment opportunities	Please explain why	
5857	I hope that this exciting proposal will bring employment opportunities to the local community, especially young people and help grow the local economy.	Please explain why	
5865	There are undoubtedly threats but these are surely outweighed by the opportunities.	Please explain why	
5874	I believe the park will create great opportunities for those living locally.	Please explain why	
5923	It would put Bedford firmly on the map and create much needed opportunities for individuals and businesses.	Please explain why	
5929	To improve the opportunities and lifestyle for my family	Please explain why	
5930	It's an amazing opportunity for our area. Bedford needs this so much, it would be an absolute honour to have Universal choose our town. The opportunities it would bring would be incredible and would transform our town into something fantastic. Bring it on!	Please explain why	
5965	As a long time fan and customer of Universal destinations I have seen first hand both the opportunities and enjoyment a resort like this can bring. I've visited Orlando on multiple occasions and most recently stayed at the Cabana Bay hotel resort, and have also visited your Singapore park. While my tolerance and stomach for thrill rides is worsening (!) my love for all things theme parks remains, and you simply create the best of them - the rides, narratives and themeing far exceed anything in the UK market at present and your parks are the most rounded of all that I have visited globally. I myself moved from London to Bedford 3 years ago to start a family, settling on the locality due to its quick commuter line to London, connections to the rest of the UK (and both families to the North), and overall town feel. So, at the recent local presentation, when I heard Page answer the question We get asked Why Bedford? And I say Why Not Bedford?!" I'm of a similar mindset! I think it's a fantastic spot with great connections and completely see why it makes sense to locate a new destination for you here	Please explain why	
5989	This is a unique and outstanding opportunity for the area, providing so many opportunities and advantages to the area. It has my 100% support and approval.	Please explain why	
5999	Although I do value new opportunities coming to bedford	Please explain why	

6018	Because theme parks like the Universal studios will bring tourists to other local businesses which will bring more money into the local economy. I have friends who have restaurants/shops near the area that would be thrilled with the new opening of the theme park. I also would love to bring some more attention outside of London in terms of tourism and infrastructure and activities/opportunities.	Please explain why
6038	The opportunities created, both locally and nationally, by this development are phenomenal and a welcome addition to the UK	Please explain why
6068	It brings new opportunities and higher qualities than our current offerings from Merlin Entertainments. I would rather work for universal than merlin. Your values show through in the work produced.	Please explain why
5583	Bedford desperately needs this sort of transformative project to help regenerate the area. Being located between Milton Keynes and Cambridge the town has suffered the way many small towns have from a lack of investment and a lack of imagination from the council & local planners. We run a hospitality, leisure and tourism business 5 minutes from the proposed site (Box End Park) and fully support the project and promotion of Bedford (& Bedfordshire) as a tourist destination. If this development does go ahead then the attitude of the local council & planners towards developing tourism will have to change significantly.	Please explain why
5775	The investment described above is a no brainer. The cultural and social impact is what this area needs. We have lived here 25 years now . The people here would love the attention and excitement..	Please explain why
5896	Bedford needs prestige projects and investments and this certainly fits the bill It is also a very suitable environment for the facility itself	Please explain why
5926	The site is very well located close to (but not too close to) major residential centres with very good transport infrastructure links, particularly with the ongoing upgrades to the A428 from Cambridge/Stansstead and the connectivity to Luton. It will bring a huge ripple of investment to the area.	Please explain why
5931	Bedford needs a big investment to compete with MK	Please explain why
5943	It would bring in much needed investment into the area and also the wider community	Please explain why
5486	Would be a great facility to have locally and boost the town centre but also a good opportunity to improvement infrastructure	Please explain why
5515	This park presents a great opportunity and my experience, so far, is that Universal have the right attitude and culture to achieve it. (If you quote this without the so far" I will immediately change my mind)"	Please explain why
5545	Great for the local economy! Pubs, restaurants, hotels even local corner shops! Everyone gains from this project	Please explain why
5590	I was born and raised in Bedford, the town has great characters and qualities. However has grown a little stale, respectfully, in some spaces more than others. It has always been less exciting than neighbouring London- but not without charm. So I believe this would be a good addition subjectively speaking. And I would be very interested to see the proposed infrastructure plans and projected economic impact due to natural interest.	Please explain why
5612	If this improves infrastructure, increases the economy and most importantly helps and supports local businesses then I think this will be a great thing to have in bedford	Please explain why
5634	Within easy reach to a theme park. Great for the kids (and adults)	Please explain why
5654	Great for the local kids to get work.	Please explain why
5677	it would be a great asset to this area	Please explain why
5692	A great opportunity for Bedfordshire.	Please explain why
5717	Bedford is a great location with a strong local identity and skilled workforce who understand the importance of international collaboration.	Please explain why

5741	It will be great for the whole area. As a construction leader I would love to work on the project also.	Please explain why
5757	I have young kids and this would be a great opportunity for them to maybe work at the resort and park in the future to build skills that will help them in life.	Please explain why
5769	Bedford as the county town has gone downhill over the last 30-40 years, giving way to Milton Keynes and Luton. For example National Express goes to all the London airports from Milton Keynes and Luton but doesn't see Bedford important enough place to stop at. Public transport from Bedford is in great need of improvement. Perhaps providing a local major entertainment giant like Universal Studios will do the trick!!!	Please explain why
5817	Great opportunity for the local community and entertainment options	Please explain why
5822	We have visited and stayed at Universal Orlando a number of times with our children and grandchildren. We have always been impressed with the friendliness, attention to detail, and theming in all 3 parks . I regard this as a great opportunity for Bedford which sits in the middle of the key Oxford - Cambridge development ark.	Please explain why
5830	It's a great opportunity for the area and I love theme parks near and far	Please explain why
5850	I think it is a wonderful idea. Having worked at the brick works I think it is a brilliant use of the land and very much hope that you will decide to go ahead with the project. Provided it fits in with the surrounding countryside, is not too loud or garish and does not inconvenience local residents then I think it will be a great asset.	Please explain why
5859	I think it would be really positive for the area if you deliver what is promised it would greatly improve the local area and infrastructure.	Please explain why
5872	I think Bedford and its area's is an amazing place to live and work. great links to the south, east and west. Unfortunately there is nothing that is left where Bedford can promote itself on why people should come and visit. With this new park, visitors would come for the park but be able to do so in the countryside, and visit other sites!	Please explain why
5912	Bedford has good existing road, rail and air links that can be used to get visitors to the site. Great reuse of an area that has been under used since brick making stopped.	Please explain why
5919	There is great potentiel for an International standard holiday and entertainment resort in this part of the U.K.	Please explain why
5936	Because it is the potential catalyst for change and improvement that we need for our future residents. I am desperate to raise the aspirations of our young people and alongside the hard work already under way I think it would be a great help. It would also bring much needed income to the area and may also help to stimulate further environment and quality of life improvements in Bedford.	Please explain why
5959	Great for the area	Please explain why
5968	It would be great competition for other theme parks across the country. It would give an insight to what the theme parks are like across the world. Mainly Orlando for people who would never get to go.	Please explain why
5975	Universal Resorts are not only fun, but a great way to improve upon local infrastructure, green spaces and careers	Please explain why
5994	This site will create money for the country and for the people. Also it would be so great to go! I think it is in the perfect location	Please explain why
6057	I have lived in Bedfordshire my whole life and it would be great to have something that puts us on the map that we could be proud of and that could help regenerate the area.	Please explain why

5582	I used to live in Bedford, and I know how much this project would completely revitalise the area. There is also a rich film history that is native to the UK (i.e. James Bond, Lord of the Rings, Doctor Who amongst others - even Chris Nolan's Batman films were partly shot in Cardington nearby) so it would be great for some of that to be included in the plans for the new park. I've heard a rumour that attractions from Orlando would not be cloned for the UK park, which I think is a great idea as it creates more reasons for UK tourists to visit this new park as it will be more unique (and also they will still visit Orlando, which is an awesome resort!).	Please share any other feedback you have at this stage.
5558	It would mean a huge boost to Bedford. Both in terms of the morale of residents and the economy. We have a lot of small businesses who could flourish with your support for the town.	Please explain why
5564	Major boost to the local economy.	Please explain why
5641	It would help grow the economy	Please explain why
5659	It would bring fresh life into the area and more money to develop this beautiful town, which has become run down recently. I would like to see the economy flourish so that young people have more facilities such as indoor skatepark, to help engage them and keep them away from crime and substance misuse. The economy could then also better support development of the musical, creative, dancing and artistic talents of the area too. More visitors would perhaps allow the towns retail offers to be increased as well as currently limited in town centre.	Please explain why
5682	It would be excellent for the area and revive the local economy.	Please explain why
5702	I think it will be good for the areas economy. It will also help other local tourism locations scubas woburn safari park or whipsnade zoo	Please explain why
5727	Good for local and national economy	Please explain why
5893	It would be good for the local economy in my opinion	Please explain why
5913	Good for local economy as long as it is done sympathetically and with consideration to local residents. Need to ensure that the cross rail goes into the centre of bedford to support this.	Please explain why
5915	Good for economy . Will bring improvement in infrastructure.	Please explain why
5921	Because of the potential economic input to the local economy	Please explain why
5925	Because if it is implemented well, it will have a positive impact for the local community and economy.	Please explain why
5935	I love everything a family day out to a park stands for. As well as driving up growth for the economy of the local area. sign me up for the annual pass now.	Please explain why
5967	I am a fan of the universal theme parks around the world and I think a theme-park in the U.K. would be good for the economy	Please explain why
5988	Having been to Universal Studios in Florida, the experience is memorable. This project has the potential to develop tourism locally without harming the town but also stimulating the local economy and infrastructure.	Please explain why
5658	Positive development for the local area & the UK.	Please share any other feedback you have at this stage.
5491	Will bring money and tourism to the area	Please explain why
5538	Economic and social growth	Please explain why
5683	Bedford has deteriorated over the years. I believe that Universal would bring much needed work and tourism.	Please explain why
5707	for the reasons you've given above. I think this is a massive opportunity for Bedford and our community.	Please explain why
5712	Loction wise this is an excellent choice. Most people based down south have to drive 2-3 hours to get to a theme park. The site also avoids disruption to the heart of Bedford.	Please explain why
5714	We need more fun places for the children	Please explain why

5715	I think potentially having the park will help Bedfordshire and Herefordshire as long as local businesses are involved. There is a lot of unused local talent which could be exploited.	Please explain why	
5738	Bedford has been a town in decline for some time. An economic opportunity like this could be transformative.	Please explain why	
5739	Exiting opportunity to have a theme park very close to my home.	Please explain why	
5746	If it helps the local area and community in economical and infrastructure ways, then yes. I would support it.	Please explain why	
5750	As you said, it would be transformative for a town like Bedford. The fear however is that the park will have a town rather than the town will have a park'	Please explain why	
5756	It's bringing the world to Bedford	Please explain why	
5771	I think that such a resort would be good for the local economy and transport links which would have a positive effect on the town. I am impressed with the thought and care that have been put into your proposal and look on it very favorably as a good thing for the area	Please explain why	
5558	Very very excited. I so hope you decide to come to Bedford. It would mean so much to us. It's a lovely town but has suffered from being so connected to London etc so to have something that makes us a destination would be amazing. Thank you	Please share any other feedback you have at this stage.	
6077	To create a significant pull to Bedford, to support social and economic development	Please explain why	
5823	The town needs something to instigate growth and bring people into the town centre. Over the last few years shops have closed and people are travelling elsewhere ie Milton Keynes, Rushden lakes	Please explain why	
6101	We need to develop the area	Please explain why	
6096	Economic improvement to the area	Please explain why	
6082	boost for Bedford which is not very vibrant place to live	Please explain why	
6075	I am unable to afford the cost of going to one of your other resorts around the world so to have one a few hours away would be amazing	Please explain why	
6062	This is just what Bedford and Bedfordshire needs	Please explain why	
6065	For all of your reasons above	Please explain why	
6035	It would be a place of pride for the local area and country.	Please explain why	
6036	This is something Britain needs	Please explain why	
6037	I've traveled to universal Orlando 7 times now and am going again in 2026. We love it and find it far better than Disney. This will also be easily comutable from where I stay in Scotland	Please explain why	
6024	It would bring a new lease of life to Bedford and the surrounding villages and bring something significant to this area of the country.	Please explain why	
6026	Not enough to do in Bedford would bring money in to the surrounding villages and town centre	Please explain why	
5925	Investment in Bedford and Kempston town centres	Should we proceed with this development we would also help to facilitate a number of significant local infrastructure upgrades. Which of the following do you think is most important?	
2789	The area is in need of good economic developments to replace the loss of the brick manufacturing to provide a secure future for the area.	Would you support a potential park and resort coming to this site? Please explain why.	
4927	The area can do with improvement and more attractions	Would you support a potential park and resort coming to this site? Please explain why.	
4728	The area can use a pull from tourists it is missing while surrounding cities have that. Also I love to visit Universal Studios Orlando and have a local park would be an amazing addition.	Would you support a potential park and resort coming to this site? Please explain why.	
628	The area is ideal for a large infrastructure project, and this could only be good for the local area.	Would you support a potential park and resort coming to this site? Please explain why.	
3919	The area is in desperate need of renovation. Especially in Bedford. As a fan of the Universal parks, I would naturally welcome this.	Would you support a potential park and resort coming to this site? Please explain why.	

1282	The area is in desperate need to economic and environmental development with a long term plan.	Would you support a potential park and resort coming to this site? Please explain why.	
2617	The area is north of London and is in a commuter spot and would give those (up to) 8000 people chances to work nearby rather than a lot of travel. The site is close to 2 railway lines, this links with good sustainability benefits and is not too far from Luton and Stansted airports also.	Would you support a potential park and resort coming to this site? Please explain why.	
2691	The area is prime for investment. If delivered correctly it will provide better habitat for wildlife, better infrastructure, better employment opportunities and bring secondary investment to the area. As a local resident, I wish you the best of luck!	Would you support a potential park and resort coming to this site? Please explain why.	
1446	The area is too crowded Bedford is expanding and swelling up villages. Your resort is planned on green field sites. I never wanted to live in a city, now I am thanks to organisations like yours. I don't want a rubber shark in a pond, I'd rather see a nature reserve	Would you support a potential park and resort coming to this site? Please explain why.	
111	The area needs developing and I can see huge benefits'. Employment especially for local people. The improvement in roads and footpaths. The project would surely bring a lot of money into the area. On a personal level, it would be great to be able to take children and grandchildren to somewhere locally.	Would you support a potential park and resort coming to this site? Please explain why.	
4852	The area needs genuine long term economic value adds that are not distribution Centres	Would you support a potential park and resort coming to this site? Please explain why.	
2679	The area needs investment in real work oppoutunities and careers. Having worked for a competitor organisation I know that the business drivers would be compatible with the local area and most of the local inhabitants as well.	Would you support a potential park and resort coming to this site? Please explain why.	
4816	The area needs regeneration and a Universal resort would be perfect in providing a long-lasting legacy of investment in the area. I would also be interested at working for the resort in some capacity.	Would you support a potential park and resort coming to this site? Please explain why.	
3720	The area needs something like this and on this scale, as does the UK. I love the Universal Brand and support them in their American Parks, I would welcome the opportunity to be able to do the same in my home country.	Would you support a potential park and resort coming to this site? Please explain why.	
4322	The area needs something like this, it is positioned perfectly in the country and the economic and local infrastructure benefits will be fantastic for the local town and surrounding villages. Also the land has been empty and unused for the decade+ that I have been in the area.	Would you support a potential park and resort coming to this site? Please explain why.	
193	The area needs something to boost the economy. This will be the first park of its kind in our region. It is a great way to put our area on the map	Would you support a potential park and resort coming to this site? Please explain why.	
3103	The area will flourish	Would you support a potential park and resort coming to this site? Please explain why.	
2656	The area would benefit	Would you support a potential park and resort coming to this site? Please explain why.	
3518	The area would benefit from a significant investment and a reason to work local now other local works (brickworks) have shut	Would you support a potential park and resort coming to this site? Please explain why.	
2533	The area, community and young people need this - put Bedford back on the map	Would you support a potential park and resort coming to this site? Please explain why.	
4774	The Bedford and Kempston areas needs both financial and environmental improvements and I feel your organisation would make an inroad.	Would you support a potential park and resort coming to this site? Please explain why.	
4722	The Bedford area badly needs more job opportunities+more chances for youngsters to buy homes.	Would you support a potential park and resort coming to this site? Please explain why.	
2592	The Bedford area needs investment, there are certain areas that need redevelopment. In doing this Bedford would prosper. Also opportunities for young people would happen	Would you support a potential park and resort coming to this site? Please explain why.	
4705	The benefit to Bedford of this scale of investment cannot be underestimated. It will benefit the future of so many local young people.	Would you support a potential park and resort coming to this site? Please explain why.	

3048	The uk needs a new main attraction for tourists and the benefits to the local economy and town of Bedford make this a very exiting project.	Please share any other feedback you have at this stage.	
5833	It would revitalise Bedford and make it a desirable destination. However town centre shops and other facilities would need upgrading.	Please explain why	
5834	Hopefully it would revitalise the Bedford town centre which has been ignored for sometime.	Please explain why	
5848	For the opportunity for growth in the local area ; Bedford is an affluent town but lacks good retail and leisure facilities forcing locals to travel out of Bedford to find these facilities. It is hoped the development of this site with a significant leisure development such as universal will improve retail and leisure across the region.	Please explain why	
5853	It sounds transformative	Please explain why	
5860	Bedford has a vibrant local culture but also loves to accept people from all over the country and world.	Please explain why	
5864	1000% you should come. It will help everyone around. Those who might suffer can have some incentives.	Please explain why	
5881	Bedford needs this	Please explain why	
5877	This would be a world class facility in the heart of England and on the doorstep of Bedford. It would have the potential to bring much needed rejuvenation to the town and transform it from a B-league also-ran, lacking in identity, to a destination.	Please explain why	
5884	I think this could be pivotal in improving Bedford as it's a lovely town but there is not a lot to do and shopping is awful on the high street so hopefully this encourage improvements to be made as well as being a big universal fan, I'd love a locals ticket.	Please explain why	
5887	It would totally change the area. I am retired and do not wish to live near a theme park. I would find the increased number of workers and visitors to the area abhorrent.	Please explain why	
5888	Hopefully improve the area	Please explain why	
5892	Bedford could do with some uplifting so I see this as a good thing for the area.	Please explain why	
5895	This is a huge opportunity for the town on a patch of land that has no other real use	Please explain why	
5898	The area is quite depressed with Bedford Town centre slowly dieing. The park could help revitalise this	Please explain why	
5907	For the reasons you have outlined above.	Please explain why	
5910	It puts Bedford as a place on the map to visit.	Please explain why	
5924	Bring life to the area	Please explain why	
5937	To take advantage of the transformation of Bedford's fortune	Please explain why	
5940	Bedford has been disappearing up its own backside for years. This is vital for the borough's development	Please explain why	
5942	It would be good for the area	Please explain why	
5948	Would rather this than more housing.	Please explain why	
5950	I think it would be good for the country and it would be a good place to visit aswell as new visitors from other countries	Please explain why	
1912	The UK needs a Universal UK Studios I think. Harry Potter / other films / TV history etc. Paris has Disney. London / Bedford needs Universal as a counter-balance maybe. I respect and admire the Universal Studios brand name and really hope that a theme park can be built in the UK. Good Luck! Thanks. :)	Would you support a potential park and resort coming to this site? Please explain why.	
6002	It would be amazing to have universal studios so close to where I live and would love to work there	Please explain why	
6010	Good for area	Please explain why	
6024	It would bring a new lease of life to Bedford and the surrounding villages and bring something significant to this area of the country.	Please explain why	

6026	Not enough to do in Bedford would bring money in to the surrounding villages and town centre	Please explain why	
2536	The UK, and particularly the Bedfordshire areas needs help with regeneration. With travel becoming so expensive, more and more people are finding trips to the USA prohibitive and the cost of travelling to Europe is also becoming unaffordable. A universal theme park in the UK would be an unbelievable addition to the countries theme parks. Equally, it would mean that other theme parks in the UK would finally have some competition and would stop being so lazy in their development.	Would you support a potential park and resort coming to this site? Please explain why.	
3017	Great location, job opportunity. Uk needs a universal theme park. Help economy	Would you support a potential park and resort coming to this site? Please explain why	
4679	Great opportunities for locals and regeneration of Bedford.	Would you support a potential park and resort coming to this site? Please explain why	
3270	Great opportunity for Bedford	Would you support a potential park and resort coming to this site? Please explain why	
946	100 percent yes, for many reasons , like It is an excellent opportunity for bedford to grow as a town and bring more tourists in.	Would you support a potential park and resort coming to this site? Please explain why	
2299	A big opportunity for the UK. To have a universal studios within the UK will allow people who may not necessarily be able to travel to other universal destinations around the world such as Orlando. Allowing more more people to experience what universal has to offer. Job opportunities throughout the process, good for the local and UK economy. A renowned product such as this, is missing currently in the UK and I think this is something which is going to benefit the UK and Europe immensely.	Would you support a potential park and resort coming to this site? Please explain why	
180	A great opportunity for all in Bedford- it is a very exciting opportunity	Would you support a potential park and resort coming to this site? Please explain why	
4076	A great opportunity to the area!	Would you support a potential park and resort coming to this site? Please explain why	
3184	A new theme park in the UK which is renown worldwide would be a good hit and a good opportunity for people who cannot travel to other continents to visit theme parks as good as Universal.	Would you support a potential park and resort coming to this site? Please explain why	
3033	A park of this size and magnitude would create significant economic benefit to the entire area around Bedford. It is a fantastic location and a great opportunity that will hopefully come to fruition.	Would you support a potential park and resort coming to this site? Please explain why	
611	Absolutely love the idea. Me and my wife visited Universal Orlando and loved the whole experiances. To have it on my doorstep would be absolutely amazing. I'm a massive fan of the park and the horror nights. We loved the city walk as well and the Orlando volcano bay water park. We stayed at Cabana bay and loved the site and onside facilities. This is such a brilliant opportunity for Bedford. The town needs something like this to be built.	Would you support a potential park and resort coming to this site? Please explain why	
4726	Absolutely perfect opportunity to see Bedford to grow, amazing job opportunities and development for the local area.	Would you support a potential park and resort coming to this site? Please explain why	

3489	Absolutely, this is something that the UK public would 100% back with all the positive outcomes you have stated. There are many UK people that visit Universal's theme parks especially in the USA. Usually people from the UK who visit the Universal theme parks in America tend to be hooked and have the bug to go again and again. With UK people that haven't visited the Universal Theme parks in America this gives them the opportunity to see the high standards and brilliant entertainment that they offer and will encourage them even more to visit America. The UK people don't feel that the other theme parks in the UK don't live up to the standards that Universal produce and are usually left disappointed or feel robbed. With the high standards and immersive experiences, this will open the minds of the younger audience and encourage them to be involved in an industry that they wouldn't of thought of before and bring new and fresh ideas to the Universal theme park industry.	Would you support a potential park and resort coming to this site? Please explain why	
884	After the vegas dome proposal got rejected in East London, this would be a great opportunity to rebound from that. We haven't had anything exciting in the UK in SO long. Having been to the universals in the US, I think this would mean a lot and help the public feel excited again. The dome was a flop, HS2 was a flop, so this would be great!	Would you support a potential park and resort coming to this site? Please explain why	
1785	Amazing opportunity for people in local area to get involved. Local businesses involved in construction. Improving the area rather than building commercial areas on The land. Bringing tourists to Bedford and tourists from abroad.	Would you support a potential park and resort coming to this site? Please explain why	
2959	Amazing opportunity for the area both economically and socially.	Would you support a potential park and resort coming to this site? Please explain why	
3650	Amazing opportunity for the area.	Would you support a potential park and resort coming to this site? Please explain why	
233	Amazing opportunity to bring in tourists and financial benefit to the area and to the uk. As a regularly traveller to the us for universal I would love to see this arrive. Also a senior project manager I would be interested in work.	Would you support a potential park and resort coming to this site? Please explain why	
3568	An amazing opportunity for the UK to have a world class state of the art theme part destination	Would you support a potential park and resort coming to this site? Please explain why	
4288	An incredible opportunity to bring work to the community. A great location. I strongly support.	Would you support a potential park and resort coming to this site? Please explain why	
1360	As a performer who's worked for Merlin entertainments I would love to have the opportunity to work at a universal park.	Would you support a potential park and resort coming to this site? Please explain why	
416	As a teacher I can see the potential future a place like this could offer my students. It gives them hope and something to aim for. For them and their families having a higher opportunity to have work is only a good thing.	Would you support a potential park and resort coming to this site? Please explain why	
3242	As above, great opportunity for the local area - which is well position for transport both within and outside the UK	Would you support a potential park and resort coming to this site? Please explain why	
3697	As I believe the economic opportunity is hugely valuable and know many families that would be keen to have a park of Universal's calibre nearby	Would you support a potential park and resort coming to this site? Please explain why	
2575	As it's a real boost for the area. Locals would be happy to have an opportunity to get a work so close	Would you support a potential park and resort coming to this site? Please explain why	
1025	As long as it supported local businesses and Bedford High Street I think it would be a fantastic opportunity	Would you support a potential park and resort coming to this site? Please explain why	
1882	As someone who has visited Universal Orlando several times and seen the high level of care and attention Universal take to,not just the customer experience, but also the wider community, I think this is a great opportunity for the UK to have a resort of this scale.	Would you support a potential park and resort coming to this site? Please explain why	

3384	As someone who lived only a couple of miles from the site and who has a young family with children who are growing up in Bedford, I feel excited by this project. Although I feel nervous about how such a massive infrastructure change will impact on my village and the accessibility to it. It would be remiss of me not to see the opportunity and improvements this can and will bring to my children's futures. Investing in where I live feels like an exciting privilege and I would welcome Universals development and interest wholeheartedly.	Would you support a potential park and resort coming to this site? Please explain why	
4709	Aside from the previous comments, I would add that the addition of the resort to the area would future proof the local economy for at least 50 years, a once in a lifetime opportunity for Bedford	Would you support a potential park and resort coming to this site? Please explain why	
2871	Assuming the infrastructure developments improve the surrounding areas and substantial decarbonisation efforts are made, this area would benefit from this sort of economic injection. There are a lot of risks associated with this kind of project and the long-term effects will be enormous (I have family near Orlando!) - at this stage I don't feel that there has been a thorough enough evaluation of the long-term impacts on the wider region. This is especially true taking into account the planned Oxford-Cambridge Arc. Despite my many reservations, there is opportunity for a lot of good to come of this. I support in principle.	Would you support a potential park and resort coming to this site? Please explain why	
2804	Believe this is a Golden opportunity for the UK and Bedford and have seen your parks around the world and how whole area benefits from this. It's a no brainer for me	Would you support a potential park and resort coming to this site? Please explain why	
2168	Big in the uk theme park industry and having one in the uk means they don't have to go all the way to America which could get expensive so having one on there door step is a big opportunity.	Would you support a potential park and resort coming to this site? Please explain why	
2321	Brilliant opportunity for the local area and the UK as a whole!	Would you support a potential park and resort coming to this site? Please explain why	
2163	Britain LOVES Universal and I think there is a beautiful opportunity here for something special, the likes of which this country has not seen before. The infrastructure and environmental plans have clearly been made with a lot of heart and imagination, putting the local area and residents at the centre of attention. This is really refreshing to see. That's why I want this project to proceed. Britain needs something fresh, exciting and immersive. This is something Universal can provide with pride, we see it across the world and we need that Universal magic here. As someone who may never get to travel to your other resorts, I would really love the chance to experience the incredible worlds and experiences you create. Investing in Britain would be beneficial to both the country and to Universal, we believe in you and we hope you decide to call Bedford your new home soon.	Would you support a potential park and resort coming to this site? Please explain why	
3953	Due to the economic benefits, job opportunities and social benefits. Also because you're a world class brand and I hope I can trust your organisation to do things well and consider the environmental impact well. It's a huge transformative opportunity for Bedford.	Would you support a potential park and resort coming to this site? Please explain why	
903	Excellent opportunity for a world class attraction in the local area. Will bring local investment and infrastructure developments	Would you support a potential park and resort coming to this site? Please explain why	
462	Excellent opportunity for the local area and to grow out economy	Would you support a potential park and resort coming to this site? Please explain why	
4766	Excellent use of the available land and giving the UK the opportunity to be on the global map of world leading theme parks.	Would you support a potential park and resort coming to this site? Please explain why	
3702	Exciting opportunity for the local communities and massive economic benefit.	Would you support a potential park and resort coming to this site? Please explain why	
1542	Exciting opportunity for the whole of the UK. Many families can't afford to fly to Orlando but could use public transport to get to the proposed site.	Would you support a potential park and resort coming to this site? Please explain why	

