### **Response**

We can confirm that we do hold some of the requested information and we will therefore address each of your questions in turn below. The information we hold is per post, as opposed to per post holder. This means that for some information provided below, the post could have been performed by different people within the same reporting period.

Please note, we have interpreted your request for information about 'senior staff' as members of our Senior Leadership Team and Executive Leadership Team. Additionally, we have interpreted the last four financial years to include the 2024-25 period. Please see below for the information held for 2021-22, 2022-23, 2023-24 and 2024-25.

**The total amount claimed by the most expensive individual claimant (job title only) in each of those years.**

Please see table below which sets out the individual with the highest expense claim for each financial year. However, we rely on Section 40 (2) of the FOIA to withhold some information from disclosure.

### Section 40 – Personal information

We are withholding some information on the grounds that it constitutes third party personal data and therefore engages section 40(2) of the FOIA.

To disclose personal data, such as job titles, could lead to the identification of third parties and would breach one or more of the data protection principles.

Section 40 is an absolute exemption which means that we do not need to consider the public interest in disclosure. Once it is established that the information is personal data of a third party and release would breach one or more of the data protection principles, then the exemption is engaged.
