

Modified vehicle statement

V627/3

This form must be used when notifying DVLA of a structural modification, such as cutting into a vehicle's chassis (in the case of a vehicle with a separate chassis), monocoque bodyshell (in the case of a monocoque vehicle) or frame (for motorcycles) and changing a vehicle's appearance or dimensions from its original manufacturer's specification. For more information on structural modification, see **INF318**.

Section A – Modified vehicle

Please confirm if you have completed any of the below modifications (put **X** against all that apply).

- ☒ Lengthening, shortening, or widening of a vehicle's chassis, monocoque bodyshell or frame (for motorcycles), for example, to accommodate a different shape or style of bodyshell or resemble a different type of vehicle
- ☒ Cutting one or more roof pillars and lengthening or shortening them
- ☒ Removing the roof
- ☒ Removing an integrated roll cage, for example, which was incorporated into the roof pillars as part of a vehicle's original specification
- ☒ Modifying the design of load-bearing sub-frames or support members
- ☒ Removing load-bearing sub-frames or support members
- ☒ Making any additional holes within 30cm from any suspension, steering, braking, or seatbelt mounting point
- ☒ Motorcycle to tricycle modification (without the use of a kit or plans)
- ☒ Converted to electric propulsion

Go to www.gov.uk/transport/vehicle-manufacturing-and-modification for more information.

If you have made a structural modification not included in the list above or have converted the vehicle to electric propulsion, provide full details of any modifications that have been done to the vehicle in the box below:

You can continue on a separate sheet if required.

Section B – Supporting documents

The following documents must be provided (put **X** against all that apply).

- ☒ The completed 'Modified vehicle statement' (V627/3)
- ☒ The current V5C registration certificate (log book) for the vehicle
- ☒ Supporting evidence from an owner's club (if required)
- ☒ An MOT obtained following completion of the modification (if the vehicle is over 40 years old) – it is recommended that all vehicles which have been structurally modified have an MOT for safety purposes
- ☒ A Motorcycle Single Vehicle Approval (MSVA) – for motorcycle to tricycle modification (where the tricycle attachment has been welded on)

Section C – Declaration

The details given above are believed to be correct to the best of my knowledge.