618	Exciting opportunity, puts the area on the map.	Would you support a potential park and resort coming to this site? Please explain why
902	Fantastic once in a lifetime opportunity. Bedford missed out on being an international airport in the 1960s and with that many missed opportunities that you could provide.	Would you support a potential park and resort coming to this site? Please explain why
244	Fantastic opportunity and growth for the area of planned properly	Would you support a potential park and resort coming to this site? Please explain why
2296	Fantastic opportunity for Bedford and the UK as a whole. Exactly the sort of opportunity a brownfield site should be used for to create growth and opportunities for local people. I appreciate the specific focus on landscaping the land sympathetically around the natural ecology and habitat.	Would you support a potential park and resort coming to this site? Please explain why
1130	Fantastic opportunity for Bedford and UK	Would you support a potential park and resort coming to this site? Please explain why
4723	Fantastic opportunity for everyone involved. So much more to benefit the local and the wider community than just a theme park (and one of the best IMO!) I've always preferred movies over mice!	Would you support a potential park and resort coming to this site? Please explain why
3715	Fantastic opportunity for the local area	Would you support a potential park and resort coming to this site? Please explain why
1742	Fantastic opportunity for the UK and the theme park industry	Would you support a potential park and resort coming to this site? Please explain why
2787	Fantastic opportunity to bring some buzz back to the area. Bedford and the surrounding towns have been so overlooked and underated for decades now. Considering the natural beauty of the area and also the areas links to major cities such as London. I've seen this year what Luton Town Football Clubs promotion to the Premier League has done for local morale. Bringing a world renowned theme park to the area, that would really put Bedford on the map. And the people of Bedford and the surrounding towns will not let you down.	Would you support a potential park and resort coming to this site? Please explain why
342	Fantastic opportunity to create a new energy and identity in the local community. Such a great location and within easy reach of so much of the UK population	Would you support a potential park and resort coming to this site? Please explain why
1407	Fantastic opportunity to revitalise Bedford and elevate what is already a great town.	Would you support a potential park and resort coming to this site? Please explain why
4419	Firstly, I am a huge fan of theme parks and would love to see an immersive themed experience come to the UK like this. Secondly, it has always been a dream of mine to work in the theme park industry and this park would provide a great opportunity for me to work in the park or as an engineer creating the park.	Would you support a potential park and resort coming to this site? Please explain why
433	For all the reasons you mention above. Bedford is a fabulous and diverse community and this would be an amazing opportunity for the town. I see no down sides just many positives!	Would you support a potential park and resort coming to this site? Please explain why
4332	For the reasons outlined above, for growth of the local and wider economy. Bedford is a fantastic town and is already on the map for many great things, however this addition of a Universal theme park would be the most amazing thing to ever happen in our town. Bedford has a history to be proud of and a community that deserves this opportunity to enjoy this theme park not just for pleasure but for job opportunities too.	Would you support a potential park and resort coming to this site? Please explain why
2778	For the reasons you mention. The wider investment in the area, the job creation and providing greater opportunity and perhaps hope for local people.	Would you support a potential park and resort coming to this site? Please explain why
4887	Frequent visitors to Orlando park so we have seen first hand the impact in everything mentioned above. A fantastic opportunity for Bedford	Would you support a potential park and resort coming to this site? Please explain why
2688	Gd opportunity to the area	Would you support a potential park and resort coming to this site? Please explain why

1843	Generally I think it's an exciting opportunity for the area. There will be some inevitable push back but the benefits this could bring are significant. The brickworks was an iconic feature on the horizon until the chimneys came down, it will be interesting to see how this heritage is included within plans.	Would you support a potential park and resort coming to this site? Please explain why	
3202	Good opportunity for the area. Personally could be a good opportunity for me to change careers	Would you support a potential park and resort coming to this site? Please explain why	
3186	Great and much needed opportunity for the area.	Would you support a potential park and resort coming to this site? Please explain why	
3171	Great opportunity for Bedfordshire and Uk	Would you support a potential park and resort coming to this site? Please explain why	
387	and it would not do good for your company to be seen supporting the most prominent figure of only one side of this debate. I kindly ask you to do your due diligence and support local LGBTQ+ charities to offset this indirect support to JK Rowling's views and campaigning in the same way you are taking care to offset any environmental impact caused by your new park. As well as myself	Would you support a potential park and resort coming to this site? Please explain why	
2396	95% all good reasons. It should be a great thing. Slight worries about roads etc.	Would you support a potential park and resort coming to this site? Please explain why	
1263	A good use of a difficult site of limited value, with many economic benefits.	Would you support a potential park and resort coming to this site? Please explain why	
3567	A like universal parks and believe it will provide good opportunities for people and accelerate infrastructure like new stations on the east west railway. Further improvements to the paths and park lands and hopefully bring the investment needed for the MK to Bedford wayway and parkland	Would you support a potential park and resort coming to this site? Please explain why	
1311	A lot of disabled people cannot travel out of the UK and I've always wanted to visit universal because the current uk theme parks are not as good.	Would you support a potential park and resort coming to this site? Please explain why	
726	A new park would provide more potential outings to local cities and towns such as Milton Keynes. There are no theme parks accessible nearby that adults can use without a child present. There is also little outside outings available in Milton Keynes which means a theme park provides somewhere to enjoy during good weather that isn't the zoo. The development of a park could also encourage businesses to invest in improving their services to appeal to tourists.	Would you support a potential park and resort coming to this site? Please explain why	
2157	A world class theme park would attract lots of tourists which would be good for the economy. Personally I think England needs a really good themepark that is accessible (i.e. good transport links).	Would you support a potential park and resort coming to this site? Please explain why	
2087	Absolutely buzzing at the thought of a good rival to Merlin, competition ups everyone's game	Would you support a potential park and resort coming to this site? Please explain why	
4572	As above would bring great opportunities to the area. Would be good for the younger generation.	Would you support a potential park and resort coming to this site? Please explain why	
2935	As I think it would be good for the area	Would you support a potential park and resort coming to this site? Please explain why	
2358	As long as local infrastructure and facilities are improved, it will be good for the community and area as a whole and will bring a lot of opportunities for people and businesses.	Would you support a potential park and resort coming to this site? Please explain why	
1292	At present, the U.K. simply does not have the scale of theme parks across the world. Merlin attractions owns the lions share of theme parks here and is struggling to give a good experience through lack of capital therefore lack of staff and slow development of new rides etc. Universal has that passion that Merlin lacks and I am completely convinced that whatever they create will blow everything else out of the water! It will be the premier attraction of the whole of the U.K.	Would you support a potential park and resort coming to this site? Please explain why	
3037	Be a good boost for the UK as affordability to go abroad to you other sites when we can stay home and travel	Would you support a potential park and resort coming to this site? Please explain why	

4248	Be good for the area. Good for job opportunities	Would you support a potential park and resort coming to this site? Please explain why	
3877	Because it would be good for the uk As we doesn't have anything like this And cannot always afford to go abroad	Would you support a potential park and resort coming to this site? Please explain why	
1688	Brilliant for the area and region. Will attract many UK and overseas visitors! Good for the economy. BUILD IT AND THEY WILL COME!	Would you support a potential park and resort coming to this site? Please explain why	
532	Britain should definitely be home to universal park. Bedford seems a good choice logistically with close proximity to London and good links to the rest of the country.	Would you support a potential park and resort coming to this site? Please explain why	
557	Building a universal theme park in Bedford would be advantageous in enticing tourists already drawn to the UK's attractions like London and Cambridge, enhancing their itinerary with a unique entertainment experience. Good travel links to these area's are crucial.	Would you support a potential park and resort coming to this site? Please explain why	
1412	Firstly, I'm a huge fan on the universal theme parks. I have been to the LA and Orlando ones multiple times. Moreover, I believe it will be so good for the economy and for the people working in the area. Absolutely go ahead with it!!!	Would you support a potential park and resort coming to this site? Please explain why	
4126	Good all around for the local area	Would you support a potential park and resort coming to this site? Please explain why	
3050	Good for area	Would you support a potential park and resort coming to this site? Please explain why	
335	good for the area	Would you support a potential park and resort coming to this site? Please explain why	
1287	Good for the area	Would you support a potential park and resort coming to this site? Please explain why	
2710	Good for the area	Would you support a potential park and resort coming to this site? Please explain why	
2833	Good for the area	Would you support a potential park and resort coming to this site? Please explain why	
4686	Good for the area	Would you support a potential park and resort coming to this site? Please explain why	
3813	For any investment in the uk economy is truly a great thing and having such a well established global company such as universal can only be a good thing. I would say that when thinking about universal studios we all think of Florida and the UK is a very different 'machine' when it comes to pleasing the population. However, something as big as universal studios has never really happened here before and it would be a great way to get already existing theme parks to invest in their parks providing greater choice and a better experience for all who visit	Would you support a potential park and resort coming to this site? Please explain why	
4421	Good for the area and nice to have an attraction near to us. Would also create job opportunities.	Would you support a potential park and resort coming to this site? Please explain why	
3740	Good for the area and the UK	Would you support a potential park and resort coming to this site? Please explain why	
3970	Good for the area for sure	Would you support a potential park and resort coming to this site? Please explain why	
3933	Good for the area, good for the economy and good for local residents. It may enhance our travel links like rail and make more transport sustainable.	Would you support a potential park and resort coming to this site? Please explain why	
474	Good for local economy	Would you support a potential park and resort coming to this site? Please explain why	
2876	Good for local economy	Would you support a potential park and resort coming to this site? Please explain why	
3422	Good for other businesses	Would you support a potential park and resort coming to this site? Please explain why	
4200	Good for economy.	Would you support a potential park and resort coming to this site? Please explain why	

367	Good for economic growth and infrastructure in the area	Would you support a potential park and resort coming to this site? Please explain why	
318	Good for developing youth	Would you support a potential park and resort coming to this site? Please explain why	
1563	Good for arsenal	Would you support a potential park and resort coming to this site? Please explain why	
2122	Good for the local economy and uk in general	Would you support a potential park and resort coming to this site? Please explain why	
3416	Good for the local economy and would result in an increase in infrastructure particularly public transport which is not great (bus service, dedicated cycle lanes etc)	Would you support a potential park and resort coming to this site? Please explain why	
3458	Good for the local economy especially non universal hotels and bars restaurants and good for the uk to have something that costs thousands to go abroad to visit	Would you support a potential park and resort coming to this site? Please explain why	
4295	Good for the local economy, positive impact on property prices.	Would you support a potential park and resort coming to this site? Please explain why	
690	Good for the economy and if it's good for the environment and our own entertainment then why not	Would you support a potential park and resort coming to this site? Please explain why	
2816	Good for the local area, but as long as the noise/traffic does not impact the people living very nearby as some of the villages are quiet and not made for mass volumes of people	Would you support a potential park and resort coming to this site? Please explain why	
812	Good opportunities and exciting to be close to visit	Would you support a potential park and resort coming to this site? Please explain why	
1297	Good opportunities for locals and bring many people world wide to the U.K. it would also be great to have a world class theme park and the the universal brand within driving distance from me.	Would you support a potential park and resort coming to this site? Please explain why	
3838	Good opportunities for work excellent facilities and opportunities for my children	Would you support a potential park and resort coming to this site? Please explain why	
2594	Great for the local economy, fantastic for job opportunities, a great day out and a good use of the brickworks land	Would you support a potential park and resort coming to this site? Please explain why	
3675	Great for the local and national economy. Good job prospects and regeneration of the area	Would you support a potential park and resort coming to this site? Please explain why	
3208	Good net benefit to local area	Would you support a potential park and resort coming to this site? Please explain why	
4521	Good investment into the local economy and somewhere new locally to visit. Planned well it could offer environmental benefits.	Would you support a potential park and resort coming to this site? Please explain why	
4721	Good for the community and I'd like the park.	Would you support a potential park and resort coming to this site? Please explain why	
3402	Good for the community and local business if planned correctly and proper new infrastructure is put in place. Maybe offer discounts for local Bedfordshire residents.	Would you support a potential park and resort coming to this site? Please explain why	
3626	All of the reasons mentioned above - job creation, infrastructure improvements, financial boost to local economy etc	Would you support a potential park and resort coming to this site? Please explain why	
3019	All of the reasons you shared above. Bedford already is a very vibrant and cultural town. So many famous faces, actors, musicians and artists have come from the town. Every 2 years there's two-day a 'River Festival' which brings around 250,000 people to the town, we have three theatres, music venues, a yearly Bedford Theatre Fringe Festival (like the Edinburgh Fringe). What a great place this would be to open up a theme park, from both perspectives.	Would you support a potential park and resort coming to this site? Please explain why	
4209	All reasons cited above. The area has had much residential development lately but not much else. Bedford has been developing in recent years and has lots of independent business but could use some investment.	Would you support a potential park and resort coming to this site? Please explain why	
3233	All the reasons you outline to benefit the local and national economy together with providing world renowned leisure facilities is fantastic	Would you support a potential park and resort coming to this site? Please explain why	

3520	Because of the reasons stated in your question- Bedford needs investment and something to bring visitors to the area	Would you support a potential park and resort coming to this site? Please explain why	
2708	Exactly the same reasons you mentioned the economic impact it will have on Bedford and it is likely to generate additional investment from others wanting to join the expansion of our community	Would you support a potential park and resort coming to this site? Please explain why	
3566	For all of the obvious reasons, economic benefits and all the advantages that entails, additionally my family and I have visited Universal, Florida on a number of occasions and we always think of it as a "Happy Place" it is rare when you are in the parks that you see anything except joy and laughter, why wouldn't we want that on our doorstep.	Would you support a potential park and resort coming to this site? Please explain why	
4016	For all of the reasons above and Bedford needs some more exciting things to do! Great for the economy too and will put Bedford on the map!	Would you support a potential park and resort coming to this site? Please explain why	
1888	For all of the reasons you have stated and put Bedford on the map. Many areas in the UK don't know where it is.	Would you support a potential park and resort coming to this site? Please explain why	
4958	For all of the reasons you've listed above. It's a no brainer!	Would you support a potential park and resort coming to this site? Please explain why	
3097	For all reasons you have stated above and it would be great to have a major park close to my neighbourhood	Would you support a potential park and resort coming to this site? Please explain why	
2990	For all the reasons above, but also the UK is an excellent country for a park like this and an area not too far from London is an obvious choice. I am only concerned that there may not be enough available space for future development of similar parks in the area - creating a UK Orlando.	Would you support a potential park and resort coming to this site? Please explain why	
2859	For all the reasons in Q8. It would encourage people to visit the historic county town of Bedford and boost the local hotel/b&b businesses.	Would you support a potential park and resort coming to this site? Please explain why	
4668	For all the reasons mentioned above	Would you support a potential park and resort coming to this site? Please explain why	
506	For all the reasons stated above plus enhancing cultural and heritage facilities already in Beds.	Would you support a potential park and resort coming to this site? Please explain why	
4139	For all the reasons that you have mentioned above	Would you support a potential park and resort coming to this site? Please explain why	
4085	For all the reasons you already stated.	Would you support a potential park and resort coming to this site? Please explain why	
2806	For all the reasons you mention above. Bedford is a beautiful town but like most towns has suffered with the Internet. It would be wonderful to see the town prosper again and I feel this could help do that by bringing some of the bigger shops etc back to the town.	Would you support a potential park and resort coming to this site? Please explain why	
3088	For all the reasons you've listed above	Would you support a potential park and resort coming to this site? Please explain why	
4017	For reasons in preamble	Would you support a potential park and resort coming to this site? Please explain why	
3502	For the reasons above that it will bring so much footfall to the heart of England and create another pocket from Central London where people can explore more. Infrastructure will need to improve for transport links to/from major cities and airports for the international IP that will drive guests but it will be so beneficial for our country. Given the amount of Universal Resorts across the globe this will put the UK on the Theme Park map more. Other resorts and Parks in and around the UK will also benefit from this.	Would you support a potential park and resort coming to this site? Please explain why	
296	For the reasons already given but to confirm primarily for the economic benefits.	Would you support a potential park and resort coming to this site? Please explain why	
3294	For the reasons given above	Would you support a potential park and resort coming to this site? Please explain why	
3001	For the reasons given above in your text Great position in the UK A great proposal done the right way engaging and enhancing the community	Would you support a potential park and resort coming to this site? Please explain why	

3228	For the reasons stated. It is also is on a largely unused area which wouldn't benefit from yet more hideously planned housing estates, no infrastructure, and - for some bizarre reason - surrounded by warehousing.	Would you support a potential park and resort coming to this site? Please explain why	
2867	For the reasons you give above!	Would you support a potential park and resort coming to this site? Please explain why	
3570	For the reasons you have given. Plus, on a personal note my wife and I would love to work for universal at the park once it becomes operational.	Would you support a potential park and resort coming to this site? Please explain why	
3834	for the reasons you have identified.	Would you support a potential park and resort coming to this site? Please explain why	
4505	For the reasons you have mentioned although I'm concerned about my house price. Also I would hope that there would be benefits for houses like mine which overlook the resort and theme park area directly .	Would you support a potential park and resort coming to this site? Please explain why	
4825	For the reasons you outline above. It would give the local area a boost	Would you support a potential park and resort coming to this site? Please explain why	
2764	For the reasons you've explained, the economic benefits to the local area. Plus - we'd love Disney!!!	Would you support a potential park and resort coming to this site? Please explain why	
3469	For the reasons/ explanations you've set out above.	Would you support a potential park and resort coming to this site? Please explain why	
3774	great for all reasons. Commerically, locally and for the brand.	Would you support a potential park and resort coming to this site? Please explain why	
1208	A central location, easy to get to and the benefits to the local area will be enormous. It will be unique to any other theme park in the UK.	Would you support a potential park and resort coming to this site? Please explain why	
4255	A significant step up for the UK being an international tourist destination. Theme parks come with incredible R & D in technology, engineering and environmental solutions. I can only see benefits!	Would you support a potential park and resort coming to this site? Please explain why	
1967	A universal park is exactly what the uk needs and had been lacking for so long. The benefits this will bring to the local community is amazing. For thrill seekers like myself this is the best news we have ever had.	Would you support a potential park and resort coming to this site? Please explain why	
2002	A universal park would be fantastic and provide huge benefits for the uk. We would have a world class resort to visit on our doorstep and would encourage other parks in the country to step up their game.	Would you support a potential park and resort coming to this site? Please explain why	
2169	All of the benefits as mentioned, the site is an excellent choice.	Would you support a potential park and resort coming to this site? Please explain why	
4639	All of the benefits it provides for the local area	Would you support a potential park and resort coming to this site? Please explain why	
3267	All the benefits described using a brownfield site. Logistically it is an ideal location and benefits bedford	Would you support a potential park and resort coming to this site? Please explain why	
1648	Along with the clear social and economic benefits involved, as the site is not classed a green belt land I feel that it is a great use of it, as someone that has visited other Universal theme park sites, I can clearly see the positive effect it could have on the area and the UK as a whole, with the site being relatively central in the country and a majority of the population within 2-3 hours away by road and potentially less by rail, the resort has the potential to be very lucrative.	Would you support a potential park and resort coming to this site? Please explain why	
2093	Any benefits for the local area and the UK far outweigh any negatives.	Would you support a potential park and resort coming to this site? Please explain why	
4341	As I've indicated above, I believe there will be major economic, educational and environmental benefits to the local area. From a purely selfish point of view, there will also be major benefits to my own business at Upper Wood End Farm.	Would you support a potential park and resort coming to this site? Please explain why	
4716	As outlined in 8 above plus the economic benefits nationally	Would you support a potential park and resort coming to this site? Please explain why	

1534	As someone who is very deep into the theme park industry as a whole, the UK really need a premier attraction. Yes we may have Alton Towers and Thorpe Park, but not many people outside the theme park circle and world know about it. Also given that Disney have their own location, not too far away in Paris, Universal touching down in the UK makes complete sense as it will draw the european stage into the UK. There are far too many industry benefits to not build a destination park in the UK, it would improve the nations theme park landscape as well, sparking local competition and bring more awesome rides and attraction to the UK. No one is better for this than Universal, thanks to their absolutely top dog approach when it comes to anything theme parks. The budget and scale of this project is exactly what we all want here in the UK!	Would you support a potential park and resort coming to this site? Please explain why
4367	As you say it could offer many benefits and boost the local and overall economy.	Would you support a potential park and resort coming to this site? Please explain why
4829	As you say it would bring massive benefits to the local area and also give people a new destination to go to with a big name attached and recognised trademarks. I loved my trips to America as a child to the theme parks so to do this locally would be great.	Would you support a potential park and resort coming to this site? Please explain why
3444	Aside from all the economic benefits and infrastructure improvements that a project like this could bring to the area of Bedford, the most exciting part is that a new theme park could be arriving in the UK. The Universal parks look to be on another level in terms of quality, theming and service and it would be amazing to have something with such high standards joining the ranks amongst the other theme parks we have here. Traveling to the US is an expensive trip and is not something all can afford so the potential to experience the thrills of a Universal resort right here on my doorstep is exhilarating to say the least and I am sure many in the UK feel the same way!	Would you support a potential park and resort coming to this site? Please explain why
4814	Aside from having my favourite theme park within half an hour of my house, this would provide enormous economic and social benefits to the whole country. With the prestige of a brand like Universal, the happiness it would bring, and incentive to come to the local area, it would amazing news and I couldn't support this idea more. With east west rail coming in, you'll have an excellent transport network to get guests into the park as well.	Would you support a potential park and resort coming to this site? Please explain why
1990	Because it's a UNIVERSAL PARK?! Seriously though, to have a theme park on this scale, with the amount of theming and thought that universal put into their parks. It opens a door for it to rule the UK's theme park scene, and like mentioned, the economical and social benefits from this project can not be questioned! Being an avid theme park fan, but being restricted to the UK, not being able to get to big parks like Disney, Universal, and seeing so many people showcasing the awesome rides and theming, it makes me jealous I'll be honest! So having one built in the UK would make me giddy with excitement, i cannot wait to see the progression of this project.	Would you support a potential park and resort coming to this site? Please explain why
3319	Because of the benefits to local economy and infrastructure improvements	Would you support a potential park and resort coming to this site? Please explain why
184	Because of the economic benefits to the area including facilitating improved infrastructure such as the East Wast rail link and the Bedford Milton Keynes Canal proposal. All 3 proposals should compliment each other.	Would you support a potential park and resort coming to this site? Please explain why
400	Because of the economic, social and structural benefits it would bring to Bedford.	Would you support a potential park and resort coming to this site? Please explain why
3488	Because of the very many benefits that you have outlined for the local area and population	Would you support a potential park and resort coming to this site? Please explain why

4700	Because the benefits to the local economy.	Would you support a potential park and resort coming to this site? Please explain why	
3170	Benefits (economic and environmental) outweigh the downsides of traffic	Would you support a potential park and resort coming to this site? Please explain why	
2440	Benefits for the local area and the country in general	Would you support a potential park and resort coming to this site? Please explain why	
4617	Benefits for the local community	Would you support a potential park and resort coming to this site? Please explain why	
1849	Benefits outweigh potential drawbacks. Eg there will likely be some environmental impacts versus not building the theme park but if managed well this is an acceptable impact versus benefit	Would you support a potential park and resort coming to this site? Please explain why	
814	Benefits to all from its development	Would you support a potential park and resort coming to this site? Please explain why	
2529	Benefits to local economy	Would you support a potential park and resort coming to this site? Please explain why	
2881	Benefits to the economy	Would you support a potential park and resort coming to this site? Please explain why	
3377	Benefits to the local and national economy.	Would you support a potential park and resort coming to this site? Please explain why	
1267	Benefits to the local area, and I love universal and would welcome then to the local area	Would you support a potential park and resort coming to this site? Please explain why	
2175	Benefits to the the area are obvious Also this part of uk needs something of this scale, as it's perfect place to do it	Would you support a potential park and resort coming to this site? Please explain why	
1194	Depends on how environmentally minded the construction and running of the site will be, and what benefits the local community will see.	Would you support a potential park and resort coming to this site? Please explain why	
2897	Due to the long term economical benefits to the local area and wider country. Puts the area as a must visit location	Would you support a potential park and resort coming to this site? Please explain why	
3430	For the economic and social benefits, but also to have a world class attraction less than 30 minutes away. It's the perfect location for this time of theme park.	Would you support a potential park and resort coming to this site? Please explain why	
4398	For the economic benefits it could bring to the region, and the potential improvements to the surrounding wildlife areas. I especially also like that the current proposal heavily involves using rail travel as the major mode of transport to/from the site, with the addition of the new rail stations, and my support would be dependent on this continuing to be part of the scheme.	Would you support a potential park and resort coming to this site? Please explain why	
2024	For the improvements in local infrastructure it will bring along with the economic benefits	Would you support a potential park and resort coming to this site? Please explain why	
2906	For the local economic benefits and regeneration of the Bedford Urban district	Would you support a potential park and resort coming to this site? Please explain why	
2213	For the obvious economical and infrastructural benefits but also the inspiration it will give the UK people as many think nothing like this would ever come to the UK.	Would you support a potential park and resort coming to this site? Please explain why	
4296	For the opportunities it presents for work. For the investment it will bring to the surrounding area. For the infrastructure improvements. It would help make the area a uk destination which would be amazing for the County with all the benefits that would bring.	Would you support a potential park and resort coming to this site? Please explain why	
732	For the social and economic benefits to my town	Would you support a potential park and resort coming to this site? Please explain why	
536	Great for the whole of UK, economic benefits mainly. Great initiative we should embrace δΥ€	Would you support a potential park and resort coming to this site? Please explain why	
4101	Great kudos and string of benefits attached. Visited Universal Studios in Orlando and know it's impact on the local community	Would you support a potential park and resort coming to this site? Please explain why	

