GR 5.3. If the name of the applicant's course of study was changed by the Student sponsor, but the course content remained the same, or if an integral and assessed work placement or permitted study abroad programme was added, this will not prevent the applicant being able to meet the qualification requirement.

GR 5.4 The qualification must have been gained during the last grant of permission to study as a Student, or in the period of permission immediately before the applicant's last grant of permission, if the last grant of permission was to undertake a role as a Student Union Sabbatical Officer.

GR 6.2. Where distance learning took place overseas between 24 January 2020 and 30 June 2022, this will not prevent the applicant meeting the requirement to spend the relevant period at GR 6.1 studying in the UK if either:

the Care Quality Commission regulation requirement for these occupation codes does not apply.

SW 6.2. The sponsor must choose an appropriate SOC 2020 occupation code, and the decision maker must not have reasonable grounds to believe the sponsor has chosen a less appropriate SOC 2020 occupation code for any of the following reasons:

- (a) the most appropriate SOC 2020 occupation code is not eligible under the Skilled Worker route; or
- (b) the most appropriate SOC 2020 occupation code has a higher going rate than the proposed salary; or
- (c) the most appropriate SOC 2020 occupation code is not on the Immigration Salary List and the applicant is claiming points for a job on the Immigration Salary List; or

(d) the most appropriate SOC 2020 occupation code is not listed as “eligible for PhD points” in Table 1 of Appendix Skilled Occupations and the applicant is claiming points for an educational qualification.

SW 6.3. To support the assessment in SW 6.2., the decision maker may, in particular, consider:

- (a) whether the sponsor has shown a genuine need for the job as described; and

SW 9.4. SW 12.3. Granting the application must not mean the applicant's combined permission as a Skilled Worker, Graduate and/or Tier 2 Migrant would be more than 4 years in total, whether or not the permission is for a continuous period.

## Points option K

SW 13.1. The applicant must meet the going rate salary requirement for the SOC 2020 occupation code they are being sponsored for a job in (or, where relevant, the job within that SOC 2020 occupation code), as shown in Table 3, 3a, 4 or 5 of Appendix Skilled Occupations.

SW 13.3. Where SW 13.2. applies:

- (a) the sponsor must have confirmed that the applicant will stop being sponsored if they do not achieve full NMC registration within 8 months of the job start date (if the applicant was last granted permission to work in one of the SOC 2020 occupation codes in SW 13.2, or either of the SOC 2010 occupation codes "2231 Nurses" or "2232 Midwives", on the Skilled Worker route, the 8 months is counted from the start date of the job they were sponsored to do in their most recent permission); and
- (b) during the 8 months in (a), or until the applicant achieves NMC registration (if sooner), the applicant's salary must be at least equal to the appropriate Agenda for Change Band 3 rate, as stated in Table 4 of Appendix Skilled Occupations.

## Consideration of salary (all tradeable points options)

SW 14.1. Salary only includes guaranteed basic gross pay (before income tax and including employee pension and national insurance contributions) and other guaranteed payments which are treated exactly the same as basic gross pay for tax, pension and national insurance purposes.

SW 14.2. Salary does not include other pay and benefits, such as any of the following:

- (a) pay which cannot be guaranteed because the nature of the job means that hours fluctuate; or
- (b) additional pay such as shift, overtime or bonus pay, (whether or not it is guaranteed); or
- (c) employer pension and employer national insurance contributions; or
- (d) any allowances, such as accommodation or cost of living allowances; or
- (e) in-kind benefits, such as equity shares, health insurance, school or university fees, company cars or food; or
- (f) one-off payments, such as 'golden hellos'; or
- (g) any payments relating to immigration costs, such as the fee or Immigration Health Charge; or
- (h) payments to cover business expenses, including (but not limited to) travel to and from the applicant's country of residence, equipment, clothing, travel or subsistence.

SW 14.2A. Any money paid by the applicant to the sponsor (or a related organisation) will be considered as follows:

- (a) The following payments will be subtracted from salary, unless (c) applies:
  - (i) deductions from salary; or
  - (ii) repayments of loans; or
  - (iii) investments.

- (b) Any such subtractions will be averaged over the length of time the applicant is being sponsored for, for the purpose of salary considerations.
- (c) Money will not be deducted where the payment is not related to business costs, immigration costs or investment, but rather an additional benefit offer which the applicant has a genuine choice whether to take up, for example salary sacrifice arrangements.

SW 14.3. If the applicant is being sponsored to work more than 48 hours a week, subject to SW 14.3A, only the salary for the first 48 hours a week will be considered towards the salary thresholds referred to in the table following SW 4.4.

For example, an applicant who works 60 hours a week for £15 per hour will be considered to have a salary of £37,440 ( $£15 \times 48 \times 52$ ) per year and not £46,800 ( $£15 \times 60 \times 52$ ).

SW 14.3A. If the applicant is being sponsored to work a pattern where the regular hours are not the same each week, resulting in uneven pay:

- (a) work in excess of 48 hours in some weeks can be considered towards the salary thresholds, providing the average over a regular cycle (which can be less than, but not more than, 17 weeks) is not more than 48 hours a week; and
- (b) any unpaid rest weeks will count towards the average when considering whether the salary thresholds are met; and
- (c) any unpaid rest weeks will not count as absences from employment for the purpose of paragraph 9.30.1 in Part 9 of these rules.

For example, an applicant who works a pattern of 60 hours a week for £12 per hour for two weeks, followed by an unpaid rest week, will be considered to work 40 hours a week on average and have a salary of £24,960 ( $£12 \times 40 \times 52$ ) per year.

SW 14.4. Going rates will be pro-rated, to the applicant's working pattern, as follows:  
 (a) going rates for SOC 2020 occupation codes listed in Tables 1 to 2a of Appendix Skilled Occupations are based on a 37-hour week and will be pro-rated as follows:

(the going rate for the SOC 2020 occupation code stated in Tables 1 to 2a of Appendix Skilled Occupations)  $\times$  (the number of weekly working hours stated by the sponsor  $\div$  37)

- (b) where an applicant's salary is required to be 70%, 80% or 90% of the going rate, the resulting figure from the calculation in (a) will be multiplied by 0.7, 0.8 or 0.9 as appropriate, to calculate the required salary; and
- (c) going rates for the health and education SOC 2020 occupation codes listed in Tables 3 to 5 of Appendix Skilled Occupations will be pro-rated as stated in Appendix Skilled Occupations; and
- (d) the applicant's full weekly hours will be included when checking their salary against the going rate, even if they work more than 48 hours a week.

## Transitional arrangements for salary on the Skilled Worker route

SW 14.5. If the applicant is applying for permission to stay or settlement, the applicant was granted permission as a Tier 2 (General) Migrant and has had continuous permission as a Skilled Worker ever since, the following transitional arrangements apply:

- (a) if the date of application is before 1 December 2026 salary may also include allowances (the other restrictions in SW 14.20 also apply), providing the following conditions are met:
  - (i) the applicant is applying to work for the same sponsor as in their previous permission; and
  - (ii) the allowances are guaranteed, will be paid for the duration of the applicant's permission, and would be paid to a local settled worker in similar circumstances, such as London weighting; and
- (b) DELETED.
- (c) if the applicant:
  - (i) was sponsored to work in one of the SOC 2010 occupation codes in the table below at the time they applied for their last permission as a Tier 2 (General) Migrant; and
  - (ii) has continued to be sponsored in that SOC 2010 occupation code or an equivalent SOC 2020 occupation code ever since (whether as a Tier 2 (General) Migrant and/or as a Skilled Worker); and
  - (iii) the date of application is before 1 December 2026; the going rates in the table below apply, instead of the going rates listed in Table 2 of Appendix Skilled Occupations. These going rates are based on a 37.5-hour working week and must be pro-rated for other working patterns, based on the weekly working hours stated by the applicant's sponsor:

## Appendix Skilled Occupations

Eligible SOC 2020 occupation codes and going rates for Skilled Worker, Global Business Mobility and Scale-up routes

In this Appendix:

- “SW” refers to the Skilled Worker route
- “GBM” refers to the Global Business Mobility routes
- “GTR” refers to the Global Business Mobility - Graduate Trainee route
- “SCU” refers to the Scale-up route

### Table 1: Eligible SOC 2020 occupation codes and related going rates based on median Annual Survey of Hours and Earnings (ASHE) data

These SOC 2020 occupation codes are considered to be skilled to Regulated Qualifications Framework (RQF) level 6 or above, and are eligible for the Skilled Worker route.

