1. Contract Register Request:

We can inform you that we do hold the information that you have requested. However, we rely on section 21, exemption where information is available to the applicant elsewhere.

The full text of the legislation can be found on the following link and we have quoted section 21 below for ease.

<https://www.legislation.gov.uk/ukpga/2000/36/section/21>

Section 21 - Information accessible to applicant by other means.

- (1) Information which is reasonably accessible to the applicant otherwise than under section 1 is exempt information.
- (2) For the purposes of subsection (1)—
 - (a) information may be reasonably accessible to the applicant even though it is accessible only on payment, and
 - (b) information is to be taken to be reasonably accessible to the applicant if it is information which the public authority or any other person is obliged by or under any enactment to communicate (otherwise than by making the information available for inspection) to members of the public on request, whether free of charge or on payment.
- (3) For the purposes of subsection (1), information which is held by a public authority and does not fall within subsection (2)(b) is not to be regarded as reasonably accessible to the applicant merely because the information is available from the public authority itself on request, unless the information is made available in accordance with the authority's publication scheme and any payment required is specified in, or determined in accordance with, the scheme.

Advice and Assistance

We have a duty to provide advice and assistance in accordance with Section 16 of the FOIA. Please see enclosed with this response Annex A which contains a list of the titles of all the contracts on Homes England's Contracts Register. There are 305 contracts listed. The remainder of the information contained within the requested headings are already publicly available on our gov.uk 'Contracts Finder' via the below

<https://www.contractsfinder.service.gov.uk/Search>

- **Contract Extensions**
- **Contact details of section 151 officer**

We can confirm that Homes England does not hold the information detailed in your request.

To conclude that the information is not held, we have searched with our Commercial team who would have the requested information if held.

The FOIA does not oblige a public authority to create information to answer a request if the requested information is not held. The duty under section 1(1) is only to provide the recorded information held.

The full text of section 1 in the legislation can be found here:

<https://www.legislation.gov.uk/ukpga/2000/36/section/1>

Advice and Assistance

We have a duty to provide advice and assistance in accordance with Section 16 of the FOIA. To comply with this duty we are able to confirm that we do not record on our contracts register whether or not there has been an extension. We do not hold details of a section 151 officer as this only applies to local authorities.

- **Contact Owner (Person that manages the contract register)**

We can inform you that we do hold the information that you have requested. However, we rely on Section 40 (2) of the FOIA to withhold the information from disclosure.

Section 40 – Personal information

We are withholding information on the grounds that it constitutes third party personal data and therefore engages section 40(2) of the FOIA.

To disclose personal data, such as names, contact details, addresses, email addresses and personal opinions could lead to the identification of third parties and would breach one or more of the data protection principles.

Homes
England

Date: 24 July 2024

Our Ref: RFI4817

Tel: 0300 1234 500

Email: infogov@homesengland.gov.uk

Section 40 is an absolute exemption which means that we do not need to consider the public interest in disclosure. Once it is established that the information is personal data of a third party and release would breach one or more of the data protection principles, then the exemption is engaged.

The full text in the legislation can be found on the following link:

<https://www.legislation.gov.uk/ukpga/2000/36/section/40>

Advice and Assistance

We have a duty to provide advice and assistance in accordance with Section 16 of the FOIA. To comply with this duty we are able to confirm that the responsible team is our Commercial procurement team and they can be contacted via our general enquiries team, enquiries@homesengland.gov.uk or 0300 1234 500.

2. Procurement Strategy Document Request:

- **Can the organisation provide a full version of their Procurement Strategy for the fiscal year 2024-2025?**

We can inform you that we do hold the information that you have requested. However, we rely on section 22, exemption where information is intended for future publication under the FOIA.

The full text of the legislation can be found on the following link and we have quoted section 22 below for ease.

<https://www.legislation.gov.uk/ukpga/2000/36/section/22>

Section 22 - Information intended for future publication.

(1) Information is exempt information if:

- (a) the information is held by the public authority with a view to its publication, by the authority or any other person, at some future date (whether determined or not),
- (b) the information was already held with a view to such publication at the time when the request for information was made, and
- (c) it is reasonable in all the circumstances that the information should be withheld from disclosure until the date referred to in paragraph (a).

Email: infogov@homesengland.gov.uk

(2) The duty to confirm or deny does not arise if, or to the extent that, compliance with section 1(1)(a) would involve the disclosure of any information (whether or not already recorded) which falls within subsection (1).

Section 22 is a qualified exemption. This means that in order to withhold information under this exemption, we must consider the public interest in disclosure.

Public Interest Test – Factors in favour of disclosure

- Homes England is compliant with the government agenda of transparency and recognises the benefit of publishing the information, particularly when it concerns how Homes England undertakes its work.

Public Interest Test – Factors in favour of non-disclosure

- The information will be publicly available via our gov.uk website. It is reasonable that a public authority does not divert resources where the information is readily available to the public. To disclose information via FOIA that will be available on our website would increase the likelihood of future requests being made under FOIA for similar publicly available information. This would divert resources away from requests for information that would not otherwise already be in the public domain. This would cause detriment to Homes England's ability to promptly deal with requests under FOIA.
- Releasing the information ahead of scheduled publication is not in line with accepted practices and releasing the information ahead of its scheduled publication date may allow third parties to gain an advantage in obtaining the information prior to general publication. As this information is due to be published soon, we consider there is a stronger interest in withholding this information until the intended publication date.

Therefore, after careful consideration we have concluded that at this time, the balance of the public interest favours the non-disclosure.

3. Contact Details Request:

We can inform you that we do hold the information that you have requested. However, we rely on Section 40 (2) of the FOIA to withhold the information from disclosure.

Section 40 – Personal information

We are withholding information on the grounds that it constitutes third party personal data and therefore engages section 40(2) of the FOIA.

To disclose personal data, such as names, contact details, addresses, email addresses and personal opinions could lead to the identification of third parties and would breach one or more of the data protection principles.

Section 40 is an absolute exemption which means that we do not need to consider the public interest in disclosure. Once it is established that the information is personal data of a third party and release would breach one or more of the data protection principles, then the exemption is engaged.