741	The economic and social benefits notwithstanding, I believe correct integration into Bedford borough and significant investment and connection to the town of Bedford would transform the entire area, pulling talent from London and lifting up Bedford as an integral part of the OxCam arc; the arc could become a desirable tech-heavy and skills-oriented location for R&D in the UK. Additionally, my support for this project also has a personal slant: my grandparents lived in Miami and we had a timeshare in Orlando. I visited Universal Studios (and Disney World, I'm sorry!) almost every year of my life and it fills my heart with joy at the thought of that gift being made available to my children right on our doorstep.	Would you support a potential park and resort coming to this site? Please explain why.	
1838	A great destination for people who live in the UK and outside of the UK to get away from everyday life without having to travel far. A great themed experience is needed in the UK.	Would you support a potential park and resort coming to this site? Please explain why	
1240	A theme park of this magnitude is so exciting and is what the UK needs. It would be somewhere I would go Multiple times a year and share the experience with friends and family. The location is great for many areas of the UK to get to easily and relatively quickly.	Would you support a potential park and resort coming to this site? Please explain why	
3875	Although we are not from the immediate area as a UK resident within an hours drive it would be great for the area and country to have such a resort and help future developments across the UK.	Would you support a potential park and resort coming to this site? Please explain why	
4575	Amazing introduction to the area and great use of the space	Would you support a potential park and resort coming to this site? Please explain why	
1125	As a local resident I think it would be a great asset to the local area.	Would you support a potential park and resort coming to this site? Please explain why	
3495	As a previous resident of Bedford I think the town has untapped potential with its proximity to London and great transport links that Universal would help realise. Looking at the site and the investment into rail infrastructure I don't think you will find a location better suited for a 21st century park with sustainability in mind	Would you support a potential park and resort coming to this site? Please explain why	
1724	It's on the doorstep of Milton Keynes, UK's fastest growing city. MK is such an exciting place to live and just 15 min drive away from your new potential park which makes even more special. Ensure you are fully engaged with MK growth so there is a joined up plan.	Would you support a potential park and resort coming to this site? Please explain why	
3308	Like many UK towns and cities Bedford town centre has become empty and a little devoid of soul. With a project of this scale in place I hope and believe that the knock on effect would be to reinvigorate the towns centre , making it more appealing with a range of individual and bigger brand shops.	Would you support a potential park and resort coming to this site? Please explain why	
284	More benefits like those described for the people of Bedford and its surrounding areas, as well as helping Bedford become more of a landmark in the UK.	Would you support a potential park and resort coming to this site? Please explain why	
4134	The benefits to the local area would be phenomenal. All Universal parks around the world are fantastic and I know this would be replicated in the UK.	Would you support a potential park and resort coming to this site? Please explain why	
2621	The creation of a park in Bedford would not only help the local economy but it would support the wider economic development of the UK. Opportunities like this allowing every resident regardless of generation and should be taken at every opportunity. The project allows for in direct links to develop infrastructure that would bebenefit all those within Bedford.	Would you support a potential park and resort coming to this site? Please explain why	
3828	Great for our area	Would you support a potential park and resort coming to this site? Please explain why	
331	Great for the area	Would you support a potential park and resort coming to this site? Please explain why	
2338	Great for the area	Would you support a potential park and resort coming to this site? Please explain why	

3642	Great for the area	Would you support a potential park and resort coming to this site? Please explain why	
2771	Great for the area and I've enjoyed visiting your other theme parks.	Would you support a potential park and resort coming to this site? Please explain why	
2912	Great for the area my only concern is living close by how it will impact us with the amount of people coming into the area and the noise of the theme park.	Would you support a potential park and resort coming to this site? Please explain why	
4124	Great for the area. I have children and grandchildren who would use the park or benefit from job opportunities	Would you support a potential park and resort coming to this site? Please explain why	
678	Great for local community	Would you support a potential park and resort coming to this site? Please explain why	
3112	Great for local community and would make bedford a more attractive place to visit and rival other local towns and cities. The area has untapped potential	Would you support a potential park and resort coming to this site? Please explain why	
1113	Great for Bedford and surrounding areas, let's finally put the beautiful brick works that is steeped in history back on the map .	Would you support a potential park and resort coming to this site? Please explain why	
1091	Great for Bedford. It will put Bedford on the world map. The infrastructure to develop is already there. Flat land to build on. Bedford is located on a train line of 2 major airports (Gatwick and Luton). It's the perfect location for this wonderful theme park.	Would you support a potential park and resort coming to this site? Please explain why	
2565	The theme parks that we currently have in the UK are pretty rubbish. I love the immersive theming to Universal parks, and we really need one! And Bedford is a good place to have it as its central with good Infra structure. I'm not from Bedford but I think it's an excellent site.	Would you support a potential park and resort coming to this site? Please explain why	
1973	Great for economy and great for the UK!	Would you support a potential park and resort coming to this site? Please explain why	
3686	Great for economy, and would love to visit as a theme park fan! Would provide competition for Disneyland Paris and Alton Towers resort	Would you support a potential park and resort coming to this site? Please explain why	
3449	Great for future generations and to lift Bedford from a dying high street.	Would you support a potential park and resort coming to this site? Please explain why	
3962	Great for local development and something to do when I'm visiting my son. Bedford needs the investment	Would you support a potential park and resort coming to this site? Please explain why	
4689	Great for local economy	Would you support a potential park and resort coming to this site? Please explain why	
2724	Great for the Bedford economy and we hope it would benefit local businesses in particular, as well as making Bedford a destination. Some improvements to the high street area would hopefully come too.	Would you support a potential park and resort coming to this site? Please explain why	
4396	Great for the economy and for putting Bedford on the map! Fully supportive of the idea.	Would you support a potential park and resort coming to this site? Please explain why	
4674	Great for the economy of the area but would have to be supported by substantial infrastructure improvements	Would you support a potential park and resort coming to this site? Please explain why	
2678	Great for the economy, for investment in the area generally but also infrastructure and would be a great place to spend free time or to work at	Would you support a potential park and resort coming to this site? Please explain why	
246	Great for the community in terms of economic and social opportunities	Would you support a potential park and resort coming to this site? Please explain why	
2890	Great for the local community and national economy	Would you support a potential park and resort coming to this site? Please explain why	
2559	Great for the local community with the amount of job opportunities available. We love universal and have visited Orlando many times so are super excited for this!	Would you support a potential park and resort coming to this site? Please explain why	
3691	Great for the local economy and fantastic fun for our children	Would you support a potential park and resort coming to this site? Please explain why	
1384	Great for the local and wider national economies. Massive potential for international visitors	Would you support a potential park and resort coming to this site? Please explain why	
709	great for the local area. Would bring a lot of money and opportunities to the area	Would you support a potential park and resort coming to this site? Please explain why	

3297	Great for the local economy, great for the country as well. V excited for more opportunities	Would you support a potential park and resort coming to this site? Please explain why	
2129	Great for the local economy, great locations- really do feel you choose well. Great for everyone in the UK who visits your parks in the US, something that has become more cost prohibitive. It's a game changer for the UK and I really do hope you gain all the approvals needed to make this happen - 100% support your efforts here.	Would you support a potential park and resort coming to this site? Please explain why	
4272	Great for the local economy. Especially job opportunities	Would you support a potential park and resort coming to this site? Please explain why	
3282	Great for the social and economic future of Bedford.	Would you support a potential park and resort coming to this site? Please explain why	
898	Great for the UK economy and local area.	Would you support a potential park and resort coming to this site? Please explain why	
2282	Great for the UK economy. Never visited a Universal Resort due to fears of plane travel. To be able to visit 3/4 times a year would be great for the family.	Would you support a potential park and resort coming to this site? Please explain why	
3928	Great for the local young and upcoming personnel	Would you support a potential park and resort coming to this site? Please explain why	
1975	Great for the uk would visit a lot and boost the economy	Would you support a potential park and resort coming to this site? Please explain why	
223	As highlighted in the various documents and discussions, a universal theme park would only be a great thing for Bedford and the greater UK. The question is why wouldn't we want a universal park, and the answer to that question I do not have.	Would you support a potential park and resort coming to this site? Please explain why	
2447	As long as infrastructure is right, it would be of great benefit to the local and wider economy, and the UK public.	Would you support a potential park and resort coming to this site? Please explain why	
1156	as long as our council dont mess this up , it will be great for bedford and the wider area as befod up to now has been failing us	Would you support a potential park and resort coming to this site? Please explain why	
1828	As mentioned above I live 2 minutes away and would be great for us locally and the country	Would you support a potential park and resort coming to this site? Please explain why	
4308	As well as the economic boost, it would be great to see a large theme park resort in the UK to rival Merlin	Would you support a potential park and resort coming to this site? Please explain why	
3352	Based on everything that you have detailed above I think it would be a great attraction for people all over the UK and from overseas to come to the area and will increase the investment into Bedford/local areas.	Would you support a potential park and resort coming to this site? Please explain why	
1004	Be great for the entire UK and opens up a universal park that many people can not afford to visit overseas	Would you support a potential park and resort coming to this site? Please explain why	
4405	The Economic Impact for Bedford, Bedfordshire, South East Midlands and the wider UK would be huge. Putting us with great global centres such as LA, Orlando, Beijing, Osaka, Singapore. New job types, sectors, supply chain opportunities, infrastructure which would unlock other land parcels for new housing and commercial development. It could be transformative for the town centre with millions of visitors with disposable income coming to the area.	Would you support a potential park and resort coming to this site? Please explain why	
3911	The park and resort are a fantastic opportunity for the area and will definitely transform the local area in a positive way. The UK is lacking such a great pioneer project which would have significant internal and external demand once open. I agree it would kickstart a huge amount of secondary economy and bring both cultural and material wealth to the area.	Would you support a potential park and resort coming to this site? Please explain why	
1139	The potential social and economic opportunities for the local area would be transformative and the UK economy would benefit greatly. In addition, the child in me loves the idea of a new World class theme park on my doorstep ðŸ’ª-‘â™™€¡, □	Would you support a potential park and resort coming to this site? Please explain why	

1971	The socio economic benefits for the local area and the UK as a whole. This could attract a lot of visitors to the UK and could increase visitors to the many existing attractions already in the UK, which could tie in to the attractions at the park. This would boost the tourist industry and the UK GDP	Would you support a potential park and resort coming to this site? Please explain why	
1764	For the economic and social opportunities for Bedford and it's surrounding areas as well as the UK economy as a whole. Plus it would also be great fun to have a resort like Universal on our doorstep without having to travel abroad thus making the Universal experience more accessible to many in the UK	Would you support a potential park and resort coming to this site? Please explain why	
1593	Be great not just for the local area but for the UK in general.	Would you support a potential park and resort coming to this site? Please explain why	
496	Because bedford is a great area, I love theme parks	Would you support a potential park and resort coming to this site? Please explain why	
1122	Because it would add to the economy and I think it would be a great investment and way to bring guests from all over Europe.	Would you support a potential park and resort coming to this site? Please explain why	
219	Because the country deserves a great theme park and Bedford is a great area for it.	Would you support a potential park and resort coming to this site? Please explain why	
4543	Exciting and great opportunities for future generations	Would you support a potential park and resort coming to this site? Please explain why	
4788	Fantastic opportunities Great for families memories to be made	Would you support a potential park and resort coming to this site? Please explain why	
166	Fantastic location which would benefit from regeneration. Great road & rail opportunities. Keen community and local businesses.	Would you support a potential park and resort coming to this site? Please explain why	
987	Fantastic economic driver and would be great to see a universal park so close by!	Would you support a potential park and resort coming to this site? Please explain why	
1998	Exciting nearby attraction for ourselves, family and friends. A boost in infrastructure to local train networks and road networks would also be great.	Would you support a potential park and resort coming to this site? Please explain why	
2331	A bit biased answer as I am a Roller Coaster enthusiast!! and have visited many Universal Parks around the world! Having one literally on my doorstep would be amazing for the wider local communities, infrastructure and economy.	Would you support a potential park and resort coming to this site? Please explain why	
1032	A boost to the local economy. And I love theme parks. So double win.	Would you support a potential park and resort coming to this site? Please explain why	
547	A development of the scale of this can offer huge potential in boosting the local and wider UK economy.	Would you support a potential park and resort coming to this site? Please explain why	
1618	A lot of people in the UK may not be able to go or afford the cost of going to one of the other universal resorts in other countries. So building one here in the UK would be ideal for those people. It would also boost the UK economy.	Would you support a potential park and resort coming to this site? Please explain why	
3424	A new theme park would not only benefit the local economy but also contribute positively to the broader UK economy as a whole.	Would you support a potential park and resort coming to this site? Please explain why	
2852	A park & resort would provide a fantastic boost to the local economy by creating job opportunities and improvements to the surrounding infrastructure & environment. This would also attract people to Bedford which should benefit local businesses.	Would you support a potential park and resort coming to this site? Please explain why	
2740	A world-class International attraction for the UK and Europe, in an area where nothing similar exists. Plus our will provide a major boost to the local economy and community, both directly and indirectly.	Would you support a potential park and resort coming to this site? Please explain why	
998	Absolutely love theme parks and what you have created in Orlando is incredible. My first visit to Universal Studios was in 2016 and I had never experienced attractions like it before. Would be amazing for the UK to have a Universal park here and it would benefit our economy immensely.	Would you support a potential park and resort coming to this site? Please explain why	
4039	Amazing for the economy	Would you support a potential park and resort coming to this site? Please explain why	

692	Anything that could help improve the UK economy that also brings joy to the people of the UK is a much welcomed proposition.	Would you support a potential park and resort coming to this site? Please explain why	
2828	As a mechanical engineer student who was motivated to get my degree because of my theme parks, having Universal Studios in the country is a huge win for me and for the economy of the country	Would you support a potential park and resort coming to this site? Please explain why	
800	Attract more people. Boost local economy, reduce traffic	Would you support a potential park and resort coming to this site? Please explain why	
1068	Because of the boost to the local economy	Would you support a potential park and resort coming to this site? Please explain why	
398	Because of the significant improvements on economy and infrastructure.	Would you support a potential park and resort coming to this site? Please explain why	
261	benefit for local and Uk economy	Would you support a potential park and resort coming to this site? Please explain why	
1862	Boost economy Whole family are huge Universal fans but not all can afford to visit our favourite in Orlando. A theme park such as Universal is very exciting, should it happen	Would you support a potential park and resort coming to this site? Please explain why	
4746	Boost to economy and infrastructure	Would you support a potential park and resort coming to this site? Please explain why	
3629	Boost to UK economy, e.g. job creation. UK lacking in theme park offering.	Would you support a potential park and resort coming to this site? Please explain why	
1232	Bringing much needed economy to an amazing area, I am bias as born and bred here but it's an incredible area of the country.	Would you support a potential park and resort coming to this site? Please explain why	
4956	Bringing work opportunities to Bedford which would be accessible to all skill levels is a must. Also making Bedfordshire a destination location rather than passing through will aid the local economy and build stronger relationships with a diverse range of people visiting.	Would you support a potential park and resort coming to this site? Please explain why	
2387	Career development, social economy, and a decent theme park in the UK	Would you support a potential park and resort coming to this site? Please explain why	
3354	Creation of a destination for UK and international tourists would have a positive impact of the wider local economy.	Would you support a potential park and resort coming to this site? Please explain why	
1722	Due to Universal's care for the environment as well as local communities. The park would bring in business and boost the economy whilst being environmentally / socioeconomically sustainable.	Would you support a potential park and resort coming to this site? Please explain why	

3535	<p>Ever since I found out about London Resort a few years ago I was very disappointed to see it not go through, and I think the UK would really benefit from a theme park as big as this, our economy really needs it at the moment. The UK isn't big on space compared to the USA, so the way you've been able to use this area and bring up a master plan not too long after purchasing the acres is really promising and how you've been able to make use of this space so efficiently is brilliant. Moreover, the way you've been considering Bedford and including use of its local history as well as keeping concern for the natural environment instead of coming in like an malevolent industrial business ruining the local wildlife is extremely gracious and I'm really appreciative of that. Thinking about this becoming a reality (which it seems to be from the way things are going) fills me with so much excitement. The Uk is an excellent choice for bringing Universal Studios into Europe as it connects really strongly to the rest of Europe with Heathrow, and the Eurotunnel to France and will bring so much social and economic opportunities which I really think the UK needs as a whole. The UK is full of theme park enthusiasts like Theme Park Worldwide and TheJackSilkstone so it will also be closely followed by these passionate people, providing more excitement, suspense and popularity to the site as a whole. To conclude, I'm extremely passionate about this project, and if it does go through, I'll be either 22 or 23, and so far from being 16 I've been to Legoland, Thorpe park and Paulton's park, just a few of the mainstream theme parks in the UK and the magic, excitement and joyful memories a theme park brings to me as a person is unexplainable and completely off this world, so I am profoundly excited for this project and I'm really hopeful that this gets the green light!</p>	<p>Would you support a potential park and resort coming to this site? Please explain why</p>	
2507	<p>Excellent boost for local economy, educational and job opportunities for generations to come</p>	<p>Would you support a potential park and resort coming to this site? Please explain why</p>	
3312	<p>Excellent for the local economy.</p>	<p>Would you support a potential park and resort coming to this site? Please explain why</p>	
281	<p>Excellent opportunities for the local people and will significantly boost the local economy</p>	<p>Would you support a potential park and resort coming to this site? Please explain why</p>	
327	<p>Fabulous for the area, the economy and all who live in the UK</p>	<p>Would you support a potential park and resort coming to this site? Please explain why</p>	
3763	<p>Fantastic for the local economy, and an exciting destination to visit with the family</p>	<p>Would you support a potential park and resort coming to this site? Please explain why</p>	
1325	<p>Fantastic for UK economy and cultural offering. Creates a new destination domestically and creates potential for international visitors.</p>	<p>Would you support a potential park and resort coming to this site? Please explain why</p>	
461	<p>Fantastic opportunities for our local economy and to upskill people, career opportunities, put the UK and Bedford on the map</p>	<p>Would you support a potential park and resort coming to this site? Please explain why</p>	
4808	<p>For everything you have mentioned above. It would be fantastic for the local economy!</p>	<p>Would you support a potential park and resort coming to this site? Please explain why</p>	
4838	<p>For the local economy and it is a fab site</p>	<p>Would you support a potential park and resort coming to this site? Please explain why</p>	
3250	<p>Give the local economy a boost as long as the environmental impact as well as impact of increased volume of traffic, the road and public transport network and local regional infrastructures and services.</p>	<p>Would you support a potential park and resort coming to this site? Please explain why</p>	
2757	<p>A much needed local investment</p>	<p>Would you support a potential park and resort coming to this site? Please explain why</p>	
2197	<p>A park of the scale and caliber as one of Universal's would be a game-changer for the UK entertainment industry and it would have no issues being the top rated park within the UK. As someone that has visited the Orlando parks numerous times, I understand how important this kind of investment would be to the UK.</p>	<p>Would you support a potential park and resort coming to this site? Please explain why</p>	

1330	All of the above but also potential for increased investment and opportunities for town centre and local business	Would you support a potential park and resort coming to this site? Please explain why	
4528	Any investment in the local area is a positive for those living here.	Would you support a potential park and resort coming to this site? Please explain why	
4518	As a homeowner thinking to retire at a later date your investment will bring a boost to housing in the area	Would you support a potential park and resort coming to this site? Please explain why	
2481	As a young family based in Bedford, we're excited about the possibility of experiencing Universal Studios with our little one. Having such an attraction in our town would not only enrich our lives but also bring in new investments, creating a win-win situation for all involved!	Would you support a potential park and resort coming to this site? Please explain why	
4068	As it will be a huge investment in Bedford, which needs it	Would you support a potential park and resort coming to this site? Please explain why	
905	As someone who has visited Universal and Disney resorts in Florida and California many times, having a 'local' Universal park, which is easier, quicker and cheaper to get to would be amazing for additional days or weekends away during the year. Having such an investment in the UK is a huge positive and something I would support.	Would you support a potential park and resort coming to this site? Please explain why	
3162	As with other developments & investment in the Cambridge - Bedford - Oxford corridor; this will only help the area to grow and prosper.	Would you support a potential park and resort coming to this site? Please explain why	
1457	Because Bedford is in a bad state and desperately needs investment in all the things you suggest.	Would you support a potential park and resort coming to this site? Please explain why	
544	Both the local and national areas would highly benefit from this project from a investment perspective and opportunities for local residents.	Would you support a potential park and resort coming to this site? Please explain why	
527	Britain needs investment in the leisure industry. I've been to Universal Orlando and California and was blown away by the theming and technology used in the parks. To have this on our doorstep would be fantastic. I know where my birthdays would be spent annually.	Would you support a potential park and resort coming to this site? Please explain why	
3057	Exactly the innovative investment required to rejuvenate an area characterised by the decline of traditional business, globalisation & competition from new towns	Would you support a potential park and resort coming to this site? Please explain why	
3768	Firstly, the proposal is really exciting. It has the potential to put Bedford onto the map, bringing world class entertainment and hospitality facilities to my local area. Secondly, the proposed investment into the area would be able to fast-track development and improvements to local infrastructure that might otherwise take the Council decades to deliver without such a partnership.	Would you support a potential park and resort coming to this site? Please explain why	
1496	A large portion of the UK have never experienced a park like Universal, once they do and realise that theme parks can be more than what we have in the UK currently I believe you will have a loyal fanbase, repeat business and many people buying annual passes etc, it will also improve the other parks we have in the UK as they attempt to compete so will improve the theme park industry in the UK overall.	Would you support a potential park and resort coming to this site? Please explain why	
691	A new theme park in the UK would be an exciting prospect and could lead to big economic gains for the UK.	Would you support a potential park and resort coming to this site? Please explain why	
1028	A resort like this is long overdue in the UK. Many know what universal are capable of creating and to have this on our doorstep would be absolutely amazing!	Would you support a potential park and resort coming to this site? Please explain why	
4583	A theme park resort of the nature universal can deliver will bring a new type of experience to the UK.	Would you support a potential park and resort coming to this site? Please explain why	
2115	A theme park resort of this scale in the UK would be a dream come true. I and many theme park fans would fully endorse the project and visit regularly.	Would you support a potential park and resort coming to this site? Please explain why	
3476	A theme park with easy reach from all parts of the uk, not just London New rail station would encourage visitors from far afield including Europe, Eurostar to St Pancras and then at same station train to Bedfords new theme park station	Would you support a potential park and resort coming to this site? Please explain why	

1203	A true standout theme park in the UK will bring in thousands more tourists to the country in search of going on exciting, new rides	Would you support a potential park and resort coming to this site? Please explain why
3071	A universal park in the UK would be awesome.	Would you support a potential park and resort coming to this site? Please explain why
2300	A universal theme park would not only be hugely beneficial for Bedford and the area surrounding the potential site but for the whole of the UK. This is a really exciting proposal.	Would you support a potential park and resort coming to this site? Please explain why
1409	Absolutely, it would be amazing to have a world class theme-park and immersive entertainment centre here in the UK. Please give it the go ahead! We are all so excited for it! We can't wait to see what you're going to create here for the UK!	Would you support a potential park and resort coming to this site? Please explain why
1585	Absolutely, theme parks are a big part of my life and the UK is seriously lacking an Orlando style park. You make the best parks in the world and I can only see this project being a success	Would you support a potential park and resort coming to this site? Please explain why
1675	Access to top quality theming and entertainment in the uk - raising the bar on what we have I. Also will help fulfill my sons dream (he's currently 10) to work for universal studios	Would you support a potential park and resort coming to this site? Please explain why
1921	After vsiting and enjoying Universal parks across the world the UK Theme Park industry definitely needs a game changing theme park and i feel that Universal are the company to deliver this to the UK.	Would you support a potential park and resort coming to this site? Please explain why
907	All our current parks in UK are dated and only option we have is to travel abroad to visit parks	Would you support a potential park and resort coming to this site? Please explain why
3332	All the economic and social opportunities for Bedford, and the UK as a whole, outweigh any costs. This is especially true due to your environmental and historical initiatives.	Would you support a potential park and resort coming to this site? Please explain why
3579	Allows for better infrastructure in the uk and much better competition for the uk theme park industry.	Would you support a potential park and resort coming to this site? Please explain why
844	As a big fan of Universal and your parks in the U.S.A, it's easy to say why I'd love a park here in UK, even if I live in Scotland. With Luton expanding and many ways to get to London it's a easy escape away. Theming in Universal is fabulous and that's important to me for a theme park experience.	Would you support a potential park and resort coming to this site? Please explain why
1707	As a big theme park fan this is just what the UK needs, we haven't got any truly immersive parks like the ones Universal builds.	Would you support a potential park and resort coming to this site? Please explain why
2544	Just the boost Bedford needs to its economy. I feel really positive about this development.	Would you support a potential park and resort coming to this site? Please explain why
435	Life changing for generations and having visited Universal Orlando several times the ripple effort for the economy and user experience is off the scale!	Would you support a potential park and resort coming to this site? Please explain why
600	Local and national economy, infrastructure and in an election year Gove needs to land this!	Would you support a potential park and resort coming to this site? Please explain why
3742	Local word class entertainment. Good for economy.	Would you support a potential park and resort coming to this site? Please explain why
4759	Love theme parks and would go as often as possible also think it will help the economy and attract lots of tourists	Would you support a potential park and resort coming to this site? Please explain why
797	Massive boost for the local economy and infrastructure	Would you support a potential park and resort coming to this site? Please explain why
294	My adult children and grand children may well benefit from the potential development. We live backing on to a train line which may well need upgrading but yhe benefit for yhe local and national economy out weighs the potential inconvenience during construction.	Would you support a potential park and resort coming to this site? Please explain why
2324	Our economy needs it	Would you support a potential park and resort coming to this site? Please explain why
2561	Puts Bedfordvon the map. Good for local economy	Would you support a potential park and resort coming to this site? Please explain why