Going rates in Table 1 are per year and based on a 37.5-hour working week. They must be pro-rated for other working patterns, based on the weekly working hours stated by the applicant’s sponsor. Options A to E refer to the points options set out in Appendix Skilled Worker.

The going rates and associated reductions which apply are whichever is the higher of:

- the rate shown by the median ASHE data for that occupation; or
- £17.13 per hour

For the avoidance of doubt, where £17.13 per hour calculates as more than 70%, 80% or 90% of the stated going rate, £17.13 will nevertheless be taken to be 70%, 80% or 90% of the going rate, as applicable.

Only the going rate column applies to Skilled Worker settlement applications; the columns setting out 70%, 80% and 90% of the going rate do not apply.

**Table 2: Eligible SOC 2020 occupation codes and related going rates based on 25th percentile Annual Survey of Hours and Earnings (ASHE) data**

These SOC 2020 occupation codes are considered to be skilled to Regulated Qualifications Framework (RQF) level 6 or above, and are eligible for the Skilled Worker, Global Business Mobility and Scale-up routes.

Going rates in Table 2 are per year and based on a 37.5-hour working week. They must be pro-rated for other working patterns, based on the weekly working hours stated by the applicant's sponsor. Options F to J refer to the points options set out in Appendix Skilled Worker.

The going rates and associated reductions which apply are whichever is the higher of:

- the rate shown by the 25th percentile ASHE data for that occupation; or
- £12.82 per hour

For the avoidance of doubt, where £12.82 per hour calculates as more than 70%, 80% or 90% of the stated going rate, £12.82 will nevertheless be taken to be 70%, 80% or 90% of the going rate, as applicable.

Only the going rate column applies to Skilled Worker settlement applications; the columns setting out 70%, 80% and 90% of the going rate do not apply.

Equivalent SOC 2010 occupation codes are included where they were previously eligible for the Skilled Worker route, for ease of matching to the relevant SOC 2020 occupation codes for applicants being sponsored to continue working in the same occupation.

**Table 3a: Additional health and education SOC 2020 occupation codes where going rates are based on national pay scales, for Skilled Worker applicants granted permission under the rules in place before 22 July 2025**

These SOC 2020 occupation codes are considered to be skilled to Regulated Qualifications Framework (RQF) level 3-5.

Except where option D, option I or the Temporary Shortage List in SW 6.1A applies, sponsors may **ONLY** sponsor Skilled Worker applicants in these SOC2020 occupation codes if the applicant was granted permission as a Skilled Worker under the rules in place before 22 July 2025, and they have had continuous permission as a Skilled Worker since then. In these circumstances, they are eligible under points option K in Appendix Skilled Worker.

These SOC 2020 occupation codes are not eligible for the Global Business Mobility or Scale-up routes.

Equivalent SOC 2010 occupation codes are included where they were previously eligible for the Skilled Worker route, for ease of matching to the relevant SOC 2020 occupation codes for applicants being sponsored to continue working in the same occupation.

SNR 3.2. A person applying for entry clearance as a Senior or Specialist Worker must, if Appendix Tuberculosis applies, provide a valid medical certificate confirming that they have undergone screening for active pulmonary tuberculosis and that this tuberculosis is not present in them.

## Points requirement for a Senior or Specialist Worker

SNR 4.1. The applicant must be awarded all 60 points in the table below:

| Points requirements               | Relevant rules       | Points |
|-----------------------------------|----------------------|--------|
| Sponsorship                       | SNR 5.1. to SNR 5.9. | 20     |

## Points for Sponsorship for a Senior or Specialist Worker

SNR 5.1. The applicant must have a valid certificate of sponsorship for the job they are planning to do, which to be valid must:

- (a) confirm the applicant's name, that they are being sponsored as a Senior or Specialist Worker, details of the job, salary and any allowances the sponsor is offering them (if applicable) and PAYE details if HM Revenue and Customs (HMRC) requires income tax and national insurance for the sponsored job to be paid via PAYE; and
- (b) include a start date for the job, stated by the sponsor, which is no more than 3 months after the date of application; and
- (c) not have been used in a previous application which was either granted or refused (but can have been used in a previous application which was rejected as invalid, made void or withdrawn); and
- (d) not have been withdrawn by the sponsor or cancelled by the Home Office; and
- (e) unless the applicant is applying as a high earner, confirm that the applicant has worked outside the UK for the sponsor group for the period required at SNR 5.7.(b); and
- (f) confirm whether the Academic Technology Approval Scheme (ATAS) requirement in Appendix ATAS applies.

SNR 5.2. The sponsor must be authorised by the Home Office to sponsor a Senior or Specialist Worker.

SNR 5.3. The sponsor must be listed as A-rated on the Home Office's register of licensed sponsors, unless the applicant was last granted permission as a Senior or Specialist Worker and is applying to continue working for the same sponsor as in their last permission.

SNR 5.4. The sponsor must have paid in full any required Immigration Skills Charge.

SNR 5.5. The decision maker must not have reasonable grounds to believe the job the applicant is being sponsored to do:

- (a) does not exist; or
- (b) is a sham; or
- (c) has been created mainly so the applicant can apply for entry clearance or permission to stay.

SNR 5.6. The decision maker must not have reasonable grounds to believe the job the applicant is being sponsored to do amounts to:

- (a) the hire of the applicant to a third party who is not the sponsor to fill a position with that party, whether temporary or permanent; or
- (b) contract work to undertake an ongoing routine role or to provide an ongoing routine service for a third party who is not the sponsor, regardless of the nature or length of any arrangement between the sponsor and the third party.

SNR 5.6A. The decision maker must not have reasonable grounds to believe the job the applicant is being sponsored to do does not comply with the National Minimum Wage Regulations or the Working Time Regulations.

SNR 5.7. An applicant as a Senior or Specialist Worker must:

- (a) be currently working for the sponsor group; and
- (b) unless they are applying as a high earner must have worked outside the UK for the sponsor group for a cumulative period of at least 12 months.

SNR 5.8. In SNR 5.7.(b) the 12 months' work outside the UK can have been accumulated over any period provided that:

- (a) the applicant was continuously working for the sponsor group, whether in or out of the UK, from the start of the 12 months to the date of application; and
- (b) any breaks in the continuous work in SNR 5.8.(a) were only for the following reasons:
  - (i) statutory maternity, paternity, parental, or shared parental leave; or
  - (ii) statutory adoption leave; or
  - (iii) sick leave; or
  - (iv) assisting with a national or international humanitarian or environmental crisis, with the agreement of the sponsor group; or
  - (v) taking part in legally organised industrial action; or
  - (vi) jury service; or
  - (vii) attending court as a witness.

SNR 5.9. If the requirements in SNR 5.1. to SNR 5.8. are met, the applicant will be awarded 20 points for sponsorship.

## **Points for job at appropriate skill level for a Senior or Specialist Worker**

SNR 6.1. The applicant must be sponsored for a job in a SOC 2020 occupation code listed in Table 2 or Table 3 of Appendix Skilled Occupations, unless the conditions at SNR 6.7. are met.

