

Cochran Ltd Ultranox Boiler Burner	
Aspect	Details
Images	 
PSD Number	2507-0072
Product Type	Pressure Equipment - Industrial Boiler Burner head
Product Identifiers	Brand: Ultranox
Product Description	Ultranox model range of gas fired industrial boiler heads.
Country of Origin	United Kingdom
Counterfeit	No
Risk Level	Fire
Risk Type	High
Risk Description	<p>A fire occurred on an example of the Ultranox burner head, highlighting a issue with the design of the burner seal, and giving rise to a risk of fire.</p> <p>The product did not satisfy the requirements of the Pressure Equipment (Safety) Regulations 2016.</p>
Corrective Measures	<p>The manufacturer has undertaken a review of the burner heads and undertaken a design upgrade. The following voluntary corrective action has also been taken:</p> <ol style="list-style-type: none"><li>1. All units currently in production or on-site awaiting final commissioning will be fully checked and tested before they are entered into service.</li><li>2. Checked the integrity of the head design and conducted combustion checks on all units already supplied and have determined that all of these are operating without issue. One unit is to have the combustion head replaced.</li></ol>