193	The area needs something to boost the economy. This will be the first park of its kind in our region. It is a great way to put our area on the map	Would you support a potential park and resort coming to this site? Please explain why	
1617	The benefits to the local economy will encourage visitors and will hopefully reduce people feeling they have to travel overseas to get a full entertainment experience	Would you support a potential park and resort coming to this site? Please explain why	
2361	The boost to the economy and potential opportunities for my children to work and learn the hospitality trade.	Would you support a potential park and resort coming to this site? Please explain why	
2181	The economic and infrastructural aspects alone are enough, the current government constantly cuts costs, cuts funding so the only hope out little island has is giant corporations like universal funding infrastructure and their in turn improving the economy.	Would you support a potential park and resort coming to this site? Please explain why	
2558	The economic benefits to the area would be immense and a once in a generation opportunity to transform Bedford's economy and trajectory!	Would you support a potential park and resort coming to this site? Please explain why	
4307	The economic benefits to the area would transform the futures and prospects of Bedford and it's people. With thousands more people visiting the area to socialise and enjoy themselves the ripple affect into the economy of the town would be so valuable. Also, my house price would go up (I hope).	Would you support a potential park and resort coming to this site? Please explain why	
3582	The impact on the local economy as well as bringing a first class experience that we know Universal is capable of.	Would you support a potential park and resort coming to this site? Please explain why	
1342	The land is currently not adding value to anyone. It would be a great boost to the local economy.	Would you support a potential park and resort coming to this site? Please explain why	
4870	The local economy would massively benefit from the theme park. The social benefits would be also great, our lovely town would become lively again!	Would you support a potential park and resort coming to this site? Please explain why	
3109	The positive impact on the area such as economy, infrastructure and opportunities	Would you support a potential park and resort coming to this site? Please explain why	
3177	The region has seen a growth in industry - particularly logistics - but no significant developments in the realms of leisure and tourist sites. The direct and indirect boost to the local economy can only benefit our community.	Would you support a potential park and resort coming to this site? Please explain why	
3067	The significant benefit to the local economy	Would you support a potential park and resort coming to this site? Please explain why	
3445	I would like to see more investment in the local area	Would you support a potential park and resort coming to this site? Please explain why.	
2428	Investment in the area	Would you support a potential park and resort coming to this site? Please explain why.	
4188	Investment in the area I can only see as a positive thing for the locals, and even nationals.	Would you support a potential park and resort coming to this site? Please explain why.	
1022	Investment in the local area is important. Whilst this will generate profit for Comcast, the local community will benefit from improved economic benefit	Would you support a potential park and resort coming to this site? Please explain why.	
4426	Investment in the UK, cut off travel to America to visit Universal.	Would you support a potential park and resort coming to this site? Please explain why.	
3388	Investment into local area	Would you support a potential park and resort coming to this site? Please explain why.	
2905	Its a no brainer really! This will bring great economic benefit to this part of the country, which is currently in need of such! Bedford and its environs has plenty of empty land that could be put to better use!	Would you support a potential park and resort coming to this site? Please explain why	
806	It's an awesome location and the economics make sense	Would you support a potential park and resort coming to this site? Please explain why	
1286	Its clear to me the huge economic benefit this would bring to the country. Also, I've always wanted to visit a Universal theme park	Would you support a potential park and resort coming to this site? Please explain why	
4042	Local economic benefits, potential for other tourist attractions to consider the area, good transport links to much of the country	Would you support a potential park and resort coming to this site? Please explain why	

4401	Local economic benefits; regeneration of a brownfield site and job opportunities for family members and younger generation. Would also add desirability to Bedford area and put it 'œon the map'•	Would you support a potential park and resort coming to this site? Please explain why	
3837	Major advancement socially and economically for the area	Would you support a potential park and resort coming to this site? Please explain why	
4071	Massive economic benefits and no downsides other than nimbyism.	Would you support a potential park and resort coming to this site? Please explain why	
2394	Our Kids would love to see a theme park with in half an hr drive, also, would save us time and money if we plan for Paris Disney land. This park would also bring local economic benefits and job opportunities.	Would you support a potential park and resort coming to this site? Please explain why	
3454	Potential for economic development in the local area. And It's an amazing amenities to have in the area. Puts Bedford on the map!	Would you support a potential park and resort coming to this site? Please explain why	
1638	Provides significant economic benefits to the area.	Would you support a potential park and resort coming to this site? Please explain why	
3157	Social and economic benefits, plus links up nicely with the existing infrastruture and tourist attractions such as centre parcs and Woburn zoo.	Would you support a potential park and resort coming to this site? Please explain why	
3765	Social and economic impact. I would hope it reaches Luton too, a town of immense deprivation so close to London	Would you support a potential park and resort coming to this site? Please explain why	
3468	Societal and economic benefits	Would you support a potential park and resort coming to this site? Please explain why	
1662	Societal and economic benefits to the area.	Would you support a potential park and resort coming to this site? Please explain why	
2789	The aeea is in need of good economic developments to replace the loss of the brick manufacturing to provide a secure future for the area.	Would you support a potential park and resort coming to this site? Please explain why	
4852	The area needs genuine long term economic value adds that are not distribution Centres	Would you support a potential park and resort coming to this site? Please explain why	
4322	The area needs something like this, it is positioned perfectly in the country and the economic and local infrastructure benefits will be fantastic for the local town and surrounding villages. Also the land has been empty and unused for the decade+ that I have been in the area.	Would you support a potential park and resort coming to this site? Please explain why	
3137	The economic and infrastructure benefits to the area	Would you support a potential park and resort coming to this site? Please explain why	
2647	The economic and infrastructure benefits would be great	Would you support a potential park and resort coming to this site? Please explain why	
4468	The economic and social benefits to the area will be great	Would you support a potential park and resort coming to this site? Please explain why	
4203	The economic benefit far outweighs the other opportunity costs	Would you support a potential park and resort coming to this site? Please explain why	
4574	The economic benefit to Bedford would be amazing and well needed.	Would you support a potential park and resort coming to this site? Please explain why	
4344	The economic benefits it would bring to the local area and nationally would be great	Would you support a potential park and resort coming to this site? Please explain why	
4526	The economic boost from the park would be superb for the local area, likewise the job creation in both the construction and hospitality industries. Add to this the increased revenue for travel providers and general industries such as catering and sanitation I believe this would be great for Bedford.!	Would you support a potential park and resort coming to this site? Please explain why	
539	The opportunity for economic and training enhancement combined with the excellent transport links and wonderful local history makes for a local, national and international partnership of the highest quality	Would you support a potential park and resort coming to this site? Please explain why	

4161	The Resort has the potential to truly unlock the economic potential of the Oxford - Cambridge Arc. I have had close personal and professional involvement in the development of the region for 30+ Years. From the early days working on the delivery of the Master Plan for the New City of Milton Keynes and as a Master Planner as a founding Director and past Chair of XXX working on projects at The Wixhams, Marston Vale, and further afield at Northstowe Cambridge, Kettering/Corby, Luton Regeneration, Bicester Expansion, I have seen the power that a Visionary Master Plan has in transforming places and enhancing the life chances of the local population. I was also responsible for creating and promoting the visionary narrative that gave birth to Ebbsfleet in North Kent. By adopting this approach to place making and place shaping I'm confident that the Resort will be a great success and asset to the region	Would you support a potential park and resort coming to this site? Please explain why	
1633	The social and economic benefits will be very beneficial to the immediate and surrounding communities. Opportunities for other businesses to support and supply the park will be very valuable.	Would you support a potential park and resort coming to this site? Please explain why	
3443	The social and economic benefits would be good for the area. Will be a good use of the site which has stood undeveloped for a number of years.	Would you support a potential park and resort coming to this site? Please explain why	
1016	Social and economic development and to also encourage further development in the town centre which has become run down due to lack of investment	Would you support a potential park and resort coming to this site? Please explain why	
4350	The boost to Bedfords economic and social development and improvements to local infrastructure. Bedford is a great place with excellent access to major airports and motorways so the location is ideal.	Would you support a potential park and resort coming to this site? Please explain why	
3564	The benefits are obvious for the local area. As already mentioned, it'll be a massive boost not for Bedford economically but for surrounding areas and the whole region as a whole supporting a park of this size.	Would you support a potential park and resort coming to this site? Please explain why	
4166	For the huge amount of opportunities it brings our area	Would you support a potential park and resort coming to this site? Please explain why	
579	For the opportunities it could bring - especially if these included opportunities which may prevent young people going down the wrong path in life. Also Universal is by far THE best theme park!!	Would you support a potential park and resort coming to this site? Please explain why	
1345	For all the opportunities it will bring to young people and local businesses	Would you support a potential park and resort coming to this site? Please explain why	
3161	Fantastic opportunities for local people and businesses	Would you support a potential park and resort coming to this site? Please explain why	
2074	Financially the country and area. Aesthetically to ensure the surrounding area looks pretty, tidy and clean. Opportunities for those who cannot afford Universal trips abroad to experience your park.	Would you support a potential park and resort coming to this site? Please explain why	
3573	Alot of opportunities here work wise, bringing people to Bedford, fun day out for the families and easy to get to with public transport.	Would you support a potential park and resort coming to this site? Please explain why	
2626	Amazing endless opportunities for local businesses and people in the area.	Would you support a potential park and resort coming to this site? Please explain why	
2302	As stated above, opportunities for the region, and selfishly I visit universal Orlando frequently.	Would you support a potential park and resort coming to this site? Please explain why	
183	Because of the environmental and economic opportunities	Would you support a potential park and resort coming to this site? Please explain why	
1805	Because of the opportunities for local students and develop a brown field site	Would you support a potential park and resort coming to this site? Please explain why	
3661	Big opportunities for local communities	Would you support a potential park and resort coming to this site? Please explain why	
4186	cannot wait to the improvements to Bedford and the surrounding area there aren't many opportunities locally	Would you support a potential park and resort coming to this site? Please explain why	

2925	- local regeneration, an area which has sat derelict for decades. - giving the local area a substantial attraction that otherwise don't exist. - putting Bedford on the map"	Would you support a potential park and resort coming to this site? Please explain why
2701	1) it would be really cool having a universal on our doorstep. We have already been to Orlando's. 2) I feel it would support the town and bring major business to Bedford whilst improving the local road network	Would you support a potential park and resort coming to this site? Please explain why
4939	A theme park of this nature will attract the much needed infrastructure to Bedford and aid its city status.	Would you support a potential park and resort coming to this site? Please explain why
2503	After hearing your presentation today I would also be interested in working with you. XXX. I also run the Facebook group things to do in and around Bedford. With 11,000 followers currently XXX	Would you support a potential park and resort coming to this site? Please explain why
3668	All hinges on new infrastructure and a possible rail line to the south of Bedford town not through the middle of it. Connectivity is the essential point and the suggested Eastwest rail doesn't give that and their "first mile/last mile" negate any benefit and will only add to visitors costs therefore reducing visitor numbers. Also frequent rail strikes will disrupt visitor attendances.	Would you support a potential park and resort coming to this site? Please explain why
3268	As a commuter town Bedford does not have the population or industry/business to provide self-supporting footfall and anything that would help to make Bedford a destination rather than origin would be welcome.	Would you support a potential park and resort coming to this site? Please explain why
3558	As you say, Bedford needs an injection of economic activity, and personally I live theme parks and get fed up of having to travel so far.	Would you support a potential park and resort coming to this site? Please explain why
1052	Because Bedford has not had anything leisure/entertainment venues for ages. We always have to travel far for this.	Would you support a potential park and resort coming to this site? Please explain why
1744	Because universal parks are fantastic and would be an absolute brilliant addition to Bedford and the U.K.!	Would you support a potential park and resort coming to this site? Please explain why
4854	Best thing that could happen to Bedford	Would you support a potential park and resort coming to this site? Please explain why
733	Big fan of theme parks all my life & have been going to Universal Florida for over 35 years. Love the theming, love the fun & it would all be so welcome in Bedford.	Would you support a potential park and resort coming to this site? Please explain why
4524	bring trade and make bedford a desination for people to come to and help bedford be put back on the map where it should of been years ago. Plus will help bring more entertainent businesses and retail into bedford and help stop it becoming a ghost town.	Would you support a potential park and resort coming to this site? Please explain why
3805	business it will bring to Bedford	Would you support a potential park and resort coming to this site? Please explain why
3387	Central to England, transport hub, present already set with Gullivers World MK and Center Parks Bedford	Would you support a potential park and resort coming to this site? Please explain why
1340	Secondary, Bedford has a unique juxtaposition of very wealthy and real poverty, demonstrated in the number of private schools and poor-performing state schools within metres of themselves. Levelling-up would be a big thing for me - improving lives of many of our unseen families, improving their housing, tapping into their potential.	Would you support a potential park and resort coming to this site? Please explain why
188	be excellent for the local area	Would you support a potential park and resort coming to this site? Please explain why.
1026	Excellent boost and re order of Bedford putting us on the map globally	Would you support a potential park and resort coming to this site? Please explain why.
775	Excellent for the local area if done correctly and puts Bedford (wixams) on the map. Hopefully prompting new infrastructure and amenities	Would you support a potential park and resort coming to this site? Please explain why.
4867	Excellent for the town	Would you support a potential park and resort coming to this site? Please explain why.
1504	fANTASTIC FOR THE LOCAL AREA	Would you support a potential park and resort coming to this site? Please explain why.

4677	Adds growth to the area.	Would you support a potential park and resort coming to this site? Please explain why.	
117	For the economic development of the area and environmental improvements	Would you support a potential park and resort coming to this site? Please explain why.	
4334	A global corporation investing millions at the site will raise the towns profile & hopefully increase the desirability of the area.	Would you support a potential park and resort coming to this site? Please explain why.	
3003	A redevelopment of this particular site would be beneficial to the local and national economies	Would you support a potential park and resort coming to this site? Please explain why.	
2431	Amazing for local area and the country as a whole.	Would you support a potential park and resort coming to this site? Please explain why.	
4456	Anything that invests in the area, be it in people, infrastructure, business etc can only enhance the area socially and economically/	Would you support a potential park and resort coming to this site? Please explain why.	
3081	Everything that has been outlined	Would you support a potential park and resort coming to this site? Please explain why.	
3646	Many benefits for Bedford	Would you support a potential park and resort coming to this site? Please explain why.	
2218	New job opportunities, benefits local area + wildlife	Would you support a potential park and resort coming to this site? Please explain why.	
2997	Not only is it a good central local but in would be great benefits to Bedfordshire and businesses in the area. This would be a prestigious site and be a great addition to the county and country as a whole .	Would you support a potential park and resort coming to this site? Please explain why.	
667	So many benefits and finally put bedford on the map - access great for the north	Would you support a potential park and resort coming to this site? Please explain why.	
3315	Subject to infrastructure improvements, there are a range of benefits to the local area.	Would you support a potential park and resort coming to this site? Please explain why.	
2617	The area is north of London and is in a commuter spot and would give those (up to) 8000 people chances to work nearby rather than a lot of travel. The site is close to 2 railway lines, this links with good sustainability benefits and is not too far from Luton and Stansted airports also.	Would you support a potential park and resort coming to this site? Please explain why.	
3679	The benefits far outweigh any concerns that could be addressed and resolved	Would you support a potential park and resort coming to this site? Please explain why.	
1900	The benefits far outweigh any potential negative for not only Bedford but also the U.K. as a whole.	Would you support a potential park and resort coming to this site? Please explain why.	
3172	The benefits for the local area. Hopefully larger retailers will come back into Bedford Town Centre	Would you support a potential park and resort coming to this site? Please explain why.	
2815	The benefits it would bring to the local area.	Would you support a potential park and resort coming to this site? Please explain why.	
4846	The benefits that the park would bring to the surrounding areas would be huge and could really help transform the local infrastructure	Would you support a potential park and resort coming to this site? Please explain why.	
1661	The development will bring untold benefits for the Bedford area	Would you support a potential park and resort coming to this site? Please explain why.	
2674	The explanation for this is as you have just explained the benefits outweigh the negatives by a country mile.	Would you support a potential park and resort coming to this site? Please explain why.	
4881	As a local resident I would be happy to see the town flourish!	Would you support a potential park and resort coming to this site? Please explain why.	
2752	As a local resident who does not drive It would be amazing to have such a big attraction which I could access easily	Would you support a potential park and resort coming to this site? Please explain why.	
2465	Create economic growth.....if done well	Would you support a potential park and resort coming to this site? Please explain why.	
1401	Better opportunaties	Would you support a potential park and resort coming to this site? Please explain why.	
2723	Better than endless housing without adequate infrastructure	Would you support a potential park and resort coming to this site? Please explain why.	
2685	Better than housing or warehouses	Would you support a potential park and resort coming to this site? Please explain why.	

3591	Brilliant for the area.	Would you support a potential park and resort coming to this site? Please explain why.	
3534	As above- the boost and infusion into regional economies	Would you support a potential park and resort coming to this site? Please explain why.	
782	As the entire borough will benefit from significant economic growth	Would you support a potential park and resort coming to this site? Please explain why.	
1957	Even though I live 45 minutes away, I can see this being a major benefit to the region - people will visit and naturally want to explore further. It's a win-win.	Would you support a potential park and resort coming to this site? Please explain why.	
2652	Local and Nationwide development opportunity	Would you support a potential park and resort coming to this site? Please explain why.	
3475	Local Council and Charitable bodies	Would you support a potential park and resort coming to this site? Please explain why.	
3844	Local development and opportunities.	Would you support a potential park and resort coming to this site? Please explain why.	
307	Local entertainment opportunities, world class attraction, put Bedford on the map	Would you support a potential park and resort coming to this site? Please explain why.	
423	Local opportunities for a wide range of people	Would you support a potential park and resort coming to this site? Please explain why.	
3413	Locally, I feel we do not have anything like this. It would boost the number of people coming to the area but also local activities for local people	Would you support a potential park and resort coming to this site? Please explain why.	
2728	Improving our area	Would you support a potential park and resort coming to this site? Please explain why.	
4402	I think the railway improvements and general improvement will be good of the local area and I believe that the park has already undergone much consideration and believe it will be good for the area	Would you support a potential park and resort coming to this site? Please explain why.	
1111	It's great for the area, but it's also great for Britain.	Would you support a potential park and resort coming to this site? Please explain why.	
173	It's just what the area needs and not just for Bedford but other towns near by	Would you support a potential park and resort coming to this site? Please explain why.	
1348	I've worked for IOA and UO. I know how it helps the community abd its culture. This area needs it.	Would you support a potential park and resort coming to this site? Please explain why.	
4927	The area can do with improvement and more attractions	Would you support a potential park and resort coming to this site? Please explain why.	
628	The area is ideal for a large infrastructure project, and this could only be good for the local area.	Would you support a potential park and resort coming to this site? Please explain why.	
3103	The area will flourish	Would you support a potential park and resort coming to this site? Please explain why.	
2656	The area would benefit	Would you support a potential park and resort coming to this site? Please explain why.	
3518	The area would benefit from a significant investment and a reason to work local now other local works (brickworks) have shut	Would you support a potential park and resort coming to this site? Please explain why.	
2533	The area, community and young people need this - put Bedford back on the map	Would you support a potential park and resort coming to this site? Please explain why.	
4705	The benefit to Bedford of this scale of investment cannot be underestimated. It will benefit the future of so many local young people.	Would you support a potential park and resort coming to this site? Please explain why.	
3288	Reinvigorate the town of Bedford and surrounding area	Would you support a potential park and resort coming to this site? Please explain why.	
2548	Needs something to attract people to the region!	Would you support a potential park and resort coming to this site? Please explain why.	
2219	new theme park would make more competition for the other theme parks	Would you support a potential park and resort coming to this site? Please explain why.	
761	Not just massive for the local area but also England	Would you support a potential park and resort coming to this site? Please explain why.	

848	The impact on the local community would enhance their lives and brighten up bedford as a go to county town	Would you support a potential park and resort coming to this site? Please explain why.	
3682	Such investment can only be good for the town which needs help to become the thriving market town it once was.	Would you support a potential park and resort coming to this site? Please explain why.	
893	revitalise regeneration areas, provide value added leisure and entertainment attractions in the south midlands provide finance for upgrading local infrastructure and discounted access for local residents in MK and Beds - season tickets	Would you support a potential park and resort coming to this site? Please explain why.	
2604	See question 8.It is exactly what the community needs and having read the plan and clarified that it is inclusive it will bring a lot to this area	Would you support a potential park and resort coming to this site? Please explain why.	
867	Significant investment in the area with huge potential for growth with	Would you support a potential park and resort coming to this site? Please explain why.	
F6198	Possibke development for Bedford town centre	What is the most important consideration for you when considering a potential theme park and resort in Bedford?	
F6199	Creating new growth in Bedford Town centre	What is the most important consideration for you when considering a potential theme park and resort in Bedford?	
4504	This is a tremendous project and will bring significant improvements and economic benefits. Just build it quickly enough that I am young enough to enjoy it.	Would you support a potential park and resort coming to this site? Please explain why.	
3310	This is an opportunity to put Bedford on the map. The theme park will be an even larger employer than the brickworks once were, and a lot nicer to boot.	Would you support a potential park and resort coming to this site? Please explain why.	
721	This is exactly what the UK needs and Bedford makes perfect sense. The site you have picked seems very ideal with rail location and road access. Millions of people travel to the US parks each year, and unlike other companies that opened parks in France, Universal knows the UK market much better.	Would you support a potential park and resort coming to this site? Please explain why.	
4464	to boost economy in the region, improve infrastructure	Would you support a potential park and resort coming to this site? Please explain why.	
3867	To improve the local economy and improve transport links.	Would you support a potential park and resort coming to this site? Please explain why.	
1510	Think it be a huge opportunity for the UK economy and local community.	Would you support a potential park and resort coming to this site? Please explain why.	
4048	UK has a huge untapped fan base for theme parks. On top of this, it would massively benefit the local community and the broader economy	Would you support a potential park and resort coming to this site? Please explain why.	
4643	Think it would be amazing for the area	Would you support a potential park and resort coming to this site? Please explain why.	
167	Think it would be great addition to both local area and uk as a whole	Would you support a potential park and resort coming to this site? Please explain why.	
4214	Think it would be great for the area and offer lots of benefits.	Would you support a potential park and resort coming to this site? Please explain why.	
4397	Think it would be wonderful to have such a theme park close by. Loved the one in Florida	Would you support a potential park and resort coming to this site? Please explain why.	
360	Think it's absolutely amazing for Bedford	Would you support a potential park and resort coming to this site? Please explain why.	
3917	Yes yes yes! Such a good thing for Bedford! Don't hesitate! do it!	Would you support a potential park and resort coming to this site? Please explain why.	
953	would be good for the area and boost the economy	Would you support a potential park and resort coming to this site? Please explain why.	
2714	Would be great for Bedford, would put us on the map. Would help to regenerate Bedford town centre and improve the local economy, with hotels, transport etc.	Would you support a potential park and resort coming to this site? Please explain why.	
3751	Would be great for the local area	Would you support a potential park and resort coming to this site? Please explain why.	
507	Would be great for the local area in many ways	Would you support a potential park and resort coming to this site? Please explain why.	

1956	Would be simply amazing for the local area, truly amazing. Everyone I have spoken to has nothing but positive words to say about it. It could be truly special for the area but also the UK. I have visited Universal many times with my family in Orlando and having a resort 15 minutes away is a dream come true and would instantly purchase and residents annual pass for my family. The country needs this	Would you support a potential park and resort coming to this site? Please explain why.	
4785	Would greatly benefit local economy and bring great opportunities and would massively be supported by local Bedfordians	Would you support a potential park and resort coming to this site? Please explain why.	
4495	Would be an excellent opportunity for Bedford and allow the town to grow massively.	Would you support a potential park and resort coming to this site? Please explain why.	
4673	Your resorts are fantastic and this would really put our local region on the map and significantly boost the local economy	Would you support a potential park and resort coming to this site? Please explain why.	
2416	Your statement hits all the points very well. Bedford is a very central place and footfall would be off the scale. Something like your company doing this really puts Bedford on the map and will really help bring Bedford back to life as it was once many years ago. It would hopefully help bring other businesses back to Bedford and improve the town etc.	Would you support a potential park and resort coming to this site? Please explain why.	
3671	Will be a boost to the local community	Would you support a potential park and resort coming to this site? Please explain why.	
820	Will be beneficial for the local economy, provide opportunities to local residents. Be an improvement on Merlin's current offerings	Would you support a potential park and resort coming to this site? Please explain why.	
774	Why not, it's a win win and as stated the land is perfect and the benefits for the community enormous.	Would you support a potential park and resort coming to this site? Please explain why.	
295	Will regenerate the local area Bedford is in desperate need of help	Would you support a potential park and resort coming to this site? Please explain why.	
999	This will be a significant development to the community life of Bedford, Bedfordshire and the wider community. Very strongly support this project	Would you support a potential park and resort coming to this site? Please explain why.	
2017	This will be AMAZING for this area	Would you support a potential park and resort coming to this site? Please explain why.	
3009	This will be an excellent opportunity for the whole region economically, socially and providing education and training opportunities.	Would you support a potential park and resort coming to this site? Please explain why.	
1474	This will be such a great thing to happen to our local community!	Would you support a potential park and resort coming to this site? Please explain why.	
481	This will change our part of the country for the better for the long term. It must happen.	Would you support a potential park and resort coming to this site? Please explain why.	
4763	This will put Bedford on the world map. Bedford has been on the decline over the last decade and this project would definitely benefit and secure the towns future.	Would you support a potential park and resort coming to this site? Please explain why.	
2538	This would attract huge investment in Bedford and surrounding areas bringing much needed improvements in local transport infrastructure and major employers to our area. This is a once in a lifetime opportunity to transform our communities and life chances bringing huge benefits to our area. We support this exciting project 100%.	Would you support a potential park and resort coming to this site? Please explain why.	
505	This would be amazing for Bedford and the surrounding area.	Would you support a potential park and resort coming to this site? Please explain why.	
4486	This would be an exciting and significant boost for the area. The countryside and villages around here are beautiful, and it would be wonderful to share them with the wider world.	Would you support a potential park and resort coming to this site? Please explain why.	
3026	This would be excellent for the local economy and transform a brownfield site that otherwise would just have houses/warehouse built on it at some point in the future. I feel it's important to broaden the local economy so Bedford can become more than just a distribution hub for logistics firms.	Would you support a potential park and resort coming to this site? Please explain why.	
3337	This would be fantastic for the area and very exciting.	Would you support a potential park and resort coming to this site? Please explain why.	
3812	This is a fantastic opportunity for the local area	Would you support a potential park and resort coming to this site? Please explain why.	

3761	There are so many positive things for Bedford Borough	Would you support a potential park and resort coming to this site? Please explain why.	
4880	This is a fantastic opportunity for the people of Bedford and the surrounding areas. In particular, the people of the Wixams development were promised amenities and transportation links by developers but are consistently let down by delays and by the promised amenities being cancelled and replaced with more houses. Universal provides a very exciting opportunity to have world-class restaurants, shops, and entertainment on our doorstep and this is extremely positive. It will also add to the diversity in the area, bringing in people from all around the world. Finally, we have two young children and the job opportunities are great.	Would you support a potential park and resort coming to this site? Please explain why.	
4374	This is a great opportunity for the long term social and economic benefits for the community	Would you support a potential park and resort coming to this site? Please explain why.	
4358	This is a great proposal for the area! For me personally having children who will be in teenage years by the completion time of this project, this will allow them fantastic future opportunities. Bedfordshire will gain many benefits from having this theme park and I welcome the job opportunity for local residents.	Would you support a potential park and resort coming to this site? Please explain why.	
2706	This is a site that is in desperate need for development, without this project we risk having an eyesore for many more years. Also it will really put Bedford on the map! With great rail and road networks car traffic will be less than other parks	Would you support a potential park and resort coming to this site? Please explain why.	
1690	This would be such a monumental boost for Bedford. It would be incredible to have a Universal Park here in the UK.	Would you support a potential park and resort coming to this site? Please explain why.	
4496	Transformative for Borough and Country; huge benefits for local community - and a massive Universal Studios fan, I'd be there regularly!	Would you support a potential park and resort coming to this site? Please explain why.	
4078	Very beneficial for the local area	Would you support a potential park and resort coming to this site? Please explain why.	
2616	This is exactly what is needed for Bedford, over the past 30 years lots of industry has closed and their are not very many interesting careers for people in our area. This project would bring money to the Town and would encourage further investment and bring it back to life, as Bedford has lots of potential, it would also bring fun to the area. People to travel from Paris for example it would only take 2-3 hours via Eurostar and the direct train from London or trains from Scotland to Milton Keynes and it will only be a few minutes to the resort.	Would you support a potential park and resort coming to this site? Please explain why.	
931	This is fantastic for Bedford and Kempston, people have looked down on Bedford for a while, it's not as historical as Cambridge or Oxford or as new and shiny as Milton Keynes. Bedford has a history of bricks and armaments a Universal Park is something to be really excited about.	Would you support a potential park and resort coming to this site? Please explain why.	
746	This is great for area, also we hold the river festival every two years which is one of largest in Europe so shows Bedford is capable of handling large influx of footfall	Would you support a potential park and resort coming to this site? Please explain why.	
2696	The universal brand is a world leader in theme park experiences having this here would be a great opportunity for us here in Bedfordshire	Would you support a potential park and resort coming to this site? Please explain why.	
2700	We have nothing in this area like the prospects for the whole venture is fantastic	Would you support a potential park and resort coming to this site? Please explain why.	
501	Very positive for the region	Would you support a potential park and resort coming to this site? Please explain why.	
980	Your project looks amazing for the regeneration of Bedford and the surrounding area.	Would you support a potential park and resort coming to this site? Please explain why.	
1190	yes would cause some initial disruption but long term would boost the local community	Would you support a potential park and resort coming to this site? Please explain why.	
454	Yes, I believe it would be good for the area and bring much needed benefits to the local area	Would you support a potential park and resort coming to this site? Please explain why.	