SNR 6.2. The sponsor must have chosen an appropriate SOC 2020 occupation code, and the decision maker must not have reasonable grounds to believe the sponsor has chosen a less appropriate SOC 2020 occupation code for any of the following reasons:

- (a) the most appropriate SOC 2020 occupation code is not eligible under the Global Business Mobility routes; or

(b) the most appropriate SOC 2020 occupation code has a higher going rate than the proposed salary.

SNR 6.3. To support the assessment in SNR 6.2., the decision maker may, in particular, consider:

- (a) whether the sponsor has shown a genuine need for the job as described; and
- (b) whether the applicant has the appropriate skills, qualifications and experience needed to do the job as described; and
- (c) the sponsor's history of compliance with the immigration system including, but not limited to, paying its sponsored workers appropriately; and
- (d) any additional information from the sponsor.

SNR 6.4. If the ATAS requirement in Appendix ATAS applies, the applicant must provide a valid ATAS certificate.

SNR 6.5. If the requirements in SNR 6.1. to SNR 6.4. are met, the applicant will be awarded 20 points for a job at the appropriate skill level, subject to SNR 6.6.

SNR 6.6. No points will be awarded for a job at the appropriate skill level if the applicant is not also being awarded 20 points for sponsorship under SNR 5.9.

### **Transitional arrangements for job at appropriate skill level for a Senior or Specialist Worker**

SNR 6.7. If the date of application is before 4 April 2030, the applicant was granted permission as a Senior or Specialist Worker under the Rules in place before 4 April 2024, and they have had continuous permission as a Senior or Specialist Worker since then (except that where paragraph 39E applies, that period of overstaying will be disregarded), they may be sponsored for a job in a SOC 2020 occupation code listed in Table 2b of Appendix Skilled Occupations.

SNR 6.8. The SOC 2020 occupation code referred to in SNR 6.7. are the following:

- (a) 3411 Artists; or
- (b) 3412 Authors, writers and translators; or
- (c) 3413 Actors, entertainers and presenters; or
- (d) 3414 Dancers and choreographers; or
- (e) 3422 Product, clothing and related designers.

### **Points for salary for a Senior or Specialist Worker**

SNR 7.1. The salary for the job for which the applicant is being sponsored must equal or exceed both:

- (a) the general salary requirement in SNR 8.1. and SNR 8.2. unless the conditions at SNR 8.3. are met; and
- (b) the going rate requirement in SNR 9.1. to SNR 9.3.

SNR 7.2. Salary under these requirements includes only:

- (a) guaranteed basic gross pay (before income tax and including employee pension and national insurance contributions); and

(b) allowances which are guaranteed to be paid for the duration of the applicant's employment in the UK (such as London weighting) or are paid as a mobility premium or to cover the additional cost of living in the UK.

SNR 7.3. Where allowances under SNR 7.2.(b) are solely for the purpose of accommodation they will only be taken into account up to a value of 30% of the total salary package

SNR 7.4. Salary does not include other pay and benefits, such as any of the following:

- (a) flexible working where the nature of the job means that hours fluctuate and pay cannot be guaranteed; or
- (b) additional pay such as shift, overtime or bonus pay, whether or not it is guaranteed; or
- (c) employer pension and national insurance contributions; or
- (d) any allowances, other than those specified in SNR 7.2.(b); or
- (e) in-kind benefits, such as equity shares, health insurance, school or university fees, company cars or food; or
- (f) one-off payments, such as 'golden hellos'; or
- (g) any payments relating to immigration costs, such as the fee or Immigration Health Charge; or
- (h) payments to cover business expenses, including (but not limited to) travel to and from the applicant's country of residence, equipment, clothing, travel or subsistence.

SNR 7.5. If the requirements in SNR 7.1. to SNR 7.4. are met, the applicant will be awarded 20 points for salary at the required level, subject to SNR 9.5.

SNR 7.6. No points will be awarded for salary if the applicant is not also being awarded 20 points for sponsorship under SNR 5.9.

## **General salary requirement for a Senior or Specialist Worker**

SNR 8.1. The general salary requirement is £52,500 per year, unless SNR 8.3 applies.

SNR 8.2. If the applicant is being sponsored to work more than 48 hours a week, subject to SNR 8.2A, only the salary for the first 48 hours a week will be considered towards the general salary requirement.

For example, an applicant who works 60 hours a week for £20 per hour will be considered to have a salary of £49,920 (£20 x 48 x 52) per year and not £62,400 (£20 x 60 x 52).

SNR 8.2A. If the applicant is being sponsored to work a pattern where the regular hours are not the same each week, resulting in uneven pay:

- (a) work in excess of 48 hours in some weeks can be considered towards the salary threshold of £52,500, providing the average over a regular cycle (which can be less than, but not more than, 17 weeks) is not more than 48 hours a week; and

- (b) any unpaid rest weeks will count towards the average when considering whether the salary thresholds are met; and
- (c) any unpaid rest weeks will not count as absences from employment for the purpose of paragraph 9.30.1 in Part 9 of these rules.

For example, an applicant who works a pattern of 60 hours a week for £20 per hour for two weeks, followed by an unpaid rest week, will be considered to work 40 hours a week on average and have a salary of just £41,600 (£20 x 40 x 52) per year.

## **Transitional general salary requirement for a Senior or Specialist Worker**

SNR 8.3. The applicant does not need to meet the general salary requirement if the applicant is applying for permission to stay and was previously granted permission as a Tier 2 (Intra-Company Transfer) Migrant under the rules in force before 6 April 2011, or as a Work Permit Holder and since then has continuously had permission as a Senior or Specialist Worker (including any period of overstaying disregarded under paragraph 39E of these rules).

## **Going rate requirement for a Senior or Specialist Worker**

SNR 9.1. If the applicant is being sponsored for a job in one of the SOC 2020 occupation codes listed in Table 2 or Table 2b of Appendix Skilled Occupations, the going rate requirement is 100% of the pro-rated going rate, which will be calculated as follows:

$1 \times (\text{the going rate for the SOC 2020 occupation code stated in Table 2 or Table 2b of Appendix Skilled Occupations}) \times (\text{the number of weekly working hours stated by the sponsor} \div 37.5).$

SNR 9.2. If the applicant is being sponsored for a job in one of the health or education SOC 2020 occupation codes listed in Table 3 of Appendix Skilled Occupations, the going rate requirement is 100% of the pro-rated going rate (and the going rate will be pro-rated according to the number of weekly working hours stated by the sponsor, and the pro-rating set out in Appendix Skilled Occupations).

SNR 9.3. The applicant's full weekly hours will be included when checking their salary against the going rate, even if they work more than 48 hours a week.

For example, an applicant who works 60 hours a week in a SOC 2020 occupation code with a going rate of £75,000 must be paid £120,000 ( $1 \times £75,000 \times 60 \div 37.5$ ) per year, not £96,000 ( $1 \times £75,000 \times 48 \div 37.5$ ).

## **Genuineness requirement for a Senior or Specialist Worker**

SNR 9A.1. The applicant must:

- (a) genuinely intend, and be able, to undertake the role for which they are being sponsored; and
- (b) not intend to undertake employment other than in the role for which they are being sponsored, or as otherwise permitted by SNR 13.1.

## Financial requirement for a Senior or Specialist Worker

SNR 10.1. If the applicant is applying for permission to stay and has been living in the UK with permission for 12 months or longer on the date of application, they will meet the financial requirement and do not need to show funds.

SNR 10.2. If the applicant is applying for entry clearance or has been living in the UK for less than 12 months on the date of application either:

- (a) the applicant must have funds of at least £1,270; or
- (b) the applicant's A-rated sponsor must confirm on the Certificate of Sponsorship that they will, if it is necessary, maintain and accommodate the applicant up to the end of the first month of their employment to an amount of at least £1,270.

SNR 10.3. If SNR 10.2.(a) applies, the applicant must show that they have held the required level of funds for a 28-day period and as set out in Appendix Finance.

