Dear Accounting Officer

**This letter gives most departments and pension schemes, agencies and trading funds the Treasury's statutory directions for the format and content of their resource accounts (as part of annual report and accounts), other accounts and trust statements for 2024-25. The accounts directions are annexed and the organisations to which they apply are listed in appendices.**

This DAO letter is effective immediately. Any reference to "the FReM" within this letter relates to the Government Financial Reporting Manual 2024-25.

### Contact

Please address enquiries to [resource.accounts@hmtreasury.gov.uk](mailto:resource.accounts@hmtreasury.gov.uk).

### Action

This DAO letter applies to those government departments and pension schemes, agencies and trading funds listed in the appendices to the relevant accounts directions. There are separate arrangements for remaining government departments and some agencies and trading funds, as described in the notes to the respective accounts directions.

Departments should aim to lay resource accounts and the accounts of agencies and trading funds by the administrative deadline of 30 June 2025 where possible, and no later than the parliamentary summer recess.

In any event, the accounts of agencies prepared under section 5 or 7 of the Government Resources and Accounts Act 2000 must be laid no later than the statutory deadline of 31 January 2026. Departments are reminded that the statutory deadline for submitting resource and other accounts to the Comptroller and Auditor General is 30 November 2025. The timetable for preparing resource accounts and for providing information to HM Treasury for the preparation of Whole of Government Accounts is set out in the concurrent Finance Directors letter of December 2024 (MS FD(2024)03).

## ANNEX A

### ACCOUNTS DIRECTION GIVEN BY THE TREASURY IN ACCORDANCE WITH SECTION 5(2) OF THE GOVERNMENT RESOURCES AND ACCOUNTS ACT 2000

1. This direction applies to those government departments and pension schemes listed in the attached appendix.
2. These departments and pension schemes shall prepare resource accounts for the year ended 31 March 2025 in compliance with the accounting principles and disclosure requirements of the edition of the Government Financial Reporting Manual issued by HM Treasury ("the FReM") 2024-25.
3. If the Treasury has made an order for the year under section 4A(3) and (4) of the Government Resources and Accounts Act 2000, a department must detail the same information for each body designated in the Order under its name. This means that the department must also detail in its accounts the resources acquired, held or disposed of during the year by each of its designated bodies, and each such body's use of resources during the year.
4. The Treasury made the following designation order for financial year 2024-25: The Government Resources and Accounts Act 2000 (Estimates and Accounts) Order 2024 (S.I 2024/295). The list of bodies designated in the Schedule to that Order are amended by the Government Resources and Accounts Act 2000 (Estimates and Accounts) (Amendment) Order 2024 SI (2024/1323). The amendments will designate additional bodies, change the names of some designated bodies, remove some bodies from designation and make changes for machinery of government purposes.
5. The accounts of Government departments, with the details outlined above (for itself and its designated bodies) shall be prepared so as to:
  - (a) give a true and fair view of the state of affairs as at 31 March 2025 and of the net resource outturn, the application of resources, changes in taxpayers' equity and cash flows for the financial year then ended;
  - (b) provide disclosure of any material expenditure or income that has not been applied to the purposes intended by Parliament or material transactions that have not conformed to the authorities which govern them.
6. The accounts for pension schemes shall be prepared so as to:
  - (a) give a true and fair view of the state of affairs at 31 March 2025 and of the net resource outturn, changes in taxpayers' equity and cash flows for the financial year then ended;
  - (b) provide disclosure of any material expenditure or income that has not been applied to the purposes intended by Parliament or material transactions that have not conformed to the authorities which govern them; and
  - (c) demonstrate that the contributions payable to the Scheme during the year have been paid in accordance with the Scheme rules and the recommendations of the Actuary.
7. Compliance with the requirements of the FReM will, in all but exceptional circumstances, be necessary for the accounts to give a true and fair view. If, in these exceptional circumstances, compliance with the requirements of the FReM is inconsistent with the requirement to give a true and fair view, the requirements of the FReM should be departed from only to the extent necessary to give a true and fair view. In such cases, informed and unbiased judgement should be used to devise an appropriate alternative treatment which should be consistent with both the economic characteristics of the circumstances concerned and the spirit of the FReM. Any material departure from the FReM should be discussed in the first instance with HM Treasury.