4898	Would be a great benefit to Bedford and a great use of the wasteland and knowing universal it's would be planted to be in keeping with the local area.	Would you support a potential park and resort coming to this site? Please explain why.	
4865	Would be amazing for the area and create economic growth	Would you support a potential park and resort coming to this site? Please explain why.	
3876	This would not only be a fantastic opportunity for our community and local economy it would also be wonderful for local families and individuals to enjoy! I think it would be a wonderful addition to our local area!	Would you support a potential park and resort coming to this site? Please explain why.	
4435	We need something like this in the southeast and would love to have something like this nearby	Would you support a potential park and resort coming to this site? Please explain why.	
1233	This area is a perfect place for access from most parts of Britain. It would certainly put Bedford and surrounding villages on the map.	Would you support a potential park and resort coming to this site? Please explain why.	
369	Would really put Bedford on the map and would be brilliant for locals	Would you support a potential park and resort coming to this site? Please explain why.	
3596	Would love a town out of london benefiting from receiving growth and wealth into the community	Would you support a potential park and resort coming to this site? Please explain why.	
2021	This area is beautiful, but is suffering from poor infrastructure and poor education facilities for children with SEND. The town centre is tired and lacking life and local businesses. The new park would offer a much needed boost and national attention.	Would you support a potential park and resort coming to this site? Please explain why.	
3622	This area is in great need of improvement and development. The area also needs an economic uplift which this park could provide. Hopefully through S106 the local areas and communities could benefit.	Would you support a potential park and resort coming to this site? Please explain why.	
4567	This area of the country is very well connected but has very little in terms of major tourist attractions which bring additional benefits to the area. As a local and also an enthusiast, I travel all over the world to see other parks and have seen the positive impact these types of development have on the surrounding area, as well as bringing in people who may not necessarily have visited the area. Both Bedfordshire and Cambridgeshire have so many other things to offer visitors and something like this would be great at bringing a new demographic to the area. I also see this as a huge catalyst to infrastructure upgrades which have been often talked about but never happened. Having worked in a job five years ago where we were consulted about East West rail to now, it's nice to see an organisation who is committed to seeing these come to fruition	Would you support a potential park and resort coming to this site? Please explain why.	
4925	This is a fantastic opportunity for local residents (I live extremely close to the site on Summerhill Place). After facing cutbacks over and over, finally this is an opportunity to improve local public transport infrastructure, and hopefully improve local amenities for residents. I support this because you have said you'll be improving transport including Wixams station. It is absolutely essential that Wixams station is expanded from the current plan for a 2-line part time station to a 4-line full time station, and even better would be to have it added to the East Midlands fast line into St Pancras. Improved station facilities including food, coffee and retail shops would support local residents who were promised these facilities locally, and in return we would support the increase in visitors to our area. I also support this because you've said you'll improve local walkways, and you'll be conscious of the local environment. Finally, I support this project with the expectation and hope that you will provide local residents with a number of free day passes each year.	Would you support a potential park and resort coming to this site? Please explain why.	
3309	This is an amazing project and opportunity for Bedford as it will provide sustainable development and improved infrastructure connecting it with the wider region.	Would you support a potential park and resort coming to this site? Please explain why.	
2550	Would transform the area, finally making Bedford a destination in itself rather than just a commuter town for London. The whole area would significantly benefit from modernised public transport infrastructure.	Would you support a potential park and resort coming to this site? Please explain why.	

1046	This is such a breath of air to lift the town and its communities. 'œBreath Bedford Breath'we have suffocated since the 90s we need a new lift in the area.	Would you support a potential park and resort coming to this site? Please explain why.	
4593	This project will bring an amazing opportunity for Bedford and our children will be enjoying and embrace this amazing theme park.	Would you support a potential park and resort coming to this site? Please explain why.	
669	To bring more investment and prosperity to the local area.	Would you support a potential park and resort coming to this site? Please explain why.	
4775	Wonderfully exciting for our local area. Thank you! We want you here!	Would you support a potential park and resort coming to this site? Please explain why.	
947	UK will be the perfect location to serve Europe with a proper theme park.	Would you support a potential park and resort coming to this site? Please explain why.	
3713	To improve the socio-economic conditions of Bedford. Bedford has a highly diverse yet socio-economically deprived population. The community would benefit from a private industry injection of capital, improvement to infrastructure and travel, new enthusiasm and the creation of a positive working culture.	Would you support a potential park and resort coming to this site? Please explain why.	
4653	We've visited the universal park in Orlando and love the opportunities that it could bring to the area.	Would you support a potential park and resort coming to this site? Please explain why.	
4252	Universal parks are well known for delivering excellent quality theme parks and resorts, whilst protecting and developing the local area. Bedford would massively benefit from this project economically, socially, and environmentally. The UK is in need of a headline destination experience outside of London to pull more tourists through the country. As an Engineer, I am extremely interested and excited for this project and look forward to the opportunity to visit and potentially work here. I would happily move to the area if the right job came up.	Would you support a potential park and resort coming to this site? Please explain why.	
1127	would revive Bedford	Would you support a potential park and resort coming to this site? Please explain why.	
4275	Will put Bedford on the map!	Would you support a potential park and resort coming to this site? Please explain why.	
854	This area deserves to have the opportunities for more people to visit. The opportunity for growth.	Would you support a potential park and resort coming to this site? Please explain why.	
2370	This is an excellent opportunity to redevelop the local area and beyond into the region.	Would you support a potential park and resort coming to this site? Please explain why.	
3149	We need something to regenerate the area	Would you support a potential park and resort coming to this site? Please explain why.	
510	This area needs investment and improved infrastructure	Would you support a potential park and resort coming to this site? Please explain why.	
4140	This beautiful area needs some rejuvenation especially since covid this park will bring those much needed businesses to the area	Would you support a potential park and resort coming to this site? Please explain why.	
4586	This area is long overdue for some genuine investment. There is no where for entertainment, fun or a good day out without traveling at least a couple of hours or going to London. Bedford town centre has been allowed to deteriorate over the last 30 years and although local, our family & many others we know, do not use the town for anything. Milton Keynes does try with its theatre and sports centre but not all of us are sporty and still enjoy a day of entertainment rounded off with a good meal in a nice restaurant. The job opportunities would be amazing and the investment in the infrastructure would be a great bonus. The roads in this area are busy and are in need of desperate improvement. If you decide to build the resort here, I can it only see it bringing positives to the area. It's a good location for the resort. We have friends and family in the North of England already excited at the prospect of a resort here.	Would you support a potential park and resort coming to this site? Please explain why.	
1362	This is an area of much needed development as a hub away from the usual types of warehousing	Would you support a potential park and resort coming to this site? Please explain why.	

2666	This is an area where the brick making industry supported so many people and when it stopped left no support for the families of the work force. Your investment would be seen as future thinking with a long term future in the community and in a place where industry has long since declined.	Would you support a potential park and resort coming to this site? Please explain why.	
786	Too boost the local areas economy and as a destination for others people in the UK and abroad to visit	Would you support a potential park and resort coming to this site? Please explain why.	
4400	Unerinvestment and lack of opportunity has led Bedford to stagnate and drain of capable workers. This project will offer more chances for residents and improvements.	Would you support a potential park and resort coming to this site? Please explain why.	
1116	Would be good for local economy as well as the UK economy and visitors	Would you support a potential park and resort coming to this site? Please explain why.	
4694	Would be fantastic for the Uk and Bedford especially. Great location I can see why it's been picked. As a company you have been very transformative in other locations where you have built and this has been of a great benefit to everybody locally as you trait do know what you are doing with these projects.	Would you support a potential park and resort coming to this site? Please explain why.	
4530	this is a big boost to the local area as well as to the UK economy	Would you support a potential park and resort coming to this site? Please explain why.	
1763	This is a great opportunity for not only the local area, but also the country as a whole. We all love them parks here. As they are fun and support the economy. But my biggest reason for supporting your project is the wildlife impact. As we've seen from your global parks, your use of water, trees, plants and wildlife initiatives will create a perfect environment for nature. If you weren't able build here, it would become another site made up of distribution warehouses, which is terrible for the environment, as it makes the local area sterile. This isn't something we wish to see. But building a theme park has great potential for supporting the wildlife and allowing it to flourish, then in turn becoming more diverse.	Would you support a potential park and resort coming to this site? Please explain why.	
3627	This will not only benefit Bedford but the UK and its theme park industry, bringing much needed investment and competition to the area.	Would you support a potential park and resort coming to this site? Please explain why.	
4749	This would be fantastic for Bedford and the country as a whole. As a theme park fan who loves Universal parks, this would be a dream come true	Would you support a potential park and resort coming to this site? Please explain why.	
656	This would be fantastic for not only Bedford but the U.K.	Would you support a potential park and resort coming to this site? Please explain why.	
3839	This supports not only Bedford but also the UK. The other theme park resorts in the UK are varied, but certainly not world leading	Would you support a potential park and resort coming to this site? Please explain why.	
2054	The Universal brand is well loved in the US and across the world it would be a fantastic opportunity for the Bedford area and the UK as a whole to have a brilliant theme park for us to enjoy ans also be a major employer .	Would you support a potential park and resort coming to this site? Please explain why.	
3789	This project would have significant benefits to both the local community and economy.	Would you support a potential park and resort coming to this site? Please explain why.	
3478	This could, without about, be the best thing for Bedford, Bedfordshire and the whole of the UK. It must go ahead	Would you support a potential park and resort coming to this site? Please explain why.	
2102	This country deserves to have a development that can be embraced by all. Fully support the people of Bedford being supported through infrastructure so the park will become the heartbeat of entertainment	Would you support a potential park and resort coming to this site? Please explain why.	
3637	This country is so miserable, we never get anything exciting. I have been to universal Orlando and if they could create a fraction of it over here then it would be a jewel in the crown. It would completely transform the area, Bedford is turning into a ghost town, this would do wonders for the local economy	Would you support a potential park and resort coming to this site? Please explain why.	

154	This country lacks many things, one of them being a great resort destination. As you're very well aware us brits travel to Orlando a lot to visit your parks. I've spent my whole life growing up at your parks. They hold a special place in my heart with pure nostalgia. Disney never did if for me. You're a large corporation like Disney but you have a lot more soul. Love. And care. And it shows. I also believe that the introduction of more simple safe fun will make people genuinely happier.	Would you support a potential park and resort coming to this site? Please explain why.	
2009	This is absolutely needed in the UK. The benefits or issues for the locals would be well outweighed by the fun, holidays, memories that the rest of the UK will be able to enjoy with this worldwide brand coming to the UK. The site is perfect and it needs to happen!!	Would you support a potential park and resort coming to this site? Please explain why.	
674	We need more investment in this area due to so many traditional companies and business no longer existing. Covid and the Pandemic has done so much financial and emotional damage to so many - we need some positivity and something to look forward to	Would you support a potential park and resort coming to this site? Please explain why.	
1604	This is such an exciting and huge project for the UK. The amount of people it would attract from across the UK and the huge draw of population from Europe's largest City (London) would be phenomenal. It would engage and excite the local community and bring much needed money to Bedford, an example of a town which often gets left behind compared to the big cities like London. The draw of visitors from Continental Europe as well as UK and Ireland would be significant and would also create an economic boost for the major cities as visitors travel to the UK and combine their trip with a visit to Universal. It could also utilise the amazing creative talent that exists in the UK.	Would you support a potential park and resort coming to this site? Please explain why.	
602	This park would be a fantastic attraction like nothing the UK has seen before, and creating a net positive effect on the financial and social environment in Bedford.	Would you support a potential park and resort coming to this site? Please explain why.	
2176	This project has the potential to positively transform the local area and transform the UK theme park industry	Would you support a potential park and resort coming to this site? Please explain why.	
2819	This Project is nothing but POSITIVE for Bedford and the entire UK and Europe. We are all very excited for this and are just Praying that this goes through. Many people still are saying they won't believe it till they see it actually being built but I have lived in Bedford 35 years plus and NEVER seen a Buzz and Excitement for anything like this until now. You Build it and we will come in our thousands !!!! Let's get this party started !!!!	Would you support a potential park and resort coming to this site? Please explain why.	
1566	This project isn't just going to benefit Bedford. It's going to benefit the United Kingdom and Europe greatly. It will put the UK on the map for having a theme park that does everything so right.	Would you support a potential park and resort coming to this site? Please explain why.	
1207	This project would be amazing for the UK and also hugely positive for the area of Bedford. I would visit and re-visit this park many times	Would you support a potential park and resort coming to this site? Please explain why.	
3841	Universal are a worldwide brand that will bring amazing opportunities for Bedfordshire, the local area and nationally. The benefits are countless.	Would you support a potential park and resort coming to this site? Please explain why.	
554	Universal parks are the best I have been to and to have one in the UK would be a huge boost to the county and local area. To get to any really good, themed park people on the UK have to travel to Paris, which in itself is expensive. Alternatively we can spend thousands to travel over vast distances to the USA, China, Japan and on top of that we need hotels, food etc which for many can add up to £5,000 or more for a week away which is too much for millions of people to consider. Having a world class park like the one suggested for Bedford, would be huge for the people here. Also Europeans, who would need to spend similarly large amounts of money to simply get to the USA or Japan or wherever, would benefit from having easy access to what will be an amazing theme park here In the UK.	Would you support a potential park and resort coming to this site? Please explain why.	

1308	Yeah I'd fully support this resort coming to Bedford. It's a really good location. I think it would be great for local and national economical benefit. I can imagine, although probably a small number, but it would even appeal to international visitors who want to enjoy a universal park without having to travel across the Atlantic or to Asia.	Would you support a potential park and resort coming to this site? Please explain why.	
1840	Universal Bedford would be great for England, UK and Europe. It would put Bedford on the map and offer a great experience for those to visit.	Would you support a potential park and resort coming to this site? Please explain why.	
4725	Universal build world class resorts. if one is built in this area, it would boost the economy and offer not just locals, but people in the UK with job opportunities. It would also encourage more businesses to come here.	Would you support a potential park and resort coming to this site? Please explain why.	
865	We're constantly being asked to make sacrifices to protect the environment. At present, a large portion of the site - in particular, that closest to Wootton - is open fields and hedgerows. These will all be destroyed and the level of traffic pollution coming to the area will be hugely increased. The use of electricity, gas, water - including sewage and drainage requirements - will be immense. Additionally, the noise coming from the site 7 days a week will be annoying and disruptive for local people who want to enjoy peace and quiet around the areas in which they live.	Please share any other feedback you have at this stage.	
4370	I think it will a fantastic boost to the local economy and I hope locals will receive a discount on theme park tickets!	Would you support a potential park and resort coming to this site? Please explain why.	
3022	I think it will bring investment to the area and make it a destination for a lot of people which cns only boost the economy locally.	Would you support a potential park and resort coming to this site? Please explain why.	
4133	I think it would be a great opportunity for Bedford all round. It would be something to draw people to Bedford and support our economy as well as appealing to locals. There would be more job opportunities and this could motivate students to work hard in schools.	Would you support a potential park and resort coming to this site? Please explain why.	
F6107	A fantastic idea and an opportunity to put Bedford on the map!	Feedback form: Please share any other feedback you have at this stage. Please share any other feedback you have at this stage.	
F6112	It is about the Bedford had something good. We have nothing here except the biennial river+B2286:B2331. The train centre is dying off with shops closing, and I'm all for the Universal park being built to create employment here like the farmer brickworks, once did back in the day. Rides must be tailor made for the British weather though.	Feedback form: Please share any other feedback you have at this stage. Please share any other feedback you have at this stage.	
3934	I am considering moving to the area from London and I imagine the area would significantly improve with your investment.	Would you support a potential park and resort coming to this site? Please explain why.	
COMMENTS ON NOISE IMPACT (188 COMMENTS)			
ID	Comment	Survey question	Response
249	I would be concerned about noise pollution	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?	UDX has committed to specific noise limits that will apply to the Core Zone during the day and night, which would be secured in any planning permission that may be granted. To achieve these limits, UDX will employ a number of measures, including designing attractions so noise is directed into the resort and perimeter planting to help minimise impacts outside the park.
349	Noise abatement for local residents	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?	
4633	It is out of the way and not easily accesible. The local peole will be impacted by noise and traffic. Nearby residential areas will be noisier and busier and it is not a good use of land. Areas such as old military sites or brown field sites would be better options	Would you support a potential park and resort coming to this site? Please explain why.	
865	Noise barriers	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?	

5511	Setting rules not to pollute surrounding environment with chemical pollution, light pollution, sound pollution and rubbish	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?	
5566	ATC- How will you minimise impact on local towns and villages during constitution and guarantee they will not use local roads with restricted weight limits and appropriateness. Also, once the park is open, how will you minimise light and noise? Will this be visible to Ampthill park? Concerns were raised regarding light and noise pollution for residents using the park. You are required to comply with Ampthill's weight restrictions in the construction and ongoing phases of the project and inform contractors not to use weight restricted roads. The police have been enforcing this.	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
5966	I am concerned about noise, light and chemical pollution as well as overshadowing the reputation of the town. I don't want my hometown to be synonymous with a large commercial corporation.	Would you support a potential park and resort coming to this site? Please explain why.	
1323	Shielding noise	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?	
4383	Noise for surrounding villages	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
4404	Noise pollution	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
4346	Noise pollution. Spoiling the village feel of Stewartby	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
4719	I'd need to be assured the incoming traffic wouldn't impact my life as it is. The noise from the park would not impact the peace we experience now	Would you support a potential park and resort coming to this site? Please explain why.	
F6149	The project would bring alotof footfall to Bedford, which is grear for the economy, but unfair for people like us who left busy Lndon for the greenery and calm of Bedford. It is unfair for local residents who invested in property in the quiet local area that may now be bombarded with toursits and noise pollution.	Feedback form: Please share any other feedback you have at this stage. Please share any other feedback you have at this stage.	
2564	It is too close to local/existing villages that cannot house more people moving to the area for work. The traffic in the local area is already an issue, and the number of people driving to the park would great gridlock on the surrounding roads. For those that live nearby, trying to work from home as so many people do, would be impossible due to the expected noise levels from morning until evening everyday. It would bring far too many people to a very small area that wouldn't be able to cope with it. Why does all land have to be built on - around the area of Bedfordshire more and more housing, warehouses etc. are being built and soon there will be no green spaces or places for wildlife to thrive. It also is at risk of creating more and more pollution	Would you support a potential park and resort coming to this site? Please explain why.	
2456	I think it's important to consider the reduction of the acoustic impact on the villages around where most of the families work and live.	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?	
4305	Sound issues	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
2737	It would cause far too much upheave, noise and public nuisance to the area.	Would you support a potential park and resort coming to this site? Please explain why.	
2513	Sound and other forms of insulation to avoid potential annoyance to surrounding areas	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?	

4955	Noise	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
1080	Noise	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
3999	Impact on the local communities- ie destroying village environment and noise/traffic pollution	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
4584	Impact on the local communities- ie destroying village environment and noise/traffic pollution	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
F6225	Looks exciting and lots of opportunities in later years for our young grandchildren but we bought our home for a quieter life. Will that be possible?	Feedback form: Please share any other feedback you have at this stage. Please share any other feedback you have at this stage.	
F6155	limitin noise impact to surrounding area	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?	
F6149	Reduction in noise pollution for local residents	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?	
6071	Concerns over influx of people, roads, noise.	Would you support a potential park and resort coming to this site? Please explain why.	
2634	Not only visual screening but also sound	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?	
697	Possibly build perimeter sound barriers first such as mounds of earth/ trees etc to reduce the noise levels and visual impact before you begin the main construction	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
446	Noise and disturbance to wootton and wixans	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
865	Noise, litter and traffic congestion	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
960	Noise and light pollution	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
1323	Consideration of people being made to live near the theme park in terms of noise and environment	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
1525	Noise pollution	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
2020	Noise/vibrations	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
2469	Consider the impact to local residents from the noise, traffic, environment and overall life impact of living on the doorstep of a theme park	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
2603	Noise	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
3314	Noise, congestion, disturbance for elderly, lack of consideration for relatives	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
3403	Noise limitations	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
3442	disruption to locals during building work, disruption to wildlife, noise	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
3493	Noise	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
3718	The noise and increased traffic	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	

3870	Noise and traffic pollution	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
3996	Noise levels & How the new footfall may impact Wixams/Surrounding areas	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
4457	OVERALL EFFECT ON THOSE WHO LIVE WITHIN WALKING DISTANCE TO SITE. NOISE, VISUAL IMPACT, TRAFFIC CONSIDERATIONS ETC.	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
4461	Noise disruption and traffic.	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
F6156	Concerns about house prices going down. And of course noise and traffic as a local resident.	Feedback form: Please share any other feedback you have at this stage. Please share any other feedback you have at this stage.	
4500	Noise pollution	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
F6155	It is very existing development but my main concern is the road infrastructure & noise/impact on local residents	Feedback form: Please share any other feedback you have at this stage. Please share any other feedback you have at this stage.	
4360	It will be a nightmare for all local residents to go about their normal daily life's for years with divisions and road closures and noise.	Would you support a potential park and resort coming to this site? Please explain why.	
3077	Minimising noise pollution.	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?	
3442	Plans to avoid distress and noise to both those of us living here and the wildlife	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?	
3752	Noise control for local residents	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?	
4197	Anything that prevents noise pollution to local residents	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?	
4584	Noise reduction	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?	
4820	Reducing noise and light pollution as much as possible	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?	
2541	Sound and light buffering / considerations /	Should we proceed with this development we would also help to facilitate a number of significant local infrastructure upgrades. Which of the following do you think is most important?	
151	Any road access must be soundproof!	Please share any other feedback you have at this stage.	
205	I'm also concerned about the noise and light pollution.	Please share any other feedback you have at this stage.	
3317	Avoid closing roads instead use 1 way systems to enable development on one side at a time. Build down into ground to reduce overall height of structures appearance from afar, include noise reduction features such as high banking, trees and fences. Review measures adopted by local centre parks resort by speaking to them and see what could be learnt	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
3115	I think minimizing debris on the local roads, with controlled access of deliveries would be beneficial... Perhaps a separate access road to the site from multiple motorways/A roads would also reduce complaints from neighbours. Erecting sound barriers would be appreciated.	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
4916	Worried about noise in Wootton Impact on house prices in Wootton	Please share any other feedback you have at this stage.	

4560	It would be great for the area and welcomed, if you get it right. It would also be good to understand how the potential park could impact the very local residents (ie me being within 0.5mile) in terms of noise & light pollution once the park is open & functional.	Please share any other feedback you have at this stage.
5020	Not seeing or hearing it from my house on manor road	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?
5265	Noise	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?
5134	Noise and travel/road concerns	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?
5241	Noise and light pollution for neighbouring residents	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?
5032	Public transport improvements, minimisation of light and of noise pollution.	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?
5032	Minimisation of light and noise pollution.	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?
5241	Noise and light screening is critical for local residents	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?
5043	Considerations for light and noise pollution	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?
5134	Ensure the noise cancelling fencing for local villages are improved	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?
5268	Create effective sound barriers for the local villages; Wootton, Wixams & Stewartby	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?
797	Noise is a concern. Not so much general ride noise but things like fireworks etc	Please share any other feedback you have at this stage.
832	I would love to see this project containing the usual attractions of similar parks, but it is very important to include green areas where visitors can have a bit of respite from constant activity and noise.	Please share any other feedback you have at this stage.
1112	More information on the noise pollution and how this will effect the more immediate local residential areas.	Please share any other feedback you have at this stage.
1389	I think it would be very exciting to have this in the area and I'm definitely not against it. However my concerns would be the chaos on the roads this would cause if the correct infrastructure was promised and then never delivered, this has happened in the past with the borough. Also living so close, what would the noise be like for people living nearby? Will this affect our house prices negatively having the resort so close? Do you have plans to keep expanding in the future?	Please share any other feedback you have at this stage.
1458	I would like to understand what eg the opening hours would be, the number of expected car movements (especially snarly around the M1 J13 and J14) and how much noise/light pollution we can expect, even with mitigations. I do think this would be good for the local area, but only if it is done with a partnership approach, and the theme park does not 'suck the life' out of/exploit the local community. So I will watch with interest.	Please share any other feedback you have at this stage.

2128	Have you truly given any thought to the impact on those local residents that are within short distances from the park that will hear noise from the park, see light pollution from the park, be affected in daily travel near the park, or can see the park and its construction.	Please share any other feedback you have at this stage.	
2382	Simply the LOCATION is ridiculous, it's in the middle of 4 villages and FAR too close to people's homes in 5 villages, no one bought a house here to then wake up to a bloody Theme Park next door, it's going to destroy the villages for thousands of people who live here but that's ok because Bedford Council will get a pay off & you will pay for works that they have failed on in the past. The damage to wildlife at Marston forest centre, noise and traffic to residents is unacceptable to think you can destroy the area for profit. Yes to Bedford but No this location. There are far far more suitable locations for the project & you clearly have NOT done the research you claim to have done. I do not believe that you will fill all 8000 jobs from the local area, possibly the entry level unqualified quick turnover positions but I'm certain that you will employ more senior positions based on experience, knowledge & fit and not post code area & to make that a selling point is insulting.	Please share any other feedback you have at this stage.	
2627	Although I'm not looking forward to the potential noise and traffic pollution I think it's a really exciting opportunity to have such a place on our door step. I'd be interested to hear what if any benefits would be available to the local communities eg reduced ticket prices for residents or organisations/ charities or local entry days. And any behind the scenes tours/opportunities to see construction up close as it progresses.	Please share any other feedback you have at this stage.	
2670	I'm concerned about continued noise pollution once the site is up and running.	Please share any other feedback you have at this stage.	
2685	Worried light/noise pollution from our house	Please share any other feedback you have at this stage.	
3419	This could have a major impact on locals by way of noise pollution and even negatively impact property prices in both Wootton and Stewartby. To date you have given no assurances that this won't happen, or offered to come and discuss with us, it feels like we are being overlooked and dismissed, despite the possible effect of stress and disruption on those closest.	Please share any other feedback you have at this stage.	
3442	If this park goes ahead I am really concerned about the noise from the park, particularly at night.	Please share any other feedback you have at this stage.	
3749	Concerned about operating hours in terms of visitors and including staff arriving and leaving before and after working, and how far noise from the park will travel.	Please share any other feedback you have at this stage.	
3779	This project will create huge benefit locally but nearby residents will be hugely concerned by local traffic, noise pollution, etc. Some of these residents may see the bigger picture....but it will be down to Universal and/or Bedford Borough Council to ensure this bigger picture of local benefits is as powerful and clear as possible. One additional area that could be folded into the bigger picture is how this project can also help transform Bedford's Town Centre - both directly and indirectly. The town centre is a shadow of its former self with hardly any Retail, let alone high quality Retail for example. In honesty, many areas of the Town Centre are embarrassing. So, if a portion of the millions of annual visitors to the new park could also be attracted into Bedford's Town Centre (and not just visit the park and go nowhere near the Town), then this will also help build advocacy for the project from all the town. Whilst this challenge may not be one for Universal as such, it is worth factoring into the agenda.	Please share any other feedback you have at this stage.	
3834	How will the noise from rides, fireworks etc impact the local area? When will we know what features are	Please share any other feedback you have at this stage.	
3893	How will construction noise be managed if the park goes ahead?	Please share any other feedback you have at this stage.	