## Maximum length of assignments requirement for a Senior or Specialist Worker

SNR 11.1. If the applicant is applying as a high earner, the grant of permission must not lead to the applicant being granted cumulative periods of permission on the Global Business Mobility routes and Intra-Company routes totalling more than 9 years in any 10-year period.

SNR 11.2. If the applicant is not applying as a high earner, the grant of permission must not lead to the applicant being granted cumulative periods of permission on the Global Business Mobility routes and Intra-Company routes totalling more than 5 years in any 6-year period.

SNR 11.3. When calculating the cumulative periods of permission referred to in SNR 11.1., SNR 11.2, and SNR 13.2. the following are included:

- (a) all previous periods of permission granted on the Global Business Mobility routes; and
- (b) all previous periods of permission granted on the Intra-Company routes; and
- (c) if the applicant does not currently hold permission in the Global Business Mobility routes, any permission they could be granted under the current application, beginning on the start date of the job stated on the Certificate of Sponsorship; and
- (d) if the applicant is applying for permission to stay and has, or last had, permission on the Global Business Mobility routes, any permission they could be granted under the current application, beginning on the date of decision; and
- (e) any period of permission on the Global Business Mobility routes and the Intra-Company routes extended under section 3C of the Immigration Act 1971.

## Transitional arrangements for maximum length of assignments as a Senior or Specialist Worker

SNR 11.4. SNR 11.1. to SNR 11.3. do not apply and there is no maximum period of permission if the applicant is applying for permission to stay and was previously granted permission as a Tier 2 (Intra-Company Transfer) Migrant under the rules in force before 6 April 2011, or as a Work Permit Holder and since then has continuously had permission as a Senior or Specialist Worker (including any period of overstaying disregarded under paragraph 39E).

## Decision on an application as a Senior or Specialist Worker

SNR 12.1. If the decision maker is satisfied that all the suitability and eligibility requirements for a Senior or Specialist Worker are met the application will be granted, otherwise the application will be refused.

SNR 12.2. If the application is refused the person can apply for an Administrative Review under Appendix AR: Administrative Review.

## Period and conditions of grant as a Senior or Specialist Worker

SNR 13.1. The grant will be subject to all the following conditions:

- (a) no access to public funds; and
- (b) only the following work is permitted:

  - (ii) if the applicant is applying for permission to stay and was previously granted permission on the Intra-Company routes under the rules in force before 11 April 2022 and since then has continuously had permission as a Senior or Specialist Worker (including any period of overstaying disregarded under paragraph 39E), supplementary employment is permitted; and
  - (iii) voluntary work is permitted; and

- (c) study is permitted, subject to the ATAS condition in Appendix ATAS.
- (d) DELETED

SNR 13.2. Subject to SNR 13.4., permission will be granted for a period which is the shortest of the following:

- (a) 5 years after the start date of the job detailed in the Certificate of Sponsorship; or
- (b) 14 days after the end date of the job detailed in the Certificate of Sponsorship; or
- (c) if the applicant is applying as a high earner, the date at which the applicant will have had cumulative permission on the Global Business Mobility routes and Intra-Company routes totalling 9 years in any 10-year period; or

(d) if the applicant is not applying as a high earner, the date at which the applicant will have had cumulative permission on the Global Business Mobility routes and Intra-Company routes totalling 5 years in any 6-year period.

SNR 13.3. If the applicant does not currently hold permission on the Global Business Mobility routes, any permission granted for the period between the date of decision and the start date of the job detailed in the Certificate of Sponsorship will be excluded from the cumulative permission for the purpose of determining the period of grant of permission under SNR 13.2. (but not from the cumulative period in SNR 11.3.).

### **Transitional arrangements for period of grant as a Senior or Specialist Worker**

SNR 13.4. If the conditions in SNR 13.5. are met, SNR 13.2. does not apply, and permission will be granted for a period which is the shortest of the following:

GTR 5.1. The applicant must have a valid certificate of sponsorship for the job they are planning to do, which to be valid must:

- (a) confirm the applicant's name, that they are being sponsored as a Graduate Trainee, details of the job, salary and any allowances the sponsor is offering them (if applicable) and PAYE details if HM Revenue and Customs (HMRC) requires income tax and national insurance for the sponsored job to be paid via PAYE; and
- (b) include a start date for the job, stated by the sponsor, which is no more than 3 months after the date of application; and

GTR 5.3. The sponsor must be listed as A-rated on the Home Office's register of licensed sponsors, unless the applicant was last granted permission as a Graduate Trainee and is applying to continue working for the same sponsor as in their last permission.

GTR 5.4. The decision maker must not have reasonable grounds to believe the job the applicant is being sponsored to do:

- (a) does not exist; or
- (b) is a sham; or
- (c) has been created mainly so the applicant can apply for entry clearance or permission to stay.

GTR 5.5. The decision maker must not have reasonable grounds to believe the job the applicant is being sponsored to do amounts to:

- (a) the hire of the applicant to a third party who is not the sponsor to fill a position with that party, whether temporary or permanent; or
- (b) contract work to undertake an ongoing routine role or to provide an ongoing routine service for a third party who is not the sponsor, regardless of the nature or length of any arrangement between the sponsor and the third party.

GTR 5.5A. The decision maker must not have reasonable grounds to believe the job the applicant is being sponsored to do does not comply with the National Minimum Wage Regulations or the Working Time Regulations.

GTR 5.6. An applicant as a Graduate Trainee must:

- (a) be currently working for the sponsor group; and
- (b) have worked outside the UK for the sponsor group for a continuous period of at least 3 months immediately before the date of application.

GTR 5.7. If the requirements in GTR 5.1. to GTR 5.6. are met, the applicant will be awarded 20 points for sponsorship.

## **Points for job at appropriate skill level for a Graduate Trainee**

GTR 6.1. The applicant must be sponsored for a job in a SOC 2020 occupation code listed in Table 2 or Table 3 of Appendix Skilled Occupations.

GTR 6.1A. If the date of application is before 4 April 2030, the applicant was granted permission as a Graduate Trainee under the Rules in place before 4 April 2024, and they have had continuous permission as a Graduate Trainee since then (except that where paragraph 39E applies, that period of overstaying will be disregarded), they may be sponsored for a job in a SOC 2020 occupation code listed in Table 2b of Appendix Skilled Occupations.

GTR 6.2. The sponsor must have chosen an appropriate SOC 2020 occupation code, and the decision maker must not have reasonable grounds to believe the sponsor has chosen a less appropriate SOC 2020 occupation code for any of the following reasons:

- (a) the most appropriate SOC 2020 occupation code is not eligible under the Global Business Mobility routes; or
- (b) the most appropriate SOC 2020 occupation code has a higher going rate than the proposed salary.

GTR 6.3. To support the assessment in GTR 6.2. the decision maker may, in particular, consider:

- (a) whether the sponsor has shown a genuine need for the job as described; and
- (b) whether the applicant has the appropriate skills, qualifications and experience needed to do the job as described; and
- (c) the sponsor's history of compliance with the immigration system including, but not limited to, paying its sponsored workers appropriately; and
- (d) any additional information from the sponsor.

GTR 6.4. The job must be part of a structured graduate training programme, with clearly defined progression towards a managerial or specialist role within the sponsor organisation.

GTR 6.5. If the ATAS requirement in Appendix ATAS applies, the applicant must provide a valid ATAS certificate.

GTR 6.6. If the requirements in GTR 6.1. to GTR 6.5. are met, the applicant will be awarded 20 points for a job at the appropriate skill level, subject to GTR 6.7.

GTR 6.7. No points will be awarded for a job at the appropriate skill level if the applicant is not also being awarded 20 points for sponsorship under GTR 5.7.

## Points for salary for a Graduate Trainee

GTR 7.1. The salary for the job for which the applicant is being sponsored must equal or exceed both:

- (a) the general salary requirement in GTR 8.1. and GTR 8.2.; and
- (b) the going rate requirement in GTR 9.1. to GTR 9.3.

