

REFERENCE RELATING TO THE COMPLETED ACQUISITION BY LINDAB INTERNATIONAL AB OF HAS-VENT HOLDINGS LIMITED

Case closure summary

In its [Final Report](#) on the completed acquisition by Lindab International AB (**Lindab**) of HAS-Vent Holdings Limited (**HAS-Vent**) (the **Merger**), the CMA found that the Merger had resulted or may be expected to result in a substantial lessening of competition (**SLC**) in the supply of circular ducts and fittings in the local areas centred around Nottingham and Stoke-on-Trent (the **SLC Areas**). The CMA concluded that the divestment one of Lindab or HAS-Vent's sites in each of the SLC Areas (the **Divestment Sites**), to one or two suitable purchasers that fulfil the CMA's purchaser suitability criteria would remedy the SLC and resulting adverse effects effectively and proportionately (the **Remedy**).

On 23 December 2024, the CMA accepted [Final Undertakings](#) from Lindab, Lindab Limited and HAS-Vent to give effect to the Remedy. On 1 July 2025, Lindab and HAS-Vent completed the sale of the Divestment Sites to Ventilation Warehouse Group Limited. This brings the merger investigation to a close.