3902	As mentioned above, parking is important that doesn't appear to be mentioned in your plans. As well as how you plan to mitigate/reduce noise & light disruption for local residents during construction and ongoing when the park is open.	Please share any other feedback you have at this stage.	
4003	We are not looking forward to see increase of traffic disruption, noise pollutions, and construction sites issues might effect locals daily life and it's all construction work' negative effects on our Green Ridge, beautiful environment.	Please share any other feedback you have at this stage.	
4036	There will always be objections. I'm expecting residence that will be impacted by traffic, noise and being able to see the resort will object which I can appreciate. I do however feel that the amount of jobs this would generate and the tourism helping smaller businesses like guest houses would outweigh this inconvenience to locals and in time they would get used to their new surroundings. I am hoping you go ahead. This is an exciting opportunity for the area.	Please share any other feedback you have at this stage.	
4461	I am very against this due to the noise it will bring during the building and when the park is opened.	Please share any other feedback you have at this stage.	
4480	It would be interesting to see the environmental measures that are being taken to ensure the site is energy efficient and has minimal impact on the environment, light and noise pollution etc.	Please share any other feedback you have at this stage.	
4606	Disgusted and if I knew this was going to be built I'd have bought elsewhere Furious! Our villages are now going to be ruined and traffic all through the villages! It's a village, nice and quiet! NOT FLORIDA!!! The noise will be a nuisance and our poor animals with all the noise from even g entertainment	Please share any other feedback you have at this stage.	
4916	Worried about noise in Wootton Impact on house prices in Wootton	Please share any other feedback you have at this stage.	
374	Massive concern is any noise pollution - fireworks/shows/closing time. I do not want disrupted sleep every night and no animal deserves it either.	Please share any other feedback you have at this stage.	
2964	Nature screening! Sound barriers via natural mounds and tree-lines. Preserve as many pre-existing trees as possible as new plants do not have the same impact on the ecosystem - an eco system that we rely on as much as it relies on us. Also traffic & access could be a concern I am sure you are already aware of.	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
582	how would you keep the volume of the park to a minimum as with the people riding rides in the park and just general operations can be quite loud	Please share any other feedback you have at this stage.	
5416	Noise & disruption to surrounding villages. Reduction in house price.	Would you support a potential park and resort coming to this site? Please explain why.	
4383	Will we in Stewartby be able to hear the rides, people screaming, loud music etc. What will happen to our house prices?	Please share any other feedback you have at this stage.	
1853	Crime waste noise and dust	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
3752	Land purchased doesn't look big enough for a theme park. Worried about noise levels, what I can see from bedroom window/view of a roller coaster for example is not what I would expect or want to see. Volume of traffic in the village from construction and visitors to the park, no priority for local residents for jobs	Would you support a potential park and resort coming to this site? Please explain why.	

1184	If the current site boundary of trees aren't enough to dampen the sound of the construction site, I feel that there would need to be sound barriers put in place in order to prevent disruption as much as possible within the community. Also another thing Universal will need account for, is the construction equipment as well as any deliveries of material for construction to and from the site. There will be a need to look into how that will effect the roads within the area as regards to the local community going about their local day to day business.	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
4776	In addition to construction, what about the noise from the park and pollution from additional traffic once the park is up and running?	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
3999	It borders several villages. Not towns, villages. The traffic noise, pollution, damage to the wildlife, day to day impact of construction would destroy these villages and cause misery to residents.	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
1188	I am concerned during development and once complete and opened, this project will cause nothing but disruption and upset for my local village and the surrounding villages and will be a far cry from the rural area we live in today.	Please share any other feedback you have at this stage.	
1856	Making a natural barrier first thing could minimise the visual and acoustic impact, and updating roads before starting constructions can made the construction traffic less disruptive	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
F6176	Once operational (assuming it goes ahead) we DO NOT want to hear the music or screams from visitors on rides whilst sitting in our back garden in Wootton.	Feedback form: Please share any other feedback you have at this stage. Please share any other feedback you have at this stage.	
1827	Yes, however I have concerns. I live in Wootton towards the A421 and on a personal level I am concerned about the affect that noise and light will have on the local community and (selfishly) my residence. Im also concerned that I will be able to see the top of rollercoasts and attractions from my home. I would add that Wootton, Stewartby and Wixams are in desperate need of investment. Wixams much promised train station continues to slip down the picking order of local projects and the Thameslink route is desperately underfunded given the amount of people who travel into London. Bar Luton Airport, Bedfordshire lacks a large employer and the creation of 8,000 jobs would see a much bostered increase in employment opportunities. I can see the obvious positives to the Theme park, but this needs to be tempered with protecting Wixams, Wootton and Stewartby rural environment.	Would you support a potential park and resort coming to this site? Please explain why.	
3546	Reduce noise past specific times, and avoid light pollution from construction lighting. Courtesy to local residents	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
1622	The project proposal recognises the importance of the local wildlife, lakes and the local area. This is a big site, but following the construction of EPIC Universe Flordia, I have no concerns about Universal and its partners not being organised and practical in their planning. Sound barriers and the planting of trees seem appropriate, as well as the management of the local waterways. I am so pleased to hear proposals for the investment in the rail infrastructure and two local stations. As I am not local I have no hands-on experience with the site. I am a wheelchair user and unable to drive so this alone is hugely positive for accessing the resort. The reduced emphasis on car/vehicle access feels like a positive!	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	

5664	It is not such the construction that we feel will be the most unsettling - it's more once the park is open, noise levels. We think lights/drone shows will be more suitable than fireworks in an area which has a lot of residents and therefore dogs/horse/animals etc. Soundless fireworks could be looked into if necessary?	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
5783	I like the idea of the park, but as I live in Stewartby, I am concerned about noise pollution, particularly related to noisy rides and fireworks (I have dogs, so Fireworks and explosive sounds are of concern!). The roads definitely need consideration and how to limit people shortcutting in via the villages and local roads. Other than that I am very supportive of the idea and believe it could rescue Bedford which is currently in decline. Discounted tickets for locals would also be great :-)	Please share any other feedback you have at this stage.	
5628	Reducing noise pollution including the use of fireworks, which negatively impacts wildlife and residential animals.	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?	
5837	Noise and Light pollution from the resort does not disturb wildlife, especially directly opposite the park. Areas of woodland between A6 (The Branstons Way) and A421	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?	
5494	Noise barriers	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?	
5574	Noise reducing barriers and also improve the sight of the park for locals that have to look at it all day every day	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?	
5969	Noise reduction barriers	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?	
5981	Limited opening Hours of the Theme park to keep noise pollution low	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?	
5913	sound proofing local villages and stopping rat runs through villages	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?	
5623	As much as possible to keep the visual and aural impact to, essentially nothing.	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?	
5489	Local housing market in surrounding villages increase/decrease property value dependant of noise I.E such as firework displays or frequent themed events. Will local residents receive discounted entry?	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
5559	Noise pollution from late nights, car engines etc especially for shift workers who have disjointed sleep schedules. Additionally, hospital and emergency services are stretched.	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	

346	<p>I used to live in Kings Langley. Harry Potter world was built there promises were made by Warner Brothers that it would improve the local environment and improve for residence. Litter, parking, traffic out of rush hour, noise, minimum input to the community and all around nightmare to live. How long before litter gets blown into the surrounding lakes and wild areas. Traffic will be gridlocked because of the village used a cut though and any road changes you do will be to your benefit. One entry has a reclaimed energy centre with over 200 Arctic trucks daily. A planned Hop TV studio to be built at another entry point which has parking for 1100, 7 days a week manufacturing and a campus. Yourselves with a 7 day a week theme park with all associated problems in the middle of 2 entries into the village. With all that going on we have a village in the middle, queuing to get home and/or poor roads that don't release cars because of the increased flow in traffic. The A421 was built because of the old road was not fit for volume of traffic, but now with the theme park you're going to put an increased amount of traffic on the old Woburn Road. Once you have opened, all road responsibility will be pushed onto highways and you have washed your hands of the whole matter. There is benefits to the local and national economy, but at what cost. You guys are more than aware of the long-term and ongoing problems you have with your theme parks, I'm sure this will be something which will not be highlighting or pointing out in any planning phases. This is something the locals will find out after you get planning permission and go ahead. Which then makes it harder for us to do anything about it or for you to take responsibility.</p>	<p>Would you support a potential park and resort coming to this site? Please explain why.</p>	
5574	Noise and light pollution	<p>What is the most important consideration for you when considering a potential theme park and resort project in Bedford?</p>	
5837	Noise pollution from resort	<p>What is the most important consideration for you when considering a potential theme park and resort project in Bedford?</p>	
249	<p>I have mixed feelings because I appreciate it will be great for employment and the local economy but I am concerned about noise pollution and the effect on traffic in the area. I would be concerned about nightly fireworks affecting air quality as well as disturbing wildlife and pets</p>	<p>Would you support a potential park and resort coming to this site? Please explain why.</p>	
916	<p>The villages surrounding the site are quiet and tranquil and is a big reason why people chose to live here. This park will destroy this and cause chaos with traffic and noise and is not needed here</p>	<p>Would you support a potential park and resort coming to this site? Please explain why.</p>	
2586	<p>The small villages will bear the brunt of adverse affects of this proposal, noise, pollution and disruption of a quiet area. Bedford is several miles away, our villages are one or two miles away. Our property prices will fall as we will no longer attract retirement people seeking a quiet village environment. We will have no benefits from this. Bedford is a dull town, not even good enough to have city status, a dead town centre, a pretty river that often floods badly. Our climate is not ideal for such a theme park with about 50 days a year where the sun is shining, without 50mph gusts of wind or rain or both resulting with even the A421 flooding. You talk about employing people, do you not realise that 90% of the British workers want to work from home. Once they realise they are expected to actually turn up for work, the novelty of the theme park will wear off, especially on cold, wet, windy months between October and April. So workers will need to be sourced from Europe or the Commonwealth countries not from our local area, especially with our very poorly rated local schools, except from the few private schools whose pupils will aim higher than working at a theme park.</p>	<p>Would you support a potential park and resort coming to this site? Please explain why.</p>	
4420	<p>I am apprehensive about noise pollution and the pressure on the road and transport system</p>	<p>Would you support a potential park and resort coming to this site? Please explain why.</p>	

4197	I am keen from the job aspect and the idea of potentially working for universal if paramedics were employed. I am apprehensive though as a local resident to how my life has its noise, traffic etc will be affected. We currently hear traffic noise from the A421 and I'd expect this to greatly increase. Fireworks as well with pets this would be a worry.	Would you support a potential park and resort coming to this site? Please explain why.	
4501	I do not want hundreds of tourists descending on our town and surrounding villages. The roads in this area can barely cope with traffic now, I appreciate you are saying you'll improve infrastructure however smaller villages much further on will also be impacted with tourists getting off the motorway at different points and cutting through villages. The noise will travel for miles. Vast amounts of countryside and wildlife habitats will be lost in the development of the park and any new roads. I have lived in this area all my life (40 years) and am strongly considering moving and distrusting my life if this development is approved.	Would you support a potential park and resort coming to this site? Please explain why.	
1323	I do not want to live next to this park. We have a special needs son and purposefully chose a remote, calm, small village. This will make noise near our property a nightmare. The village will have heavy traffic. We will move if this is done. We basically feel forced out of our home if it comes and our son is anxious about it after hearing about it at school.	Would you support a potential park and resort coming to this site? Please explain why.	
2699	I don't currently think enough consideration has been given to local residents. Infrastructure, noise pollution and tall rollercoasters within 2 minutes is of a quiet village is not why people chose to live here. I'd be more excited if this wasn't own my doorstep so you need to hear the few it will effect on a daily basis and not the many who have no care for the details.	Would you support a potential park and resort coming to this site? Please explain why.	
2128	I don't believe it is the most appropriate site. It is on relatively flat land and do not believe noise, light pollution or other environmental impacts would not have an adverse effect on the local area and population. No matter how much you say the park would be an inward facing immersive experience there will be noise and light pollution impacting those that live closest. With up to 5 years construction period with access to the site from minor roads there will be significant and prolonged disruption during this period. The proposed infrastructure upgrades are all focused on providing access to and from the park. The local roads serving nearby villages have been neglected for too long by the local authorities when other developments have taken place that should have contributed to improvements. E.g. Covanta should have upgraded Green Lane Stewartby as there are now many HGV movements using a small, narrow road. East West Rail upgrade wants to reduce the number of level crossings on the Marston Vale section of the route which would restrict routes in and out of villages that residents rely on to access shops, schools etc where these are not present in every village. Universal Studios should not be allowed to install access to the park without upgrading local routes e.g. Broadmead Road, Stewartby, to allow local residents to more easily travel between local communities and facilities that they use without being able to avoid traffic accessing the park.	Would you support a potential park and resort coming to this site? Please explain why.	
3091	I don't like theme parks and am worried about noise.	Would you support a potential park and resort coming to this site? Please explain why.	

4346	I don't personally care about investment into the UK and we have a lot of job opportunities in the local area already. I care about the living environment and impact to the day to day life. We have already suffered from the incinerator (constant litter, ruined walking routes and created a 'hum' from the new chimney on windy days). It is not acceptable if residents suffer from crowd noise, building noise and car pollution from this development. It is likely to ruin the village of Stewartby. I have also not seen a timing plan for how long we would need to suffer through the build of the park nor the improvements to roads (which are fine as they are in current circumstances)	Would you support a potential park and resort coming to this site? Please explain why.	
4559	I live in close proximity and can think of nothing worse. Despite your promises, there is absolutely no way that it won't have an impact on local travel and noise, light, and air pollution	Would you support a potential park and resort coming to this site? Please explain why.	
4437	I live in the nearby wixams village 4 and the road infrastructure is already poor and very busy. My concern is that added traffic will cause further issues and visitors who do not wish to pay to park might park in or streets on the housing estate. The noise is also a potential issue, especially if fireworks are permitted. A lot of residents have pets which are scared of fireworks.	Would you support a potential park and resort coming to this site? Please explain why.	
446	I live in Wootton, and can only see our lovely peaceful village , where I hear song birds sing, and kids playing football chanting forever, with noice from over the bypass, where you are planning to move.. the M1 is a nightmare as it is, with CP being in Woburn too..CP cannot hold their staff, so what makes you think you can??? 'Where are the staff going to park?? How will you stop noise and light pollution..	Would you support a potential park and resort coming to this site? Please explain why.	
1525	I live on its doorstep, our roads are already clogged after 20 years of building in area but no improved road infrastructure. This plan means 8000 new people moving around the area plus more guests. I don't want to be trapped in my house. I also still want to be able to sit in my garden without huge noise pollution from the site!	Would you support a potential park and resort coming to this site? Please explain why.	
4461	I live too close to the potential areas. I work night shifts and doesn'twant the noise or traffic build up.	Would you support a potential park and resort coming to this site? Please explain why.	
2444	I live very close and worry about noise and light pollution. Also many properties are likely to be purchased and used as air b and b. Likely to cause noise for local residents	Would you support a potential park and resort coming to this site? Please explain why.	
2336	I live very close to the proposed site. I didn't move to a village to bring up my children in to then have a theme park built on the door step. It's going to create issues for the roads, transport etc but more importantly the views etc in the local villages and the noise impact. It's not the environment I wanted nearby for my children. I do not support this theme park in anyway.	Would you support a potential park and resort coming to this site? Please explain why.	
4537	I live very close to the proposed site. I do not want to have a busy, noisy construction site so close. We recently had a waste incinerator built and it ruined the roads and the influx of traffic made getting through the village difficult. The site will also destroy the feel of living in a small village with the noise and footfall brought in by the park. I left Bedford town to raise my family in a quiet, rural area that was close enough to my family and friends while not being in Bedford and now that is being threatened by this proposal. Due to the proximity of my house to the proposed site, we will lose everything we moved to Stewartby village for. I vehemently oppose the building of this park.	Would you support a potential park and resort coming to this site? Please explain why.	
4539	I live within walking distance of the proposed site. I am concerned about noise (near other theme parks you can hear screams in the villages) and spending more time getting to and from work to avoid traffic.	Would you support a potential park and resort coming to this site? Please explain why.	

960	This area does not need any more traffic, it is hard enough to travel into town for work every morning and do the school run, this is a terrible idea. There are houses on the doorstep with young children and pets who will not want loud noises and pyrotechnics going off every evening. We moved to a quiet village so it could be just that- go and build in a busy town where there is already infrastructure and customers for it.	Would you support a potential park and resort coming to this site? Please explain why.	
429	Living in Wixams, I am afraid of the increased noise emissions levels especially on weekends and visitors looking for (free of charge) parking spaces next to the site in Wixams. I do see and support all the benefits, but do you have a strategy in regards of noise emission protection and sufficient parking space for an affordable price? Obviously new attractive public transport routes would decrease parking lot demand and improve the overall public transport infrastructure.	Would you support a potential park and resort coming to this site? Please explain why.	
4713	This will cause havoc to local village life. The influx of traffic and inevitable off site parking along with the increase in noise and litter. There are no good sides to this, it will simply turn the tranquil surroundings into a seasonal slum.	Would you support a potential park and resort coming to this site? Please explain why.	
3967	Live very close and don't want noise and pollution	Would you support a potential park and resort coming to this site? Please explain why.	
495	The general idea seems great, and the ideas to upgrade existing infrastructure seem wonderful. However, I live very close to the site and wonder how it will impact upon my commute to work. What effect will it have on the locals - will there be constant noise from the park? There are an awful lot of families with dogs in the close area, are there plans for fireworks displays? How far will this sound travel if so?	Would you support a potential park and resort coming to this site? Please explain why.	
F6160	We live at XXX, out backgarden overlooks the porposed site, we would like big trees/screen put up and guessing the constructionwould be loud. This would need to be during certain times only.	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
F6102	Noise levels	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
F6155	Concerns over impact to local residents in respect of traffic & noise	Would you support a potential park and resort coming to this site? Please explain why.	
F6152	Noise & environment pollution	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
4018	Traffic, pollution, noise pollution, light pollution. Disruption to locals lives.	Would you support a potential park and resort coming to this site? Please explain why.	
279	Concerns over noise are my main worry therefore I'm currently reluctant to give this project my support irrespective of the potential job opportunities.	Would you support a potential park and resort coming to this site? Please explain why.	
1146	I am unsure about the project, weighing up the energy brought by employment opportunities against the loss of green spaces, wildlife disruption, inevitable litter and pollution created by the centre	Please share any other feedback you have at this stage	
2880	Bedford is a beautiful and natural landscape. The theme pack goes against what this community is. You will drive away people that have lived here for generations. You will cause so much pollution and disruption to the society and the environment here. The road are just not built for your plan. Please do not build here.	Please share any other feedback you have at this stage.	
4624	Environmental concerns, change in are which is semi rural, noise pollution.	Please explain why	
F6152	Noise & environment pollution	What is the most important consideration for you when considering a potential theme park and resort in Bedford?	
5513	Just to be mindful of noise pollution and careful of local wildlife.	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	

5913	Keep noise down, ensure nature is protected	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
205	I'm concerned about the environment and wildlife impacts. In particular on the birds and wading birds in the area. The site is on the migratory path of overwintering birds . I'm also concerned about the noise and light pollution.	Please share any other feedback you have at this stage.	
5819	Ensuring that through the planning and construction that environmental impacts including biodiversity loss, noise, water, dust and air pollution are minimised, and in the longer term the carbon footprint is minimised so far as possible and offset with local tree planting etc.	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
5742	I believe that this scheme will be of benefit to the local area, if all infrastructure and noise impact have been considered. I am concerned that extra traffic will cause complications and also create an additional environmental impact.	Please share any other feedback you have at this stage.	
5628	I think this project could be great for Bedford but the residents of the surrounding areas have large concerns around the major roadworks, traffic from visitors, parking in nearby villages for free parking and noise pollution late into the night. If you can resolve these issues then I think people would be happier about the project.	Please share any other feedback you have at this stage.	
5043	i am extremely worried about traffic, and noise and light pollution from such a huge development. We will have hundreds of extra vehicles in the area 365 days of the year. In Wootton we truly will have no peace in the future	Would you support a potential park and resort coming to this site? Please explain why.	
5511	Set rules to avoid increased traffic caused by visitors, to avoid parking by park visitors in the surrounding areas causing issues for residents and to avoid noise pollution	Should we proceed with this development we would also help to facilitate a number of significant local infrastructure upgrades. Which of the following do you think is most important?	
5861	Too much noise and light pollution. Rail route currently being forced through by E/W rail doesn't help any footfall for this area. A rethink to used a rail route south of the river would allow a station accessible via st johns/wixams change.	Would you support a potential park and resort coming to this site? Please explain why.	
4500	The A421 / M1 junction is a nightmare already at times and I use it everyday for work. You say around 30-40% of visitors expected via train, train travel is extortionate in the UK. Are you looking at subsidised or free travel included in park tickets to achieve this? Mostly, the main park should 100% be on the northern part of the site you own. That side has warehousing and not homes right next to it. Surely, that would make more sense. I do not want fireworks and laser shows outside my window 7 (or even 2) nights a week. Citywalk areas are also loud and currently very close to current residential areas. I paid a lot of money for my house and chose to live in a rural area. This wasn't on the cards when I bought my house 5 years ago. I doesn't want to live somewhere noisy.	Would you support a potential park and resort coming to this site? Please explain why.	

356	<p>It was mentioned in a presentation on 16th that universal sees traffic flow opposite to people working etc so they don't see an impact. The reality is, the park would be in a major commuter belt as well as there being many logistics centres near by. The A421 and all major roads into and out of Bedford are already congested both ways (to and from Bedford) in mornings and evenings as there a many people communicating into and out of Bedford for work and schooling. I think you need to survey these routes to see the actual impact of traffic and adjust plans accordingly. Another concern is noise and light pollution. I have no doubt you will do the right thing but having experienced Orlando, I know the park will probably be open late and there is usually a closing light show. I'd assume you would like all resorts to give the same experience so please consider this impact on local residents especially given one of the selling points to you is that the land is flat so noise and light will travel further. Finally given the land is flat, please consider materials and colours used in taller buildings. Covanta ruined the landscape by building a recycling plant not far away and choosing a red chimney that stands out for miles. Other than jobs and charity work (as this won't be for everyone impacted), have you considered other incentives for local residents to use the facilities in quieter times (e.g. discounted entry, or F&B etc)?</p>	Please share any other feedback you have at this stage.	
5651	Destruction of local habitats for wildlife and would increase traffic volumes across Bedford and A421 which is already horrendous for traffic. Also the constant noise and light pollution would affect local wildlife regardless of creating wildlife habits which probably would not be used anyway due to noise and people traffic.	Please explain why	
1170	Noise and traffic	Would you support a potential park and resort coming to this site? Please explain why.	
2532	Noise and traffic	Would you support a potential park and resort coming to this site? Please explain why.	
500	Noise and traffic would seriously affect the local area and the quieter village life we currently have	Would you support a potential park and resort coming to this site? Please explain why.	
4009	The traffic and noise pollution will be awful	Would you support a potential park and resort coming to this site? Please explain why.	
4150	Major disruptions to the area regarding traffic, noise and areas landscape	Would you support a potential park and resort coming to this site? Please explain why.	
151	The park would cause to much impact on the local area with noise and traffic. Local villages would all be subject to excessive noise pollution.	Would you support a potential park and resort coming to this site? Please explain why.	
2393	The natural way for people from south to reach the park is getting off M1 and driving through flitwick and ampthill and the infrastructure cannot cope . The presentations all concentrate on benefits to Bedford but people in central beds have been forgotten The people who have just purchased houses on western part of Wixams will be blighted by the traffic and noise	Would you support a potential park and resort coming to this site? Please explain why.	
4916	Worried about noise in Wootton Impact on house prices in Wootton	Please share any further feedback you have at this stage.	
5890	I don't want a park to come to the area as the existing infrastructure cannot handle it. I also do not want the noise pollution ruining our town.	Please explain why	
5837	I have concerns about the transport infrastructure being proposed (in particular road infrastructure) and whether this would be able to cope with projected visitor numbers. My concern is that the numbers presented do not include potential numbers of staff who will commute from Bedford and surrounding areas including St Neots, Milton Keynes, and surrounding towns and villages. I also have concerns about noise and light pollution in the evenings especially as our property lies in the Bedford Meadows estate directly opposite the site.	Please explain why	

3426	Linking new and existing habitats, minimise light and noise pollution (coordinated with the screening), protect the cultural heritage of the area, green energy supply say solar and/or wind	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?	
1152	Still not sure what the environmental implications will be for this park and the additional traffic and noise as I live relatively close to the proposed location.	Would you support a potential park and resort coming to this site? Please explain why.	
1591	Will there be a high limit and a sound limit for the rides	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
5032	Damage to the local environment, including light and noise pollution. Surely the majority of these jobs will be lowly paid?	Would you support a potential park and resort coming to this site? Please explain why.	
3522	Due to my postcode and living so close, am I going to hear a lot of noise during construction? Is there going to be lots of large construction lorries etc around to make it unsafe for walking/ small children? And is there going to be a lot of mess and dirt/ dust that is going to affect me please?	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
GENERAL IMPACT ON INFRASTRUCTURE (161)			
ID	Comment	Survey question	Response
1206	in our local area we are also expected to build 1 million new houses along the EWR line, we barely have enough clean water to support those that'll be living in those houses, let alone a theme park. this is the main area that worries me. and sustainable waste disposal is very important	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?	UDX's approach is to seek to design and construct the Proposed Development in a way that minimises and mitigates impacts as far as practicable, whilst delivering enhancements to the local community. For instance, it will seek to deliver habitat enhancements as well as transport improvements. It has also looked carefully at existing services, such as healthcare providers and schools and more information can be found in the Environmental Statement.
529	Providing additional facilities (more hotels/restaurants/shops) nearby to assist towns with the flood of tourists that will be visiting the area	Should we proceed with this development we would also help to facilitate a number of significant local infrastructure upgrades. Which of the following do you think is most important?	
778	All needs upgrading	Should we proceed with this development we would also help to facilitate a number of significant local infrastructure upgrades. Which of the following do you think is most important?	
3283	Careful consideration of the impact of traffic on the local environment and infrastructure	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?	
617	The biggest concern would be around policing and infrastructure. Using local Business will also help minimise the traffic coming into Bedford whilst the works are being completed. Maybe focusing on the roads into the project prior to working on the site may minimise disruption and traffic.	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
2717	Infrastructure not supportive in this location. A lot of natural habitat will be destroyed.	Would you support a potential park and resort coming to this site? Please explain why.	
5219	The infrastructure and services in Bedford are already struggling to cope. I don't see this as being a useful addition despite the potential benefits in terms of things like employment.	Please share any other feedback you have at this stage.	
1344	Improving facilities for handling tourists. encourage local hotels, restaurants, B&B's etc	Should we proceed with this development we would also help to facilitate a number of significant local infrastructure upgrades. Which of the following do you think is most important?	
F6188	Do we have electrical infrastructure? Will Council Tax increase?	Feedback form: Please share any other feedback you have at this stage.	
3723	Must liaise with other infrastructure projects and work together	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
662	Undertaking infrastructure work early and promptly	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	