GTR 7.2. Salary under these requirements includes only:

- (a) guaranteed basic gross pay (before income tax and including employee pension and national insurance contributions); and
- (b) allowances which are guaranteed to be paid for the duration of the applicant's employment in the UK (such as London weighting) or are paid as a mobility premium or to cover the additional cost of living in the UK.

GTR 7.3. Where allowances under GTR 7.2.(b) are solely for the purpose of accommodation they will only be taken into account up to a value of 40% of the total salary package.

GTR 7.4. Salary does not include other pay and benefits, such as any of the following:

- (a) flexible working where the nature of the job means that hours fluctuate and pay cannot be guaranteed; or
- (b) additional pay such as shift, overtime or bonus pay, whether or not it is guaranteed; or
- (c) employer pension and national insurance contributions; or
- (d) any allowances, other than those specified in GTR 7.2.(b); or

- (e) in-kind benefits, such as equity shares, health insurance, school or university fees, company cars or food; or
- (f) one-off payments, such as 'golden hellos'; or
- (g) any payments relating to immigration costs, such as the fee or Immigration Health Charge; or
- (h) payments to cover business expenses, including (but not limited to) travel to and from the applicant's country of residence, equipment, clothing, travel or subsistence.

GTR 7.5. If the requirements in GTR 7.1. to GTR 7.4. are met, the applicant will be awarded 20 points for salary at the required level, subject to GTR 7.6.

GTR 7.6. No points will be awarded for salary if the applicant is not also being awarded 20 points for sponsorship under GTR 5.7.

## General salary requirement for a Graduate Trainee

GTR 8.1. The general salary requirement is £27,300 per year.

GTR 8.2. If the applicant is being sponsored to work more than 48 hours a week, subject to GTR 8.3, only the salary for the first 48 hours a week will be considered towards the general salary requirement.

For example, an applicant who works 60 hours a week for £8 per hour will be considered to have a salary of £19,968 ( $£8 \times 48 \times 52$ ) per year and not £24,960 ( $£8 \times 60 \times 52$ ).

GTR 8.3. If the applicant is being sponsored to work a pattern where the regular hours are not the same each week, resulting in uneven pay:

- (a) work in excess of 48 hours in some weeks can be considered towards the salary threshold of £27,300, providing the average over a regular cycle (which can be less than, but not more than, 17 weeks) is not more than 48 hours a week; and
- (b) any unpaid rest weeks will count towards the average when considering whether the salary thresholds are met; and
- (c) any unpaid rest weeks will not count as absences from employment for the purpose of paragraph 9.30.1 in Part 9 of these rules.

For example, an applicant who works a pattern of 45 hours a week for £15 per hour for two weeks, followed by an unpaid rest week, will be considered to work 30 hours a week on average and have a salary of just £23,400 ( $£15 \times 30 \times 52$ ) per year.

## Going rate requirement for a Graduate Trainee

GTR 9.1. If the applicant is being sponsored for a job in one of the SOC 2020 occupation codes listed in Table 2 or Table 2b of Appendix Skilled Occupations, the going rate requirement is 70% of the pro-rated going rate, which will be calculated as follows:

$0.7 \times (\text{the going rate for the occupation code stated in Table 2 or Table 2b of Appendix Skilled Occupations}) \times (\text{the number of weekly working hours stated by the sponsor} \div 37.5)$ .

GTR 9.2. If the applicant is being sponsored for a job in one of the health or education SOC 2020 occupation codes listed in Table 3 of Appendix Skilled Occupations, the going rate requirement is 100% of the pro-rated going rate (and the going rate will be pro-rated according to the number of weekly working hours stated by the sponsor, and the pro-rating set out in Appendix Skilled Occupations).

GTR 9.3. The applicant's full weekly hours will be included when checking their salary against the going rate, even if they work more than 48 hours a week.

For example, an applicant who works 60 hours a week in a SOC 2020 occupation code with a going rate of £37,500 must be paid £42,000 ( $0.7 \times £37,500 \times 60 \div 37.5$ ) per year, not £33,600 ( $0.7 \times £37,500 \times 48 \div 37.5$ ).

## **Genuineness requirement for a Graduate Trainee**

GTR 9A.1. The applicant must:

GTR 10.2. If the applicant is applying for entry clearance or has been living in the UK for less than 12 months on the date of application either:

- (a) the applicant must have funds of at least £1,270; or
- (b) the applicant's A-rated sponsor must confirm on the Certificate of Sponsorship that they will, if it is necessary, maintain and accommodate the applicant up to the end of the first month of their employment to an amount of at least £1,270.

GTR 10.3. If GTR 10.2.(a) applies, the applicant must show that they have held the required level of funds for a 28-day period and as set out in Appendix Finance.

## **Maximum length of assignments requirement for a Graduate Trainee**

GTR 11.1. The grant of permission must not lead to the applicant being granted cumulative periods of permission on the Global Business Mobility routes and Intra-Company routes totalling more than 5 years in any 6-year period.

GTR 11.2. When calculating the cumulative periods of permission referred to in GTR 11.1. and GTR 13.2.(c), the decision maker will include the following:

- (a) all previous permission on the Global Business Mobility routes; and
- (b) all previous permission on the Intra-Company routes; and

If the applicant does not currently hold permission on the Global Business Mobility routes, any permission granted for the period between the date of decision and the start date of the job detailed in the Certificate of Sponsorship will be excluded from the cumulative permission for the purpose of determining the period of grant of permission under GTR 13.2. - (b) the applicant holds the role of authorising officer on the sponsor's licence and the sponsor has a provisional rating on the Home Office's register of licenced sponsors.

UKX 5.4. The decision maker must not have reasonable grounds to believe the job the applicant is being sponsored to do:

- (a) does not exist; or
- (b) is a sham; or
- (c) has been created mainly so the applicant can apply for entry clearance or permission to stay.

UKX 5.5. The sponsor must choose an appropriate a SOC 2020 occupation code, and the decision maker must not have reasonable grounds to believe the job the applicant is being sponsored to do amounts to:

- (a) the hire of the applicant to a third party who is not the sponsor to fill a position with that party, whether temporary or permanent; or

## **Points for job at appropriate skill level for a UK Expansion Worker**

UKX 6.1. The applicant must be sponsored for a job in a SOC 2020 occupation code listed in Table 2 or Table 3 of Appendix Skilled Occupations.

UKX 6.1A. If the date of application is before 4 April 2030, the applicant was granted permission as a UK Expansion Worker under the rules in place before 4 April 2024, and they have had continuous permission as a UK Expansion Worker since then (except that where paragraph 39E applies, that period of overstaying will be disregarded), they may be sponsored for a job in a SOC 2020 occupation code listed in Table 2b of Appendix Skilled Occupations.

UKX 6.2. The decision maker must not have reasonable grounds to believe the sponsor has chosen a less appropriate SOC 2020 occupation code for any of the following reasons:

- (a) the most appropriate SOC 2020 occupation code is not eligible under the Global Business Mobility routes; or
- (b) the most appropriate SOC 2020 occupation code has a higher going rate than the proposed salary.

UKX 6.3. To support the assessment in UKX 6.2, the decision maker may, in particular, consider:

- (a) whether the sponsor has shown a genuine need for the job as described; and
- (b) whether the applicant has the appropriate skills, qualifications and experience needed to do the job as described; and
- (c) the sponsor's history of compliance with the immigration system including, but not limited to, paying its sponsored workers appropriately; and
- (d) any additional information from the sponsor.

UKX 6.4. If the ATAS requirement in Appendix ATAS applies, the applicant must provide a valid ATAS certificate.

UKX 6.5. If the requirements in UKX 6.1. to UKX 6.4. are met, the applicant will be awarded 20 points for a job at the appropriate skill level, subject to UKX 6.6.

UKX 6.6. No points will be awarded for a job at the appropriate skill level if the applicant is not also being awarded 20 points for sponsorship under UKX 5.8.

## Points for salary for a UK Expansion Worker

UKX 7.1. The salary for the job for which the applicant is being sponsored must equal or exceed both:

- (a) the general salary requirement in UKX 8.1 and UKX 8.2; and
- (b) the going rate requirement in UKX 9.1. to UKX 9.3.

UKX 7.2. Salary under these requirements includes only:

- (a) guaranteed basic gross pay (before income tax and including employee pension and national insurance contributions); and
- (b) allowances which are guaranteed to be paid for the duration of the applicant's employment in the UK (such as London weighting) or are paid as a mobility premium or to cover the additional cost of living in the UK.

UKX 7.3. Where allowances under UKX 7.2.(b) are solely for the purpose of accommodation they will only be taken into account up to a value of 30% of the total salary package.

UKX 7.4. Salary does not include other pay and benefits, such as any of the following:

- (a) flexible working where the nature of the job means that hours fluctuate and pay cannot be guaranteed; or

- (b) additional pay such as shift, overtime or bonus pay, whether or not it is guaranteed; or
- (c) employer pension and national insurance contributions; or
- (d) any allowances, other than those specified in UKX 7.2.(b); or
- (e) in-kind benefits, such as equity shares, health insurance, school or university fees, company cars or food; or
- (f) one-off payments, such as 'golden hellos'; or
- (g) any payments relating to immigration costs, such as the fee or Immigration Health Charge; or
- (h) payments to cover business expenses, including (but not limited to) travel to and from the applicant's country of residence, equipment, clothing, travel or subsistence.

UKX 7.5. If the requirements in UKX 7.1. to UKX 7.4. are met, the applicant will be awarded 20 points for salary at the required level, subject to UKX 7.6.

UKX 7.6. No points will be awarded for salary if the applicant is not also being awarded 20 points for sponsorship under UKX 5.8.

## General salary requirement for a UK Expansion Worker

UKX 8.1. The general salary requirement is £52,500 per year.

UKX 8.2. If the applicant is being sponsored to work more than 48 hours a week, subject to UKX 8.3, only the salary for the first 48 hours a week will be considered towards the general salary requirement.

For example, an applicant who works 60 hours a week for £20 per hour will be considered to have a salary of £49,920 ( $£20 \times 48 \times 52$ ) per year and not £62,400 ( $£20 \times 60 \times 52$ ).

UKX 8.3. If the applicant is being sponsored to work a pattern where the regular hours are not the same each week, resulting in uneven pay:

- (a) work in excess of 48 hours in some weeks can be considered towards the salary threshold of £52,500, providing the average over a regular cycle (which can be less than, but not more than, 17 weeks) is not more than 48 hours a week; and
- (b) any unpaid rest weeks will count towards the average when considering whether the salary thresholds are met; and
- (c) any unpaid rest weeks will not count as absences from employment for the purpose of paragraph 9.30.1 in Part 9 of these rules.

For example, an applicant who works a pattern of 60 hours a week for £20 per hour for two weeks, followed by an unpaid rest week, will be considered to work 40 hours a week on average and have a salary of just £41,600 ( $£20 \times 40 \times 52$ ) per year.

## Going rate requirement for a UK Expansion Worker

UKX 9.1. UKX 9.1. If the applicant is being sponsored for a job in one of the SOC 2020 occupation codes listed in Table 2 or Table 2b of Appendix Skilled

Occupations, the going rate requirement is 100% of the pro-rated going rate, which will be calculated as follows:

$1 \times (\text{the going rate for the SOC 2020 occupation code stated in Table 2 or Table 2b of Appendix Skilled Occupations}) \times (\text{the number of weekly working hours stated by the sponsor} \div 37.5).$

UKX 9.2. If the applicant is being sponsored for a job in one of the health or education SOC 2020 occupation codes listed in Table 3 of Appendix Skilled Occupations, the going rate requirement is 100% of the pro-rated going rate (and the going rate will be pro-rated according to the number of weekly working hours stated by the sponsor, and the pro-rating set out in Appendix Skilled Occupations).

UKX 9.3. The applicant's full weekly hours will be included when checking their salary against the going rate, even if they work more than 48 hours a week.

For example, an applicant who works 60 hours a week in a SOC 2020 occupation code with a going rate of £75,000 must be paid £120,000 ( $1 \times £75,000 \times 60 \div 37.5$ ) per year, not £96,000 ( $1 \times £75,000 \times 48 \div 37.5$ ).

## **Genuineness requirement for a UK Expansion Worker**

UKX 9A.1. The applicant must:

- (a) genuinely intend, and be able, to undertake the role for which they are being sponsored; and
- (b) not intend to undertake employment other than in the role for which they are being sponsored, or as otherwise permitted by UKX 13.1.

UKX 10.2. If the applicant is applying for entry clearance or has been living in the UK for less than 12 months, the applicant must have funds of at least £1,270.

UKX 10.3. The applicant must show that they have held the level of funds required by UKX 10.2. for a 28-day period and as set out in Appendix Finance.

## **Maximum length of assignments requirement for a UK Expansion Worker**

UKX 11.1. The grant of permission must not lead to the applicant being granted cumulative periods of permission in the Global Business Mobility routes and Intra-Company routes totalling more than 5 years in any 6-year period.

UKX 11.2. When calculating the cumulative periods of permission referred to in UKX 11.1. and UKX 13.2.(d), the decision maker will include the following:

- (a) all previous periods of permission on the Global Business Mobility routes; and
- (b) all previous periods of permission on the Intra-Company routes; and
- (c) if the applicant does not currently hold permission on a Global Business Mobility route, any permission they could be granted under this application, beginning on the start date of the job stated on the Certificate of Sponsorship; and
- (d) if the applicant is applying for permission to stay and has or last had permission on the Global Business Mobility routes, any permission they could be granted under this application, beginning on the date of decision; and
- (e) any period of permission on the Global Business Mobility routes and the Intra-Company routes extended under section 3C of the Immigration Act 1971.

- (d) the date at which the applicant will have had cumulative permission in the Global Business Mobility routes totalling 5 years in any 6-year period.

UKX 13.3. If the applicant does not currently hold permission on the Global Business Mobility routes, any permission granted for the period between the date of decision and the start date of the job detailed in the Certificate of Sponsorship will be excluded from the cumulative permission for the purpose of determining the period of

## Appendix Global Talent

The Global Talent route is for people aged 18 or over in the field of science, engineering, humanities, social science, medicine, digital technology or arts and culture who can show they have exceptional talent or exceptional promise.

For most individuals there is a two-part application process. The first part is an application for endorsement (guidance on the relevant evidence and its format is set out from time to time by the Secretary of State on [gov.uk/global talent](https://gov.uk/global-talent)); the second part is an application for entry clearance or permission to stay.

A person can make the application for endorsement before making the application for permission, or they can make both applications at the same time.

Alternatively, a person who has been awarded a prestigious prize listed in Appendix Global Talent: Prestigious Prizes is considered as showing exceptional talent and is therefore not required to apply for an endorsement.

A dependent partner and dependent children can apply under this route.

Global Talent is a route to settlement.

## Sponsored Application

### Sponsorship requirement for Sponsored Application

SCU 5.1. The applicant must have a valid Certificate of Sponsorship for the job they are planning to do, which must:

- (a) confirm the applicant's name, that they are being sponsored as a Scale-up Worker, details of the job and salary the Sponsor is offering them and PAYE details; and

- (b) include a start date for the job, stated by the Sponsor, which is no more than 3 months after the date of application; and
- (c) confirm the applicant is expected to work for the Sponsor for at least the first 6 months of their permission; and
- (d) not have been used in a previous application which was either granted or refused (but can have been used in a previous application which was rejected as invalid, made void or withdrawn); and
- (e) not have been withdrawn by the Sponsor or cancelled by the Home Office; and
- (f) confirm whether or not the Academic Technology Approval Scheme (ATAS) requirement in Appendix ATAS applies.