2377	Where possible build the new infrastructure first	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
F6140	Theme Parks expand dramatically, ith additional attractions + hotels, both areas etc... Unless more areas are make available, that would be a limitation.	Feedback form: Please share any other feedback you have at this stage. Please share any other feedback you have at this stage.	
2016	Where I live the HS2 project is causing a lot of disruption. One problem is that a couple of bridges have been damaged and had to be removed, this has caused massive issues. Taking care of existing infrastructure is very important.	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
F6155	It is very exciting development but my main concern is the road infrastructure & noise/impact on local residents	Feedback form: Please share any other feedback you have at this stage. Please share any other feedback you have at this stage.	
4456	That any major infrastructure disruption is well planned and different areas don't clash timewise. Not so long ago one of the main roads was out of action whilst the rail bridge was repaired, but also two other main roads had construction at the same time - nightmare!	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
4433	All of the above are all things to be greatly considered.. as they can have both good and bad impacts but that is like all new infrastructures which are implemented	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
4959	Plan your traffic management well in advance, ensure no or minimal disruption to any existing utilities, invest in telecommunication/internet utilities locally	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
4265	Effective integration with the built environment	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
4492	Not adversely effecting my current quiet village environment, reducing house prices and making travel around the area more difficult and longer.	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
3963	Impact on residential areas. Strain on infrastructure. Destruction of nature habitats.	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
486	Improve local facilities on this area including healthcare providers, retail, food and drink	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
5684	You need to work with the council to ensure the sustainability of the plans, making sure that all potential problems have been thought about to mitigate issues; such as much heavier traffic, congestion at rush hour (the A421 is a main link between M1 and A1), local services need to potentially be overhauled, such as A&E and the ambulance service due to the increased footfall, more RTCs and people becoming ill at the park.	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
865	We're constantly being asked to make sacrifices to protect the environment. At present, a large portion of the site - in particular, that closest to Wootton - is open fields and hedgerows. These will all be destroyed and the level of traffic pollution coming to the area will be hugely increased. The use of electricity, gas, water - including sewage and drainage requirements - will be immense. Additionally, the noise coming from the site 7 days a week will be annoying and disruptive for local people who want to enjoy peace and quiet around the areas in which they live.	Please share any other feedback you have at this stage.	
4405	Long term the infrastructure upgrade will be great for Bedford.	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
1211	Maybe get the infrastructure in place early on.	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	

446	You shouldn't do it here, we do not have the infrastructure	Should we proceed with this development we would also help to facilitate a number of significant local infrastructure upgrades. Which of the following do you think is most important?	
945	I know it's a case of not on my doorstep but being brutally honest while I know it is good for jobs, I really doesn't trust that the serious amount of money will be put into the necessary infrastructure. So that the local villages and communities won't be adversely affected by not only the building of it but the extra people coming and going to the park on a daily basis! Think it's great if you live in Bedford, Milton Keynes and Luton, not so much if you live in the near by villages.	Would you support a potential park and resort coming to this site? Please explain why.	
148	I understand the benefits, but Bedford already has inadequate infrastructure, such as hospital facilities, and I don't see how that will be able to expand enough to support the number of visitors to the park. Furthermore, the site is too close to a residential area, Wixams, which is already undergoing expansion, and will adversely impact the quality of life and house prices.	Would you support a potential park and resort coming to this site? Please explain why.	
2413	Minimise impact	It is really important to us that we invest heavily into the environment around our parks. This might include creating natural barriers and protecting and enhancing existing wildlife. What would you most want to see?	
4486	Helping to upgrade infrastructure and protect the environment. Maintain the beautiful landscape and peace of the local villages.	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
2204	Put the infrastructure in first.	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
5138	Improving/ lessening the impact to local residents	Should we proceed with this development we would also help to facilitate a number of significant local infrastructure upgrades. Which of the following do you think is most important?	
5005	Improving nearby towns for tourists	Should we proceed with this development we would also help to facilitate a number of significant local infrastructure upgrades. Which of the following do you think is most important?	
3521	get all infrastructure and any knock on works that affect outside the site done as soon as possible	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
F6214	Help Bedford Town Centre regenerate with shops, school and hospitals	Feedback form: Please share any other feedback you have at this stage. Please share any other feedback you have at this stage.	
5020	Not disrupting how busy the area already is	Should we proceed with this development we would also help to facilitate a number of significant local infrastructure upgrades. Which of the following do you think is most important?	
398	Minimise impact on traffic and commuting for locals, concern about impact on access to health care and price of restaurants and activities for locals (may increase cost of living).	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
5420	Improving the town centre	Should we proceed with this development we would also help to facilitate a number of significant local infrastructure upgrades. Which of the following do you think is most important?	
813	Prioritising the infrastructure to facilitate building, thus minimising the impact would be a positively viewed move.	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	

5331	link up with other large scale developments in the area	Should we proceed with this development we would also help to facilitate a number of significant local infrastructure upgrades. Which of the following do you think is most important?	
1019	Will you consider not only local infrastructure, but external infrastructure. Over developing local infrastructure may create a 'bottle-neck' elsewhere, only pushing the problem to another area.	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
5236	Develop local infrastructure i.e. roads, trains, buses, etc	Would you support a potential park and resort coming to this site? Please explain why.	
440	Improve infrastructure first. During construction avoid deliveries during peak traffic times	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
3106	Improve infrastructure before construction	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
F6200	I like the idea of Universal local to us. I have reservations on disruption of the area, during and after the build. I may be too cost prohibitive for local people to access. How will you support the utilities i.e. electric, gas, water,? Will you use solar panels?	Feedback form: Please share any other feedback you have at this stage. Please share any other feedback you have at this stage.	
4663	I would plead with the decision makers of this project, to seriously look at the local infrastructure, and see that this area is NOT suitable for this development, the local residents do NOT want this park built here, there has to be more suitable areas around the country, where the park would fit in the local area	Please share any other feedback that you have at this stage.	
1019	I am excited for the development of this park in our wonderfully diverse and expanded country. My only concern is that our current infrastructure, local AND external, may not cope with the increase in activity. Thank you for your consideration.	Please share any other feedback that you have at this stage.	
1707	I would love to see this project go ahead, and there's no doubt in my mind Universal will put in the infrastructure to handle such a big park.	Please share any other feedback that you have at this stage.	
1741	Concerns regarding further impact to our already stretched health service and local hospitals.	Please share any other feedback that you have at this stage.	
4483	Just to insure infrastructure is key,	Please share any other feedback that you have at this stage.	
4375	Very supportive, and beyond 'infrastructure' concerns, I've yet to come across anyone not supportive of this. Further, whilst I believe this was 'leaked' a little earlier than intended, the general transparency and communications from the Universal team has been great, and hope that continues. Speed bumps will be hit, but you have the region's backing.	Please share any other feedback that you have at this stage.	
4373	Infrastructure such as roads, living arrangements for tourists , medical facilities would be the biggest priority.	Please share any other feedback that you have at this stage.	
3973	I'm currently on the fence as to whether this is good for the local area. We need concrete and practical resolutions for our infrastructure if this it to work which in itself will cost alot of money and that even before the building has begun.	Please share any other feedback that you have at this stage.	
3498	Just ensure the infustructor support the community not just the profits!	Please share any other feedback that you have at this stage.	
2492	You will need to improve the local services like hospitals, doctors etc' the amount of extra guests you will have could add extra strain if there was a major incident. The roads are going to have to be well designed! Lots of room for cars to queue off of the main roads. Central beds and beds council cannot design new road layouts very well. Just look at some of their recent projects. At this stage i support the project.	Please share any other feedback that you have at this stage.	
2541	The local water supply has had issues recently , also concerned about how they are going to handle all the parks . Hotels etc needs as well as stay ontop of the local communities	Please share any other feedback that you have at this stage.	

3318	Please consider building long terms infrastructure to help ease the impact on the residents such as roads, schools, doctors offices and housing projects	Please share any other feedback that you have at this stage.	
3228	I think this could be a great addition to the area but I do think it is essential that proper planning and infrastructure be at the top of the list of how it is implemented. It is also essential that genuine consideration be given to the residents of the area/s who live and have moved there to be close to the countryside and, currently, in a quiet and peaceful situation.	Please share any other feedback that you have at this stage.	
1019	Will you consider not only local infrastructure, but external infrastructure. Over developing local infrastructure may create a 'bottle-neck' elsewhere, only pushing the problem to another area.	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
2853	Would there be first aid facilities at the park as local GPs are overwhelmed and hospital A&E is very busy. Would there be any concessions for local residents, students, elderly etc Access for disabled? Parking?	Please share any other feedback you have at this stage.	
4840	Maybe think about funding things people want to see improved like hospitals/GPs health care centres. I know it's not your responsibility but could be a good way to earn brownie points from people. Good luck and we keep our fingers crossed for a positive outcome.	Please share any other feedback that you have at this stage.	
4010	Medical services, local GPs, hospitals, diagnostic and walk in centre capacity need consideration with influx of people and activities.	Please share any other feedback that you have at this stage.	
5425	Will the houses down Manor Road be affected by this theme park	Please share any other feedback that you have at this stage.	
2991	and unlock major investment into local infrastructure.""	Please share any other feedback that you have at this stage.	
5904	Definitely positive, but I already know the infrastructure upgrades required will not happen or be totally inadequate due to poor modelling algorithms	Please share any other feedback that you have at this stage.	
5488	Fantastic news if you do set up home here in Bedford. As long as the infrastructure is put in place properly, locals are considered and the environment is looked after, this will be amazing!	Please share any other feedback that you have at this stage.	
5742	I believe that this scheme will be of benefit to the local area, if all infrastructure and noise impact have been considered. I am concerned that extra traffic will cause complications and also create an additional environmental impact.	Please share any other feedback you have at this stage.	
5504	Should road and rail networks be enhanced, I can see only positive benefits. The B530 and Bedford road would need to be dual carriageways with bypass built to segregate local and resort traffic. A flyby bypass from A421 is also required as current roads can't hold predicted traffic.	Please share any other feedback you have at this stage.	
5559	Noise pollution from late nights, car engines etc especially for shift workers who have disjointed sleep schedules. Additionally, hospital and emergency services are stretched.	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
5686	The negative impact it will have on a struggling area	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
5969	Increase/improve Local infrastructure- doctors, schools, transport	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
5612	Improving overall infrastructures and helping small businesses	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
5969	Services for local population such as GP surgery, schools, etc as the population will likely increase as services are already stretched	Should we proceed with this development we would also help to facilitate a number of significant local infrastructure upgrades. Which of the following do you think is most important?	
5686	Hospitals/schools/local services/roads/rail	Should we proceed with this development we would also help to facilitate a number of significant local infrastructure upgrades. Which of the following do you think is most important?	
5486	Hospital/council/emergency services	Should we proceed with this development we would also help to facilitate a number of significant local infrastructure upgrades. Which of the following do you think is most important?	

5682	Creating a waterway	Should we proceed with this development we would also help to facilitate a number of significant local infrastructure upgrades. Which of the following do you think is most important?	
5612	Local businesses	Should we proceed with this development we would also help to facilitate a number of significant local infrastructure upgrades. Which of the following do you think is most important?	
5574	All of the above	Should we proceed with this development we would also help to facilitate a number of significant local infrastructure upgrades. Which of the following do you think is most important?	
5837	I have concerns about the transport infrastructure being proposed (in particular road infrastructure) and whether this would be able to cope with projected visitor numbers. My concern is that the numbers presented do not include potential numbers of staff who will commute from Bedford and surrounding areas including St Neots, Milton Keynes, and surrounding towns and villages. I also have concerns about noise and light pollution in the evenings especially as our property lies in the Bedford Meadows estate directly opposite the site.	Please explain why	
5842	The recent local plan examination identified significant highway infrastructure problems in this area of Bedford and Marsh Leys area is a particular congestion hot-spot. The enhancement and increased capacity of the highway network in this area would need to come pre and not post development at the developers expense and not dumbed down or undelivered on viability grounds. If you really are about making Bedford a better place as well as making yourselves profit then you need to front load infrastructure improvements.	Please explain why	
5890	I don't want a park to come to the area as the existing infrastructure cannot handle it. I also do not want the noise pollution ruining our town.	Please explain why	
5969	The infrastructure as it is is not suitable and this would have to significantly improve BEFORE the resort opened otherwise this would be detrimental to local residents	Please explain why	
3567	A like universal parks and believe it will provide good oppotunities for people and accelerate infrastructure like new stations on the east west railway. Further improvements to the paths and park lands and hopefully bring the investment needed for the MK to Bedford wayway and parkland	Please explain why	
2824	Good for infrastructure, I love theme parks and having one locally would be beneficial. Also house prices would increase.	Would you support a potential park and resort coming to this site? Please explain why	
4874	Great social and economic stimulation for the area, assuming it is built intelligently. Key focus must be given to transport infrastructure as this could be an international destination developing incredibly high footfall. Big fan of bringing strong competition to the UK theme park/entertainment sector also, gives international appeal.	Would you support a potential park and resort coming to this site? Please explain why	
531	Having been lucky enough to have visited your Orlando resort on multiple occasions i have seen first hand how impressive not only the parks themselves are but the entire infrastructure around the resort. We stayed at the Hard Rock hotel and one of my favourite memories was taking the water taxi and also strolling through the stunning walkways to the parks, the excitement builds and only continues once you enter one of your parks. Here in the UK we have nothing that is comparable, so to have a major player such as Universal looking to invest in the UK in my opinion can only be a postive.	Would you support a potential park and resort coming to this site? Please explain why	
2244	Huge boost to local economy, infrastructure and somewhere we wil regularly visit, only living 10 minutes away.	Would you support a potential park and resort coming to this site? Please explain why	
4357	I agree that it would be very beneficial for the local economy, creating job opportunities, improving infrastructure and overall improving the lives of local people.	Would you support a potential park and resort coming to this site? Please explain why	

3655	I am an enthusiast of theme parks and am fully supportive of when new development is proposed especially in the uk. However I also acknowledge the importance of the many job opportunities that this would provide and the improvements this would create for the economy, as well as local transport infrastructure which is an ever growing demand in the uk	Would you support a potential park and resort coming to this site? Please explain why	
847	I am concerned about the traffic along the A421 & Woburn Road and the effect the park might have on traffic in the area. The roads are in a poor state of repair and there always seem to be works causing headaches for local commuters. At the moment the traffic noise is acceptable, but your main entrance is planned parallel to the estate I live on with only the A421 separating us -that is a concern as I don't want to be able to see or hear additional traffic. I moved to the area because it was more rural and the plans are potentially conjoining three villages and creating more traffic noise potentially detracts from the setting - although I suppose if the effect is the houses prices go up I can always move. However, on the positive side if more money is invested in the local road infrastructure to minimize traffic congestion and pollution, improve public transport/cycle routes and ensure that the rural character and peace is preserved, as well as, improve local facilities, opportunities and aspirations then that could be a really good thing. I like what you are saying about conservation and wildlife. It would also be great to see a joined-up cycle network that is separate from local roads so cyclists can ride safely.	Would you support a potential park and resort coming to this site? Please explain why	
1001	I believe it may bring the needed infrastructure and health services to the local community	Would you support a potential park and resort coming to this site? Please explain why	
1949	I believe the project would be hugely beneficial for the local area, boosting the local economy and helping to improve infrastructure (which around the site area has been often neglected recently)	Would you support a potential park and resort coming to this site? Please explain why	
3956	I believe this project would deliver transformative economic and social benefits for the people of Bedford and its surroundings, as well as a wider national benefit through infrastructure improvements and utilisation of the east/west arc from Oxford to Cambridge.	Would you support a potential park and resort coming to this site? Please explain why	
4000	I believe this would significantly benefit all areas of the local community and wider as long as the infrastructure surrounding it is developed properly. All the other universal resorts are extremely far away if someone from the uk or even europe would like to visit and i believe this is a new option for everyone.	Would you support a potential park and resort coming to this site? Please explain why	
2535	I can only see it being a positive thing as long as the infrastructure is there to support it	Would you support a potential park and resort coming to this site? Please explain why	
4501	I do not want hundreds of tourists descending on our town and surrounding villages. The roads in this area can barely cope with traffic now, I appreciate you are saying you'll improve infrastructure however smaller villages much further on will also be impacted with tourists getting off the motorway at different points and cutting through villages. The noise will travel for miles. Vast amounts of countryside and wildlife habitats will be lost in the development of the park and any new roads. I have lived in this area all my life (40 years) and am strongly considering moving and distrusting my life if this development is approved.	Would you support a potential park and resort coming to this site? Please explain why	
2699	I don't currently think enough consideration has been given to local residents. Infrastructure, noise pollution and tall rollercoasters within 2 minutes is of a quiet village is not why people chose to live here. I'd be more excited if this wasn't own my doorstep so you need to hear the few it will effect on a daily basis and not the many who have no care for the details.	Would you support a potential park and resort coming to this site? Please explain why	

2128	I don't believe it is the most appropriate site. It is on relatively flat land and do not believe noise, light pollution or other environmental impacts would not have an adverse effect on the local area and population. No matter how much you say the park would be an inward facing immersive experience there will be noise and light pollution impacting those that live closest. With up to 5 years construction period with access to the site from minor roads there will be significant and prolonged disruption during this period. The proposed infrastructure upgrades are all focused on providing access to and from the park. The local roads serving nearby villages have been neglected for too long by the local authorities when other developments have taken place that should have contributed to improvements. E.g. Covanta should have upgraded Green Lane Stewartby as there are now many HGV movements using a small, narrow road. East West Rail upgrade wants to reduce the number of level crossings on the Marston Vale section of the route which would restrict routes in and out of villages that residents rely on to access shops, schools etc where these are not present in every village. Universal Studios should not be allowed to install access to the park without upgrading local routes e.g. Broadmead Road, Stewartby, to allow local residents to more easily travel between local communities and facilities that they use without being able to avoid traffic accessing the park.	Would you support a potential park and resort coming to this site? Please explain why	
2173	I don't live in the area but have visited a couple of Universal Parks and can see the difference between different companies and the infrastructure and planning they bring.	Would you support a potential park and resort coming to this site? Please explain why	
2715	I feel as long as the transport infrastructure is planned and delivered properly, it will be a huge positive for the area. If, like in some things the transport is a problem still after construction, the problems highlighted are then solved.	Would you support a potential park and resort coming to this site? Please explain why	
1997	I feel that it will be a beneficial project to the UK economy, infrastructure and to the quality of life for those living within the UK.	Would you support a potential park and resort coming to this site? Please explain why	
4845	I fully support the park's location, and believe that Universal can deliver a good quality resort based on my experience visiting Universal Studios Japan last year. I also support the emphasis on improving local infrastructure, particularly rail and active travel.	Would you support a potential park and resort coming to this site? Please explain why	
164	I have visited universal in Orlando since being a child having a park on the doorstep is very exciting also the delivery into local commerce infrastructure etc is a real opportunity for the local and wider community	Would you support a potential park and resort coming to this site? Please explain why	
2374	I have wanted to go to universal for years now, but it's too expensive to travel to the US or Asia. So I would support any Universal park in Europe, no matter what. I love that you are also helping local businesses and improving the local infrastructure.	Would you support a potential park and resort coming to this site? Please explain why	
4765	I live in the local area and believe it would be great for Bedford, new job creation, improved infrastructure etc. It is in a perfect Geographical location in the UK, and as a company Universal would create an outstanding theme park while ensuring its seen as an asset to the community. My family and I have been fortunate to have been able to visit your parks in Florida and Singapore and though very different in size what has been achieved in both is outstanding. This park would be by far the best park in the UK, and am sure would be a great success.	Would you support a potential park and resort coming to this site? Please explain why	
4905	I live in the local area, as long as good infrastructure comes along BEFORE the park opens to be able to handle the traffic that it would create then I think it's a fantastic opportunity for the local area.	Would you support a potential park and resort coming to this site? Please explain why	

4437	I live in the nearby wixams village 4 and the road infrastructure is already poor and very busy. My concern is that added traffic will cause further issues and visitors who do not wish to pay to park might park in or streets on the housing estate. The noise is also a potential issue, especially if fireworks are permitted. A lot of residents have pets which are scared of fireworks.	Would you support a potential park and resort coming to this site? Please explain why	
1525	I live on its doorstep, our roads are already clogged after 20 years of building in area but no improved road infrastructure. This plan means 8000 new people moving around the area plus more guests. I don't want to be trapped in my house. I also still want to be able to sit in my garden without huge noise pollution from the site!	Would you support a potential park and resort coming to this site? Please explain why	
3770	I live very close, walking distance and personally my family and I would love the park being so close. My children are young so this could provide future job opportunities. The area infrastructure and economy would benefit from this world class attraction.	Would you support a potential park and resort coming to this site? Please explain why	
3873	I love the idea about universal coming to bedford, however i am concerned about how it would affect my commute as i use the a421 daily. Will there be 45 minute queues to get to the kempton retail park off the a421 of to get to bedford hospital? What impact will having extra visitors put on nhs? What about local schools for children of new employees. Feels like our current infrastructure cant cope with extra,people needed to work at the park. What impact will the park have on property prices?	Would you support a potential park and resort coming to this site? Please explain why	
1502	I love Theme Parks and I think it will be great for the economy and improvement of infrastructure	Would you support a potential park and resort coming to this site? Please explain why	
2658	I need to understand opening times, noise, light and sound pollution and impact on wootton in terms of traffic, infrastructure and property value	Would you support a potential park and resort coming to this site? Please explain why	
3176	I spent much of my career working to help grow Bedford's tourist economy, discovering what made the area special and developing themes and initiatives to bring tourists to the area. I now work in infrastructure delivery but I'm still passionate about the county's visitor economy.	Would you support a potential park and resort coming to this site? Please explain why	
4937	I think a universal park (with a hogwarts express from King's Cross"!?!?) would be an excellent addition to the area. It would bring leisure, shopping and commercial benefits, but you'd need to get the transport infrastructure right.	Would you support a potential park and resort coming to this site? Please explain why	

4143	<p>I think economically it would be a welcome addition to the area. However there are a few concerns I have. 1.Firstly the local transport infrastructure (particularly public transport like trains/ train stations) will need to be upgraded as mentioned in info leaflet. These projects like ewr will take many years to develop before benefits are seen. These projects (including upgrading kempston hardwick station) will need to be implemented quickly. The info pack states 10% of people not including passengers will be travelling in cars and 30-40% will take public transport. This figure seems optimistic regarding the high use of public transport. High train fares mean most people don't bother taking them and the UK population unfortunately still rely on cars are their main source of transport. Also if locals want to walk to the site for work or other purposes, footpaths/ bus routes eg from Wootton will need to be created as the current walking infrastructure is either non existent, not safe or not fit for purpose. How will you implement walkability to and from the site? 2. The new junction off the A421 is likely to create additional noise pollution from the traffic. This may impact the health of the locals so sound barriers would be a welcome addition (these have already shown effectiveness for wootton). 3. The existing A421 northbound slip road which feeds onto the Branstons way (A6) nearby experiences constant congestion at peak hours. Has traffic modelling shown that the new proposed junction will mitigate this traffic? 4. Pollution from the theme park itself. I feel some screening will be needed in order to reduce noise levels and lighting which often is emitted from large sites like these. The traffic noise from the a421 is noticable now - so what will it be like once the theme park is operating?</p>	Would you support a potential park and resort coming to this site? Please explain why	
3862	I think it would be great for the local economy (as long as there is an improved infrastructure to support it).	Would you support a potential park and resort coming to this site? Please explain why	
3079	I think it would be really great for the economy of the local area ... as long as local infrastructure is updated to cope with the increase of traffic/people	Would you support a potential park and resort coming to this site? Please explain why	
4665	As above, infrastructure could not be improved to the point it would be feasible. This is a rural area where housing has already had an impact on rural life. This would force central beds residents out as they would be most affected, if Bedford want it, build it in Bedford.	Would you support a potential park and resort coming to this site? Please explain why	
1808	Although living in the northeast of England would mean there would be a fair way to travel, I think the multiple road and rail connections would make the site easy enough to get to. My family would be happy to travel there for short breaks on a few occasions in a year.	Would you support a potential park and resort coming to this site? Please explain why	
2798	As long as the infrastructure is in place mainly roads and the junction with m1 improved then I fully support	Would you support a potential park and resort coming to this site? Please explain why	
1186	Investment and upgrade of road and rail services around the site and making use of current derelict land.	Would you support a potential park and resort coming to this site? Please explain why	
2384	Infrastructure improvement and opportunities. It will just be sold for housing anyway so would prefer something that will bring additional benefits.	Would you support a potential park and resort coming to this site? Please explain why	
2651	The improvement to the infrastructure and the local communities could be immense. The important thing is that you actually carry out your promises	Would you support a potential park and resort coming to this site? Please explain why	
1670	The local infrastructure is in desperate need of improvement this if done well should provide a much needed boost.	Would you support a potential park and resort coming to this site? Please explain why	
2351	Poor infrastructure and lack of services in the area are already impacting daily life and house value and this will only make it worse	Would you support a potential park and resort coming to this site? Please explain why	

4933	Quality investment should always be welcomed! A major, world class, and attraction should be seen as the catalyst for change in supporting improved infrastructure. The additional footfall for Bedford would help what is a tired and rundown town centre (which still has much potential)	Would you support a potential park and resort coming to this site? Please explain why	
F6108	Encourage development on new canal. Bedford to Milton K.	Should we proceed with this development we would also help to facilitate a number of significant local infrastructure upgrades. Which of the following do you think is most important?	
F6112	More involvement into the railway station at Kempton Hardwick is a must	Should we proceed with this development we would also help to facilitate a number of significant local infrastructure upgrades. Which of the following do you think is most important?	
F6113	Link with Bedford and Milton Keynes Waterway Trust	Should we proceed with this development we would also help to facilitate a number of significant local infrastructure upgrades. Which of the following do you think is most important?	
F6138	Wixams Station	Should we proceed with this development we would also help to facilitate a number of significant local infrastructure upgrades. Which of the following do you think is most important?	
F6153	Involving learning opportunities for local schools	Should we proceed with this development we would also help to facilitate a number of significant local infrastructure upgrades. Which of the following do you think is most important?	
F6166	Health, Education	Should we proceed with this development we would also help to facilitate a number of significant local infrastructure upgrades. Which of the following do you think is most important?	
F6170	Waterway Park	Should we proceed with this development we would also help to facilitate a number of significant local infrastructure upgrades. Which of the following do you think is most important?	
F6177	Using zero carbon generated power	Should we proceed with this development we would also help to facilitate a number of significant local infrastructure upgrades. Which of the following do you think is most important?	
F6183	Social	Should we proceed with this development we would also help to facilitate a number of significant local infrastructure upgrades. Which of the following do you think is most important?	
F6197	All of the above	Should we proceed with this development we would also help to facilitate a number of significant local infrastructure upgrades. Which of the following do you think is most important?	
F6198	Offering employment opportunities both in the development and ongoing growth process.	Should we proceed with this development we would also help to facilitate a number of significant local infrastructure upgrades. Which of the following do you think is most important?	
F6200	Ambulance, police / Dr's / hospital will have impact. Waste.	Should we proceed with this development we would also help to facilitate a number of significant local infrastructure upgrades. Which of the following do you think is most important?	
F6201	Airports, police, fire, ambulance, waste collection, sweage.	Should we proceed with this development we would also help to facilitate a number of significant local infrastructure upgrades. Which of the following do you think is most important?	
F6210	Off road cycle routes into Bedford + surrounding villages	Should we proceed with this development we would also help to facilitate a number of significant local infrastructure upgrades. Which of the following do you think is most important?	
F6219	Broadband fibre improve connectivity speed	Should we proceed with this development we would also help to facilitate a number of significant local infrastructure upgrades. Which of the following do you think is most important?	
F6225	Unsure the infrastructure will be there - been let down before	Would you support a potential park and resort coming to this site? Please explain why.	
F6145	I think it would be nice to see Bedford town centre improved, and invested in as it is declining and I think an investment would improve the area.	Feedback form: Please share any other feedback you have at this stage. Please share any other feedback you have at this stage.	