SCU 5.2. The sponsor must be authorised by the Home Office to sponsor the job in question under the Scale-up route.

SCU 5.3. The Sponsor must be listed as A-rated on the Home Office's register of licensed sponsors.

SCU 5.4. The decision maker must not have reasonable grounds to believe the job the applicant is being sponsored to do:

- (a) does not exist; or
- (b) is a sham; or
- (c) has been created mainly so the applicant can apply for entry clearance or permission to stay.

SCU 5.5. The decision maker must not have reasonable grounds to believe the job the applicant is being sponsored to do amounts to:

- (a) the hire of the applicant to a third party who is not the Sponsor to fill a position with that party, whether temporary or permanent; or
- (b) contract work to undertake an ongoing routine role or to provide an ongoing routine service for a third party who is not the sponsor, regardless of the nature or length of any arrangement between the sponsor and the third party.

SCU 5.6. The decision maker must not have reasonable grounds to believe the job the applicant is being sponsored to do does not comply with the National Minimum Wage Regulations or the Working Time Regulations.

## **Job at an appropriate skill level requirement for Sponsored Application**

SCU 6.1. The applicant must be sponsored for a job in a SOC 2020 occupation code listed in Table 2 or Table 3 of Appendix Skilled Occupations.

SCU 6.2. The sponsor must have chosen an appropriate SOC 2020 occupation code, and the decision maker must not have reasonable grounds to believe the sponsor has chosen a less appropriate SOC 2020 occupation code for any of the following reasons:

- (a) the most appropriate SOC 2020 occupation code is not eligible under the Scale-up route; or

(b) the most appropriate SOC 2020 occupation code has a higher going rate than the proposed salary.

SCU 6.3. To support the assessment in SCU 6.2, the decision maker may, in particular, consider:

- (a) whether the Sponsor has shown a genuine need for the job as described; and
- (b) whether the applicant has the appropriate skills, qualifications and experience needed to do the job as described; and
- (c) the sponsor's history of compliance with the immigration system including, but not limited to, paying its sponsored workers appropriately; and
- (d) any additional information from the sponsor.

SCU 6.4. If the ATAS requirement in Appendix ATAS applies, the applicant must provide a valid ATAS certificate.

### **Appropriate salary requirement for Sponsored Application**

SCU 7.1. The salary for the job for which the applicant is being sponsored must equal or exceed all of the following:

- (a) £39,100 per year; and
- (b) the going rate for the SOC 2020 occupation code.
- (c) DELETED.

SCU 7.2. Salary only includes guaranteed basic gross pay (before income tax and including employee pension and national insurance contributions).

SCU 7.3. Salary does not include other pay and benefits, such as any of the following:

- (a) pay which cannot be guaranteed because the nature of the job means that hours fluctuate; or
- (b) additional pay such as shift, overtime or bonus pay, (whether or not it is guaranteed); or
- (c) employer pension and employer national insurance contributions; or
- (d) any allowances, such as accommodation or cost of living allowances; or
- (e) in-kind benefits, such as equity shares, health insurance, school or university fees, company cars or food; or
- (f) one-off payments, such as 'golden hellos'; or
- (g) any payments relating to immigration costs, such as the fee or Immigration Health Charge; or
- (h) payments to cover business expenses, including (but not limited to) travel to and from the applicant's country of residence, equipment, clothing, travel or subsistence.

SCU 7.4. If the applicant is being sponsored to work more than 48 hours a week, subject to SCU 7.4A, only the salary for the first 48 hours a week will be considered towards the salary requirements set out in SCU 7.1 (a).

For example, an applicant who works 60 hours a week for £15 per hour will be considered to have a salary of £37,440 ( $£15 \times 48 \times 52$ ) per year and not £46,800 ( $£15 \times 60 \times 52$ ).

SCU 7.4A. If the applicant is being sponsored to work a pattern where the regular hours are not the same each week, resulting in uneven pay:

- (a) work in excess of 48 hours in some weeks can be considered towards the salary threshold of £39,100, providing the average over a regular cycle (which can be less than, but not more than, 17 weeks) is not more than 48 hours a week; and
- (b) any unpaid rest weeks will count towards the average when considering whether the salary thresholds are met; and
- (c) any unpaid rest weeks will not count as absences from employment for the purpose of paragraph 9.30.1 in Part 9 of these rules.

For example, an applicant who works a pattern of 60 hours a week for £15 per hour for two weeks, followed by an unpaid rest week, will be considered to work 40 hours a week on average and have a salary of just £31,200 ( $£15 \times 40 \times 52$ ) per year.

SCU 7.5. Going rates in Table 2 of Appendix Skilled Occupations are based on a 37.5-hour week and will be pro-rated to the applicant's working pattern, as follows:

- (a) (the going rate for the SOC 2020 occupation code stated in Table 2 of Appendix Skilled Occupations)  $\times$  (the number of weekly working hours stated by the sponsor  $\div$  37.5)
- (b) the applicant's full weekly hours will be included when checking their salary against the going rate, even if they work more than 48 hours a week.

SCU 7.6. If the requirements in SCU 5.1. to SCU 7.5. are met, the applicant will be awarded 50 points for meeting the Sponsored Application requirements.

## Genuineness requirement for a Scale-Up Worker

SCU 7A.1. The applicant must genuinely intend, and be able, to undertake the role for which they are being sponsored.

## Un-sponsored Application

### UK earnings in most recent grant of permission as a Scale-up Worker requirement for Un-sponsored Application

The applicant must, during at least 50% of their most recent permission as a Scale-up Worker (for example, an applicant with 2 years' permission as a Scale-up Worker must have had this level of earnings during at least 12 months of that permission), have had monthly PAYE earnings in the UK equivalent to at least:

- (a) £39,100 per year; or
- (b) £36,300 per year if their most recent permission on the route was on the basis of a Certificate of Sponsorship assigned between 4 April 2024 and 21 July 2025; or

- (c) £34,600 per year if their most recent permission on the route was on the basis of a Certificate of Sponsorship assigned between 12 April 2023 and 3 April 2024; or
- (d) £33,000 per year if their most recent permission on the route was on the basis of a Certificate of Sponsorship assigned on or before 11 April 2023.

SCU 8.2. For the purpose of meeting the requirement in SCU 8.1, periods of absence from work for any of the following reasons will be treated as periods during which the applicant was paid at the required level:

- (a) statutory maternity, paternity, parental, or shared parental leave; or
- (b) statutory adoption leave; or
- (c) sick leave

Providing at the time the absence starts the applicant's job had PAYE earnings equivalent to at least:

- (i) £39,100 per year; or

- (a) earnings from self-employment; or
- (b) earnings from outside the UK; or
- (c) payments not recorded through PAYE; or
- (d) employer pension and employer national insurance contributions; or
- (e) income from savings, investments, property, inheritance, gambling or competitions.

SCU 8.5. The decision maker must not have reasonable grounds to believe the PAYE earnings, or any part of the PAYE earnings, the applicant is relying on have been fabricated or inflated or do not relate to genuine employment.

SCU 8.6. To support the assessment in SCU 8.5, the decision maker may in particular consider any of the following:

- (a) whether the business from which the earnings are claimed can be shown to exist and be lawfully and genuinely trading; and

- (b) any payments made by the applicant to other parties; and
- (c) any additional information.

SCU 8.7. If the requirements in SCU 8.1. to SCU 8.6. are met, the applicant will be awarded 50 points for meeting the Un-sponsored Application requirements.

Sponsors may issue Certificates of Sponsorship for performers to enter the UK to undertake post-production work only and provided that such post-production work solely relates to their own role in the film or TV production. For such Certificate of Sponsorship, neither the one month requirement nor prior notice to Equity procedure applies.</p> <p>The Sponsor must be able to supply documentary proof that the performer has worked on, or will be working on, the same production outside the UK for at least a month e.g. contracts, press cuttings, cast lists, etc.</p> <p>2. The performer has international status<br/>The sponsor must be able to provide proof the applicant is known internationally, or they have demonstrable international box-office appeal e.g. press cuttings, awards, accolades, publicity material, television/radio interviews, film and TV credits; or documentary proof that the performer has demonstrable international box-office appeal through international box office figures for films they have starred in or led as a principal performer.</p> <p>3. Highly specialist or unusual roles<br/>For certain highly specialist or unusual roles, it may not be possible or reasonable to recruit from the UK because the role requires specific or specialist attributes, including but not limited to: physical appearance; physical talent and linguistic or vocal skills. In such circumstances, where appropriate, Sponsors should first attempt to conduct searches in the UK as set out in category 3 to a reasonable degree. However, it is recognised that the extent of such searches within the UK shall be proportionate to the rarity and specialty of the attributes of the role. The Sponsor</p> |

## Appendix Ukraine Scheme

This Appendix sets out 2 routes for those affected by the conflict in Ukraine: the Homes for Ukraine Sponsorship Scheme for those applying from outside the UK and the Ukraine Permission Extension Scheme for those applying in the UK for further permission to stay for up to 18 months.

### Homes for Ukraine Sponsorship Scheme

A Ukrainian national who is outside the UK may qualify under the Homes for Ukraine Sponsorship Scheme if they have an Approved sponsor who will provide them with accommodation for at least 6 months.

A child who is not applying with, or intending to join, their parent or legal guardian in the UK must have an Approved sponsor who was approved for the child by a Local Authority before the application is made, and must have agreed to accommodate the child for at least 18 months or until the child is 18 years old (whichever is soonest), so long as the child is sponsored for at least 6 months.

Immediate family members of a Ukrainian national who are not themselves Ukrainian may also qualify under the Homes for Ukraine Sponsorship Scheme.

### Ukraine Permission Extension Scheme

A person in the UK may qualify under the Ukraine Permission Extension Scheme if they hold, or have previously held, permission under Appendix Ukraine Scheme (which, for the purposes of this Appendix, includes the now closed Ukraine Family Scheme and Ukraine Extension Scheme).

Children born in the UK to Ukrainian nationals who have permission under Appendix Ukraine Scheme are eligible to apply under the Ukraine Permission Extension Scheme.

The Ukraine Family Scheme (which was available to eligible Ukrainian nationals with an eligible UK based family member sponsor) closed to new applications at 1500GMT on 19 February 2024.

The Ukraine Extension Scheme (which was available to eligible Ukrainian nationals or their close family members) closed to most new applications on 16 May 2024. It remained open to children born in the UK to parents who had permission under any of the Ukraine Schemes. The scheme closed in its entirety at 0900GMT on 4 February 2025.

The Ukraine Schemes (including the now closed Ukraine Family Scheme and Ukraine Extension Scheme) are not a route to settlement.

## Appendix Temporary Permission to Stay for Victims of Human Trafficking or Slavery

This route is to provide for temporary permission to stay for victims of human trafficking or slavery and their children.

The applicant must be in the UK.

A confirmed victim as classified in VTS 1.1 (a), who has not been considered for permission to stay under this route, need not apply under this route, as for those in scope permission to stay will be automatically considered following a positive Conclusive Grounds decision. A confirmed victim who has been considered previously for permission to stay under this route or the Discretionary Leave for victims of Modern Slavery policy and has been refused permission to stay cannot apply or re-apply under this route.

Individuals who already have permission to stay as a victim of human trafficking or slavery, or as their child dependents, or who have been granted Modern Slavery Discretionary Leave as a victim of human trafficking or slavery, or as their child dependents can apply to extend their permission under this route.

The suitability and eligibility requirements set out at VTS 2.1 and 3.1-3.4 below will apply both to first time applicants under this route and those applying to extend an existing grant of permission to stay under this route or a grant of Modern Slavery discretionary leave that has not expired.

This route is not a route to settlement.

## Validity requirements for temporary permission to stay as a victim of Human Trafficking or Slavery

VTS 1.1. An applicant for an extension of temporary permission to stay as a victim of Human Trafficking or Slavery must meet the following validity requirements:

- (a) the applicant must have been served with a positive conclusive grounds decision (as defined by Section 69 (1) of the Nationality and Borders Act 2022); and
- (b) the applicant must have permission to stay as a victim of Human Trafficking or Slavery, or as a child of a victim of Human Trafficking or Slavery; and
- (c) the applicant must apply on the specified form on the gov.uk website: FLR (HRO); and
- (d) any required fee must have been paid; and
- (e) the applicant must be in the UK on the date of application.

VTs 1.2. A person is not required to apply as a victim of Human Trafficking or Slavery but references to “applicant” are to a person who is being considered under this route or who has applied to extend their existing permission to stay as a confirmed victim of Human Trafficking or Slavery, or to extend their existing grant of Modern Slavery Discretionary Leave.

VTs 1.3. Where no application is made because VTs 1.2 applies references to ‘date of application’ are to the date of the conclusive grounds decision, but if the person is applying to extend their permission to stay under this route, the date of application is the date on which they apply to extend their permission to stay under this route.

## Suitability requirements for temporary permission to stay as a victim of Human Trafficking or Slavery

VTs 2.1. The applicant must not fall for refusal as a threat to public order (as defined in Section 63 of the Nationality and Borders Act 2022), or as a person who has claimed to be a victim of Human Trafficking or Slavery in bad faith (as per Section 63 of the Nationality and Borders Act 2022).

- (b) enabling the person to seek compensation in respect of the relevant exploitation, or
- (c) enabling the person to co-operate with a public authority in connection with an investigation or criminal proceedings in respect of the relevant exploitation.

- (c) “seeking compensation” means that the person must have made an application for compensation in respect of the relevant exploitation; and

(d) “an investigation or criminal proceedings” means an investigation by the public authorities or criminal proceedings within the UK which has been confirmed by the relevant public authority or by the Criminal Prosecution Service; and

(a) if the Secretary of State considers that the applicant's need for assistance is capable of being met in a country or territory of which they are a national or citizen; or one to which they may be removed in accordance with an agreement between that country or territory and the UK (which may be, but does not need to be, an agreement contemplated by Article 40(2) of the Trafficking Convention).

# Immigration Rules

## Appendix Adoption

The adoption routes are for a child under the age of 18 to apply to come to the UK either to be adopted or having been adopted overseas.

If a child is granted temporary permission under Appendix Adoption, they would need to apply for settlement under paragraph 298 in Part 8; or for settlement on the route their adoptive parent is on.

Where an adoption has taken place in a country where the adoption is recognised under UK law and the adoptive parent(s) were resident in that country at the time of the adoption, the adopted child may make an application as a dependent child on the same route as their parent(s).

There are four adoption routes:

**Hague Convention:** this route applies where the adoption is via an adoption agency under the Hague Convention on Protection of Children and Co-operation in Respect of Intercountry Adoption. Most Hague Convention adoptions will be completed overseas, however for some countries the adoption is completed in the UK and the child must apply for entry clearance to come to the UK for the adoption to be completed.

**Recognised Overseas Adoptions:** this route allows a child to apply for entry clearance to come to the UK where they have been adopted overseas in a country where the adoption is recognised under UK law, or where the adoption has been recognised by order of the High Court in the UK.

**De facto Adoption:** this route is for a child to apply for entry clearance where the child has been living with their adoptive parent(s) overseas for at least 12 months and there has been a genuine transfer of parental responsibility.

**Coming to the UK for adoption:** this route is for a child to apply for entry clearance where they are in a country whose adoptions are not recognised in the UK and the child is coming to the UK to be adopted under UK law. Where applicable the relevant UK authority must have issued the adopters with a certificate of eligibility to adopt.

Adoption is a route to settlement.