4752	The United Kingdom requires a big theme park/entertainment project, with a big name. Currently we have no real theme parks to be excited about. This would also massively improve infrastructure in Roads, etc, and benefit the communities surrounding Universal Studios Great Britain.	Would you support a potential park and resort coming to this site? Please explain why.	
2744	There is NO infrastructure in the area	Would you support a potential park and resort coming to this site? Please explain why.	
3692	There is significant housing development with little thought on infrastructure, this will kick that further investment into higher priority. Also young people do not have many services	Would you support a potential park and resort coming to this site? Please explain why.	
2502	This area is all ready highly condensed with housing, the roads are congested already. You are trying to improve an area which was all small villages so the infrastructure is just not there to support such a plan.	Would you support a potential park and resort coming to this site? Please explain why.	
4464	to boost economy in the region, improve infrastructure	Would you support a potential park and resort coming to this site? Please explain why.	
4609	Employment, infrastructure improvements & protection of natural habitats. Would boost local business	Would you support a potential park and resort coming to this site? Please explain why.	
268	I'd be concerned on the Infrastructure improvements being sufficient, that the view from Ampthill Park would be compromised and that unwanted tourists would visit Ampthill at a cost to locals with tacky touristy shops being a blight on the high street. However, I am also positive about the provision of jobs and impact on opportunities for local people.	Would you support a potential park and resort coming to this site? Please explain why.	
5911	While I am very happy with Universal's approach to proactive messaging around local biodiversity, and what they plan to do to mitigate their own impacts, I have yet to see anything from our local MP's or in our newspapers. I have concerns around the infrastructure improvements and how they will have a direct impact on our local wildlife, with no plans to mitigate this.	Would you support a potential park and resort coming to this site? Please explain why.	
426	Bedford is not the right place for this to be situated. The disruption to the infrastructure, wildlife habitats, & communities will be massive, given Bedford Borough Councils awful reputation it could be catastrophic.	Would you support a potential park and resort coming to this site? Please explain why.	
5914	It will have a devastating effect on pot holed ridden roads and the natural environment, create more stress for wildlife locally. The local council needs to put funding into important issues like their hospital, fixing pot holes ridden roads and supporting the vulnerable in society. It's pathetic to ignore these points and instead waste tons of money on a financial gaining enterprise which will bring more negative outcomes than positive! The mayor of Bedford needs to grow up and face the real issues in the communities of Bedford instead of being a toddler and letting his greed take over..Wake up Tom!	Please explain why	
1917	Great to see plans to improve all local infrastructure	Should we proceed with this development we would also help to facilitate a number of significant local infrastructure upgrades. Which of the following do you think is most important?	
5374	infrastructures that support locals first are a must. Should always involve locals in any development.	Would you support a potential park and resort coming to this site? Please explain why.	
1216	I think you would need to improve them all, Universal parks are busy and there would be high demand	Should we proceed with this development we would also help to facilitate a number of significant local infrastructure upgrades. Which of the following do you think is most important?	
234	Bedford Town Centre and surrounding areas	Should we proceed with this development we would also help to facilitate a number of significant local infrastructure upgrades. Which of the following do you think is most important?	
426	Bedford is not the right place for this to be situated. The disruption to the infrastructure, wildlife habitats, & communities will be massive, given Bedford Borough Councils awful reputation it could be catastrophic.	Would you support a potential park and resort coming to this site? Please explain why.	
5890	I don't want a park to come to the area as the existing infrastructure cannot handle it. I also do not want the noise pollution ruining our town.	Please explain why	

5994	They are dependent on which way you choose to travel, I would have to look at the statistics and pick the majority group or if there are any known major issues with one fix them, you doesn't want to cut off access completely	Should we proceed with this development we would also help to facilitate a number of significant local infrastructure upgrades. Which of the following do you think is most important?	
LOCAL DISCOUNTS (92)			
ID	Comment	Survey question	Response
4893	Discounts on tickets for before residents	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	It is too early for UDX to determine its ticketing strategy for the ERC, however, at UDX's other resorts it offers a variety of ticket packages and options that benefit the local community such as annual passes, promotional offers and youth group tickets.
3817	Residents would appreciate some perks of possible :) thanks	Please share any other feedback you have at this stage.	
F6209	I am sure that local people would really appreciate a local residents' discount on admission price in recognition of the disruption caused during the construction phase	Please share any other feedback you have at this stage.	
4524	discounts to those living in Bedford area.	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
3065	An offer for reduced annual ticket for local residents	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
4548	It would create good job opportunities for local people and would hope that locals get a significant discount for being built in the area after we've purchased property. Worried about traffic increase causing delays and making our journeys to and from home longer than it needs to be	Would you support a potential park and resort coming to this site? Please explain why.	
877	Working in the construction industry myself I know it can be difficult to minimise all disruption but maybe Local incentives for when the park officially opens as a way to offset this.	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
5625	Local People living and working in the vicinity to the site could get complimentary and/or discounted tickets for putting up the work.	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
2992	creating accessing to the local people activities at a reduced rate to all Bedford and surrounding villages residents so they can directly benefit from it	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
1944	Free/subsidised entry for locals	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
157	Work will need to be done with the over subscribed local hospital/ considerations to medical centres within the resort for people in the area. I live between Luton airport and the site and considerations will need to be made to the level of traffic around Silsoe/ clophill on the A6 as this can be quite busy. Local discount for the resort would be amazing. Milton Keynes is already quite a thriving town with lots going on therefore links to Milton Keynes for tourists would be good	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
3507	This is part and parcel of something of this scale and is expected. I think offering incentives to locals such as complimentary tickets would ease this.	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
2514	It is very important that local people are able to use the facilities, walk in the area, without needing a day ticket etc.. else what do the local people gain from the theme park, except those who are in need of a job?	Would you support a potential park and resort coming to this site? Please explain why.	
1592	Possibly giving a season ticket would help soften the blow I'm sure. Other than that, I'm not sure	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
5672	Listen to experts people with common sense will understand there will be delays maybe in return give the local community early access before the rest of the world arrives?	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	

2524	Benefits for local residents such as annual pass availability	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
2727	Might be good to give locals a discounted exclusive opening day by way of compensation for the inconvenience	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
5841	Communication about what mitigations you would put in place to minimise disruption is key. The views of all residents should be sought - there are several persistent and vociferous groups who oppose the EWR because of their own interests - these shouldn't be allowed to dominate discussions. The popularity of the engagement events you have already held shows there is huge local excitement and enthusiasm for this. Perhaps an incentive such as free or subsidised bus and rail travel for local residents to the site would help.	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
3552	Having lived near a major UK theme park for the majority of my life, I understand that they offered complimentary annual passes to immediate neighbours from my time working there, as a way to apologise for noise pollution. Traffic could also be an issue for residents too, however, most peak times to this theme park were during school holidays (July-August) Public transport upgrades would be essential for easing traffic in this area, but with good investment, this should be achievable.	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
2029	I am not living there but to keep locals happy (and willing to come by and spend money there) - keep the roads as clean as possible (a hard task I am sure), plant a good amount trees (so many advantages with them anyways), free/discount for one day (like the Glastonbury festival)	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
6047	I think Alton towers did an incentive of free park visits for those nearby. This could be a big incentive or reduced ticket prices.	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
2048	Offer generous incentives/bonuses for local residents once the park is open or consider offering services/funding for relocation	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
262	Would love it if local people could get discounts/ passes to access universal at an affordable prices.	Please share any other feedback you have at this stage.	
287	Provision for locals to receive discounted rates	Please share any other feedback you have at this stage.	
312	I'd hope you'd have an incentive for cheap tickets or packages for residents of Bedford over outside areas	Please share any other feedback you have at this stage.	
2677	It would be easier to put up at the disruption knowing that we would get a discount on a season ticket once the disruption is finished	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
4902	It's important for us that this will be an affordable option for locals to take their families for a fun day out. Will residents get any concessions for admissions or season tickets considering the impact it may have on residents living in the area?	Please share any other feedback you have at this stage.	
4733	Residents within a ten mile radius should be offered free or reduced price tickets as a thank you and encouragement to be engaged with and support the park.	Please share any other feedback you have at this stage.	

427	<p>Nothing to add. I think that Universal have proven in other locations how the transport links matter. I love the monorail in Singapore and the Boat between the hotels and parks in Florida. Would love if we could get a local discount on park tickets or season passes and perhaps reduced or free parking in the evenings. Opening at 10am or later (like most of your parks do) would be good to avoid rush hour traffic increases. We would definitely visit City Walk and support restaurants. Would love City Walk to have a bowling alley, cinema, arcade, perhaps a skate park, outdoor play area or similar areas that young people in Bedford could visit for free too as not all local families could afford tickets. We would absolutely love a water park. The lazy river in Florida was my absolute favourite and whilst I appreciate we doesn't have the weather in the UK there are lots of places with indoor attractions (eg centre parcs) that show it can be done indoors too. Would love if a certain percentage of jobs could be ringfenced for local people or young people especially in the more unusual areas like tide maintenance/engineering/landscaping/HR/finance/and other behind the scenes work. Perhaps work with other local attractions to offer a multi pass/multi park ticket and perhaps opening day is for locals only? But yes very happy to support this and my kids will definitely want to work here. Their experience of Florida and Singapore was amazing and when I told my teenager about a site in Bedford he straight away said he wanted to dress up as a giant Minion and run around having photos with everyone! There is real excitement in the area about it and I cannot really see any negatives.</p>	Please share any other feedback you have at this stage.	
451	<p>Free lifetime entry tickets for local residents. Provide a discount for people who use a public transport to get into the park, make sure they understand the impact on the environment while taking a train. Make sure you build with recycled products. Create solar farm to power your offices. Build a carpark that is underground and multistory instead of flat surface.</p>	Please share any other feedback you have at this stage.	
577	<p>Other than job, what will be offered to the local community? Will we receive discounted tickets? Will local school be offered school trips? Will the new park have an impact on house prices? Will the cost of living go up in Bedford?</p>	Please share any other feedback you have at this stage.	
611	<p>I think that those that live in Bedford should get to visit the park first before all others. Bringing Universal to Bedford is a big deal to us Bedfordians and would love to have the opportunity to visit before lots of other do, or get a substantial discount to visit the park for living in the area.</p>	Please share any other feedback you have at this stage.	
613	<p>Please have Harry Potter areas :D Can locals have a discount :D If you need any IT employees, I'd be interested to see what's available if it comes around.</p>	Please share any other feedback you have at this stage.	
629	<p>Discounted tickets for locals</p>	Please share any other feedback you have at this stage.	
693	<p>I know it would be rather cheeky to ask, but it would be great that if people living locally could get discounted access to the theme park.</p>	Please share any other feedback you have at this stage.	
740	<p>Overall we support this project and really hope it goes ahead as soon as possible. Discounts to the park for Bedford residents would be lovely too!!</p>	Please share any other feedback you have at this stage.	
931	<p>I really hope this all goes ahead, can we get a discount on entry if we live locally?</p>	Please share any other feedback you have at this stage.	
1000	<p>Discounted tickets for local residents would be appreciated</p>	Please share any other feedback you have at this stage.	
1015	<p>I'm thrilled that universal has chosen our area. I am 100% behind this and hope the local residents get some discount to visit once opened</p>	Please share any other feedback you have at this stage.	
1124	<p>Locals who may be effected should be offered benefits such as free/discounted annual passes should a park be opened or some sort of similar incentive to a similar value</p>	Please share any other feedback you have at this stage.	

1441	Will local village residents be given discounted season tickets as a sweetener. Will there be volunteering opportunities for adults as well as young people's work experience? As someone nearly retired having something to do that helps others once a week is great for mental health and isolation issues. Structurally the UK is not known for its great weather having spent years taking youth groups on trips you will need a large part of the theme park to be under cover. The few sunny days we have are usually too hot the rest cold and damp wet kids is worse than wet dogs ! And rides don't always run in the rain. Another thought is to use local artist to decorate areas or display their work. I can see so much potential with this project my brain is going overdrive !	Please share any other feedback you have at this stage.	
1462	I think in the future, if for example the theme park goes ahead and is built, then working with not only the local community, but the wider community who put into communities themselves either through employment or volunteering roles is important. It will be great to see yourselves working with companies such as Blue Light Card and PerksAtWorks to provide benefits such as discounts or service days to the park to help promote those rewards for the people that provide so much to their communities such as emergency services employees.	Please share any other feedback you have at this stage.	
1647	Continuing your updates to Bedford residents & the British people would be much appreciated, a lot of us are eagerly anticipating this potential project & are hoping it comes to fruition, as we know the benefits will be massive to Bedford & the country. If you open this resort, doesn't stop advertising Florida holidays and especially park ticket & hotel discounts in the Universal Orlando Resort to your British guests, make sure both are advertised to the British public, like Disney does with their Paris resort and Florida resort. If doing that decreases the possibility of getting the go ahead from the government & your company, then only advertise the UK resort in that case.	Please share any other feedback you have at this stage.	
1761	Would local communities have discounted entry into the parks, also with regards to parking at the park would this be chargeable and would you be running local buses to the park for locals? As many are likely to go in the evening for the board walk or even the rides?	Please share any other feedback you have at this stage.	
541	This is amazing and exciting for the UK. I fully support this project and hope it goes ahead. Also for Park tickets, hotels etc maybe you could give a special rate to local residents and those visiting from London/south of the UK similar to the Florida residents discount you have for Orlando.	Please share any other feedback you have at this stage.	
4798	Would there be any discounts or offers to the local community/ neighbourhoods?	Please share any other feedback you have at this stage.	
4902	It's important for us that this will be an affordable option for locals to take their families for a fun day out. Will residents get any concessions for admissions or season tickets considering the impact it may have on residents living in the area?	Please share any other feedback you have at this stage.	
4603	A small reduction in entrance fees for local residents Employ local people first.	Please share any other feedback you have at this stage.	
4443	Really hope this goes ahead! And local residents will get perks (discounted annual passes etc)	Please share any other feedback you have at this stage.	
4404	And would local people get free or heavily discounted tickets? I think you would get support if you had a health centre onsite to treat anyone who needed it rather than relying on local NHS services.	Please share any other feedback you have at this stage.	
4376	I would like to request that the park consider deals for local residents visiting the park like they do at Disneyland Paris so that all the local residents can benefit, even those on a low income. Also, local residents really like the hotel and spa facilities at Centre Parcs and Wyboston lakes so it would be great to have more stuff like that nearby.	Please share any other feedback you have at this stage.	

4348	Discount entry for Bedfordian. Make sure, not rising daily life expenditures for locals.	Please share any other feedback you have at this stage.	
4283	Build this thing! Will I be able to get an annual pass?	Please share any other feedback you have at this stage.	
5349	Good road structure around the park Half price admittance to the park for local residents Green ecological building procedures protecting the countryside	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
4216	It would be good if locals could have a concession on entry prices, as having something like your park nearby would then make it easy for locals to keep re-visiting, but not if the cost was too much. Some places offer Bluelight deals for NHS /Emergency staff which is good. The cost of going anywhere has now gone up so much. If places made entrances etc cheaper at least more people would attend and return (and spend money inside) and the company would make money rather than people not visiting at all (there are many places I would like to go but don't because of this, and I am sure many other people feel the same). You would also gain more backing from people I am sure.	Please share any other feedback you have at this stage.	
4109	I have a new grandson who in 5-6 years I am sure would love access to such an amazing theme park. I wonder if discount would be available to people who live locally?	Please share any other feedback you have at this stage.	
3534	discounted tickets for local community	Please share any other feedback you have at this stage.	
3515	It would be amazing to offer local residents a discounted rate to the park in some way. Thank You.	Please share any other feedback you have at this stage.	
3329	Reduced entry price for locals	Please share any other feedback you have at this stage.	
3188	Really hope this happens and that local people get discounted passes like in Florida.	Please share any other feedback you have at this stage.	
384	doesn't let the weather put you off. Free passes for residents in Wootton, Stewartby and Wixams, would be nice. Rail link is crucial. Make sure sufficient accommodation is built on site.	Please share any other feedback you have at this stage.	
935	Looking at other resorts/theme parks around the uk - they offer incentives to those who surround the resort like Alton towers. They offer the villagers of Alton tickets annually for example. The villages you are going to be impacting should receive something of this nature. Many people move to villages for the quiet nature of them and the low number of through roads etc. This resort is taking away the feeling of a village and slapping those who live there in the face with a "city feel". They should be compensated somehow.	Please share any other feedback you have at this stage.	
1761	Would local communities have discounted entry into the parks, also with regards to parking at the park would this be chargeable and would you be running local buses to the park for locals? As many are likely to go in the evening for the board walk or even the rides?	Please share any other feedback you have at this stage.	
4612	Would you please engage with train companies so connections are expanded to towns such as Cambridge? Please consider giving advantage in jobs or discounts for the park to local residents.	Please share any other feedback you have at this stage.	
2371	Hopefully free tickets if and when the park opens to show appreciation to those affected	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
4370	Discounts for locals	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	

1535	I do not live local, so appreciate this would not affect me. However, disruption is something which is going to have to happen for the overall final project. Whether locals could be offered tickets at a reduced rate, free hotel stays? Just for the initial opening as a thank you for their patience when living nearby disruption. I believe Alton Towers offer free theme park tickets to their locals (granted, I don't believe there is the same amount of locals) as their country lanes receive a heavy amount of traffic daily.	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
4358	I do hope a consideration will be made for local residents to have offers for theme park entry and establishments within.	Please share any other feedback you have at this stage.	
2004	I think the best way to mitigate local concerns (I live in Wixams) is to invest early in the A421 slip roads, Wixams station so people feel an early benefit and not be negatively impacted by construction traffic. It's probably also worth highlighting early any additional benefit to local people when the park is complete e.g. discounted entry/season tickets.	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
1865	It would be important to give preferential ticket prices to locals across Bedfordshire to make up for the disruption during construction and the additional traffic beyond the opening.	Please share any other feedback you have at this stage.	
2568	Offer local residents free passes each year.	Please share any other feedback you have at this stage.	
2569	I support the project but as a resident of wixams I would hope that we get free passes.	Please share any other feedback you have at this stage.	
2794	As mentioned, living in Stewartby, our village will be hugely affected (hopefully mainly positively) but would suggest a free family ticket to residents of Stewartby village.	Please share any other feedback you have at this stage.	
1530	Please protect any wildlife in the area , be mindful of the older community, employ locally and employ more parents on suitable hrs , subsidised memberships for people living within 10 miles when you open . Just be respectful in discussions that are made. Definitely would be a good move for the area.	Please share any other feedback you have at this stage	
3458	It would be great to have something in the uk like this, especially being near to the Harry Potter attraction in Watford so long as it's cost effective for families. Maybe local people could get reduced entry prices to compensate for the upheaval	Please share any other feedback you have at this stage.	
3397	We look forward to hear when you start and confirm your plans. We would appreciate that you keep us updated with regards to timelines and progress. We hope you give discounted tickets to the local residents, as we are going to be your brand ambassadors. We look forward to our journey together, as this will put us on the world map. Thank you for choosing us, we welcome you as our family to flourish together.	Please share any other feedback you have at this stage	
4478	Offer local communities free passes for when the park opens and I'm sure will keep majority happy	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
538	Offering some perks for local communities once the park is open and keeping everyone informed of the progress being made would help. We like to complain about disruptive roadworks because we frequently see empty sites (with nobody doing any work) causing traffic chaos. People will appreciate seeing progress even if its disruptive.	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
3090	Free tickets please.	Please share any other feedback you have at this stage.	
2853	Would there be first aid facilities at the park as local GPs are overwhelmed and hospital A&E is very busy. Would there be any concessions for local residents, students, elderly etc Access for disabled? Parking?	Please share any other feedback you have at this stage.	

3016	I think this would be expensive day out for family's (based on other universal Prices). I think people that will be affected by the disruption and work (3 mile radius) should be given a local resident discount as a majority of people that live in the area currently wouldn't be able to afford to visit.	Please share any other feedback you have at this stage	
2750	Please have different tiers of A/P for locals, and within x miles of the park.	Please share any other feedback you have at this stage	
5717	A station on the Marston Vale line would provide good connectivity to the site. Local communities should be given reduced admission prices.	Please share any other feedback you have at this stage.	
5482	I am worried about people parking in our village and walking to the park. It won't be far and as you are charging for parking I think it's something for you to consider. I also think you should give local residents a reduced rate on attending the park. Offer evening only tickets for people to go after work.	Please share any other feedback you have at this stage.	
5613	I believe local residents e.g within 5 miles should get free tickets/discounted annual passes to the park	Please share any other feedback you have at this stage.	
5085	Interested in benefits when the park is open. As we live so close would be get discounted tickets, annual passes etc.	Please share any other feedback you have at this stage.	
5883	Incentives eg cheap tickets for people in Bedfordshire. Be fully open and communicate well	Please share any other feedback you have at this stage.	
5859	Making good value season tickets for local residents. Trying to employ local people where possible.	Please share any other feedback you have at this stage.	
5689	I think to increase local support for the initiative, discounted or local rates for the park would help to minimise any concerns, coupled with guarantees for boosting local employment. If things such as food / services were sourced locally as well this would be a major plus point for the proposal.	Please share any other feedback you have at this stage.	
5489	Something new and for local residents short walk away for something to do at last minute, ideally with a discounted entry ticket for being local.	Please explain why	
2547	I have been to the information day today and feel very reassured by what I have seen. I was concerned about traffic but I have seen that you plan to create separate exits off the M1 and then have any queueing traffic within your own boundaries rather than on local roads. You seem to have properly considered public transport as well. I was concerned about noise but I understand that you create your lands so that the noise and light stay inside each land. The lady I spoke to asked about my own experience at Universal in Orlando. Could I hear Harry Potter noise from Jurassic World and my answer was no. I am also excited about the job and training opportunities for my children. I hope that there would be some financial incentives for local people to visit the park!	Would you support a potential park and resort coming to this site? Please explain why.	

356	<p>It was mentioned in a presentation on 16th that universal sees traffic flow opposite to people working etc so they don't see an impact. The reality is, the park would be in a major commuter belt as well as there being many logistics centres near by. The A421 and all major roads into and out of Bedford are already congested both ways (to and from Bedford) in mornings and evenings as there a many people communicating into and out of Bedford for work and schooling. I think you need to survey these routes to see the actual impact of traffic and adjust plans accordingly. Another concern is noise and light pollution. I have no doubt you will do the right thing but having experienced Orlando, I know the park will probably be open late and there is usually a closing light show. I'd assume you would like all resorts to give the same experience so please consider this impact on local residents especially given one of the selling points to you is that the land is flat so noise and light will travel further. Finally given the land is flat, please consider materials and colours used in taller buildings. Covanta ruined the landscape by building a recycling plant not far away and choosing a red chimney that stands out for miles. Other than jobs and charity work (as this won't be for everyone impacted), have you considered other incentives for local residents to use the facilities in quieter times (e.g. discounted entry, or F&B etc)?</p>	Please share any other feedback you have at this stage.

RESIDENT IMPACT (91)			
ID	Comment	Survey question	Response
4687	Effect to local residents	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	<p>UDX puts collaboration and community engagement at the core of any new experience it explores. It works to ensure that the significant benefits of its theme parks and resorts are reinvested into the local area and focuses on operating its theme parks effectively to minimise disruption. This includes:</p> <ul style="list-style-type: none"> • Wildlife and ecology - UDX plants thousands of trees and creates green, natural buffers around its Sites to both enhance biodiversity and shield local communities. • Water resources – there are a number of water bodies within the Site, including part of Kempston Hardwick Pit, Elstow Brook and a tributary watercourse that crosses the proposed location of the entertainment resort complex. The proposed development would include the design of sustainable drainage plans that control run off into water bodies and minimise flood risk. • Noise and light – UDX designs the different areas within its theme park using advanced technology that focuses all the sound and light effect inwardly. As a result, the noise and light emanating from each land – and the theme park as a whole – is minimised. <p>UDX is also committed to being part of the community and maintaining good dialogue and engagement throughout the construction period and operation of the ERC.</p>
3218	Impact on my monestry	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
2561	Just be considerate to the locals andxwildlife	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?	
4789	How this will affect our homes	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
4690	Build elsewhere away from villages. Plenty of places alongside M1 up North	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
1107	I was considering relocating to the area close to where the proposed theme park will be. This is putting me off.	Would you support a potential park and resort coming to this site? Please explain why.	
4491	Effect on local residents	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
2343	I used to live near Legoland in Berkshire. The local traffic was horrendous. The disruption to the local community in the summer months was bad too. Why do you have to choose a site so close to rural residential areas? It makes me sad that a place I have enjoyed living in for the last 14 years is going to be ruined even further by this development. We will probably leave once our children have left school/college and that feels like we are being forced out.	Would you support a potential park and resort coming to this site? Please explain why.	
F6149	The project would bring alotof footfall to Bedford, which is grear for the economy, but unfair for people like us who left busy Lndon for the greenery and calm of Bedford. It is unfair for local residents who invested in property in the quiet local area that may now be bombarded with toursits and noise pollution.	Feedback form: Please share any other feedback you have at this stage. Please share any other feedback you have at this stage.	
3943	Residential considerations	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
3840	Making sure that this does not impact the very close Wootton housing area	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	
1226	Not effecting the local communities adversely	What is the most important consideration for you when considering a potential theme park and resort project in Bedford?	

5501	Keep building areas away from Stewartby village. Entrance and exits to site kept near already used areas like industrial estates . Improve train links first to encourage workers to use that rather than cars causing parking issues or build car park first for workers to use well away from Stewartby village.	We appreciate that major construction can be disruptive or unsettling for local communities. We are already looking into how we would minimise any such disruption if we proceed with this project. Do you have any particular points that you would like to raise in this regard?
